CIRCULAR LETTER NO. 32.

CITY OF BOSTON,
MAYOR'S OFFICE, October 16, 1935.

To Heads of Departments.

A communication has been received at the Mayor's Office from the Boston University School of Law that under the Student F. E. R. A. program of that school for the coming year there will be a small surplus of applicants for this Federal assistance which will not be absorbed by the school itself and the Commonwealth.

The letter contains the further proposal that these students are available to do part-time work for the city, the Federal Government paying all salaries therefor.

In conformity with the above proposal, heads of departments contemplating an addition to their forces under the conditions stated are authorized to make the necessary arrangements therefor, utilizing the attached application form.

FREDERICK W. MANSFIELD, *Mayor.*

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 13 King street, Ward 9.
The building at 30 Willard place, Ward 9.

The building at 26 Arnold street, Ward 9.

The building at 28 Arnold street, Ward 9.

The building at 28 Willard place, Ward 9.

The building at 203 West Broadway, Ward 6.

The building at 195 West Broadway, Ward 6.

The building at 14 Ellsworth street, rear, Ward 11.

The building at 52 Coffey street, rear, Ward 16. The structure is unsafe and dangerous and a fire menace and should be removed. The owner, Margaret McShane of 265 Neponset avenue, Dorchester, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports, after investigation, that the owner is unable to pay for the razing of this building.

The building at 56 Coffey street, rear, Ward 16. The structure is unsafe and dangerous, a fire menace and should be removed. The owner, Margaret McShane of 265 Neponset avenue, Dorchester, has been notified of the unsafe

condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports, after investigation, that the owner is unable to pay for the razing of the building.

The building at 55 Arlington street, Ward 18, is open to trespass, rotted in portions so as to create an unsafe and dangerous condition. The owner, Charles Aronson of 90 West Main street, Westboro, Mass., has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 55 Arlington street, rear, Ward 18. The barn is rotted, open to trespass and unsafe and dangerous. The owner, Charles Aronson of 90 West Main street, Westboro, Mass., has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The premises at 29 Rochester street, Ward 3. Since receiving approval the mortgagee has foreclosed and sold the property to one Jan Hasbrouck of Northampton, but the deed has not been recorded. A notice of the unsafe condition of the building has been posted on the external wall of the building in the name of Jan Hasbrouck, but nothing has been done to remove the cause of complaint.

The building at 203 West Broadway, Ward 6. The building is in an unsafe and dangerous condition, dilapidated and a fire hazard. The owner, Harry W. Marcus of 397B West Broadway, South Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports, after investigation, that the owner is unable to pay for the razing of this building.

The building at 14 Ellsworth street, rear, off School street, Ward 11. The roof is badly sagged, building settled, sills rotted and in a dilapidated condition. The owner, Owen F. Clesby of 14 Ellsworth street, West Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. The owner is unable to pay for the razing of this building.

The building at 195 West Broadway, Ward 6, is in an unsafe and dangerous condition, dilapidated and a fire hazard. The owner, Emma F. Morse of 348 Walnut avenue, Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports, after investigation, that the owner is unable to pay for the razing of the building.

PROCEEDINGS OF CITY COUNCIL.

Monday, October 14, 1935.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair. Absent, Coun Fish.

JURORS DRAWN.

Jurors were drawn under the law, Coun. ROBERTS presiding at the box in the absence of the Mayor, as follows:

Ten traverse jurors, Superior Criminal Court, to appear October 16, 1935:

Walter E. Triders, Ward 2; Joseph A. Lynch, Ward 6; William A. McCullough, Ward 10; Laughlin Macdonald, Ward 11; James G. Murphy, Ward 15; John J. Higgins, Ward 16; Frederick C. Lotterhand, Ward 16; Robert S. Adie, Ward 20; William L. Patten, Ward 20; Simon Koopman, Ward 21.

Nine traverse jurors, Superior Criminal Court, to appear October 16, 1935:

Stephen Bowen, Ward 5; George B. Phillips, Ward 9; Thomas F. O'Connor, Ward 15; John Elliot, Ward 17; James A. McIntyre, Ward 17; John W. Mitchell, Ward 20; Simon C. Hyneman, Ward 21; John G. Stock, Ward 21; Harry E. Schroeder, Ward 22.

Nine traverse jurors, Superior Criminal Court, to appear October 16, 1935:

Michael J. Harkins, Ward 2; Frank T. Hatch, Ward 6; Eugene D. Knox, Ward 10; Albert A. Warner, Ward 12; Sydney S. Deutch, Ward 15; Arthur W. Allen, Ward 18; Herbert C. Hartwell, Ward 18; Richard J. Sullivan, Ward 20; Charles H. Weeber, Ward 20.

Fourteen traverse jurors, Superior Criminal Court, to appear October 21, 1935:

Daniel J. Coughlin, Ward 2; Robert Abrams, Ward 3; William W. Murray, Ward 4; John F. Murray, Ward 6; John E. Dolaher, Ward 8; David Franklin, Ward 9; Chester E. Berquist, Ward 11; Albion D. Larson, Ward 16; Fred R. Richardson, Ward 17; Griswold Tyng, Ward 19; Charles A. McGowan, Ward 20; Charles B. Tewksbury, Ward 20; William A. Kelly, Jr., Ward 22; George N. Meserve, Ward 22.

Fourteen traverse jurors, Superior Criminal Court, to appear October 21, 1935:

Charles E. Dwyer, Ward 2; Daniel A. Normide, Ward 2; Robert B. Crawford, Jr., Ward 3; George A. Crovo, Ward 3; Joseph A. Meena, Ward 3; John L. Muir, Ward 10; Edward J. Mulligan, Ward 16; Leslie E. Vincent, Ward 17; James Gibbs, Ward 18; Homer Kiessling, Ward 18; Charles J. Wild, Ward 19; John T. Corr, Ward 20; George H. Llessier, Ward 22; Franklin P. Hill, Jr., Ward 22.

APPOINTMENTS BY THE MAYOR.

The Mayor submitted appointments of Weighers of Goods, severally for the term ending April 30, 1936, viz.:

Arthur K. Kellaway, 16 Cherry street, Whitman, Mass.; Joseph H. Lyons, 531 Chapman street, Canton, Mass.; Anthony McDonough, 250 East Ninth street, South Boston; Harold J. Towle, 79 Woods avenue, Somerville, Mass.

Laid over for one week under the law.

DEPARTMENT TRANSFERS.

The following was received:

City of Boston,

Office of the Mayor, October 14, 1935.

To the City Council.

Gentlemen,—The attached requests for transfers within departmental appropriations have been examined and investigated by the Budget Commissioner. I accordingly recommend adoption of the accompanying orders by your Honorable Body.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Boston Traffic Commission:

From the appropriation for C-17, Miscellaneous Equipment, \$800, to the appropriation for E-13, Miscellaneous Materials, \$800.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Building Department:

From the appropriation for A-1, Permanent Employees, Inspectors, Building, 22 at \$2,200 to \$2,700 a year, \$435, to the appropriation for F-7, Pensions and Annuities, \$435.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for City Council:

From the appropriation for A-4, Other Departmental Work, \$300, to the appropriation for B-42, Miscellaneous Services, \$300.

From the appropriation for A-4, Other Departmental Work, \$79, to the appropriation for D-1, Office, \$79.

From the appropriation for B-1, Printing and Binding, \$15, to the appropriation for D-1, Office, \$15.

From the appropriation for B-3, Advertising and Posting, \$23.80, to the appropriation for D-1, Office, \$23.80.

From the appropriation for B-5, Express Charges, \$75, to the appropriation for D-1, Office, \$75.

From the appropriation for B-13, Communication, \$55.18, to the appropriation for D-1, Office, \$55.18.

From the appropriation for B-29, Stenographic and Copying, \$55.18, to the appropriation for D-1, Office, \$55.18.

From the appropriation for B-39, General Repairs, \$75, to the appropriation for D-1, Office, \$75.

From the appropriation for C-9, Office, \$50, to the appropriation for D-1, Office, \$50.

From the appropriation for C-10, Library, \$35, to the appropriation for D-1, Office, \$35.

From the appropriation for C-13, Tools and Instruments, \$10.34, to the appropriation for D-1, Office, \$10.34.

From the appropriation for C-17, Miscellaneous Equipment, \$125.83, to the appropriation for D-1, Office, \$125.83.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Finance Commission:

From the appropriation for B-39, General Repairs, \$7.50, to the appropriation for B-35, Fees, Services of Venires, etc., \$7.50.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Finance Commission:

From the appropriation for B-39, General Repairs, \$7.50, to the appropriation for B-35, Fees, Services of Venires, etc., \$7.50.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Hospital Department:

From the appropriation for A-4, Other Departmental Work, \$1,500, to the appropriation for C-16, Wearing Apparel, \$1,500.

From the appropriation for A-4, Other Departmental Work, \$3,500, to the appropriation for D-8, Laundry, Cleaning, Toilet, \$3,500.

From the appropriation for D-16, Miscellaneous Supplies, \$2,000, to the appropriation for D-8, Laundry, Cleaning, Toilet, \$2,000.

From the appropriation for D-16, Miscellaneous Supplies, \$150, to the appropriation for D-13, Chemicals and Disinfectants, \$150.

From the appropriation for D-5, Medical, Surgical, Laboratory, \$300, to the appropriation for D-13, Chemicals and Disinfectants, \$300.

From the appropriation for B-1, Printing and Binding, \$25, to the appropriation for B-22, Medical, \$25.

From the appropriation for E-9, Machinery, \$400, to the appropriation for E-13, Miscellaneous Materials, \$400.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Licensing Board:

From the appropriation for B-4, Transportation of Persons, \$10, to the appropriation for B-1, Printing and Binding, \$10.

From the appropriation for C-9, Office, \$50, to the appropriation for B-8, Light, Heat and Power, \$50.

From the appropriation for B-39, General Repairs, \$28, to the appropriation for B-10, Rent, Taxes and Water, \$28.

From the appropriation for C-9, Office, \$325, to the appropriation for B-35, Fees, Services of Venires, etc., \$325.

From the appropriation for D-2, Food and Ice, \$10, to the appropriation for D-8, Laundry, Cleaning, Toilet, \$10.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Bridge Service:

From the appropriation for B-39, General Repairs, \$5, to the appropriation for C-10, Library, \$5.

From the appropriation for B-39, General Repairs, \$14, to the appropriation for B-35, Fees, Services of Venires, etc., \$14.

From the appropriation for B-39, General Repairs, \$500, to the appropriation for E-13, Miscellaneous Materials, \$500.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Public Works Department, Bridge Service, A-2, Temporary Em-

ployees, \$2,000; B-39, General Repairs, \$4,000; E-1, Building, \$1,500, to the appropriation for Public Works Department, Ferry Service, B-39, General Repairs, \$7,500.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Ferry Service:

From the appropriation for E-1, Building, \$1,000, to the appropriation for A-2, Temporary Employees, \$1,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Sewer Service:

From the appropriation for C-2, Machinery, \$5,000, to the appropriation for B-18, Cleaning, \$5,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Registry of Deeds:

From the appropriation for A-1, Permanent Employees, Senior Clerks, 30 (31) at \$1,800 to \$2,200 a year, \$400; Clerks, 25 at \$1,600 to \$1,800 a year, \$800, to the appropriation for A-2, Temporary Employees, \$1,200.

From the appropriation for Copyists, 16, piece-work, \$10, to the appropriation for B-35, Fees, Services of Venires, etc., \$10.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Collecting Department, Water Division:

From the appropriation for A-1, Permanent Employees, Clerks, 8 (7) at \$1,600 a year, \$403.23, to the appropriation for A-1, Permanent Employees, Machine Equipment Repairman and Operator, 0 (1) at \$1,600 a year, \$403.23.

Referred to Executive Committee.

TRANSFER IN HOSPITAL APPROPRIATION.

The following was received:

City of Boston,

Office of the Mayor, October 14, 1935.

To the City Council.

Gentlemen,—I am in receipt of the attached request from the Superintendent of the City Hospital for a transfer of \$1,200 within special appropriations under the control of the Hospital Trustees. This transfer is necessary in order to meet a legitimate expense in connection with the work of improving and strengthening foundation walls now under way at the hospital. The original appropriation for this purpose merely provided for the contract cost of the work, but did not provide for the compensation of the architect in connection with the supervision of the contract work. I submit herewith an order providing for the transfer and respectfully recommend its adoption by your Honorable Body.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Hospital Department, October 1, 1935.

Hon. Frederick W. Mansfield,

Mayor of Boston.

Dear Mr. Mayor,—At a meeting of the Board of Trustees held on September 20, it was voted to request your permission to transfer \$1,200 from the money available in the appropriation for Kitchen Buildings, etc., to the appropriation for Foundation Improvements and Walls, etc., in order to meet the bill for the architect's commission for his supervision of the contract for demolishing of defective corridor walls in front of the Barnham and Thorndike Memorial Buildings and the replacement of the same with proper walls.

Very truly yours,

JAMES W. MANARY, M. D.,
Superintendent.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer from the appropriation for Kitchen Buildings, etc., \$1,200, to the appropriation for Foundation Improvements and Walls, etc., \$1,200.

Referred to Executive Committee.

APPROPRIATIONS FOR BUDGET, ELECTION AND PARK DEPARTMENTS.

The following was received:

City of Boston,

Office of the Mayor, October 14, 1935.

To the City Council.

Gentlemen,—I submit herewith three orders providing for the transfer of \$1,000 from the Reserve Fund to the following departments: Bridge, Electric and Park.

When the Board of Finance was organized by the City Council the provision was made for the transfer of the Reserve Fund to the Board of Finance.

the City Auditor was also acting in the capacity of Budget Commissioner, therefore making an appropriation unnecessary. Effective Friday, October 11, I appointed a Budget Commissioner and, consequently, it will be necessary to appropriate a sum sufficient to cover his salary for the balance of the year.

I am advised that \$1,000 is urgently required by the Election Department in order to purchase materials and supplies to be used on an E. R. A. project for the construction of voting booths.

In the Park Department I am informed by the chairman of the Park Commissioners \$7,180 will be required to complete the construction under an E. R. A. project of a field house at the George Wright golf course in Hyde Park. Footing has already been poured and the basement of the building is in readiness for the first-floor slabs. Money requested will be used for the purchase of steel, lumber, cement, sand, crushed stone and other necessary building items.

I respectfully recommend adoption by your Honorable Body of the accompanying orders.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer from the appropriation for Reserve Fund, \$1,444.45, to the appropriation for Budget Department, A-1, Permanent Employees, Commissioner, 1 at \$6,500 a year, \$1,444.45.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer from the appropriation for Reserve Fund, \$1,000, to the appropriation for Election Department, H, Emergency Relief Projects, \$1,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer from the appropriation for Reserve Fund, \$7,180, to the appropriation for Park Department, H, Emergency Relief Projects, \$7,180.

Referred to Executive Committee.

LOAN FOR WELFARE DEPARTMENT.

The following was received:

City of Boston,

Office of the Mayor, October 14, 1935.

To the City Council.

Gentlemen,—I have received from the Overseers of the Public Welfare the two communications which are herewith attached.

In the first communication a request is made that supplementary appropriations totaling \$1,299,800 be provided within the budget of the department. These appropriations are requested under eight items and are for the purpose of meeting deficits which it is anticipated will occur in the various items before the close of the current fiscal year.

In the second communication a summary is presented of actual expenditures of the years 1933 and 1934 together with the anticipated expenditures of the department for 1935. This last estimate includes the total of the proposed transfers. This communication shows that the estimated expenditures for the fiscal year of 1935 will be approximately \$1,100,000 less than the actual expenditures for 1934 and approximately \$2,125,000 less than the actual expenditures for 1933.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—In explanation of the request of this department for additional appropriation for the year 1935, the following information is furnished:

	Expenditures 1933.	Expenditures 1934.	Appropriated 1935.
D. A., F-9.....	\$11,327,489 52	\$9,982,680 67	\$7,055,000 00
M. A., F-10.....	1,086,782 52	1,190,940 28	1,255,000 00
O. A. A., F-14.....	1,193,497 18	1,298,104 57	1,390,000 00
Administrative.....	477,433 39	586,810 78	962,025 81
Totals.....	\$14,085,202 61	\$13,058,536 30	\$10,662,025 81
Additional appropriations requested for 1935.....			1,299,800 00
			\$11,961,825 81

As you will see by these figures, the department requested for the year 1935 approximately \$2,400,000 less than was expended in the year 1934.

The additional appropriation request for the year 1935 will bring the total appropriation to \$11,961,825.81.

Expenditures for the full year of 1935 will be \$1,096,710.49 less than expenditures for the year 1934 and \$2,123,376.80 less than expenditures for the year 1933.

It is a fact, however, that the department collected from the Commonwealth and other cities and towns the following amounts:

In view of the fact the tax rate for 1935 has already been determined it is impossible to provide the sum requested within the regular appropriating power of the city, therefore use must be made of the authority granted to cities and towns under the provisions of chapter 188 of the Acts of 1935. Under this act municipalities are authorized to borrow one half of one per cent of the average valuation for the three preceding years, such borrowings to be used for Public Welfare, Soldiers' Relief and E. R. A. project requirements. The maximum amount which Boston is entitled to borrow under this authorization is approximately \$8,750,000. So far this year your Honorable Body has authorized, under this act, loans of \$6,000,000. I now propose that an additional \$1,000,000 be borrowed to meet the financial emergency facing the Public Welfare Department.

I submit herewith the necessary appropriation order and respectfully request its immediate consideration by your Honorable Body. I make this request because approval of the Emergency Finance Board must be secured after action has been taken by the City Council. In other words, at least three weeks must elapse before full approval of the proposed loan may be secured. In the event full approval is not secured within this time there is danger that the funds of the Public Welfare Department will become exhausted since, from present indications, the original budget allowances for dependent aid will only be sufficient to last through the week ending November 16. In view of this fact I trust immediate action will be taken by the Council on this very important matter.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Overseers of the Public Welfare,
October 11, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—This department is facing possible deficits in several budget items as follows:

F-9. Dependent Aid.....	\$1,200,000
F-14. Old Age Assistance.....	40,000
B-4. Transportation of Persons.....	2,000
B-10. Rent, Taxes and Water.....	8,800
B-13. Communication.....	2,000
C-9. Office Equipment.....	1,000
D-1. Office Supplies.....	16,000
H. Project Expenses.....	30,000
Total deficit.....	\$1,299,800

Included in the relief item is the sum of \$225,000 which, it is estimated, will be paid to other cities and towns between now and the end of the year. These payments are on account of Boston-settled cases who are being assisted by other cities and towns. The department will receive approximately the same amount in reimbursement from other cities and towns on account of persons aided in Boston who have legal settlements elsewhere. This \$225,000, however, will not be credited directly to the department, but will be credited to the general revenue of the city.

If the W. P. A. projects start November 1, as is hoped for, relief expenditures will be substantially reduced between now and December 31, 1935.

Very truly yours,

JAMES A. McMURRY, Chairman.

City of Boston,
Overseers of the Public Welfare, October 11, 1935.

Ordered, That under the provisions of chapter 188 of the Acts of 1935 the sum of \$1,000,000 be, and hereby is, appropriated, to be expended under the direction of the Overseers of Public Welfare, for departmental expenses hereinafter listed, and that the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Public Welfare Department, Central Office.

B-4. Transportation of Persons.....	\$2,000
B-10. Rent, Taxes and Water.....	8,000
B-13. Communication.....	2,000
D-1. Office.....	16,000
F-9. Care of Dependents.....	910,000
F-14. Old Age Assistance.....	40,000
H. Emergency Relief Projects.....	22,000
	\$1,000,000

Referred to Executive Committee.

LOAN FOR PLANS, ETC., NEW CITY HALL.

The following was received:

City of Boston,

Office of the Mayor, October 14, 1935.

To the Honorable the City Council.

Gentlemen,—On October 7, 1935, your Honorable Body gave its second and final reading to a loan order for a new city hall and the demolition of the present structure. Although the Federal authorities have not yet approved this project, there is still a substantial possibility that the necessary Federal approval will be forthcoming subsequently. In the event that this project is given P. W. A. approval, it will be necessary that all working drawings and specifications be completed in order that construction contracts may be awarded on or before December 15, 1935 (after public advertising therefor), in accordance with the schedule for P. W. A. projects set by the President of the United States of America.

Working drawings and specifications, as distinguished from preliminary plans and sketches, involve substantial costs to the architects doing the work; and in view of the size of the project, the architects cannot be expected to assume these substantial costs.

I am, therefore, transmitting a loan order to your Honorable Body in the sum of sixty thousand (\$60,000) dollars for architects' services in the preparation of working drawings and specifications for a new city hall.

A similar loan order in the sum of one hundred and eighty thousand (\$180,000) dollars for architects' services in connection with the construction of hospital buildings was passed by the City Council and approved by the Mayor on July 31, 1923.

Even if a new city hall is not approved as a Federal project, the working drawings and specifications will not be a loss to the city because the age and physical condition of the present structure, and the rentals of approximately \$70,000 annually which the city is required to pay for space occupied by certain municipal departments, point to the need and desirability of the construction of a new city hall even without Federal assistance.

Yours truly,

FREDERICK W. MANSFIELD, Mayor.

Ordered, That the sum of sixty thousand (\$60,000) dollars be, and the same is hereby, appropriated, to be expended under the direction of the Superintendent of Public Buildings, for new city hall, plans, drawings, specifications, etc., and that to meet said appropriation the City Treasurer be, and hereby is, authorized to issue, from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to Executive Committee.

AUTOMATIC TRAFFIC SIGNALS.

The following was received:

City of Boston,

Office of the Mayor, October 14, 1935.

To the City Council.

Gentlemen,—I transmit herewith reports from the Traffic Commissioner relative to orders adopted by your Honorable Council on October 7 for the installation of automatic traffic signals on Charles street at the foot of Allen street and on Longwood avenue at the junction of Huntington avenue.

At the present time there are no funds available to install these lights, much as they are needed.

In regard to the location at the corner of Charles and Allen streets I am informed by the Police Commissioner this morning that he will station a traffic officer at that point.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

YEAR.	Reimbursements Received.
1933.....	\$1,554,581 36
1934.....	1,867,379 08
1935 to date.....	1,256,655 14

It is estimated that the receipts from now until December 31, 1935, will be approximately \$800,000, making total receipts for this year \$2,056,655.14.

Very truly yours,

JAMES A. McMURRY, Chairman.

City of Boston,
Traffic Commission, October 10, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated October 7, 1935, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals on the grass plot on Charles street at the foot of Allen street."

The estimated cost of installing a traffic signal at the above intersection is twenty-eight hundred (2,800) dollars. There are no funds available at present for this installation.

The intersection is on a list of locations previously submitted to your Honor where this commission recommended the installation of traffic signals if funds were procured.

Respectfully submitted,
WILLIAM P. HICKEY, Commissioner.

City of Boston,
Traffic Commission, October 10, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated October 7, 1935, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install traffic lights and safety signals at the junction of Longwood avenue and Huntington avenue, Ward 10."

The estimated cost of installing a traffic signal at the above intersection is twenty-eight hundred (2,800) dollars. There are no funds available at present for this installation.

The intersection is on a list of locations previously submitted to your Honor where this commission recommended the installation of traffic signals if funds were procured.

Respectfully submitted,
WILLIAM P. HICKEY, Commissioner.

City of Boston,
Office of the Mayor, October 10, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Traffic Commission, relative to your order of September 30, 1935, concerning the proposed installation of automatic traffic signals at the junction of Victory road and Neponset avenue, Ward 16.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Traffic Commission, October 9, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated September 30, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to immediately install automatic traffic signals at the junction of Victory road and Neponset avenue, Ward 16."

It is estimated that the cost of installing a traffic signal at the intersection of Neponset avenue and Victory road would be \$3,000.

The records in this office show that since January 1, 1931, four motor vehicle accidents involving personal injury have occurred at this intersection. It is the opinion of the engineers of this commission that the accident record and the volume of traffic at this intersection are not sufficient to warrant the installation of a traffic signal.

There are no funds available at present for the installation requested.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Severally placed on file.

NUMBER OF CITY EMPLOYEES.

The following was received:

City of Boston,
Office of the Mayor, October 14, 1935.
To the City Council.

Gentlemen,—I am in receipt of the attached report from the Acting Budget Commissioner in relation to the following order recently adopted by your Honorable Body:

"Ordered, That the Budget Commissioner be requested, through his Honor the Mayor, to promptly advise the City Council as to the number of city employees:

- (a.) On January 1, 1934.
- (b.) On January 1, 1935.
- (c.) On September 1, 1935."

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Budget Department, October 9, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I beg to acknowledge receipt, through your office, of the following City Council order:

"Ordered, That the Budget Commissioner be requested, through his Honor the Mayor, to promptly advise the City Council as to the number of city employees:

- (a.) On January 1, 1934.
- (b.) On January 1, 1935.
- (c.) On September 1, 1935."

I beg to advise that it is impossible to comply exactly with the language of the order for the reason, that no record is kept as of the dates mentioned in the order of the number of city employees. Once a year—on June 1—this information is compiled, and I am submitting the following table indicating the number of employees paid through the City Treasury as of June 1, 1934, and June 1, 1935.

	1934.	1935.
City.....	19,753	20,260
County.....	1,060	994
Total.....	20,813	21,254

In connection with the foregoing table I feel it desirable to mention that the departments in which increases in number of personnel have taken place during the past year are as follows:

	1934.	1935
Public Welfare.....	337	705
Hospital.....	2,108	2,177
Institutions.....	490	519
Library.....	859	885
School.....	6,440	6,564

In the same period the following decreases in departmental personnel have occurred:

	1934.	1935.
Transit.....	151	66
Ferry.....	146	120
Bridge.....	200	182
Police.....	2,369	2,333

Respectfully,
CHARLES J. FOX,
Acting Budget Commissioner.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Brown Runnell Realty Trust, to be reimbursed for expenses incurred in repairing pipes at 1376 Commonwealth avenue.

Mary E. Collins, for compensation for loss of clothing at Wainwright Street Playground during fire.

Hugh J. Foley, to be reimbursed for judgment issued against him on account of his acts as operator of car of Sanitary Division.

Hugh J. Foley, to be reimbursed for judgment issued against him on account of his acts as operator of car of Sanitary Division.

Hugh J. Foley, to be reimbursed for judgment issued against him on account of his acts as operator of car of Sanitary Division.

Charles J. Gately, for compensation for loss of suit and shirt during fire at City Hospital.

Elmer J. Hamlet, for compensation for damage to property at 680 La Grange street, caused by change of grade of sidewalk.

W. Joseph Oshry, for compensation for damage to property at 81 Haverhill street, caused by break in water main.

Catherine Riley, for compensation for injuries caused by an alleged defect at 20 and 22 Bromley park.

William A. Tighe, for compensation for injuries caused by an alleged defect at 250 Washington street.

Myrtle B. Warte, for compensation for damage to property at 37 Walker street, caused by water backing into cellar.

Executive.

Petition of Budget A. Mooney to be paid an annuity on account of death of her husband, Robert C. Mooney, of Police Department.

MAYOR'S ABSENCE FROM CITY.

Notice was received of the Mayor's absence from city from Thursday, October 3, at 3 p. m., to and including Tuesday, October 8, 1935.

Placed on file.

APPROVAL OF CONSTABLE'S BOND.

The constable's bond of Charles A. Woods, having been duly approved by the City Treasurer, was received and approved.

APPOINTMENTS BY THE MAYOR.

Notices were received from the Mayor of the following appointments, viz.:

Francis J. Murray, 242 Foster street, Brighton, to be Budget Commissioner, for term ending April 30, 1939.

D. Frank Doherty, 513 Washington street, Dorchester, to be Purchasing Agent, for term expiring April 30, 1939, and to be effective November 1, 1935.

Francis B. McKinney, 22 Surrey street, Brighton, to be member of Board of Election Commissioners, to fill unexpired term of Peter F. Tague, said appointment to take effect at close of business October 15.

David B. Shaw, Election Commissioner, as Acting Purchasing Agent from October 16 to and including October 31, to take place of Warren W. Loomis, whose resignation will take effect October 15.

Severally placed on file.

ASSIGNMENT OF JUDGES.

Notice was received from Arthur P. Rugg, Chief Justice of Supreme Judicial Court, of assignments of judges to courts, etc.

Placed on file.

OPPOSITION TO AMERICAN COMPETITION IN GERMAN OLYMPICS.

Coun. BRACKMAN offered the following:

Resolved, That the Boston City Council go on record as opposing the competition of American athletes in the Olympic games to be held in Germany.

Referred to Committee on Rules.

TAKING OF B. A. A. BUILDING AS CITY GYMNASIUM.

Coun. ROBERTS offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of taking over the building on Exeter street, formerly occupied by the Boston Athletic Association, for the purpose of converting same into a municipal gymnasium for the citizens of Boston.

Coun. ROBERTS—Mr. President, just what the situation is in regard to the Boston Athletic Association nobody seems to know. The present opinion seems to be that they will not reorganize and continue to occupy the present quarters. I understand, further, that on several of the B. A. A. buildings there have been unpaid taxes for a number of years, and that it would be a comparatively easy matter to take them over; and I understand also that the Library authorities are hoping to take over property on Blagden street close to the B. A. A. The buildings are in wonderful condition today. There is no building nearby that could be used in any such way as I suggest by citizens of Boston, and this order simply asks that the Mayor consider the advisability of the city taking over these buildings, which are wonderful buildings for gymnasium purposes, to be used by the public at large.

Coun. DOWD—Mr. President, I am going to vote against the order, because I believe if anything of this sort is to be done it should be in the poorer sections of Boston. Councilor Selvitella, for example, has been working for a year and a half attempting to get some building that could be used for such purposes in East Boston. I shall vote against this order because I feel that anybody who wished to go to such a building on Exeter street, in the Back Bay, today, can afford to pay otherwise for the facilities he would thereby obtain.

Coun. ROBERTS—Mr. President, my order does not say anything about paying, but I would be perfectly willing to adopt whatever condition the Mayor might suggest in regard to the public obtaining these facilities. I agree thoroughly with the councilor from Roxbury that it would be perfectly proper to make a charge for certain facilities to be thus provided. It does not seem to me, however, because this building happens to be located in that section of the city, that there should be any objection to the passage of the order on that ground. The idea would be that the facilities afforded would be offered to all the citizens of Boston, coming from any section of the city. It would not be to the Back Bay exclusively, but would be like a public golf course to which anybody could obtain admission. I ask the passage of the order. After all, the order simply asks his Honor the Mayor to consider the matter.

The order was passed under suspension of the rule.

WARD 11 IMPROVEMENTS.

Coun. ENGLERT offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to acquire and lay out the backlot and front lot bounded by Ward 11.

Ordered, That the Commissioner of Public Works make a sidewalk along the street between Ward 11 and Ward 12 streets, Ward 11, in

front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Amory avenue, Ward 11. Severally passed under suspension of the rule.

LOAN FOR WELFARE DISTRICT HEADQUARTERS.

Coun. TOBIN called up, under unfinished business, No. 3 on the calendar, viz.:

3. Ordered, That under the provisions of chapter 366 of the Acts of 1933, and acts in amendment thereof or in addition thereto, the following sums be, and hereby are, appropriated, to be expended, under the direction of the Overseers of Public Welfare, for the following New District Headquarters Buildings:

New Dorchester District Building.....	\$60,000
(P. W. A. Docket Mass. 1279)	
New East Boston District Building.....	\$60,000
(P. W. A. Docket Mass. 1314)	
New District Building--Northampton street.....	\$60,000
(P. W. A. Docket Mass. 1315)	

and that to meet said appropriations the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amounts. On September 30, 1935, the foregoing loan order was read once and passed, yeas 17, nays 4.

The order was given its second and final reading and passage, yeas 16, nays 3:

Yeas--Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fitzgerald, Gallagher, Gleason, Green, Kerrigan, McGrath, Murray, Selvittella, Tobin--16.

Nays--Coun. Norton, Roberts, Wilson--3.
Later in the meeting Coun. SHATTUCK stated that had he been present he would have voted "no" on the order.

ELIMINATION OF MAVERICK STREET GRADE CROSSING.

Coun. SELVITELLA offered the following:

Ordered, That the Mayor of Boston be requested to consider as P. W. A. or a W. P. A. project the elimination of the Maverick street grade crossing of the Boston, Revere Beach & Lynn Railroad, East Boston.

Coun. SELVITELLA--Mr. President, it was at this point that on the evening of October 5, 1935, John and James Roosevelt, the youngest and oldest sons of the President, were nearly killed. That they were not killed was nothing short of a miracle. The records show that many persons have been seriously injured and some killed at this point over a period of years. It is about time that some action was taken to eliminate this death trap. Anybody unfamiliar with that crossing might easily get caught, especially in view of the poor lighting facilities and the antiquated conditions there. It is a threat to children, as well as to older people, and to automobilists. Maverick street is the one direct artery to the Airport. Not many years ago a fire engine was hit by a train there. Certainly something must be done.

The order was passed under suspension of the rule.

ROPING, SOUTH BOSTON PAGEANT.

Coun. DONOVAN and KERRIGAN offered the following:

Ordered, That the expense of roping in connection with the South Boston pageant on October 5, 1935, be charged to the City Council appropriations, B-5 and B-42.

Passed under suspension of the rule.

RESURFACING OF JOY STREET.

Coun. FITZGERALD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Joy street, between Myrtle and Cambridge streets, Ward 3.

Passed under suspension of the rule.

POLICE LISTING.

Coun. GREEN offered the following:

Ordered, That his Honor the Mayor be requested to petition the incoming Legislature to pass a bill replacing with the assessors the authority to do the annual listing.

Passed under suspension of the rule.

USE OF W. P. A. FUNDS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of fixing every street in Boston

under the Federal Government W. P. A. set-up. That small play areas, wading pools and other improvements be worked upon through the winter with W. P. A. funds.

Passed under suspension of the rule.

PREFERENCE TO FORMER CITY EMPLOYEES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of giving preference in employment to those city employees let go during the first part of his administration.

Passed under suspension of the rule.

COMPARISON OF WELFARE PAY SCHEDULES.

Coun. NORTON offered the following:

Ordered, That the trustees of Public Welfare, through his Honor the Mayor, be requested to consider the advisability of informing the Council relative to a comparison of pay schedules between Boston and other large cities in so far as employees who have to do with dispensing welfare money are concerned.

Coun. NORTON--Mr. President, this order has to do with the salaries paid those employed in our Welfare Department. I believe at the present time, as compared with other large cities in the country, the employees of that department are poorly paid. They are dispensing millions of dollars a year, and at the present time they are doing wonderful work. I certainly think this is a matter that should be looked into seriously.

The order was passed under suspension of the rule.

LOUD-SPEAKING WAGONS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of recommending to the Council the stoppage of all political loud-speaking wagons at 10.30 p. m.

Coun. NORTON--Mr. President, this order simply requests his Honor the Mayor to consider the advisability of stopping the noise from these loud-speaking wagons at 10.30 p. m. Of course, we all recognize the value, within proper limits, of these wagons. I have had occasion to use them myself. But it does seem, in the interest of the children who are trying to carry on studies and of the older people who are anxious to get a night's sleep, that politics and other activities should not intrude upon their quiet after a reasonable hour, say 10.30 p. m. I understand that in New York and other cities they have taken this action, and I think we might well do the same thing.

Coun. DOWD--Mr. President, not having a contest for reelection, I believe that I am qualified to speak on this order. I think these efforts that have been made in the last three or four months to lessen noise in Boston have had a tendency to go too far. I think we have enough blue laws in Boston at the present time without adding to them. I think if we go any farther we might as well lock the town up at night. Therefore, I am going to vote against this order--and I have no doubt that when Norton has a campaign on, we will hear in the future these loud-speaking wagons in Cleary square at 12 o'clock at night.

Coun. NORTON--Mr. President, with reference to the gentleman's statement about noise, let me quote from a letter that has just been received by Doctor Safford of our Health Department:

"Dear Dr. Safford:

"For the third time I am making specific complaint to your department regarding the collection of garbage at Hotel Somerset in the early morning. As a specific instance, I was awakened this morning at 5.30 by this garbage collector."

The order was referred to the Committee on Ordinances.

WORK OF BOSTON PORT AUTHORITY.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of devising ways and means for bringing before the public of Boston the importance of the work now being carried on by the Boston Port Authority.

Coun. NORTON--Mr. President, Boston is one of the few great industrial centers of America. At the present time the Port Authority is battling over the Albany, New York, and Springfield, Massachusetts, situation. Freight can go cheaper today from Albany, New York, to Springfield or Worcester, Massachusetts, than between Boston and Springfield, although it is substantially farther from Albany to Springfield than from Springfield to Boston. There is discrimination that should be corrected. It seems to me some way should be devised to remedy such situations. With 100,000 men and women walking the streets of Boston today, unemployed, it does seem as though something should be done to give to Boston the business it should get. If this sort of thing continues, the number instead of being 100,000 will be 150,000.

The order was passed under suspension of the rule.

INCREASE FOR WELFARE EMPLOYEES.

Coun. AGNEW--Mr. President, I would like to make a statement. About three weeks ago the Committee on Public Welfare visited the Welfare Department and had an interview with Mr. Dowling regarding an increase in pay to the employees of the department who are entitled to it, going back to January 1 of this year. Mr. Dowling agreed with the committee that the employees had been overworked and somewhat slighted, but up to the present time no action has been taken by the department to rectify conditions, although the director told us he would act upon the matter forthwith. Therefore, I ask that Mr. Dowling and Mr. McMurry be sent for to meet the Council in executive session.

President FITZGERALD--That can be considered in executive.

RECESS.

The Council voted at 3.13 p. m., on motion of Coun. MURRAY, to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order at 4.13 p. m. by President FITZGERALD.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on message of Mayor and orders (referred today) for transfers within departments appropriations--that same ought to pass.

Report accepted; said orders passed, yeas 21, nays 0.

2. Report on message of Mayor and order (referred today) providing for transfer of approximately \$9,600 from Reserve Fund to Budget, Election and Park Departments--that same ought to pass.

Report accepted; order passed, yeas 21, nays 0.

3. Report on message of Mayor and order (referred today) for transfer of \$1,200 within special hospital appropriation--that same ought to pass.

Report accepted; said order passed, yeas 17, nays, Coun. Roberts, Shattuck, Tobin, Wilson, 4.

4. Report on message of Mayor and order (referred today) for supplementary appropriation of \$1,000,000 for Public Welfare Department--that same ought to pass.

Report accepted; said order passed, yeas 18, nays 3.

Yeas--Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fitzgerald, Gallagher, Gleason, Goldman, Green, Kerrigan, McGrath, Murray, Selvittella, Tobin, Wilson--18.

Nays--Coun. Norton, Roberts, Shattuck--3.

5. Report on message of Mayor and order (referred today) appropriating \$60,000 for plans of new City Hall, etc.,--recommending reference to Committee on Finance.

The report was accepted and reference to the Committee on Finance was declared lost.

President FITZGERALD--The question comes on the passage of the order.

Coun. SHATTUCK--Mr. President, the report of the Executive Committee, as I took it, was that this matter be referred to the Finance Committee. I heard no vote to the contrary. I think this is a very high-handed proceeding and calls for an explanation.

President FITZGERALD--I put it to a vote and nobody voted.

Coun. SHATTUCK--Mr. President, I heard no call for the yeas and nays, and the vote in favor of reference in committee was a unanimous vote.

The order was read for information of Coun. Norton.

President FITZGERALD--Councillor Shattuck, I put the question on acceptance of the report of the committee. I put that motion. You may not have heard it.

Coun. SHATTUCK--The report of the committee was to refer to the Finance Committee.

President FITZGERALD--That is true, Councillor Shattuck, but I put the motion.

Coun. NORTON--Where does the matter stand now?

President FITZGERALD--In the Council.

Coun. NORTON--And what are we voting on now?

President FITZGERALD--On the passage of the order.

Coun. NORTON--Providing \$60,000 for architects' fees for a building, whether we are to obtain any money for it or not? I think the architects are better taken care of than the lawyers!

Coun. SELVITELLA--Some of them, yes!

Coun. NORTON--I am glad that you qualify it. I cannot understand why the Chief Executive should ask for \$60,000 at this time to draw plans for a new City Hall. If we must spend money, let us spend it for hospitals, let us spend it for streets.

Coun. MCGRATH--Mr. President, it is my understanding that this order proposes to transfer or appropriate \$60,000 to pay architects' fees for the building of a new City Hall; that the Council, assembled in executive session, voted that it be referred to the committee that considers these matters of loans and appropriations, our Committee on Finance, and that that action met with the unanimous consent of the members. The

usual thing, under such circumstances, would be for the report of the Executive Committee to be accepted, and to then have this matter submitted to the Finance Committee meeting, which, I understand, will be on Wednesday. I don't want to be critical of this appropriation at this time, but I now say to any man friendly to the new City Hall and the architects who will be appointed to draw the plans that if the thing goes through in this manner there will be many a man in this Council who will have to answer on the first Tuesday after the first Monday in November, \$60,000 going as a gratuity to an architect! The gentleman from Ward 5 (Coun. Shattuck) sat in that executive meeting, as did others, and heard the committee vote that this order should go to a committee where it would have the honest sunlight on it, and now we find that in some mysterious manner it is proposed that the order shall go through today, the whole thing being so misunderstood that some members of the Council are asking what we are voting upon. If I were interested in the Mayor, which I am not, and interested in a new City Hall, I would not attempt to put the thing through in this way; and I now make this prophecy, that if this goes through, contrary to the way in which those members voted in committee, some one will have to answer for it. I do not intend to sit in executive session and vote in one way, and sit here quietly when an attempt is made to upset that vote. I am not in a position at the moment to say whether this thing is right or wrong. If it goes to the Finance Committee it can be examined into, and we will then know something about it and can form our opinions as to whether we should or should not vote for it. But I submit that nothing which cannot stand the sunlight should go through this body. I think that we should let this go to the Finance Committee and let members of the Council know exactly what is going on.

Coun. SHATTUCK—Mr. President, some time ago, as I recall it, a proposed appropriation for \$1,800,000 for a new City Hall was turned down. Recently, we were asked for \$2,500,000 for a new City Hall, an increase of \$700,000 in the estimate. That has been passed, I believe, and is subject to a bond issue. This \$60,000 is in addition to that sum. There is no suggestion now that the sum of \$2,500,000 be reduced by \$60,000. This is in addition to that sum. Furthermore, this is wholly independent of whether we get any money from the Federal Government, wholly independent of whether the Federal Government approves this project. In fact, it is a commitment to a new City Hall whether or not we get this promised 45 per cent from the Federal Government. As a matter of fact, we say that we are going to spend \$2,500,000 on a City Hall whether or not we get the money. It seems to me clear that we ought not to rush this through, that we ought not to sidetrack the Committee on Finance which, under our rules, is supposed to consider these questions; that we ought to give an open and complete hearing before we pass upon this matter.

President FITZGERALD—Just a moment. I plainly put the motion, and no member voted on the acceptance of the committee's report. And I waited. Therefore, the matter is now before the Council. The Chair is willing to entertain any motion.

Coun. GALLAGHER—Mr. President, I move, sir, that the matter be referred to the Committee on Finance.

The matter was referred to the Committee on Finance by a unanimous rising vote.

AUTOMATIC SIGNALS IN FRONT OF CATHEDRAL.

Coun. FITZGERALD and DOWD offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals on Washington street, in front of the Cathedral of the Holy Cross.

Passed under suspension of the rule.

ACCEPTANCE OF OLDFIELDS STREET.

Coun. GOLDMAN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Oldfields street, Ward 14, as a public highway.

Passed under suspension of the rule.

CONSTRUCTION OF MUNICIPAL BUILDING, WARD 10.

Coun. DOHERTY offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of the construction of a Municipal Building under P. W. A. funds in Ward 10.

Passed under suspension of the rule.

CONFIRMATION OF APPOINTMENTS.

President FITZGERALD called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor October 7, 1935, of John Leary, to be a

Weigher of Goods, Weigher of Coal and Measurer of Grain; and Francis Goldstein to be a Weigher of Coal.

The question came on confirmation. Committee, Coun. Gallagher and Selvittella. Whole number of ballots 16; yeas 15, nays 1, and the appointments were confirmed.

CHAUFFEURS IN PUBLIC WORKS DEPARTMENT.

Coun. WILSON offered the following:

Ordered, That the Public Works Commissioner, through his Honor the Mayor, advise the City Council forthwith:

(a.) The number of items in the new snow removal and truck equipment program which will require chauffeurs.

(b.) The number of competent chauffeurs with civil service rating now available in each City Yard.

Coun. WILSON—Mr. President, I suggest that this order be passed, under suspension of the rule, and possibly the information requested will be available for the Finance Committee's meeting on Wednesday. As I see it, if we are going to have any adequate snow removal this winter worthy of the name, even though we passed the order for a loan of \$675,000 for snow-removal equipment, there will be three other items that will have to be considered. One is proper garaging—for example, not an expensive central garage from which the apparatus has to plow out several miles after a storm before it can start work. To my mind, proper garaging in connection with snow-removal apparatus is analogous to proper decentralization of effort in the handling of the Welfare Department. Next, there should be a definite plan for snow removal this year, such as we did not have last year. And, third, if we are spending \$675,000 for new trucks, the whole outfit can be ruined in one afternoon if they are to be driven by welfare men, men who are put on the trucks and don't know any more about running them than I do—and I have been a motor vehicle operator for twenty years. Trucks have to be run by men who understand running them. My understanding is that that department is grossly undermanned so far as competent chauffeurs are concerned, and it would be positive negligence, really criminal, for the City of Boston to spend \$675,000 for brand new snow-removal trucks and have men driving them through the streets of Boston who do not have a proper civil service rating and are not competent to operate any truck.

The order was passed under suspension of the rule.

Coun. GALLAGHER in the chair.

ADDRESSES OF PUBLIC WELFARE RECIPIENTS.

Coun. WILSON offered the following:

Ordered, That the Public Welfare Department, through his Honor the Mayor, be requested to obtain from each present and future recipient of welfare aid, not only "the present address" but also at least once each year the residence of each recipient as of January 1.

Ordered, That the Public Welfare Department, through his Honor the Mayor, be requested to obtain from each welfare recipient on the occasion of some payment made within the next thirty days a receipt giving, not only the name and present address, but also the recipient's address as of January 1, 1935.

Ordered, That the Statistics Department, through his Honor the Mayor, be directed to at once obtain from the Police Department a copy of the police listing card made as of January 1, 1935, with reference to each of the 2,061 recipients' addresses as to which police listing as of January 1, 1935, fails to show actual occupation by the supposed welfare recipients purporting to live at said address according to the records of the Public Welfare Department.

Ordered, That the Police Commissioner, through his Honor the Mayor, be requested in the taking of the annual police listing as of January 1 each year, to provide for listing in each case whether the resident is a citizen or an alien.

Coun. WILSON—Mr. President, those orders are introduced at this time in no spirit of criticism of the Welfare Department, but simply to obtain proper information, and I do not assume that any member of the City Council objects to obtaining proper information. I think the rules and the efforts that have been made this year under the new director have undoubtedly cut down fraud in the Welfare Department. I was surprised to be told today by one who knows that when the Welfare Department originally went over the lists of some 30,000-add welfare recipients, no less than 14,000 recipients failed to be found on the police listing of the previous three years or in the directory of the previous three years. So I believe it is greatly to the credit of the Welfare Department that that initial astounding number of 14,000 cases not found on police lists in three successive years has now been boiled down to some 2,061. So much has been accomplished when the number has been reduced to 2,000-odd cases. But I do have this in mind, that if the General Electric Company of

Lynn, for example, wanted to know where any of its 20,000 employees had been listed on January 1, it would not take them beyond the next pay day to find out the names and residences on January 1 of those on its pay roll. So I am merely urging that this step be taken with all reasonable promptness. I believe that the fourth of the four orders is also of some importance. There may be some objection to it by the Police Department or from other sources. I don't want to see the immigrant from the other side barred forever, necessarily, of course, but there has been plenty of the foreign element in this nation living on us and not caring whether they ever accepted the responsibility of citizenship or not. Personally, I may be wrong,—I have been known to be so more than once,—but I see no objection to ascertaining in the next police listing as of January 1, 1936, besides the names, addresses and business of the recipients, and the age, if you can get it, the fact whether the recipient is a citizen or an alien.

Coun. SELVITELLA—Mr. President, I believe this is a proper matter for the Committee on Ordinances to discuss. If I understand the law correctly, the Police Department has charge of the listing of every male and female over the age of twenty. If I understood the order offered by Councilor Wilson correctly, it is intended to change the ordinance under which we are now operating so that the Police Department will gather additional information. I doubt very much the legality of that particular order. It seems to be directed towards changing the ordinance. I have no doubt that he is serious in what he is attempting to do, but I honestly believe that this is something for the Committee on Ordinances to consider. The Police Department has certain duties under the ordinance, and we cannot in this way change the ordinance. I am going to ask that the matter be referred to Executive Committee until such time as the Corporation Counsel can advise us.

Chairman GALLAGHER—It is only a request.

Coun. NORTON—Mr. President, as all the members know, I am greatly interested in welfare matters. For a number of years we have been having a battle here against centralization of welfare, and I feel personally today that the Welfare Department, with its present branch offices, is doing better work than it has ever done before. I am very much pleased to say that. I don't think that anything will be accomplished by this proposed investigation. We have all heard how the list has already been reduced by those in charge of welfare, and it is a wonderful thing. When I read in the papers that there were only 2,061 drawing welfare in the City of Boston whose names were not on the Police List, it struck me that that was a remarkable record. I took the trouble myself to conduct a little investigation, and here is the answer, as I get it, and I offer it as a matter of record. There are 25,000 or more people in Boston today who are not police listed. I was not police listed a few years ago. In hundreds of homes, when a police officer in uniform comes,—and this applies to any part of Boston, Dorchester, Hyde Park or other places,—when he knocks on the door, the woman looks and has the instinct of our people, fearing the visit of a police officer, and in hundreds of cases she does not go to the door. When you speak of 2,661 cases that are not listed, I say that there are perhaps 50,000 cases of people in Boston today who are not police listed, and, of course, some of those particular individuals are people who are asking for welfare. I don't see how we can question the Welfare authorities on this particular matter. The law says that people living in Boston at the particular time must be taken care of here regardless of where they come from, and in case they really belong elsewhere we send the bill to Dedham, Revere, or wherever the proper place may be. If people were here on January 1, under the Massachusetts law we are in duty bound to give them relief, even if we afterwards send the bill to other places. I am surprised that, instead of 2,000-odd, the number is not greater. Why should we hold up the Welfare Department to answer a question of this kind, as to why these 2,061 are or are not on the Police List? I shall be very much surprised if it is not found that every one of these, when the thing is checked up, are properly receiving relief from the city. From my experience with the Welfare Department—and I have stood here for years criticizing them—I think today they are doing a better job than has ever been done in this city, not only in my ward but in every part of the city. I say that in justice to the executives of the department who, I feel, have been doing an extraordinary piece of work. How many cases could you and I keep in touch with on our own street? In order to properly supervise welfare you have got to have contact, and close contact, with the different families. Perhaps Judge Jones, the bootlegger on the side, perhaps another member of the family may be running a racket on the side. There are a great many things that have to be checked up, and it takes a lot of investigation, and that investigation is done by those who are in the Welfare Department. I am not a member of the Police Department, but I am sure that the Welfare Department is doing a better job than has ever been done in this city at the time of the year. Hence, I am

no lines; poverty knows no districts. I have not heard recently of needy people applying for aid and having it denied, and I don't think any of you have. I think that is what we should bear in mind. When any needy case is called to the attention of the Welfare people in Boston today, within an hour or two it is taken care of. No matter where they come from, if they are hungry, we should feed them.

Coun. WILSON—Mr. President, I know that we are very much affected by what the gentleman from Hyde Park says, but after brushing away your tears there are certain things to bear in mind. I agree that a man who lives in Hyde Park, Dorchester, or any other part of the city must be taken care of, but I don't agree that where you look up a welfare case, an alleged residence of a recipient, as I have had occasion to do, and find that it is a sausage factory or a barn, and when it is evident that the registration in such cases is fraudulent, such a man should be furnished aid at the expense of our taxpayers and at the expense of the other deserving needy in this city. It may not be surprising that in some cases a name is not police listed, but the name of every man or woman on the Welfare roll of the City of Boston which is a "phony" case, with a name and address that does not exist, which is only a fake, should be taken off that list. It is not the real unfortunate cases, which worry Councilor Norton so much, that I am aiming at. But I say that when we are endeavoring to wipe the fake cases from the pay roll, we are simply fighting for the taxpayers and also for the honestly deserving cases, because the payments that are made for fake cases simply add to the bills that our already overburdened taxpayers have to pay and reduce the amount that can be apportioned to the worthy recipients. I agree that the Welfare Department is showing a remarkable improvement, and that is the reason why I said at the outset that this figure of 2,061 cases represents the number which the Welfare Department after a year of effort has boiled down from 14,000 cases. But I certainly can see no objection or reasonable criticism of any effort on the part of this Council to lessen the discrepancy between the police listing of three successive years and the Welfare Department rolls. Certainly, nobody can say that we are not entitled to the information asked for. I think the city employee who has been docked 15 per cent in his wages to help those on relief is entitled to the information, that the taxpayers are entitled to the information, that the honest welfare cases on the Welfare roll are entitled to the information, so that a family of five or six will find more money properly available for them. Where there are unworthy cases on the roll, not only are the taxpayers and the city employees who have been docked to help meet this expense standing the "gaff," but the worthy welfare cases which have been cut in many cases because of lack of sufficient money to meet their needs are entitled to the information. This is something that should have been done years ago.

Coun. NORTON—Mr. President, if I may answer without drawing tears, with regard to the 2,061 welfare recipients who are not police listed, let me say that I shall be very much surprised if five of those cases are shown to be wrong or fraudulent. Of course, there are thousands of cases in this city that are not police listed, in the natural course of events, for reasons that I have stated. A policeman goes to a house and finds nobody home, or the information furnished may not be entirely correct; and I believe that of these 2,061 cases not five will be found to be fraudulent. I say this advisedly, because the Welfare Department the last year has been making superhuman efforts to check up. Why should we keep picking at the exceptional cases, the few who may register from a boloney factory or a barn? For every boloney factory registration, I will show you 25,000 that are legitimate. If we had 1,000 investigators, we could not stop here and there somebody from giving a false address. That occurs in every large city.

The orders were passed under suspension of the rule.

LAND DAMAGES, LA GRANGE STREET.

Coun. FINLEY offered the following:

Ordered, That his Honor the Mayor request the Corporation Counsel to investigate the claims that have been submitted for land damages in connection with the reconstruction of La Grange street, West Roxbury, and submit a report of his findings to the Committee on Claims.

Coun. FINLEY—Mr. Chairman, I am submitting that order at this time in order to get some definite information with reference to the land damage claims that have been made by residents of La Grange and adjacent streets affected by the reconstruction of the street. There seems to be some question as to the status of their claims, and, therefore, I would like to have this information reported to the Committee on Claims.

The order was passed under suspension of the rule.

TRANSFER FROM TRAFFIC TUNNEL INCOME.

Coun. SELVITELLA called up from the table No. 5 on the calendar, viz.:

5. Ordered, That to meet the current expense

payable during the financial year beginning with the first day of January, 1935, an additional sum of \$5,000 be, and the same hereby is, appropriated from the income of the Public Works Department, Traffic Tunnel, for the following purposes:

E-5, Sewer and Water.....\$5,000

The order was passed, yeas 16, nays—Coun. Wilson—1.

MEMBERSHIP OF HOUSING BOARD.

Coun. TOBIN offered the following:

Ordered, That his Honor the Mayor be requested to confer with the Council concerning membership of the Housing Board for a term of years for each member.

Coun. TOBIN—Mr. President, I hope this will be passed along to the Mayor so that he may have official notice that the Council is interested in the membership of the Housing Board and in the men who are to be selected for that Board. I waited for the last minute today, to be sure that no action was taken on No. 2 on the calendar. I certainly trust that any appointments made to this Board will be made in conformity with the law. The appointments already submitted to us, I find, in the first place, objectionable because of the manner of their appointment, in the second place, because no term of years is specified, and in the third place, because of the membership of the Board itself. I believe if a Housing Board is to be appointed, its membership should have some reference to the locality with which it deals, where men can be found in the locality to do this important work. The Board is certainly not going to deal with slum clearance in Brighton, where the majority of our appointees seem to come from. That section has certainly been pretty well treated. One man on the list has been appointed Budget Commissioner. Certainly it would seem that some consideration should be given to the amount of time that a man can give to that important job, and I do feel strongly that his Honor the Mayor should confer with the Council, anyway, concerning the membership of the Board and the term of years for each member.

The order was passed under suspension of the rule.

Adjourned at 5.02 p. m., on motion of Coun. NORTON, to meet on Monday, October 21, 1935, at 2 p. m.

TO SELL OLD JUNK.

Mayor Mansfield has given approval for the sale of approximately \$175 worth of old brass, old copper, and old lead cable which have accumulated at the hospital.

ASSESSMENTS ABATED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, In the matter of petition for abatement of assessment of \$61.81 billed October 18, 1935, to William Mackin, for a sewer laid in Waverly street, Brighton, and completed November 15, 1890, the Board of Street Commissioners, deeming it just and proper that abatement should be made from said assessment, acting under chapter 359 of the Acts of the year 1896,

Voted, That from so much of said assessment of \$61.81 to said estate as remains unpaid at this date the sum of \$41.54 be, and the same is, abated.

IN BOARD OF STREET COMMISSIONERS, CITY OF BOSTON, October 15, 1935.

In the matter of the application for revision of assessment levied on account of the construction of sewerage works, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application,

Order, That the amount hereinafter specified, being the annual apportion of said assessment for the year 1935, be, and the same is hereby, abated.

John and Annie A. Donlon, Johnson street, West Roxbury, assessed July 27, 1934, Lot 9, \$24.85.

PROCEEDINGS OF CITY COUNCIL.

Monday, October 21, 1935.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair and all the members present.

SALE OF BRIGHTON LAND.

The following was received:

City of Boston,
Office of the Mayor, October 21, 1935.
To the City Council.

Gentlemen,—I inclose herewith an order to sell at public auction a certain parcel of land in Brighton, containing 520 square feet, and a copy of a letter from the Commissioner of Public Works stating that the land is no longer needed for public purposes. Since it is highly desirable that the city should dispose of all parcels which it does not need and which are not income-producing, I respectfully urge the adoption of this order.

Yours truly,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department,
October 14, 1935.

To His Honor the Mayor.

The triangular parcel of land fronting Chestnut Hill avenue, Brighton, at the southerly boundary line of the property under the jurisdiction of the Public Works Department, said parcel containing 520 square feet, as shown on plan, dated October 3, 1935, S. L. Leftvith, consulting surveyor, is not necessary for the needs of the Paving Division of the Public Works Department and can be disposed of. The remaining land area under the control of the Public Works Department is sufficient for all purposes required by said department.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

City of Boston,
Law Department, October 21, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—I have received a memorandum from your office, dated October 16, 1935, with which was submitted a letter, returned herewith, addressed to you by Christopher J. Carven, Commissioner of Public Works, relating to the sale of land in Brighton, now under the control of the Public Works Department.

You have requested me to prepare a form of order for the sale of said premises at public auction and I inclose herewith such form.

The upset price of \$260 set forth in said order was inserted by me in view of an offer of said amount by Myer Israel in behalf of his client, Dr. E. C. Despotos. This offer is set forth in a letter to Joseph F. Mellyn, secretary to your Honor, dated September 13, 1935.

If the inclosed form of order is submitted to the City Council, Mr. Carven's letter stating that the land is no longer needed for public purposes should be submitted therewith.

Yours truly,

HENRY E. FOLEY,
Corporation Counsel.

Whereas, The City of Boston is the owner of a certain parcel of land situate in that part of Boston called Brighton and fronting on Chestnut Hill avenue; and

Whereas, The City of Boston no longer needs for public purposes about 520 square feet of said land;

Now, therefore, it is hereby ordered, That his Honor the Mayor be, and he hereby is, authorized, in the name and behalf of the City of Boston, to sell at public auction, at an upset price of \$260, the parcel of land bounded and described as follows:

Northeasterly by the southwesterly line of Chestnut Hill avenue, ten and 27-100 feet; Northwest by land of the City of Boston, one hundred two and 42-100 feet;

Southeasterly by lot A on the plan hereinafter mentioned, one hundred four and 47-100 feet;

containing 520 square feet of land, more or less.

The said parcel of land is shown on a plan marked "Plan of Land in Boston (Brighton), Scale 1 inch to 20 feet, October 3, 1935, S. L. Leftvith, Consulting Surveyor"; and

It is hereby further ordered, That his Honor the Mayor be, and he hereby is, authorized to execute and deliver, in the name and

behalf of the City of Boston, to the purchaser thereof a written instrument, satisfactory in form to the Law Department, conveying the premises hereby authorized to be sold.

Referred to Committee on Public Lands.

SALE OF HEATH STREET REAL ESTATE.

The following was received:

City of Boston,
Office of the Mayor, October 21, 1935.
To the City Council.

Gentlemen,—I transmit herewith an order for the sale of certain real estate on Heath street to which the City of Boston has acquired title by foreclosure proceedings in the Land Court. I also transmit a copy of letter from the Building Commissioner in regard to the property and an opinion from the Corporation Counsel, both of which are self-explanatory.

It is highly desirable that the city should dispose of properties to which it has obtained tax title in order that they may again become revenue-producing. To this end I respectfully urge the adoption of this order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Building Department, October 14, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—On September 25, 1934, our inspector examined the building at 64 Heath street, Ward 10, and reported that the windows are broken; ten lights of glass missing; rear door open; building open to trespass and a fire menace.

On October 2, 1935, he made a re-examination of the premises and reported that the front and rear doors are open; twenty-two lights of glass broken in rear of house, also six sash.

In searching for the proper owner on whom to serve the customary notices, it was found that on May 14, 1935, the City of Boston received a decree of foreclosure on this property (Land Court No. 5077, File No. 578).

I would respectfully request that a bill be presented to the City Council to dispose of this property as the building is structurally safe and can be repaired.

Respectfully yours,

EDWARD W. ROEMER,
Building Commissioner.

City of Boston,
Law Department, October 21, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—I have received a memorandum from your office, dated October 16, 1935, with which was submitted a letter, returned herewith, addressed to you by Edward W. Roemer, Building Commissioner, relating to a building located on premises 64 Heath street, Boston. Said premises were sold to the city for the taxes of the year 1927. By a decree of the Land Court, Suffolk Registry District, dated May 14, 1935, the right to redeem said premises was foreclosed and the city became the owner.

You have requested me to prepare a form of order for the sale of said premises at public auction and I inclose herewith such form.

Section 7 of chapter 25 of the Revised Ordinances of 1925, as most recently amended, provides as follows:

The superintendent shall have possession and management of all real estate sold to or taken by the city for nonpayment of taxes or assessments, the right to redeem which has been foreclosed, and shall cause to be sold, if a sale is in his opinion practicable, when authorized by the city council and with the approval of the mayor, and if a sale is not practicable, shall cause to be leased if a lease is in his opinion practicable, upon such terms and conditions as may be approved by the mayor and pursuant to the provisions of law applicable thereto, any and all such real estate.

In view of the foregoing I recommend that the order inclosed be transmitted to the City Council with a letter from the Superintendent of Public Buildings, advising that, in his opinion, a sale of the premises referred to is practicable and requesting that he be authorized to sell the same.

No minimum price is set forth in the inclosed form of order, but it can easily be inserted if the Superintendent of Public Buildings determines that it is desirable so to do.

Very truly yours,

HENRY E. FOLEY,
Corporation Counsel.

Whereas, The Collector of Taxes for the City of Boston sold, for the nonpayment of taxes for the year 1927, an estate situated on the westerly side of Heath street in that part of Boston called Roxbury, containing about 1,150 square feet of land with the buildings thereon, and assessed in the name of Michael M. Quealy, and the said Collector of Taxes for the City of Boston gave a tax deed of the said premises to the City of Boston, dated September 12, 1929, and recorded with Suffolk Deeds, Book 5140, page 96; and

Whereas, By a decree of the Land Court, Suffolk Registry District, dated May 14, 1935, the said tax deed was foreclosed by the said City of Boston; and

Whereas, It is advantageous to the said City of Boston to sell the said premises;

Now, therefore, it is hereby ordered, That the Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized to sell at public auction all the right, title and interest of the said City of Boston in and to the said parcel of land, namely, a certain parcel of land with the buildings thereon, situated on the westerly side of Heath street, in that part of Boston called Roxbury, containing about 1,150 square feet of land, more or less, and numbered 64, in the present numbering of said Heath street; and it is hereby further ordered, That the Superintendent of Public Buildings be, and he hereby is, authorized to execute and deliver, in the name and behalf of the City of Boston, in form satisfactory to the Law Department of the City of Boston, a written instrument conveying the said premises to the highest bidder at said auction sale, upon the payment to the said City of Boston of the purchase price bid at said sale.

Referred to Committee on Public Lands.

Coun. GREEN in the chair.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, October 21, 1935.
To the City Council.

Gentlemen,—The attached requests for transfers within departmental appropriations have been examined and investigated by the Budget Commissioner. I accordingly recommend adoption of the accompanying orders by your Honorable Body.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Institutions Department, Child Welfare Division:

From the appropriation for D-2, Food and Ice, \$20, to the appropriation for C-10, Library, \$20.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Library Department:

From the appropriation for C-2, Machinery, \$795, to the appropriation for B-18, cleaning, \$500; B-39, General Repairs, \$295.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Buildings Department:

From the appropriation for A-1, Permanent Employees, Engineers, 4 at \$45 per week, \$210, to the appropriation for B-1, Printing and Binding, \$10; D-16, Miscellaneous Supplies, \$200.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Mayor, Office Expenses:

From the appropriation for C-15, Tires, Tubes and Accessories, \$45.08, to the appropriation for A-1, Permanent Employees, Secretary, Assistant, 1 at \$2,500 per year, \$161.10; Clerk, 1 (0) at \$1,600 per year, \$320.68; B-14, Motor Vehicles, Repair and Care, \$350.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be,

and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Sewer Service:

From the appropriation for A-1, Permanent Employees, Foremen, 6 at \$2,200-\$2,500 per year, \$4,000, to the appropriation for A-1, Permanent Employees, Mechanics, 12 at \$6 per day, \$4,000.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized, to make the following transfer in the appropriations for Street Laying-Out Department:

From the appropriation for B-3, Advertising and Posting, \$100, to the appropriation for C-9, Office, \$100.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Suffolk County Jail:

From the appropriation for D-2, Food and Ice, \$2,000, to the appropriation for D-3, Fuel, \$2,000.

From the appropriation for D-5, Medical, Surgical, Laboratory, \$100; E-13, Miscellaneous Materials, \$300, to the appropriation for D-16, Miscellaneous Supplies, \$400.

From the appropriation for E-1, Building, \$17, to the appropriation for E-9, Machinery, \$17.

From the appropriation for D-10, Agricultural, \$20, to the appropriation for D-8, Laundry, Cleaning, Toilet, \$20.

From the appropriation for C-4, Motor Vehicles, \$30, to the appropriation for C-10, Library, \$30.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Municipal Court, South Boston District:

From the appropriation for F-7, Pensions and Annuities, \$425.65, to the appropriation for A-2, Temporary Employees, \$425.65.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for District Court of Chelsea:

From the appropriation for B-35, Fees, Services of Venires, etc., \$375; C-7, Furniture and Furnishings, \$8.62, to the appropriation for C-9, Office, \$113.62; C-10, Library, \$170; C-16, Wearing Apparel, \$90; D-16, Miscellaneous Supplies, \$10.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Medical Examiner Service, Southern Division:

From the appropriation for D-5, Medical, Surgical, Laboratory, \$48.40, to the appropriation for B-37, Photographic and Blueprinting, \$20; C-7, Furniture and Furnishings, \$19.40; D-16, Miscellaneous Supplies, \$9.

From the appropriation for C-12, Medical, Surgical, Laboratory, \$47, to the appropriation for B-13, Communication, \$47.

From the appropriation for B-14, Motor Vehicles Repair and Care, \$22, to the appropriation for D-1, Office, \$22.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Summer Traffic Tunnel:

From the appropriation for B-39, General Repairs, \$950, to the appropriation for D-41, Gasoline, Oil and Grease, \$300; E-1, Building, \$500; E-13, Miscellaneous Materials, \$150.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Institutions Department, Long Island Hospital:

From the appropriation for C-12, Medical, Surgical, Laboratory, \$200, to the appropriation for C-14, Live Stock, \$200.

Referred to Executive Committee.

APPOINTMENT OF HOUSING AUTHORITY MEMBERS

The following was received:

October 21, 1935.
To the City Council.

Gentlemen,—I enclose herewith an appointment, dated October 21, 1935, from the Corporation

Counsel, with reference to the method of appointment of members of the Boston Housing Authority, established pursuant to the provisions of section 26L of chapter 121 of the General Laws as amended by chapter 449 of the Acts of 1935.

Under date of October 3, 1935, I submitted for your consideration and approval the names of the following gentlemen to be members of said Boston Housing Authority: Harold Field Kellogg, John Carroll, George Greene and Francis J. Murray.

Please be advised that I have this day appointed said gentlemen to be such members for the terms set forth opposite their respective names:

John Carroll, for the term of one year; George Greene, for the term of two years; Harold Field Kellogg, for the term of four years, and Francis J. Murray, for the term of five years.

I now recommend your concurrence in these appointments and the passage by your Honorable Body of a vote in the form herewith submitted.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Law Department, October 21, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—You have requested my opinion as to the method of appointment of the members of the Boston Housing Authority (other than the member to be appointed by the State Board of Housing), under the provisions of chapter 449 of the Acts of 1935.

Section 26L of chapter 121 of the General Laws, as amended by said chapter 449 of the Acts of 1935, contains the following provisions:

"Whenever the mayor and city council of a city determine that a housing authority is needed therein for the purpose of remedying conditions of the type referred to in section twenty-six A, they may by vote establish such an authority Every such authority shall be a body politic and corporate and shall be managed, controlled and governed by five members, appointed or elected as herein provided. In a city, four members shall be appointed by the mayor and city council and one by the housing board; provided, that, of the members originally appointed, the member appointed by the board shall serve for the term of three years, and that the other members shall be appointed to serve for terms of one, two, four and five years, respectively."

After careful examination of the decisions in the Commonwealth and elsewhere no authority has been found specifically controlling with reference to the proper interpretation of the words "appointed by the mayor and city council", hereinbefore quoted and underlined. It is my opinion that these words as used in said section 26L are only susceptible of four constructions, namely:

- (1) appointed by the majority of a body consisting of the mayor and the twenty-two members of the city council meeting jointly;
- (2) appointed by the city council with the approval of the mayor;
- (3) appointed by the mayor with the approval of the city council; and
- (4) appointed by the mayor and also appointed by the city council.

1. It is my opinion that the words "appointed by the mayor and the city council", as used in said section 26L, cannot properly be construed to mean "appointed by the majority of a body consisting of the mayor and the twenty-two members of the city council meeting jointly." Such a construction would, in my opinion, result in an anomalous body; and, in the absence of language in the statute specifically creating such a body and setting forth its method of organization and procedure, I am of the opinion that the Legislature should not be held to have intended that such a body should exist. Moreover, it is my opinion that the Legislature did not intend to give the Mayor merely a one-twenty-third vote in determining the membership of such a body and thus place him in a distinct minority.

See *State ex rel. Oakey v. Fowler*, 66 Conn. 294, 301 (1895).

2. It is also my opinion that the words "appointed by the mayor and the city council", as used in said section 26L, cannot properly be construed to mean "appointed by the city council with the approval of the mayor." Such a construction would be strained and contrary to practice both in Boston and in other cities of the Commonwealth. The fact that the word "mayor" precedes the words

"city council" in said section 26L gives additional support to this conclusion.

3. It is also my opinion that, although the matter is not free from doubt, the words "appointed by the mayor and the city council", as used in said section 26L, should not properly be construed to mean "appointed by the mayor with the approval of the city council."

While usually in this Commonwealth appointments to executive positions in the local governments are made by the Mayor with the approval of, or subject to the confirmation of, the City Council and it is, therefore, open to argument that the Legislature intended by the words used that the usual procedure be followed; nevertheless, in construing a statute its words should be given their plain and ordinary meaning. The General Court has frequently used the phrases: "subject to the confirmation of the city council", "subject to the approval of the city council" or "with the approval of the city council", in connection with authorizations of appointments by the Mayor of officers and members of boards. If the Legislature had intended that the Mayor appoint the four members of the Boston Housing Authority and that the City Council merely have the power to approve or reject them, it is fair to assume that the Legislature would have used such customary phrases.

Prior to the 1921 revision of the General Laws, section 8 of chapter 26 of the Revised Laws (originally enacted as chapter 80 of the Acts of 1876) contained the following provision:

"If an appointment is to be made by the mayor and aldermen, the mayor shall have the exclusive power of nomination, subject to confirmation or rejection by the aldermen"

Commonwealth v. Allen, 128 Mass. 308 (1880).

Chapter 282 of the General Laws, however, expressly repealed said section 8 and the General Laws do not contain a similar provision. In the absence of such a statutory provision, it is my opinion that the words "appointed by the mayor and the city council" should not be construed to mean "appointed by the mayor with the approval of the city council."

4. Based upon the foregoing it is my opinion that the words "appointed by the mayor and the city council" should properly be construed to mean "appointed both by the mayor and by the city council." While this is not the usual statutory procedure with reference to appointments, nevertheless, the plain and ordinary meaning of the words, as used in said section 26L, leads to the conclusion that this was the legislative intent.

In view, however, of the broad powers of the Boston Housing Authority and the caution which should be exercised in the proper appointment of its members, and having in mind the lack of judicial determination of the meaning of the words in question as used in section 26L and the possibility of the Court's interpreting those words as requiring appointment by the mayor and confirmation by the City Council, I recommend that when the City Council concurs in the appointments by the Mayor, that the City Council appoint the members appointed by the Mayor and also confirm and approve the Mayor's appointments, in the manner set forth in the form of vote herewith submitted.

I also recommend that your appointment of the four members of the said Authority be in the form herewith submitted.

Inasmuch as the City Council has requested my opinion on the subject matter herein set forth, by order passed on October 7, 1935, I respectfully request that this letter or a copy thereof be transmitted to the City Council.

Very truly yours,
HENRY E. FOLEY,
Corporation Counsel.

Voted, That the appointment by his Honor the Mayor of Boston of the following four persons to be members of the Boston Housing Authority, established pursuant to the provisions of section 26L of chapter 121 of the General Laws, as amended by chapter 449 of the Acts of 1935, to serve for the terms of one, two, four and five years, respectively, as set forth opposite their respective names, be, and the same hereby is, confirmed and approved:

John Carroll, for the term of one year; George Greene, for the term of two years; Harold Field Kellogg, for the term of four years, and Francis J. Murray, for the term of five years.

And further voted, That said four persons hereinbefore named be, and they hereby are,

appointed to be members of said Boston Housing Authority to serve for the terms of one, two, four and five years, respectively, as set forth opposite their respective names.

Referred to Executive Committee.

APPROPRIATION FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, October 17, 1935.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners, requesting the transfer of the sum of \$31,000 from the income of the George F. Parkman Fund to the maintenance and improvement of the Common and Parks in Existence on January 12, 1887.

I submit herewith an appropriation order and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, October 14, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$31,000, which is now available from the income for the year 1935, to be expended under the direction of the Board of Park Commissioners as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of, \$31,000.

When the budget estimates were made up for the year 1935, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1935, to be transferred as it accrued, from time to time during the year, to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG,
Chairman.

Ordered, That the sum of \$31,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners for the maintenance and improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of, \$31,000.

Referred to Executive Committee.

VETOES OF SIDEWALK ORDERS.

The following were received:

City of Boston,
Office of the Mayor, October 15, 1935.
To the City Council.

Gentlemen,—I return herewith, disapproved and without my signature, an order adopted by your Honorable Body on September 30, 1935, for the making of a granolithic sidewalk with granite edgestones on Boynton street, Ward 11. I am informed by the Commissioner of Public Works that the present sidewalks, while not in perfect condition, are adequate for the present and that the estimated cost of this sidewalk construction is \$4,400, and that there are no funds available for this work at the present time. Under these circumstances I am constrained to veto the order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Office of the Mayor, October 16, 1935.
To the City Council.

Gentlemen,—I return herewith, disapproved and without my signature, an order adopted by your Honorable Body on October 7, 1935, for the making of a sidewalk with granite edgestones on McBride street, Ward 11. I am informed by the Commissioner of Public Works that at the present time McBride street has some edgestone, some brick sidewalk and a small area of artificial stone, that the estimated cost of new sidewalk construction is approximately \$8,200, and that there are no funds available for this work at the present time. Under these circumstances I am constrained to veto the order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.
Severally placed on file.

REVOKED AUTO REGISTRATIONS.

The following was received:

City of Boston,
Office of the Mayor, October 18, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Police Commissioner, relative to your order of September 30, 1935, concerning the number of automobile owners of Boston whose registrations have been revoked and insurance cancelled but whose plates have not been picked up by the police as of September 3, 1935.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

October 17, 1935.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.
Dear Sir,—With reference to your note of October 5, with which you sent to this office a copy of a City Council order, dated September 30, 1935, I am sending you herewith copies of the report of the lieutenant commanding the Bureau of Records of this department, containing the details of his investigation of the number of revoked registrations not yet returned to the Registry.

Very truly yours,
E. M. MCSWEENEY,
Police Commissioner.

October 8, 1935.

To the Superintendent.
Sir,—With reference to the attached order of the City Council that the Police Commissioner be requested to furnish the Council with information as to the number of automobile owners resident in Boston whose registration has been revoked, and insurance cancelled, but whose plates have not been picked up by the Boston Police Department, as of September 3, 1935, I respectfully submit the following report:

This department received up to September 3, 1935, from the Registrar of Motor Vehicles, 845 notices of revocation of plates, accompanied with the request that they be picked up by the Boston Police. 411 sets of plates were taken up by officers of the various divisions and returned to the Registry, who receipted for same. The remaining 434 notices were investigated and the officers were unable to seize the plates for various reasons such as the returning of the plates by the owners, the moving away to parts unknown, fictitious addresses given, leaving the state with the car, seized by repossessors or taken by Federal and customs officials.

In the course of my investigation, I talked with a Mr. Ryan who is in charge of insurance department of the Registry of Motor Vehicles. He stated the Boston Police were doing an excellent job and rates them as the best police force in the state in returning of the plates and reports of investigations relative thereto.

Respectfully submitted,
TIMOTHY J. SHEEHAN,
Lieutenant, Bureau of Records.

Placed on file.

REPAVING OF STREETS, ETC.

The following was received:

City of Boston,
Office of the Mayor, October 18, 1935.
To the City Council.

Gentlemen,—I herewith transmit four letters from the Commissioner of Public Works, relative to your orders of October 7, 1935, concerning subject matters as follows, respectively:

1. Repavement of Joy street, Ward 3.
2. Repavement of Beethoven street, Ward 11.
3. Repavement of Woodlawn street, Ward 11.
4. Proposed safety island on Nashua street.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department, October 17, 1935.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of October 9 with attached order of City Council, dated October 7, and reading as follows:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Joy street, Ward 3,

and to state that due to the steep grade on Joy street, on both sides of Mt. Vernon street, a smooth pavement is inadvisable. A few years past the street was resurfaced

with an asphalt penetration macadam and this office considers the street to be in good condition.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

City of Boston,
Public Works Department, October 17, 1935.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of October 9 with attached order of City Council, dated October 7, and reading as follows:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Beethoven street, Ward 11,

and to state that Beethoven street, from Washington street to Arcadia street, is a public street with a length of 518 linear feet and a width of 40 linear feet.

The regulating of edgestone, placing of artificial stone sidewalks and the construction of a smooth pavement with a 6-inch concrete base will cost approximately \$6,000. There are no funds available for this construction. When activities commence on P. W. A. Projects and the money has been allotted, consideration can be given to this particular request.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

City of Boston,
Public Works Department, October 17, 1935.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of October 9 with attached order of City Council, dated October 7, and reading as follows:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Woodlawn street, Ward 11,

and to state that Woodlawn street, from Hyde Park avenue to Forest Hills avenue, is a public street with a length of 1,070 linear feet and a width of 40 linear feet.

Regulating edgestones and setting artificial stone sidewalks and the construction of a smooth pavement on a 6-inch concrete base will cost approximately \$12,500. There are no funds available at the present time for this construction. When activities commence on P. W. A. Projects and after the money has been allotted, consideration can be given to the resurfacing of Woodlawn street.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

City of Boston,
Public Works Department, October 17, 1935.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of October 9 with attached order of City Council, dated October 7, and reading as follows:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to erect a safety island on Nashua street, between the Manger and Lucerne Hotels,

and to state that a safety island on Nashua street, between the Manger and Lucerne Hotels, is very desirable. The island can be constructed with city forces and orders have been issued to construct an island as requested.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

Placed on file.

BURIAL OF VETERANS, MT. HOPE CEMETERY.

The following was received:

City of Boston,
Office of the Mayor, October 16, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Park Department, relative to your order of September 30, 1935, concerning the proposed allocation of certain parcels of land in Mt. Hope Cemetery to be used for the burials of Spanish War veterans and members of their families.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, October 15, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of October 9, with inclosure, order from the City Council requesting conference with the Cemetery Trustees, with reference to the proposed allocation of two parcels of land adjoining lot No. 2102 and a strip of vacant land bordering lot No. 2102 and lot No. 1969, to be used for the burial of Spanish War veterans and members of their families.

As the Cemetery Trustees have been out of existence since 1915, and the cemeteries of the City of Boston come under the jurisdiction of this department, I am respectfully submitting the following information:

The present Spanish War lot was trenched five feet deep which allows but one burial in each grave. It is, however, possible to trench these graves to a depth of seven feet which will allow a member of the family to be buried with the veteran. There is only one cemetery that I know of in this country that allows of the burial of a veteran and a member of his family,—that is in the National Cemetery at Arlington, Washington,—outside of Mt. Hope, which allows of two burials in the veterans' lot. In fifteen years, or since the World War Veterans' lot has been in existence, only one burial has been made with a veteran.

The present Spanish War lot has fifty vacant graves. In 1932, 10 Spanish War veterans were buried; in 1933, 11; in 1934, 13; in 1935, 8; an average of about twelve each year. Under these conditions we have enough graves to last four years.

The vacant land in part asked for contains about 6,700 square feet, or an estimate of 360 graves. The other land asked for was sold to the Grand Lodge of Masons and of course cannot be used. In the vacant land there are about thirty pine trees and also shrubs planted by this department for ornamental purposes; the land is rocky generally. If the development should be allowed, it will be necessary for the city to make a special appropriation for this department for such development. Incidentally, the city has no intention of selling the present vacant land.

All veteran burials in these lots are certified to as proper by the Soldiers Relief Department and are confined to residents of Boston.

Very respectfully yours,
WILLIAM P. LONG,
Chairman.

Placed on file.

WELFARE RECIPIENTS NOT POLICE LISTED.

The following was received:

City of Boston,
Office of the Mayor, October 18, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Overseers of the Public Welfare, relative to your order of October 7, 1935, concerning the number of welfare recipients, with on the welfare rolls out of the 2,081 mentioned by the Statistics Department, as of October 3, 1935, as not police listed in 1933, 1934 and 1935.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Overseers of the Public Welfare,
October 16, 1935.
Mr. Joseph F. Mellyn,
Secretary to the Mayor.

Dear Mr. Mellyn,—An inaccurate accounting of the 2,081 welfare recipients allowed to appear in police records is being made.

In the meantime, it is well to know that in Massachusetts, an address on file and is investigated as the place of residence, even though the applicant may have moved from but a short time and, if not reported, the place of settlement must remain the same. Also, welfare recipients, during the past few years, have been in their homes in such numbers that they are not added to the rolls, as they are likely to be in the same address at which they are not listed as the correct place. We know of hundreds of such people living under the same conditions, and are not reported.

In view of these explanations and the fact that all welfare recipients are listed at the address given as their residence, we are

rechecking as noted above the facts concerning each of the recipients reported as not appearing in the police-listing.

Yours very truly,
JOHN C. L. DOWLING,
Executive Director.

Placed on file.

President FITZGERALD in the chair.

CONDITIONS AT 1620 TREMONT STREET.

The following were received:

City of Boston,

Office of the Mayor, October 21, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Building Commissioner, relative to your order of September 23, 1935, concerning an investigation of conditions at certain property on Tremont street, Ward 10.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Building Department, October 16, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—In answer to your communication of September 26, quoting from an order of the City Council of September 23, "to investigate the unsightly conditions existing at 1620 Tremont street, Ward 10, and cooperate toward the end of having this condition remedied immediately," please be informed that this matter was referred to the district inspector who reported on September 30, as follows:

"On September 28, 1935, I examined the premises No. 1620 Tremont street, Roxbury. There is a concrete foundation about 6 feet high, roofed over, formerly connected with a stone crusher that has been taken down. The place is open and is used by boys, who had a small wood fire going while I was there. A brick foundation, 6 feet high by 20 feet long and 1 foot high, is still standing. A pile of broken stone and rubbish of all kind is now on lot."

Except for the abandoned cellar there is no violation of the Building Law on these premises, and complaint was served on the owner on October 10 relative to the unsafe condition of this abandoned cellar.

The inspector now reports that the lot is being cleaned up.

Respectfully yours,
EDWARD W. ROEMER,
Building Commissioner.

City of Boston,

Office of the Mayor, October 21, 1935.

To the City Council.

Gentlemen,—I herewith transmit a letter from the Commissioner of Public Works, relative to your order of September 23, 1935, concerning an investigation of conditions at certain property on Tremont street, Ward 10.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Public Works Department.

October 14, 1935.

Mr. John F. Gilmore, Jr.,

Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of September 26, 1935, with attached City Council order dated September 23, and reading as follows:

"To investigate the unsightly conditions existing at 1620 Tremont street, Ward 10, toward the end of having this condition remedied immediately."

and to state that 1620 Tremont street is private property and has formerly been worked as a quarry and crushing stone, etc.; of late years, however, the plant has not been operating.

The Public Works Department has no direct interest in cleaning up said property, and if a nuisance exists, the Health Department is the department to function. Large advertising signs have been and are now being erected on said property and as the owner of this property is receiving an income from rental space, said owner can afford to keep the land in a slightly condition.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

Severally placed on file.

LICENSING OF RENDERING PLANTS.

The following was received:

City of Boston,

Office of the Mayor, October 21, 1935.

To the City Council.

Gentlemen,—I herewith transmit a letter from the Health Commissioner, relative to your order of October 7, 1935, concerning the

alleged operation of slaughter houses and rendering establishments not being licensed therefor under General Laws, chapter 111, section 151.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Health Department, October 21, 1935.

John F. Gilmore,

Assistant Secretary, Mayor's Office.

Dear Sir,—Receipt is acknowledged of your communication of October 7 transmitting the order of the City Council, dated October 7, 1935, and reading as follows: "That the Health Commissioner be requested, through his Honor the Mayor, to inform the City Council as to why slaughter houses, rendering establishments, etc., are permitted to operate without license as required under the General Laws, chapter 111, section 151."

No slaughter houses, except chicken killing places, are operated in Boston elsewhere than in Brighton, at the location where the right to operate is recognized by specific statutes.

A rendering plant is being operated at Spectacle Island pursuant to the conditions of a contract of the city with Coleman Brothers.

The right to operate a rendering plant duly obtained in accordance with section 151 of chapter 111 and perhaps also acquired prior to 1871 is vested in the owners of Ward's Island, adjacent to the Spectacle Island plant. This right is not at present being exercised.

There are a few, less than a dozen, rendering plants operating in the city under permits granted pursuant to section 151 of chapter 111 and correlated statutes, or by virtue of rights antedating these statutes.

There are probably to be found operating in the city modern industrial processes, in numbers running up into the hundreds, to which the dictionary definition of "rendering" might be applied and even more to which the terms "noisome or offensive trades" might be applied, which terms are to be found coupled with "rendering" in the law.

Over 10,000 complaints a year alleging the existence of nuisances, more than thirty every working day, are received by the Sanitary Division of the Boston Health Department. Among them are always complaints that specified local industrial enterprises are a "nuisance and a menace to health." Always conspicuous among alleged nuisances are food processing establishments, restaurants, bakeries, candy factories, coffee roasting establishments, etc. The Dehydrating Process Company's plant in South Boston, which was the subject of a previous report to the City Council, is such a food processing factory. Its manufacturing processes cannot be construed as "rendering" by any conceivable stretching of the dictionary definition of "rendering." Complaints describing its odors as nauseating are identical in their phraseology with complaints which come to us from office buildings because of odors from any restaurant kitchen. Moreover, no more complaints have been made regarding this South Boston factory than in the cases of some restaurants before conditions were remedied or the restaurant driven out of business.

Probably next in numbers to complaints about "nauseating odors" from restaurants (restaurant kitchens) and other food processing establishments come complaints about "noisome" odors from other factories of various kinds, paint shops, etc. In the great majority of the industrial processes, however, to which the terms "rendering" or "noisome" trades are applicable, the odors are so controlled that neighbors do not know of their existence nor does the Health Department.

In cases where justifiable cause for complaint is found by the Health Department, experience has shown that by exercising its authority to "abate a nuisance" the Health Department may expect to be successful in forcing the adoption of remedial devices or in driving the industry out of business.

The permit contemplated in section 151 of chapter 111, and in correlated statutes, actually grants to somebody the privilege of maintaining a nuisance. The law dates back to the time when the creation of a nuisance was regarded as unavoidable in the operation of, for examples, a slaughter house, a soap factory, or a glue factory. This is no longer so. Modern devices exist for successfully controlling all such nuisances. In order to avoid having to deal with licensees holding a permit, express or implied, to maintain a nuisance it has been my policy to refuse, so far as found possible, to grant any permits

either under sections 151 or 154 of the chapter 111 or any other provisions of law, or pursuant to any departmental regulations which have been promulgated with the approval of the Corporation Councils in the past.

Occasionally, for some special reason, a permit has been granted by me under the authority of section 151 of chapter 111.

It is to be observed in this connection that I recently approved an application for the location for the carrying on of the rendering of "bones, meat, scraps and tallow" at Spectacle Island, no objection having been made by the adjacent property owners. It is to be noted that this application was approved for the location only on property where the right to operate a rendering plant already exists and probably existed prior to the enactment of present laws.

The policy of avoiding the issuance of permits under the authority of the laws above-mentioned in order to be better able to deal with objectionable conditions as nuisances did not originate with me as Health Commissioner. This policy, to my personal knowledge, antedates the present organization of the Boston Health Department. I, as Health Commissioner, have merely continued a policy which I found in operation and which, to the best of my knowledge and belief, has secured the approval of various Corporation Councils, although, with the time which I have had available since receiving your communication, I have been unable to locate in old records in the basement vaults any written opinions of the Corporation Councils with respect to this policy.

In conclusion I may predict that the State Commission appointed by the Governor to revise the Health laws of the state will recommend to the next Legislature radical changes in the methods of controlling potential nuisances in modern industries.

Very truly yours,
FRANCIS X. MAHONEY,
Health Commissioner.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Gilbert E. Baldwin, for compensation for loss of sweater at City Hospital.

J. Orville Kenney, for compensation for loss of topcoat at Parkman Building.

Kaloust Mardigian, for compensation for damage to car by fire engine.

W. Vernon Ryder, for compensation for damage to car by tip cart.

Ellen Scarry, for compensation for injuries caused by an alleged defect in Spring street, West Roxbury.

John Scarry, for compensation for injuries and damage to property caused by an alleged defect in Spring street, West Roxbury.

Josephine Scarry, for compensation for injuries caused by an alleged defect in Spring street, West Roxbury.

Charles F. Sefton, to be reimbursed for judgment issued against him on account of his acts as an employee of the School Buildings Department.

State Street Trust Company, for compensation for damage to car by city cart.

Edward D. Sweezey, for compensation for injuries caused by city cart.

Rose Tangherlini, for compensation for injuries caused by an alleged defect in sidewalk at 85 Mt. Vernon street.

Lillian Weinbaum, for compensation for injuries caused by an alleged defect in sidewalk adjacent to 712 Blue Hill avenue.

Committee on Jitney Licenses.

Petition of Boston Elevated Railway to operate motor vehicles, between South Station and North Station over Dewey square, Federal street, Milk street, Post Office square, Congress street, Dock square, Union street, Haymarket square, Canal street and Causeway street; return over Causeway street, Canal street, Haymarket square, Washington street, Adams square, Dock square, Congress street, Post office square, Milk street, Federal street and Dewey square.

UNITED STATES CONFERENCE OF MAYORS.

An invitation was received from the executive Committee of the United States Conference of Mayors to the Council to be present at next meeting of the Conference in Washington, November 18-20.

Placed on file.

[illegible]

that does not belong in this city. I maintain that there are men in Boston who would have the same ability as men in Somerville or East Sandwich. And yet we have here this instance of an outside man being appointed to an important position in the city employ, and the example of an outsider being appointed Purchasing Agent, and all that sort of thing. Unfortunately, the Mayor hasn't any great jurisdiction in this matter. All he can do is to request the Board not to appoint such people. When this department submits its budget, we approve it in a lump sum, and they spend it as they see fit. I say, however, that this sort of thing is unwise and that it is unfair to the taxpayers of Boston, and that the sooner those in authority in any branch of the city service discharge men and women on the pay rolls who are not living in Boston, the better. I wonder if there are in Somerville, Newton, Milton or any other city or town of the state Boston men in the municipal employ getting \$7,000 a year? I say that this is an outrage perpetrated on the taxpayers of Boston, and I hope the Mayor will take a definite stand in the matter so far as he is able to do so.

The order was passed under suspension of the rule.

PER CAPITA CHARGES OF BOSTON.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to appoint a committee of three executives and officers of the city, preferably one member of the City Council, one official from the office of the City Clerk, and one official from the Auditor's Office, to examine into and report at the earliest opportunity on the often-repeated statement that the per capita charges of Boston are higher than in any other city in the country.

Coun. DOWD—Mr. President, I was quite surprised to read recently a government report placing Boston as paying practically the highest per capita charges of any city in America. I believe there was only one other city, Rochester, put ahead of it. I think it was an unfair statement. The Mayor owes it to the people of Boston to prove this charge erroneous. In Boston, we have a peculiar set-up in government. We pay all costs of the county, all costs of schools. We pay enormous sums for Elevated deficits. We pay 100 per cent costs of welfare relief. We pay large sums each year for State tax and Metropolitan improvements, and other similar costs not borne by other cities. The Mayor should not let these statements go unchallenged. I would suggest to him that it might be a very good plan to appropriate some money from the Reserve Fund for this committee to make a comprehensive study of this whole subject. We can't afford, neither the Mayor nor the City Council, to have our city held up as the worst managed and most expensively conducted in the nation. It is bad advertising and if I were the Mayor I would soon prove that Boston is at least as efficiently conducted as any other large city in the country.

Coun. NORTON—Mr. President, I have made this same statement myself in regard to Boston as compared with other large cities of the country, not once but many times. We have here a situation that is not only wasteful but extremely harmful to our city. I want this committee, if it is appointed—and I hope it will visit other large cities and examine into conditions there—to answer two questions. First, Boston, with a population of 800,000, has an assessed valuation of 85,000-odd structures of \$1,500,000,000. There is not another city in the world with a population of 800,000 but has an assessed valuation for that population of not over \$1,000,000,000. You can take St. Louis, Pittsburgh, or Chicago, and you will find that that is true. Chicago, with a population about four times as large as Boston, assesses its real estate for but a billion and a half. Not only are our assessments 50 per cent and more higher than in any other city in the world, for 800,000 population, but we pay double the amount of taxation out of real estate in Boston that is paid in any other of these cities. That is true of Cleveland, St. Louis, Baltimore, Pittsburgh, Detroit, Chicago, Philadelphia, San Francisco. Every one of those cities takes from twenty-five to thirty million a year from the real estate of the city for each 800,000 people in the city. We are the only city in America taking over \$50,000,000 a year out of the real estate. Why does Cleveland, with a population of 100,000 more than Boston, take but \$25,000,000, St. Louis \$25,000,000, and these other large cities accordingly? What I am saying is this. That building across the street pays double in taxes what it would pay in any other large American city. I challenge anyone in the Council, the Mayor or any city official, to knock down that statement. Bring in the

tax bills, the figures, and I will produce the figures here in Boston for 1934, as compared with those cities.

The order was passed under suspension of the rule.

PLACING OF EMPLOYEES ON PERMANENT LIST.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor request the trustees of the Boston City Hospital to place all employees who have worked for the city for over a year, and are now temporary employees, on the permanent list.

Passed under suspension of the rule.

COURTESY TO WELFARE APPLICANTS.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor request the director of the Public Welfare Department to issue instructions to all visitors of the department to treat applicants who apply for aid with a little more consideration and courtesy.

Coun. DOWD—Mr. President, two weeks ago I introduced an order, knowing that the E. R. A. workers had been cut down to half time, to have the Overseers of Public Welfare in this city supplement what they were receiving from E. R. A. Those getting \$12 were cut down to \$6. But when those people go down to the Welfare Department they are insulted by some of these visitors through the questions that are asked of them. For example, they are asked, "How long have you worked for the E. R. A.?" If they say "A year," they are asked, "Where were you previous to that? Go and get a letter." "What did you do with your last week's pay?" In other words, while they are being investigated they may be slowly starving to death. Then they give out grocery orders. Well, you cannot pay for your light and rent with groceries. But evidently there is a racket with grocery stores, and instead of being given money they are given grocery orders. What difference does it make to the taxpayers whether they are given money or grocery orders? The city pays the same amount in either case. But the fact seems to be that we have some cold-blooded, hard-boiled, arrogant visitors. They have their job, and they don't seem to realize that some of the recipients of aid are paying their salaries and that they are very fortunate in having a job and a salary. I want them to treat the people who go there, however, with consideration and kindness, and not insult them as they are doing at the present time.

Coun. AGNEW—Mr. President, if what Councilor Dowd says is true, I think this matter should be referred to the Committee on Public Welfare and that Councilor Dowd should place before that committee cases he has in mind, also having individuals come before the committee.

Coun. DOWD—Mr. President, I am perfectly willing to refer it to the committee, but I believe any councilor—I don't care whether from South Boston, East Boston, Roxbury, Dorchester, or any other section—must get the same complaints that I have received. They are just as humane as I am and must feel the same as I do. They get the same complaints day in and day out in regard to the treatment that people receive from the Welfare Department.

The order was referred to the Committee on Public Welfare.

MEMBER OF BOSTON HOUSING AUTHORITY.

Coun. KERRIGAN and DONOVAN offered the following:

Ordered, That his Honor the Mayor be requested to appoint Leo D. Walsh of South Boston as a member of the Boston Housing Authority.

Coun. DOWD—Mr. President, I would like to say just a word on that order. I believe that the councilors from South Boston, Councilors Donovan and Kerrigan, are properly deeply interested in this matter, and that they are justified in the position they take. As a matter of fact, the only housing project established so far has been in South Boston, and if there are to be others they may likely be in that district. The name suggested is that of a young man who started this fight two years ago, and I, too, feel that the name of

Leo D. Walsh should be given serious consideration by his Honor the Mayor.

The order was passed under suspension of the rule.

LICENSES OF SLAUGHTER HOUSES.

Coun. ROBERTS, DONOVAN and KERRIGAN offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to furnish the City Council with information as to whether or not the following concerns in Boston are conducting rendering establishments or slaughter houses in violation of chapter 111, section 151, of the General Laws, without any license from the Mayor and City Council under the provisions of said act—Chamberlain & Co., Inc., Handschumacher & Co., Dehydrating Process Company, Coleman Disposal Company.

Passed under suspension of the rule.

LICENSE TO OLIVER AMES POST.

Coun. ROBERTS and AGNEW offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Building Commissioner, Superintendent of Public Buildings and the Licensing Division to issue a license to the Oliver Ames Post, A. L., to conduct a dance and bridge party on the premises which they occupy as Post headquarters on the evening of Thursday, October 24, 1935.

Coun. ROBERTS—Mr. President, I would simply like to say that the question of whether or not this Post conducts itself as an active Post in that location is entirely up to the Mayor's office, and we will see what the results are next Thursday.

The order was passed under suspension of the rule.

WARD 11 IMPROVEMENTS.

Coun. ENGLERT offered the following:

Ordered, That the Commissioner of Public Works Department be requested, through his Honor the Mayor, to resurface with smooth paving, Valentine street, Ward 11.

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install traffic lights at the junction of Amory and Boylston streets, Ward 11.

Severally passed under suspension of the rule.

SEGREGATED LIBRARY BUDGET.

Coun. WILSON offered the following:

Ordered, That the trustees of the Boston Public Library be requested, through his Honor the Mayor, to submit budget requirements in segregated form for the year 1936.

Coun. WILSON—Mr. President, this order in a way supplements some of the things that Councilor Dowd has said in reference to the recent \$7,000 appointment in the Boston Public Library. I realize that the Boston Public Library is an incorporated proposition and that under the statutes, probably under the law, they do not have to submit a segregated budget. As far as I know, however, it is the only city department, or department that has anything to do with the city, that does not submit a segregated budget. The Licensing Board is not required to do so by statute, but does it; the Police Department, since the time of Commissioner O'Meara, although not required to do so, does it. I have in mind not only the \$7,000 job that has been referred to, but I understand also that a man from Cambridge, through political association back in 1910, got a similar good job, and also that another outside man, the chief librarian of the department, got a nice \$9,000 berth, while another man who does not live in Boston, in an executive position, if I have the figures correctly, has a \$7,000 job. And just bear in mind that the Budget Commissioner of the city receives only \$6,500, and that the City Auditor gets as City Auditor but \$7,000, with a county payment which brings it to \$8,500. And still the Library Department, with a total budget amounting to \$1,160,615, of which \$915,000 is for salaries, does not send to us, as other city departments do, a segregated budget. I do not believe it is much good to protest to the Mayor about this \$7,000 job in the library unless it is followed up by a request, which may or may not be complied with, that the Library Department, following the custom of every other

department of the city, bring in a segregated budget at the beginning of the year. If they are not in favor of doing it, for one I am ready to cut out their annual trip down here to City Hall, simply going through the motions. It is, of course, ridiculous for the Council to invite the trustees of the Boston Public Library to come in here when all they do is to submit as a budget lump figures that mean nothing. For that reason I offer the order, believing that this department, which has at least three outside of Boston executives getting \$7,000 and over, should follow the same procedure as every other department of the city, having particularly in mind the Police Department and the Licensing Board, which, while they are not by the statute required to do it, still submit to us segregated figures at the start of the year.

The order was passed under suspension of the rule.

SMOKE NUISANCE, DORCHESTER COURTHOUSE.

Coun. WILSON offered the following:

Ordered, That the Public Buildings Commissioner, through his Honor the Mayor, be requested promptly to abate present smoke nuisance at the Dorchester Courthouse.

Passed under suspension of the rule.

PURCHASE OF MATERIALS IN BOSTON.

Coun. FISH offered the following:

Ordered, That the Superintendent of Supplies be requested by his Honor the Mayor to purchase all materials from Boston firms.

Passed under suspension of the rule.

TRAFFIC LIGHTS, PEABODY SQUARE.

Coun. FISH offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install traffic lights in Peabody square.

Passed under suspension of the rule.

BABY CLINIC IN DORCHESTER.

Coun. FISH offered the following:

Ordered, That the Health Commissioner be requested, through his Honor the Mayor, to locate a baby clinic in the Neponset section of Dorchester and Mary Hemenway section of Dorchester.

Passed under suspension of the rule.

PREFERENCE TO FORMER CITY EMPLOYEES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of giving preference in employment to those city employees let go during the first part of his administration.

Passed under suspension of the rule.

REPORT ON DECREASE IN POPULATION.

Coun. NORTON offered the following:

Ordered, That Election Commissioner David Shaw, through his Honor the Mayor, be requested to consider the advisability of informing the Council as to his opinion regarding the report of the Real Property Inventory, a City Planning Board project, dated August, 1935, which states, on page 7, that the "City as a whole shows a decrease in population of 1.35 per cent."

Coun. NORTON—Mr. President, I have offered this order, trusting that the Election Commissioner, through his Honor the Mayor, will consider the advisability of informing the Council in this matter. We have seen figures claiming that the population of the city has gone up somewhat, from 1930 to 1935, to 815,000, but here is a report of one of the City Planning Board projects, showing as a result of the findings of experts who have gone over the city, that the population has not increased from 1930 to 1935, but has in reality decreased 1.35 per cent. It seems to me that this is something that should be looked into.

The order was passed under suspension of the rule.

W. P. A. FUNDS FOR STREET WORK.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of making arrangements to fix every street in Boston with W. P. A. funds.

Coun. NORTON—Mr. President, there is no reason why every street in Boston cannot be fixed now. This is the opportunity. Uncle Sam pays for the labor.

The order was passed under suspension of the rule.

SITE OF NEW CITY HALL.

Coun. FINLEY offered the following:

Ordered, That the City Council go on record as opposed to the location of the proposed new City Hall at any other site than that of the present City Hall.

Coun. FINLEY—I introduce this order at this time, Mr. President, because of the large number of suggestions that a new City Hall be erected next to the Pemberton Square Courthouse, in the Back Bay, at Arlington square and on Columbus avenue. In each of these locations which have been suggested by architects, extensive land-takings would be involved, and the cost for the land alone would run into millions of dollars on any one of the locations. It has become apparent that the present City Hall must be replaced in the near future. This building has become so dilapidated that in many places it is in danger of a collapse. If it were owned by anyone other than the city it would have been condemned long before this. We are confronted at the present time with a choice between ordering the erection of a new building and passing an appropriation to finance expensive repairs and renovations. If we take this latter course we will still be compelled to pay approximately \$60,000 a year in rentals for departments which cannot now be housed in City Hall. This \$60,000 a year would finance a large portion of the cost of erecting a new building. However, we should disregard these costly proposals of the architects who would have the City Hall moved to another section at a tremendous cost to the taxpayer. The city cannot afford any such change, and no sensible or logical reason has yet been advanced for changing the location of City Hall.

Passed under suspension of the rule.

LAND DAMAGE CLAIMS, LA GRANGE STREET.

Coun. FINLEY offered the following:

Ordered, That his Honor the Mayor request the Finance Commission to investigate the claims that have been submitted for land damages in connection with the reconstruction of La Grange street, West Roxbury, and submit a report of their findings to the Committee on Claims of the City Council.

Passed under suspension of the rule.

Adjourned, on motion of Coun. FINLEY, at 5.45 p. m., to meet on Monday, October 28, 1935, at 2 p. m.

LAND-TAKING IN SOUTH BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the discontinuance of the whole or part of Kemp street, South Boston district, as a highway, bounded and described as follows:

A part of the highway named Kemp street is hereby discontinued from the easterly line of Albert street easterly for a distance of two hundred and fifty-nine feet.

Said part of said highway as hereby discontinued is bounded:

Westerly by the easterly line of said Kemp street as hereby established, forty feet; northerly by the northerly line of said Kemp street as it existed previously to this discontinuance, two hundred and fifty-nine feet; easterly by the easterly line of said Kemp street as it existed previously to this discontinuance, forty feet; and southerly by the southerly

line of said Kemp street as it existed previously to this discontinuance, two hundred and fifty-nine feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the discontinuance of a part of Kemp street, South Boston district, as a highway, easterly from Albert street, under the order of the Board of October 22, 1932, and awards no damages therefor.

COST OF UNEMPLOYMENT RELIEF.

The annual cost of various types of unemployment relief made by the National Industrial Conference Board, based on 3,500,000 relief cases, have been estimated at from a little less than \$1,000,000,000 for direct relief of the type received by more than half of the persons now on the relief rolls to over \$8,000,000,000 for public works relief, with full-time employment, at the "prevailing wage" rate. According to the report released February 28 the story is:

"The average cost of direct relief per case during the third quarter of the past year was at the rate of slightly over \$280 per year. At this annual rate the total cost for 3,500,000 cases would amount to \$989,000,000. The average cost of work relief has been around 50 per cent greater than the cost of direct relief. The average for the third quarter of 1934 was slightly over \$35 per month, or around \$420 per year. Continuous employment for 3,500,000 persons during a period of twelve months would cost \$1,475,000,000.

LOW FATALITY RATE IN PROVIDENCE.

The fatality rate in Providence in 1934 was the lowest in all the years since modern traffic problems have existed, according to figures compiled by the city's traffic bureau. It is believed that the activity herein described was one of the many which have contributed toward this result. Certainly, if speeds can be consistently held down or reduced, there is small doubt that accidents will be decreased.

Traffic authorities in Providence decided in 1932 that a plan of monthly "sampling" of vehicular speeds by actual measurements be carried out, covering about fifty-four locations, none of which should be in congested traffic. This system was worked out and tested in that year, and has been in full operation during 1933 and 1934.

TAX COLLECTIONS FOR MUNICIPALITIES IMPROVE.

The results of a nation-wide survey of tax collections covering reports from 106 cities throughout the United States, just completed by Frank H. Morse of Lehman Brothers, New York, show that there has been a definite improvement in tax collections in 1934 over 1933.

Questionnaires were sent to the finance offices of the principal cities in each section of the country and 106 replies were received from city officials throughout the country. Of the 106 cities which reported, 82, or 77.3 per cent, showed an improvement in 1934 collections over those of 1933, as against 24 cities, or 22.7 per cent, which reported a decrease in 1934 collections. (From the American City Magazine.)

JAMAICA SPENDS \$1,000,000 ANNUALLY ON ROAD CONSTRUCTION AND MAINTENANCE.

Jamaica, an English possession, has a highway system which is almost entirely constructed of waterbound macadam, some 70 miles of which has been surface-treated. Many of the roads are under the supervision of the Department of Public Works and various parochial boards. There are about 2,500 miles of bridle and foot paths. The highway system connects all parts of the island in a very satisfactory manner, and the problem is not that of the construction of new roads, but the improvement of old ones, the surfacing and widening of these roads, and protective coatings. The roads are well maintained and, as there are not many heavy trucks, the maintenance is satisfactory. There are approximately 4,000 miles of highways, or 1.11 square miles of area to one mile of highway.

About a million dollars per year is spent on new construction and maintenance, the machinery used being both European and American.

(From a report of the American Road Builders' Association.)

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

NEWTON REDUCES WATER RATES.

The city of Newton reduced its water rates 10 per cent in 1932, from 25 to 22.5 cents per 100 cubic feet, and for 1934 has reduced them 11.5 per cent, to a flat price of 20 cents per 100 cubic feet. This reduction was made possible by savings effected by reorganizing the administration and maintenance methods and equipment of the department before and since the beginning of the city's "four-year plan" of water development in 1931.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

1934 PAVING BRICK SHIPMENTS DOUBLE 1933.

According to reports received in December by the National Paving Brick Association, Washington, D. C., the total shipments of paving brick used in 1934 were expected to attain a total of 125,000,000, at least double the quantity used in brick pavements in 1933. O. W. Renkert, of Canton, Ohio, president of the association, accounts for this 100 per cent increase over the previous year by citing several factors responsible for expanding the use of vitrified brick as a street and highway surfacing material. The construction of widened arteries of traffic in and through municipalities has been favorable to the heavy-duty type of pavement, such as brick. Relief to traffic is provided where there is the most congestion, and employment is afforded in populated districts where distress is the greatest.

GOVERNMENT REPORTS ON ELECTRIC RATES.

Two government bodies reported on electric rates in February. Indeed, the joint legislative committee of New York included gas as well as power and light rates, finding them all unfavorable to the consumer. This was on February 15, and twelve days prior to this the Electric Rate Survey of the Federal Power Commission made public a set of comparative tables showing the widely differing rates effective on January 1, 1935, in the 191 cities of 50,000 or more, constituting 49 per cent of the residential customers in the United States. All communities of 1,000 or more will eventually be covered, by June 30 next.

This latter survey, under the direction of William E. Mosher, shows that cities owning their own plants charge less than do the commercial utilities. In cities of 100,000 or more having the lowest rates, this was invariably the case. In these cities where rates were highest, Jacksonville was the only municipally served city.

CITY OF BOSTON.

LISTING BOARD.

PROPOSAL FOR PERFORMANCE OF WORK IN CONNECTION WITH THE LISTING OF RESIDENTS TWENTY YEARS OF AGE OR OVER FOR THE YEAR 1936.

The Listing Board for the City of Boston invites proposals for the performance of the work and to furnish the material in connection with the work of listing the residents of Boston, beginning January 2, 1936. The bidder must use the form of the proposal to be obtained at the office of the Police Commissioner, 154 Berkeley street, Boston, and deposit with his bid, at the office of the Police Commissioner, a properly certified check for \$1,000, payable to and to become the property of the Listing Board for the City of Boston if the proposal is not carried out. Proposals will be publicly opened and read on Friday, November 1, 1935, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston. The Listing Board reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as it deems for the best interest of the Listing Board of the City of Boston. Surety bond will be required from the successful bidder in an amount equivalent to 25 per cent of the estimated contract amount.

E. M. MCSWEENEY,
DANIEL H. ROSE,

Listing Board for the City of Boston.
(Oct. 26.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

NATIONAL INDUSTRIAL RECOVERY PROJECT P. W. A., DOCKET NO. 4214.

NOTICE TO CONTRACTORS.

Sealed proposals addressed to the Commissioner of Public Works and indorsed, "Proposal for Replacing Artificial Stone Sidewalk in Brookline Avenue," will be received at Room 508, City Hall Annex, until 12 m. of Friday, the first day of November, 1935, and at that time and place will be publicly opened and read. Specifications and contract forms may be obtained at Room 508, City Hall Annex, upon deposit of the sum of two dollars. Each proposal must be accompanied by a properly certified check in the sum of two hundred dollars payable to the City of Boston. Checks will be returned after the awarding of the contract upon demand. The project is to be financed and constructed under the terms of the National Industrial Recovery Act and chapter 366 of the Acts of 1933, as amended by chapter 21 of the Acts of 1934, of the Commonwealth of Massachusetts, and attention is called to the construction regulations prescribed by the P. W. A. Attention is called to the fact that not less than the minimum wage rates prescribed by the Federal Emergency Administration of Public Works must be paid on this project. The employment agency designated by the Government is the State Public Employment Office, 100 Nashua street, Boston. No bidder may withdraw his bid for a period of thirty days after the date set for the opening thereof. A surety bond by an approved surety company will be required from the successful bidder in an amount not less than the full amount of the contract. The right is reserved to reject any or all proposals, or to accept any proposal deemed best for the interest of the City of Boston, and no award can be made without the approval of the Acting State Director.

C. J. CARVEN,

(Oct. 26.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SNOW REMOVAL EQUIPMENT.

The Supply Department of the City of Boston invites proposals for furnishing Snow Removal Equipment to be delivered, as required, according to specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, as follows:

Nos.	Tonnage.	Trucks.
6	7 to 10	Dump—4-Wheel Drive—including full plowing equipment.
49	3 1/2 to 5	Dump Trucks.
9	3 1/2 to 5	Dump Trucks—4-Wheel Drive—including full plowing equipment.
52	2 1/2 to 3 1/2	Dump Trucks.
1	3	Dump Truck.
8	1 1/2	Dump.
8	5-ton	Tractors—including Bulldozer and V-plow with hydraulic hoist.
17		Sand Spreaders.
12		Snow Loaders.
42		High Mould Blade Snow Plows with hydraulic hoist.
4		V-Shaped Plows.
2		Fuel Trucks to supply gasoline and oil.

There will be a charge of twenty cents (\$0.20) for each proposal taken out. Bidder must use the form of proposal to be obtained at the above office, and the successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Proposals will be publicly opened and read at the above office at 12 m., Friday, November 8, 1935. Proposals must be accompanied by a certified check for \$500, which is to be the property of the City of Boston if the proposal is not carried out. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the City. All contracts made subject to appropriations to meet payments thereunder.

DAVID B. SHAW,

Acting Superintendent of Supplies.

(Oct. 26-Nov. 2.)

OWNED AND RENTED HOMES IN UNITED STATES, NEW ENGLAND AND MASSACHUSETTS, 1930—ALSO BOSTON.

Total homes in UNITED STATES, 29,904,663, of which 14,002,074 or 46.8 per cent were owned, 15,319,817 or 51.2 per cent were rented, and 582,772 were of unknown tenure. Native white families, 20,968,803; foreign-born white families (the head of the family being a foreign-born white person), 5,736,491; Negro families, 2,803,756; other races, 395,613.

The native white families owned 10,255,682 homes and rented 10,314,500 homes; the foreign-born white families owned 2,968,707 homes and rented 2,690,300 homes; the Negro families owned 669,645 homes and rented 2,050,217 homes; the other races owned 108,040 homes and rented 264,800 homes.

Total homes in NEW ENGLAND, 1,981,499, of which 915,441 or 46.2 per cent were owned, 1,042,521 or 52.6 per cent were rented, and 23,537 were of unknown tenure. Native white families, 1,203,304; foreign-born white families, 753,231; Negro families, 22,864; other races, 2,100.

Total homes in MASSACHUSETTS, 1,021,160, of which 439,238 or 43.0 per cent were owned, 569,645 or 55.8 per cent were rented, and 12,277 were of unknown tenure. Native white families, 579,751 (306,978 or 30.06 per cent were native white of native parentage and 272,773 or 26.71 per cent were native white of foreign or mixed parentage); foreign-born white families, 427,385 or 41.85 per cent; Negro families, 12,637 or 1.24 per cent; other races, 1,387 or 0.14 per cent.

Total homes in BOSTON, 179,200, of which 45,986 or 25.66 per cent were owned, 130,140 or 72.62 per cent were rented and 3,074 were of tenure unknown. Divided by color and nativity of head of owner-families, 7,741 were native white of native parentage; 11,137 were native white of foreign or mixed parentage; 26,366 were foreign-born white; 726 were Negro and 16 were of other races.

Of the renter-families, 27,267 were native white of native parentage; 36,428 were native white of foreign or mixed parentage; 61,505 were foreign-born white; 4,431 were Negro, and 509 were of other races.

POPULATION OF UNITED STATES, NEW ENGLAND AND MASSACHUSETTS.

Continental United States (i. e., 48 states and the District of Columbia) in 1930, 122,775,046; outlying possessions, 14,233,389; total, 137,008,435; New England, 8,166,341; Massachusetts, 4,249,614 or 52.04 per cent of New England and ranking eighth in the Union. In density of population Massachusetts ranks second, i. e., 528 per square mile of land, Rhode Island ranking first, with 644 per square mile of land.

Population of the other New England States in 1930, ranking from the highest total: Connecticut, 1,606,903; Maine, 797,423; Rhode Island, 687,497; New Hampshire, 465,293; Vermont, 359,611. Density for New England, 132 per sq. m.; for U. S. (48 states and the District of Columbia) 41 per sq. m.

The population of the United States increased 16.1 per cent since 1920; that of New England 10.3 per cent and that of Massachusetts 10.3 per cent.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, NOVEMBER 2, 1935.

NO. 44

MAYOR MANSFIELD AGAIN ASKS CITY COUNCIL TO PASS LOAN ORDER FOR SNOW-REMOVAL EQUIPMENT — POINTS TO URGENT NEED AND NECESSITY FOR SPEEDY ACTION — ACCOMPANYING COMMUNICATION HE SUBMITS COPY OF SUPPLEMENTAL REPORT OF HIS COMMITTEE WHICH SUGGESTS MANY CHANGES LOOKING TO MORE EFFICIENCY IN MEETING PROBLEMS.

Mayor Mansfield, in a communication sent to the City Council on October 28, called for the passage of the loan order presented by him for the purchase of snow-removal equipment. Accompanying the letter the Mayor submitted to the Council a supplemental report from his snow-removal committee, recommending a number of changes in the system of snow fighting that has been in vogue during the past several years, by which it is sought to more successfully cope with any situation that may arise. The letter to the Council and the copy of the committee's report follow:

To the City Council.

GENTLEMEN,—The committee appointed by me to consider the problem of snow removal has made a partial report about the equipment which they consider necessary and which has been sent to your Honorable Body and is now under consideration.

There remained to be considered by the committee a comprehensive plan of campaign for the removal of snow, and the further question of the necessary qualifications of contractors who, in the opinion of the committee, should be considered by the Public Works Commissioner in the letting of contracts for snow removal. The committee has delivered to me today its report, which I have accepted, upon these two matters, namely, the plan for the removal of snow and the report about the contractors. I am transmitting a copy of that report to which you will find attached a plan in detail for snow-removal organization and a map reducing the number of districts from twelve to four.

This report of the Snow Committee does not require any action by your Honorable Body, but is sent to you for your information so that there may be a comprehensive plan of the entire problem before you.

I beg to add that it is highly important that your Honorable Body should act on the loan order before it for the purchase of snow-removal equipment. Snow has recently been reported in this state and the time is rapidly approaching when there will be imperative need for this equipment. If the appropriation is made by your Honorable Body, a considerable period of time must elapse thereafter in order to analyze the bids, award and complete the contracts, and the delivery of the material. I earnestly urge that this loan order be acted upon today.

Respectfully,

FREDERICK W. MANSFIELD, *Mayor.*

Committee on Snow Removal Report.

Boston, October 26, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The Committee on Snow Removal, following its report of October 2, 1935, in which it recommended the purchase of trucks and other equipment for the Public Works and Park Departments, has given consideration to other phases of the matter.

There is no contract work in the Park Department. The trucks of that department are operated from the garage in Franklin Park, and, in the event of snow, they are assigned by the chairman of the commission to boulevard roads, cemeteries, the Airport, the Zoo and to various parks and squares throughout the city, starting with the advent of the storm and continuing day and night until everything is cleaned up.

In the opinion of the committee there are three matters which we feel should receive the attention of your Honor and the officials of the Public Works Department, upon whom rests the responsibility of keeping the streets open during the storms of the winter.

These may be described as (1) a proper snow-removal organization; (2) a redistricting of the portion of the city in which snow-removal work is done by contract, and (3) the selection of contractors for this work who have the necessary equipment and who are properly qualified and financially able to execute such contracts.

Snow-Removal Organization.

The committee has had prepared a plan of a snow-removal organization which definitely and distinctly places the responsibility upon the various officials of the Public Works Department who will have charge of this work under the direction of the commissioner of that department. The various districts of the city, in times of snow removal, will be under the jurisdiction of the division engineers of the Public Works Department, each engineer being in charge of a particular section or sections. We recommend the adoption of this plan, which is hereto attached.

(Continued on page 4336.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Tuesday, November 12, 1935, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending October 26, 1935:

Population as of July, 1935, Massachusetts State Census, 817,713; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 186; nonresidents, 53; total, 239.

Death rate per 1,000 of population: All deaths, 15.56; nonresidents deducted, 12.11.

Death rate per 1,000 of population:

Last week, 11.65; corresponding week last year, 14.12.

Deaths by age periods, sex, etc.: Under one year, 21; one year to four years, inclusive, 5; sixty years and over, 112; Total deaths: Male, 111; female, 128; deaths in hospitals and institutions, 157; deaths of colored, 13.

MAYOR MANSFIELD DISCUSSES FUNCTIONS OF CITY'S HEALTH DEPARTMENT SERVICE TO PUBLIC IN REGULAR WEEKLY BROADCAST FROM CITY HALL STATION OF WNAC — POINTS TO FACT THAT CITY WOULD SUFFER WERE SERVICE CURTAILED AND BENEFITS FAR OUTWEIGH COSTS IN HEALTH AND DISEASE PREVENTION — PROTECTION OF HEALTH ONE OF NECESSARY AND PROPER FUNCTIONS OF THIS BRANCH OF MUNICIPAL GOVERNMENT.

In his radio broadcast on October 29 from City Hall Station of WNAC, Mayor Mansfield spoke as follows on the subject, "The Boston Health Department":

The primary reason for the existence of a municipal Health Department is the protection of the health of the people. Protection against diseases was long ago recognized as a necessary and proper official municipal function. It has slowly come to be recognized that a municipal Health Department's work must necessarily be largely educational. We cannot legislate good health into people nor can it be beaten into them by physical violence.

Our Health Department sends out physicians, medical inspectors, so called, and nurses, as envoys to the people for the promotion of their physical and, to some extent, their mental well-being. Cases of communicable diseases furnish the usual reason for the entry of our doctors, or nurses, into people's homes. Our official envoys do not bring medical treatment. That is left to the family physician. Our doctors and nurses come with authority to quarantine, to restrict the liberty of individuals in the interest of the public generally, but more than this, in the discharge of their prescribed duties they instruct or advise in the interests of the patients and their families.

SEVEN HEALTH UNITS.

The City of Boston maintains seven Health Units, so called. These are educational institutions, not hospitals nor clinics. They are designed and operated to educate people to protect their own health, and to prevent disease. The conferences, which have the appearance of clinics, exist for the purposes of demonstration, and not for medical treatment. The dental chairs are used to show what can and should be done for children to assure the proper development of those important accessories to a good digestion and a healthy body—the teeth. The demonstrations in the dental chair are combined with the teaching that diet is of primary importance in the development of good teeth,—that not only are its chemical composition and its vitamins to be considered, but its physical consistency is essential as well.

In our health units, and in the Health Department's baby conferences at our health units, and in other municipal buildings, young mothers may and do learn how healthy babies may be kept healthy. Public lectures are a feature of the educational program of our health units.

Another important function which our health units perform is to furnish the means of correlating efforts for the promotion of public welfare generally by bringing together under one roof in a local headquarters representatives of such private organizations as the Catholic Charitable Bureau, the Community Health Association, the Boston Urban League, the Family Welfare Association, the Overseers of the Public Welfare, and others.

Not so many years ago, efforts to protect the public against the spread of smallpox, diphtheria, scarlet fever and typhoid fever constituted the chief health promotion activities of the Boston Health Department. The Board of Health was then able only to offer the individual personal protection against smallpox. It provided smallpox vaccine and stood ready to vaccinate if deemed advisable. Now it is able to provide similar protection against diphtheria, typhoid fever and scarlet fever. It not only offers to practicing physicians, through its medical inspectors, expert personal medical assistance, but the department's laboratory

provides the physicians with laboratory aid in making a correct diagnosis in doubtful cases.

OLD DISEASES MASTERED.

As old-time diseases like smallpox and diphtheria have been divested of their former terrors new disease problems have sprung up to take their place. Before the present century, epidemics of poliomyelitis, so-called infantile paralysis, were unheard of. During the past summer, and up to date, the Boston Health Department has been called on to deal with 649 cases of poliomyelitis, of which 413 have been residents of Boston. It has aided in diagnosis, encouraged experimental procedures with a view to preventing the development of a crippling paralysis and has advised as to treatment when paralysis has developed. As in previous years, when poliomyelitis has been prevalent in Boston, our Health Department has conducted a systematic study of cases, thus contributing to the information which some day will serve to solve the baffling mystery of the epidemic spread of this disease in summer and early autumn.

A much clearer understanding of the relation of food to health has been brought about by scientific discoveries in the last twenty years. Some diseases formerly regarded as contagious have come to be recognized as merely the result of a so-called dietary deficiency and their cure is assured by a proper diet. It is the Health Department which assumes the duty of disseminating this information. It is also the Health Department which exercises police powers to prevent people from being poisoned or cheated in the matter of their food. The Health Department's food inspectors see that laws relating to "misbranding" and other forms of misrepresentation regarding foodstuffs are enforced. The Health Department's food inspectors quietly and unostentatiously go through markets and stores daily to see if foods offered for sale conform to prescribed standards of quality. These inspectors scrutinize establishments where foodstuffs are manufactured or handled. During the last calendar year, more than 56,000 inspections were made of markets, bakeries, restaurants and other places where foodstuffs are processed or sold. Nearly 180,000 pounds of foodstuffs thus found

were condemned as unfit for human consumption.

The Sanitary Division of the Health Department likewise serves to protect the public against exploitation by the unscrupulous and to safeguard them from the consequences of their own carelessness. During the last calendar year, more than 17,000 tenement houses were inspected to see if they conformed to law with respect to proper sanitary equipment and air space, light and windows in human habitations, and to warn the occupants of violation of law on their own part. Housing conditions in Boston are not entirely satisfactory, but our building laws even as they now stand practically put the healthfulness or unhealthfulness of human habitations in Boston up to the occupants themselves.

ANOTHER HEALTH FIELD.

There is also another field in which the Health Department exercises police powers. It is the one in which these powers are invoked by the people generally. During the past year, the Health Department received more than 10,000 complaints alleging that certain specified conditions were a "nuisance and menace to health."

The police powers which we are considering were vested in a "Board of Health" at a time when a yellow fever epidemic was officially ascribed to a pile of rotting coffee on a Philadelphia wharf, when malaria was supposed to be due to "miasmatic" emanations from a swamp, and a leaky sink drain was sufficient to account for a case of diphtheria.

A "nuisance," any ill-smelling accumulation of any material, was then regarded as synonymous with a "cause of sickness." We have long since learned that offensive refuse is usually harmless and is only indirectly a factor in the spread of diseases, if at all. Rotting garbage is of public health interest only as furnishing food for rats and flies and other insects which may be capable of conveying the germs of certain diseases. Nevertheless, the idea still persists that it is the Board of Health or the Health Department which is responsible for municipal cleanliness and that the old Board of Health's ancient authority to "abate a nuisance" is to be invoked even to remedy a lack of a satisfactory state of cleanliness in public streets. Without quibbling over

questions of official responsibility the Boston Health Department has recently assumed the task of trying to bring about a more acceptable standard of civic cleanliness with respect both to private and public property. The department has endeavored to accomplish this object by stimulating other official agencies concerned and by educating the public to demand and to observe better habits in the disposal of refuse. Noteworthy results have been attained, particularly in the in-town market district and in outlying localities similarly devoted to marketing foodstuffs.

FIGHTS UNCLEANLINESS.

The Health Department also concerns itself with a form of uncleanness which is not visible, but more important to public health than a dirty catch-basin. Throughout the year, especially trained inspectors make regular weekly visits to every swimming pool in the city. As the result of personal inspection of the pool and its surroundings and of chemical and bacteriological examination of the water the inspectors make recommendations, if found necessary, regarding the purification of the water and the prevention of "athlete's foot" or other skin infections. Also during the out-of-doors bathing season, from June until September, Health Department inspectors similarly make weekly examinations not only of regular bathing beaches, but at other places where people are accustomed to bathe.

In this talk I have not attempted to catalog all the duties and activities of our Health Department. I have tried to remind you of some of the ways in which it is giving you service. May I remind you also that the activities of our Health Department exemplify a kind of personal service from official municipal agencies which people have become accustomed to expect. When the death rate from tuberculosis in Boston was more than three times what it is today, people did not expect the city to make elaborate provision for the detection of an active tuberculosis infection in its earliest stages, in children as well as in adults, to provide nursing supervision over the personal hygiene of such persons in their homes and if deemed advisable to place them in special hospitals at public expense, provided the patients or their families were unable to bear the cost of expensive hospital treatment.

It is such personal services which the people have become accustomed to expect that have helped to run up the cost of municipal government,—not alone increased cost of street cleaning or the maintenance of parks, streets, or sewers and municipal buildings. If people were to lose some of the personal service which the Health Department is rendering it would be badly missed, but if people expect to continue to enjoy the luxuries now furnished by municipal agencies, the people must pay for them. There is no alternative. Some reduction in the expense of administration is possible, but it would seem justifiable to state that, considering what they provide, and present costs of labor and material, our municipal departments are more efficiently administered today than ever before. Where an apparent saving in the budget of one department is made it is likely to be found that some other department will have to take up the burden. In the meantime, the demand of the public for the sort of personal services which I have been describing is constantly increasing.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

HOSPITAL DEPARTMENT.

Advertises for proposals for furnishing and installing new drain line from Pavilion 3 to Albany street interceptor. Surety bond will be required in a sum equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the superintendent, 818 Harrison avenue, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, November 6, at 12 m.

PUBLIC WORKS DEPARTMENT (Bridge Service).

Advertises for proposals for redecking and resurfacing Chelsea South Drawbridge over the Mystic river, Boston. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$700, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, November 12, at 12 m.

PUBLIC WORKS DEPARTMENT (Ferry Service).

Advertises for proposals for repairing hull, etc., of the ferryboat "Daniel A. MacCormack." Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, November 8, at 12 m.

SCHOOL COMMITTEE.

Advertises for proposals for furnishing large incandescent electric lamps for the public schools. Surety bond will be required in a sum equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Business Manager, School Committee, 15 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, November 13, at 12 m.

SUPPLY DEPARTMENT.

Advertises for proposals for furnishing snow-removal equipment as per specifications to be supplied. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, November 8, at 12 m.

Advertises for proposals for furnishing salt to the Fire Department and the Water Division. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, November 12, at 12 m.

Advertises for proposals for bituminous concrete, type E, for the Highway Division, Public Works Department. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$400, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, November 12, at 12 m.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, October 31:

DEPARTMENT OF SCHOOL BUILDINGS.

Thomas F. Hogan, furniture repair man, has been reappointed as a foreman furniture repair man and refinisher, for a period of three months from October 21, at \$2,000 a year.

Patrick J. Sullivan has been appointed with the rating of plumbing inspector at \$2,300 a year. This position has been vacant for two years due to the promotions of George McDonough, Cornelius Driscoll and Patrick Osborne—all promoted for the reason of the death of John Dunigan. The new program on P. W. A. will demand more than two men to cover the entire city in 330-odd places on plumbing.

FIRE DEPARTMENT.

Approval has been given to increase the salary of Peter A. Joyce, exterior inspector in the Wire Division, from \$1,700 to \$1,800 a year.

HEALTH DEPARTMENT.

Approval has been given for the resignation of Margaret I. O'Donnell, nurse, because of ill health, effective November 1.

HOSPITAL DEPARTMENT.

Permission has been given for the promotion of Robert McKenna, orderly, \$16.50 a week, to instrument room orderly at \$18.50 a week, to take the place of James Kiley, who has been transferred to the Public Works Department.

Permission has been given for the promotion of George Regan, center orderly at \$11.60 a week to center orderly in charge of the ambulance desk, nights, at \$17.50, to take the place of James Lamphier, who resigned.

The following persons have been employed at the Boston City Hospital during the week ending Thursday, October 24:

Temporary.—Henry Swim, Henry Gutterman, Joseph Sullivan, transfer

(Continued on page 1335.)

MAYOR MANSFIELD SHOWS HOW NEW HAVEN ROAD HAS OPERATED TO INJURE THE PORT OF BOSTON RATHER THAN TO AID IT—ADDRESSES LETTER TO JOHN L. HALL, COUNSEL FOR THE ROAD, DETAILING INIMICAL AND DISCRIMINATORY ACTS AGAINST BOSTON AND IN FAVOR OF NEW YORK IN MANY INSTANCES, DESPITE FACTS PROVING PALPABLE ADVANTAGE TO ROAD AND VERY EVIDENTLY HELPFUL TO BOSTON HAD FAIRNESS AND JUSTICE BEEN ALLOWED TO DICTATE OPERATIONS—PORT BUSINESS SACRIFICED TO FAVOR NEW YORK.

The following is copy of a letter addressed to John L. Hall, counsel for the New York, New Haven & Hartford Railroad.

JOHN L. HALL, ESQ., 30 State Street, Boston.

DEAR MR. HALL,—In your letters of May 24, 1935, and May 31, 1935, you expressed a desire to have me point out to you what the New Haven can do to aid in the development of the Port of Boston. On May 29, 1935, I informed you that upon receipt of a report on this subject, which I had requested from the Boston Port Authority, I would write you further, and I am glad to do so herewith.

Before advancing positive suggestions, however, I want to comment on one or two parts of your letter of May 24, 1935. You say—"It (*i. e.*, the New Haven) made extensive improvements in South Boston in order to provide facilities for the handling of foreign commerce." It is my impression that the Commonwealth of Massachusetts and the Federal Government had a great deal more to do than the New Haven Railroad with the development of South Boston facilities along the waterfront, and in support of this impression I would like to draw to your attention some of the history surrounding the development in question.

LEASE CANCELED BY BOARD.

In July, 1912, the Commonwealth of Massachusetts, through the then Directors of the Port of Boston, and the New Haven and Boston & Maine Railroads, of both which roads Mr. C. S. Mellen was then president, entered into an agreement to cancel the lease, dated November 1, 1910, by which the Commonwealth leased to the New Haven two pieces of pier property in South Boston, the Commonwealth to assume full control of this property. While the canceled lease had been in effect the Commonwealth received from the New Haven the sum of \$70,000 a year rental, but unfortunately little or no port traffic passed over these properties. With the construction of Commonwealth Pier 5, in 1912 and 1913, the question came as to what the New Haven should pay for the privilege of using it, the situation being that the premier pier in the port was to be made available to the New Haven without a dollar's investment on the part of that road. Bearing on this, let me quote in part from the remarks of Mr. Hugh Bancroft, chairman of the Directors of the Port of Boston when Commonwealth Pier 5 was built, at a hearing before the State Department of Public Works on March 24, 1927, held to discuss certain changes in the wharfage and dockage practices in the Port.

"Commissioner WILLIAMS.—Do you remember just how you came to make that ten-cent charge (*i. e.*, ten cents a ton to be paid the Commonwealth by the New Haven on each ton moved on or off the pier by rail)?

"Mr. BANCROFT.—Yes, it was a matter of negotiation and trade. And, if I may go back a moment, the State of Massachusetts, if it had wanted revenue, should never have built this pier (*i. e.*, Commonwealth 5). They were getting \$70,000 a year for what was there, and they were not getting any commerce; they were getting \$70,000 a year paid into the state treasury. And it was deliberately decided, and I believe wisely, and I have always thought so, that it was to the larger interests of the state to have important commerce coming here rather

than to be deriving \$70,000 a year net revenue out of this location. The New Haven had leased that pier and was not using it. Those who were not friendly to the New Haven used to say that it was a dog in the manger, that they leased it so that no other railroad could get it and use it. . . . Now, coming back to the position that we took as to this charge, it was, that the Boston & Maine Railroad and the Boston & Albany Railroad had made an investment in their deep water terminals and had absorbed in their general operating expenses the expense of conducting those terminals, just as they did any other freight terminal, and made no specific charge to the shipper for the use of the terminals. Now the state was building at South Boston a terminal with all the facilities that the Boston & Albany terminal or the Boston & Maine terminal had, and the New Haven was going to get the same use of this terminal without any investment such as these other railroads had had to make—investments of several million dollars—and we thought that they should, therefore, pay something by way of, as you might say, terminal rental. And in analyzing the costs and the rates, we prorated an amount to cover the cost of the terminals, making an allowance for interest on capital; and in analyzing those figures, ten cents a ton worked out as an equitable commutation for rental. Instead of their paying \$15,000 or \$20,000 or \$30,000 a year for the right to use the pier, it was worked out on the basis of ten cents a ton. . . . I always felt that was little enough, but it was the best trade that we could make at the time. I think it is a very reasonable charge for the railroad to pay for the use of terminal facilities, which otherwise it would have had to have a capital investment for."

Thus the New Haven was provided with a fine pier at a nominal rental. Then, during the war, the Federal Government constructed the Army Base, the largest terminal on the Atlantic Seaboard, and again the New Haven had the benefit of a great pier property without investment on its part. My feeling would be, therefore, that neither the state nor

the city is under any particular obligation to your road for the development of the South Boston waterfront.

OVERSEAS TRADE.

In your letter of May 24, 1935, you indicate it to be your understanding that the importance of railroads developing overseas commerce is relatively minor. With this point of view I cannot concur. On the contrary, I firmly believe that their support is of major importance and that unless they offer to a port the sort of backing which is available at New York, Baltimore and Philadelphia, for example, that port cannot extend its influence beyond purely local boundaries. I think you will find that were your road in a position to make a real effort to bring traffic through the Port of Boston, it would secure the cooperation of the steamship lines to have vessels available here to handle cargoes which you would furnish them or which you would arrange for them to furnish you. I have no information which leads me to conclude that the New Haven during recent years has taken an aggressive attitude toward developing traffic—freight or passenger—through the port.

Now with such modern and commodious piers as Commonwealth 5 and the Army Base, in addition to your own Piers 1 and 4, all served directly by your rails, my supposition naturally is that the New Haven should be in an enviable position to work up trade through the port. The situation seems to be, however, that it makes little effort, and seldom has, to get competitive traffic for and from the ships using these piers. In this connection, please bear in mind that at the Army Base and Commonwealth Pier 5, as well as at Piers 1 and 4, ships dock from the four quarters of the globe. Far East and Indian vessels, always with heavy cargoes, usually make Boston their first United States port of call. For the most part, all these ships discharge only New England cargo here, proceeding to New York or elsewhere to land their western consignments. Each vessel which gets out of the port with a heavy load of western cargo, which could be landed here, and might well be if there

were active railroad solicitation for it, represents a distinct loss to the Port of Boston as well as to the local railroads, and gives the very definite impression as to the inability or unwillingness of the roads to handle this business west from Boston. For one practical suggestion, therefore, I commend this situation to your careful attention.

In the Four Party Consolidation proceedings before the Interstate Commerce Commission in 1933, a question at issue was whether the New York, Ontario & Western should be allocated to the New York Central or retained in the New Haven system. Largely through the representations of the then New England Governors' Committee, the Boston Port Authority and the Port Commission of Oswego, New York,—and without a word one way or the other from the New Haven itself,—the Ontario & Western was left with the New Haven. The potential importance of this action was great, as New England thus retained its only direct—and on the face of it New England controlled—connection with the Great Lakes. There is a differential under Buffalo on grain to New York and Boston over this route, and there is every opportunity to build up a large package freight business. Various factors, with which you may be familiar, have served to block the use of the Oswego route at the port of Oswego and, while on this end the New Haven makes no use of the Ontario & Western to develop traffic through the Port of Boston. I happen to know that the Oswego authorities are ready and anxious to work with Boston, but in the face of certain opposition on the one end and apathy on the other, it is only to be expected that this route, which ought to be of great service to the Port of Boston, is at present of no use whatever. I understand that the New Haven has proposed to look into the question of what business could be developed for the port over this route, but if any studies have been made in this connection, neither the studies nor the results thereof have been brought to my notice.

MAYOR RECOMMENDS.

For another practical suggestion, therefore, let me recommend a study of the possibility of building up increased business to and from the Middle West through Boston by way of the port of Oswego, the Ontario & Western and the New Haven.

I ought next to draw to your notice certain specific instances of New Haven action, or the lack of it, which can only be regarded as decidedly inimical to the well-being of the port.

The New Haven joins with the Canadian roads in publishing and maintaining the so-called Manhattan basis of differential rates from New York Harbor lighterage points to Central Freight Association territory on a scale of differentials for class and commodity rates substantially below those in effect from Boston. While the Port of Boston is supposed to be on a parity with the port of New York on import-export rates, this Manhattan basis entirely destroys such supposed parity, in addition to the fact, of course, that it is practically nullified already by terminal practices carried on by the railroads serving the port of New York. Our attempts to have the Manhattan basis applied at Boston have met with no response on the part of the railroads.

The movement from New York Harbor via the New Haven differential routes involves free lighterage, the loading to Sound Line steamer, transportation by vessel to a Sound Line port and then

unloading from the Sound Line vessel and reloading to railroad cars. All these operations, with the exception of the last are over and above the normal operations which would be required on similar traffic moving via this port. When it is realized that practically all the water-borne traffic which moves over these differential routes from New York Harbor is actually at Boston Harbor, and often at your piers, before the ship proceeds to New York, the conclusion to be drawn is that the New Haven apparently prefers for some reason to handle the traffic through the port of New York rather than through the Port of Boston. If not, why does it not compete at Boston for some of the traffic in question?

The New Haven and the Boston & Albany and Boston & Maine, for that matter, do not publish storage-in-transit arrangements at Boston, effective on import traffic, in order to place this port on a parity as to similar privileges granted by carriers serving the port of New York. In fact, a few years ago we were compelled to appear before the Interstate Commerce Commission to oppose a proposal by the New Haven to establish low, non-compensatory storage-in-transit arrangements at New Haven, Connecticut, to apply exclusively on traffic moving from New York Harbor lighterage points. In connection with this proposal the New Haven declined to apply for similar arrangements on like traffic at Boston. I may say that because of our opposition, the proposed New Haven, Connecticut, rates did not go into effect.

Again, I would like to point out how the New Haven penalizes the handling of water-borne citrus fruit traffic at the port so that consignments which would naturally move through Boston are diverted to New York. The New Haven has recently accomplished this by publishing a so-called service charge, in addition to the already existing switching charge, for the furnishing of refrigerator cars to take care of the movement of fruits from vessels of the Clyde-Mallory Line and of the Merchants and Miners Line at their respective piers to the Boston Market Terminal Company fruit sales rooms, located on the New Haven rails. A further penalty on water-borne fruit *ex vessel* at Boston is imposed in the form of an unloading charge, notwithstanding that no such service is performed by or at the expense of the New Haven.

Also, the New Haven has recently reduced its rates on citrus fruits from New York to Boston on lots of six cars or more, and, as a matter of fact, is said to be making similar arrangements both as to rates and terminal penalties on fresh vegetables from Southern Ports. The Boston & Maine, to protect its interests, has followed suit, with lower rates into Boston from New York via Worcester and Troy. This increase in terminal charges on the one hand, and lower rates on the other, has effectively dried up the handling through the port by steamship lines of the commodities in question. I am informed that Boston is the only port where terminal penalty charges against steamship lines handling water-borne fruit are in effect, and where, by railroad action, the steamship lines are shut out from handling even a part of the business they have enjoyed for years. It is, of course, apparent that the New Haven has arranged with certain steamship lines serving New York to put into effect joint rates by which these lines and the port of New York benefit, and under which the New Haven receives a line haul, while at the same time this

port has been penalized. Whether the low rates, in which your road joins, offer you a satisfactory return after your expenses in the port of New York are considered, your records will, of course, show, but in any event, I am afraid you have succeeded in very definitely handicapping at least two steamship lines serving the Port of Boston and in that way the port itself.

WOOD PULP RATES.

Let me instance the situation in the port on wood pulp rates. When the New England Freight Association, a rate-making organization made up of representatives from all New England railroads, but in point of fact dominated by the Joint Import Committee at New York, recently sought to increase import and intercoastal wood pulp rates from Boston to Central Freight Association territory, the City and the Port Authority filed a protest with the Interstate Commerce Commission. Boston lost the case. Higher rates in comparison with Baltimore and Portland, the two other great North Atlantic wood pulp receiving ports, are now in effect. During the course of the proceedings, as shown by the record, only one railroad serving the port, and that not the New Haven, made any consistent effort in opposition to the proposal to increase the rates. During the whole of this bitterly contested proceeding, the New Haven did no more than go through the motions in support of Boston's position, and that only under prospect of sub-pena. If ever there was an example of the disadvantage of Trunk Line domination in this port, the wood pulp case, I believe, furnishes it *par excellence*.

And so I could go on—not at all in an unfriendly spirit, but with the thought in mind to be as helpful as I can to your road as well as to our community. For example, I might cite an instance where the New Haven not long ago made a strong effort to divert to the port of New York a large movement of automobile tires from Chicopee Falls, Massachusetts, a local point on the Boston & Maine, which has been handled to the Pacific Coast via Boston and the intercoastal lines. I might also dwell upon the fact that in no single rate proceeding brought during the past several years has the New Haven taken the slightest initiative to help along the Boston cause.

If the New Haven is soliciting for transatlantic passenger business through Boston, I am unaware of that fact. In short, there seem to me to be so many things which the New Haven either is not doing that it could do, or is doing that it ought not to do, as far as the port is concerned, that I am inclined to heartily recommend a complete overhauling by your directors of the New Haven's policy in respect to the Port of Boston. Your operating policy, as it affects the port, appears to be based on the proposition that your line haul on New England traffic in many cases is greater to New York than the line haul to Boston, and that consequently more revenue would accrue to the New Haven by hauling water-borne traffic to New York Harbor in preference to the shorter haul to Boston.

Little consideration seems to be given by your management, however, to the terrific drain on your line haul revenue by the cost of expensive marine terminal service necessary at New York Harbor, such as lighterage, car floatage and trucking in lieu of lighterage. In one of our rate cases, figures introduced and uncontested showed that the cost of lighter-

age to the New Haven at New York Harbor was about \$3.60 a ton, or about eighteen cents per 100 pounds. Comparable terminal service at Boston, which is the loading or unloading of freight cars, is only forty cents a ton. It seems evident that out of the line haul rates to and from Boston, the New Haven has left, after the expense of the terminal services is deducted, a much greater amount than it has at New York.

In many instances, the New Haven publishes lower rates to New York than to Boston from important New England points, even though the distance is much shorter to Boston, and attempts are made to justify this proposition on the grounds that the rates to New York are commodity rates which were put into effect to take care of specific movements of traffic and that there is no demand for such rates at Boston. It is self-evident, from the fact that there are lower rail rates between New York and many New England points naturally tributary to Boston, that this is one of the important reasons to account for the concentration of the bulk of New England's water-borne traffic at New York Harbor. The question may well be asked how railroad management can justify the commodity rates to and from New England points and New York Harbor that, in many instances, are lower than the eighteen cents per 100 pounds for the cost of lighterage alone.

I recognize the fact that a part of the New Haven system serves a New England territory tributary to New York, and, of course, I have no quarrel with the natural desire of the New Haven to handle such business through New York. I must, however, be critical of the action of the New Haven in endeavoring to concentrate on New York all New England business possible, and at the same time making little or no effort to develop water-borne traffic through this port.

I want you to know that I have welcomed the opportunity you have given me to offer what I feel sure you will regard in the light of constructive criticism. My concern for the well-being of the New Haven is great. My desire that it shall serve our city and our port in the most effective manner is also great. It is my belief that not alone the New Haven but also the other two roads at the port have the opportunity to add to their revenues on the one hand and to build up our commerce on the other, by doing some things differently. In fairness to the Boston roads, I want to conclude by saying to you that I think they would all like to do more for the port—and would have before now—were they not handicapped by certain trunk line relationships. That fact I regard as their misfortune, and the misfortune of the port and city as well.

Very truly yours,

FREDERICK W. MANSFIELD, Mayor.

MAYOR EASES CONDITIONS FOR OUT-PATIENTS AT THE CITY HOSPITAL.

At a conference on October 25 with the Trustees of the Boston City Hospital, arrangements were made during cold or stormy weather to allow all out-patients who have heretofore stood in line on the sidewalk to come into the building while waiting their turn for treatment.

While at the hospital the Mayor called upon former Mayor Nichols whom he found much improved and very comfortable.

DEPARTMENT CHANGES.

(Continued from page 1332.)

porters, \$16.50 a week; Elizabeth Healey, Helen Wilder, special nurses, \$4.50 a day; Christopher Carlyle, social worker, \$1,200 a year.

The following changes have occurred: Thomas McDonald, center orderly at \$11.50 to porter at \$17.50 a week; Edward Roberts, temporary house porter at \$16.50 to permanent porter at \$21 a week; David Bagley, transfer porter at \$13 a week at Haymarket Square Relief Station to transfer porter at \$16.50 a week; Thomas Thornton, center orderly at \$11.50 to transfer porter at \$16.50 a week; Colette Hughes, ward assistant at \$15 to assistant seamstress at \$15 a week; Celestine McGreener, chambermaid at \$15 to assistant seamstress at \$15 a week; Anna Murphy, Eunice Lantry, Margaret Shannon, Katherine O'Connor, cleaners at \$15 to assistant seamstresses at \$15 a week.

South Department.

John Legelis, temporary kitchenman at \$17.50 to permanent kitchenman at \$23 a week; Marie Kent, temporary ward-maid at \$15 a week.

East Boston Relief Station.

Dr. Sydney Ellis, temporary assistant resident surgeon, \$2,000 a year.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, October 24:

Bridget Gavin, maid, \$10.50 a week; Daniel Hubley, Michael Black, choremen, \$17.50 a week; Nellie M. Keefe, maid, \$10.50 a week; George O'Mara, substitute male nurse, \$480 a year; Ivan MacNeil, choreman (patient), \$240 a year; Daniel Dennehy, maid (patient), \$240 a year; George Cockinos, Louis Flavio, Lena DeSolo, John Carroll, maids (patients) (temporary), \$240 a year; Fred Spry, Joseph Merciante, Daniel O'Donnell, male nurses (patients), \$480 a year; Charles McGinnis, elevator operator (patient), \$2.50 a day.

The following persons have ceased to be employed:

Daniel Hubley, Michael Black, choremen, \$14 a week; Mary Denning, Elizabeth Coughlin, nurses, \$1,020 a year; Patrick Flanagan, choreman (patient), \$240 a year; Louis Flavio, maid (patient), \$240 a year.

INSTITUTION DEPARTMENT.

The following change has been made in the personnel:

Long Island Hospital.

Appointment: Harold F. Lampron, institution employee, clerk, \$600 a year, to succeed James P. Collins.

LAW DEPARTMENT.

Marion Cashman has been appointed stenographer, for a period of ten days beginning October 29, at \$19 a week.

PARK DEPARTMENT.

Approval has been given for the extension of the temporary employment, from September 21 to October 17, of Anna Donoghue, statistical clerk at \$18 a week.

PENAL INSTITUTIONS DEPARTMENT.

The following appointments have been made:

House of Correction.

Roland E. McIsaac, officer, \$1,600 a year and maintenance, temporary.

Daniel F. Coughlin, officer, \$1,600 a year and maintenance, to succeed William Ott.

Richard M. Horrigan, officer, \$1,600 a year and maintenance, to succeed Walter Dacey.

Henry A. Crawford, officer, \$1,600 a year and maintenance, temporary.

William F. Doherty, officer, \$1,600 a year and maintenance, temporary.

Bartholomew Flynn, officer, \$1,600 a year and maintenance, temporary.

PUBLIC BUILDINGS DEPARTMENT.

A. Emmet Logue has been appointed building and construction expert as a member of the Works Project Board, to take the place of James E. McLaughlin, resigned.

Edward J. O'Brien, elevator operator at the City Hospital, has been transferred to the Public Buildings Department, in the same capacity, at \$32 a week.

PUBLIC WORKS DEPARTMENT (Sewer Service).

James A. Bell, civil engineer at \$2,400 a year, has been continued on sick leave, with pay, for thirty days from October 25.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be one (1) month, vehicles are excluded from Mill street, Dorchester, between Freeport street and Victory road, effective October 31, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street resurfacing, the following temporary rules are effective from 4 p. m., November 2, 1935, to 7 a. m., November 4, 1935:

Vehicles are excluded from the following streets:

Devonshire Street.

Between Dock square and State street.

State Street.

Between Congress street and Washington street.

The following streets are two way:

Devonshire Street.

From State street to Water street.

Water Street.

From Devonshire street to Congress street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be one (1) month, vehicles are excluded from Welles avenue, Dorchester, between Talbot avenue and Washington street, effective October 28, 1935.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of three (3) months, effective November 4, 1935, the Traffic Regulations are amended as follows:

That section 39A is amended by striking out the following:

Pond Street, West Roxbury.

At Prince street.

COMMUNICATION FROM THE MAYOR.

(Continued from page 1329.)

CONTRACT SNOW-REMOVAL DISTRICTS.

The committee is of the opinion that the portion of the city given over to contract snow removal is divided into too many sections, there being twelve, having been established many years ago. The result, with the present set-up, is that the Public Works Department has twelve contractors to deal with and, in addition, the best type of contractor has not always been selected for the work. The committee feels that the work of snow removal by contract could be made more efficient and better results obtained if four districts are established, and we submit for your Honor's consideration a map upon which has been indicated the lines of the four districts which we recommend.

SELECTION OF CONTRACTORS.

In the opinion of the committee, the city should exercise the greatest care in the selection of contractors for this work. The contractors to be selected should furnish the Commissioner of Public Works with sufficient evidence that they are qualified to do the work, have a proper organization and an ample number of trucks either owned or controlled, and that they are financially responsible.

With proper administration, the procedures recommended in this report should produce adequate results, provided the Public Works Department and the Park Department are furnished with sufficient and suitable equipment, properly maintained, and further provided that only contractors qualified by experience and of suitable financial standing and equipment be accepted as bidders by the Commissioner of Public Works.

With the acceptance of this report, your present committee requests that it be dismissed.

Yours respectfully,

JOSHUA ATWOOD. *Chairman.*
WILLIAM T. MORRISSEY.
CHARLES E. FULLER.
HERBERT I. SULLIVAN.
H. M. STEWARD.
ELIOT WADSWORTH.
EDWARD F. McLAUGHLIN.
THOMAS F. SULLIVAN.
WILLIAM T. DOYLE.
WILLIAM P. LONG.
H. F. FRITCH.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of the Ballet Russe at the Boston Opera House, the following temporary rules are effective from October 29, 1935, to November 2, 1935, inclusive:

Parking of vehicles is prohibited in the following streets:

Huntington Avenue.

North side, from Forsyth street to Opera place.

Opera Place.

Both sides, from Huntington avenue to St. Stephen street.

St. Stephen Street.

South side, from Forsyth street to Opera place.

The following street is one way in the direction indicated:

Opera Place.

From St. Stephen street to Huntington avenue.

MAYOR MANSFIELD SCORES FINANCE COMMISSION FOR SUGGESTIONS THAT MIGHT LAY MUNICIPAL OFFICIALS OPEN TO CRITICISM IF FOLLOWED—POINTS OUT EVILS THAT MIGHT RESULT AND EXPLAINS THAT EVERYTHING POSSIBLE IS BEING DONE TO SAFEGUARD CITY.

Mayor Mansfield takes Finance Commission to task for suggestions relative to the advertisement and procuring of snow removal equipment. He also points to the fact that suggestions made by the Finance Commission on the matter of purchase if followed would pave the way for evils which he and the city have steadfastly tried to prevent, but which the Finance Commission would, by its suggestion, make possible. The communications follow:

BOSTON, October 24, 1935.

THE FINANCE COMMISSION, 24 School Street, Boston.

GENTLEMEN,—Your letter dated October 23 has just been received (October 24, 4.20 p. m.). Passing over your insinuations that my original order for \$800,000 was to provide a "Christmas tree for those who were 'in right'"—language wholly unworthy of the Finance Commission—I beg to say I am surprised that the suggestion should be made by you that the committee on snow removal should reconvene and designate the particular makes of trucks, plows and equipment that are to be bought.

The members of this committee have definite ideas of the kinds of trucks and equipment which should be purchased, but to name the particular kinds of equipment and the names of the manufacturers thereof would be the very information that those persons whom you accuse of sinister motives are most anxious to get. The report of the committee which I sent to the City Council disclosed the kind of equipment that is needed. Advertising for such equipment will bring bids from all manufacturers and when those bids are received the particular makes of equipment which the committee thinks ought to be purchased will be designated and purchased at that time. To divulge this information in advance would be exactly the wrong thing to do and would play right into the hands of any persons, if there are such, who might want to go to prospective bidders and to attempt, in your striking phrase, to "make some easy money."

Your remarks about the Acting Superintendent of Supplies are not impressive. All he is to do in the premises is to advertise for bids. When those bids come in the selection will be made according to the advice of the committee which consists not only of the heads of departments named in your letter but of other gentlemen equally well qualified to determine the best kind of equipment to buy.

Yours truly,

FREDERICK W. MANSFIELD, *Mayor.*

BOSTON, October 25, 1935.

THE FINANCE COMMISSION, 24 School Street, Boston.

GENTLEMEN,—I have your last communication, dated October 25th, relative to snow removal equipment. I note that it is entirely a self-serving document in which the Finance Commission takes

credit to itself for about everything that I have done in order to equip the city properly for the removal of snow. Aside from saying that I do not admit the justice of all the claims you make for the Finance Commission, I do not intend to enter into a controversy with you about that.

But there is one point in your letter which does call for comment. Evidently realizing that you had made a mistake in suggesting that the particular makes of trucks, plows and other equipment should be named by the snow removal committee, you say that you did not suggest that such information should be publicly disclosed in advance of advertising for bids.

I think the average man would interpret the statements in your earlier letter as I interpreted them, namely, that you were advocating making public the particular kinds of trucks and equipment which the committee favored. If it was not your intention to suggest that this information be made public, then I cannot understand why you made this suggestion at all. On this point your earlier letter contained this language:

"When the Finance Commission recommended to your Honor the appointment of an expert committee to make a survey, the Commission believed the work of the committee would not end with the simple statement that so many five-ton trucks and so many three-ton trucks and so many plows would be needed. An expert committee, such as was recommended and appointed, would naturally be expected to say what particular makes of trucks and plows were best suited to the city's needs. But this expert committee does not in its report go so far as that. It may be that your Honor neglected to tell the members that that would be included in their duties."

And again—

"The Commission, therefore, recommends that your Honor immediately reconvene the survey committee and authorize that committee to make the selections. This will not delay action by the City Council on the order before that body. Such action on the part of your Honor will be notice to the City Councilors who are accused of a desire to hold up the loan order for ulterior purposes and to all others who hope to profit unjustly by this large purchase, that it is the best interests of the city alone that are to be served."

Surely this language can only be interpreted as a suggestion that the snow-removal committee should include in its report and make public the particular makes of equipment which they favored. Since you apparently agree that it would not be wise to make the information public there can be no point in asking the committee to reconvene for the purpose of making its selections and then keeping the information to itself. They have already done that.

Yours truly,

FREDERICK W. MANSFIELD, *Mayor.*

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT.

Upon October 24 the Mayor approved a contract with Joseph N. Fish for repairing high platform, Albany Street Disposal Station.

The following bids were received October 22:

Joseph N. Fish, \$5,185; J. F. Shea Company, Incorporated, \$5,785; M. Solimando, \$5,928; G. L. & C. Company, \$5,944; A. Orlando, Incorporated, \$6,080; M. M. Devine, Incorporated, \$6,145; National Engineering and Contracting Company, \$6,810.20; Williams & King, \$7,264.95; Morgan Construction Company, \$7,455; John F. Hynes, \$7,930; W. H. Ellis & Son Company, \$8,172.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules, which were effective December 3, 1934, for a trial period of thirty (30) days, and which were extended for thirty (30) days from January 3, 1935, and for ninety (90) days from February 3, 1935, and for ninety (90) days from May 3, 1935, and for ninety (90) days from August 3, 1935, are hereby extended for a further trial period of ninety (90) days from November 3, 1935:

The driver of a vehicle proceeding in a northerly direction in Congress street shall make only a right turn from Congress street into Dock square.

Faneuil Hall Square, westerly side, is a one-way street, from South Market street to North Market street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of the Harvard-Dartmouth football game on October 26, 1935, and the Harvard-Yale football game on November 23, 1935, the following rules are effective:

The following streets are one way in the direction designated:

North Harvard Street.

From Cambridge street to Franklin street, between the hours of 11.30 a. m. and 2 p. m.

Western Avenue.

From North Harvard street to Spurr street, between the hours of 11.30 a. m. and 6 p. m.

Spurr Street.

From Western avenue to North Harvard street, between the hours of 11.30 a. m. and 6 p. m.

Franklin Street.

From North Harvard street to Lincoln street, between the hours of 11.30 a. m. and 6 p. m.

Lincoln Street.

From Franklin street to Cambridge street, between the hours of 11.30 a. m. and 6 p. m.

Bay State Road.

From Beacon street to Sherborn street, between the hours of 12.30 p. m. and 2 p. m.

Parking of vehicles is prohibited in the following streets:

North Harvard Street.

Both sides, from Western avenue to Soldiers Field road, between the hours of 8 a. m. and 11.30 a. m.

North Harvard Street.

Both sides, from Franklin street to Western avenue, between the hours of 8 a. m. and 6 p. m.

Western Avenue.

Both sides, from Riverdale street to Hefferan street, between the hours of 8 a. m. and 6 p. m., except that taxicabs are permitted to park in Western avenue, both sides, from North Harvard street to Soldiers Field road.

Spurr Street.

Both sides, from Western avenue to North Harvard street, between the hours of 8 a. m. and 6 p. m.

Franklin Street.

Both sides, from North Harvard street to Lincoln street, between the hours of 8 a. m. and 6 p. m.

Lincoln Street.

Both sides, from Franklin street to Cambridge street, between the hours of 8 a. m. and 6 p. m.

The operator of a vehicle shall not make a left turn from Western avenue into North Harvard street, southerly; nor from Western avenue into Spurr street, southeasterly, between the hours of 11.30 a. m. and 2.30 p. m.; nor Spurr street into North Harvard street, northerly, between the hours of 4 p. m. and 6 p. m.

Vehicles are excluded from North Harvard street, between Western avenue and Soldiers Field road, between the hours of 11.30 a. m. and 6 p. m., except when otherwise directed by a police officer.

These rules shall not apply to authorized emergency vehicles or official vehicles of the Harvard Athletic Association.

FIRE DEPARTMENT ORDERS.

General Order No. 49.

I. RETIREMENTS.

The following retirements are hereby announced to take effect at 8 a. m., Friday, November 1, 1935:

Lieut. John J. Murphy, Engine Company 38.

Hoseman Cyril H. Malone, Engine Company 29.

Lieutenant Murphy was appointed to this department on December 4, 1903, and was promoted to lieutenant on February 1, 1924. Hoseman Malone was appointed to the department on February 1, 1924. Both these men leave the department with the best wishes of their associates.

II. NEW ASSIGNMENT CARDS.

New assignment cards for Box 3585 are being issued to the department today. These cards are dated October 30, 1935. Company commanders will return old cards to the Fire Commissioner's office on or before Monday, November 4, 1935. The company number will be written on the back of each card returned.

III. A. D. T. ASSIGNMENTS.

The following additions are to be made to the assignment cards of the A. D. T. Company:

Signal 97, Sudbury Building, 75-79 Sudbury street. Apparatus to respond; Engine 1, Ladder 1 and District 4. Nearest city box is No. 1332.

Signal 112, Warehouse 13, Incorporated, 39 Necco street, South Boston. Apparatus to respond; Engines 39, 44, Ladder 18 and District 3. Nearest city box is No. 7131.

IV. BOSTON AUTOMATIC ASSIGNMENT CARDS.

New assignment cards for pages 2 and 19 of the Boston Automatic Fire Alarm Company assignment book are being issued to the department today. These cards are dated October 21, 1935, and are to replace cards dated September 3, 1935, and April 1, 1929. Old assignment cards are to be returned to the Fire Commissioner's office in the envelopes provided on or before Monday, November 4, 1935.

V. COMMENDATIONS.

Hoseman John J. Fitzgerald of Engine Company 17 is hereby commended for responding to and working at fire, Box 3233, October 16, 1935, while off duty.

Lieut. John C. J. Merrill of Ladder Company 28 is hereby commended for extinguishing a fire in an automobile truck, opposite 1132 Blue Hill avenue, October 17, 1935, while off duty, thereby making it unnecessary to call the fire apparatus.

Lieut. Paul L. Doherty of Ladder Company 3, is hereby commended for extinguishing a fire at 139 Bowdoin street, October 18, 1935, while off duty. Box 3283 had been sounded for this fire.

Hoseman George R. Driscoll of Engine Company 42 is hereby commended for assisting in the apprehension of a boy who was involved in the snatching of a handbag from a woman, on Adelaide street, October 18, 1935, while off duty.

District Chief Walter C. Glynn of District 14 is hereby commended for the assistance rendered by him, while off duty, in extricating a boy, four years old, whose foot was caught in a pipe attached to an electric light pole on Wilrose street, October 19, 1935.

Hoseman John V. Beard of Engine Company 51 is hereby commended for responding to and working at fire, Box 5271, October 20, 1935, while off duty.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances.

The building at 29 Rochester street, Ward 3, is in an unsafe and dangerous condition.

The building at 55 Arlington street, rear, Ward 18.

The building at 52 Coffey street, rear, Ward 16.

The building at 56 Coffey street, rear, Ward 16.

The building at 55 Arlington street, Ward 18.

The building at 29 Rochester street, Ward 3.

The building at 257 Gold street, Ward 6, is dilapidated and open to trespass. The owner, Mrs. Mary Fallon of 747 East Third street, South Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports that, after investigation, he found that the owner was unable to pay for the razing of the building.

The building at 15 Mead street, Ward 2, window broken and missing, front door open to trespass, clapboard falling off, dilapidated. The owner, John Melvin Estate, Ida Frost *et al.*, trustees, of 37 Thomas road, Swampscott, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 129 O street, Ward 6, is in an unsafe and dangerous condition, dilapidated and a fire hazard. The owner, Salvatore Castriceno of 557 East Sixth street, South Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports, after investigation, that the owner is unable to pay for the razing of the building.

The building at 11A Mead street, Ward 2, window broken and missing, clapboard and boarding falling off, open to trespass, fire hazard. The owner, John Melvin Estate, Ida A. Frost *et al.*, trustees, of 37 Thomas road, Swampscott, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 17 Mead street, Ward 2, window broken and missing, clapboard falling off, fire hazard, building in poor condition. The owner, John Melvin Estate, Ida A. Frost *et al.*, trustees, of 37 Thomas road, Swampscott, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 11 Mead street, Ward 2, is dilapidated, Fire Department called for two fires, fire hazard. The owner, John Melvin Estate, Ida A. Frost *et al.*, trustees, of 37 Thomas road, Swampscott, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 44 Phillips street, rear, Ward 5, the front and side brick wall is in a dangerous condition. Side wall bulged out about 8 inches, held in place by wood frame. Floor and stairs bad, windows broken. The owner, Eshie Firestein, and his attorney, Isadore Appell of 185 Devonshire street, Boston, have been notified of the unsafe condition of the building, also, a notice has been posted on the building, but nothing has been done to remove the cause of complaint. The inspector, after investigation, reports that the owner is unable to pay for the razing of this building.

The building at 129 O street, Ward 6.

The building at 257 Gold street Ward 6.

The building at 17 Mead street, Ward 2.

The building at 15 Mead street, Ward 2.

The building at 11A Mead street, Ward 2.

The building at 11 Mead street, Ward 2.

CONTRACT AMENDED.

M. Solimando has been allowed to amend the contract for alterations, etc., at the Mechanic Arts High School, by striking out the word and figures "September 7, 1935," on page 2, Article 5, and substituting therefor the word and figures "November 15, 1935," so that said Article 5 on page 2 shall read: "The contractor shall carry on the work

with due diligence and dispatch and shall bring the work to entire completion, as defined in the specifications, on or before November 15, 1935, and shall be liable in damages for any failure to so do, all as defined in the specifications."

EXTENSION OF CONTRACT.

PUBLIC WORKS DEPARTMENT.

M. F. Gaddis has been granted a further extension of the time of completion of the contract for repairing Northern Avenue Bridge from October 27, 1935, to December 1, 1935. Due to various difficulties encountered in the reassembling of the draw span members, permission has been obtained from the acting director, Col. T. B. Parker, to increase the number of work hours per week from thirty hours to forty hours, and this permission will be materially helpful in the earlier completion of the project.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

DEPUTY SEALER OF WEIGHTS AND MEASURES, BOSTON, DECEMBER 7, 1935.

Last date for filing applications, Saturday, November 23, 1935, at 12 noon.

Salary: \$1,600 for the first year with an annual increase until the maximum of \$2,300 is reached.

The sealer of weights and measures is required to enforce the laws pertaining to weighing and measuring devices and to the giving of false or insufficient weight or measure; to the licensing of hawkers, pedlers and transient vendors; to wholesale milk containers, ice cream cans and molds, cranberry barrels and crates, standard boxes for farm produce, berry baskets, and other containers used as measures; to the weights of bread and to the labeling of loaves of other than standard unit weight.

It is also his duty to test all weighing or measuring devices used for buying or selling, for public weighing, or for hire or reward, and to seal or condemn them in accordance with the results of his tests; also to investigate complaints and to prosecute violations of law when the evidence warrants such action.

Pamphlets including the General Laws relating to weights, measures, licenses, etc., may be obtained upon request to the Director of Standards, 194 State House, after application for examination has been filed.

The tables of weights and measures given in these pamphlets will govern the marking of all questions involving any units of weight or measure.

Entrance Requirements: Applicants must possess a motor vehicle operator's license.

Subjects and Weights: Training and experience, 2; arithmetic, 3; report, 2; practical questions, 3; total, 10.

Passing Requirements: Applicants will be required to obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by Physical examination.

Civil Service Rule 9, Section 4: Any person possessing the required qualifications who has taken an examination may

make new application for the same service at any time, and his status shall be determined by the result of the last examination taken. If any person fails to fulfill all the requirements, his examination shall be treated as a failure.

ASSISTANT DIETITIAN, BOSTON INSTITUTIONS DEPARTMENT, NOVEMBER 23, 1935.

Last date for filing applications, Saturday, November 9, 1935, at 12 noon.

Salary: \$1,300 per year and maintenance.

Duties: To plan the special diets of the hospital, as well as to oversee the preparation and cooking of the food for inmates, patients, doctors, nurses and employees.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Civil Service Rule 9, Section 4: Any person possessing the required qualifications who has taken an examination may make new application for the same service at any time, and his status shall be determined by the result of the last examination taken. If any person fails to fulfill all the requirements, his examination shall be treated as a failure.

THE MUNICIPAL WATER-WORKS TREND.

In 1800 there was but one municipally-owned water-works plant in the United States. Now there are 7,853 municipally-owned installations, or 72.8 per cent of the entire number. In the United States there are ninety-four cities of over 100,000 population. All but eleven of these own their water works. Municipal plants serve 96.1 per cent of the population of the ninety-four cities, while private plants serve only 3.9 per cent.

FIVE PER CENT OF CITY BUDGET PAID FOR REFUSE DISPOSAL.

Nearly one million dollars, or about 5 per cent of the total cost of the general city government of Los Angeles, Cal., is spent every year for the collection and disposal of refuse, under the direction of the Bureau of Engineering of that city. The Refuse Collection Division operates six days a week, and enough men are provided to compensate for a five-day week for all the personnel employed.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

POLICE DEPARTMENT ORDERS.

General Order No. 98.

The Superintendent of Police is hereby directed to make the following details for duty at the City Election in this city on Tuesday, November 5, 1935:

1. Three patrolmen for duty in the office of the Board of Election Commissioners, 111 City Hall Annex, on arrival of ballots for the City Election at about 11 o'clock a. m., Monday, November 4, 1935, such details to continue until all ballots cast at the election have been returned.

2. An officer of rank above that of sergeant for duty at the City Hall Annex, to supervise the police detail for motor trucks from 5 o'clock a. m., Tuesday, November 5, 1935, until relieved, and a patrolman from 8 o'clock p. m. on the same date, until relieved, for duty at the same place, to keep clear the approaches to the office of the Board of Election Commissioners for motor vehicles returning from the polling places with ballot boxes, etc.

3. The necessary number of patrolmen from the several police divisions to attend the several polling places in this city on City Election Day, to preserve order and protect voters in the full exercise of their rights.

4. Twenty-three sergeants, one to a motor vehicle, to report at the office of the Board of Election Commissioners in ample season to be prepared to leave that office for their respective destinations, according to the following schedule, in such vehicle with ballot boxes, ballots, etc., and deliver such ballot boxes, ballots, etc., to the police officer detailed in each precinct.

SCHEDULE FOR HOURS OF DEPARTURE OF SERGEANTS SO DETAILED, FROM OFFICE OF BOARD OF ELECTION COMMISSIONERS ON MORNING OF NOVEMBER 5, 1935.

(One motor vehicle for each of the twenty-two wards, excepting Ward 1, East Boston, for which two trucks have been engaged.)

Wards 1 to 7, both inclusive, 6 a. m.
Wards 8 to 10, both inclusive, 5:30 a. m.
Ward 11, 5 a. m.
Ward 12, 5:45 a. m.
Wards 13 to 17, both inclusive, 5:30 a. m.
Ward 18, 4:45 a. m.
Wards 19 and 20, 5:20 a. m.
Ward 21, 5:25 a. m.
Ward 22, 5:30 a. m.

5. For proper coordination in the delivery of ballot boxes, ballots, etc., by the sergeants, as herein set forth, to the police officers detailed at the various precincts, it is of the utmost importance that such sergeants leave the City Hall Annex promptly on time as per schedule.

6. One patrolman to report at each of the three hundred and sixty-seven precincts, as hereinafter set forth, on Tuesday, November 5, 1935, to receive ballot boxes, ballots, etc., from the sergeants detailed on motor trucks.

SCHEDULE OF THE HOUR FOR OFFICER TO REPORT IN EACH OF THE PRECINCTS:

Ward 1, 6:30 a. m.
Ward 2, 6:30 a. m.
Wards 3 to 7, both inclusive, 6:45 a. m.
Ward 8, Precincts 1 to 6, both inclusive, 6 a. m.
Ward 8, Precincts 7, 8, 15 a. m.
Ward 8, Precincts 9 to 14, both inclusive, 6:20 a. m.
Ward 9, Precincts 1 to 6, both inclusive, 6 a. m.
Ward 9, Precincts 7 to 15, both inclusive, 6:40 a. m.
Ward 10, Precincts 1 to 4, both inclusive, 6 a. m.
Ward 10, Precincts 5 to 11, both inclusive, 6:15 a. m.
Ward 10, Precincts 12 to 16, both inclusive, 6:40 a. m.
Ward 11, Precincts 1 to 4, both inclusive, 6 a. m.

7. Commanding officers are to take notice that it is of the greatest importance, also, that the patrolmen herein detailed report at the polling places in the various precincts promptly according to schedule.

Failure for any reason of an officer to be on hand at a polling place at the appointed time delays the sergeant in the motor vehicle in his delivery of the ballot boxes, ballots, etc., and interferes, as is plainly seen, with the balance of the delivery schedule.

8. This detail of patrolmen at the various precincts will continue until the ballots are counted and the results declared. The officers are then to bring the ballots and returns to the Election Commissioners' Office.

9. Cards with the ward and precinct number and location of voting booth printed thereon have been forwarded to the several police divisions, on which the division commander will write the name, the division number, and the number of the officer detailed at the time stated on the morning of November 5, 1935, at the voting booth of each respective precinct on his division. This card, to be given to the officer so detailed at the voting booth, will be retained in his possession until delivered by him to an employee of the Board of Election Commissioners, who will arrive accom-

panying a sergeant on motor vehicle from the Election Commissioners' Office on the morning of November 5, with ballot boxes, ballots, etc., as hereinbefore stated.

This card, when returned by such employee to the office of the Election Commissioners will be its receipt that the ballot boxes, ballots, etc., have arrived at their proper destination.

10. On receipt by the patrolman from the sergeant, detailed on motor vehicle, as herein provided, of registering ballot box, ballots, voting lists and such other documents as may have been received from the Election Commissioners, the patrolman detailed at polling place will deliver same to the warden or clerk of the precinct, allowing no person to take or handle them before such delivery, and hand the key of the registering ballot box to the warden. On delivery of the ballots to the warden, the patrolman will take from him a receipt for the same, which receipt will be returned to the Election Commissioners.

11. After the warden has opened the box and allowed the election officers and the public to see that it is empty, the box is to be again locked and the key given to the patrolman, who is to retain it until after the polls have closed, except that, at the request of the warden, the patrolman may allow him to open the box for the purpose of pressing down the ballots, in order to make room for more ballots, after which the patrolman will see that the box is again locked and the key returned to the police officer.

12. The patrolman will obtain from the warden copies of poster, which will be sent to the latter, in relation to smoking and the use of liquor in polling places, and post same in conspicuous places where they may be easily read. Tacks will be sent for the purpose.

13. The warden will deliver to the patrolman detailed at the polling place, for his use at that place, a copy of the descriptive voting list, which must be returned to the warden at the close of the polls.

14. When the polls are opened the patrolman will mark in the place indicated on the tag attached to the key the figures which the register shows before any ballots are cast.

15. At 8 p. m., Tuesday, November 5, when the polls close, one sergeant will report in each of the twenty-two wards (excepting Ward 1, East Boston, for which two sergeants and two motor trucks are provided), to meet motor vehicle at last point of morning distribution; thence to proceed to each of the several precincts in his respective ward, and receive registering ballot box (which must be locked) and key thereof, voting lists envelope, signed by the warden and other election officers, receipts for ballots, unused ballot envelope, sealed and certified (containing unused and spoiled ballots), stamps for marking spoiled ballots, receipts for ballots and check lists, carry them to the Election Commissioners' Office and deliver same to some member of the Board of Election Commissioners.

16. When the polls are closed the patrolman will mark on the same tag the figures which the register shows after all ballots have been cast. He will then hand the key to the warden, who will open the box and take out all the ballots to be sorted and counted. The warden will then cause the voting lists, including the list used by the police officer, to be sealed up in an envelope and the envelope certified by the signatures of himself and

the other election officers and the same returned to the Election Commissioners, as described in Section 15 of this order. The patrolman will not allow this envelope to be put into the ballot box. The sergeant who will report on motor vehicle will keep it about his person until delivery at the office of the Election Commissioners. The unused and spoiled ballots are then to be put in the envelope for unused ballots and the envelope sealed and certified.

17. When returning from polls, all motor vehicles must drive to the easterly side of City Hall Annex, Court square, where ballot boxes will be conveyed by chute to the basement.

18. It is important that the patrolman sees that the voting lists envelope is signed by the warden, clerk and all the inspectors. The patrolman will also see that the special book for signatures of voters is returned in the registering ballot box.

19. In case a patrolman is detailed to relieve another after the close of the polls, the commanding officer will see that he is properly instructed as to the duty of bringing the official returns, the box of ballots cast, and the press return to the Election Commissioners' Office as soon as they are delivered to him by the election officers.

20. When the ballots have all been counted, the ballots thus counted, tally sheets, and nothing else, shall be placed by the warden in the leatheroid box for that purpose, which must be sealed up and signed by all the election officers. The patrolman will particularly see that this box is properly sealed up and that all the election officers have signed their names to the certificate on the box. The patrolman will then bring the box, official return, record book, and press return to the City Hall Annex, Court square, and deliver same to the Election Commissioner. The patrolman is directed not to allow the official return, press return or record book to be placed in the leatheroid box.

21. While the polls remain open an officer of rank will visit the polling place in each division at stated intervals, to be designated by the captain, and in case of any disturbance will report the fact to the commanding officer of the station house without delay. If additional men are needed beyond the number available in that division the officer in charge will communicate immediately with headquarters.

22. Attention is called to the fact that the polls at the City Election on

Tuesday, November 5, 1935, shall open at 8 o'clock a. m., and close at 8 o'clock p. m.

23. Commanding officers of divisions will see that the officers detailed for duty on City Election Day are furnished with a copy of the circular issued by the Board of Election Commissioners, entitled: "Instructions to Police Officers on . . . Election Days."

24. The counting of ballots will be done on one table only with two inspectors counting and two inspectors watching the count.

Notes.

1. Attention is again called to the last paragraph of the circular, "Instructions to Police Officers on . . . Election Days," which reads: "The police officer is directed not to allow the official return or record book to be placed in the leatheroid box."

That this may not happen (as it has in the past, notwithstanding repeated instructions) in any of the precincts of this city at the coming election, the officer of rank who will visit the polling places in each division (provided for in Section 21 of this order) shall, at an appropriate time, call to the attention of the police officer and of the warden on duty at the polls, that the official return, press return and record book are not to be placed in the leatheroid box.

They shall be handed to the police officer who will deliver them as set out in the paragraph immediately following.

2. The officer going to the office of the Board of Election Commissioners with the leatheroid box, after the counting of the ballots, will take with him in a separate package the official return, press return and record book, which he shall safely deliver to the Election Commissioners with the leatheroid box, as provided in Section 20 of this order.

3. The police shall enforce the order that smoking is prohibited within the confines of the polling places, during the entire day, while the polls are open, as well as after they are closed.

The Board of Election Commissioners makes special request that the officers detailed at the 367 precincts be instructed to see that this is enforced.

As polling places and their approaches and exits are, in many instances, in buildings used for places of religious worship, to say nothing of the danger to valuable property from careless persons, the importance of these instructions is apparent.

Commanding officers will take notice and provide means to correct the follow-

ing conditions set out in a paragraph of a letter received by the Police Commissioner from the Board of Election Commissioners:

"May we again call your attention to the law which prohibits smoking in any polling place, and ask you to have the officers who are detailed to the three hundred and sixty-seven (367) precincts make a special effort to see that there is no smoking during the entire day, while the polls are opened, as well as after they are closed."

4. The following matter was on a previous occasion brought particularly to the attention of the Police Commissioner in writing by the Board of Election Commissioners. Commanding officers will see that this cause of complaint, if it again occurs, is corrected:

"During the hours from 6 p. m. to 8 p. m. there has been a large increase in the number of persons who congregate outside the polling places. This makes it disagreeable to voters who are entering and leaving the polling places. May we ask that the police use every effort to relieve this congestion?"

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 99.

A trial board, consisting of Captains Fallon, Kavanagh and Mulrey, having heard by reference a complaint made by Harry N. Dickinson, captain, Division 11, against Frank M. Savage, patrolman, Division 11, for alleged violation of Rule 27 of the Rules and Regulations of the Police Department, to wit:

Charge: Neglect of duty.

Specification 1: In that on the sixteenth day of October, 1935, the said Patrolman Frank M. Savage, while in uniform and on duty and assigned to foot patrol on routes 19, 20, 21 and 22, did leave the routes to which he had been assigned, not having been granted permission to leave such routes by the officer in command of his station and not in the performance of any police duty.

Specification 2: In that on the sixteenth day of October, 1935, the said Patrolman Frank M. Savage, while in uniform and on duty and assigned to foot patrol on routes 19, 20, 21 and 22, did enter the building at 1919 Dorchester avenue, not upon any police duty, and did remain in said building from 11.44 p. m. to 12.10 a. m., a period of twenty-six minutes, not having received permission from the officer in charge of his station to enter said building,—

has submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, accepts the plea of guilty and respectfully recommends that the said Patrolman Frank M. Savage be ordered to perform thirty-five hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Frank M. Savage perform thirty-five hours of punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

POLICE DEPARTMENT ORDERS.*(Continued from page 1342.)**General Order No. 100.*

A trial board, consisting of Captains Dillon, Kavanagh and Mulrey, having heard by reference a complaint made by Harry N. Dickinson, captain, Division 11, against Carl R. Tammi, patrolman, Division 11, for alleged violation of Rule 27 of the Rules and Regulations of the Police Department, to wit:

Charge: Neglect of duty.

Specification: In that on the sixteenth day of October, 1935, the said Patrolman Carl R. Tammi, while in uniform and on duty and assigned to foot patrol on routes 23, 24 and half of 25, did enter the building at 1919 Dorchester avenue, not upon any police duty, and did remain in said building from 11.44 p. m. to 12.10 a. m., a period of twenty-six minutes, not having received permission from the officer in charge of his station to enter said building,—

has submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, accepts the plea of guilty and respectfully recommends that the said Patrolman Carl R. Tammi be ordered to perform thirty-five hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Carl R. Tammi perform thirty-five hours of punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of June 7, 1927, determining damages caused by the making of the public improvement, consisting of the widening and relocation of Oakland and Ashland streets, be, and the same hereby is, amended, by striking from said order the name Heirs of John Andrew in said order and inserting in place thereof the name John C. S. Andrew, trustee for Minnie M. Andrew, under the will of John Andrew; that the amount \$415 be, and the same hereby is, awarded to John C. S. Andrew, trustee for Minnie M. Andrew, under the will of John Andrew, for the damages so sustained.

REVISION OF ASSESSMENT.

The Mayor has approved the following order of the Board of Street Commissioners:

In the matter of the application for revision of assessment levied on account of the construction of sewerage works in Arbella road, Dorchester, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application, order, That the amounts hereinafter specified, being the annual apportionments of said assessment for the years specified below, be, and the same are hereby, abated.

Margaret J. McNulty, Lot 1D, Plan 1931-1, Part 1, assessed June 12, 1931, 1932 apportionment, \$14.46; 1933 apportionment, \$12.86.

PROPOSED EXPENDITURES FOR REPAIRS TO THE QUINCY MARKET BUILDING DEFENDED BY MAYOR MANSFIELD AGAINST CHARGES BY THE FINANCE COMMISSION—MAYOR ADDRESSES CITY COUNCIL ON SUBJECT.

On October 28 Mayor Mansfield addressed the following letter to the City Council:

GENTLEMEN,—I have examined a copy of the letter of the Finance Commission to your Honorable Body, dated today but given to the Press yesterday. This letter refers to contemplated repairs by Public Works Project upon the Quincy Market Building. I have conferred with Public Buildings Commissioner Hall and his reply to the allegations contained in the Finance Commission's report may be briefly summarized as follows:

1. The statement that the Finance Commission had learned that the estimate for the amount required was arrived at by roughly figuring the probable cost of such work, by an architect designated by his Honor the Mayor, is wholly without justification. The estimated cost arrived at was the result of painstaking, thorough and careful survey of the Quincy Market Building and of detailed consideration of its requirements. That it was an estimate is conceded, but that it was merely a rough figure is absolutely denied. Furthermore, the survey and the estimate was prepared by the Works Project Board and not by an architect designated by his Honor the Mayor.

2. The intimation of the Finance Commission that the appropriation now before your body exceeds by from \$100,000 to \$200,000 the sum that would be needed for the necessary repairs is a matter of opinion. The Works Project Board which, as stated above, made a thorough study of the needs of the Quincy Market Building, are of the opinion that the estimated cost is reasonable, if indeed it is not too low. The building needs other repairs than those contemplated by the project but they have been omitted by the Works Project Board as not absolutely necessary in order to keep the ultimate cost low. I beg to say, in this connection, that I place more reliance upon the report of the Works Project Board and its engineers who made this survey than upon some other engineer who may be advising the Finance Commission.

3. The only reason that James E. McLaughlin was designated as one of the architects to carry out this project was because he had in his possession, as a result of his survey as a member of the Works Project Board, a great deal of detail, the result of preliminary work which any other architect, if named, would have to duplicate. And it is not in accordance with the facts to say that Mr. McLaughlin decided to make a complete renovation leaving only the outside walls standing and install new inside work throughout the structure. This charge is ridiculous. To leave only the outside walls standing and completely renovate the building with the exception of the outside walls would probably cost in the neighborhood of one million dollars instead of the estimated cost of \$460,000. Furthermore, as stated above, in order to keep the project at a reasonable cost many renovations and repairs which ought to be made were purposely omitted by the architect in his estimate of the cost. Had they been included the cost would have been much greater.

4. The charge that Federal approval of the project had been obtained upon the architect's report without the approval of the Superintendent of Public Buildings is wholly unjustified. Superintendent of Public Buildings Hall was cognizant of the whole matter, was the first to call the necessity of the project to my attention, and himself signed the application upon which the Federal authorities acted.

5. The charge that the plans on which the architect based "his guess" contemplated expensive floors and glazed walls in the basement and first floor which were unnecessary and the replacement of new wooden supports with steel girders now being installed at an estimated cost of \$45,000 is groundless. Terrazzo floors and tiled walls have been included where the peculiar use to which the market building is put make them necessary. For example, refrigerators and refrigerating machinery, and the dampness which results therefrom, make certain kind of floors and walls necessary. It is only in those cases that these particular kinds of walls and floors have been ordered. And Mr. Hall informs me that it is not the intention to replace girders just put in with steel girders and that the two jobs do not conflict in the slightest degree.

6. Nor does Mr. Hall agree with the Finance Commission's allegations about the roof. He reports that repairs in strengthening the roof may be made instead of an entire reconstruction of it but that at no time was it contemplated to spend \$100,000 upon the roof. But he adds that the cupola is in a very dangerous condition, will require a large sum to put it in safe condition and that the required repairs and strengthening, instead of the reconstruction, will cost a substantial sum, the exact amount of which cannot be known until the work is started and the roof uncovered.

In further reference to this matter I beg to say that it has been under consideration by the Works Project Board almost since its inception and the fact that it was making a survey of the market was well known to everyone interested and I assume well known to the Finance Commission. No objection has been made until the receipt of the letter of today, and, so far as I am informed, no request was made of the State Emergency Board to reject this project. May I also add that the Finance Committee of the Chamber of Commerce, although advising the State Emergency Board to reject most of the City of Boston projects, did not include this project among that number. On the contrary it was one of the two projects which was approved by the Chamber of Commerce Committee.

So many difficulties and obstacles have been placed in the way of the City of Boston obtaining its share of Federal funds which are being scattered over the country, that I earnestly urge your Honorable Body not to be moved by the report of the Finance Commission, but to proceed at once to complete the necessary steps to perfect this project.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR BITUMINOUS CONCRETE, TYPE E.

The Supply Department of the City of Boston invites proposals for furnishing bituminous concrete, type E, to be delivered as required to the Public Works Department, Highway Division, according to proposal to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* Bidder must use the form of proposal to be obtained at the above office, and the successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Proposals will be publicly opened and read at the above office at 12 m., Tuesday, November 12, 1935. Proposals must be accompanied by a certified check for \$400, payable to and to become the property of the City of Boston if the proposal is not carried out at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

DAVID B. SHAW,
Acting Superintendent of Supplies.
(Nov. 2.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SALT.

The Supply Department of the City of Boston invites proposals for furnishing salt to the Fire Department and Water Division, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Tuesday, November 12, 1935, at 12 o'clock noon, at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

DAVID B. SHAW,
Acting Superintendent of Supplies.
(Nov. 2.)

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

TO GENERAL CONTRACTORS.

The Trustees of the Boston City Hospital invite sealed proposals for furnishing and installing new drain line from Pavilion 3 to Albany street interceptor, and giving a bond of a surety company therefor in the sum of 45 per cent of entire contract price. Only proposals obtained at the office of the Superintendent, 818 Harrison avenue, signed by the bidder, and left before 12 o'clock noon of Wednesday, November 6, 1935, at the office of the Superintendent, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, before 12 o'clock noon on the date given above for receiving proposals. The Trustees reserve the right to reject any and all proposals.

JAMES W. MANARY, M. D.,
Superintendent.
(Nov. 2.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SNOW REMOVAL EQUIPMENT.

The Supply Department of the City of Boston invites proposals for furnishing Snow Removal Equipment to be delivered, as required, according to specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, as follows:

Nos.	Tonnage.	Trucks.
6	7 to 10	Dump—4-Wheel Drive—including full plowing equipment.
49	3½ to 5	Dump Trucks.
9	3½ to 5	Dump Trucks—4-Wheel Drive—including full plowing equipment.
52	2½ to 3½	Dump Trucks.
1	3	Dump Truck.
8	1½	Dump.
8	5-ton	Tractors—including Bulldozer and V-plow with hydraulic hoist.
17		Sand Spreaders.
12		Snow Loaders.
42		High Mould Blade Snow Plows with hydraulic hoist.
4		V-Shaped Plows.
2		Fuel Trucks to supply gasoline and oil.

There will be a charge of twenty cents (\$0.20) for each proposal taken out. Bidder must use the form of proposal to be obtained at the above office, and the successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Proposals will be publicly opened and read at the above office at 12 m., Friday, November 8, 1935. Proposals must be accompanied by a certified check for \$500, which is to be the property of the City of Boston if the proposal is not carried out. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the City. All contracts made subject to appropriations to meet payments thereunder.

DAVID B. SHAW,
Acting Superintendent of Supplies.
(Oct. 26-Nov. 2.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REDECKING AND RESURFACING CHELSEA SOUTH DRAWBRIDGE OVER THE MYSTIC RIVER, BOSTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for redecking and resurfacing Chelsea South Drawbridge over the Mystic river, Boston. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Redecking and Resurfacing Chelsea South Drawbridge over the Mystic River, Boston," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, November 12, 1935, with a certified check for seven hundred (700) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate without check, to be deposited by the bidder with the City Auditor prior to the time named for opening the bids. *There will be a charge of two (\$2) dollars for each set of specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
(Nov. 2.) Commissioner of Public Works.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING HULL, ETC., OF FERRYBOAT "DANIEL A. MACCORMACK."

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing hull, etc., of ferryboat "Daniel A. MacCormack." A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Ferryboat 'Daniel A. MacCormack,'" and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, November 8, 1935, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor prior to the time named for opening the bids. *There will be a charge of two (\$2) dollars for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
(Nov. 2.) Commissioner of Public Works.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING LARGE INCANDESCENT ELECTRIC LAMPS FOR THE PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at the several school buildings, in accordance with orders, large incandescent electric lamps. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Large Incandescent Electric Lamps." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$100, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Wednesday, November 13, 1935. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Nov. 2.)

BOSTON'S POPULATION ON APRIL 1, 1930, BY WARDS.

Total population by U. S. Census, 781,188.

PROCEEDINGS OF SCHOOL COMMITTEE.

Oct. 7, 1935.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 8:45 o'clock P. M., the Chairman presiding.

Present: Dr. Lyons, Dr. Mackey, Messrs. Sullivan and Tobin.

APPROVAL OF MINUTES

The reading of the minutes of the meeting of July 24, 1935, was omitted, the Committee approving them as printed.

RESOLUTION — MEMORY OF JOSEPH J. HURLEY

The following preamble and resolution to the memory of the late member of the School Committee, Joseph J. Hurley, were presented:

Whereas, for the first time in more than a generation in the history of the Boston Public Schools, a member of the School Committee has died in office, and a career brilliant in past performances and filled with promise of future high achievement has been brought to an abrupt and tragic close, it is fitting that this Committee express its appreciation of the loss the Public Schools of Boston have sustained in the death of Mr. Joseph J. Hurley.

Joseph J. Hurley was born in Roxbury in 1894. After the usual preparatory studies he entered Boston College and was graduated with the class of 1916. He entered Harvard Law School in September of that year, but in the spring of 1917 enlisted as a private in the 23rd Regular Infantry. He served throughout the World War and as a reward for meritorious service in action he was promoted to the rank of sergeant and later to the rank of lieutenant. At the close of the War he returned to his classes at Harvard Law School and received his degree of Bachelor of Law in June 1921. Soon after entering upon the practice of law he was appointed Assistant Corporation Counsel of the City of Boston, and upon retiring from that office entered the field of private practice. He brought to his profession a mind unusually keen and especially fitted by natural gifts and by training for the intricacies of the law. In January, 1934, he received an appointment as Assistant United States Attorney, and made in that office a brilliant and successful record in the prosecution of difficult cases.

Mr. Hurley was elected to the Boston School Committee in November, 1927, and entered upon his duties in January, 1928. He was re-elected and began his second term in January, 1932. In this most important public office, Mr. Hurley's service was distinguished by those qualities of mind and heart which had marked him out in the field of law. His colleagues learned to lean upon him, especially in questions requiring a knowledge of the law, and in problems which called for careful analysis. His judgment was

never at fault, and his loyalty to his fellow members and to the schools was unquestioned. The public schools held first place in Mr. Hurley's thoughts, and to them he gave unremitting and unselfish service. His death is a great loss to the public school service and to the community at large.

The abruptness with which this career of brilliant achievement and great promise has been brought to a close is shocking, not only to the members of the School Committee, but to the whole community.

His home life was beautiful, and the warmest sympathy of this Committee goes out to his widow and children. Though their loss is irreparable, yet we may hope that as time softens the deep measure of their present grief, the recollection of his life and service will bring to them some measure of consolation.

Resolved, That this preamble and resolution be spread in full upon the records of this Committee, and that a copy thereof be transmitted to the family of the deceased.

The preamble and resolution were adopted by unanimous vote.

APPROVAL OF STATE-AIDED COURSES

A communication was received from the Department of Education, Commonwealth of Massachusetts, under date of July 31, 1935, reporting that the State-aided vocational and continuation school work conducted in Boston during the school year 1934-1935 under the supervision of the Division of Vocational Education, is approved and reimbursement in the statutory amount—50 per cent of the net maintenance sum (in agricultural departments, two-thirds of the salary of instructors)—will be recommended to the Commissioner of Education, subject to approvable report, Oct. 15, on supervised agricultural work.

Placed on file.

ACCEPTANCE OF NEW SCHOOLS

Communications were received from the Superintendent of Construction, Department of School Buildings, reporting the acceptance of the following-named new schools:

Addition to East Boston High School — accepted for occupancy, Aug. 30, 1935.

Clancy, Matthew T. Connolly, Leonora R. Connors, Beatrice H. Crump, Dorothy G. Cushing, Kathleen Deery, Dorothy G. Dewar, Daniel J. Donovan, John S. Dooley, Jr., William H. Dugan, Florence I. Dunn, Harry Firger, Mary A. Gaughan, Francis J. Gibbons, Bessie Ginsburg, Maxwell Goldings, Mary M. Goode, Marguerite P. Gray, Edith C. Greene, John P. Hanrahan, Barbara Heath, Eli Helfen, Mary P. Hopkins, Diana C. Horwitz, Alice M. Hurley, Charles Kaner, John K. Keelon, Mildred I. Kendall, Beatrice E. Kingsley, Arthur Klein, Albert F. Landrigan, Benjamin Liberfarb, Marion A. Long, Charles J. Lynch, Julia A. Maguire, Marie E. Malaguerra, Fay S. Margolis, Mabel C. McAnany, Anna G. McCarthy, Mary K. McCarthy, Irene F. McDonald, Frances C. McKenna, Mary K. McLaughlin, Ruth M. McLaughlin, Joseph L. McNamara, Sam A. Midman, Helen J. Mitchell, Irving Neiman, Cyril J. Neville, Mary E. Nichols, Muriel M. Page, Stella M. Rackette, Margaret Ricker, Mary K. Riley, Marion S. Rodger, Alfred H. Rosenthal, Edward I. Rosenthal, Dorothy E. Salisbury, George F. Sawyer, Alice M. Smith, Bernice A. Smith, Hyman Sobell, Frank E. Sullivan, Mary E. Thompson, Winifred A. Thompson, John M. Trout, Jr., Eleanor J. Vogel, Harriet A. White, Irene A. Yuenas.

Day Intermediate Schools — Theresa R. Aicardi, Miriam C. Allison, John F. Barrett, Helen M. Barry, Sara F. Bazc, Theresa M. Bergamini, Helen L. Butler, Marie H. Campbell, Angela M. Cannata, Margaret B. Clancy, Anna F. Conley, Thomas F. Coughlan, Jr., Ruth C. Cox, Agnes M. Coyne, Catherine C. Curran, Anne M. Dargin, Ruth L. Davis, Teresa A. Delaney, Mildred A. Doherty, Claire Dolby, Frances H. Dolimount, Paul H. Donovan, Ruth B. Dowd, Rosemary M. Doyle, Lillian Dubrow, Elene W. Farelo, May L. Faunce, M. Isabel Fenton, Mary R. Flaherty, Katherine M. Ford, Berenice Gelfand, Ida E. Geller, Michael Gilarde, Louise R. Ginsburg, Mildred E. Glennon, Selma Goldstein, Frances B. Golov, Catherine J. Healy, Elizabeth M. Heffernan, Marguerite L. Hill, Helen E. Hodges, Frank M. C. Keady, Dorothy G. Keefe, Frances A. Keefe, Mary F. Keefe, Emma H. Kinsela, Tillie R. Kornetsky, Jacqueline M. Lamarche, Mary E. Landrigan, Joseph Lapidus, Helen E. R. Larkin, Etta Leek, Kathleen E. Lowney, Thomas J. Lynch, Edna J. Macdonald, Ruth M. Magnuson, N. Josephine Mahoney, Ruth Marcus, Alfred J. McCarthy, Charles B. McCarthy, Eugene G. McCarthy, Walter R. McClure, Helen M. P. McCormack, James R. McGillivray, Caroline L. Mekelburg, Josephine E. Miller, Dorothea Min-ton, Mary C. E. Mooney, John C. Mullaney, Ann C. Murphy, Helen L. Noone, Catherine O'Toole, Margaret D. Owens, Israel A. Pollen, Mary M. Prohaska, Prima R. Quaglia, Sally A. Quinn, Mary M.

Rafferty, Leo E. Raftery, Mildred A. Rice, Phyllis H. Schlafman, Marion Shafran, Marion R. Shea, Robert F. Shea, Kathryn F. Sheehan, Sara F. Silverman, Florence Skalsky, Mary Spelfogel, Pearl Starbird, Myrtle E. Starkie, Ruth C. Stewart, Caroline E. Stover, Mary G. Sweeney, Victoria A. Szydlowski, Janet B. Taylor, Pauline L. Thompson, Miriam A. Vorbeau, Ruth A. Whitmarsh, Franklin J. Wight, Constance G. Willson, Joseph V. Wilson, Mary Woronoff.

Day Elementary Schools—Helen E. Atwood, Erminia A. Ballerino, Margaret F. Barletto, Evelyn M. Barrett, Marcella C. Barth, Anna M. Bergin, Mollie Berly, Beatrice C. Bernazzani, Dorothy I. Blenkhorn, Mildred T. Bloch, Anna Block, Rebecca Bloom, Charlotte C. Blue, Dorothy M. Boland, Augusta F. Borenstein, Anna G. Boudwin, Filomena E. Branca, Mary E. Brennan, Alice J. Brooks, Marie G. Bulman, Marie L. Burke, Mary M. Burke, Dorothea A. Burns, Marion L. Burton, Catherine M. Butler, Helen L. Callahan, Mary G. Callahan, Ethel M. Campbell, Catherine P. Carty, Margaret L. Casey, Margaret M. Casey, Frances S. Cazanove, Mary L. Chapman, Dorothy A. Chestnut, Agnes A. Clancy, Elizabeth M. Clancy, Helen F. Clark, Ida Cohen, Pauline Cohen, Irene E. Collicott, Helen M. Collins, Katherine A. Collins, Kathleen M. Concannon, Helen G. Conley, Catherine B. Connors, Theresa M. Connolly, Rita T. Conway, Dorothy A. Cook, Elizabeth A. Corrigan, Grace M. Corrigan, Mabelle A. Coyne, Veronica A. Croke, Mary M. Cronin, Lillian L. Crosby, Margaret M. Crowe, Marie H. Crowley, Gertrude L. Cusack, Catherine L. Cusick, Gertrude J. Cussen, Elizabeth F. Dacey, Mary A. Decareau, Theresa M. DeGrandis, Emma Deitch, M. Loretta Dillon, Catherine T. Doherty, Kathleen L. Doherty, Helen T. Donnelly, Ruth V. Donnelly, Catherine L. Donovan, Maud A. Dooley, Esther M. Doyle, Margaret C. Dubar, Alice M. Dunn, Edith R. Eldracher, Alma L. Ellgner, Ellen S. Enos, Frances Epstein, Mary E. Fallon, Eve H. Feldman, Isabelle H. Feldman, Reva R. Fellman, Anne G. Fennessey, Alma A. C. Fenocketti, Helen J. Finan, Helen Fine, Margaret E. Fisher, Margaret M. Fitzgerald, Rose M. Fitzgerald, Catherine M. Fitzpatrick, Mary A. Fitzsimons, Elizabeth M. Flanagan, Louise M. Flavin, Catherine A. Flynn, Mary A. Flynn, Marion F. Fogarty, Gertrude Foley, Rebecca Freeman, Helen M. Friedel, Mary A. Fuhs, Alice E. Gallagher, Elizabeth J. Gallagher, Ruth L. Gallant, Alice R. Geary, Charlotte E. Gibson, Catherine C. Gill, Evelyn A. Glavin, Ruth A. Glavin, Christina L. Golden, Eileen M. Goode, Anne Gordon, Mary J. Grant, Marion E. Georott, Mary A. Girdley, Ann G. Halloran, Reva R. Halperin, Marion F. Holly, Helen M. Hurts, Louise M. Healy, Ethel H. Hoffman, Barbara J. Henry, A. Ruth Hines, Doris G. Hines, Helma M. Hine, Ruth F. Hollist, Mary A. Hol-loran, Adeline M. Holub, Georgia L. Home, Lillian F. Hopley, Beatrice E. Huskins, Katherine L. Janness, Doris B. Kapstein, Frances J. Keefe, Mary L. Keene, Catherine H. Kahan, Marie L. Kelley,

Sally W. Kelly, Emmaline Kornetz, Doris V. Kraft, Gertrude Kramer, Rose Landy, Marion G. Lane, Mary G. Lawless, Anna D. Leary, Ruth A. Leddy, Josephine M. Lima, Mary I. Lipner, Doris A. Loenr, Della London, Barbara A. Lynch, Helen M. Lynch, Ruth E. Lynch, Mary A. Lyons, Anna I. Machado, Mary P. MacIntyre, Genevieve L. K. Mackey, Helen M. MacKinnon, Elizabeth M. MacNeil, Margaret E. MacNeil, Mary E. Magennis, Kathryn M. Mahoney, Rebecca M. Mahoney, Mary R. Mallard, Ruth E. Malone, Catherine M. Manning, Mary M. Manning, Mary S. Marco, Patricia C. Martell, Helen T. Martin, Mary T. Martin, Thomasina J. Marto, Mary E. Mason, Clare L. McCarthy, Helen A. McCarthy, Helen F. McCarthy, Mary F. McCarthy, E. Mary McCarty, Mary A. McDermott, Mary E. McDermott, Margaret E. McDonald, Helen McGillicuddy, Mary E. McGinty, Mary E. McGovern, E. Marion McGreal, Hanna V. McLaughlin, Anna T. McNerny, Mary A. McNulty, Ruth C. McNulty, Eleanor M. McTernan, Mary B. McTeirnan, Katherine M. Meara, Mary A. Meehan, Mary M. Miller, Lucy M. Moisan, Margaret A. Moore, Mary G. Moran, Mary L. Moran, Mary C. Moretti, Dorothy K. Morrill, Dorothy V. Morris, Dorothy C. Muldoon, Eileen M. Mullaney, Mary A. Mullin, Margaret M. Murnane, Dolores M. Murphy, Frances E. Murphy, Margaret L. Murphy, Veronica R. Murphy, Rosemary L. Neagle, Beatrice V. Needel, Alyce M. Nelson, Elizabeth Nerden, Kathleen M. Noonan, Catherine M. O'Brien, Gertrude M. O'Brien, M. Louise O'Brien, Katherine E. Ochs, Rose M. O'Donnell, Frances D. O'Leary, Rosalind G. Olim, Freda R. Oppen, Mary M. O'Riordan, Frances P. O'Shea, Dorothy A. Owens, Amy L. Palladino, Alice R. Pallister, Josephine L. Pannier, Evelyn V. Penta, Bessie Perlman, Marion F. Purdy, Dorothy Quincy, Edna G. A communication was received from the Superintendent, under date of Oct. 7, 1935, reporting that subject to the approval of the School Committee, he has terminated the service of the following-named teacher in the afternoon sessions of the kindergarten indicated, to take effect on the date stated:

Christopher Gibson District—Bernice Loewenstein, assistant, kindergarten, Oct. 4, 1935.

Approved.

EXTENSION OF FALL SEASON OF PLAYGROUNDS

On motion of the Superintendent, it was

ORDERED, That the extension of the fall season of the playground term for the current year from October 1 to October 11, inclusive, or subsequent thereto in the discretion of the Superintendent, is hereby authorized.

On motion of the Superintendent, it was

ORDERED, That the sessions of playgrounds during the fall extension season shall be from 3:30 o'clock to 5:30 o'clock P. M.

VOCATIONAL ART COURSE

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized to establish and conduct in the Museum of Fine Arts a public school course in art for the term beginning Oct. 1, 1935, and continuing through May 31, 1935; the sessions to occur on Wednesday, Thursday, and Friday, to be not more than three hours in length; the School Committee to bear no expense in connection with the course except that of compensation of a teacher.

On motion of the Superintendent, it was

ORDERED, That the employment of Alma LeBrecht, art teacher in the public school course for high school pupils, conducted at the Museum of Fine Arts, is hereby authorized for the term beginning Oct. 1, 1935, and continuing through May 31, 1935, said art teacher to serve during three three-hour sessions each week; compensation for such service to be at the rate of two dollars and seventy-five cents (\$2.75) per hour of service.

CONDUCT OF CLASSES IN SEWING IN ERA SEWING UNITS

On motion of the Superintendent, it was

ORDERED, That during the school year ending Aug. 31, 1936, the Superintendent is hereby authorized, in his discretion and in cooperation with the State Department of Education, to conduct classes in sewing in ERA sewing units as a department in the Trade School for Girls on week days, other than Saturdays, between the hours of 8:30 a. m. and 4 p. m., the cost of the teachers' salaries to be covered by federal funds administered by the Commissioner of Education by special distribution to the City of Boston.

On motion of the Superintendent, it was

ORDERED, That the employment of not more than two teachers in the sewing classes in the ERA sewing units as a department

in the Trade School for Girls is hereby authorized; compensation to be at the rate of five dollars (\$5) per day.

COURSES OF STUDY

On motion of the Superintendent, it was

ORDERED, That the accompanying High School Science Courses are hereby adopted, and that one thousand (1,000) copies be printed as a school document.

On motion of the Superintendent, it was

ORDERED, That the accompanying Review Course in Plane Geometry is hereby adopted, and that one thousand (1,000) copies be printed as a school document.

EMPLOYMENT OF SCHOOL LUNCH ATTENDANTS

On motion of the Superintendent, it was

ORDERED, That for the current school year, the Superintendent is hereby authorized, in his discretion, to appoint lunch attendants in the schools, compensation to be at the rate established in the salary schedule for the current year, namely, fifty cents (50c) per hour or fraction thereof.

ATTENDANTS, HORACE MANN SCHOOL

The Superintendent offered the following six orders:

ORDERED, That the re-employment of Mary E. Anthony as attendant at the Horace Mann School for the purpose of receiving visitors and accompanying pupils to and from school is hereby authorized, compensation for said service to be at the rate of three dollars and fifty cents (\$3.50) for each day of actual service, to take effect Sept. 30, 1935, and to continue for the school year ending Aug. 31, 1936.

ORDERED, That the re-employment of Harriet Curley, attendant at the Horace Mann School for the purpose of accompanying pupils to and from school, is hereby authorized, compensation for such service to be at the rate of two dollars (\$2) for each day of actual service, to take effect Sept. 30, 1935, and to continue for the school year ending Aug. 31, 1936.

ORDERED, That the re-employment of Mary E. Butler for the purpose of accompanying pupils to and from school and for service as lunch attendant in the Horace Mann School is hereby authorized; compensation for such service to be at the rate of three dollars and fifty cents (\$3.50) for each day of actual service, to take effect Sept. 30, 1935, and to continue for the school year ending Aug. 31, 1936.

ORDERED, That Mary M. Fenton, matron in the Horace Mann School, be allowed two dollars (\$2) in addition to her regular compensation, for each day of actual service rendered by her in accompanying pupils to and from school, to take effect Sept. 30, 1935, and to continue for the school year ending Aug. 31, 1936.

ORDERED, That the employment of Anna T. McClafferty, attendant at the Horace Mann School for the purpose of accompanying pupils to and from school, is hereby authorized, compensation for such service to be at the rate of two dollars (\$2) for each day of actual service, to take effect Sept. 30, 1935, and to continue for the school year ending Aug. 31, 1936.

ORDERED, That the Superintendent is hereby authorized to employ such emergency substitute attendants in the Horace Mann School as may from time to time be needed, compensation for such service to be at the rate regularly established for the position.

The six orders passed.

PAYMENT OF SALARIES DUE AT DEATH

On motion of the Superintendent, it was

ORDERED, That the salary due Margaret M. Flaherty, late assistant, special class, Harvard District, be paid to her sister, Ellen J. Johnson.

On motion of the Superintendent, it was

ORDERED, That the pension due Frank L. Keith, late master emeritus of the Bunker Hill District, be paid to his daughter, Margaret B. Burgess.

APPOINTMENT OF SECRETARY AND CLERICAL ASSISTANT

A communication was received from the Superintendent, under date of Oct. 7, 1935, reporting that subject to the approval of the School Committee, he has appointed Helen L. Coughlan, clerical assistant, Girls' High School, to the position of secretary in that school, to take effect Oct. 14, 1935.

Placed on file and the appointment approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of Oct. 7, 1935, reporting that subject to the approval of the School Committee, he has appointed Margaret H. Carroll clerical assistant, Girls' High School, by transfer from the position of clerical assistant, Hancock District, to take effect Oct. 14, 1935.

Placed on file and the appointment approved, to take effect on the date stated.

EMPLOYEES IN SCHOOL LUNCHROOM, JEREMIAH E. BURKE HIGH SCHOOL FOR GIRLS

A communication was received from the Superintendent, under date of Oct. 7, 1935, reporting that subject to the approval of the Department of Civil Service and Registration, he has made the following temporary provisional appointments for service in the Jeremiah E. Burke High School lunchroom, to take effect on the dates stated:

Margaret Learson, lunchroom manager, Sept. 25, 1935.

Ruth Richerts, lunchroom attendant, Sept. 26, 1935.

Mayne Lord, lunchroom attendant, Sept. 30, 1935.

Elizabeth Kelly, lunchroom attendant, Sept. 27, 1935.

Mary Long, lunchroom helper, Sept. 30, 1935.

Approved.

On motion of the Superintendent, it was

ORDERED, That the compensation of the employees in the lunchroom in the Jeremiah E. Burke High School for Girls is hereby established as follows:

Lunchroom manager, \$6.50 per day of service.

Lunchroom attendant, \$3 per day of service.

Lunchroom helper, 40c per hour of service.

AMENDMENTS TO ELIGIBLE LIST

A communication was received
from the Board of Superintendents,
under date of Oct. 7, 1935, report-
ing the amendment of School Docu-
ment No. 8, 1935—Candidates
Eligible for Permanent Appoint-
ment as Teachers—as follows:

Intermediate and Elementary
Certificates,
Examined Candidates
Mathematics
756 Stella D. Rose
Dec. 31, 1940

The Board of Examiners has re-
ported to the Board of Superin-
tendents that Miss Rose secured
Certificate XXXIII. Intermediate
(Mathematics) in the examinations
of December 1927, with a rating of
792, date of expiration, December
31, 1934. In the examinations of
August 1933, Miss Rose lowered
her rating for the same certifi-
cate to 756. In accordance with
the established policy, notice was
sent Miss Rose of her lowered
rating and she was informed that
she had the privilege of keeping
the higher rating, with date of
expiration unchanged, or the lower
rating with the longer period of
validity. No reply was received
from Miss Rose; consequently the
Board of Examiners gave her the
old rating, certificate expiring De-
cember 31, 1934. Miss Rose now
has informed the Board of Exam-
iners that she was unaware that
the certificate under which she
last year rendered temporary serv-
ice had expired; that had she
understood the situation she would
have chosen to keep the lower
rating.

Under the circumstances, the
Board of Superintendents has
agreed that her name may appear
on the current list with the rating
which she received on the results
of her 1933 examinations, namely
756, certificate to expire December
31, 1940.

Placed on file.

A communication was received
from the Board of Superintendents,
under date of Oct. 7, 1935, reporting
the amendment of School Docu-
ment No. 8, 1935—Candidates
Eligible for Permanent Appoint-
ment as Teachers, as follows:

Page 18. Correction of rating of
Thomasina Marto to read 962.98,
and insertion of the name with the
corrected rating at the proper
place in the Prior List.

The Board of Superintendents
made this correction because it was
found that one of the ratings given
Miss Marto by the Department of
Practice and Training last year
was incorrectly recorded.

Placed on file.

ANNUAL REPORT OF BUSINESS MANAGER

The Annual Report of the Busi-
ness Manager on the cost of public
school education for the financial
year 1934, being School Document
No. 1, 1935, was presented.

Mr. Sullivan: I move that the
Report of the Business Manager be
accepted and would like to say that
I think this Committee should at
this time express its congratula-
tions to the Business Manager and
the members of his staff for the
very complete and conclusive report
which he has submitted. I have
had the opportunity to read it over
and think it surpasses any other
such report that I have read of the
business conditions in the schools,
both as to the appropriating power
and expenditure of school funds.

The motion passed and the report
of the Business Manager was
adopted as the financial report of
the School Committee for the year
1934.

TUITION OF NON-RESIDENT PUPILS

A communication was received
from the Business Manager, under
date of Oct. 7, 1935, recommending
the passage of an accompanying
order fixing the tuition rates for
non-resident pupils in the Boston
Public Schools for the school year
1935-36, exclusive of the rates for
State-aided schools and classes,
which are fixed independently un-
der existing law, and stating that
the rates recommended include the
charges for repairs and alterations,
expenditures for which have been
made by the Department of School
Buildings.

Placed on file.

On motion, it was

ORDERED, That the rates of
tuition for non-resident pupils in
the public schools, exclusive of
State-aided schools and classes, are
hereby established as follows for
the school year 1935-36:

Tuition Charge, per year	\$125.00
Transportation Charge, per year	15.00
Boarding Charge, per year	125.00
Examination Charge, per year	15.00

Kindergartens, per year.....	90.00
Speech Improvement Classes, per hour of instruction.....	.09
Boston Clerical School, per year...	116.00
Boston Disciplinary Day School, per year	215.00
Day School for Immigrants, per hour of instruction.....	.18
Training School for Teachers of Mechanic Arts, per hour of instruction	.30
Summer Review High Schools, per term	9.00
Summer Review Intermediate and Elementary Schools, per term...	6.00
Evening High Schools, per term...	24.00
Evening Elementary Schools, per term	27.00
Evening School Extension, per term	8.00
Lip Reading Classes, per hour of instruction	.20
Lip Reading Classes in Evening Elementary Schools, per session...	.53
Conservation of Eyesight Classes, per hour of instruction.....	.12
Education of Physically Handicapped Children, per hour of instruction	1.50

RETIREMENT ON PENSION

A communication was received from the Business Manager, under date of Sept. 18, 1935, reporting the retirement from active service of the following-named member of the Boston Retirement System, to take effect Sept. 30, 1935, as certified by the Boston Retirement Board, under date of Sept. 16, 1935:

Frederick L. Wetherbee, chief storekeeper in the Supply Room.
Placed on file.

APPOINTMENT OF CHIEF STOREKEEPER

A communication was received from the Business Manager, under date of Oct. 7, 1935, recommending the promotion of William L. Reardon to the rank of Chief Storekeeper in the Supply Room, to take effect Oct. 1, 1935.

Placed on file and the appointment approved, to take effect on the date stated.

On motion, it was

ORDERED, That the rank of William L. Reardon, Assistant Chief Storekeeper and Inspector, is hereby changed to Chief Storekeeper, to take effect Oct. 1, 1935; and be it further

ORDERED, That his salary be fixed at sixty-two dollars (\$62) per week, to take effect Oct. 4, 1935.

APPROPRIATIONS AND EXPENDITURES TO OCT. 1, 1935

Communications were received from the Business Manager, submitting statements showing the appropriations, the expenditures, and the balances for maintenance of the public schools for the first seven, eight and nine drafts of the current financial year; the expenditures for the first seven, eight and nine drafts of the financial year 1934; and the increases and decreases in the several items.

Placed on file.

DEATH OF CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Oct. 7, 1935, reporting the death, on Sept. 16, 1935, of Elizabeth A. Rooney, assistant custodian, Administration Building.
Placed on file.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Oct. 7, 1935, recommending that Joseph N. Cunningham, custodian, William Eustis Schoolhouse, be granted leave of absence on one-half net compensation for the period Sept. 10 to 23, 1935, inclusive, because of personal illness.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

A communication was received from the Schoolhouse Custodian, under date of Oct. 7, 1935, recommending that Francis L. Butler, custodian, Frank V. Thompson Schoolhouse, be granted further leave of absence on one-half net compensation for the period Sept. 28 to Oct. 26, 1935, inclusive, because of personal illness.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

A communication was received from the Schoolhouse Custodian, under date of Oct. 7, 1935, recommending, because of the discontinuance of the Mt. Pleasant Avenue Schoolhouse, that Bridget Cox, custodian of that building, be granted leave of absence without pay for the period Sept. 13, 1935, to Sept. 12, 1936.

Placed on file and leave of absence without pay granted for the period specified.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Oct. 7, 1935, recommending that the following-named custodians who stand at the head of their respective lists, be appointed as indicated, to take effect on the dates specified:

William F. Downey, from the Prince to the Gaston Schoolhouse and Portables Nos. 39, 70, 73, and 187, Oct. 13, 1935.

Mary C. Deignan, from the Quincy Street Schoolhouse, to Assistant Custodian, Administration Building, Oct. 11, 1935.

Placed on file and the transfers approved, to take effect on the dates stated.

SALARY OF ASSISTANT CUSTODIAN, ADMINISTRATION BUILDING

On motion, it was

ORDERED, That the salary of the Assistant Custodian in the Administration Building is hereby established at the rate of twenty-five dollars (\$25) per week, to take effect Oct. 11, 1935.

TENTATIVE COMPENSATION OF CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Oct. 7, 1935, recommending that the salary of the custodian of the new intermediate school in the Shurtleff District,

South Boston, be established at the rate of sixty-five dollars (\$65) per week, to take effect Sept. 13, 1935, and to continue until such time as the areas of the building are certified by the Department of School Buildings.
Placed on file.

On motion, it was

ORDERED, That the tentative gross compensation of the custodian of the new intermediate school in the Shurtleff District, South Boston, is hereby established at the rate of sixty-five dollars (\$65) per week, to take effect Sept. 13, 1935, and to continue until such time as the areas are certified.

REPORT ON AUDIT OF BOOKS AND ACCOUNTS

A communication was received from Charles E. Di Pesa & Co., under date of Aug. 2, 1935, submitting report on the audit of the books and accounts of the Business Manager and the Secretary for the quarter ended June 30, 1935.

Placed on file.

RE-ELECTIONS TO BOARD OF TRUSTEES, TEACHERS RETIREMENT BOARD

The terms of Dr. Lyons and Mr. Tobin as members of the Board of Trustees of the Teachers Retirement Fund having expired, the School Committee proceeded to fill the vacancies.

The members as their names were called respectively stated that they voted to fill the first vacancy as follows:

For Mr. Maurice J. Tobin—Messrs. Lyons, Mackey and Sullivan—3.

For Dr. Joseph V. Lyons—Mr. Tobin—1.

The members as their names were called respectively stated that they voted to fill the second vacancy as follows:

For Dr. Joseph V. Lyons—Dr. Mackey, Messrs. Sullivan and Tobin—3.

Not voting—Dr. Lyons—1.

Mr. Tobin and Dr. Lyons were thereupon declared re-elected members of said Board for a term of two years, ending October, 1937.

APPOINTMENT OF MR. SNOW TO SPECIAL COMMISSION

The Chairman stated that in accordance with the provisions of Chapter 48 of the Acts of 1935—Resolve Providing for an Investigation and Study by a Special Commission Relative to Municipal Financing in the City of Boston—the School Committee has designated Mr. William B. Snow, former Assistant Superintendent of Schools, as its representative on the Commission.

PROTEST AGAINST USE OF CERTAIN SCHOOL BOOKS

Mr. Tobin: Mr. Chairman, with reference to the protest by the South End Parent-Teachers' Association against two school books, I desire to make the following statement:

The injection of a racial or religious issue into a School Committee contest is to my way of thinking utterly contemptible. The attempt on the part of certain candidates for the School Committee to inflame the minds and arouse the animosity of our respected colored citizens against the public schools is most reprehensible. Anyone familiar with the care exercised by the Superintendent and the Board of Superintendents in the selection of text and reference books must know that everything possible is done to insure fairness and accuracy and to avoid offense to any group of our citizens. It is possible of course that despite the most careful scrutiny and the most painstaking examination, some of the hundreds of books used in our schools, or some parts of these books, may offend the sensibilities of a portion of our population.

I understand that the Superintendent has appointed a committee of the Board of Superintendents to re-examine the books in question.

I therefore offer the following motion:

That the Superintendent is hereby requested to ask one or more representatives of our colored citizens to meet in conference with the committee of the Board of Superintendents in connection with the examination of the protested books.

Dr. Lyons: Mr. Chairman, I think that is proper procedure. This matter has been brought to our attention perhaps in a reprehensible manner, nevertheless I think it desirable to proceed as suggested in Mr. Tobin's motion. Whatever information may result will, of course, have due consideration by this Committee.

Mr. Tobin: My objection is not to the presentation of the case by the colored representatives, but to the way the case was presented to us by candidates for election to the School Committee, for I think that each book placed on the approved list is very carefully reviewed. Undoubtedly some few books may contain a sentence or two that may be objected to by some people, but in the main the listed books are entirely suitable for use by the school children. I feel that the fairest way to handle the matter is as suggested in my motion to give the colored citizens of the community an opportunity to sit down with the Board of Superintendents and discuss the whole matter. It should not be campaign issue because it has no place in the contest.

Dr. Lyons: I would like to add that it shows a total lack of knowledge of the procedure that has always been followed of careful examination of books placed on the list in order to prevent the adoption of books which contain any objectionable matter.

The motion calling for a joint conference was passed.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

MAYOR MANSFIELD PRAISES HEROISM OF CITY EMPLOYEES WHO RISKED LIFE TO SAVE PRISONER FROM DROWNING.

On October 28 Mayor Mansfield made public the following communications:

CAPT. MATTHEW L. KELLY, Care of Steamer "Michael J. Perkins, Eastern Avenue Wharf, Boston.

DEAR CAPTAIN KELLY,—My attention has been called to the prompt action of the crew of the "Michael J. Perkins" in rescuing James P. McGowan, who had jumped overboard in an attempt to commit suicide October 19, 1935. Particularly honorable notice, of course, should go to James L. Foley, who jumped overboard to rescue McGowan at the risk of his own life. I have sent to Mr. Foley an appropriate letter in appreciation of his unselfish and heroic conduct.

The prompt and efficient action of the entire crew of the "Perkins" on that occasion deserved praise and recognition from the City of Boston.

As Mayor of the City, I am proud to have the honor to commend you, your mate Rufus J. Clark and all the members of the crew of the "Perkins" for prompt, skillful and efficient service in aiding in this rescue. The City of Boston is appreciative of such efficient and unselfish work.

Yours truly,

FREDERICK W. MANSFIELD, Mayor.

BOSTON, October 28, 1935.

MR. JAMES L. FOLEY, Care of Steamer "Michael J. Perkins," Eastern Avenue Wharf, Boston.

DEAR MR. FOLEY,—By official report from the Penal Institutions Commissioner my attention has been called to your brave action of October 19, 1935, in jumping overboard to save the life of James P. McGowan, a prisoner, afterwards pronounced insane by attending physicians, who had attempted to commit suicide by jumping into the water from the steamer "Michael J. Perkins."

Commissioner Douglass in his report has referred to your conduct with highest praise and I take this opportunity, as Mayor of the City of Boston, to commend you for the bravery of your action and the humane motives which must have prompted you in assuming the risk of the loss of your own life in order to save that of another.

The City of Boston is appreciative of service like this, so unselfishly and unobtrusively rendered in the ordinary course of your duties, and I am happy as the City's Chief Executive to send to you the assurance that your conduct has met with praise and commendation by the people of Boston.

A record of the case will be sent by me to the Massachusetts Humane Society for its consideration and I most sincerely trust that the highly prized medal of that society may be awarded to you for bravery.

Yours truly,

FREDERICK W. MANSFIELD, Mayor.

BOSTON, October 28, 1935.

MR. RUFUS J. CLARK, First Mate, Steamer "Michael J. Perkins," Eastern Avenue Wharf, Boston.

DEAR MR. CLARK,—The Commissioner of Penal Institutions, John J. Douglass, and Capt. Matthew L. Kelly of the steamer "Michael J. Perkins," have called my attention to the prompt and efficient service rendered by you on October 19, 1935, in assisting in the

rescue of James P. McGowan, who had jumped overboard in an attempt to commit suicide.

Your conduct on this occasion was highly commendable and your skill in throwing a life buoy to McGowan would in itself have resulted in the rescue if McGowan had assisted you in any way, but he, apparently, while not in his right mind, was bent on suicide and refused to grasp the life preserver.

I am honored to have the opportunity of commending you and the other members of the crew for prompt and efficient conduct on this memorable occasion.

Yours truly,

FREDERICK W. MANSFIELD, Mayor.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examinations, 1935.

Examinations will be held at the following points and on the following dates:

Boston, Monday, November 4.

Lowell, Wednesday, November 6.

Boston, Monday, December 2.

New Bedford, Wednesday, December 4.

New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,

PAYSON SMITH,

STEPHEN C. GARRITY,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 413A, State House, Boston, Mass.

No. 45

SOUTH BOSTON HOUSING PROJECT LAND HELD BY CORPORATION COUNSEL HENRY E. FOLEY TO BE TAX-EXEMPT—MAKES RULING AT REQUEST OF MAYOR MANSFIELD AFTER THOROUGH STUDY OF ENTIRE PROBLEM—PROBLEM NOW BEING GIVEN FURTHER STUDY TO SEE IF EXEMPTION STATUTE COULD BE AMENDED SO AS TO PERMIT SUCH TAX, — THE CONSTITUTIONALITY OF SUCH AN AMENDMENT AND THE DESIRABILITY OF SUCH AN AMENDMENT.

The following is a copy of letter from Corporation Counsel Henry E. Foley to Mayor Mansfield in reply to a request for a ruling on the possibility of taxing the South Boston Housing project:

Boston, November 4, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,— You have requested my opinion as to whether or not certain real estate in South Boston acquired by the Federal Government for a housing project is subject to taxation by the City of Boston.

The records of the Land Court and of the Registry of Deeds of Suffolk County disclose recent deeds to the United States of America covering twelve parcels of land in South Boston. For the purposes of this opinion I shall assume that the persons from whom the Federal Government purported to acquire title were the owners of the property deeded. This the assessors can verify. It is my understanding that it is proposed by the Federal Government to use said land for the housing project to which you refer.

Section 5 of chapter 59 of the General Laws provides in part as follows:

"The following property and polls shall be exempt from taxation . . .
First, property of the United States . . ."

The foregoing provision is, in my opinion, capable of three possible constructions: (1) as exempting from local taxation all property of the United States; (2) as exempting from local taxation all property of the United States constitutionally exempt from taxation and (3) as exempting from local taxation all property of the United States acquired for public and Federal purposes.

If the second interpretation were accepted it might be contended that the real estate in question was not held by the Federal Government in its governmental capacity but in its private capacity and as income producing property and that under said section it was, therefore, not exempt from local taxation.

Supreme Court Action.

There has recently been granted by the United States Supreme Court a petition for *certiorari* to review the decision of the Circuit Court of Appeals (Sixth Circuit) in the case of United States against certain lands in City of Louisville, Kentucky, 78 F. 2nd, 684 (July 15, 1935), wherein the Circuit Court by a decision of two to one, held that Congress had no power to authorize the United States to condemn private property for low cost housing and slum clearance projects and that lands acquired for such projects are not lands held for public and Federal purpose use.

If the third interpretation above suggested as possible were accepted and if the United States Supreme Court should hold housing was not a proper Federal public purpose, it might be contended that the real estate in question was not exempt from local taxation.

It is my opinion, however, that the statute in question should be interpreted to exempt all property title to which is in the United States of America whether or not said property could constitutionally be taxed and whether or not said property was acquired for a Federal public purpose.

I am therefore of the opinion that real estate in South Boston acquired by the United States of America for housing projects is exempt by virtue of section 5, above quoted, from taxation by Boston. Nevertheless, should the United States Supreme Court hold that property acquired for housing has not been acquired for a proper Federal public purpose, I am of the opinion that there is sufficient doubt as to the proper construction of the exemption statute to justify the assessors in taxing real estate acquired by the Federal Government for housing and leaving the matter of the validity of the tax to the courts to determine. In the event of a decision by the United States Supreme Court adverse to housing acquisitions, further attention should be given to the question of whether or not the action of the Federal Government in attempting to acquire title was void and failed to vest title in the United States.

This department has now under consideration the question of whether or not if the exemption statute were amended to permit the taxation of such real estate, such amendment would be constitutional. If examination of the authorities should disclose that such an amendment would be constitutional, consideration should be given to the desirability of so amending the Massachusetts statutes.

(Continued on page 32.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Tuesday, November 12, 1935, at 2 p. m.
A deferred regular meeting of the School Committee of the City of Boston will be held in the Administration Building, 15 Beacon street, on Tuesday, November 12, 1935, at 7.30 o'clock p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.
Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending November 2, 1935:
Population as of July, 1935, Massachusetts State Census, 817,713; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 158; nonresidents, 35; total, 193.

Death rate per 1,000 of population: All deaths, 12.57; nonresidents deducted, 10.29.

Death rate per 1,000 of population:

Last week, 15.56; corresponding week last year, 14.52.

Deaths by age periods, sex, etc.: Under one year, 12; one year to four years, inclusive, 2; sixty years and over, 91. Total deaths: Male, 86; female, 107; deaths in hospitals and institutions, 116; deaths of colored, 3.

MAYOR MANSFIELD PROTESTS TO STATE E. R. A. ADMINISTRATOR AGAINST NEW ORDER DISBANDING SUPPLIES PURCHASING UNIT AND ATTEMPTING TO PLACE BURDEN ON CITY'S SUPPLY DEPARTMENT—POINTS TO FACT THAT BURDEN WOULD DOUBLE WORK AND COST OF RUNNING DEPARTMENT AND WOULD THUS HAMPER CITY WITH DUTIES NOT OF ORDINARY OR REGULAR ROUTINE NATURE.

Upon November 4 Mayor Mansfield issued the following statement:

I have received information that Howard G. Philbrook, Assistant State Administrator, E. R. A., has issued an order to the effect that the E. R. A. unit of the Supply Department, which has handled all purchase orders issued in connection with E. R. A. projects, is to be discontinued or terminated forthwith.

Compliance with this order means that under the W. P. A. all purchases made by the city must be handled directly by the Supply Department of the city. The significance of the full effects of this order may be appreciated when it is realized that this unit, consisting of fifteen employees with a weekly pay roll of \$402, has issued since the first of the year approximately 9,000 orders, has tabulated 50,000 bids, and has prepared for the Federal Government periodical reports of its activities.

The Supply Department of the city as at present constituted consists of eighteen employees with a weekly pay roll of \$736 and issues in the course of a year approximately 36,000 orders. If the Supply Department is forced to take over the work of the E. R. A. unit, it will be necessary to practically double its present personnel, increase its weekly pay roll by at least 30 per cent, and increase its order out-put by 25 per cent.

MAYOR OPPOSING.

I am vigorously opposing this proposed change and protesting to Mr. Rotch on the following grounds:

1. The projects for which supplies are being purchased by the unit represent in the main activities which ordinarily would not be engaged in by the city.

2. It has been the policy of the Federal Government to finance the entire personal service expense of all projects of an emergency relief nature.

3. The Federal Government has a material interest in the work of this unit as represented by the periodical reports which it requires in order to establish a complete record of its endeavors to relieve unemployment.

4. The financial position of the city does not warrant setting up a unit which

will require almost as many employees as are now at work in the Supply Department, and will involve on a full year basis an increase in excess of \$20,000 in the budget of the same department. With relation to this last point, it may be pertinent to point out that during the course of W. P. A. Boston will assume the entire overhead expense of maintaining the local W. P. A. district headquarters, will bear the salary of the local district administrator, and will contribute to the maintenance of W. P. A. projects approximately \$2,000,000 for the purchase of materials and the rental of necessary equipment.

If the unit were to function solely as a city purchasing unit, it might be difficult to object to the city being required to finance completely its activities. It must be emphasized, however, that the policies and procedure which the unit

will follow in making purchases will be dictated largely by the Federal Government, and that one of its main activities will be to compile and maintain statistics for the sole use of Federal authorities.

If the city is to pay the compensation of the members of the unit, it must comply with the rules and regulations of the State Civil Service Commission. The personnel of the unit must be selected from lists established by this commission. This would mean the scrapping of the entire present personnel and the setting up of a complete new unit which would be unfamiliar with the work and would require considerable time to become acquainted with the procedure to be followed.

Compliance with Mr. Philbrook's order, therefore, would result in lost motion, decreased efficiency, and unwarranted expense.

HOUSING PROJECT.

(Continued from page 1357.)

Mr. A. H. Peterson, local Federal Housing Director, has informed this department that the United States of America proposes to acquire title to property to be used for low cost housing purposes in this Commonwealth in the name of the Government itself and is not using any corporation for such purpose.

If the property were acquired not by the United States of America but by a corporation or corporations, such as the Public Works Emergency Housing Corporation, then the exemption statute would not, in my opinion, apply and only the constitutional question of taxation of a Federal Government Agency would remain.

Very truly yours,

HENRY E. FOLEY,
Corporation Counsel.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of construction of a traffic circle in the intersection of Gallivan Boulevard, Old Colony Boulevard and Neponset avenue, estimated to be one (1) month, parking of vehicles is prohibited in the following streets, effective October 31, 1935:

Hallet Street, Dorchester.

Both sides, from Gallivan Boulevard to Minot street.

Minot Street, Dorchester.

Both sides, from Hallet street to Neponset avenue.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, vehicles are excluded from Dore street, between Tremont street and Washington street, from 6 p. m. November 2, 1935, to 7 a. m. November 4, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of gas main construction, estimated to be three (3) weeks, parking of vehicles is prohibited in Kilby street, east side, from Water street to State street, effective November 6, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of bridge repairs, estimated to be two (2) weeks, vehicles are excluded from Summer street, South Boston, between the northwesterly end of the I. street bridge and the southeasterly end of the L street bridge,

from 9 p. m. of each day to 5 a. m. of the succeeding day.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be one (1) month, vehicles are excluded from F. street, South Boston, between West First street and West Second street, effective November 5, 1935.

NEW STREETS FOR BOSTON AT COST OF \$439,799.38.

Mayor Mansfield, on November 6, signed the third and fourth application for the construction of Boston streets under the terms of an Act of the 1935 Legislature providing 100 per cent grants for this purpose. The final applications bring the total allotment made to the City of Boston under the provisions of the act up to \$439,799.38.

No expense of any kind devolves upon the city in connection with this work. The labor is furnished by the state employment service and is charged to the item for labor. The rental of equipment and the purchase of materials will be made by the City's Superintendent of Supplies and will be paid for out of the appropriation.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

HOSPITAL DEPARTMENT.

Advertises for proposals for furnishing and installing new drain line from Pavilion 3 to Albany street interceptor. Surety bond will be required in a sum equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the superintendent, 818 Harrison avenue, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, November 13, at 12 m.

POLICE DEPARTMENT.

Advertises for proposals for furnishing and delivering automobiles to the department. Surety bond will be required in a sum equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Property Clerk, 154 Berkeley street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed with the Police Commissioner at the same address.

Bids close Thursday, November 14, at 12 m.

PUBLIC WORKS DEPARTMENT (Bridge Service).

Readvertises for proposals for redecking and resurfacing Chelsea South Drawbridge over the Mystic river, Boston. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$700, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, November 15, at 12 m.

PUBLIC WORKS DEPARTMENT (Ferry Service).

Readvertises for proposals for repairing hull, etc., of the ferryboat "Daniel A. MacCormack." Surety bond will be required in a sum equivalent to the full amount of the contract price. PARK DEPARTMENT.

Approval has been given for the transfer of Charles F. Guiney, laborer at the Boston City Hospital at \$16.50 a week and meals to the Park Department as laborer at \$5 a day.

Approval has been given for the continued temporary employment, for a period of three months, of John T. Stevens as third-class engineer at \$38 a week.

PUBLIC WORKS DEPARTMENT.

Approval has been given to continue the temporary employment of William D. Pierce as rodman at \$1,200 a year, for three months, in Highway Division, dating from October 26, 1935.

Approval has been given to transfer James F. Foran from the Boston Institutions Department to the Paving Service as laborer at \$5 a day, to take effect on November 4, 1935.

Approval has been given to continue the temporary employment of Thomas B. Welch as electrician at \$7 a day in the Summer Tunnel service, for three months, from November 2, 1935.

STREET LAYING-OUT DEPARTMENT.

George L. Philpott, junior engineer at \$2,700 a year, has been promoted to senior engineer at \$2,800 a year, the minimum pay for this rating.

The provisional employment of Louis E. Resteri, conveyancer at \$2,200 a year, has been extended for an additional three months from the expiration date of his present employment, November 3, 1935.

REGISTRY OF DEEDS.

(Suffolk County.)

Resulting from the appointment of A. Grace Small as second assistant register at the minimum compensation for that office, \$3,600 a year, to take the place of John W. Johnson, who retired from service and whose compensation for the past year had been \$4,200, approval has been given for the following changes in personnel and compensation, effective as of November 1, to wit:

Mary E. Galvin, principal clerk, from \$2,300 to \$2,400 a year.

Annie Grimm, principal clerk, from \$2,200 to \$2,300 a year.

Mabel E. Mansfield, senior clerk at \$2,000 to principal clerk at \$2,200 a year.

Mary E. Sheehan, senior clerk, from \$1,900 to \$2,000 a year.

Helen G. Tiernay, clerk to senior clerk, from \$1,800 to \$1,900 a year.

ADDITIONS TO CONTRACT.

Coleman Brothers Corporation has been granted a further extension of the time of completion of the contract for repairing and strengthening the Chelsea Bridge North, over the Mystic river, from October 21, 1935, to November 30, 1935. This extension is requested for the reason that the last shipment of piles did not arrive on the job until the latter part of September, which of necessity held up the work.

FIRE DEPARTMENT ORDERS.

General Orders No. 50.

I. RETIREMENT.

The following retirement is hereby announced to take effect Friday, November 22, 1935:

William H. Hawkins, Ladder Company 25.

Ladderman Hawkins was appointed to the department on December 22, 1893. He leaves the department with the best wishes of his associates.

II. ASSIGNMENT CARDS.

New assignment cards for Box 6157, Border and Maverick streets, announced in General Orders No. 46, c. s., are being issued to the department today.

III. ARMISTICE DAY PARADE.

The commander of the Metropolitan Firemen's Post, American Legion, has invited all members of the Boston Fire Department who are off duty to participate in the Armistice Day Parade with the Metropolitan Firemen's Post on Monday, November 11, 1935. All those who wish to parade should report to Commander George R. Driscoll at the corner of Clarendon and Newbury streets at 1.30 p. m.

IV. A. D. T. ASSIGNMENTS.

The following addition is to be made to the assignment cards of the American District Telegraph Company:

Signal No. 215, Boston Wharf Company, 44-54 Farnsworth street. Apparatus to respond: Engine 38, Ladder 18, District 3. Nearest city box 7112.

V. COMMENDATION.

Hoseman Harold B. Goff of Engine Company 12 is hereby commended for extinguishing a fire on the third floor of City Hall on October 30, 1935, while off duty.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structure as a fire menace or nuisance:

The building at 44 Phillips street, rear, Ward 5.

CONTRACTS AMENDED.

Wright & Ditson (Division of Spaulding Sales Corporation) have been allowed to amend the contract to furnish and install furniture and equipment for the Intermediate School in the Shurtleff District, South Boston, by striking out the date September 11, 1935, in Article 2 on page 12, and substituting the date October 15, 1935, and by inserting after the date May 1, 1936, the word "respectively," so that said Article 2 on page 12 of the contract shall read as follows:

"Article 2.—The contractor shall promptly start the work to be done under the contract and shall complete the furnishings and installing of furniture and / or equipment at the times defined in the specifications, on October 15, 1935, and May 1, 1936, respectively, and shall be liable in damages for any failure so to do, all as defined in the general conditions and the specifications."

MAYOR LOCATES RELATIVES OF ENGLISH FAMILY.

The following is a copy of letter received on October 31 by Mayor Mansfield.

10 BALCLAVIA STREET,
STOCKTON ON TEES,
DURHAM, ENGLAND,

October 21, 1935.

DEAR SIR,—I am writing to thank you for putting the advertisement in the paper for my son, Samuel Johnson. His wife saw this in the paper and they live at 7 Wesley street, South Boston, Mass., and they are well and comfortable.

We thank you for your great kindness in assisting to find him. I am, sir,

Yours truly,

(Mrs.) ANNA JOHNSON.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examinations, 1935.

Examinations will be held at the following points and on the following dates:

Boston, Monday, December 2.

New Bedford, Wednesday, December 4.

New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,
PAYSON SMITH,
STEPHEN C. GARRITY,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 413A, State House, Boston, Mass.

OVERSEERS OF THE PUBLIC WELFARE, CITY OF BOSTON.

Cafeteria.—Item 56, toaster; Item 57, griddle; Item 58, griddle table with cabinet under; Item 59, tray, silver and napkin cabinets; Item 60, combination ice cream and milk storage cabinet; Item 61, milk pumps; Item 62, glass racks and water stations; Item 63, deliver and install. Above to be delivered and installed at a price of: Morandi-Proctor Company, Incorporated, Garvey street, Everett, Mass., \$34,000; The John Van Range Company, 43 Hudson street, Boston, \$31,661.

Proposal No. 2, Accessories and Utensils
Schedule.

Item 64, Approximate Amounts to be
Furnished and Installed.

A.

12 Steamer Baskets, Each.—Morandi-Proctor Company, Incorporated, \$9.85; The John Van Range Company, \$7.

6 Steamer Baskets, Each.—Morandi-Proctor Company, Incorporated, \$11.33; The John Van Range Company, \$10.66.

B.

12 Cutting Boards, Each.—Morandi-Proctor Company, Incorporated, \$3.25; The John Van Range Company, \$3.25.

6 Pans for Same, Each.—Morandi-Proctor Company, Incorporated, \$12.50; The John Van Range Company, \$11.75.

C.

3 Toast Boxes, Each.—Morandi-Proctor Company, Incorporated, \$25; The John Van Range Company, \$19.40.

5 Baskets for Same, Each.—Morandi-Proctor Company, Incorporated, \$5.06; The John Van Range Company, \$8.

6 Toast Boxes With Covers, Each.—Morandi-Proctor Company, Incorporated, \$28.65; The John Van Range Company, \$24.80.

D.

24 Ice Cream and Milk Cans, Each.—Morandi-Proctor Company, Incorporated, \$2.27; The John Van Range Company, \$3.

E.

2 Grinders, Each.—Morandi-Proctor Company, Incorporated, \$51; The John Van Range Company, \$42.

F.

8 Feather Singers, Each.—Morandi-Proctor Company, Incorporated, \$2.75; The John Van Range Company, \$2.40.

G.

4 Dish Trucks, Each.—Morandi-Proctor Company, Incorporated, \$39.50; The John Van Range Company, \$43.75.

6 Kitchen Trucks, Each.—Morandi-Proctor Company, Incorporated, \$31.50; The John Van Range Company, \$55.

8 Cup Service Trucks, Each.—Morandi-Proctor Company, Incorporated, \$16; The John Van Range Company, \$24.

H.

8 Guides for Cup Service Trucks, Each.—Morandi-Proctor Company, Incorporated, \$7.50; The John Van Range Company, \$3.10.

Total.—Morandi-Proctor Company, Incorporated, \$1,285.88; The John Van Range Company, \$1,401.46.

Name of Manufacturer.

NOTE.—In these items the names in parenthesis are the manufacturers who will supply same to the bidder.

Kitchen Equipment Fabricated for Shop Items.—Morandi-Proctor Company, Incorporated (Morandi-Proctor Company, Incorporated); The John Van Range Company (The John Van Range Company, Incorporated).

Kitchen Machine.—Morandi-Proctor Company, Incorporated (Century Machine Company, Cincinnati, Ohio); The John Van Range Company (Century Machine Company, Cincinnati, Ohio).

Bread Crumbler.—Morandi-Proctor Company, Incorporated (Goodell Company, Antrim, N. H.; The John Van Range Company (Goodell Company, Antrim, N. H., Model No. 30).

Slicing Machine and Pedestal.—Morandi-Proctor Company, Incorporated (United States Slicing Machine Company, Boston); The John Van Range Company (United States Slicing Machine Company, Boston, Model No. 150.)

Panambulator.—Morandi-Proctor Company, Incorporated (Charles White Wood, Boston); The John Van Range Company (Charles White Wood, Boston).

Butcher Blocks and Benches.—Morandi-Proctor Company, Incorporated (Michigan Maple Block Company, Detroit).

Mich.); The John Van Range Company (Michigan Maple Block Company, Petroskey, Mich.).

Butcher Saw.—Morandi-Proctor Company, Incorporated (Vaughan Company, Chicago, Ill.); The John Van Range Company (Vaughan Company, Chicago, Ill., Model "D").

Meat Chopper and Grinder.—Morandi-Proctor Company, Incorporated (John E. Smith's Sons Company, Buffalo, N. Y.); The John Van Range Company (John E. Smith's Sons Company, Buffalo, N. Y., Model No. 120).

Vegetable Chopper and Slicer.—Morandi-Proctor Company, Incorporated (John E. Smith's Sons Company, Buffalo, N. Y.); The John Van Range Company (John E. Smith's Sons Company, Buffalo, N. Y., Model No. 120).

Fish Scalers.—Morandi-Proctor Company, Incorporated (N. A. Strand & Co., Chicago, Ill.); The John Van Range Company (N. A. Strand & Co., Chicago, Ill.).

Pea and Bean Sheller.—Morandi-Proctor Company, Incorporated (H. G. W. Young, Boston); The John Van Range Company (H. G. W. Young, Boston, Model "A").

Vegetable Cuber.—Morandi-Proctor Company, Incorporated (H. G. W. Young, Boston); The John Van Range Company (H. G. W. Young, Boston, Model "C").

French Fry Cutter.—Morandi-Proctor Company, Incorporated (H. G. W. Young, Boston); The John Van Range Company (H. G. W. Young, Boston, Model "C").

Dough Troughs.—Morandi-Proctor Company, Incorporated (Union Steel Products Company, Albion, Mich.); The John Van Range Company (Union Steel Products Company, Albion, Mich.).

Bread Loaf Molder.—Morandi-Proctor Company, Incorporated (Century Machine Company, Cincinnati, Ohio); The John Van Range Company (Century Machine Company, Cincinnati, Ohio, "Drum Type").

Bread Flour Handling Outfit Complete.—Morandi-Proctor Company, Incorporated (Century Machine Company, Cincinnati, Ohio); The John Van Range Company (Century Machine Company, Cincinnati, Ohio).

Cake Mixer.—Morandi-Proctor Company, Incorporated (Century Machine Company, Cincinnati, Ohio); The John Van Range Company (Century Machine Company, Cincinnati, Ohio).

Cream Whip.—Morandi-Proctor Company, Incorporated (Hobart Manufacturing Company, Troy, Ohio); The John Van Range Company (Hobart Manufacturing Company, Troy, Ohio).

Roll Divider.—Morandi-Proctor Company, Incorporated (Dutchess Tool Company, Beacon, N. Y.); The John Van Range Company (Dutchess Tool Company, Beacon, N. Y.).

Jacket Kettle.—Morandi-Proctor Company, Incorporated (Aluminum Cooking Utensil Company, New Kensington, Penn.); The John Van Range Company (The Aluminum Cooking Utensil Company, New Kensington, Penn.).

Hygrometer.—Morandi-Proctor Company, Incorporated (Brown Instrument Company, Philadelphia, Penn.); The John Van Range Company (Taylor Instrument Company).

Thermostatic Valve.—Morandi-Proctor Company, Incorporated (Powers Regulator Company, Boston); The John Van Range Company (Powers Regulator Company, Boston).

Condenser Type Steam Jets.—Morandi-Proctor Company, Incorporated (Power

Heating and Ventilating Company, Boston); The John Van Range Company (The John Van Range Company).

Yeast Saver.—Morandi-Proctor Company, Incorporated (H. A. Johnson Company, Boston); The John Van Range Company (The Eclipse Machinery Company).

Cake Flour Sifter.—Morandi-Proctor Company, Incorporated (American Machine and Foundry Company, New York, N. Y.); The John Van Range Company (American Machine and Foundry Company, New York, N. Y.).

Automatic Doughnut Machine.—Morandi-Proctor Company, Incorporated (Doughnut Corporation of America, Boston); The John Van Range Company (Doughnut Machine Corporation, Boston, "Lincoln").

Bread Slicer.—Morandi-Proctor Company, Incorporated (H. A. Johnson Company, Boston); The John Van Range Company (Gellman Manufacturing Company, No. 1).

Diet Kitchen Mixer.—Morandi-Proctor Company, Incorporated (Hobart Manufacturing Company, Troy, Ohio); The John Van Range Company (Hobart Manufacturing Company, Troy, Ohio, C-10).

Diet Kitchen Toaster.—Morandi-Proctor Company, Incorporated (Savory, Incorporated, Buffalo, N. Y.); The John Van Range Company (Savory, Incorporated, Buffalo, N. Y., Model "PD").

Diet Kitchen Slicing Machine.—Morandi-Proctor Company, Incorporated (United States Slicing Machine Company, Boston); The John Van Range Company (United States Slicing Machine Company, Boston, Model "H").

Diet Kitchen Dish and Glass Washing Machine.—Morandi-Proctor Company, Incorporated (Hobart Manufacturing Machine Company, Troy, Ohio); The John Van Range Company (C. S. Blaheslee Company, Model No. 9).

Fruit Juice Extractor.—Morandi-Proctor Company, Incorporated (Sprague Sells Company, New York, N. Y.); The John Van Range Company (Mills Company, No. 3).

Cafeteria Gas Griddle.—Morandi-Proctor Company, Incorporated (Morandi-Proctor Company, Incorporated); The John Van Range Company (The John Van Range Company).

Cafeteria Toaster.—Morandi-Proctor Company, Incorporated (Savory, Incorporated, Buffalo, N. Y.); The John Van Range Company (Savory Company, "Annapolis" Model).

Combination Ice Cream and Milk Storage Cabinet.—Morandi-Proctor Company, Incorporated (The Frigidaire Company, Boston); The John Van Range Company (The Frigidaire Company, Boston).

Glass Racks and Water Storage Units.—Morandi-Proctor Company, Incorporated (Morandi-Proctor Company, Incorporated); The John Van Range Company (The John Van Range Company).

Tray, Silver, and Napkin Cabinets.—Morandi-Proctor Company, Incorporated (Morandi-Proctor Company, Incorporated); The John Van Range Company (The John Van Range Company).

General Contractor.—Morandi-Proctor Company, Incorporated (John Bowen Company, Incorporated, Boston); The John Van Range Company (John Bowen Company, Incorporated, Boston).

Plumbing Contractor.—Morandi-Proctor Company, Incorporated (M. Ahern, Boston); The John Van Range Company (M. Ahern, Boston).

Steam Contractor.—Morandi-Proctor Company, Incorporated (Power Heating and Ventilating Company, Boston); The John Van Range Company (Power Heating and Ventilating Company, Boston).

Gas Contractor.—Morandi-Proctor Company, Incorporated (P. W. Donoghue Company, Boston); The John Van Range Company (P. W. Donoghue Company, Boston).

Electrical Contractor.—Morandi-Proctor Company, Incorporated (Quinn Brothers, South Boston); The John Van Range Company (Quinn Brothers, South Boston).

Valves and Traps.—Morandi-Proctor Company, Incorporated (as specified for steam and plumbing contracts); The John Van Range Company (Power Heating and Ventilating Company).

Grinders.—Morandi-Proctor Company, Incorporated (Griswold Manufacturing Company, Erie, Penn.); The John Van Range Company (Edward Wueff Company).

Trucks.—Morandi-Proctor Company, Incorporated (Market Forge, Everett); The John Van Range Company (The Colson Company).

Upon November 2 the Mayor approved contracts as indicated for range oil for the Overseers of the Public Welfare. A summary showing the bids received on approximately 1,500,000 gallons of oil required follows. The posted prices in effect at the time bids were opened, which posted prices are made a part of the proposals, will be the basis for figuring the billing price for oil that may be delivered to the Public Welfare Department. Based on these posted prices, low bidders in the different districts are as follows (prices per gallon shown are arrived at by taking the bidder's posted price as it appears in his proposal and deducting therefrom all discounts offered in the bidder's proposal):

Alfred E. Ventola, Hyde Park.

West Roxbury and Roslindale, approximately 30,000 gallons, 5.88 cents a gallon; Hyde Park, approximately 50,000 gallons, 5.88 cents a gallon; Jamaica Plain, approximately 90,000 gallons, 5.88 cents a gallon; Dorchester, approximately 210,000 gallons, 5.88 cents a gallon. Approximate total, 380,000 gallons; total estimated amount of contract, \$22,344.

R. W. Piper, Dorchester.

Roxbury, approximately 300,000 gallons 5.88 cents a gallon; South Boston, approximately 180,000 gallons, 5.88 cents a gallon. Approximate total, 480,000 gallons, total estimated amount of contract, \$28,224.

Lynch Super Oil Company, South Boston.

South End, approximately 90,000 gallons, 6.125 cents a gallon; Brighton, approximately 40,000 gallons, 6.125 cents a gallon; North and West Ends, approximately 135,000 gallons, 6.125 cents a gallon; Charlestown, approximately 75,000 gallons, 6.125 cents a gallon. Approximate total, 340,000 gallons; total estimated amount of contract, \$20,825.

East Boston district, approximately 300,000 gallons. The low bidder, based on the posted price appearing in his proposal, is the Lynch Super Oil Company of South Boston, at a net minimum price of 6.125 cents per gallon, including all discounts, with a possible net maximum price of 7.105 cents per gallon, should the market advance to bidder's top price of 7.75 cents per gallon. The Tidewater Coal Company of East Boston, however,

guarantees a flat price of 6.25 cents per gallon for the life of the contract.

Prices on range oil usually advance during the heating season and an advance of one-eighth cent per gallon on the low bid would equal the guaranteed flat price of 6.25 cents quoted by the Tidewater Coal Company. Furthermore, this contractor is located in the district he will serve and should be able to give better delivery service.

Privilege of purchasing on same terms and conditions extended to April 30, 1936.

Bids, opened October 16, were as follows:

Brighton, 40,000 Gallons.

Minus Differential, Per Gallon.—Burner Fuel Company, 1/8 cent; Heath Oil Company, .5 cent; Francis L. Cronin Company, .5 cent; Tidewater Coal Company, .25 cent.

Squire Company, no deductions for processing tax.

* Contract awarded.

Upon November 2 the Mayor approved contracts for approximately 10,000 barrels of medium and approximately 150,000 barrels of heavy fuel oil, required by the various city departments for the period beginning October 15, 1935, and ending September 30, 1936. From the fuel engineers' report, it will be noted that on the heavy fuel oil the Petroleum Heat and Power Company's bid provides the lowest cost to the city per 1,000,000 B. t. u., and on the medium fuel oil the Petroleum Heat and Power Company's bid is equally low for the cost per 1,000,000 B. t. u. with that of the Socony-Vacuum Oil Company, Incorporated, and the Cities Service Refining Company. Bids, opened September 30, were as follows:

Heavy Fuel Oil.

Approximate Amounts on All Items.—City Hospital, 4,000,000 gallons; Sanatorium, 700,000 gallons; Calf Pasture pumping station, 800,000 gallons; Paving Division Garage, 40,000 gallons; City Hall Annex, 650,000 gallons; Court Houses, 25,000 gallons; Health Units, 90,000 gallons. Approximate total, 6,305,000 gallons or 150,119 barrels.

B. T. U. Per Gallon.—Socony-Vacuum Oil Company, Incorporated, 152,500; Cities Service Refining Company, 152,500; Colonial-Beacon Oil Company, Incorporated, 151,000; Petroleum Heat and Power

Company, 153,000; Arthur H. Ballard, Incorporated, 151,000; American Oil Products Company, 139,000.

Contractor's Posted Price on September 30, 1935.—Socony-Vacuum Oil Company, Incorporated, \$1.27 per barrel of 42 United States gallons at 60 degrees F.; Cities Service Refining Company, \$1.27 per barrel of 42 United States gallons at 60 degrees F.; Colonial-Beacon Oil Company, Incorporated, 3.024 cents per United States gallon at 60 degrees F. or \$1.27 per barrel of 42 United States gallons at 60 degrees F.; Petroleum Heat and Power Company, \$1.27 per barrel of 42 United States gallons at 60 degrees F.; Arthur H. Ballard, Incorporated, 3.024 cents per United States gallon at 60 degrees F. or \$1.27 per barrel of 42 United States gallons at 60 degrees F.; American Oil Products Company, 3.095 cents per United States gallon at 60 degrees F. or \$1.30 per barrel of 42 United States gallons at 60 degrees F.

Trade Name or Brand.—Socony-Vacuum Oil Company, Incorporated, Socony; Cities Service Refining Company, Cities Service Oil, Fuel Bunker "C"; Colonial-Beacon Oil Company, Incorporated, Colonial-Beacon Heavy Fuel Oil; Petroleum Heat and Power Company, Petro; Arthur H. Ballard, Incorporated, Colonial-Beacon Heavy Fuel Oil; American Oil Products Company, Amproco Heavy Industrial Fuel Oil.

Top Price (Exclusive of Discounts).—Socony-Vacuum Oil Company, Incorporated, \$1.48 per barrel of 42 United States gallons; Cities Service Refining Company, \$1.48 per barrel of 42 United States gallons; Colonial-Beacon Oil Company, Incorporated, 3.524 cents per gallon or \$1.48 per barrel of 42 United States gallons; Petroleum Heat and Power Company, \$1.48 per barrel of 42 United States gallons; Arthur H. Ballard, Incorporated, 3.524 cents per gallon or \$1.48 per barrel of 42 United States gallons; American Oil Products Company, 3.595 cents per gallon or \$1.51 per barrel of 42 United States gallons.

Alternate on Heavy Fuel Oil Delivered by Barge to City Hospital. (Approximately 95,000 Barrels.)

Posted Price.—Cities Service Refining Company, posted New York Bunker market, plus 10 cents a barrel; Colonial-Beacon Oil Company, Incorporated, \$1.05 per barrel of 42 United States gallons at 60 degrees F.; Petroleum Heat and Power Company, \$1.05 per barrel of 42 United States gallons at 60 degrees F.

Top Price.—Cities Service Refining Company, \$1.26 per barrel of 42 United States gallons at 60 degrees F.; Colonial-Beacon Oil Company, Incorporated, \$1.25 per barrel of 42 United States gallons at 60 degrees F.; Petroleum Heat and Power Company, \$1.40 per barrel of 42 United States gallons at 60 degrees F.

B. T. U. Per Gallon.—Cities Service Refining Company, 152,500; Colonial-Beacon Oil Company, Incorporated, 151,000; Petroleum Heat and Power Company, 153,000.

Remarks.—Cities Service Refining Company, posted New York Bunker "C" market September 30, 1935, 95 cents a barrel.

Medium Fuel Oil.

Approximate Amounts on All Items.—Fire Houses, 300,000 gallons; Charity Buildings, Overseers of Public Welfare, 60,000 gallons; Printing Plant, 60,000 gallons. Approximate total, 420,000 gallons or 10,000 barrels.

Upon November 7 the Mayor approved a contract with Duparquet, Huot & Moneuse Company for furnishing kitchen equipment to the Long Island Hospital, Institutions Department, at \$11,582, to include installing. Bids on this kitchen equipment were advertised to be publicly opened on June 12, 1935, and readvertised to be publicly opened on July 1, 1935, July 29, 1935, and October 29, 1935. The following bid was the only one received on October 29, 1935:

Lct Prices.

Item 1, Steamers.—4 Four-compartment upright sectional steamers (total, 16 compartments), \$1,519.

Item 2, Cereal Cookers.—2 sixty-gallon cereal cookers, \$1,063.

Item 3, Sinks.—1 Two-compartment pot sink and drainboards as shown on plan, \$984; 1 Four-compartment vegetable sink as shown on plan, \$992—\$1,976.

Item 4, Tables.—1 table 12 feet by 4 feet by 3 feet high, as located on plan in front of range and broiler; 2 tables 12 feet 5 inches by 4 feet by 3 feet high, as located on plan in front of steamers and cereal cookers; 2 tables 11 feet by 4 feet by 3 feet high, as located on plan in front of kettles; 1 table 14 feet by 4 feet by 3 feet high, as located on plan in front of oven. Total for Item 4, \$2,046.

Item 5, Hood.—1 17-foot by 6-foot double-faced mitered end hood to set over charcoal broiler and range as shown on plan, \$144.

Item 6, Kettles.—4 100-gallon full-jacketed stainless steel kettles for steam, stationary type; 2 60-gallon jacketed stainless steel tilting kettles for steam. Total for Item 6, \$4,166.

Item 7, Miscellaneous (This Item Added by Bidder).—Bidder will furnish and erect smoke pipe on owner's range; bidder will furnish and install cover, stand and draw-off to owner's kettle; bidder will furnish and install stand to owner's coffee urn; bidder will provide all labor to erect the above equipment ready for mechanical connections by owner. Total for Item 7, \$668.

Grand total, \$11,582. Prices, net.

Remarks.—Bidder intends to furnish the stainless steel kettles, also the furnishings for owner's jacket kettle, as manufactured by B. H. Hubbert & Son, Incorporated, of Baltimore, Md., and the balance of the equipment, which is of special fabrication, will be manufactured in bidder's own factory at 511 Atlantic avenue, where local labor is employed.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon November 6 the Mayor approved a contract with A. R. Doyle, Incorporated, for sheet asphalt pavement in

Beaver place, city proper. The following bids were received November 6:

A. R. Doyle, \$1,235.85; S. J. Tomasella Corporation, \$1,439.10; Standard Contracting Company, \$1,513.50; M. F. Gaddis, \$2,012.25.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing shop supplies and equipment for Boston public schools. Proposals, opened Monday, July 15, were received from the following concerns:

General Hardware.—Barad Tool and Supply Company, Cutter Wood and Sanderson Company, Arthur C. Harvey Company, Herrick Company, H. M. Sanders Company, Simons Brothers Company, Warrenton Hardware Company, A. J. Wilkinson Company.

Electrical Supplies.—American Electric Supply Company, Eagle Electric Supply Company, Loman Electric Supply Company, Massachusetts Gas and Electric Light Supply Company, Union Electric Supply Company, Westinghouse Electric Supply Company.

Steel and Angle Iron.—Achorn Steel Company, Arion Steel Company, Compressed Steel Shafting Company, P. F. McDonald Company, Stahleker Steel Company, Swedish Iron and Steel Corporation, Edgar T. Ward's Sons Company.

Printing Supplies.—American Type Founders Sales Corporation, H. Alfred Hansen, Samuel Stephens & Wickersham Quoin Company.

Sheet Metal Supplies.—Brown Wales Company, Cutter Wood and Sanderson Company, Arthur C. Harvey Company, Herrick Company.

Auto Equipment and Supplies.—Green and Swett Company, Linscott Supply Company, Littlefield Green Corporation, Simons Brothers Company.

Painting Equipment and Supplies.—Cutter Wood and Sanderson Company, Packard Paint and Varnish Company, Warrenton Hardware Company.

Paper Rope and Twine.—Andrews Paper Company, Arnold Roberts Company, Fellowcrafters, Incorporated, Knight Allen and Clark, Incorporated, Storrs and Bement Company.

Welding Supplies.—Cutter Wood and Sanderson Company, Linde Air Products Company, P. F. McDonald Company.

Lead and Smelting Products.—Raymond E. Henchey, National Boston Lead Company.

Masonry Supplies.—William S. Simpson Company.

Plumbing Equipment and Supplies.—Sheehan O'Brien Company, Standard Plumbing Supply Company.

Pipe and Pipe Fittings.—Sheehan O'Brien Company, Standard Plumbing Supply Company.

Radio Supplies.—Eastern Radio Company, Louis M. Herman Company, H. Jappe Company, The Radio Shack.

Contracts were made with the following dealers:

September 26, 1935, American Type Founders Sales Corporation, \$2,468.78; September 26, 1935, Arthur C. Harvey Company, \$3,223.61; September 26, 1935, Loman Electric Supply Company, \$1,661.60; September 26, 1935, A. J. Wilkinson Company, \$5,251.43; September 27, 1935, Raymond E. Henchey, \$903.86; September 27, 1935, Union Electric Supply Company, \$931.73; October 1, 1935, Cutter Wood and Sanderson Company, \$1,427.13; October 9, 1935, Warrenton Hardware Company, \$1,531.98.

Purchase orders were placed with the following dealers because of the small amount involved:

Achorn Steel Company, American Electric Supply Company, Andrews Paper Company, Arion Steel Company, Arnold Roberts Company, Barad Tool and Supply Company, Brown Wales Company, Compressed Steel Shafting Company, Eagle Electric Supply Company, Eastern Radio Company, Fellowcrafters, Incorporated, Green and Swett Company, H. Alfred Hansen, Louis M. Herman Company, Herrick Company, H. Jappe Company, Knight Allen and Clark, Linde Air Products Company, Linscott Supply Company, Littlefield Greene Corporation, Massachusetts Gas and Electric Supply Company, P. F. McDonald Company, National Boston Lead Company, Packard Paint and Varnish Company, The Radio Shack, Samuel Stephens & Wickersham Quoin Company, H. M. Sanders Company, William S. Simpson Company, Simons Brothers Company, Sheehan O'Brien Company, Stahleker Steel Company, Standard Plumbing Supply Company, Storrs and Bement Company, Swedish Iron and Steel Corporation, Edgar T. Ward's Sons Company, Westinghouse Electric Supply Company.

WITHOUT ADVERTISING.

Upon varying dates, as indicated, the Mayor approved contracts with business firms and contractors for labor and supplies. Communications from the heads of the several departments interested were as follows:

HEALTH DEPARTMENT.

BOSTON, November 4, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested of a contract between the Health Commissioner of the City of Boston and the Colonial Scales Company, covering the maintenance of weighing machines (ten in number) in the Convenience Stations of this department, for one year, from November 1, 1935, for the sum of four hundred and fifty-five dollars (\$455), payable in advance, as follows: One fourth of said sum to be payable on the 15th days of January, February, March and April, 1936.

The Colonial Scales Company has been performing this service in a highly satisfactory manner since 1932.

Yours respectfully,

F. X. MAHONEY, M. D.,
Health Commissioner.

BOSTON, November 5, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Your approval is requested of a contract, between me, as Health Commissioner, and the Hygienic Coin Lock Company, a corporation having its place of business in the City of Boston, as follows:

The said corporation agrees to install, maintain and operate for a term of one year, from December 1, 1935, nineteen first-class installations of its coin control locks operated by a 5-cent piece on nineteen toilet doors of convenience stations, as designated by this department, in the City of Boston.

The contractor shall pay to the City of Boston a sum of money equal to 75 per cent of the gross receipts per lock per month. Settlements are to be made monthly and the amount due the city is to be paid to it on or before the tenth day of the month succeeding collections.

The Hygienic Coin Lock Company has been operating these locks, in a satisfactory manner, for the past five years.

The Law Department has suggested that your approval of the above letter be obtained before the contracts are signed and approved as to form by their department.

Yours respectfully,

F. X. MAHONEY, M. D.,
Health Commissioner.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, November 4, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Referring to my letter to your Honor under date of October 31, regarding the emergency existing at the Quincy Market resulting from the decay and sagging of supporting members on the first floor, I respectfully inform you that on Saturday, November 2d, I ordered the Codman Hill Construction Company to proceed with the temporary shoring of the first floor.

It is impossible at the present time to arrive at an accurate estimate of the cost for doing this work, but I am having a careful check-up made as to quantities of material and labor required to do the work and will shortly be able to supply an outside figure. Owing to the extreme danger, I did not deem it advisable to delay the work and ordered the contractor to proceed immediately to prevent the possibility of a catastrophe occurring in the market.

In consideration of these facts I respectfully request permission to have the necessary shoring work installed in the first floor of the market by the Codman Hill Construction Company, whose equipment and men are now located in the building.

Respectfully yours,

ROSSELL G. HALL,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, October 11, 1935.

To the Honorable Mayor.

A contract for repairing and strengthening the Chelsea Bridge North over the Mystic river calls for the furnishing of approximately 70,000 feet of new long leaf southern yellow pine piles, said piles to be creosoted for full cell creosote treatment.

This creosote treatment was placed by the bridge contractors with the Republic Creosoting Company of Norfolk, Virginia.

In order that the Public Works Department have a knowledge that this treatment is in accord with the contract specifications an inspection must be made at the plant at Norfolk, Virginia.

This inspection is a specialized job and the Boston firm of Skinner & Sherman, Incorporated, were given a service order, said service order being No. 130, dated March 23, 1935, for the inspection of approximately 78,000 lineal feet of piling at a cost of one and one quarter cents per lineal foot.

The length of piles called for were treated, inspected and shipped to Boston. Unfortunately the last shipment of piles, approximately 33,000 lineal feet, was destroyed by fire at the south entrance to the Cape Cod Canal.

This destruction of the piles necessitated the contractor, the Coleman Brothers Corporation, to place an order for the length of piles destroyed and in turn this order by said contractors required the Public Works Department to inspect an additional length of piles.

The total length of piles to be inspected at a price of one and one quarter cents per lineal foot will call for a payment of over \$1,000.

I respectfully request permission to enter into a contract with the firm of Skinner & Sherman, Incorporated, without publicly advertising, to inspect the creosoting of 114,600 lineal feet of southern yellow pine pilings at Norfolk, Virginia, at a price of one and one quarter cents per lineal foot. The service order No. 130, dated March 23, 1935, has been voided and no payment has been made or will be made under this service order. The total payment to Skinner & Sherman, Incorporated, will be approximately \$1,432.50.

Respectfully,

C. J. CARVEN,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, October 31, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award contracts, without publicly advertising for same, for the following fire apparatus to be delivered to the Boston Fire Department:

To the Seagrave Corporation: One Seagrave V-12-85-foot double bank aerial ladder truck, with 100-gallon Booster tank and 200-foot standard solid side ladders, delivered at a price of \$17,475; one Seagrave V-12-1,000-gallon pumping engine with 100-gallon Booster tank, delivered at a price of \$13,675—\$31,150; 5 per cent discount for payment in thirty days. Prices include painting, lettering, hose and suction threads, all to conform to City of Boston requirements.

To the Mack Motor Truck Company: One Mack type 19, 1,000-gallon triple combination pumping engine, equipped with pressure volume centrifugal pump, with 100-gallon Booster tank and standard equipment, painted, lettered and striped B. F. D. standard, delivered at a price of \$12,750; 5 per cent discount for payment in thirty days.

To the Ahrens-Fox-Fire Engine Company: One latest improved Ahrens-Fox triple combination pumping engine, having pumping capacity of 1,000 gallons per minute. Model B C dual centrifugal. Painted, lettered and striped B. F. D. standard, delivered at a price of \$13,675; 5 per cent discount for payment in thirty days.

I am attaching herewith letter from the Superintendent of Maintenance of the Fire Department, which has the approval of the Fire Commissioner, and which explains fully the reason for the purchase of the apparatus listed above.

Respectfully yours,

DAVID B. SHAW,
Acting Superintendent of Supplies.

GAIN IN TAX COLLECTIONS BY CITY.

Upon November 2 the Mayor issued the following statement:

The amount of collections on the 1935 levy of \$61,535,382, up to and including November 1, 1935, was \$40,005,489.57. This represents 65.012 per cent of the total, as compared with 63.104 per cent for the same period last year. On a percentage basis, this represents a gain of \$1,174,710.44 over last year.

It is my opinion, based upon what I am now able to observe, that the collections this year will show a gain over corresponding periods of last year.

ADDITIONS TO CONTRACTS.

HOSPITAL DEPARTMENT.

John Bowen Company, contractor for Kitchen Building, has been instructed to add to the contract the sum of \$68.66 for furnishing and installing three 400-ampere to 200-ampere cartridge fuse reducers, six 400-ampere to 100-ampere cartridge fuse reducers and nine 400-ampere lugs, for the sum of \$68.66, in accordance with revised letter of September 24, 1935. Original contract, \$379,000; corrected contract, as per order No. A-1830, \$417,905.44; now added, \$68.66; corrected contract, \$417,974.10; total added, \$41,272.70; total deducted, \$2,298.60.

MAYOR MANSFIELD COMMENTS ON FINANCE COMMISSION'S FINAL YIELDING ON DOLAN MATTER.

Upon October 30 Mayor Mansfield issued the following statement:

I suppose I can overlook the vituperative language used by the Finance Commission toward me in view of the fact that my principal objective has been gained and the testimony and evidence in possession of the Commission is to be made available to the Law Department.

It is plain enough that the violence of the attack upon me and the reiteration of similar attacks by the Commission were merely intended as a cloak to hide the chagrin which the Commission must feel in being forced by public opinion to disclose the information and evidence which it has. But it was not necessary for the Finance Commission to stipulate that the Corporation Counsel should examine the testimony in the presence of someone designated by the Commission.

I suggest to the Commission that Corporation Counsel Foley is an honorable man

and that he may safely be trusted with the testimony. Such a stipulation is unworthy of the Finance Commission. Loose generalities charging squandering of public funds are not very impressive when the chairman of the Finance Commission admitted only last Monday, when he was before the City Council, that no reputable person had ever appeared before the Commission to give testimony impugning the honesty of any member of the Council or of the Mayor.

THREE BEQUESTS TO CITY.

When City Treasurer John H. Dorsey opened his mail on November 1 he was pleasantly surprised to find that the City of Boston was the recipient of three separate trust fund bequests. The receipt of the three bequests in the same day constitutes a unique event in the history of the city.

The bequests were as follows:

A bequest in the amount of \$5,017.65 under the will of Daniel Sharp Ford of Boston to the trustees of the Boston Public Library, to be known as the "Daniel Sharp Ford Fund," the income thereof to be used for general purposes of the library.

A bequest in the amount of \$2,000 under the will of Adelaide A. Flint to the trustees of the Boston City Hospital, to be known as the "Edwin R. Flint Fund," the income thereof to be expended in Christmas decorations, in Christmas presents to needy patients in said hospital, or in some similar manner.

An additional bequest of \$9 from the trustees of the "Samuel Hirschberg Trust" to the trustees of the Boston City Hospital. This amount will be added to the "Nurses Fund," the income of which is used for the employment of special nurses for needy patients of the hospital.

PROCEEDINGS OF CITY COUNCIL.

Monday, October 28, 1935.

Regular meeting of City Council in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair and all the members present.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments: Weighers of Goods: Charles Nason, 57 Border street, West Newton; John E. Halligan, Jr., 40 Belcher street, Winthrop.

Severally laid over a week under the law.

RE-REGISTRATION OF WELFARE CASES.

The following was received:

City of Boston,
Office of the Mayor, October 24, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Welfare Department, relative to your order of September 23, 1935, concerning re-registration of welfare cases and other matters connected with the Welfare Department.

Yours truly,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Overseers of the Public Welfare,
October 23, 1935.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I have your letter of September 26, 1935, inclosing Council order dated September 23, asking for information concerning re-registration of welfare cases and other matters connected with this department, and I answer the questions as follows:

1. The date on which each one of the ten local welfare units, contemplated in May, 1934, were actually opened.

South End, September 10, 1934; Charlestown, October 1, 1934; East Boston, October 15, 1934; South Boston, October 22, 1934; Whittier Street, October 29, 1934; Brighton, November 9, 1934; Jamaica Plain, December 28, 1934; Hyde Park (new), January 22, 1935; Mattapan, March 4, 1935; Blossom Street, April 8, 1935; Grove Hall, May 28, 1935; Roshindale, May 31, 1935.

2. The date on which re-registration of welfare cases was completed in each of the twenty-two wards of the city, as per original Council request of April 16, 1934.

Finished June 1, 1935.

3. The total number of welfare recipients now no longer carried on the welfare rolls since the beginning of the re-registration of all welfare cases commencing early in 1934 and which were dropped or disappeared following the beginning of such re-registration.

The number dropped or disappeared following the beginning of such re-registration up to June 1, 1935, was 15,719.

4. The date following April 16, 1934, on which re-registration of all welfare cases was commenced by the Public Welfare Department, and the date on which final re-registration throughout the entire city was completed.

South End, October 8, 1934; Hyde Park, October 15, 1934; Charlestown, October 16, 1934; North End, October 24, 1934; West End, October 24, 1934; South Boston, October 29, 1934; Dorchester, December 3, 1934; Brighton, November 30, 1934; East Boston, December 4, 1934; Whittier Street, November 5, 1934; Jamaica Plain, January 6, 1935.

5. Whether or not the signature and present address of every welfare recipient in the City of Boston is now in the possession of the Public Welfare Department.

Yes.

Yours truly,
JOHN C. L. DOWLING,
Executive Director.

Placed on file.

RESURFACING OF CERTAIN STREETS.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1935.
To the City Council.

Gentlemen,—I herewith transmit two letters from the Commissioner of Public Works, relative to your orders of September 30, 1935, concerning subject matters as follows, respectively:

1. Resurfacing of sixteen streets in Dorchester.
2. Resurfacing certain streets in Ward 1.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department, October 25, 1935.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note dated October 5, with attached order of City Council dated September 30, and reading as follows:

"Ordered, That the Public Works Commissioner be requested by his Honor the Mayor to resurface the following streets: King street, Adams street to Neponset avenue; Edwin street, Dix street, Minot street, from Adams street to Neponset avenue, Parkman street, Park street, from Freeport street to Dorchester avenue; Rozella street, Ashland street, Faulkner street, Rosemont street, Paisley park, Norwood street, Newhall street, Milton street, from Adams street to Granite avenue, Frederika street, Bushnell street."

and to state that the above list has been forwarded to the City of Boston Works Project Board as a project for the necessary regulating and smooth pavement. As soon as the projects are approved and notification given this office, the Paving Division will start on the streets enumerated.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

City of Boston,
Public Works Department, October 25, 1935.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note dated October 5, with attached order of City Council dated September 30, and reading as follows:

"Ordered, That the Commissioner of Public Works, through his Honor the Mayor, be requested to resurface the following-named streets in Ward 1: Cottage street, between Maverick street and Porter street; Saratoga street, between Meridian street and Day square; Bennington street, from Central square to Day square; Maverick street, from Maverick square to Boston Airport."

and to state that the above list has been forwarded to the City of Boston Works Project Board as a project for the necessary regulating and smooth pavement. As soon as the projects are approved and notification given this office, the Paving Division will start on the streets enumerated.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

Placed on file.

RESURFACING OF JOY STREET.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Commissioner of Public Works, relative to your order of October 14, 1935, concerning the resurfacing of Joy street, between Myrtle and Cambridge streets, Ward 3.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department, October 25, 1935.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of October 22, with attached order of City Council dated October 14, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Joy street, between Myrtle and Cambridge streets, Ward 3."

and to state that Joy street, Ward 3, between Myrtle and Cambridge streets, has a length of 609 linear feet and a width of between 26.5 and 31 feet. To construct a smooth pavement on a six-inch concrete base with the necessary regulating of edgelines and artificial stone sidewalk will cost approximately \$4,800.

At the present time there are no funds available for the execution of this work.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

Placed on file.

TRAFFIC SIGNALS NEAR CATHEDRAL.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Traffic Commissioner, Mr. William P. Hickey, relative to your order of October 14, 1935, concerning the installation of automatic traffic signals on Washington street, in front of the Cathedral of the Holy Cross.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Traffic Commission, October 23, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated October 14, 1935, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals on Washington street, in front of the Cathedral of the Holy Cross."

I regret to state that there are no funds available at this time for the installation of automatic traffic signals.

The records in this office show that eighteen motor vehicle accidents involving personal injury have occurred at this intersection since January 1, 1928, divided by years as follows:

1928, 3; 1929, 1; 1930, 1; 1931, 3; 1932, 4; 1933, 3; 1934, 1; 1935, 2.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1935.
To the City Council.

Gentlemen,—The attached requests for transfers within departmental appropriations have been examined and investigated by the Budget Commissioner. I accordingly recommend adoption of the accompanying orders by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Referred to Executive Committee.

E. R. A. LIBRARY PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1935.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Director of the Boston Public Library which is self-explanatory. In order to keep the E. R. A. projects in operation I respectfully recommend adoption of the accompanying order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Library Department, October 28, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mansfield,—At the suggestion of the City Auditor I am writing to state that the Library Department's appropriation for Schedule H (E. R. A. projects) does not contain sufficient funds for us to operate beyond the end of the current month. Late in September we were allotted \$1,500 to carry our work to the first of November. We now need an appropriation for the remaining two months of the year. This will be necessary in the amount of \$4,100.

We are employing approximately 750 individuals on two projects, X 2235-F4-U28H and 2235-B4-166U, respectively, our Shelf List Project and our Book Cleaning Project.

It is respectfully suggested that, if possible, provision be made for carrying on this work beyond the first of November, in order that the unemployed individuals engaged in work upon our E. R. A. projects may not suffer discontinuation of their present employment.

Yours very sincerely,
MILTON E. LORD,
Director.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$4,100, to the appropriation for Library Department, H, Emergency Relief Projects, \$4,100.

Referred to Executive Committee.

QUINCY MARKET REPAIRS.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1935.
To the City Council.

Gentlemen,—I have examined a copy of the letter of the Finance Commission to your Honorable Body, dated today but given to the Press yesterday. This letter refers to contemplated repairs by Public Works Project upon the Quincy Market building. I have conferred with Public Buildings Commissioner Hall and his reply to the allegations contained in the Finance Commission's report may be briefly summarized as follows:

1. The statement that the Finance Commission had learned that the estimate for the amount required was arrived at by roughly figuring the probable cost of such work by an architect designated by his Honor the Mayor is wholly without justification. The estimated cost arrived at was the result of painstaking, thorough and careful survey of the Quincy Market building and of detailed consideration of its requirements. That it was an estimate is conceded, but that it was merely a rough figure is absolutely denied. Furthermore, the survey and the estimate was prepared by the Works Project Board and not by an architect designated by his Honor the Mayor.

2. The intimation of the Finance Commission that the appropriation now before your body exceeds from \$100,000 to \$200,000 more than would be needed for the necessary repairs is a matter of opinion. The Works Project Board which, as stated above, made a thorough study of the needs of the Quincy Market building, are of the opinion that the estimated cost is reasonable, if indeed it is not too low. The building needs other repairs than those contemplated by the project but they have been omitted by the Works Project Board as not absolutely necessary in order to keep the ultimate cost low. I beg to say, in this connection, that I place more reliance upon the report of the Works Project Board and its engineers who made this survey than upon some other engineer who may be advising the Finance Commission.

3. The only reason that James E. McLaughlin was designated as one of the architects to carry out this project was because he had in his possession as a result of his survey as a member of the Works Project Board a great deal of detail, the result of preliminary work which any other architect, if named, would have to duplicate. And is it not in accordance with the facts to say that Mr. McLaughlin decided to make a complete renovation, leaving only the outside walls standing and install new inside work throughout the structure. This charge is ridiculous. To leave only the outside walls standing and completely renovate the building, with the exception of the outside walls, would probably cost in the neighborhood of one million dollars instead of the estimated cost of \$460,000. Furthermore, as stated above, in order to keep the project at a reasonable cost many renovations and repairs which ought to be made were purposely omitted by the architect in his estimate of the cost. Had they been included the cost would have been much greater.

4. The charge that Federal approval of the project had been obtained upon the architect's report without the approval of the Superintendent of Public Buildings is wholly unjustified. Superintendent of Public Buildings Hall was cognizant of the whole matter, was the first to call the necessity of the project to my attention, and himself signed the application upon which the Federal authorities acted.

5. The charge that the plans on which the architect based "his guess" contemplated expensive floors and glazed walls in the basement and first floor which were unnecessary and the replacement of new wooden supports with steel girders now being installed at an estimated cost of \$45,000 is groundless. Terrazzo floors and tiled walls have been included where the peculiar use to which the market building is put make them necessary. For example, refrigerators and refrigerating machinery, and the dampness which result therefrom, make certain kind of floors and walls necessary. It is only in those cases that these particular kinds of walls and floors have been ordered. And Mr. Hall informs me that it is not the intention to replace girders just put in with steel girders and that the two jobs do not conflict in the slightest degree.

6. Nor does Mr. Hall agree with the Finance Commission's allegations about the roof. He reports that repairs in strengthening the roof may be made instead of an entire reconstruction of it but that at no time was it contemplated to spend \$100,000 upon the roof. But he adds that the cupola is in a very dangerous condition, will require a large sum to put it in safe condition and that the required repairs and strengthening, instead of the reconstruction, will cost a substantial sum, the exact amount of which cannot be known until the work is started and the roof uncovered.

In further reference to this matter I beg to say that it has been under consideration by the Works Project Board almost since its inception and the fact that it was making a survey of the market was well known to everyone interested and I

assume well known to the Finance Commission. No objection has been made until the receipt of the letter of today, and, so far as I am informed, no request was made of the State Emergency Board to reject this project. May I also add that the Finance Committee of the Chamber of Commerce, although advising the State Emergency Board to reject most of the City of Boston projects, did not include this project among that number. On the contrary it was one of the two projects which was approved by the Chamber of Commerce committee.

So many difficulties and obstacles have been placed in the way of the City of Boston obtaining its share of Federal funds which are being scattered over the country that I earnestly urge your Honorable Body not to be moved by the report of the Finance Commission, but to proceed at once to complete the necessary steps to perfect this project.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

SNOW-REMOVAL PLANS.

The following was received:

City of Boston,

Office of the Mayor, October 28, 1935.

To the City Council.

Gentlemen,—The committee appointed by me to consider the problem of snow removal has made a partial report about the equipment which they consider necessary and which has been sent to your Honorable Body and is now under consideration.

There remained to be considered by the committee a comprehensive plan of campaign for the removal of snow, and the further question of the necessary qualifications of contractors who, in the opinion of the committee, should be considered by the Public Works Commissioner in the letting of contracts for snow removal. The committee has delivered to me today its report, which I have accepted, upon these two matters, namely, the plan for the removal of snow and the report about the contractors. I am transmitting a copy of that report to which you will find attached a plan in detail for snow-removal organization and a map reducing the number of districts from twelve to four.

This report of the Snow Committee does not require any action by Your Honorable Body, but is sent to you for your information, so that there may be a comprehensive plan of the entire problem before you.

I beg to add that it is highly important that your Honorable Body should act on the loan order before it for the purchase of snow-removal equipment. Snow has recently been reported in this state and the time is rapidly approaching when there will be imperative need for this equipment. If the appropriation is made by your Honorable Body, a considerable period of time must elapse thereafter in order to analyze the bids, award and complete the contracts, and the delivery of the material. I earnestly urge that this loan order be acted upon today.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Committee on Snow Removal,
October 26, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—The Committee on Snow Removal, following its report of October 2, 1935, in which it recommended the purchase of trucks and other equipment for the Public Works and Park Departments, has given consideration to other phases of the matter.

There is no contract work in the Park Department. The trucks of that department are operated from the garage in Franklin Park, and in the event of snow they are assigned by the chairman of the commission to boulevard roads, cemeteries, the Airport, the Zoo and to various parks and squares throughout the city,—starting with the advent of the storm and continuing day and night until everything is cleaned up.

In the opinion of the committee there are three matters which we feel should receive the attention of your Honor and the officials of the Public Works Department, upon whom rests the responsibility of keeping the streets open during the storms of the winter.

These may be described as (1) a proper snow-removal organization; (2) a redistricting of the portion of the city in which snow-removal work is done by contract, and (3) the selection of contractors for this work who have the necessary equipment and who are properly qualified and financially able to execute such contracts.

Snow-Removal Organization.

The committee has had prepared a plan of a snow-removal organization which definitely and distinctly places the responsibility upon the various officials of the Public Works Department who will have charge of this work under the direction of the commissioner of that department. The various districts of the city, in times of snow removal, will be under the jurisdiction of the division engineers of the Public Works Department, each engineer being in charge of a particular section or sections. We recommend the adoption of this plan which is hereto attached.

Contract Snow-Removal Districts.

The committee is of the opinion that the portion of the city given over to contract snow removal is divided into too many sections,—there being twelve, having been established many years ago. The result, with the present set-up, is that the Public Works Department has twelve contractors to deal with and, in addition, the best type of contractor has not always been selected for the work. The committee feels that the work of snow removal by contract could be made more efficient and better results obtained if four districts are established, and we submit for your Honor's consideration a map upon which has been indicated the lines of the four districts which we recommend.

Selection of Contractors.

In the opinion of the committee, the city should exercise the greatest care in the selection of contractors for this work. The contractors to be selected should furnish the Commissioner of Public Works with sufficient evidence that they are qualified to do the work, have a proper organization and an ample number of trucks either owned or controlled, and that they are financially responsible.

With proper administration, the procedures recommended in this report should produce adequate results, provided the Public Works Department and the Park Department are furnished with sufficient and suitable equipment, properly maintained, and further provided that only contractors qualified by experience and of suitable financial standing and equipment be accepted as bidders by the Commissioner of Public Works.

With the acceptance of this report your present committee requests that it be dismissed.

Yours respectfully,

JOSHUA ATWOOD, Chairman.

WILLIAM T. MORRISSEY.

CHARLES E. FULLER.

HERBERT I. SULLIVAN.

H. M. STEWARD.

ELIOT WADSWORTH.

EDWARD F. McLAUGHLIN.

THOMAS F. SULLIVAN.

WILLIAM T. DOYLE.

WILLIAM P. LONG.

H. F. FRITCH.

Referred to Executive Committee, on motion of Coun. WILSON.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Arthur R. Clifton, for compensation for damage to car by city team.

Henry J. Donnigan, for compensation for damage to property at 63 Palmer street, caused by police officer firing shot which caused operator of car to lose control.

Mrs. Estelle A. Forster, for compensation for damage to fence at 74 West Rutland square, caused by ash team.

Morris Leventhal, for refund on license for curb pump.

Charles W. Pratt, for refund on refuse tickets.

Kirkland W. Stevens, to be reimbursed for loss of hat while inmate at Deer Island.

Executive.

Petition of Boston Elevated Railway to operate motor vehicles between junction of Gallivan Boulevard and Morton street, and St. Gregory's Church on Dorchester avenue, Dorchester, over Morton street, Washington street and Dorchester avenue.

RENDERING ESTABLISHMENTS.

The following was received:

City of Boston,

Law Department, October 28, 1935.

To the City Council.

Gentlemen,—You have asked my opinion (1) as to whether or not a person may, in view of the provisions of section 151 of chapter 111 of the General Laws, occupy or use a building in Boston for a "rendering establishment, or for other noxious or offensive trade and occupation," without first obtaining the written consent and permission of the Mayor and City Council of Boston and (2) as to whether or not a person occupying or using a portion of a building in Boston for rendering products owned by him and as incident to his business of selling meat and meat products is using such building for a "rendering establishment, or for other noxious or offensive trade and occupation" within the meaning of those words in said section 151.

Section 151 of chapter 111 of the General Laws provides as follows:

"No person shall occupy or use a building for carrying on the business of slaughtering cattle, sheep or other animals, or for a noxious or rendering establishment, or for other noxious or offensive trade and occupation, or permit or allow said trade or occupation to be carried on upon premises owned or occupied by him, without first obtaining the written consent and permission of the mayor and city council, or of the selectmen, or, in any town

having a population of more than five thousand, of the board of health, if any, of the town where the building or premises are situated. This section shall not apply to any building or premises occupied or used for said trade or occupation on May eighth, eighteen hundred and seventy-one; but no person who used or occupied any building or premises on said date for said trades or occupations shall enlarge or extend the same without first obtaining the written consent and permission of the mayor and city council or the selectmen, or, in any town having a population of more than five thousand, of the board of health, if any."

I.

It is my opinion that said section forbids (1) the use or occupation of buildings in Boston for any noxious or offensive trade or occupation, including specifically rendering establishments, without the written consent and permission of the Mayor and City Council except buildings or buildings on premises used or occupied therefor on May 8, 1871 (See *Revere v. Riceman*, 280 Mass. 76 (1932)), and (2) in the case of buildings or buildings on premises used or occupied therefor on May 8, 1871, the enlargement or extension of the same without the written consent and permission aforesaid. (See *Somerville v. O'Neil*, 114 Mass. 353 (1874).)

While section 151 contains the words "or, in any town having a population of more than five thousand, of the board of health," it is my opinion that the word "town" does not include city and, therefore, that this clause is not applicable to the use or occupation of premises in Boston (See *Revere v. Riceman*, supra).

In this connection may I point out that the assignment by the Health Commissioner, as authorized by section 143 of chapter 111 of the General Laws, of a place for the exercise of a trade or employment which is a nuisance or hurtful to the inhabitants, injurious to their estates, dangerous to the public health or attended by noisome and injurious odors does not relieve the necessity of obtaining the consent and permission required by section 151, nor does the granting of such consent and permission bar an order of prohibition by the Health Commissioner in instances in which it is authorized by section 143 of said chapter 111.

II.

In my opinion the word "establishment" as used in said section 151 should be interpreted to mean "place" and, therefore, a person occupying or using a portion of a building in Boston for rendering products owned by him and as incident to another business, is using such building for a "rendering establishment or for other noxious trade and occupation" as those words are used in said section 151. The policy underlying said section compels in my opinion this interpretation.

In addition I wish to state that, in my opinion, the necessity of consent and permission is not affected by the question of whether the trade or occupation is conducted in an inoffensive manner. The Legislature has included rendering in the category of noxious trades and occupations.

Very truly yours,

HENRY L. FOLEY,
Corporation Counsel.

Referred to Executive Committee.

BOSTON FIREMEN'S RELIEF FUND.

The annual report of the Treasurer of the Boston Firemen's Relief Fund, September 1, 1934, to August 31, 1935, was received.

Placed on file.

FINANCE COMMISSION REPORT ON QUINCY MARKET RENOVATION

The following was received:

Boston, October 28, 1935.

To the Honorable the City Council:
Gentlemen,—There is now before your Honorable Body a loan order for \$100,000 which was submitted by his Honor Mayor Mansfield on September 25, to provide funds for the renovation of Quincy Market. This order has been given one reading by you, and is on the calendar for today's meeting for its second and last reading.

The Finance Commission has had the honor on this order should be deferred to the next meeting. The commission has received and has been figuring the probable cost of such work, and has prepared a statement by its Chairman, Mr. W. P. A. The Finance Commission has the honor to submit herewith its report on this order.

It is our opinion that the proposed work is of great importance and that it is in the best interests of the city that it should be carried out. We believe that the proposed work will result in a complete renovation of Quincy Market, and that it will be a great benefit to the city and to the people of Boston.

We recommend that the loan order be approved by the City Council, and that the funds be used for the renovation of Quincy Market. We believe that this is a wise and necessary action, and that it will result in a great benefit to the city and to the people of Boston.

45 per cent of the cost of such projects. The project, however, still must receive the approval of the State Emergency Finance Board and the approval which the adoption of the order now before you will give.

A week ago the Finance Commission held a conference with Mr. McLaughlin, the architect; Roswell G. Hall, Superintendent of Public Buildings, and W. D. Woodbury, his technical adviser. At this conference it was learned that although the job is one that must be done by the Public Buildings Department and therefore, as a matter of administrative practice, should originate with the Superintendent of Public Buildings, as a matter of fact Federal approval had been obtained on the architect's determination of what should be done without the approval of the Superintendent of Public Buildings.

The plans on which the architect based his guess of the cost at \$460,000 contemplate expensive terrazzo floors in the basement and on the first floor, glazed tile walls in the basement and on the first floor, replacement with steel girders of the new wooden supports of the second floor now being installed at an estimated cost of \$45,000, \$20,000 of which has already been paid; and a new roof over the entire building.

The roof expenditures contemplated in the architect's plans would amount to well over \$100,000. It was apparent at the conference that the architect's plans with respect to the treatment of the roof do not agree with the judgment of the Superintendent of Public Buildings. The Superintendent of Public Buildings seemed to be of the opinion that an entire new roof was not necessary, the existing roof having been fairly recently installed in part, and that only minor repairs were needed. The Superintendent of Public Buildings believed also that some repair or reconstruction work should be provided for on the cupola of this building. The work conceded by the Superintendent of Public Buildings to be necessary on the roof would call for a much less sum than the above \$100,000.

When the Finance Commission conferred with the Superintendent of Public Buildings last week it was arranged to have another conference, which has now been set for Wednesday, by which time the Public Buildings Department will have definitely fixed upon the entire plans and the exact amount which it will be necessary for your Honorable Body to appropriate.

The Finance Commission does not intend criticism in any way of the very capable Superintendent of Public Buildings. It appears to the Finance Commission that this is a case where a project was rushed through without having given mature and businesslike consideration to the actual needs. This is the second instance within a very few months when your Honorable Body has been requested to authorize a very considerable appropriation for an admittedly needed public project, without its having been first determined the exact amount required. The first loan order calling for \$800,000 for snow removal was, on maturer consideration, reduced to \$675,000.

Respectfully submitted,

E. MARK SULLIVAN, Chairman,
ALEXANDER WHEELER,
W. ARTHUR REILLY,
PHILIP A. CHAPMAN,
WILLIAM W. SAXE.

The Finance Commission.

Placed on file.

SIDEWALK ASSESSMENTS.

A communication was received from the Commissioner of Public Works together with order assessing half cost of expense of constructing artificial stone sidewalks, viz.:

Half Cost.
Olney street, Ward 15..... \$43.40
The order was passed under suspension of the rule.

APPOINTMENT OF A. EMMET LOGUE.

Notice was received from the Mayor of appointment of A. Emmet Logue of 9 Garden street, West Roxbury, as member of Works Project Board, to take the place of James E. McLaughlin, resigned, said appointment to take effect October 25.

Placed on file.

APPOINTMENT OF SANITARY INSPECTOR.

Notice was received from the Health Department of the appointment of John T. Ryder, 5 Milford street, Boston, as sanitary inspector in Health Department.

Placed on file.

REPORT OF COMMITTEE ON CLAIMS.

Coun. BRACKMAN, for the Committee on Claims, submitted the following:

1. Report on petition of Hugh J. Foley (referred October 14) to be reimbursed for amount of judgment against him on account of his acts as operator of motor truck belonging to Sanitary Division, Public Works Department,—recommending passage of accompanying order, viz.:

Ordered, That the sum of fifty dollars be allowed and paid to Hugh J. Foley in reimbursement for

amount of judgment issued against him on account of his acts as operator of a motor truck belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Reserve Fund.

2. Report on petition (referred October 14) of Hugh J. Foley to be reimbursed for amount of judgment issued against him on account of his acts as operator of a motor truck belonging to Sanitary Division, Public Works Department,—recommending passage of accompanying order, viz.:

Ordered, That the sum of fifty dollars be allowed and paid to Hugh J. Foley in reimbursement for the amount of judgment issued against him on account of his acts as operator of a motor truck belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Reserve Fund.

3. Report on petition (referred October 14) of Hugh J. Foley to be reimbursed for amount of judgment issued against him on account of his acts as operator of a motor truck belonging to Sanitary Division, Public Works Department,—recommending passage of accompanying order, viz.:

Ordered, That the sum of fifty dollars be allowed and paid to Hugh J. Foley in reimbursement for the amount of judgment issued against him on account of his acts as operator of a motor truck belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Reserve Fund.

Reports accepted; said orders severally passed.

REPORT OF FINANCE COMMITTEE.

Coun. GREEN, for the Committee on Finance, submitted the following:

Report on message of Mayor and order (referred October 14) on loan of \$60,000 for plans for new City Hall,—that same ought to pass.

The report was accepted and the order was referred, on motion of Coun. WILSON, to the Executive Committee.

2. Report on message of Mayor and order (referred today) for loan of \$675,000 for snow-removal equipment,—that same ought to pass.

Report accepted and the question came on the passage of the order.

Coun. WILSON.—Mr. President, I move that the order in question be sent to the Executive Committee for the following reasons. I don't know how closely the members of the City Council read the editorials in the various Boston papers during the week, but it occurred to me that editorial criticism the past week of conduct of the Council with reference to this loan order, particularly in view of the fact that earlier action of the Council in this matter resulted in a saving of \$125,000 in this proposed snow-removal equipment expenditure, has been most unfair. It was for that reason that I took the liberty within a few days of addressing a letter to the Boston Traveler, which I would ask to have included in the minutes of this meeting.

(The letter submitted by Coun. Wilson for inclusion in the minutes is as follows:

Gentlemen,—In the belief that your editorial department desires to be fair, I wish to correct some of the improper inferences to be drawn from your recent editorial on the snow-removal equipment loan. One obvious misstatement is that the City Council has unreasonably delayed the purchase. The real facts tell quite a different story.

On January 30 of this year, following a heavy storm, and too late to be of any real assistance, the Mayor sent in a loan order for \$800,000 to provide funds for the purchase of a fleet of trucks and other equipment.

On February 18 the Finance Commission urged a comprehensive survey by a capable committee to be appointed by the Mayor to determine not only what equipment was necessary, but also to recommend an approved method of handling the work.

On September 17—seven months later—the Mayor finally appointed the requested survey committee.

On October 7 the Mayor complied with the findings of the experts and, for the first time, sent in the present loan order for \$675,000,—in itself a \$125,000 saving to the city. The order was referred to the Council Committee on Finance in the usual course on that day.

On October 21 the Finance Commission advised the Council, (1) to "obtain from the proper authorities adequate assurance that a capable organization of forces will be provided for the use of this equipment, if purchased, before final reading is voted on the pending \$675,000 order," and (2) to obtain assurances that the purchase of equipment would be under one contract and only after proper bid advertising for competitive prices,—especially in view of the fact that the new City Purchasing Agent, who will buy the equipment, following the recent resignation of Mr. Loomis, will not take office until November 1.

On these facts has the City Council, after all, acted unreasonably?

I favor the prompt purchase of adequate snow-removal equipment now that due consideration of the earlier ill-considered loan order has saved the city not less than \$125,000. I regret that the seven months' inactivity of the Mayor, following February 18, has delayed the issue until so late in the year.

I voted for the \$400,000 in equipment purchased by Mayor Nichols in 1926. I myself urged adoption of a \$400,000 loan order for new snow equipment as long ago as February 26, 1934, a whole year before the present Mayor sent the Council any loan order whatever on the subject.

While I therefore agree that prompt action is imperative, may I also suggest that the Council is hardly the branch of the city government "away behind time" on this issue. The Council can stand improvement, but too frequently it is criticized on the one hand for "ill-advised haste" and on another for "ill-considered delay"; so let's plow snow,—with proper equipment bought at honest open market prices.

Sincerely yours,

CITY COUNCILOR ROBERT GARDINER WILSON, Jr.)

Coun. WILSON.—We received a message from the Finance Commission of the City of Boston last week, under date of October 21, in which those five eminent gentlemen cautioned the Council against any hasty action on the snow-removal equipment order, urging the Council to carefully consider the matter before the final reading and passage of the loan order. They cautioned the Council one week ago to ascertain, first of all, and to obtain "adequate assurance that a capable organization of forces will be provided for the use of this equipment, if purchased, before final reading is voted on the pending \$675,000 order," and, second "to obtain assurances that the purchase of equipment would be under one contract and only after proper bid advertising for competitive prices." That was last Monday, and upon the receipt of that letter from the Finance Commission, making these two urgent requests, looking to proper consideration of a matter that had been considered by his Honor the Mayor for seven months before the appointment of the survey committee, the matter went over until today. I frankly admit some feeling of surprise when some four days after that message from the Finance Commission I learned on Thursday—some four days after that previous Finance Commission message—of this later message from that body chiding the Council for its delay. So I ask that this matter be now sent to the Executive Committee, that we stop writing letters, but that we ask the chairman of the Finance Commission of the City of Boston to grace us with his presence today in Executive Committee, so that we may perhaps at least get an opinion from the Finance Commission that will hold water for forty-eight hours, instead of receiving a communication advising us to go slowly and obtain assurances before final action in this matter, and then almost immediately receiving a communication blaming us for holding the thing up. I ask therefore, that the matter be sent to the Executive Committee and that the City Messenger before we recess notify the chairman of the Finance Commission to appear before us in Executive Committee meeting and explain the apparent inconsistency between the commission's very detailed letter of last Monday and its unfair comment upon our action on last Thursday.

President FITZGERALD.—The matter will be referred to the Executive Committee, and City Messenger Leary is notified to get in touch with the chairman of the Finance Commission with a view to having him present in Executive Committee today.

AUTOMATIC TRAFFIC SIGNALS, HARRISON AVENUE.

Coun. DOWD offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals on Harrison avenue, at the corner of Northampton street.

Passed under suspension of the rule.

RECESS.

On motion of Coun. SELVITELLA a recess was taken, subject to the call of the Chair, at 2.42 p. m. The members reassembled in the Council Chamber and were called to order by President FITZGERALD at 4.38 p. m.

SCHOOL LOANS.

Coun. DONOVAN called up, under unfinished business, No. 3 on the calendar, viz.:

3. Ordered, That under the provisions of chapter 366 of the Acts of 1933, and acts in amendment thereof or in addition thereto, the following sums be, and hereby are, appropriated, to be expended under the direction of the School Committee, for the following new school buildings and additions to existing school buildings:

Addition to Joseph H. Barnes Intermediate School, East Boston.....	\$100,000
(P. W. A. Docket Mass. 1087)	
New Intermediate School, Eliot square, Roxbury.....	\$780,000
(P. W. A. Docket Mass. 1088)	
New Lucy Stone School in John Marshall District, Dorchester.....	\$185,000
(P. W. A. Docket Mass. 1089)	
New Intermediate School, Phillips Brooks District, Dorchester.....	\$850,000
(P. W. A. Docket Mass. 1090)	

Addition to South Boston High School..	\$535,000
(P. W. A. Docket Mass. 1091)	
Alterations for New Cafeteria, English High School.....	\$110,000
(P. W. A. Docket Mass. 1092)	
Alterations and Addition to High School of Practical Arts.....	\$130,000
(P. W. A. Docket Mass. 1093)	
Addition to Boston Trade School, Roxbury.....	\$90,000
(P. W. A. Docket Mass. 1094)	
Addition to William Howard Taft School, Brighton.....	\$340,000
(P. W. A. Docket Mass. 1095)	
Alterations and Addition to Donald McKay School, East Boston.....	\$450,000
(P. W. A. Docket Mass. 1096)	

and that to meet said appropriations the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amounts.

On October 3, 1935, the foregoing order was read once and passed, yeas 15, nays 4.

The order was given its second and final reading and passage, yeas 16, nays 5.

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Fitzgerald, Gallagher, Gleason, Green, Kerrigan, Murray, Selvittella, Tobin—16.

Nays—Coun. Goldman, Norton, Roberts, Shattuck, Wilson—5.

PUBLIC WELFARE EXPENDITURES.

President FITZGERALD called up, under unfinished business, No. 4 on the calendar, viz.:

4. Ordered, That under the provisions of chapter 188 of the Acts of 1925 the sum of \$1,000,000 be, and hereby is, appropriated to be expended under the direction of the Overseers of Public Welfare, for departmental expenses hereinafter listed, and that the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Public Welfare Department, Central Office.

B-4. Transportation of Persons.....	\$2,000
B-10. Rent, Taxes and Water.....	8,000
B-13. Communication.....	2,000
D-1. Office.....	16,000
F-9. Care of Dependents.....	910,000
F-14. Old Age Assistance.....	40,000
H. Emergency Relief Projects.....	22,000
	\$1,000,000

On October 14, 1935, the foregoing order was read once and passed, yeas 18, nays 3.

The order was given its second and final reading and passage, yeas 18, nays 2.

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Fitzgerald, Gallagher, Gleason, Goldman, Green, Kerrigan, Murray, Selvittella, Tobin, Wilson—18.

Nays—Coun. Roberts, Shattuck—2.

LOAN FOR TRESTLE, CHELSEA NORTH BRIDGE.

President FITZGERALD called up, under unfinished business, No. 1 on the calendar, viz.:

Ordered, That under the provisions of chapter 366 of the Acts of 1933, and acts in amendment thereof or in addition thereto, the sum of \$35,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works, for water pipe trestle, Chelsea North Bridge, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On October 3, 1935, the foregoing order was read once and passed, yeas 19, nays 0.

The order was given its second and final reading and passage, yeas 21, nays 0.

HOSPITAL TRANSFER.

President FITZGERALD called up, under unfinished business, No. 5 on the calendar, viz.:

5. Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer from the appropriation for Kitchen Building, etc., \$1,200, to the appropriation for Foundation Improvements and Walls, etc., \$1,200.

On October 14, 1935, the foregoing order was read once and passed, yeas 17, nays 4.

The order was given its second and final reading and passage, yeas 17, nays 5.

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Fitzgerald, Gallagher, Gleason, Green, Kerrigan, McGrath, Murray, Norton, Selvittella—17.

Nays—Coun. Goldman, Roberts, Shattuck, Tobin, Wilson—5.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on petition of Boston Elevated

Railway (referred today) for license to operate jitneys between Morton street and St. Gregory's Church—that permit be granted.

Coun. WILSON—Mr. President, I wish to be recorded on the record as in favor of that, as it makes possible bus privileges to this large church on Dorchester avenue, which has no car stop near enough.

Report accepted; permit granted on usual conditions.

2. Report on message of Mayor and orders (referred today) for transfers within departmental appropriations—that same ought to pass.

Report accepted; said orders passed, yeas 22, nays 0.

3. Report on message of Mayor and order (referred today) for transfer of \$4,100 from Reserve Fund to Library Department, H.—Emergency Relief Projects—that same ought to pass.

Report accepted; order passed, yeas 22, nays 0.

4. Report on message of Mayor and report (referred today) of Special Committee on Snow Removal organization and contractors—that same be placed on file.

Report accepted; message and report placed on file.

5. Report on message of Mayor and order for loan of \$675,000 (referred today) for snow removal equipment—that same ought to pass.

The report was accepted and the question came on the passage of the order.

Coun. McGRATH—Mr. President, now that we have had the chairman of the Finance Commission come before our executive body and declare that there was no foundation whatever except in rumor for any charges of graft in connection with the City Council, as no record is kept of the proceedings of our executive session's work, I feel that that statement of the chairman of the Finance Commission should now be spread on the records of this Council. As usual, it appears that some unknown person or persons came to the secretary of the commission and gave stories about the Mayor's office and friends of the Mayor's office and about the Council and friends of the councilors, coming to them and talking about graft and, as the Councilor from Ward 8 (Coun. Dowd) well said, men came to members of this body and told us about certain members of the Finance Commission wishing to get "in" and, as usual, we gave no credence to such rumors. So, apparently, as usual, there are scoundrelmongs going about the city, talking in an irresponsible way about money that the Finance Commission, people connected with the Mayor's office or members of the City Council, are attempting to dip their fingers into, something that does not belong to them. As one who is not running for reelection, but having in mind the fact that there are splendid members of this body whose motives or integrity should not be impugned through such readily and loosely spread rumors, I simply wish now that what was said in the Executive Committee shall go into the record; and I also wish to say that today I am going to vote for the \$675,000 with this stipulation, that if between now and the next two weeks certain information that is in the possession of the special committee that has been created for the purpose of studying this matter and arriving at the figure of \$675,000 rather than \$800,000, is not submitted to this body,—and that committee in arriving at that figure of \$675,000 must have had certain equipment prices and facts submitted to it in order to arrive at that amount,—is not submitted to us as councilors who are expected to act upon this matter, and who are entitled as elected officials to such information, as the taxpayers and citizens of this city are also entitled to the information which is in the possession of these appointed officials, I say, as one member of the body, that I shall not on the second reading two weeks from today vote for the order. I do not wish to delay action, and so I shall vote today for the first reading and passage of the order, but I reserve the right two weeks from today, if this information which is in the hands of the special committee appointed by the Mayor is not presented to this body, I reserve the right to then vote against the order.

Coun. SHATTUCK—Mr. President, this is an order appropriating \$675,000 for snow removal. It is the kind of equipment that should be purchased from year to year out of the regular appropriations without borrowing any money whatsoever. It is true, however, that that has not been done in the recent past, that there has been an accumulation of need for additional equipment, and that the equipment on hand is now very old. But we can at least be consistent with what ought to be done to this extent, by providing for one fifth of the equipment at this time from regular appropriations. I think that that can be done in part from the existing Reserve Fund and in part from building up a reserve fund from unexpended appropriations in departments which may be obtained by transfer. There are undoubtedly a number of items in which the amount expended to date indicates that the amount necessary for the rest of the year will be less than the amount appropriated, thereby enabling transfers to be made. I have no doubt that such transfers would be at least enough to provide for one fifth of the cost of this equipment, or \$135,000. On that basis we would pay this year for one fifth of the equipment by that method, and borrow the balance. If we do make a loan it would be for five years, and for that reason I suggest that we now pay for one year out of the

money thus available this year, without borrowing. I move, sir, therefore, to amend this order by striking out the amount of \$675,000 and substituting therefor \$540,000.

Coun. DOWD—Mr. President, there never has been any question about what the attitude of the members of the Council would be in regard to the snow-removal equipment order. We were given the order on October 7, for the spending of almost \$700,000, while the survey committee had months to get their information and to consider it carefully before making their report. We are certainly entitled to some consideration, Mr. President. The members of the Council, to my mind, were unfairly treated by the members of the Finance Commission. Evidently the majority of that commission did not realize what they were signing when they issued their report of October 25. However, I assume that the chairman of the commission, Mr. E. Mark Sullivan, has entirely cleared the atmosphere by his little talk to the members of the Council in Executive Committee. He has not made things clear, however, in the minds of the citizens and taxpayers of this city, who, when they read what was issued by the Finance Commission the latter part of last week, must have assumed that there was something wrong on the part of the Council in not acting before. I am not surprised at the attitude of the members of the Finance Commission. It has been their attitude right along, that there was something wrong in everything done by the City Council. But this is the first time that there has been such a startling attempt made to discredit the members of the Council, ten days prior to election. Let me read to you what the Boston Post said editorially, and I am willing to stand behind that editorial. It matters not to me what the members of the Finance Commission may say to the Mayor or he to them. That is their fight. But when they mention the members of the City Council, that is an entirely different situation.

"Finance Commissions in the past, and this one is no different, have always been eager to make testimony public if it aids the political cause in which the majority is interested, and quite willing to suppress it if it hurts. Chairman Sullivan dropping his judicial roll entirely, by inference calls Mr. Mansfield 'a politically minded and unscrupulous Mayor.' This insulting statement shows clearly the animus of the Finance Commission's chairman and his capacity for indulging in reckless abuse. We prefer to be guided by the calm and measured judgment of Cardinal O'Connell, who declared publicly that Mayor Mansfield was 'an outstanding example of the Catholic layman in public life whose hands are clean of graft, theft and bribery.' His Eminence is not in the habit of eulogizing politically minded and unscrupulous officials."

Let me state publicly that I stand behind that editorial in saying that the Mayor is an honest man; but let me state further that the Finance Commission are the unscrupulous people, supplementing that statement by saying further that I am firmly convinced that every member of the Council is just as honest as the Mayor and as the members of the Finance Commission. And let me say to the public of Boston that they should not pay any attention whatever to that statement that was published by the Finance Commission on the 26th and denied by the chairman on this date.

Coun. GREEN—Mr. President, I want to subscribe to the statement that the gentleman from Ward 8 (Coun. Dowd) has made. Only a few hours ago this body stood indicted before the bar of public opinion on hearsay evidence, but when we came out of the committee room, after talking the thing over with the chairman of the Finance Commission, it was clear that we were given a clean bill of health. This committee of experts appointed by the Mayor made a complete survey of the situation and reported that it would require but \$675,000, \$125,000 less than the amount originally suggested, to bring the personnel and equipment for this snow-removal work up to the proper point. I think it would be defeating the purpose of the order and would be making ourselves ridiculous this afternoon if we voted for an amendment such as Councilor Shattuck has suggested to reduce the amount of the proposed loan.

Coun. Shattuck's proposed amendment was declared rejected.

Coun. WILSON—Mr. President, I ask for a roll call on that last motion.

Coun. NORFON—Mr. President, speaking on the last motion—

President FITZGERALD—The vote has been doubted and a roll call is now in order.

Coun. Shattuck's amendment was rejected by roll call, yeas 7, nays 15.

Yeas—Coun. McGrath, Norton, Roberts, Selvittella, Shattuck, Tobin, Wilson—7.

Nays—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Fitzgerald, Gallagher, Gleason, Goldman, Green, Kerrigan, Murray—15.

President FITZGERALD—The question now comes on the adoption of the original order.

Coun. WILSON—Mr. President, I shall be very brief, but I do wish to say that a word as a matter of record, in view of the new paper printed in this matter the past week. As has been stated, the chairman of the Finance Commission has justly named the Executive Committee for the first time within my memory, and he answered

questions in regard to this loan order. But he left us in this position. He said he would vote, if he were a member of the Council, today in favor of the first reading and passage of the snow-removal equipment loan order. He was then asked this question: "Bearing in mind the request of the Finance Commission that we should be sure that the matter would be taken care of by competitive bids and the request of the Finance Commission that we should have before us a clearly defined plan for snow removal this winter, and bearing in mind the suggestion today by you, Mr. Sullivan, that we should find out from the special committee about the types of trucks to be bought, how would you personally, if a member of the Council, duly elected and not an appointive officer, vote at the second reading," and the chairman of the Finance Commission said, "I couldn't say." So I am going to assume the same position and vote today for the order as it appears before us, on the first reading, and two weeks from today reserve my right on the second reading of the loan order.

The order was given its first reading and passage, yeas 20, nays—Coun. Norton, Shattuck—2.

Coun. WILSON—Mr. President, now, understanding that the reports from the Executive Committee are disposed of—

President FITZGERALD—Yes.

Coun. WILSON—I beg leave to make a statement. We had a long meeting of the Executive Committee today, and one of the matters with which we had to do concerned the proposed new City Hall and architect's fees. That was left in the Executive Committee. For the benefit of my constituents I want now to say that I was prepared to vote the same today in the matter of the \$60,000 architect's fee as I shall vote after election—namely, against.

Coun. FINLEY—Mr. President, I simply want to go on record as making the same statement that has been made by the gentleman from Ward 17, because I take the same attitude. My vote today upon that order to which he refers would be the same as it will be after election. There will be no change.

INFORMATION FROM COMMITTEE ON SNOW REMOVAL.

Coun. McGRATH offered the following:

Ordered, That the Special Committee on Snow Removal be requested by his Honor the Mayor to furnish the City Council forthwith with any information in their possession that would be helpful to the members of the City Council.

Coun. McGRATH—Mr. President, speaking very briefly on that order, I want to say this, following what the Councilor from Ward 17 (Coun. Wilson) has well said. The chairman of the Finance Commission said, as stated, that if he were a member of the Council he would today vote in favor of the \$675,000 order for the purchase of snow-removal equipment. He implied that if in the meantime, if in the two weeks that must elapse before we can take our second vote, he was not furnished with the information that is now in the possession of the special committee appointed by his Honor the Mayor, he would vote against the order. Knowing that this special committee appointed by the Mayor are qualified men and that they cut this proposed appropriation from \$800,000 to \$675,000, a very material amount, based on information and on prices that they received on equipment that they had looked into, and that they now have a considerable amount of information that would be useful to us in their possession, I ask his Honor the Mayor to be sincerely helpful to the members of this Council who have been impugned in the public mind because of delay, a delay brought about because week after week we asked for information that he said he did not have and which he has since told the chairman of the Finance Commission that he does have, information in the hands of a specially appointed group, not elected by the people, and that would certainly be extremely valuable to us as elected representatives of the people of this city, the board of directors of the city, in the action that we are to take upon the matter; information to which we are just as much entitled and which is of as vital importance to us as to his Honor the Mayor, we being far more important as representatives of the citizens and voters of this city than the men who have been selected by him as this special committee. Therefore I introduce this order, and if during the coming two weeks his Honor the Mayor refuses to place the information which is in the hands of these appointive friends of his in the hands of the City Council, elected representatives of the people, I shall at the end of those two weeks not only vote against but fight against the order, and willingly accept the consequences.

Coun. GREEN—Mr. President, I am going to vote for Councilor McGrath's order, but let me say that in answer to a direct question in executive session this afternoon, Mr. Sullivan said that some of the men appointed by the Mayor to make the investigation are not qualified. I would like to know how the information is going to be made available, or is going to be of use in view of the statement made by Mr. Sullivan that only a few of the men appointed on that committee are qualified?

Coun. McGRATH—Mr. President, for the purpose of the record, the committee appointed

by his Honor the Mayor was as follows: Joshua Atwood, chairman; William T. Morrissey of the Public Works Department of the City of Boston, Fire Commissioner Edward F. McLaughlin, Col. Thomas F. Sullivan of the Transit Department, Charles E. Fuller, Mr. Eliot Wadsworth, Mr. William T. Doyle, Mr. William P. Long, Park Commissioner of the City of Boston, Mr. Herbert I. Sullivan, H. M. Steward and Mr. H. F. Fritch. It is my understanding that these are men representing not only the City of Boston but the Chamber of Commerce and certain public utility corporations having to do with snow removal, such corporations as the Boston Elevated road, and, if I am correctly informed, they have certain specific information in their possession. They were appointed by the Mayor and are responsible to the Mayor, and I am simply asking, through the Mayor, who appointed them, that this committee submit to the City Council in its entirety the information in their possession, which has been so helpful to them and will be helpful to us in arriving at a proper conclusion.

The order was passed under suspension of the rule.

TRAFFIC LIGHTS, WARD 11.

Coun. ENGLERT offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install traffic lights at the Arborway and South street, Ward 11.

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install traffic lights at the junction of Amory and Boylston streets, Ward 11.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install lights on Glade avenue, Ward 11. Severally passed under suspension of the rule.

THE NEXT MEETING.

On motion of Coun. GALLAGHER, it was voted that when the Council adjourns it be to meet on Tuesday, November 12, at 2 p. m.

REPORT OF COMMITTEE ON JITNEY LICENSES.

Coun. MURRAY, for the Committee on Nitney Licenses, submitted the following:

1. Report on petition of Boston Elevated Railway (referred May 27) for license to operate jitneys between junction of Gallivan Boulevard and Marsh street and Ashmont Station—that leave be granted.

Report accepted; license granted under usual conditions.

2. Report on petition of Boston Elevated Railway (referred August 26) for license to operate jitneys between Neponset Station and the junction of Gallivan Boulevard and Adams street—that leave be granted.

Report accepted; license granted under usual conditions.

WARD 19 IMPROVEMENTS.

Coun. MURRAY offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install traffic lights at the junction of Eliot, Centre and South streets, Ward 19.

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install traffic lights at the junction of Centre, May street and the Arborway, Ward 19.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving Catherine street, Ward 19.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Meyer street, Ward 19, as a public highway.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving, Paul Gore street, Ward 19.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving, Lochstead avenue, Ward 19.

Ordered, That the Commissioner of Public Works, be requested, through his Honor the Mayor, to resurface with smooth paving, Danforth, Dresden and Hubbard streets, Ward 19.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving, Bourne street, Ward 19.

Severally passed under suspension of the rule.

BUS LINE, WELD STREET.

Coun. FINLEY offered the following:

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to establish a bus line for the benefit of residents of the Weld street section of West Roxbury.

Passed under suspension of the rule.

WARD 20 IMPROVEMENTS.

Coun. FINLEY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Stratford street, from Saville street northeasterly, Ward 20, under the W. P. A. plan of construction.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Gretter road, Ward 20, under the W. P. A. plan of construction.

Severally passed under suspension of the rule.

RESURFACING WARD 16 STREETS.

Coun. AGNEW, for Coun. Fish, offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface the following streets:

Blanche street, Mill street, Everdean street, Everett street.

Passed under suspension of the rule.

BABY CLINICS, WARD 16.

Coun. AGNEW, for Coun. Fish, offered the following:

Ordered, That the Health Commissioner be requested, through his Honor the Mayor, to establish baby clinics in the Cedar Grove section and the Harrison square section of Ward 16.

Passed under suspension of the rule.

EUSTON ROAD, WARD 21.

Coun. AGNEW offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Euston road, between Colborne road and Commonwealth avenue, Ward 21, under the W. P. A. plan of construction.

Passed under suspension of the rule.

NOISE FROM UNDERPASS, RIVERWAY.

Coun. DOHERTY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to take immediate steps to curtail the noise nuisance in connection with the construction of the overpass at the junction of the Riverway and Huntington avenue by stopping all noisy work between the hours of nine p. m. and seven a. m.

Coun. DOHERTY—Mr. President, my purpose in introducing that order is to call the attention of his Honor the Mayor and the Commissioner of Public Works to the noise that is going on all day and night from the steam shovels and dredgers now working in that section. There are 400 or 500 families living in the neighborhood whose sleep is interrupted and who are very much annoyed by this continual noise, and I believe this is the time to stop it.

The order was passed under suspension of the rule.

SIDEWALK, DAVISON STREET.

Coun. NORTON offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Davison street, Ward 18, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

PREFERENCE TO FORMER EMPLOYEES.

Coun. NORTON offered the following:

Ordered, That the Mayor consider giving old city employees let go during the first part of his administration preference in employment.

Passed under suspension of the rule.

PROPOSED WITHDRAWAL OF QUINCY HALL MARKET ORDER.

Coun. NORTON offered the following:

Ordered, That the Mayor be requested to consider the advisability of withdrawing for a period of time at least the order for \$460,000 to repair the Quincy Hall Market.

Coun. NORTON—Mr. President, the Codman Hill Construction Company, a favorite of the administration, has been replacing the wooden girders that hold up the second floor of Quincy Hall Market since August. \$20,000 has been used to date. An additional \$15,000 to \$25,000 is asked for. This job is being done on a cost-plus basis. There was no bidding. On top of this, a \$460,000 loan order is considered. Architect James E. McLaughlin recommends this. He is to have charge of this work of reconditioning the Quincy Hall Market. He plans to get started by December 15 and to tear out all the inside supports with the exception of the outside shell wall. This would mean the work done by the Codman Hill Construction Company was a waste of money. Architect McLaughlin has been well known as an architect on city buildings in the past. Several times the Finance Commission has protested waste. At this time the architect plans marble like terrazzo floors for the cellar of the Quincy Market plus glazed tile for the cellar walls. The Mayor should hold up this entire matter until more facts can be obtained.

Coun. GREEN—Mr. President, I would like to ask Councillor Norton a question, in view of what he has said, and that is, How the United States Government ever approved of this?

Coun. NORTON—Mr. President, how have they ever approved of many things? In the rush and turmoil many things have been approved that should not have been approved. I wonder if the United States Government could tell us about some of these things? I wonder if there could be any explanation why, with 100,000 people in Boston in sore need at the present time, terrazzo floors should be put in the cellar of the Quincy Market and also marble tile should be used for the cellar walls?

The order was referred to the Committee on Finance.

BOSTON SETTLEMENT WELFARE CASES.

Coun. WILSON offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to advise the City Council:

1. The number of welfare cases which have been referred to the Law Department as not having a Boston settlement—

a. during 1935;

b. during 1934, and the total amount involved for each year.

2. How many of the above cases for each year have been determined by the Law Department as not having a Boston settlement and the amount involved?

3. As to how many of such cases Boston settlement has been officially denied?

4. In how many of such cases has the city received reimbursement either through the state or through some other city or town, and in what amount?

5. What disposition has been made by the Law Department with reference to all cases above referred to as to which reimbursement has not as yet been actually received?

6. Whether suit has actually been brought in all welfare cases where the city has denied settlement and, if so, covering how many 1934 cases and how many 1935 cases, and in what total amount for each year?

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to advise the City Council the number of welfare cases which have been referred to the Law Department as not having a Boston settlement—

a. during 1935;

b. during 1934, and the total amount involved for each year.

Coun. WILSON—Mr. President, I have introduced those two orders—which are for information that may or may not be of interest to the average member of the Council—bearing in mind the information that came through from the Mayor's office today that, according to the usual custom, we are paying to other cities and towns about a quarter of a million dollars for cases living in other communities. If I am correctly informed, under the law, after notification from another city or town of the alleged settlement here of a welfare case, the City of Boston has thirty days in which to deny the settlement. We must also bear in mind that under the law, if I am correctly informed, we are entitled to collect from the various cities and towns, to many of which we are making reimbursements. I naturally have in mind the difficulties under which the Law Department and the Welfare Department are working, but it occurs to me that in many instances, with the large amount of money involved, it is rather important that the rights of the City of Boston against these other cities and towns be fixed and determined, especially where, including the balance of the year, it is costing us about \$250,000 in money that is going out to these other places. It does seem that it is up to us under the circumstances, to look out for the city's end of this thing.

Coun. NORTON—Mr. President, some time ago I called to the attention of the Mayor the fact that, according to the Auditing Department of the state there is \$10,000,000-odd that we have lost the right to collect because we did not act within the statutory period. I obtained that information from the best of sources, the State

Auditor, as the result of his examination. I suppose the Mayor of Boston will say, "Clem is wrong again." But I say there is \$10,000,000 there over a period of years that Boston has lost the right to collect, as shown by the state audit, as a result of failure of the notification within thirty days, Boston not having within the statutory period made the claim against these other cities and towns.

Coun. ROBERTS—Mr. President, I might say, now that this order is before us, that there was a bill presented to the Massachusetts Legislature by a representative from Essex County on the matter of settlements and if it had been adopted the City of Boston would have lost a million dollars or more.

The order was passed under suspension of the rule.

Adjourned at 5:25 p. m., on motion of Coun. SELVITELLA, to meet on Tuesday, November 12, 1935, at 2 p. m.

EXTRA WORK UNDER CONTRACT.

John Williams has been directed to perform the following extra work under the contract for building sewerage works, Maywoods Brook in Circuit street, private land, Cathedral court, Ray street and Regent street, from Washington street to Dale street, Roxbury. Dated May 10, 1935. Items ordered: Furnish all labor and materials required to fill in and abandon old 48-inch by 36-inch brick and stone sewer under the building at 72 and 74 Circuit street, including excavation, removal of portion of and filling in old sewer with concrete, bulkheading, replacing concrete floor and all incidental work for the agreed price of \$120. Although this is in addition to the work contemplated in the original contract it is incidental thereto. Approved by the State Engineer P. W. A. on October 16, 1935. Estimated cost of extra work, \$120.

CITIES MAY SHARE VIRGINIA LIQUOR PROFITS.

Virginia cities are likely to have a new source of revenue if the state continues to pile up profits at the present rate. The liquor control act gives them two-thirds of the profits above \$1,675,000 per year after deducting sums for creating a surplus up to \$1,000,000. Profits from the liquor stores, says the *United States Municipal News*, have upset all previous estimates and "have confounded, as well, estimates of the members of the A. B. C. Board themselves who at the outset of the state's experiment said they feared no profits at all would result during the first year of operation."

1934 PAVING BRICK SHIPMENTS DOUBLE 1933.

According to reports received in December by the National Paving Brick Association, Washington, D. C., the total shipments of paving brick used in 1934 were expected to attain a total of 125,000,000, at least double the quantity used in brick pavements in 1933. O. W. Renkert, of Canton, Ohio, president of the association, accounts for this 100 per cent increase over the previous year by citing several factors responsible for expanding the use of vitrified brick as a street and highway surfacing material. The construction of widened arteries of traffic in and through municipalities has been favorable to the heavy-duty type of pavement, such as brick. Relief to traffic is provided where there is the most congestion, and employment is afforded in populated districts where distress is the greatest.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

POPULATION OF CITIES OF OVER 300,000, 1930.

New York, 6,930,446, an increase of 1,310,398 or 23.3 per cent over 1920, divided thus: Brooklyn Borough, 2,560,401; Manhattan, 1,867,312; Bronx, 1,265,258; Queens, 1,079,129; Richmond, 158,346. Other cities, with increase over 1920: Chicago, 3,376,438 (increase 674,733 or 25.0 per cent); Philadelphia, 1,950,961 (increase 127,182 or 7.0 per cent); Detroit, 1,568,662 (inc. 574,984 or 57.9 per cent); Los Angeles, 1,238,048 (inc. 661,375 or 114.7 per cent); Cleveland, 900,429 (inc. 103,588 or 13.0 per cent); St. Louis, 821,960 (inc. 49,063 or 6.3 per cent); Baltimore, 804,874 (inc. 71,048 or 9.7 per cent); Boston, 781,188 (inc. 33,128 or 4.4 per cent); Pittsburgh, 669,817 (inc. 81,474 or 13.8 per cent); San Francisco, 634,394 (inc. 127,718 or 25.2 per cent); Milwaukee, 578,249 (inc. 121,102 or 26.5 per cent); Buffalo, 573,076 (inc. 66,301 or 13.1 per cent); Washington, 486,869 (inc. 49,208 or 11.3 per cent); Minneapolis, 464,356 (inc. 83,774 or 22.0 per cent); New Orleans, 458,762 (inc. 71,543 or 18.5 per cent); Cincinnati, 451,160 (inc. 49,913 or 12.4 per cent); Newark, 442,337 (inc. 27,813 or 6.7 per cent); Kansas City, Mo., 399,746 (inc. 75,336 or 33.2 per cent); Seattle, 365,583 (inc. 50,271 or 15.9 per cent); Indianapolis, 364,161 (inc. 49,907 or 15.9 per cent); Rochester, N. Y., 328,132 (inc. 52,382 or 16.9 per cent); Jersey City, 316,715 (inc. 18,612 or 6.2 per cent); Louisville, 307,545 (inc. 72,854 or 31.0 per cent); Portland, Oregon, 301,815 (inc. 43,527 or 16.9 per cent).

LAND-TAKING IN WEST
ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Central street, West Roxbury district, as a highway, from Centre street southeasterly and easterly to Guernsey street, with the name of Colbert street or some other distinctive name, bounded and described as follows:

A highway named Colbert street is hereby laid out, from Centre street southeasterly and thence easterly to Guernsey street, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto.

A parcel of land, supposed to belong to Anna M. Herath, bounded:

Southwesterly by Central street, forty-five feet; northwesterly by land supposed to belong to Buckley, 14-100 feet; and northerly by the northerly line of said Colbert street, as established by this order, forty-six and 7-100 feet; and southeasterly by land hereinafter described as taken from Cummings, nine and 12-100 feet, containing one hundred and fifty-five square feet, more or less.

A parcel of land, supposed to belong to John D. Cummings, bounded:

Southwesterly by Central street, twenty-four and 51-100 feet; northwesterly by land hereinbefore described as taken from Herath, nine and 12-100 feet; northerly by the northerly line of said Colbert street, as established by this order, by two measurements, seventeen and 79-100 feet on a curve of one hundred and fifty feet radius and twenty-eight and 77-100 feet; and southerly by land hereinafter described as taken from Boston and Providence Railroad Corporation, thirty-four and 2-100 feet, containing five hundred and twenty-eight square feet, more or less.

A parcel of land, supposed to belong to Boston and Providence Railroad Corporation, bounded:

Northerly by Central street, by land hereinbefore described as taken from Cummings, and by land supposed to belong to Cummings, one hundred thirteen and 19-100 feet; easterly by land supposed to belong to Cummings, and by Guernsey street, fifty feet; and southerly by other land supposed to belong to said corporation, by three measurements, thirty-eight and 65-100 feet, fifty-nine and 7-100 feet and thirty and 79-100 feet on a curve of one hundred and ninety feet radius, containing thirty-eight hundred and eighty-two square feet, more or less.

The land, owners unknown, being the private way known as Central street, leading southeasterly from Centre street.

Said Colbert street as hereby laid out is bounded:

Northwesterly by Centre street, forty and 32-100 feet; northeasterly by the northeasterly line of said Colbert street, as hereby laid out, two hundred fifty-two and 50-100 feet; northerly by the northerly line of said Colbert street as hereby laid out, by three measurements, seventy and 36-100 feet on a curve of one hundred and fifty feet radius, twenty-eight and 77-100 feet and forty-two and

92-100 feet; easterly by the easterly line of said Colbert street, as hereby laid out, and by Guernsey street, fifty feet; southerly by the southerly line of said Colbert street as hereby laid out, by three measurements, thirty-eight and 65-100 feet, fifty-nine and 7-100 feet and eighty-nine and 12-100 feet on a curve of one hundred and ninety feet radius; and southwesterly by the southwesterly line of said Colbert street as hereby laid out, two hundred fifty-seven and 57-100 feet.

Voted, That this Board determines that the undermentioned persons sustain damages by the making of the public improvement consisting of the laying out and construction of Colbert street, West Roxbury district, as a highway, from Centre street southeasterly and thence easterly to Guernsey street, under the order of the Board of October 31, 1935, in the amounts hereinafter respectively set against them and awards said amounts therefor.

Anna M. Herath, 155 square feet, \$1.
John D. Cummings, 528 square feet, \$1.
Boston and Providence Railroad Corporation, 3,882 square feet, \$1.

RETIREMENT BOARD REPORT.

To the Auditor.

At meetings of the Boston Retirement Board, held on October 15, 22 and 30, the retirement from active service of the following-named members of the Retirement System was approved, to become effective at the close of business October 31, 1935:

HOSPITAL DEPARTMENT.

Robert Butler, supervising engineer, salary at time of retirement \$2,800 a year.

Nellie Cutler, assistant matron, salary at time of retirement \$1,960 a year.

PARK DEPARTMENT.

James B. Dolan, laborer, salary at time of retirement \$1,560 a year.

John J. Kilduff, laborer, salary at time of retirement \$1,560 a year.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Everdean street, Dorchester district, as a highway, from Ashland street to Freeport street, bounded and described as follows:

An extension of the highway named Everdean street is hereby laid out from Ashland street to Freeport street and ordered constructed; the cost thereof to

be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Ashland street, forty feet; westerly by the westerly line of said extension of said Everdean street as hereby laid out, by two measurements, eighty-nine and 13-100 feet and one

hundred sixteen and 70-100 feet on a curve of two hundred feet radius; northwesterly by the northwesterly line of said extension of said Everdean street as hereby laid out, by two measurements, one hundred thirty-six and 53-100 feet and two hundred four and 33-100 feet; northeasterly by Freeport street, forty feet; southeasterly by the southeasterly line of said extension of said Everdean street as hereby laid out, by two measurements, two hundred one and 71-100 feet and one hundred thirty-three and 88-100 feet; and easterly by the easterly line of said extension of said Everdean street as hereby laid out, by two measurements, ninety-three and 36-100 feet on a curve of one hundred and sixty feet radius and eighty-seven and 3-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of an extension of Everdean street, Dorchester district, as a highway, from Ashland street to Freeport street, under the order of the Board of October 31, 1935, and awards no damages therefor.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Hyman Pike, 70 Essex street, Chelsea, in the sum of 65 cents, refund on six unused refuse tickets which were returned to the Public Works Department September 5, 1935.

Mary Morison of 80 Dakota street, Dorchester, in the sum of 90 cents, as refund on six unused refuse tickets which were returned to the Public Works Department July 31, 1935.

Sadie Kelly Spa, by C. E. Kiley, Causeway street, in the sum of \$1.87, as refund on seventeen unused refuse tickets which were returned to the Public Works Department September 5, 1935.

Felton Turner Heating Company, 34 Warren street, Roxbury, in the sum of \$1.65, as refund on eleven unused refuse tickets returned to the Public Works Department August 27, 1935.

Edward Eager, 164 Pemberton street, Cambridge, in the sum of \$1.05, as refund on seven unused ferry tickets which were returned to the Public Works Department August 14, 1935.

Marguerite Farren, 20 Reddy street, Dorchester, in the sum of \$5, as compensation for damage to automobile caused by defect in highway in front of her driveway at the above address, April 2, 1935.

Bessie Fishman, 70 Phillips street, Boston, in the sum of \$75, as compensation for personal injuries caused by defective sidewalk in front of 26A Irving street, Boston, October 5, 1934.

Laurence J. McLaughlin, 8 Berwick street, West Roxbury, in the sum of \$21, as compensation for damage to automobile, caused when truck belonging to the Water Service of the Public Works Department backed into his car while it was parked in front of 1083 Washington street, July 25, 1935.

Clara Crandall, 21 Greenville street, Roxbury, in the sum of \$175, as compensation for personal injuries caused by depression alongside the outer car rail on the crosswalk at the intersection of Northampton street and Harrison avenue, June 16, 1935.

POLICE DEPARTMENT ORDERS.*General Order No. 101.*

A trial board, consisting of Captains Fallon, Kavanagh and Mulrey, having heard by reference a complaint against Patrolman James H. Neely of Division 11, charging him with neglect of duty, has reported to the commissioner a finding of not guilty as charged. In accordance with which it is hereby ordered that the complaint against the said Patrolman James H. Neely be dismissed.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 102.

A trial board, consisting of Captains Fallon, Kavanagh and Mulrey, having heard by reference a complaint made by John J. Mullen, captain, Division 1, against Thomas G. Malone, patrolman, Division 1, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer.

Specification: In that the said Patrolman Thomas G. Malone is an habitual user of intoxicating liquor, and in so doing is guilty of an act contrary to good order and discipline, and therefore tends to bring into disrepute his associates on the Force and the Police Department as a whole,—

has submitted its finding and recommendation:

"The said Patrolman Thomas G. Malone, after due notice, failed to appear at the designated time and place to answer the said charge and specification, and was thereby defaulted. He was not represented by counsel.

"The Board then heard the evidence presented by the prosecution, and finds the said Patrolman Thomas G. Malone guilty as charged, and respectfully recommends that he be dismissed from the Police Department."

The commissioner accepts the finding and the recommendation of the Trial Board, and hereby orders that the said Patrolman Thomas G. Malone be dismissed from the Police Department, effective as of October 29, 1935, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 103.

A trial board, consisting of Captains Fallon, Kavanagh and Mulrey, having heard by reference a complaint made by Perley S. Skillings, captain, Division 16, against David Enbinder, patrolman, Division 16, for alleged violation of Rules 27 and 36 of the Rules and Regulations of the Police Department, to wit:

Charge 1: Neglect of duty.

Specification: In that on the thirteenth day of October, 1935, the said Patrolman David Enbinder, while on duty and in uniform, and assigned to Route eighteen, did enter the building at 535 Commonwealth avenue, Boston, without permission and not on police business.

Charge 2: Conduct unbecoming an officer.

Specification: In that on the thirteenth day of October, 1935, the said

Patrolman Enbinder, in a written report, stated that he telephoned to the station at 11 o'clock p. m. October 13, 1935, from Box 46, whereas, in truth and in fact, he telephoned from Box 43,—

has submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, accepts the plea of guilty to Charge 2 and the specification thereunder, and finds the said Patrolman David Enbinder guilty of Charge 1 and specification thereunder, and respectfully recommends that the said Patrolman David Enbinder be ordered to perform 210 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board, and hereby orders that the said Patrolman David Enbinder perform 210 hours of punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 104.

A trial Board, consisting of Captains Fallon, Kavanagh and Mulrey, having heard by reference a complaint made by Perley S. Skillings, captain, Division 16, against John A. Leach, patrolman, Division 16, for alleged violation of Rules 27 and 36 of the Rules and Regulations of the Police Department, to wit:

Charge 1: Neglect of duty.

Specification: In that on the thirteenth day of October, 1935, the said Patrolman John A. Leach, while in uniform and on duty, and assigned to Route twenty-one, did enter the building at 535 Commonwealth avenue, Boston, without permission and not on police business.

Charge 2: Conduct unbecoming an officer.

Specification: In that on the thirteenth day of October, 1935, the said Patrolman Leach, in a written report, stated that he telephoned to the station at 11 o'clock p. m. October 13, 1935, from Box 44, whereas, in truth and in fact, he telephoned at 11 o'clock p. m. from Box 43,—

has submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, accepts the plea of guilty and respectfully recommends that the said Patrolman John A. Leach be ordered to perform 210 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board, and hereby orders that the said Patrolman John A. Leach perform 210 hours of punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

DEPUTY SEALER OF WEIGHTS AND MEASURES, BOSTON, DECEMBER 7, 1935.

Last date for filing applications, Saturday, November 23, 1935, at 12 noon.

Salary: \$1,600 for the first year with an annual increase until the maximum of \$2,300 is reached.

The sealer of weights and measures is required to enforce the laws pertaining to weighing and measuring devices and to the giving of false or insufficient weight or measure; to the licensing of hawkers, peddlers and transient vendors; to whole-sale milk containers, ice cream cans and molds, cranberry barrels and crates, standard boxes for farm produce, berry baskets, and other containers used as measures; to the weights of bread and to the labeling of loaves of other than standard unit weight.

It is also his duty to test all weighing or measuring devices used for buying or selling, for public weighing, or for hire or reward, and to seal or condemn them in accordance with the results of his tests; also to investigate complaints and to prosecute violations of law when the evidence warrants such action.

Pamphlets including the General Laws relating to weights, measures, licenses, etc., may be obtained upon request to the Director of Standards, 194 State House, after application for examination has been filed.

The tables of weights and measures given in these pamphlets will govern the marking of all questions involving any units of weight or measure.

Entrance Requirements: Applicants must possess a motor vehicle operator's license.

Subjects and Weights: Training and experience, 2; arithmetic, 3; report, 2; practical questions, 3; total, 10.

Passing Requirements: Applicants will be required to obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Civil Service Rule 9, Section 4: Any person possessing the required qualifications who has taken an examination may make new application for the same service at any time, and his status shall be determined by the result of the last examination taken. If any person fails to fulfill all the requirements, his examination shall be treated as a failure.

ASSISTANT DIETITIAN, BOSTON INSTITUTIONS DEPARTMENT, NOVEMBER 23, 1935.

Last date for filing applications, Saturday, November 9, 1935, at 12 noon.

Salary: \$1,300 per year and maintenance.

Duties: To plan the special diets of the hospital, as well as to oversee the preparation and cooking of the food for inmates, patients, doctors, nurses and employees.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Civil Service Rule 9, Section 4: Any person possessing the required qualifications who has taken an examination may make new application for the same service at any time, and his status shall be determined by the result of the last examination taken. If any person fails to fulfill all the requirements, his examination shall be treated as a failure.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

BOSTON INCORPORATED AS A CITY, 1822.

The act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said act, chapter 110, 1821-22, as its first city charter by a majority of 916 in a total vote of 4,678. The vote was 2,797 yeas, 1,881 nays. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1784, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see "Municipal Register" for 1928, pages 19-43).

POPULATION OF MASSACHUSETTS, 1930.

Total population, 4,249,614 (2,071,672 males and 2,177,942 females; total white, 4,192,926 (2,042,213 males and 2,150,713 females); total native white, 3,138,290 (1,532,751 males and 1,605,539 females); native white of native parentage, 1,429,784 (702,983 males and 726,801 females); native white of foreign or mixed parentage, 1,708,506 (829,768 males and 878,738 females); 1,202,191 (584,705 males and 617,486 females) of them being of foreign parentage; foreign-born white, 1,054,636 (509,462 males and 545,174 females); Negro, 52,365 (26,097 males and 26,268 females); Indian, 874 (458 males and 416 females); Chinese, 2,973 (2,530 males and 443 females); Japanese, 201 (151 males and 50 females); Mexican, 66 (43 males and 23 females); all other races, 209 (180 males and 29 females).

AIRPORTS AND LANDING FIELDS IN THE UNITED STATES.

The latest report of the Aeronautics branch of the Department of Commerce, dated January 1, 1934, states that there were 2,188 airports and landing fields in the United States on that date, an increase of 71 since January 1, 1933. These figures do not include new airports which are being established in the various states by the State Civil Works Administration Committees.

COST OF UNEMPLOYMENT RELIEF.

The annual cost of various types of unemployment relief made by the National Industrial Conference Board, based on 3,500,000 relief cases, have been estimated at from a little less than \$1,000,000,000 for direct relief of the type received by more than half of the persons now on the relief rolls to over \$8,000,000,000 for public works relief, with full-time employment, at the "prevailing wage" rate. According to the report released February 28 the story is:

"The average cost of direct relief per case during the third quarter of the past year was at the rate of slightly over \$280 per year. At this annual rate the total cost for 3,500,000 cases would amount to \$989,000,000. The average cost of work relief has been around 50 per cent greater than the cost of direct relief. The average for the third quarter of 1934 was slightly over \$35 per month, or around \$420 per year. Continuous employment for 3,500,000 persons during a period of twelve months would cost \$1,475,000,000.

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

TO GENERAL CONTRACTORS.

The Trustees of the Boston City Hospital invite sealed proposals for furnishing and installing new drain line from Pavilion 3 to Albany street interceptor, and giving a bond of a surety company therefor in the sum of 45 per cent of entire contract price. Only proposals obtained at the office of the Superintendent, 818 Harrison avenue, signed by the bidder, and left before 12 o'clock noon of Wednesday, November 13, 1935, at the office of the Superintendent, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, before 12 o'clock noon on the date given above for receiving proposals. The Trustees reserve the right to reject any and all proposals.

JAMES W. MANARY, M. D.,
(Nov. 9.) Superintendent.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING MEATS.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, meats as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Wednesday, November 20, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Nov. 9.) Superintendent of Supplies.

GOVERNMENT REPORTS ON ELECTRIC RATES.

Two government bodies reported on electric rates in February. Indeed, the joint legislative committee of New York included gas as well as power and light rates, finding them all unfavorable to the consumer. This was on February 15, and twelve days prior to this the Electric Rate Survey of the Federal Power Commission made public a set of comparative tables showing the widely differing rates effective on January 1, 1935, in the 191 cities of 50,000 or more, constituting 49 per cent of the residential customers in the United States. All communities of 1,000 or more will eventually be covered, by June 30 next.

This latter survey, under the direction of William E. Mosher, shows that cities owning their own plants charge less than do the commercial utilities. In cities of 100,000 or more having the lowest rates, this was invariably the case. In these cities where rates were highest, Jacksonville was the only municipally served city.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

P. W. A. PROJECT NUMBER MASS. 1087.

1 Sealed 1 Separate Sealed proposals for the following Item:

(A) Addition and Alterations to the Joseph H. Barnes Intermediate School in the City of Boston, Mass., prepared in accordance with instructions contained in the contract documents, will be received at the office of the Department of School Buildings, at 11 Beacon street in Boston, Mass., until 2 o'clock p. m. Eastern Standard Time, November 21, 1935, and at that time and place publicly opened and read. The additional copy of the proposal form shall be removed from the book of specifications and after filling out shall be sealed in an envelope and delivered to the Auditor of the City of Boston, at the City Hall, School street, Boston, Mass., before the time for the opening of the proposals.

Plans, specifications and other contract documents may be secured at office of the Superintendent of Construction at the above address, 11 Beacon street, upon the deposit payment of \$100 certified check for Proposal A.

Said deposit will be refunded when such documents are returned in complete and good condition.

Each proposal must be accompanied by a certified check for the sum of \$5,000.00 for Proposal A, made payable to the City of Boston.

All checks except that of the bidder to whom the contract is awarded will be returned within 72 hours after the awarding of the contract and receipt must be given therefor.

The project is to be financed and constructed under the terms of the Emergency Relief Appropriation Act of 1933 and chapter 365 Massachusetts Acts of 1933, as amended, and attention is called to the "Construction Regulations" prescribed by the P. W. A.

Attention is called to the fact that minimum wage rates are established for the project and are set forth in the contract documents.

The office of the United States Employment Bureau designated by the Government for this project is E. L. Hanna, 100 Nashua Street, Boston, Mass.

The right is reserved by the City of Boston, Mass., acting through its Superintendent of Construction, to reject any or all bids, or to accept any bid which it deems most advantageous, subject to the approval of the State Director P. W. A.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

A surety bond by a company satisfactory to the State Director, P. W. A., and in an amount equal to one hundred (100) per cent of the contract price will be required from the successful bidder.

WM. W. DUNHAM,
(Nov. 9-16.) Superintendent of Construction.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING HULL, ETC., OF FERRYBOAT "DANIEL A. MACCORMACK."

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing hull, etc., of ferryboat "Daniel A. MacCormack." A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Ferryboat 'Daniel A. MacCormack,'" and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, November 14, 1935, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two (2) dollars for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
(Nov. 9.) Commissioner of Public Works.

CITY OF BOSTON.

EMPLOYEES' CREDIT UNION.

NOTICE OF ANNUAL MEETING.

BOSTON, MASS., November 19, 1935.

The twenty-first annual meeting of the City of Boston Employees' Credit Union will be held Tuesday, November 19, 1935, at 4 p. m., in Room 401, City Hall Annex, Boston.

MICHAEL A. HORGAN,
(Nov. 9-16.) Clerk.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TURKEYS.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, turkeys, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Wednesday, November 20, 1935, at 12 m. at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Nov. 9.) Superintendent of Supplies.

READVERTISEMENT.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REDECKING AND RESURFACING CHELSEA SOUTH DRAWBRIDGE OVER THE MYSTIC RIVER, BOSTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for redecking and resurfacing Chelsea South Drawbridge over the Mystic river, Boston. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Redecking and Resurfacing Chelsea South Drawbridge over the Mystic River, Boston," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, November 15, 1935, with a certified check for seven hundred (700) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two (2) dollars for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
(Nov. 9.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., Monday November 18, 1935, at which time and place they will be publicly opened and read, for furnishing hay, grain and straw to the various city departments. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must include the cost of delivery. The bidders are requested to bid on United States No. 2 timothy hay. Hay must be no less than 40 per cent green. The grade of hay must comply with the federal hay grades, and No. 2 white oats to test no less than thirty-six pounds to bushel graded under federal standards. The hay and oats must be weighed by sworn weighers and on the scales designated by the Superintendent of Supplies. All articles covered by this contract shall be the growth production of the United States. The bidder must use the form of proposals to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. No reservations or stipulations submitted by the various bidders will be considered by the Superintendent.

D. FRANK DOHERTY,
(Nov. 9.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING BUTTER, EGGS, ETC.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, butter, eggs, etc., as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Monday, November 18, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Nov. 9.) Superintendent of Supplies.

CITY OF BOSTON.

POLICE DEPARTMENT.

PROPOSALS FOR AUTOMOBILES.

The Police Department for the City of Boston invites proposals for furnishing and delivering automobiles. The bidder must use the form of proposal to be obtained at the office of the Property Clerk, Room 105, 154 Berkeley street, Boston, Mass., and deposit with his bid, at the office of the Police Commissioner, a properly certified check for \$500, payable to and to become the property of the Police Commissioner for the City of Boston if the proposal is not carried out. Proposals will be publicly opened and read on Thursday, November 14, 1935, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston, Mass. The Police Commissioner reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the Police Department for the City of Boston. Surety bond will be required from the successful bidder in an amount equivalent to 50 per cent of the estimated contract amount.

EUGENE M. MCSWENEY,
(Nov. 9.) Police Commissioner.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FRUITS AND VEGETABLES.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, fruits and vegetables, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of thirty cents (\$0.30) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Tuesday, November 19, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Nov. 9.) Superintendent of Supplies.

A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

HISTORICAL DATA ABOUT WARDS.

The term "ward" first appears in a fire-protection order, approved by the Town on August 29, 1679, dividing the Town into 4 quarters with 2 wards each. The 8 wards had previously been military districts.

On August 11, 1713, the Selectmen "agreed upon a distribution of the Town into distinct Wards or Precincts."

On February 1, 1715, it was "voted to make a new division of the Town into eight distinct Wards."

On March 9, 1735, it was voted to divide the Town into 12 wards to facilitate the work of the Overseers of the Poor.

On March 13, 1822, the Selectmen divided the Town into 12 wards on the basis of the U. S. Census of 1820.

By an ordinance which took effect on the second Monday of December, 1838, there was a revision of the wards.

On April 29, 1850, the City Council accepted Chap. 167 of the Acts of 1850, which altered the wards on the basis of legal voters rather than on the number of inhabitants.

By ordinance taking effect on November 15, 1865 new ward lines were established.

In the annexation period, 1865-1875, the number of wards was increased from twelve to twenty-one.

By Chap. 243, Acts 1875, the City Council was ordered to cause a new division of the City into twenty-four wards in the year 1875 in such manner as to include an equal number of voters in each ward. This division was made, taking effect on December 13, 1875. On May 27, 1876, the City Council, in accordance with Chap. 242, Acts of 1876, divided one of the wards in two, making a total of 25 wards for the City.

By ordinance passed April 20, 1895, under authority of Chap. 437, Acts of 1888, and Section 96 of Chap. 417, Acts of 1893, ward lines were established on the basis of the number of voters registered at the City election of 1894, there still being 25 wards.

The annexation of Hyde Park, effective January 1, 1912, made an additional ward.

By enactment of December 28, 1914, under authority of Chap. 630, Acts of 1914, the City Council redivided the City into 26 wards.

The latest redivision, established December 30, 1924, under authority of Chap. 410, Acts of 1924, consists of 22 wards.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, NOVEMBER 16, 1935.

No. 46

HISTORY OF DEPARTMENT OF SCHOOL BUILDINGS, PREPARED UNDER APPROVAL OF MAYOR MANSFIELD, BEING COMPILED AND WILL SOON BE READY FOR PRESENTATION TO PUBLIC—DOCUMENT COVERS PERIOD OF CHANGES FROM ESTABLISHMENT OF SCHOOL ARCHITECTURAL DIVISION IN 1896, THROUGH VARIOUS REORGANIZATIONS, TO THE PRESENT—FORTY-YEAR PERIOD OF SCHOOL CONSTRUCTION FOR CITY ENCOMPASSED IN DOCUMENT.

With the approval of and under the direction of Mayor Mansfield, the Board of Commissioners of School Buildings, William W. Drummey, Superintendent of Construction, have prepared and are soon to present to the public an interesting history of the Department of School Buildings of the City of Boston.

The history covers three separate sections of the development of the department, the School Architectural Division, begun in 1896 and abolished in 1900; the Schoolhouse Department, established in 1901 and abolished in 1929; and the Department of School Buildings, created in 1929. Of the Architectural Division the compilers of the document say:

Around this growth is entwined forty years of school construction history, beginning with the abolition of the old City Architect's Office on December 31, 1895. On that day all the powers of the late E. M. Wheelwright ceased, and a city ordinance, under the administration of Mayor Josiah Quincy, early in 1896, gave to the City of Boston's taxpayers an Architectural Division, under the leadership of Mr. Matthew Sullivan.

The office of this division was located under the dome of the City Hall, which until then had been unoccupied. The necessary repairs were designed and supervised by the men of the division. This dome office, incidentally, is still in actual use, being occupied by several city departments at the present time.

There being no appropriation for the division, revenue for its maintenance was derived from various city departments which had need of architectural services. Professor Chandler, of the Massachusetts Institute of Technology, was the Architectural Advisor.

The History continues: The Draughting Department was intermittent in personnel, but never at any time less than four or five men. These, with the remainder of the staff, exclusive of Professor Chandler and Chief of Division Sullivan, were self-supporting, it being the duty of the Chief of Division to promote, among the different city departments, an interest in the welfare of the division by "drumming up trade."

The experience and knowledge of Matthew Sullivan, who had formerly been in the employ of E. M. Wheelwright, City Architect, coupled with the delightful character of Professor Chandler, whose thorough knowledge of architecture was of invaluable aid, exercised a beneficial influence upon every department head in the city, and helped the Architectural Division to survive during the many black and stormy days of its four years' existence.

It might naturally be thought that this Architectural Division was merely a revamp of the old City Architect's office. Such, however, was far from the case. All that the Architectural Division was permitted to do was to produce sketches and small scale drawings for such city departments as had items for this work in their budget appropriations. The work and time involved would have to be approved by the head of the department who had ordered the work done, and the pay roll of the Architectural Division was then made up accordingly, the amount paid being strictly a matter between the head of the department and the architect employed to do the actual work. The old and dusty archives of the division do not disclose any instances of the architects being grossly overpaid!

The methods thus employed to carry on the division are mentioned not so much because of their historical importance, but more to call the readers' attention to the severe pioneer days of the Architectural Division so many years ago.

Mr. Matthew Sullivan served as Chief of the Division for only a year, his place being taken by Mr. Frank W. Howard, who served until 1900, when, under Mayor Thomas N. Hart, the Architectural Division was abolished, the work being consolidated with that of the Public Buildings Department.

Schoolhouse Agents.

In 1899, under vote and approval of the School Committee, of which Dr. William J. Gallivan was President, Mr. Horace B. Fisher was elected Schoolhouse Agent, with quarters at 276 Tremont street. The Schoolhouse Agent at once took over all new and old schoolhouse work, plus the additional added work (by law) of removing every latrine job in the city schools and substituting short hopper toilets in their places.

The Alteration and Repair Division of the Schoolhouse Agents was run under a committee of five appointed by the School Committee. This committee was composed of Messrs. Bulger, Berridge, Courtney, McDonough and Baldwin, the last named being chairman. The New Building Committee was also composed of five members, but as the life of the Schoolhouse Agent was very short, the names of this body are forgotten, even as the memory of the department itself is forgotten at the present time. The personnel of the Schoolhouse Agents consisted of its head, one architect, two clerks, seven inspectors, four draughtsmen and three stenographers.

(Continued on page 1391.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Old South News-Stand, Old South entrance to subway.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

Death rate per 1,000 of population:

HISTORY OF DEPARTMENT OF SCHOOL BUILDINGS.

(Continued from page 1389.)

Early in 1901 the conditions of the Schoolhouse Agents Department were in a very unsettled state, so much so that a bill was introduced into the Legislature by Mayor Hart to abolish the office. The defense on the part of the Schoolhouse Agents seemingly admitted negligence, and on June 6, 1901, Legislative Act 473 put an end to the activities of this short-lived body.

SCHOOLHOUSE DEPARTMENT.

The passage of Legislative Act 473 provided for the appointment of three paid commissioners, all to be appointed by Mayor Hart, to serve as the Schoolhouse Department of the City of Boston.

Upon the passage of the bill, the Mayor at once appointed Payson Bradley, Frank H. North and John H. Colby as Board of Commissioners of the Schoolhouse Department, with Mr. Bradley as chairman.

Payson Bradley was a gentleman of the old school, and he immediately extended his confidence to the entire personnel of the old Schoolhouse Agents office. New buildings were Mr. Bradley's hobby, and he was desirous of obtaining all information possible on that subject. Up to 1900, exclusive of high schools, second-class construction was general. Mr. Bradley was determined to secure information on first-class construction, so one of his first acts was to vote a six-weeks' trip to Commissioners F. H. North and John H. Colby to visit several of the large cities of the country to obtain the desired information.

There were also three temporary draughtsmen (Otto K. Textonous, Archie Lundstrom and Ralph Pierce), and three temporary stenographers, Misses Dempsey, Allen and Hebb. This made a force of eighteen, including temporary employees—approximately one-fifth the size of the present Department of School Buildings.

The taking over of the Mayoralty chair by Patrick A. Collins in 1902 automatically removed Payson Bradley as Chairman, his term of office being for one year only. His resignation on June 1, 1908, was regretfully received by the Mayor, and in his place the only architect,—R. Clipston Sturgis, from the inception of the department in 1901 until it was abolished in 1929,—and until the present incumbent was appointed in his place.

The other two commissioners, despite every political influence brought to bear upon the Mayor, held their positions until the full length of their terms had run. Other incoming mayors were not so faithful to the act governing the terms of the commissioners, and often appointed their own cabinets immediately they assumed the office of Mayor. Legislative rules, as far as the Schoolhouse Department was concerned, were apparently a question of the strength of the administration governing them.

On May 1, 1902, the Schoolhouse Department was moved from 276 Tremont street to the Walker Building, 120 Boylston street.

Mr. R. Clipston Sturgis, the second Chairman, was by training and ancestry born into Architecture. His collegiate architectural training, both in this country and abroad, had fitted him admirably for the position of Chairman of a department that is today, as it was then, predominantly architectural. The present Superintendent of Construction of the Department of School Buildings, William W.

Drummev, is an alumnus of the Massachusetts Institute of Technology and an architect, the second architect since 1901 to hold the Chairman's seat.

If the Schoolhouse Department helped materially in the making of R. Clipston Sturgis, so also was the Schoolhouse Department honored and respected during his eight years of office. Mr. Sturgis was a man of severe mien and during his entire term of office was rarely known to emit a hearty laugh. Worth, and worth only, was the open sesame to his heart, and there are doubtless contractors living today who still remember the sting of his words when he was approached in other than an aboveboard, business-like basis. Although he felt that he had no alternative than to accept the low bidders on every advertised work, many a low bidder never again figured on schoolhouse work after his initial experience with the Chairman. On invitation work to contractors, he accepted the approval of his different heads regarding the honesty and fitness of the men delegated to do the work, but several of these heads never forgot the Chairman's decisive action when he discovered that in some cases his trust had been misplaced.

The Schoolhouse Department, under the Sturgis reign, completed ten grammar schools, one intermediate, thirteen primary, one high school and one normal group, all of first-class construction, and three primary schools of second-class construction.

So far as continuous unbroken service goes, Sturgis was the father of all chairmen of the old Schoolhouse Department. He resigned in 1910.

Upon the resignation of Mr. Sturgis, Mr. Charles Logue was appointed Chairman, in 1910. Mr. Logue was a general contractor by trade and had served on the Commission under Sturgis. During Mayor Fitzgerald's reign, Logue was jokingly given the title of "Poo Bah," because in vacancy after vacancy in city departments he assumed charge until the proper head was appointed or confirmed.

A total of twenty-three schools were built during Mr. Logue's term of office, all of them of second-class construction with the exception of one high school of first-class construction.

In 1914, when Mayor Curley took office, Mr. Logue resigned his post and Mr. Joseph P. Lomasney became chairman.

During Mr. Lomasney's term of office there were completed ten schools, all of first-class construction.

While Mr. Lomasney was chairman, James J. Mahar became the first employee of the Department to be raised to the post of Commissioner. He was appointed by Mayor Curley and remained to serve under Chairman Thomas P. Glynn, but resigned during the latter's administration and is now Engineer for the School Committee of the City of Boston. Chairman Glynn was appointed in 1921.

Mr. Glynn's term ran from 1921 to 1924, during which time a total of eighteen schools were completed. These were all of first-class construction, with the exception of two primary schools. Mr. Glynn demonstrated what is meant by Opportunity, by "rising from the ranks," being the first and only Chairman of the Department who progressed from employee to its head.

In 1924 Mr. John F. Mahoney succeeded Mr. Glynn, but his stay was of short duration. During his term of office, 1924-1925, one high school of first-class construction and one inter-

mediate and three primary schools of second-class construction were completed.

In 1926 Mayor Nichols appointed Mr. Francis E. Slattery to the Chairmanship of the Department, which position he filled up to the time the Department was abolished in 1929. Working under Mr. Slattery, as Commissioners, were Messrs. Greenleaf, Myrick and Norton. During Mr. Slattery's four-year term, eighteen schools were completed; all of first-class construction. In memory to Francis E. Slattery and his administration, the Brighton High School stands forth as a fitting school memorial to the last days of the old Schoolhouse Department.

On May 25, 1929, the Schoolhouse Department was abolished.

DEPARTMENT OF SCHOOL BUILDINGS.

The first Superintendent of Construction of the Department of School Buildings was Mr. Louis K. Rourke, an engineer who had previously held several city positions. It was a condition of the formation of the new department that none of the old personnel was to be disturbed, and this was carried out in the creation of the new department.

Mr. Rourke assumed office in December, 1929, and served until March 31, 1933. Under the new regime Mr. Rourke appointed two deputies: First Deputy, Mr. John Donegan, who had been associated with him in the Building Department; Second Deputy, Mr. Edward Phaneuf, who had been previously associated with the Department.

Mr. Rourke died in August, 1933, only a few days previous to the demise also of his First Deputy, Mr. John Donegan.

On March 31, 1933, out of a field of sixty-two candidates for the office, William W. Drummev was appointed Superintendent of Construction of the Department of School Buildings. He appointed Mr. Patrick J. Osborne as First Deputy. Mr. Osborne had previously been head of the Plumbing Division of the Department.

The Department of School Buildings, since the appointment of Mr. Drummev as Superintendent of Construction, has operated for a very considerably less administrative operation cost than heretofore, and has been conducted with a personnel lessened by four.

The headquarters at 11 Beacon street have been considerably altered and reduced in size, with a consequent saving in rent. Blueprinting work which formerly required the services, on an average of a man and a half, full time, is now being done for approximately the cost of merely the paper required to run the blueprint machine previously. The space which blueprinting originally required, the equivalent of three office rooms, has been returned to the building to save rent, and the blueprinting machines sold.

An annual saving to the city's taxpayers of \$3,000 has been made through a reduction in warehouse rent. Savings in trucking charges have been effected, through the purchase of a Dodge truck which does the bulk of the minor trucking required.

Inspectors' districts have been defined with positive schedules of appearance in each school for each man on a given date. Every school in the city is inspected generally once a week, and is inspected particularly oftener than once a week. Promotion from within the Department has augmented the efficiency of the inspection force.

Eighteen persons have had their Civil Service ratings improved, due to the rearrangement of the administrative force after Mr. Drummev took office, and these

men, by virtue of their increased duties, have saved the necessity of filling four vacancies.

Ediphones and Dictographs have been installed in the department, thus making it unnecessary to fill an open position caused by the death of a stenographer. The new machines have resulted in a reduction in the number of telephone trunk lines required on the switchboard, through the intercommunicating system of the Dictograph.

The Department is operating its repair account, including alterations required by the Superintendent of Schools, for 1½ per cent of the value of the school plant. This is less money than it has ever operated for before, being approximately three-quarters of a million dollars less than the Department operated for prior to 1929.

Due to retirement, at his own request, Dr. Donahue was supplanted as a commissioner by Mr. James T. Moriarty, who several times has been President of the State Federation of Labor. In 1935 Mr. Moriarty served on four other unpaid commissions, two of which were at the invitation of the President of the United States. Upon the expiration of Mr. Stephen Sleeper's term, and despite earnest requests of his associates for his continuation, he retired, and his place was filled by Mr. Francis Reginald Bangs. Mr. Lane was reappointed by the School Committee for another term of three years on December 31, 1934.

The Department of School Buildings takes justifiable pride in stating that never, when properly in attendance at a school, has a child been hurt in the school system of the City of Boston. When one stops to realize the immensity of the City school plant, and its rapid growth during the past thirty years, this record is well worthy of note. It is indicative of the constant and unceasing care and work carried on to make and keep our schools as nearly 100 per cent safe as is humanly possible.

Noting the inefficiency of the customary fire escapes in the winter months, there has been developed, under the present regime, the new Drummey Fire Escape. Two of these are now being built, one at the Wait School and one at the Warren School. This new fire escape consists of a spiral enclosed ramp leading directly from the classroom to the yard, with a non-slip surface well lighted and of fireproof construction.

The present Department has developed three new types of schoolhouse furniture: (a) a lunchroom seat and table; (b) a portable desk and chair adjustable three ways; (c) a combined unit of two auditorium seats which may be converted into one seat and a desk.

About December 1, 1933, the C. W. A. was wished upon the Department, which thereupon went into the business of "general contracting," having a peak load of 1,100 skilled employees. This continued through to the E. R. A. and is now in the process of going through to the W. P. A., and the peak number of employees is estimated to rise to 1,400.

There has been spent on pay roll, exclusively from the Government, about \$1,000,000 a year; and in materials contributed by the City of Boston a total to the end of this year of approximately \$245,000, which includes trucking, tools and equipment of all kinds. The operation of C. W. A., E. R. A. and W. P. A. men has been productive of a large amount of profitable work for the Department. In addition to strictly construction items, the Department is cooperating

with the Federal Works of Arts Project, and many beautiful murals, wood carvings, etc., are being spread through the school system. Although a very large number of E. R. A. and W. P. A. men have been utilized by the Department, the entire group of them can be gainfully used, together with our contractual relations, for a further period of at least three years before the school plant will be caught up. As evidence of the vast amount of work still to be done, it might be pointed out that there are today in the school plant buildings which have gone unainted as long as twenty-two years.

The loyalty of the E. R. A. and W. P. A. men to the Department of School Buildings has been very marked, and it has been a pleasure for the Department to reciprocate in some small measure for the betterment of the men and their families. In December, 1934, the Superintendent of Construction conceived and operated, at his own initial personal expense, and with no responsibility resting upon the Department whatever, a minstrel show performance at the Boston Opera House, from which \$2,800 net proceeds were realized. This sum was turned over to the men's Charitable Association, Inc., for disbursement at their discretion, establishing a fund which has been augmented by collections from the men themselves, at ten cents per week dues. This is the only department which has done anything from a social basis for the men, and the benefits which have accrued from this work are to be continued by annual performances of one kind or another which will provide further funds for their charitable association.

With the idea of cutting down the City of Boston's tax rate, the total amount appropriated by the School Committee exclusively for new buildings, other than administration chargeable to new buildings, for the years 1933, 1934 and 1935, was approximately \$400,000 total for the three years, despite the fact that they were permitted by law to appropriate approximately \$1,250,000 annually.

The Department has, however, built, or is building \$5,600,000 in new schools with P. W. A. funds, and approximately \$5,500,000 more is needed for this purpose, without entering into the matter of the abolition of old buildings by consolidation. The oldest of the city's school buildings today is actually one hundred thirty-five years old.

In addition, there has been provided from unexpended balances created by savings from previous appropriations in the Department, approximately, \$175,000 to supplement existing projects. The Randall G. Morris School, for example, was virtually doubled without expense to the taxpayers, additions made to the Robert G. Shaw School and other schools.

A great deal of thought and work has been expended upon playgrounds, which in the past have been neglected. A special composition has been successfully used for the little children in the elementary grades known as cork asphalt. This is live cork mixed with asphalt, and provides a high degree of resilience in the event of a fall. For intermediate and high schools sheet asphalt is used, and as many yards as possible have been rebuilt for play purposes in the summer, especially in the older schools of the city.

Since Mr. Drummey has been in office, there have been about fourteen fires, most of which have been straight arson. Due to the efficiency of the Fire Department the fire loss in any one case has

been kept to a maximum of \$4,000, with a mean average of about \$1,000. The Fire Department, at all times, day or night, contacts the Superintendent of Construction in the event of fire, and the Superintendent personally attends the fire, having in mind the damage which might be done to a school building which might prejudice, if not discovered, the safety of the children upon attending school the next day.

The Jeremiah E. Burke School had been about 35 per cent completed when Mr. Drummey assumed office. This school was causing unusual engineering difficulties due to the nature of the soil. The matter was receiving much unfavorable publicity, largely because there did not seem to be anyone who was willing to make decisions or do anything in the interregnum between Mr. Rourke's retirement and Mr. Drummey's assumption of office in March, 1933. Subsequent to April 1, 1933, there was no untoward comment whatever regarding this school. The building is completed and is the best high school in the city; further, its total cost was forty-two cents per cubic foot.

Cooperation with the Superintendent of Schools of the City of Boston, Dr. P. T. Campbell, is well-nigh perfect. The importance of this is readily seen in going over the records of previous School Buildings administrations. Mr. Drummey has had the privilege of knowing Doctor Campbell over a period of twenty-five years, having been a student under him in the Boston Latin School. That the present Department of School Buildings is held in high repute by other similar bodies is evidenced by the fact that Mr. Drummey has been honored by being special lecturer at the Massachusetts Institute of Technology, the State Department of Education, and as a consultant without compensation to adjacent cities and towns.

The policy of not developing working drawings for new projects in the Department is a fixed one, it being felt unfair to support a competitor at the expense of the taxpayers of the City. The Architectural Division of the Department is headed by Mr. John Driscoll, the oldest employee of the Department in years and service. Mr. Driscoll is eminently qualified for this important post, and has shown abundant proof of being an architect of large projects. Under his direction the Department makes all drawings for alteration work, unless it be of a most unusual nature, or unless time forbids.

In the matter of organized labor relations, the Department since 1923 has a very happy informal arrangement whereby on all jobs there are no strikes on schoolhouse work, and as the *quid pro quo*, and for the best interests of the City, we try to determine that conditions favorable to organized labor are filled on all of our work. This was the result of a conference between the representatives of practically every building craft and the Superintendent of Construction.

A further material reduction in the expenses of operation of the Department is to be expected July, 1936, through the taking over of one of the no longer needed schools for a combined office and warehouse. This would combine all divisions under one roof, including garage service for the Department cars, and should prove an extremely economical and efficient improvement.

During the present régime, the Department has suffered by the death of four members, Annie Donahue, secretary to the former Commissioners and secretary

to the Superintendent; John Donegan, Deputy Superintendent; Frank Guthrie, chauffeur and blueprinter, and William Herlihy, blueprinter.

Up to 1933 a great deal of difficulty had been experienced in new and expensive construction to make the buildings absolutely watertight, especially through masonry walls. This difficulty has been encompassed by changes in the specifications and more strict supervision during construction, and our new buildings do not leak.

There has been developed a new type of playground shelter, the first of which is yet to be constructed, in conjunction with the playground department of the School Committee. A new type of portable schoolhouse has also been developed which is demountable. The number of portable buildings, since 1933, has been reduced from 94 to 70. It will probably always be necessary to have at least 50 portable schoolhouses. At one time there were 230.

A great deal of emphasis has been laid, instructions given and work performed on fire hazard and fire supervision, as shown by closing spaces under stairs, installing hand extinguishers, installing fire rods and blankets for quick smother in laboratories. Protection is given to buildings used by the public apart from children by the isolation of corridors through the construction of partitioned grilles and doors, so that in the event an auditorium is used persons wrongfully inclined cannot wander through the building doing damage.

As a further improvement in administration, it is now the policy of the Department to hire clerks of works on new buildings during construction for the period of construction, instead of hiring additional clerks as permanent employees and then finding it impossible to gainfully use these employees during lapses in the building program. This is merely one of the many ways in which the present Department is operating to make the taxpayer's dollar deliver a full value in the Department of School Buildings. At the present time the Department is laying out a system of statistics in graphic form, the first of which now being ready for the information of the general public and for the Commissioners and the Mayor. These graphs should prove of exceeding interest and value. At the present time the administration dollar shows 71 cents for pay rolls, approximately 18 cents for rent, and 11 cents for other expenses.

BOSTON'S SCHOOL PLANT.

The average citizen does not, perhaps, realize the vastness of the City of Boston's school plant. In 1902 there were 214 permanent school buildings in charge of the School Building Department. Today there are 316. The value of this school plant is approximately 50 per cent of the total value of the taxable area of the entire city of Cambridge, and the expenditures of the Department of School Buildings are greater than the expenditures for all purposes of such cities as Newton or Salem. More people use the South Station in the City of Boston than use the Grand Central Station in the City of New York, and more people use the school plant of the City of Boston than use the South Station.

It is in the interests of the continued health and safety of these tens of thousands of children and adults that each and every member of the Department of School Buildings of the City of Boston is constantly devoting his every energy and ability.

SCHOOL BUILDINGS OF BOSTON.

- 5 one room [not including a Portable if it serves only as an overflow].
- 4 two room.
- 24 four room.
- 264 five or more rooms.
- 218 buildings used for Elementary Grades.
- 73 buildings used for Junior High.
- 25 buildings used for Senior High.
- Total value of sites, buildings and equipment, approximately \$69,000,000.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, November 14:

HEALTH DEPARTMENT.

Approval has been given for the transfer of John J. Sullivan from laborer in the Hospital Service to laborer-caretaker in the Health Department at \$5 a day.

HOSPITAL DEPARTMENT.

The following persons have been employed at the Boston City Hospital for the week ending Thursday, November 7:

Temporary.—William Daly, orderly, \$16.50 a week; Louise Brackett, cleaner, \$15 a week; Mary McKiernan, elevator-woman, \$16 a week; Robert A. Martin, assistant engineer, \$48 a week.

The following changes have occurred: Nora Sullivan, cleaner at East Boston Relief Station to cleaner at Main at \$15 a week; Abigail Thornton, temporary tablegirl at \$15 a week at Main to chambermaid at East Boston Relief Station; James O'Neil, temporary center orderly at \$11.50 at Main to transfer porter at Haymarket at \$13 a week.

Approval has been given for the transfer of Patrick Gorman from the Park Department (aquarium) to the Sanatorium Division as a supervising engineer at \$2,700 a year.

Approval has been given for the transfer of Thomas Ryan, house porter at \$16.50 a week to floor polisher at \$21 a week, to fill the vacancy caused by the transfer of Jeremiah Fitzgerald.

Permission has been given for the promotion of William Rafferty, gate porter at \$21 a week to laundry porter at \$23 a week.

Approval has been given for the transference of Ronald Sweeney, orderly at \$16.50 a week.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, November 7:

William Donovan, M. D., physician, first assistant, \$2,100 a year; Gordon A. Saunders, M. D., interne, \$1,200 a year; Mario Calabro, waiter, \$17.50 a week; Daniel O'Donnell, male nurse (patient) (temporary), \$480 a year; George Cockinos, maid (patient) (temporary), \$240 a year; Emily Gora, maid (patient) (temporary), \$360 a year; Louis Flavio, maid (patient) (temporary), \$240 a year; George O'Mara, male nurse (patient), \$480 a year.

The following persons have ceased to be employed:

Charles L. Sullivan, M. D., interne,

\$1,200 a year; George Riley, male nurse, \$480 a year; Carlo DeFazi, druggist, substitute, \$30 a week.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given to increase the salary of William E. McGerigle, assistant supervisor in the Employment Division, from \$30 to \$35 a week, effective October 24.

Grace F. Bell, permanent-intermittent clerk, will hereafter appear on our pay roll as Grace Cameron.

PARK DEPARTMENT.

Approval has been given for the extension of the emergency employment, for a period of thirty days from November 6, of Margaret M. Hall as matron at \$22 a week.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Approval has been given to continue the temporary employment of John J. Bardon as fireman at \$41.50 a week, for from ten to thirty days from November 9, to fill a temporary vacancy at the Calf Pasture pumping station.

PUBLIC WORKS DEPARTMENT (Water Service).

Approval has been given to continue the temporary employment of the following as plumbers at \$6 a day for three months, in the Water Meter Service of the Income Division, installing new and taking out old water meters for repairs, effective November 9, 1935: Richard J. Kelley, George F. Beeman.

PENAL INSTITUTIONS DEPARTMENT.

The following appointments have been made for the week ending Thursday, November 7:

House of Correction.

Francis J. Carew, officer, \$1,600 a year and maintenance, temporary.

Peter P. Donohue, officer, \$1,600 a year and maintenance, temporary.

George E. Schwartz, physician, \$2,500 a year, temporary.

The following appointment has been made for the week ending Thursday, November 14:

House of Correction.

George E. Schwartz, physician (transferred from position of physician in School Department), \$2,800 a year and maintenance, to succeed Bernard F. McGaffigan (deceased).

Permission is hereby requested that the entrance rate of Doctor Schwartz be at \$2,800 a year and maintenance, a higher rate than the minimum.

The reason for submitting the rate recommended is due to the fact that Doctor Schwartz has been employed on this work for more than a year, in a temporary capacity, and his services have been highly satisfactory. Had Doctor Schwartz been a permanent employee since first appointed he would have automatically received a step-rate increase to \$2,800 a year and maintenance.

PROCEEDINGS OF CITY COUNCIL.

SPECIAL MEETING.

Thursday, November 7, 1935.

Special meeting of the City Council, held in the City Council Chamber, City Hall, at 1 p. m., for the purpose of drawing jurors. President FITZGERALD in the chair, and a quorum present.

Kirby, Ward 2; John L. Lyons, Ward 2; Laurence J. Wiemert, Ward 2; Frederick Bateman, Ward 3; John Elliott, Ward 3; Edward J. Meehan, Ward 3; Thomas F. Shea, Ward 3; Harry O. Bowles, Ward 4; James J. Murphy, Ward 4; Jeremiah Murray, Ward 4; Frank L. Foran, Ward 5; Albert G. Woodworth, Ward 5; Jacob J. Berner, Ward 6; Charles A. Kelly, Ward 6; Thomas F. O'Donnell, Ward 6; Timothy J. O'Mara, Ward 6; John J. Wheaton, Ward 6; John J. Callahan, Ward 7; Mark J. Flaherty, Ward 7; Peter Ward, Ward 7; Joseph A. R. Comeau, Ward 8; Thomas W. Crosby, Ward 8; Harold W. Granger, Ward 8; Paul W. Gurney, Ward 8; John H. McMahon, Ward 8; Herbert E. Cobeigh, Ward 9; John F. Delaney, Ward 10; August Rathgeb, Ward 10; Henry J. J. Tucker, Ward 11; Melvin J. Atherton, Ward 12; Louis Becker, Ward 12; Frank K. Cutts, Ward 12; Paul H. Luke, Ward 12; Chester F. MacNeil, Ward 12; Michael J. Sheehy, Ward 12; John J. Freeman, Ward 13; William Leo McCormack, Ward 13; Charles P. Ritchie, Ward 13; Samuel Brown, Ward 14; Edgar W. Carnell, Ward 14; James A. Stretch, Ward 14; William O. Whitman, Ward 15; Frank Fein, Ward 16; Calvin H. Kemp, Ward 16; Theodore R. McDonald, Ward 16; Patrick J. Mulhane, Ward 16; Albert J. Pabst, Ward 16; William Perkins, Ward 16; Frank L. Ross, Ward 16; Elmer W. Houghton, Ward 17; Thomas F. Linnane, Ward 17; Frederick W. Meneely, Ward 17; John R. Stewart, Ward 18; John W. Suplee, Ward 19; William A. Taggart, Ward 19; John C. Thorson, Ward 19; Walter S. Alcorn, Ward 20; Alfred J. Emmons, Ward 20; John J. O'Brien, Ward 20; Charles B. Partington, Ward 20; Forrest L. Berry, Ward 21; Charles O. Billings, Ward 21; John J. Cassidy, Ward 21; Samuel P. Davis, Ward 21; Frank Holiver, Ward 21; Albert E. Rollins, Ward 21; Herbert J. Silver, Ward 21; Henry J. Smith, Ward 21; Irving E. Stevens, Ward 21; Perry M. Waterhouse, Ward 21; Joseph I. Henneberry, Ward 22; Alan F. O'Farrell, Ward 22; Otis K. Potter, Ward 22; John F. Roche, Ward 22.

Adjourned at 2 p. m.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT.

Upon November 7 the Mayor approved a contract with the Keystone Engineering and Contracting Company for replacing artificial stone sidewalks in Brookline avenue, between Fenwood road and the Fenway. The following bids were received November 1:

Keystone Engineering and Contracting Company, \$1,675; A. R. Doyle, Incorporated, \$1,700; Standard Contracting Company, \$1,925; Pompeo Silverii, \$2,350; Samuel J. Tomasello Corporation, \$2,375; Baker & Co., \$2,387.50; D. A. Rossano, \$2,575; Reynolds Contracting Company, \$3,575.

SUPPLY DEPARTMENT.

Upon November 7 the Mayor approved contracts for furnishing groceries and canned goods to the various city departments until December 31, 1935, with the privilege of purchasing on the same terms and conditions until March 31, 1936.

Samples were requested from the bidders on various items, and these samples were submitted to the United States Department of Agriculture for tests. The samples submitted by the lowest bidders were inspected and, if specifications were met, the awards were recommended to them. In the event that the lowest bidders' samples were not satisfactory, samples from the next lowest bidders were examined, and this method was pursued until satisfactory samples had been secured by the Department of Agriculture. On some of the items where samples were not required, awards were made to the lowest bidders. The approximate totals of awards were as follows:

H. A. Johnson Company, \$14,750.62; George D. Emerson Company, \$8,727.95; Eldridge, Baker Company, \$6,735.30; Reid-Murdoch & Co., \$4,637.46; Suffolk Grocery Company, \$3,482.55; Globe Grocery Company, \$2,905.55; Armour & Co., \$2,065.97; Independent Importing Company, \$1,457.55; Webster-Thomas Company, \$1,174.16; Libby, McNeil & Libby, \$1,052.50; John J. White Company, \$338.22; Standard Brands, Incorporated, \$314.92; S. Gumpert Company, Incorporated, \$241.60; National Biscuit Company, \$142.08; H. J. Heinz Company of Massachusetts, \$115.90; H. C. Brill Company, Incorporated, \$37.80; J. Sklar & Co., \$36.84. Total \$48,216.97. Bids, opened September 18, were as follows:

Approximate Amounts on All Items.

18 Pounds Allspice, 6-Pound Boxes, Per Pound.—Webster-Thomas Company, 16 cents; J. Sklar & Co., 20 cents; H. A. Johnson Company, 15.5 cents; The Globe Grocery Company, 12 cents.*

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms and contractors for labor, supplies, etc. Communications from the heads of the several departments interested were as follows:

E. R. A. SUPPLY DEPARTMENT.

BOSTON, November 6, 1935.

HON. FREDERICK W. MANSFIELD.

Mayor of Boston.

DEAR SIR,—In order that F. E. R. A. projects may be carried on with as little delay as possible, I believe that the purchasing of material and equipment for these projects should be handled on an emergency basis.

Requisition No. A1061, dated October 24, 1935, has been received from the F. E. R. A. projects at the George Wright Golf Course, Park Department, for the purchase of twenty (20) tons of reinforcing steel to be used in the erection of the Club House.

Bids were received from Avery & Saul, Ryerson Steel, Northern Steel, Harvey Steel, Truseon Steel, Brown-Wales, Scully Steel.

Estimating on a base price of \$2.56 per hundredweight, amounting to \$1,024, they were all even. All the bidders were notified to have representation at a public drawing held October 27, 1935, at 3 p. m. Truseon Steel, Avery & Saul and Northern Steel attended. Avery & Saul won the award.

I respectfully request that you approve the award without publicly advertising for bids.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

SUPPLY DEPARTMENT.

Boston, October 16, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Linscott Motor Company, 870 Commonwealth avenue, Boston, to deliver to the Sewer Division the following:

One Reo 1½-ton truck with special express type body, as per specifications, delivered at a price of \$1,285; five 5-yard Reo dump trucks, as per specifications, delivered at a price of \$2,990 each, \$14,950; less allowance on one 1928 Federal chassis and cab to be traded in, No. Se 57, \$125—\$14,825. Net amount of contract, \$16,110.

As the Linscott Motor Company are the direct agents of the manufacturers, no advantage would be gained by publicly advertising.

Respectfully yours,

DAVID B. SHAW,
Acting Superintendent of Supplies.

U. S. NAVY OFFICIAL PRAISES
BOSTON FIRE DEPARTMENT.

The following letter, issued from the office of the Mayor on November 12, was received by Mayor Mansfield from Hon. H. L. Roosevelt, Assistant Secretary of the Navy:

WASHINGTON, November 8, 1935.

MY DEAR MAYOR MANSFIELD,—A fire occurred in building No. 34 of the Navy Yard, Boston, Massachusetts, the morning of September 24, 1935. A Board of Investigation was held in regard to this fire and paragraph 6 of the "Opinion" of this Board is herewith quoted:

"6. That, considering the smoke and gas hazards encountered, and the extreme difficulty of reaching the seat of the fire, the work of the Boston Fire Department was highly commendable."

I am writing this letter and quoting this Opinion of the Board of Investigation in order that the Fire Department may be informed of such opinion and in order that the Navy Department may express its very deep appreciation of the excellent and commendable action of the Fire Department of the City of Boston.

Very sincerely yours,

H. L. ROOSEVELT,
Assistant Secretary of the Navy.

Hon. Frederick W. Mansfield,
Mayor of the City of Boston,
The City Hall,
Boston, Mass.

CLAIMS DISAPPROVED.

The Law Department has disapproved sixty-two claims against the City of Boston. These claims are classified as follows:

Fire Department, two claims; Hospital Department, two claims; Licensing Department, one claim; Park Department, eight claims; Police Department, three claims; Public Works Department, forty-six claims.

POLICE DEPARTMENT ORDERS.

General Order No. 105.

A trial board consisting of Captains Fallon, Kavanagh and Mulrey, having heard by reference a complaint made by Harry N. Dickinson, captain, Division 11, against John E. O'Toole, patrolman, Division 11, for alleged violation of Rule 41 of the Rules and Regulations of the Police Department, to wit:

Charge 1: Conduct unbecoming an officer.

Specification: In that on the twenty-fifth day of September, 1935, the said Patrolman John E. O'Toole, while on duty and in uniform assigned to a cruising car, did accuse one William O'Callahan of being under the influence of intoxicating liquor and did take possession of an automobile owned and operated at the time by the said O'Callahan without right and not in the legal performance of his duty.

Charge 2: Neglect of duty.

Specification: In that on the twenty-fifth day of September, 1935, the said Patrolman John E. O'Toole, while on duty and having taken possession of an automobile owned and operated at the time by one William O'Callahan, in the belief that the said O'Callahan was under the influence of intoxicating liquor and operating an automobile unlawfully, did fail to make a report of the facts in the case to the officer in command of his station,—

has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence presented, finds the said Patrolman John E. O'Toole guilty as charged. These charges and the circumstances surrounding them constitute a serious offence and warrant the imposition of a severe penalty. However, in view of the fact that this officer has been a member of the department for six years and this is the first time he has been before a trial board for a violation of the rules, the Board is inclined to be lenient. Therefore, the Board respectfully recommends that the

said Patrolman John E. O'Toole be suspended from duty for a period of twenty days, and that at the expiration of the said period of suspension the said Patrolman John E. O'Toole be ordered to perform 105 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman John E. O'Toole be suspended from duty for a period of twenty days, effective as of November 2, 1935, at 5.45 o'clock, p. m., and that at the expiration of the said period of suspension the said Patrolman John E. O'Toole perform 105 hours of punishment duty.

Civil Service Rule 23, Section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

Section 3. With the consent of the Commissioner, upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWENEY,
Commissioner.

General Order No. 106.

A trial board consisting of Captains Fallon, Kavanagh and Mulrey, having heard by reference a complaint made by Archibald F. Campbell, captain, Division 7, against John J. Lorden, patrolman assigned to Division 2, detailed to Division 7, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge 1: Neglect of duty.

Specification: In that on the twenty-eighth day of October, 1935, the said Patrolman John J. Lorden, did leave his fixed traffic post from 10:07 p. m. to

11 p. m., without asking or receiving permission to do so from the officer in charge of his station.

Charge 2: Conduct unbecoming an officer.

Specification: In that on the twenty-eighth day of October, 1935, the said Patrolman John J. Lorden, while on duty and in uniform, was under the influence of intoxicating liquor to such an extent that he was unable to perform his duty as a police officer and by so doing he was guilty of an act contrary to good order and discipline, and thereby tended to bring into disrepute and criticism his associates on the force and the department as a whole.—

has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence presented, finds the said Patrolman John J. Lorden guilty as charged. In view of the fact that Patrolman Lorden has been a member of the Police Department for ten years and has never previously been before a trial board charged with a violation of the rules, the Board respectfully recommends that the said Patrolman John J. Lorden be suspended from duty for a period of ten days, effective as of October 29, 1935, and that at the expiration of the said period of suspension the said Patrolman John J. Lorden be ordered to perform 105 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman John J. Lorden be suspended from duty for a period of ten days, effective as of October 29, 1935, at 7.45 a. m., and that at the expiration of the said period of suspension the said Patrolman John J. Lorden perform 105 hours of punishment duty.

Civil Service Rule 23, Section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

Section 3. With the consent of the Commissioner, upon good cause shown an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWENEY,
Commissioner.

General Order No. 107.

Patrolmen Arthur F. Rovers and Joseph P. Maloney, both of Division 10, are commended and each is granted three days additional vacation for efficient police duty performed on October 22, 1935, in connection with the arrest of the person who was responsible for the commission of a robbery at South Long Bay in the Roxbury and Mattapan districts.

The commissioner is pleased to recognize and commend the diligence and best observation shown by Patrolmen Rovers and Maloney in performing this splendid police duty.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWENEY,
Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be six (6) weeks, parking of vehicles is prohibited in Brookline avenue, both sides, from Kenmore square to Boylston street, effective November 9, 1935.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted May 8, 1935, and was effective May 13, 1935, for a trial period of three (3) months, and which was extended for three (3) months from August 13, 1935, is hereby extended

for a further trial period of two (2) months from November 13, 1935:

Parking of vehicles is prohibited in the following street:

South Sydney Street, Dorchester.

West side, from Bay street to Savin Hill avenue.

Voted, That as urgently required by considerations of public safety and convenience, during the period of overpass construction at the intersection of Huntington avenue, Jamaicaaway and Riverway, for a trial period of sixty (60) days, the following temporary rules are effective November 13, 1935:

Parking of vehicles is prohibited in the following streets:

Jamaicaway.

Both sides, from Huntington avenue to Craft street.

Riverway.

Both sides, from Brookline avenue to Huntington avenue.

POLICE DEPARTMENT ORDERS.

General Order No. 108.

A trial board consisting of Captains Fallon, Kavanagh and Mulrey, having heard by reference a complaint made by Joseph McKinnon, captain, Division 4, against John C. McCarthy, patrolman, Division 4, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge 1: Neglect of duty.

Specification: In that on November 1, 1935, the said Patrolman John C. McCarthy, while on duty failed to signal the station from a signal box on his route from 8.26 a. m. for a period of two hours and nine minutes thereafter, when the rule requires he so signal every forty minutes.

Charge 2: Conduct unbecoming an officer.

Specification: In that on November 1, 1935, at 10.35 a. m., the said Patrolman John C. McCarthy was under the influence of intoxicating liquor to such an extent that he was unable and unfit to perform police duty,—

has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence as presented, accepts the plea of guilty. In view of the fact that this officer has been a member of the department for sixteen years and this is his first appearance before a trial board, and in view of the excellent recommendation given him by his commanding officer, the Board respectfully recommends that the said Patrolman John C. McCarthy be suspended from duty for a period of fourteen days, effective as of November 1, 1935."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman John C. McCarthy be suspended from duty for a period of fourteen days, effective as of November 1, 1935, at 5.45 o'clock p. m.

Civil Service Rule 23, Section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

Section 3. With the consent of the Commissioner, upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claim:

Mrs. J. Sullivan, 801 East Third street, South Boston, in the sum of \$50, as compensation for damage to property at 900 East Fourth street, South Boston, caused by construction of sewer.

PROCEEDINGS OF SCHOOL COMMITTEE.

Oct. 28, 1935.

A deferred regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 8:35 o'clock P. M.

Present: Dr. Lyons, Messrs. Sullivan and Tobin.

CHAIRMAN PRO TEMPORE

In the absence of the Chairman, Mr. Tobin was elected Chairman pro tempore.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

ACCEPTANCE OF NEW SCHOOL

A communication was received from the Superintendent of Construction, Department of School Buildings, under date of Oct. 18, 1935, reporting that he has finally accepted, as of Sept. 6, 1935, the addition to the East Boston High School.

Placed on file.

DEATHS

The Superintendent reported the death of the following-named teachers:

Francis Parkman District—Charlotte E. Romer, assistant, elementary, Oct. 24, 1935.

Rice District—M. Alice Costello, first assistant, kindergarten, Oct. 4, 1935.

Placed on file.

The Superintendent reported the death of following-named teacher who had been retired on pension:

Bennett District—Lillie J. Davis, assistant, Sept. 18, 1935.

Placed on file.

The Superintendent reported the death of the following-named school physician:

Department of School Hygiene—William H. Robinson, M. D., school physician, Sept. 28, 1935.

Placed on file.

RESIGNATIONS

The following resignations, reported by the Superintendent to take effect on the dates stated, were presented:

Roxbury Memorial High School (Girls)—Helen L. Crowe, assistant, Oct. 11, 1935.

Agassiz District—Edna A. Weirich, assistant, kindergarten, Oct. 18, 1935.

Harvard District—Julia J. McCarthy, assistant, elementary, Oct. 11, 1935.

Longfellow District—Alice I. McTiernan, assistant, elementary, Oct. 11, 1935.

Samuel Adams District—Mildred M. Roe, assistant, elementary, Oct. 4, 1935.

Sherwin District—Ellen M. Mantle, assistant, elementary, Oct. 2, 1935.

Accepted.

RETIREMENTS ON PENSION

The following was offered:

ORDERED, That the following-named teachers are hereby retired on pension in accordance with the provisions of Chapter 589 of the Acts of 1908, as amended by Chapter 617 of the Acts of 1910, Chapter 569 of the Acts of 1912, and Chapter 304 of the Special Acts of 1915, the date of retirement and rate of pension to be as hereinafter specified:

Department of Vocational Guidance—Evelyn M. O'Bryan, vocational assistant, Oct. 31, 1935, \$560.

Thomas N. Hart District—Helen L. Arnold, first assistant, kindergarten, Oct. 31, 1935, \$600.

Passed, the three members present voting in the affirmative.

A communication was received from the Superintendent, under date of Oct. 28, 1935, reporting the retirement from active service of the following-named member of the Boston Retirement System, as certified by the Boston Retirement Board, under date of Oct. 15, 1935:

Offices of the Superintendent—Secretary—Grace A. Loring, assistant, Oct. 31, 1935.

Placed on file.

WITHDRAWAL OF APPOINTMENT

A communication was received from the Superintendent, under date of Oct. 28, 1935, reporting that subject to the approval of the School Committee, he has withdrawn the following appointment of a toolkeeper, as reported at the meeting of Oct. 7, 1935 (see p. 126):

Brighton High School—Carl G. Nordgren, toolkeeper, Oct. 1, 1935.

Placed on file and the withdrawal approved.

APPOINTMENTS

The following appointments by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

(FROM THE ELIGIBLE LIST)

(Replacements)

Boston Trade School—Anthony F. Mayr, Charles R. O'Malley, trade instructors (from senior shop instructors), Oct. 1, 1935.

Laid over.

Crimmins, John A. Farley, George A. Gallagher, John P. Holt, John A. Kendrick, Francis J. Linehan, Thomas F. McCall, Kashadoor A. Mardoian, Daniel F. McCabe, James A. Mulligan, Dennis J. O'Leary, Philip P. Perry, Joseph W. Powers, James R. Ring, John J. Van Wart, John F. Wanders, Michael J. Wyse, John J. Keegan, William B. Nugent, Oct. 1, 1935.

Helpers—Mary J. Conlan, Margaret J. Gannon, Nora Kelly, Nellie Lydon, Isabel R. McWilliams, Mary F. O'Toole, Josephine E. Quinn, Oct. 1, 1935.

Attendants—Mary J. Conlan, Margaret J. Gannon, Nora Kelly, Nellie Lydon, Isabel R. McWilliams, Nettie M. O'Brien, Mary F. O'Toole, Josephine E. Quinn, Oct. 2, 1935.

Approved.

HOME INSTRUCTION OF PHYSICALLY HANDICAPPED CHILDREN

A communication was received from the Superintendent, under date of Oct. 28, 1935, reporting that subject to the approval of the School Committee, he has assigned the following-named temporary teachers for home instruction of physically handicapped children, to take effect on the dates stated:

Edward S. Brock, Mary B. Brown, Mary G. Carney, Lillian B. Carter, Marion B. Clifford, Julia H. Collins, Hannah I. Cone, Regina H. Cotter, Agnes D. Creamer, Florence S. Cummings, Jennie Denghausen, Sarah T. Driscoll, Mary C. Duffy, Lillian O. Fleming, Kathleen H. Fox, Celia H. Frank, Mary E. Gavin, Bertha B. Grossman, Helen T. Hannon, Louise E. Isabel, Edith P. Johnson, Ruth P. Kenyon, Elizabeth A. Lane, Amy E. Lang, Gwena E. Lewis, Florence L. Logue, Theresa F. Long, Mary F. Mahoney, Mildred A. Maier, Mary A. Martin, Katherine C. McGinnis, Alice H. McLaughlin, Virginia M. McNeil, Alice D. O'Connell, Agnes Ordnung, Mae B. Quimby, Mary E. Rogers, Marion F. Ryan, Florence W. Sands, Mary F. Shaughnessy, Ruth Sterling, Mary J. Supple, K. Gertrude Tucker, Thomas M. Walsh, Gertrude S. White, Oct. 14, 1935; Margaret F. Kamp, Oct. 16, 1935; Fannie B. Linsky, Oct. 21, 1935.

Approved.

TRANSFER

A communication was received from the Superintendent, under date of Oct. 28, 1935, reporting that subject to the approval of the School Committee, he has made the following transfer of a teacher:

Emily J. Wall, assistant, elementary, William E. Endicott District, to the same position in the Bennett District, Nov. 1, 1935.

Approved.

LEAVE OF ABSENCE

On the report of the Superintendent, leave of absence was granted the following-named teacher for the term specified:

Woodrow Wilson Intermediate District—Marguerite T. Brooks, assistant, intermediate, Oct. 17, 1935, one day, court summons.

DESIGNATIONS

A communication was received from the Superintendent, under date of Oct. 28, 1935, reporting that he has made the following designation of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1936:

Charles Sumner District—Pauline F. Shea, assistant, kindergarten, as acting first assistant, kindergarten (vice Marion L. Weston, absent on leave), Oct. 1, 1935.

Edward Everett District—Mary A. Timony, assistant, elementary, as acting master's assistant (vice Florence A. Goodfellow, absent on leave), Oct. 1, 1935.

Hugh O'Brien District—Agnes G. Kearns, assistant, elementary, as acting master's assistant, Oct. 1, 1935.

Lewis Intermediate District—John F. Barnicle, sub-master, as acting master (vice Edward J. Carroll, absent on leave), Sept. 30, 1935.

Oliver Wendell Holmes Intermediate District—Theresa Currie, assistant, intermediate, as acting master's assistant (vice Mary R. Quinn, absent on leave), Oct. 1, 1935.

Robert Treat Paine District—Louise C. Calvin, assistant, kindergarten, as acting first assistant, kindergarten (vice Anina L. Fitzsimmons, absent on leave), Oct. 1, 1935.

Theodore Roosevelt Intermediate District—A. Florence Pow, assistant, elementary, as acting master's assistant, Oct. 1, 1935.

Thomas A. Edison Intermediate District—Harold J. Cleary, assistant, intermediate, as acting sub-master, (vice Edson L. Ford, absent on leave), Oct. 1, 1935.

Thomas N. Hart District—Catherine M. McHugh, assistant, elementary, as acting master's assistant, Oct. 1, 1935.

Ulysses S. Grant District—Loretta Sullivan, assistant, elementary, as acting master's assistant, Oct. 1, 1935.

Wendell Phillips District—Mary F. O'Neil, assistant, elementary, as acting master's assistant, Oct. 1, 1935.

Placed on file.

TERMINATION OF SERVICE IN TWO-SESSION KINDERGARTENS

A communication was received from the Superintendent, under date of Oct. 28, 1935, reporting that subject to the approval of the School Committee, he has terminated the services of the following-named teachers in the afternoon sessions of the kindergartens indicated, to take effect on the dates stated:

Edmund P. Tileston District—Gertrude M. Glynn, first assistant, kindergarten, Oct. 11, 1935.

Robert Treat Paine District—Margaret B. Beatley, first assistant, kindergarten, Sept. 30, 1935; Anina L. Fitzsimmons, first assistant, kindergarten, Sept. 30, 1935.

Thomas Gardner District—Jessie L. Sweet, first assistant, kindergarten, Oct. 11, 1935.

William E. Endicott District—Marie I. Daly, assistant, kindergarten, Oct. 7, 1935.

Placed on file and the termination of service approved as indicated.

COMPENSATION OF LUNCH ATTENDANT, TRADE SCHOOL FOR GIRLS

On motion of the Superintendent, it was

ORDERED, That for the school year ending Aug. 31, 1936, the compensation of lunch attendant in the Trade School for Girls is hereby established at the rate of fifty cents (50c) per hour or fraction thereof.

ESTABLISHMENT OF RAPID ADVANCEMENT CLASSES

On motion of the Superintendent, it was

ORDERED, That the following rapid advancement classes are hereby established for the school year ending Aug. 31, 1936, unless discontinued prior to that date by order of the School Committee:

Grover Cleveland District..... 2
Henry L. Higginson District..... 2
Julia Ward Howe District..... 2
William Lloyd Garrison District. 3

ESTABLISHMENT OF CLASS FOR APPRENTICES IN SHEET METAL WORK

The Superintendent offered the following three orders:

ORDERED, That during the school year ending Aug. 31, 1936, the Superintendent is hereby authorized, in his discretion and in co-operation with the State Department of Education, to conduct a class for apprentices in sheet metal work in the South Boston High School on Saturday mornings from eight to twelve o'clock, the cost of the instructors' salaries to be covered by federal funds administered by the Commissioner of Education, by special distribution to the City of Boston, and reimbursement made by the State Department of Education to the City of Boston for all other expenses in connection with the maintenance of the class in the amount of fifty per cent (50%).

ORDERED, That the employment of not more than two instructors in the Saturday morning class for apprentices in sheet metal work conducted in the South Boston High School is hereby authorized; compensation to be at the rate of eight dollars (\$8) per session of four hours.

ORDERED, That the employment of not more than one toolkeeper in the Saturday morning class for apprentices in sheet metal work conducted in the South Boston High School is hereby authorized; compensation to be at the rate of two dollars and fifty cents (\$2.50) per session of four hours.

The orders passed.

A communication was received from the Superintendent, under date of Oct. 28, 1935, reporting that subject to the approval of the School Committee and in accordance with the foregoing orders, he has appointed the following-named persons to the Saturday morning class for apprentices in sheet metal work in the South Boston High School, to take effect on the date stated:

Thomas A. Roche, instructor, Oct. 19, 1935; Bernard Dockray, instructor, Oct. 19, 1935; Arthur Logan, toolkeeper, Oct. 19, 1935.

Approved.

CLASSES IN ERA SEWING UNITS

A communication was received from the Superintendent, under date of Oct. 28, 1935, reporting that subject to the approval of the School Committee and in accordance with orders passed at the meeting of Oct. 7, 1935, he has appointed the following-named persons to the classes in ERA sewing

units as a department in the Trade School for Girls, to take effect on the date stated:

Léna M. Vernaglia, Rose E. Riley, temporary teachers, Sept. 16, 1935.

Approved.

CLERICAL ASSISTANTS

A communication was received from the Superintendent, under date of Oct. 28, 1935, reporting that subject to the approval of the School Committee, he has terminated the assignment of Dorothy M. Casserly, clerical assistant, Continuation School, as clerical assistant, Bennett District, to take effect Nov. 3, 1935; and has assigned her as clerical assistant, Jeremiah E. Burke High School for Girls, without change of rank or salary, to take effect Nov. 4, 1935, and to continue for the school year ending Aug. 31, 1936, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of Oct. 28, 1935, reporting that subject to the approval of the School Committee, he has transferred Frances M. Fee, clerical assistant, Thomas Gardner and Washington Allston Districts, to the same position in the Bennett District, Nov. 4, 1935.

Approved.

A communication was received from the Superintendent, under date of Oct. 28, 1935, reporting that subject to the approval of the School Committee and with the approval of the Division of Civil Service, he has appointed Margaret C. Power as clerical assistant in the Hancock District, to take effect Oct. 28, 1935.

Approved.

EMPLOYMENT OF TEMPORARY FOOD ANALYST

On motion, it was

ORDERED, That with the approval of the Commissioner of Civil Service, the employment of a temporary food analyst in the Department of School Hygiene, for the inspection, collection, and analysis of food used in the schools, is hereby authorized up to and including Dec. 20, 1935, and that the compensation for the rank is hereby established at the rate of ten dollars (\$10) per day of service, beginning Oct. 14, 1935.

On motion, it was

ORDERED, That with the approval of the Commissioner of Civil Service, the employment of James E. Moriarty, as temporary food analyst in the Department of School Hygiene, is hereby authorized for the period Oct. 14 to Dec. 20, 1935, inclusive.

APPOINTMENT OF SCHOOL PHYSICIAN

A communication was received from the Secretary, under date of Oct. 28, 1935, reporting that the

Division of Civil Service has certified the following-named persons as eligible for appointment as school physician:

Charles Korb, Hyman Saphirstein, Morris N. Davidow, and John J. Dunphy, Jr.; Marion D. Wilkinson, Elinor R. Martin, and Helena M. Murphy.

Placed on file.

The Chairman stated the question was on the appointment of a school physician to fill a vacancy, and the Secretary was directed to call the roll.

The members as their names were called respectively stated that they voted as follows:

For Dr. Charles Korb—Messrs. Lyons, Sullivan, and Tobin—3.

The Chair declared Dr. Charles Korb duly elected school physician, to take effect Nov. 1, 1935.

AMENDMENTS OF REGULATIONS

The following was offered:

ORDERED, That the regulations are hereby amended as follows:

Section 320, paragraph 1. In the fifth line, strike out the word "and" and insert to immediately follow the word "matrons" the words—nutrition class attendants, and assistant nutrition class attendants—so that the paragraph will read as follows:

SECTION 320. 1. The Superintendent may grant leaves of absence to teachers, members of the supervising staff, school physicians, school nurses, librarians, secretaries, clerical assistants, bookkeepers, telephone operators, matrons, nutrition class attendants, and assistant nutrition class attendants for the causes and not to exceed the periods herein set forth.

Section 337, paragraph 5. In the table which sets forth the rates of deduction for leaves of absence, insert to immediately follow the word "matrons" the words—nutrition class attendants, and assistant nutrition class attendants—so that the paragraph will read as follows:

Matrons, nutrition class attendants, and assistant nutrition class attendants—Deductions per day of absence without pay, or without leave, one-fourth of weekly salary; deduction per day on leave granted, one-eighth of weekly salary.

Laid over.

PAYMENT OF TUITION CHARGES FOR NON-RESIDENT PUPILS

A communication was received from the Business Manager, under date of Oct. 28, 1935, recommending in compliance with the wishes of the School Committee, the passage of accompanying orders requiring non-resident pupils to pay the tuition charges established for the school year half-yearly in advance.

Placed on file.

On motion, it was

ORDERED, That beginning with the current school year tuition charges for non-resident pupils

shall be paid half-yearly at the office of the Business Manager; and be it further

ORDERED, That the first half-yearly payment be required on the first school day in September and the second half-yearly payment not later than the first school day in February.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Oct. 28, 1935, recommending that the following-named custodians be granted leave of absence on one-half net compensation for the periods specified because of personal illness:

Walter F. Conley, custodian, William Bacor School-house, Oct. 1, 1935 (one day).

Patrick M. Connolly, custodian, Roxbury Memorial High School, Sept. 30 to Oct. 9, 1935, inclusive.

Robert L. Reid, custodian, Hull Schoolhouse, Oct. 17 to 24, 1935, inclusive.

Placed on file and leave of absence on one-half net compensation granted for the periods specified.

REPORT ON AUDIT OF BOOKS AND ACCOUNTS

A communication was received from Charles E. Di Pesa & Company, under date of Oct. 16, 1935, submitting report on the audit of the books and accounts of the Business Manager and the Secretary for the quarter ended Sept. 30, 1935.

Placed on file.

PROPOSED REORGANIZATION OF SCHOOLS IN WEST END

Mr. Sullivan: Mr. Chairman, for several years, the citizens and civic leaders of the West End section of Boston have been dissatisfied with the intermediate school provisions in that district. I agree that improvement can be made in the existing situation. Since this Committee has formulated plans which will, I believe, overcome the objections of the people of that district and at the same time effect an improvement in school conditions and a saving in the cost of school operation, I would ask the Superintendent to make a brief outline of our plans.

Superintendent: Mr. Chairman, for more than a few years this agitation has been going on in the West End. The Superintendent of Schools has been unwilling to advise the Committee to make the change desired because it seemed that it would mean abandoning the Washington School building—a million dollar plant. Now we have found the way to overcome that situation. The Department of School Buildings will take over the Washington School building for all of its activities, saving approximately \$33,000 a year in rentals. We will make a reorganization of the classes, from kindergarten to Grade VI, throughout the West End, in order to free the William Blackstone and the Wells School

buildings in which will be placed the intermediate school now housed in the Washington building. This ought to be accomplished by next September so that the wishes of the people of the West End should be satisfied by that time.

Mr. Sullivan: What do you estimate will be the cost of that transfer?

Superintendent: Approximately \$50,000 to put the Washington School building in condition for its new activities and about \$17,000 to arrange the two other buildings, but that expense will be more than made up in two years by the saving in rentals.

UNFINISHED BUSINESS

The eleven orders laid over at the meeting of Oct. 7, 1935 (see pp. 131-134), making changes in and additions to the authorized list of text books, were taken up and passed collectively, the three members voting in the affirmative.

The Committee adjourned.
Attest:

ELLEN M. CRONIN,
Secretary.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

DEPUTY SEALER OF WEIGHTS AND MEASURES, BOSTON, DECEMBER 7, 1935.

Last date for filing applications, Saturday, November 23, 1935, at 12 noon.

Salary: \$1,600 for the first year with an annual increase until the maximum of \$2,300 is reached.

The sealer of weights and measures is required to enforce the laws pertaining to weighing and measuring devices and to the giving of false or insufficient weight or measure; to the licensing of hawkers, pedlers and transient vendors; to wholesale milk containers, ice cream cans and molds, cranberry barrels and crates, standard boxes for farm produce, berry baskets, and other containers used as measures; to the weights of bread and to the labeling of loaves of other than standard unit weight.

It is also his duty to test all weighing or measuring devices used for buying or selling, for public weighing, or for hire or reward, and to seal or condemn them in accordance with the results of his tests; also to investigate complaints and to prosecute violations of law when the evidence warrants such action.

Pamphlets including the General Laws relating to weights, measures, licenses, etc., may be obtained upon request to the Director of Standards, 194 State House, after application for examination has been filed.

The tables of weights and measures given in these pamphlets will govern the marking of all questions involving any units of weight or measure.

Entrance Requirements: Applicants must possess a motor vehicle operator's license.

Subjects and Weights: Training and experience, 2; arithmetic, 3; report, 2; practical questions, 3; total, 10.

Passing Requirements: Applicants will be required to obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Civil Service Rule 9, Section 4: Any person possessing the required qualifications who has taken an examination may make new application for the same service at any time, and his status shall be determined by the result of the last examination taken. If any person fails to fulfill all the requirements, his examination shall be treated as a failure.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

LABORATORY TECHNICIAN, NORTH READING STATE SANATORIUM, DEPARTMENT OF PUBLIC HEALTH, DECEMBER 28, 1935.

Last date for filing applications, Saturday, December 14, 1935, at 12 noon.

(Requisition is for a male, but the examination is open to both males and females.)

The minimum salary, with maintenance, is \$840 a year, the maximum salary, with maintenance, is \$1,140 a year. The minimum salary, without maintenance, is \$1,200 a year; the maximum salary, without maintenance, is \$1,500 a year.

At the present time, there is also a vacancy at the Westfield State Sanatorium.

Duties: To do blood counts, and all laboratory analysis. To take and develop X-ray films. Under supervision to do other duties that may be required.

Subjects and Weights: Training and experience, 4; practical questions on laboratory work, 3; practical questions on X-ray work, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PLAYGROUND WORKERS, SUPERVISORS, AND ASSISTANT SUPERVISORS, DECEMBER 28, 1935.

Last date for filing applications, Saturday, December 14, 1935, at 12 noon.

The examination is open to both males and females.

This examination will be for the service of all the cities and towns in the State where these positions are under civil service.

The playgrounds ordinarily are open from April to November. During the school year sessions are usually held after school hours and on Saturdays, and on all days except Sundays during the summer. In the summer, the usual salary is from \$15 to \$25 a week.

The general duties of playground workers require a knowledge of the interests of children, ability to organize and conduct playground activities and adult recreation. It is desirable that applicants have education, training or experience in physical culture, playground work, and physical training of juveniles.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

There will also be a supplementary paper for those wishing to qualify as swimming instructors in playgrounds having a pool.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Applicants who wish to be certified to positions as playground supervisors must have at least two seasons' actual experience in playground work.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examinations, 1935.

Examinations will be held at the following points and on the following dates:

Boston, Monday, December 2.
New Bedford, Wednesday, December 4.
New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,
PAYSON SMITH,
STEPHEN C. GARRITY,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 413A, State House Boston, Mass.

FIVE PER CENT OF CITY BUDGET PAID FOR REFUSE DISPOSAL.

Nearly one million dollars, or about 5 per cent of the total cost of the general city government of Los Angeles, Cal., is spent every year for the collection and disposal of refuse, under the direction of the Bureau of Engineering of that city. The Refuse Collection Division operates six days a week, and enough men are provided to compensate for a five-day week for all the personnel employed.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN PERSHING ROAD, FROM 100 FEET WEST TO 400 FEET WEST OF CENTRE STREET, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for Sewerage Works in Pershing road, from 100 feet west to 400 feet west of Centre street, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works, Pershing Road," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, November 25, 1935, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two (2) dollars for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
(Nov. 16.) Commissioner of Public Works.

LOW FATALITY RATE IN PROVIDENCE.

The fatality rate in Providence in 1934 was the lowest in all the years since modern traffic problems have existed, according to figures compiled by the city's traffic bureau. It is believed that the activity herein described was one of the many which have contributed toward this result. Certainly, if speeds can be consistently held down or reduced, there is small doubt that accidents will be decreased.

Traffic authorities in Providence decided in 1932 that a plan of monthly "sampling" of vehicular speeds by actual measurements be carried out, covering about fifty-four locations, none of which should be in congested traffic. This system was worked out and tested in that year, and has been in full operation during 1933 and 1934.

CITY OF BOSTON.

OVERSEERS OF THE PUBLIC WELFARE.

P. W. A. PROJECT NUMBER MASS. 1279.

Sealed proposals for the erection and completion of a building for the Overseers of the Public Welfare at 170 Hancock street, Dorchester, in the City of Boston, Mass., prepared in accordance with instructions contained in the contract documents, will be received at the office of the Overseers of the Public Welfare at 43 Hawkins street, Boston, Mass., until 2 p. m., Eastern Standard Time, November 27, 1935, and at that time and place publicly opened and read.

Plans, specifications and other contract documents may be secured at the office of Joseph G. McGann, architect, at 129 Newbury street, Boston, upon the deposit payment of \$300. Said deposit shall be included in all proposals and will be refunded to all except the successful bidder when such documents are returned in good condition to Joseph G. McGann, architect, 129 Newbury street, Boston.

Each proposal must be accompanied by a certified check for the sum of \$2,000 made payable to the City of Boston.

All checks, except that of the bidder to whom the contract is awarded, will be returned immediately after the awarding of the contract.

The project is to be financed and constructed under the terms of the Emergency Relief Appropriation Act of 1935 and chapter 366, Massachusetts Acts of 1933, as amended, and attention is called to the "Construction Regulations" prescribed by the P. W. A.

Attention is called to the fact that minimum wage rates are established for the project and are set forth in the contract documents.

The office of the United States Employment Bureau designated by the Government for this project is Massachusetts State Employment Service, 100 Nashua street, Boston.

The right is reserved by the City of Boston, Mass., acting through its Overseers of the Public Welfare, to reject any or all bids, or to accept any bid which it deems most advantageous, subject to the approval of the State Director P. W. A.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

A surety bond by a company satisfactory to the State Director, P. W. A., and in an amount equal to one hundred (100) per cent of the contract price will be required from the successful bidder.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Overseers of Public Welfare, 43 Hawkins street, and at the office of Joseph G. McGann, architect, 129 Newbury street, Boston, Mass.

JAMES A. McMURRY,

Chairman of the Board of Public Welfare.
(Nov. 16-23.)

CITY OF BOSTON.

SEALED PROPOSALS FOR \$4,665,000 CITY OF BOSTON LOANS.

GROUP "A"—\$100,000 COUPON SERIAL BONDS.
GROUP "B"—\$4,265,000 COUPON SERIAL BONDS.
GROUP "C"—\$300,000 COUPON SINKING FUND BONDS.

BONDS EXEMPT FROM TAXATION IN MASSACHUSETTS AND FROM THE FEDERAL INCOME TAX.

TREASURY DEPARTMENT.
OFFICE OF THE CITY TREASURER.

CITY HALL, BOSTON, MASS., November 13, 1935.

In pursuance of the authority given by orders of the City Council of Boston and Acts of Massachusetts, the undersigned will receive proposals until 12 o'clock M., Eastern Standard Time, Wednesday, November 20, 1935, for the purchase of all but no part of the following described coupon bonds.

Group "A." Coupon Serial Bonds.

Bidder to name rate of interest in multiples of $\frac{1}{4}$ of 1 per cent; no bid to be more than 4 per cent or less than par and accrued interest.

SCHOOL, SOUTH BOSTON DISTRICT, \$100,000.
Order of the City Council of Boston of February 27, 1934. Payable \$5,000 annually, December 1, 1936, to December 1, 1955, inclusive.

Group "B." Coupon Serial Bonds.

Bidder to name rate of interest in multiples of $\frac{1}{4}$ of 1 per cent; no bid to be less than par and accrued interest, and a different rate of interest may be bid for all but no part of each purpose loan to be issued.

NEW CHARITIES ADMINISTRATION BUILDING, \$15,000.

Order of the City Council of Boston of March 3, 1931. Payable \$2,000 annually, December 1, 1936, to December 1, 1940, inclusive, and \$1,000 annually, December 1, 1941, to December 1, 1945, inclusive.

CITY OF BOSTON, MUNICIPAL RELIEF LOAN, ACT OF 1935, \$4,000,000.

Orders of the City Council of Boston of June 10, 1935, and October 29, 1935. Payable \$400,000 annually, December 1, 1936, to December 1, 1945, inclusive.

SEWERAGE WORKS, \$250,000.

Order of the City Council of Boston of July 16, 1935. Payable \$13,000 annually, December 1, 1936, to December 1, 1945, inclusive, and \$12,000 annually, December 1, 1946, to December 1, 1955, inclusive.

Group "C." Coupon Sinking Fund Bonds.

Bidder to name rate of interest in multiples of $\frac{1}{4}$ of 1 per cent; no bid to be less than par and accrued interest.

TRAFFIC TUNNEL BONDS, CITY OF BOSTON, ACT OF 1929, SERIES C, \$300,000.

(Chapter 297, Acts of Massachusetts, 1929, as Amended by Chapter 287, Acts of Massachusetts, 1932, and Chapter 455, Acts of Massachusetts, 1935.)

These bonds shall be due on the first day of December, 1965, but may be called, retired and cancelled by the City of Boston after twenty years from the date of this loan on any date upon which interest is payable on these bonds, by payment by the City of Boston of the amount of the face of the bond, with any unpaid accumulated interest to date fixed for redemption, and when so called, interest shall cease.

All loans will be issued in Coupon Bond Certificates of \$1,000 each, and will be paid on the dates specified for each loan, all with interest payable semi-annually on the first days of June and December in each year, at the office of the City Treasurer, Boston.

In comparing bids, preference will be given to the bidder whose bid provides for the lowest net interest cost to the City (total interest for the duration of the loan from December 1, 1935, less the amount of premium bid).

The bonds will be dated December 1, 1935, and will be ready for delivery and payment on or about December 15, 1935. Interest will begin December 1, 1935, and will cease on the date on which the bonds are payable or called for redemption.

These bonds are exempt from taxation in Massachusetts and from the Federal Income Tax.

Proposals must be sealed and addressed to John H. Dorsey, City Treasurer, Boston, Mass., endorsed "Proposals for Loans." Each proposal must be accompanied by a certified check on a Boston National Bank or Trust Company, or by cash, equal to one per cent of the amount of loans bid for, the check made payable to the City of Boston, John H. Dorsey, City Treasurer. The check or cash of any bidder to whom an award is made will be retained as part payment for the loans awarded. All other checks or cash will be returned.

Accrued interest from December 1, 1935, to date of delivery is to be paid by the purchaser.

All proposals will be opened in the office of the City Treasurer, Wednesday, November 20, 1935, at 12 o'clock M., Eastern Standard Time. The City Treasurer reserves the right to reject any or all bids or to accept such bid or bids as may seem to him to be the most advantageous to the City.

JOHN H. DORSEY,
City Treasurer.

(Nov. 16.)

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

CITY OF BOSTON.

OVERSEERS OF THE PUBLIC WELFARE.

P. W. A. PROJECT NUMBER MASS. 1314.

Sealed proposals for the erection and completion of a building for the Overseers of the Public Welfare at Maverick and Bremen streets, East Boston, in the City of Boston, Mass., prepared in accordance with instructions contained in the contract documents, will be received at the office of the Overseers of the Public Welfare, 43 Hawkins street in Boston, Mass., until 2 p. m. Eastern Standard Time, November 27, 1935, and at that time and place publicly opened and read.

Plans, specifications and other contract documents may be secured at the office of Joseph G. McGann, architect, at 129 Newbury street, Boston, upon the deposit payment of \$300. Said deposit shall be included in all proposals and will be refunded to all except the successful bidder when such documents are returned in good condition to Joseph G. McGann, architect, 129 Newbury street, Boston.

Each proposal must be accompanied by a certified check for the sum of \$2,000 made payable to the City of Boston.

All checks, except that of the bidder to whom the contract is awarded, will be returned immediately after the awarding of the contract.

The project is to be financed and constructed under the terms of the Emergency Relief Appropriation Act of 1935 and chapter 366, Massachusetts Acts of 1933, as amended, and attention is called to the "Construction Regulations" prescribed by the P. W. A.

Attention is called to the fact that minimum wage rates are established for the project and are set forth in the contract documents.

The office of the United States Employment Bureau designated by the Government for this project is Massachusetts State Employment Service, 100 Nashua street, Boston.

The right is reserved by the City of Boston, Mass., acting through its Overseers of Public Welfare, to reject any or all bids, or to accept any bid which it deems most advantageous, subject to the approval of the State Director P. W. A.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

A surety bond by a company satisfactory to the State Director, P. W. A., and in an amount equal to one hundred (100) per cent of the contract price will be required from the successful bidder.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Overseers of Public Welfare, 43 Hawkins street, and at the office of Joseph G. McGann, architect, 129 Newbury street, Boston, Mass.

JAMES A. MCMURRY,

Chairman of the Board of Public Welfare.
(Nov. 16-23.)

RELIEF-ROLL EMPLOYEES FOR SNOW REMOVAL.

It was good news to cities throughout the country when the Federal Emergency Relief Administration notified State Emergency Relief Administrations that men on relief rolls might be used for snow-removal projects in all communities where there was need for such labor. This action gave work to thousands of men who were in urgent need of help, and at the same time it aided materially in keeping streets and sidewalks open for traffic in many communities where street cleaning departments were financially unable to cope with the storm.

PUBLIC WORKS DEPARTMENT.

NATIONAL INDUSTRIAL RECOVERY PROJECT
P. W. A. DOCKET NO. MASS. 1086.

NOTICE TO CONTRACTORS.

Sealed proposals addressed to the Commissioner of Public Works and indorsed "Proposal for Rebuilding the Chelsea Street Bridge over Chelsea Creek," will be received at Room 508, City Hall Annex, until 12 m. (E. S. T.) of Wednesday, the fourth day of December, 1935, and at that time and place will be publicly opened and read. Specification and contract forms may be obtained at Room 508, City Hall Annex, upon payment of the sum of fifteen (15) dollars (non-returnable). Each proposal must be accompanied by a properly certified check in the sum of twenty-five thousand (25,000) dollars payable to the City of Boston. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. Checks will be returned after the awarding of the contract upon demand. The project is to be financed and constructed under the terms of the National Industrial Recovery Act, Emergency Relief Appropriation Act of 1935, and chapter 366 of the Acts of 1933, as amended, of the Commonwealth of Massachusetts, and attention is called to the construction regulations prescribed by the P. W. A.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor, at Room 508, City Hall Annex.

The employment agency designated by the Government is the State Public Employment Office, 100 Nashua Street, Boston. The award of this contract is conditioned upon funds being made available for this work and the City of Boston reserves the right to hold the bids for a period of sixty (60) days from the date of the opening thereof. A surety bond by an approved surety company will be required from the successful bidder in an amount not less than the full amount of the contract. The right is reserved to reject any or all proposals, or to accept any proposal deemed best for the interest of the City of Boston, and no award can be made without the approval of the Acting State Director.

C. J. CARVEN,
(Nov. 16-23.) Commissioner of Public Works.

CITY OF BOSTON.

LIBRARY DEPARTMENT.

PROPOSALS FOR TRANSPORTATION.

The Trustees of the Public Library of the City of Boston invite sealed proposals for the transportation of books and other material between the Central Library and branches for the year 1936. Proposals, accompanied by a certified check in the amount of \$200, if filed at the office of the Trustees, Central Library Building, before twelve o'clock noon on Wednesday, December 4, 1935, will then and there be publicly opened and read. The proposal must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. A surety bond will be required in an amount satisfactory to the Trustees. The Trustees reserve the right to reject any and all proposals, and to accept any proposal if it shall be deemed for the interest of the city so to do. Specifications for work may be obtained at the office of the Comptroller, Central Library Building, on and after Saturday, November 16, 1935.

PRELIMINARY REPORT OF THE OBSERVANCE OF THE BOSTON COMMON TERCENTENARY, PRESENTED TO MAYOR MANSFIELD, SHOWS EMPLOY- MENT GIVEN TO FORTY PERSONS FROM E. R. A. DURING SUMMER AND ENTERTAINMENT SHARED BY 500,000 CITIZENS—WORK CARRIED ON WITH COOPERATION OF THE CITIZENS' PUBLIC CELEBRATIONS COMMITTEE.

Mayor Mansfield has received from the committee a preliminary report on the observance of the Boston Common Tercentenary conducted as an E. R. A. project during the summer months with the cooperation of the Citizens' Public Celebrations Committee. The report shows that forty men and women were given employment in the making of the success of the event with an attendance at the presentations of audiences totaling for the time 500,000 persons. In presenting the report the director writes to Mayor Mansfield as follows:

BOSTON, November 20, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

MY DEAR MR. MAYOR,—Inclosed is a copy of the "Preliminary Report of the Observance of the Boston Common Tercentenary," containing facts and information concerning this 300th anniversary during the past months of the Emergency Relief Administration project sponsored by your Honor, and concerning the cooperation of the Citizens' Committee of which you are an Honorary Chairman, and, I may venture to add, of which Mrs. Mansfield was one of the group of organizers.

As Director of the E. R. A. project I am pleased to express appreciation of the good relations with the Mayor's office, including the cooperation from your assistant secretary especially charged with oversight of this matter in your behalf, Mr. Arthur J. O'Keefe.

Employment has been given to 40 men and women for a period of more than 10 months; cooperation of musical and dramatic projects has provided weekly service to the public by 75 to 200 others. Events totaling 97 have taken place since last March with an attendance at all functions of more than 500,000 outdoors during the summer and indoors as well.

We are now proceeding with less spectacular but worthwhile features, including preparation of a complete report with sketches, photographs and data calculated to be worthy of preservation as a record for the future of this unusual Tercentenary of so much more than casual local significance; and we are endeavoring to extend constructive advantages by developing the exhibition hall and information programs for indoor audiences, to aid in maintaining appreciation of the Common and of Boston of the past, present and future; this besides the other items of current service made possible by this project under the E. R. A. and shortly under the Works Progress Administration system.

Respectfully,

E. B. MERO, *Director.*

PRELIMINARY REPORT OF THE OBSERVANCE OF THE BOSTON COMMON TERCENTENARY.

An advance summary is issued today of the forthcoming report of the 300th anniversary of Boston Common, presenting facts, figures and comments concerning this observance, which has been in progress throughout the year, through the initiative of a committee of interested men and women in cooperation with the Boston Common Tercentenary project of the Emergency Relief Administration and of the City of Boston.

The report in complete form is expected to be ready as soon as this year's celebration has concluded, the end of December. Copies of the present advance summary may be had on written request.

The summary shows that ninety-seven events for half a million people have taken place. Of this number sixty-five were outdoors, most of them at the Frog Pond on Boston Common, with the concluding open-air ceremony October 20 at the Parkman Bandstand.

Indoor events, mostly at the Tercentenary headquarters, began in March and are continuing each Thursday afternoon to the last of December.

A free public Exhibition Hall for pictures, maps, antiques and other material related to 300 years of the Common and vicinity has been maintained and is now open daily at the Tercentenary headquarters in the famous old Ticknor House, No. 9 Park street, opposite the State House. Window displays have been and continue to be a feature.

The records indicate an outdoor attendance of 390,500 persons at the specially arranged Tercentenary events on the Common; supplementary to an attendance of 155,000 at five regular City of Boston holiday celebrations on the Common in which the 300th anniversary had considerable prominence.

Attendance at 27 indoor events to November 14 was 1,960. Visitors to the Exhibition Hall numbered 13,024, of whom 1,415 came from sections of the United States outside New England, which section contributed 424 in addition to 11,108 local people; and 77 who were definitely known to be from other countries.

(Continued on page 1000)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending November 16, 1935: Population as of July, 1935, Massachusetts State Census, 817,713; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 155; nonresidents, 40; total, 195.

Death rate per 1,000 of population: All deaths, 12.70; nonresidents deducted, 10.09.

Death rate per 1,000 of population:

Last week, 13.93; corresponding week last year, 12.42.

REAL ESTATE DIVISION OF THE PUBLIC BUILDINGS DEPARTMENT FOR THE MANAGEMENT OF PROPERTY HELD BY THE CITY UNDER TAX TITLE LIENS BEING RAPIDLY ORGANIZED BY SUPERINTENDENT ROSWELL G. HALL UNDER DIRECTION OF MAYOR MANSFIELD—THE CITY COUNCIL FINALLY PASSES ORDINANCE MAKING WORK AUTHORITATIVE.

Under the direction of Mayor Mansfield, the Public Buildings Department has inaugurated plans for the establishment of a real estate division for the administration of properties taken and being held by the city for tax titles. The plans, as devised by Superintendent of Public Buildings Roswell G. Hall, at the direction of the Mayor, are announced in the following communication:

CITY OF BOSTON,
PUBLIC BUILDINGS DEPARTMENT, November 13, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Referring to the administration of properties acquired by the city through the foreclosure of tax titles I submit the following facts:

An ordinance providing for the efficient management of this class of properties was submitted to the City Council by the Mayor on May 15, 1935.

No action having been taken by the Council on July 15, 1935, the Mayor on that date again communicated with the City Council, calling their attention to the importance of this proposed ordinance and asked that this order be considered at as early a date as possible. This letter was placed on file.

No action having been taken on August 26, the Mayor again communicated with the City Council in part as follows: "It is desirable that definite action be taken in the Council at as early a date as possible."

No action having been taken on October 2, the Mayor again communicated with the City Council in part as follows: "May I most earnestly urge upon you the necessity of the passage of the ordinance in question in order that the city may not only collect revenues due to it but in order that such property may be converted into tax-paying holdings before January 1, 1936."

It was not until October 7, 1935, almost five months after the Mayor's first communication to the Council, that the order was finally passed by the Council, which order placed upon the Superintendent of Public Buildings the duty of management of this property.

I have already received the first group of tax-title properties from the Law Department and expect to receive more from time to time as the decrees are issued from the Land Court. The group received to date number about 600 and this department has already compiled a list of the properties taken over with a schedule of areas and locations. In addition, I have asked for all further information regarding each parcel which might be obtained from the Law Department, from the Assessing Department and from the Planning Board.

This information, which is vital to the establishment of my real estate division, has been promised me within a short time.

It must be understood that the management of this class of property is a feature never before included in the function of a city department, and no provision for such handling was made in the regular departmental program. However, since these properties have been turned over to me I have caused to be prepared a W. P. A. project and have submitted the same to the Federal officials. Unfortunately this project was rejected, but it has since been revised and resubmitted and I confidently expect it will be approved shortly. Just as soon as it is approved I intend to set up the real estate division of the Public Buildings Department and shortly thereafter the management of these properties should be in full running order.

In the meantime every effort will be made to protect fully the city's interests in the property.

Respectfully submitted,

ROSWELL G. HALL,
Superintendent of Public Buildings.

MAYOR MANSFIELD SCORES TRADING IN JOBS FOR POLITICS.

The spirit of the legislation enacted to relieve the sufferings of the unemployed is, or ought to be, one of fairness and impartiality. If the statement appearing in the morning press is true, the concentration of jobs in the City of Chelsea obviously for the purpose of attracting political strength for a candidate is a gross violation of the spirit of the act and is utterly cruel and inhuman. It is trading upon the empty stomachs of the unemployed for political power. Certainly, if the projects upon which these

men apparently are to be employed extend to Revere, Saugus and East Boston, a fair share of the jobs should be distributed among the unemployed of those districts.

BOSTON BOND SALE.

Upon November 14 the following statement was issued from the office of the Mayor:

Bids were received for \$6,000,000 City of Boston notes, dated November 18, 1935, and due November 2, 1936, and were awarded to a syndicate headed by Edward B. Smith & Co. of Boston at .87 plus a premium of .37. The syndicate was composed of Lazard Freres & Co., Incorporated, R. W. Pressprich & Co.,

Goldman Sachs & Co., Washburn & Co., and W. O. Gay & Co.

Other bids were received from a syndicate headed by Halsey, Stuart & Co., Incorporated, and composed of Bancamerica-Blair Corporation, Hemphill, Noyes & Co., Incorporated, Stranahan, Harris & Co., Incorporated, and G. M. P. Murphy & Co., who bid .90 plus a premium of \$140.

Also from Salaman Brothers and Hutzler, who bid .97 plus a premium of \$117.

Also from a syndicate headed by the First Boston Corporation and composed of Kidder Peabody & Co., Brown Harriman & Co., Incorporated, and Stone and Webster and Blodgett, Incorporated, who bid 1.02 plus a premium of \$18.

BOSTON COMMON TERCENTENARY E. R. A. PROJECT.

(Continued from page 1417.)

This presents a total attendance so far at all forms of the 300th anniversary observance of 559,470. The story of Boston Common and its year-long "birthday party" has been recited and visualized to half a million people.

Liberal space in the newspapers has been given to descriptive and illustrated accounts of many of the events, as well as editorials in local and outside papers, and this has added much to renew public attention to this important inheritance that is serving the people today as for three centuries — Boston Common.

Extracts from these articles and editorials will be incorporated in the report for future references.

Printed and mimeographed bulletins of information have been distributed to a total of 25,000; besides frequent schedules of events and dates.

Organization: Chairman of the Boston Common Tercentenary Committee is Hon. Andrew J. Peters, Vice Chairmen are Edward E. Whiting, P. A. O'Connell and Mrs. Arthur A. Shureliff. Treasurer is Hon. Charles Francis Adams.

The citizens' committee has as joint Honorary Chairmen the Governor of the Commonwealth, Hon. James M. Curley, 1935; Hon. Joseph B. Ely, 1934; and the Mayor of Boston, Hon. Frederick W. Mansfield. Honorary Vice Chairmen are former Governors and Mayors, the President of the State Senate, the Speaker of the House, and the President of the Boston City Council, namely, Hon. Frank G. Allen, Hon. Joseph B. Ely, Hon. John F. Fitzgerald, Hon. John I. Fitzgerald, Hon. Eugene N. Foss, Hon. James G. Moran, Hon. Leverett Saltonstall, Hon. David I. Walsh.

Cooperating organizations and representatives are:

Bostonian Society, Courtenay Guild, President.

Boston Common Society, March G. Bennett, Chairman.

The Emergency Research and Planning Bureau, William Stanley Parker, President.

Boston Society of Architects, H. Daland Chandler, President.

Community Service of Boston, Joseph Lee, President.

E. R. A. Music and Dramatic Division, W. Duncan Russell, Executive Director.

City of Boston Hotel Association, George H. Clark, Secretary.

American Congregational Association, Rev. Frank T. Persons, Librarian.

American Unitarian Association, Dr. Walter R. Hunt, Secretary.

Copley Society, Capt. Thomas G. Frothingham, President.

City-Wide Emergency Committee on Health and Recreation, William P. Lond, Chairman.

Boston Art Club, Anthony J. Philpot, President.

Citizens' Public Celebrations Association, Henry I. Lazarus, President.

The Boston Common Tercentenary E. R. A. project has an authorized personnel of fifty-two men and women. Supplementary to this force, cooperation of other projects, especially the dramatic and musical groups, has provided opportunities for service to the public for an average of seventy-five additional persons weekly through the summer months; sometimes as many as 200 in a week. The Tercentenary project is sponsored by the City of Boston in relation to public

celebrations, with E. B. Mero as Director and Arthur J. O'Keefe representing Mayor Mansfield. This is under the general Federal Government system, of which Arthur G. Rotch is State Administrator and Col. Thomas F. Sullivan the Boston Administrator.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

Voted, That as urgently required by considerations of public safety and convenience, during the period of the automobile show, November 16, 1935, to November 23, 1935, inclusive, vehicles must be parked with right side wheels in the curb in Huntington Avenue, on the west roadway, northwest side, from opposite Garrison street to West Newton

street; and parking of vehicles is prohibited in West Newton street, southwest side, from Falmouth street to Huntington avenue.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be sixty (60) days, vehicles are excluded from Kemble street, Roxbury, between Gerard street and Hampden street, effective November 14, 1935.

Voted, That the Revised Rules and Regulations, as adopted by the Boston Traffic Commission on October 31, 1935, are amended as follows, effective December 16, 1935:

That section 8, part 2, is amended by adding the following:

Jefferson Street.

Both sides, from Fayette street to Tremont street, 24 hours.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

TECHNICIAN, BOSTON CITY HOSPITAL, DECEMBER 21, 1935.

Last date for filing applications, Saturday, December 7, 1935, at 12 noon.

Requisition is for a female, but the examination is open to both males and females.

Salary: \$18 per week.

Duties: The duties include blood counting, including reticulocyte counting; hematology; microscopic examination of stained and unstained blood preparations; the microscopic examination of the blood, including sedimentation rate, icterus index, and the determination and calculation of the corpuscular volume and hemoglobin indices; determination of the osmotic resistance of red cells in hypotonic salt solution; and the counting of reticulocytes in the sediment.

The Boston City Hospital Department requests that applicants be college graduates with a Bachelor of Science degree; to have had two years of chemistry; three years of biology, including physiology and comparative anatomy; that candidates have at least two years' experience in the training of technicians and that they be able to read scientific French.

Credit will be given in the examination for these qualifications.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Civil Service Rule 9, Section 4: Any person possessing the required qualifications who has taken an examination may make new application for the same service at any time, and his status shall be determined by the result of the last examination taken. If any person fails to fulfill all the requirements, his examination shall be treated as a failure.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be two (2) weeks, vehicles are excluded from Gray street, from Berkeley street to Clarendon street, effective November 20, 1935.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 56 Harvard street, Ward 2, the front wall, sill and post rotten, boarding and clapboard falling off.

Roof gutter fell down. Window, second floor, missing. Rear wall brick work loose and falling down, sill post rotten. Corner boards and clapboard falling off. The owners, Charles F. Kyle et al. of 24 Carney street, Charlestown, have been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. We have been informed by the owners that they are financially unable to pay for the razing of the building.

The building at 156 K street, Ward 6, the building is in an unsafe and dangerous condition, dilapidated and a fire hazard. The owner, Rose Tagan of 188 Highland street, Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports, after investigation, that the owner is financially unable to pay for the razing of the building.

The building at 9 King street, Ward 9, the structure is dilapidated and dangerous. The owners, Patrick and Honora J. Lynch of 9 King street, Roxbury, have been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports that his investigation discloses that the owners are unable to pay for the cost of razing the building.

The building at 16 Greenville street, Ward 8, the building is in an unsafe and dangerous condition, dilapidated and a fire hazard. The owner, Star Brewing Company, John J. Murphy, President of Trustees, of 69 Shirley street, Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 218 Marginal street, Ward 1, part of foundation is missing, doors and windows gone, leaving building open to trespass, is a fire menace. The owner, Annie Reed, address unknown, has been notified of the unsafe condition of the building, and a notice has also been posted on the external wall of the building, but nothing has been done to remove the cause of complaint.

The building at 6 Church place, Ward 9, the structure is in danger of falling, dilapidated and dangerous. The owner, Congregation Anshi Sford, care of Joseph Scotch, President, of 27 School street, Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports, after investigation, that the owner is unable to pay for the razing of this building.

The building at 11 Darling street, rear, Ward 10, the boarding and shingles are off the roof. The clapboards are off the side walls, dilapidated and a fire menace. The owner, Ellen O'Leary Heirs, Thomas P. J. O'Leary (life tenant) of 20 Fossdale road, Dorchester, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe and a surface drain of 10-inch pipe in Haven avenue, between 536 feet southwest of Blue Hill avenue (existing sewer) and 100 feet southwesterly, in the Dorchester district, at an estimated cost of \$990.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY.)

LABORATORY TECHNICIAN, NORTH READING STATE SANATORIUM, DEPARTMENT OF PUBLIC HEALTH, DECEMBER 28, 1935.

Last date for filing applications, Saturday, December 14, 1935, at 12 noon.

(Requisition is for a male, but the examination is open to both males and females.)

The minimum salary, with maintenance, is \$840 a year, the maximum salary, with maintenance, is \$1,140 a year. The minimum salary, without maintenance,

is \$1,200 a year; the maximum salary, without maintenance, is \$1,500 a year.

At the present time, there is also a vacancy at the Westfield State Sanatorium.

Duties: To do blood counts, and all laboratory analysis. To take and develop X-ray films. Under supervision to do other duties that may be required.

Subjects and Weights: Training and experience, 4; practical questions on laboratory work, 3; practical questions on X-ray work, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PLAYGROUND WORKERS, SUPERVISORS, AND ASSISTANT SUPERVISORS, DECEMBER 28, 1935.

Last date for filing applications, Saturday, December 14, 1935, at 12 noon.

The examination is open to both males and females.

This examination will be for the service of all the cities and towns in the State where these positions are under civil service.

The playgrounds ordinarily are open from April to November. During the school year sessions are usually held after school hours and on Saturdays, and on all days except Sundays during the summer. In the summer, the usual salary is from \$15 to \$25 a week.

The general duties of playground workers require a knowledge of the interests of children, ability to organize and conduct playground activities and adult recreation. It is desirable that applicants have education, training or experience in physical culture, playground work, and physical training of juveniles.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

There will also be a supplementary paper for those wishing to qualify as swimming instructors in playgrounds having a pool.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Applicants who wish to be certified to positions as playground supervisors must have at least two seasons' actual experience in playground work.

Physical fitness to be determined by physical examination.

URBAN POPULATION, APRIL 1, 1930.

As defined by the Census Bureau, the urban population is, in general, that residing in cities and other incorporated places having 2,500 inhabitants or more, the remainder being classified as rural.

The total urban population of the UNITED STATES is 68,954,823 (34,154,760 males and 34,800,063 females), of whom 62,836,605 (31,162,570 males and 31,674,035 females) are white; of these whites 52,109,746 (25,520,483 males and 26,589,263 females) are native; 33,497,232 (16,515,816 males and 16,981,416 females) of these latter are of native parentage and 18,612,514 (9,004,667 males and 9,607,847 females) are of foreign or mixed parentage; there are 10,726,859 (5,642,087 males and 5,084,772 females) foreign-born white; there are 5,193,913 (2,479,158 males and 2,714,755 females) Negroes; other races, 924,305 (513,032 males and 411,273 females).

The urban population is 56.2 per cent of the total population of the country; native white, 54.6 per cent and foreign-born white, 80.3 per cent; Negroes, 43.7 per cent.

The total urban population of New England is 6,311,976 or 77.3 per cent of the total population of New England. Of the 4,660,339 native white, 2,089,031 are of native parentage and 2,571,308 are of foreign or mixed parentage; foreign-born whites number 1,564,769; Negro, 81,443; other races, 5,425.

PROCEEDINGS OF CITY COUNCIL.

Tuesday, November 12, 1935.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair and all the members present.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz:

Weighers of Coal: Robert C. Baughman, 34 Hillsdale street, Dorchester; Joseph Adler, 99 Ruthven street, Roxbury.

Wegher of Goods: Martin A. Callinan, 22 Lincoln Parkway, Somerville.

Severally laid over a week under the law.

TRANSFER FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, November 8, 1935.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the transfer of the sum of \$20,000 from the income of the George F. Parkman Fund to the maintenance and improvement of the Common and Parks in existence on January 12, 1887.

I submit herewith an appropriation order and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, November 8, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$20,000, which is now available from the income for the year 1935, to be expended under the direction of the Board of Park Commissioners as follows: Common and Parks in Existence on

January 12, 1887, Maintenance and Improvement of..... \$20,000
When the budget estimates were made up for the year 1935, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1935, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$20,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended, under the direction of the Park Commissioners, for the maintenance and improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of..... \$20,000
Referred to Executive Committee.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, November 7, 1935.
To the City Council.

Gentlemen,—The attached requests for transfers within departmental appropriations have been examined and investigated by the Budget Commissioner. I accordingly recommend adoption of the accompanying orders by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Collecting Department:

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Park Department:

From the appropriation for A-1, Permanent Employees, Clerks and Stenographers, 2 at \$1,900 a year, \$473.54; Clerks and Stenographers, 3 at \$1,600 a year, \$1,508.46; Chief Carpenter, 1 at \$2,200 a year, \$169.06; Chief Engineer, Aquarium, 1 at \$45 a week, \$52.50; Auto Mechanic, Welder and Head Chauffeur, 1 at \$2,000 a year, \$153.44; Chauffeurs, 5 at \$31.50 a week, \$630; Custodians, 2 at \$2,000 a year, \$91.64; Curator, 1 at \$3,000 a year, \$230.12; Director of Aquarium, 1 at \$2,500 a year, \$47.95; Elephant Attendant, 1 at \$1,800 a year, \$138.08; Engineers, 7 at \$42 a week, \$84; Engineers and Firemen, 11 at \$38 to \$41.50 a week, \$506.56; Foremen, 16 at \$1,800 to \$2,500 a year, \$2,370.82; Forester, 1 at \$2,500 a year, \$191.80; Gardeners, Mechanics, etc., 50 at \$36 a week, \$5,542; Gardeners, Mechanics, etc., 60 at \$33 a week, \$3,554; Greenkeepers, 2 at \$2,500 a year, \$383.60; Greenkeeper, Assistant, 1 at \$2,000-\$2,100 a year, \$161.08; Head Electrician, 1 at \$2,000 a year, \$153.44; Matrons, Pianists, etc., 129 at \$22 a week, \$4,069.12; Physical Director, Assistant, 1 at \$2,400-\$2,500 a year, \$47.85; Physical Instructors, 12 at \$1,800 to \$2,200 a year, \$326.25; Storekeeper and Property Clerk, 1 at \$2,800 a year, \$191.80; Sub-foreman, 1 at \$2,100 a year, \$161.08; Swimming Instructors, 3 at \$1,700 to \$1,900 a year, \$15.47; Telephone Operator, 1 at \$22-\$24 a week, \$96; to the appropriation for A-1, Permanent Employees, Laborers, Mechanics, etc., 348 at \$30 a week, \$21,349.46.

From the appropriation for A-1, Permanent Employees, Gardeners, Mechanics, etc., 50 at \$36 a week, \$1,000, to the appropriation for E-2, Highway, \$300; D-8, Laundry, Cleaning, Toilet, \$500; D-16, Miscellaneous Supplies, \$200.

From the appropriation for A-1, Permanent Employees, Gardeners, Mechanics, etc., 60 at \$33 a week, \$1,000, to the appropriation for D-3, Fuel, \$1,000.

From the appropriation for C-14, Live Stock, \$600, to the appropriation for B-13, Communication, \$600.

Referred to Executive Committee.

INSTALLATION OF TRAFFIC LIGHTS.

The following was received:

City of Boston,
Office of the Mayor, November 2, 1935.
To the City Council.

Gentlemen,—I herewith transmit two letters from Traffic Commissioner William P. Hickey, relative to your orders of October 21, 1935, concerning (1) a request to install lights in Peabody square and (2) a request to install traffic lights at the junction of Amory and Boylston streets, Ward 11.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Traffic Commission, October 31, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated October 21, 1935, which reads as follows:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install traffic lights in Peabody square."

There are no funds available at present for the installation of an automatic traffic signal at this intersection.

The accident records in this office show that this intersection is not a particularly dangerous one. Motorists entering this intersection from all directions are afforded an excellent view of all other traffic, both vehicular and pedestrian.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

City of Boston,
Traffic Commission, October 31, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated October 21, 1935, which reads as follows:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install traffic lights at the junction of Amory and Boylston streets, Ward 11.

There are no funds available at present for a traffic-signal installation at this intersection.

The intersection is on a not an intersection where the commission has recommended that traffic signals be installed in view that none is provided.

The records in this office show that there is a definite and serious accident record at this location.

Very truly yours,
WILLIAM P. HICKEY, Commissioner.
Severally placed on file.

BUS, EGLESTON SQUARE TO BROOKLINE VILLAGE.

The following was received:

City of Boston,
Office of the Mayor, November 2, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the trustees of the Boston Elevated Railway, relative to your order of October 7, 1935, concerning the advisability of establishing a bus line to run from Egleston square to Brookline Village, via Columbus avenue, Heath street and South Huntington avenue.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Boston Elevated Railway,
Public Trustees,
Boston, November 1, 1935.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—The trustees gave consideration to the suggestion of the advisability of establishing a bus line to run from Egleston square to Brookline Village, via Columbus avenue, Heath street and South Huntington avenue.

In view of the service on other lines in this vicinity they directed me to advise that such a line would simply add operating expenses and increase the Elevated deficit and is not, under present conditions, justified.

Very truly yours,
EDWARD DANA,
Executive Vice President and General Manager.
Placed on file.

CONSTRUCTION OF STREETS UNDER W. P. A.

The following was received:

City of Boston,
Office of the Mayor, November 7, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Board of Street Commissioners, relative to your orders of October 28, 1935, concerning the acceptance and laying out under the W. P. A. plan of construction of Gretter road, Ward 20, Stratford street, Ward 20, and Euston road, Ward 21; and the acceptance and laying out of Meyers street, Ward 19, as a public highway.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Street Laying-Out Department,
November 5, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Your Honor,—Inclosed please find copies of City Council orders relative to laying-out and construction of Gretter road, Ward 20, Stratford street, Ward 20, Euston road, Ward 21, and Meyers street, Ward 19, together with request for consideration and report.

Recently a survey was made and a list of streets sent to the W. P. A. authorities for approval, containing as many streets as the amount of allotted funds would permit. Gretter road, Stratford street and Euston road were on this list which is now receiving consideration of the W. P. A. authorities. If and when these streets are approved, the Board intends to proceed with the preparation of plans, advertising, public hearings and acceptance.

Meyers street will have to wait for action at some later time, as there are no city funds outside of W. P. A. for this project.

Respectfully yours,
OWEN A. GALLAGHER, Chairman.
Placed on file.

TRANSFER FOR STREET LIGHTING.

The following was received:

City of Boston,
Office of the Mayor, November 7, 1935.
To the City Council.

Gentlemen,—Because of the fact that the five-year contract for gas street lighting has not yet been approved it has been necessary for the Public Works Department to carry on this work under extensions at the old contract rate, namely, \$23.12 per lamp. This will require the addition of \$15,000 to the budget of the Street Lighting Service. I submit herewith an order providing for the transfer of the desired amount from the Reserve Fund, and respectfully recommend adoption of this order by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department, November 7, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—Because of the fact that the five-year contract for gas street lighting was not approved it has been necessary for this department to carry on this work under extensions at the old contract

rate, namely, \$23.12 per lamp. This will require the addition of \$15,000 to budget, Item B-8, of the Street Lighting Service.

I respectfully request that this sum be transferred from the Reserve Fund.

Yours respectfully,
C. J. CARVEN,
Commissioner of Public Works.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$15,000, to the appropriation for Public Works Department, Lighting Service, B-8, Light, Heat and Power, \$15,000.

Referred to Executive Committee.

CONDITIONS AT 1620 TREMONT STREET.

The following was received:

City of Boston,
Office of the Mayor, November 4, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Health Commissioner, relative to your order of September 23, 1935, concerning an investigation of unsightly conditions existing at 1620 Tremont street, Ward 10.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Health Department, November 2, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—Referring to your communication of October 22 regarding a complaint of "unsightly conditions" at 1620 Tremont street and calling my attention to a previous complaint referred to me on September 22, regarding which no reports had been received from me, I would submit the following:

While there may be possible justification for the use of the term "unsightly condition" in describing this lot, there has at no time been any condition there which could possibly be called unsanitary or held to be of any interest in any way from the point of view of public health.

Stone had once been taken out at this location for building purposes, but any buildings used in connection with this work had been completely removed. Like any vacant land, once used for industrial purposes, its appearance was not attractive but, except for some small heaps of street sweepings dumped there and not yet covered when the first complaint was received, and some automobile tires and some broken branches of trees, the lot was reasonably clean.

It was very questionable if the Health Department would be sustained in contending that the condition of the lot constituted a legal nuisance, and furthermore, the ownership of the property was so involved that it was questionable who might be held to "abate a nuisance."

We felt that we could do more toward accomplishing desired results by using our persuasive power on parties interested in the property and on the Boston Public Works Department.

In this way we have slowly been making progress and, at present, while the appearance of the lot is not all that might be desired, no cause or excuse for legal action by the Health Department exists.

Respectfully,
F. X. MAHONEY, M. D.,
Health Commissioner.

Placed on file.

ESTABLISHMENT OF BABY CLINICS.

The following was received:

City of Boston,
Office of the Mayor, November 5, 1935.
To the Honorable City Council.

Gentlemen,—The order adopted by your Honorable Body on October 28, in which the Health Commissioner was requested to establish baby clinics in the Cedar Grove and Harrison square sections, was referred by me to the Health Commissioner for report.

I am in receipt of a communication from Doctor Mahoney in which he states that it is his opinion that the Harrison square section is too near the Field's Corner section where a baby clinic is now established for the establishment of another baby conference.

As to the Cedar Grove section, Doctor Mahoney is of the opinion that the establishment of a clinic there would be helpful to the district and to his department. He informs me that if proper quarters can be obtained that the clinic could be established without great expense. In this connection I beg to inform you that I have instructed Superintendent of Public Buildings Hall to endeavor to obtain suitable quarters in that district and report at his early convenience.

If city-owned property is not available, and private property can be obtained at a rental which is not prohibitive, Doctor Mahoney will proceed to establish a clinic in that district.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Placed on file.

LICENSES FOR RENDERING.

The following was received:

City of Boston,
Office of the Mayor, November 2, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Health Commissioner, relative to your order of October 21, 1935, concerning information as to whether or not certain concerns in Boston are conducting rendering establishments or slaughter houses in violation of chapter 111, section 151, of the General Laws, without any license from the Mayor and City Council under the provisions of said act.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Health Department, October 31, 1935.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—Your memorandum of October 28, 1935, transmitting request to furnish the City Council with information regarding certain concerns conducting rendering establishments in Boston, has been received.

I beg to state as follows:
Handschumacher & Co., Inc., 16 North street, rendering lard, license No. 84, issued under chapter 111, sections 151-154.

Chamberlain and Company, 28-32 Blackstone street, rendering lard, license No. 80, issued under chapter 111, sections 151-154.

Dehydrating Process Company, no license.

Coleman Disposal Company, no license.
The Coleman Disposal Company is under contract with the City of Boston and has been for a number of years.

Yours respectfully,
F. X. MAHONEY, M. D.,
Health Commissioner.

Placed on file.

SALE OF FISKE WHARF.

The following was received:

City of Boston,
Office of the Mayor, November 7, 1935.
To the City Council.

Gentlemen,—I have received from the New York, New Haven & Hartford Railroad what may be considered a very advantageous offer to sell to the city for \$25,000 the waterfront property known as Fiske Wharf, near the foot of Hanover street. Specifically the property in question embraces what was formerly known as Fiske, Nichols and Harris Wharves. It is bounded on the north by the pier of the North End Park; on the northeast by the Harbor Commissioners line; on the southeast by the estate of the Winnismet Company and Hanover street, and on the southwest by the southerly line of a thirty-foot street over which adjacent property owners have a right of way. The property embraces 171,791 square feet, and is currently assessed for \$200,000, of which valuation \$5,700 rests on wharf buildings.

At my request the Boston Port Authority and the City Planning Board have made separate studies and investigations of the proposed purchase. Both bodies enthusiastically recommend that favorable consideration be given to the offer of the New Haven Road. I have decided to accept these recommendations, and propose, if the property is purchased, to turn the same over to the Public Works Department for development as a municipal pier to serve not only city-owned boats, but also privately-owned craft engaged in coastwise commerce. As the commerce of the port expands, which it is bound to do after the rate and terminal discriminations are straightened out, this property should be a valuable asset to the city. The price at which it is offered is clearly a sacrifice, or gift offer. I consequently submit herewith an order providing for the transfer from the special account, Sales of City Property, of the amount necessary to meet the purchase price established by the owner of the property. I respectfully recommend adoption of the accompanying order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Sales of City Property, \$25,000, to the appropriation for Fiske Wharf Property, Purchase of, \$25,000.

Referred to Committee on Public Lands.

PLAYGROUND, HYDE PARK.

The following was received:

City of Boston,
Office of the Mayor, November 7, 1935.
To the City Council.

Gentlemen,—I have received a number of requests that a playground be established in the Wood avenue section of Hyde Park. In this respect I have received assurances that provided the city purchases the land required for such a playground, the subsequent expense of developing and establishing a play area will be provided through the means of a W. P. A. project.

The section in question is situated, approximately, half way between Cleary square, Hyde

Park, and Mattapan square. At the present time there is no playground in close proximity. The chairman of the Park Commissioners estimates that approximately nine acres will be required, and the owner of the property best suited for this project has tendered the land at a price of two cents per square foot. In order that sufficient funds may be available, I propose to establish an appropriation in the amount of \$10,000 to cover the purchase of the necessary land. I accordingly submit an order providing for the transfer from the special account, Sales of City Property, of the amount previously mentioned, and respectfully recommend adoption of this order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Sales of City Property, \$10,000, to the appropriation for Playground, Wood Avenue, Hyde Park, \$10,000.

Referred to Committee on Public Lands.

GRANTS ON P. W. A. PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, November 8, 1935.
To the Honorable the City Council.

Gentlemen,—Your Honorable Body has approved, and has passed loan orders which have been approved by me for each of the following P. W. A. projects:

1. Chelsea Street and Eastern Avenue Bridge over Chelsea Creek (P. W. A. Docket No. Mass. 1086).

2. Public Welfare Building, Dorchester (P. W. A. Docket No. Mass. 1279).

3. Public Welfare Building at Maverick and Bremen streets, East Boston (P. W. A. Docket No. Mass. 1314).

These projects have been approved by the Emergency Finance Board and the Governor.

I have received offers by the United States of America to aid in financing the construction of each of the above projects by making grants to the City of Boston in the amount of 45 per cent of the cost of each of such projects, but not to exceed, in any event, the following respective amounts:

1. Chelsea Street and Eastern Avenue Bridge over Chelsea Creek..... \$340,200

2. Public Welfare Building, Dorchester..... 25,200

3. Public Welfare Building at Maverick and Bremen streets, East Boston..... 24,750

I am transmitting herewith to your Honorable Body the following:

1. Copy of offer by the United States of America;

2. Copy of rules and regulations (P. W. A. Form No. 179) referred to in said offer; and

3. Form of order of acceptance of said offer relating to each of the above projects.

In view of the necessity of prompt action in order to obtain the initial payment on account of the grant by the United States of America, and in order to meet the schedule set by the President of the United States of America, requiring all P. W. A. contracts to be awarded on or before December 15, 1935, I urgently recommend prompt consideration and passage by you of the accompanying orders.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That the offer of the United States of America to the City of Boston to aid by way of grant in financing the construction of a concrete and steel bridge and approaches over Chelsea Creek, connecting Chelsea street and Eastern Avenue, including demolition of the existing bridge, a copy of which offer reads as follows:

"Federal Emergency Administration
of Public Works,

Washington, D. C.,
Oct. 7, 1935.

State File No. Mass. 1086.

City of Boston,

Boston, Suffolk County, Massachusetts.

Subject to the Rules and Regulations (P. W. A. Form No. 179, July 22, 1935, as amended to date) which are made a part hereof, the United States of America hereby offers to aid in financing the construction of a concrete and steel bridge and approaches over Chelsea Creek, connecting Chelsea Street and Eastern Avenue, including demolition of existing bridge (herein called the "Project"), by making a grant to the City of Boston, in the amount of 45 per cent of the cost of the Project upon completion, as determined by the Federal Emergency Administrator of Public Works, but not to exceed, in any event, the sum of \$340,200.

UNITED STATES OF AMERICA,
Federal Emergency Administrator
of Public Works.

by HORATIO B. HACKETT,
Assistant Administrator."

be and the same is hereby in all respects accepted.

And further Ordered, That said City of Boston agrees to abide by all the rules and regulations relating to such grant, a copy of which rules and regulations were annexed to the Government's offer and made a part thereof.

Ordered, That the offer of the United States of America to the City of Boston to aid by way of grant in financing the construction of a public welfare building in Dorchester, a copy of which offer reads as follows:

"Federal Emergency Administration
of Public Works,

Washington, D. C.,
Oct. 7, 1935.

State File No. Mass. 1279.

City of Boston,

Boston, Suffolk County, Massachusetts.

Subject to the Rules and Regulations (P. W. A. Form No. 179, July 22, 1935, as amended to date) which are made a part hereof, the United States of America hereby offers to aid in financing the construction of a public welfare building (herein called the "Project") by making a grant to City of Boston in the amount of 45 per cent of the cost of the Project upon completion, as determined by the Federal Emergency Administrator of Public Works, but not to exceed, in any event, the sum of \$25,200.

UNITED STATES OF AMERICA,
Federal Emergency Administrator
of Public Works.

by HORATIO B. HACKETT,
Assistant Administrator."

be and the same is hereby in all respects accepted.

And further Ordered, That said City of Boston agrees to abide by all the rules and regulations relating to such grant, a copy of which rules and regulations were annexed to the Government's offer and made a part thereof.

Ordered, That the offer of the United States of America to the City of Boston to aid by way of grant in financing the construction of a public welfare building at Maverick and Bremen streets, East Boston, a copy of which offer reads as follows:

"Federal Emergency Administration
of Public Works,

Washington, D. C.,
Oct. 7, 1935.

State File No. Mass. 1314.

City of Boston,

Boston, Suffolk County, Massachusetts.

Subject to the Rules and Regulations (P. W. A. Form No. 179, July 22, 1935, as amended to date) which are made a part hereof, the United States of America hereby offers to aid in financing the construction of a public welfare building at Maverick and Bremen Streets, East Boston (herein called the "Project") by making a grant to City of Boston in the amount of 45 per cent of the construction cost of the Project upon completion, as determined by the Federal Emergency Administrator of Public Works, but not to exceed, in any event, the sum of \$24,750.

UNITED STATES OF AMERICA,
Federal Emergency Administrator
of Public Works.

by HORATIO B. HACKETT,
Assistant Administrator."

be and the same is hereby in all respects accepted.

And further Ordered, That said City of Boston agrees to abide by all the rules and regulations relating to such grant, a copy of which rules and regulations were annexed to the Government's offer and made a part thereof.

Coun. TOBIN—Mr. President, I would like very much to have this acted upon today. These matters have been before the Council for some time, and more than a majority of the members on two occasions have been committed to the projects. I think now, when we have the final approval of the Federal Government, we ought to take advantage of it. The Chelsea Bridge everybody agrees should be attended to, and certainly the welfare unit is needed in Dorchester. All of these things are very much needed, and I earnestly trust that the matter will be voted on in today's session.

The orders were passed, yeas 18, nays 3:

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Fitzgerald, Gallagher, Gleason, Goldman, Green, Kerrigan, McGrath, Murray, Selvittella, Tobin—18.

Nays—Coun. Norton, Shattuck, Wilson—3.

PETITIONS RECEIVED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Andrew F. Beahn, to be reimbursed for judgment issued against him on account of his acts as operator of Sanitary truck.

Paul Brozowsky, for compensation for loss of money from locker at bath house, Shawmut Avenue.

Benjamin Cardillo, for compensation for damage to property at 729 American Legion Highway, caused by overflow of Stony brook.

John J. Dalton, for compensation for damage to property at 92 West Seventh street, caused by overhanging limb of tree.

Mrs. Bernard Devlin, for compensation for injuries caused by an alleged defect in Edgeworth street.

Mary F. Doherty, for compensation for injuries caused by an alleged defect in Tremont street.

Ester Friedman, for compensation for injuries caused by an alleged defect in Arlington street.

Ellen L. Hickey, for compensation for damage to property at 1187 Dorchester Avenue, caused by broken water pipe.

William J. Hill, for refund on refuse tickets.

Cynthia Kaplan, for compensation for injuries caused by an alleged defect in Galena street, Roxbury.

Mary Kelley, for compensation for injuries caused by an alleged defect at 447 Washington street.

William E. Kenealy, to be reimbursed for judgment issued against him on account of his acts as operator of car of Fire Department.

Kenneth LaPlante, for compensation for injuries caused by an alleged defect at 829 South street, Roslindale.

Mrs. Mary McDonnell, for compensation for injuries caused by an alleged defect at 1113 Washington street.

Thomas McElroy, for compensation for damage to car caused by an alleged defect at Arlington and Parsons streets.

Mary E. McGiverin, for compensation for damage to property at 7 Atlantic street, South Boston, caused by hose truck of Fire Department.

P. J. O'Brien, to be paid for having car towed out of hole in street in Maple place.

Louis J. Pizzano, for compensation for damage to property at 362 Hyde Park Avenue, caused by raising of sidewalk.

Marie L. Powers, for refund on refuse tickets.

Florinda Raimondo, for compensation for damage to property at 721 American Legion Highway, caused by overflow of Stony brook.

Margaret Reilly, for compensation for damage to property at 34 Worthington street, caused by city team.

Robert Rubin, for compensation for injuries caused by an alleged defect at 210 Humboldt Avenue.

Badia Shahood, for compensation for loss of coat and money from Williams Building, Shawmut Avenue.

James V. Stanton, to be reimbursed for money deducted from salary for welfare purposes.

Jean C. Tuxen, for compensation for damage to property at 109 Waumbek street, Roxbury, caused by negligent maintenance of sewer.

R. Zoppo, to be reimbursed for extra expenses incurred in laying sewerage works on Cottage street.

Rose A. Logan, for compensation for collapse of hot-water boiler at 90 Edgemere road, caused by installation of new hydrant.

Executive.

Petition of Etta L. Sullivan to be paid annuity on account of death of her husband, Thomas J. Sullivan, late member of Police Department.

Petition for children under 16 years of age to appear at places of public amusement, viz.:

Alfred A. Martin, Boston Garden, November 10, 1935.

NOTICES OF APPOINTMENTS FROM SECRETARY OF STATE.

Notices of the following appointments were received from the Secretary of State:

Alexander Wheeler, Boston, appointed October 17, 1934, term expires October 9, 1939.

William W. Saxe, Boston, appointed August 22, term expires August 18, 1940.

Edwin D. Gallagher of Boston, appointed December 27, 1934, as member of Licensing Board for City of Boston, term ending on first Monday in June, 1940.

Eugene M. McSweeney of Boston, appointed February 20, 1935, as Police Commissioner of City of Boston, term ending February 20, 1940.

Severally placed on file.

FINANCE COMMISSION REPORT ON QUINCY MARKET RENOVATION.

The following was received:

City of Boston, Finance Commission,

Boston, November 3, 1935

To the Honorable the City Council:

Gentlemen,—On October 28 the Finance Commission asked your Honorable Body to deter-

action temporarily upon the order to authorize a bond issue to provide funds for renovation of Quincy Market at an estimated cost of \$460,000.

The delay sought by the Finance Commission in the authorization for this work has enabled the Superintendent of Public Buildings to examine in detail the necessity for changes at the Quincy Market and to determine how much of the present construction needs replacement.

The Finance Commission first examined Mr. Roswell G. Hall, Superintendent of Public Buildings; Mr. James E. McLaughlin, Architect; and Mr. W. D. Woodbury, technical engineering adviser to the Public Buildings Department, on October 15, after the Finance Commission had been informed that Mr. Hall was not likely to approve some of the most expensive of the items contained in the plans as they had been determined and made the basis of a request for a P. W. A. project.

The scope of the work originally contemplated was described by Mr. McLaughlin in the following testimony which was taken down in shorthand by the commission's official stenographer:

Q. It would mean the entire reconstruction of the inside only?

A. (By Mr. McLaughlin.) Yes, sir. New first floor, second floor, a new basement floor, and it would include a new section of roof over the westerly section of the building, taking in the central portion.

Q. It would mean the replacement of the wooden girders by steel girders, so there would be no wood?

A. No, sir; except in the roof and the second floor supporting beams that are now being done.

Q. What is going to be done with those beams?

A. Those are taken out. They are going to be replaced by concrete and steel.

Here Mr. Hall interjected:

(By Mr. Hall.) The ones on the second floor that are being replaced now will not be replaced by Mr. McLaughlin.

(By Mr. McLaughlin.) That's the intention.

Q. Is there a difference between what you favor doing, Mr. Hall, and what Mr. McLaughlin plans?

A. (By Mr. Hall.) Mr. McLaughlin has only been with me a few times. It's only just started. Many things that he may want to do, I think will not be necessary to do.

In an effort to obtain some detail to support the amount which the Mayor requested your Honorable Body to authorize, Mr. McLaughlin was asked:

Q. You had some definite type of floor in mind when you arrived at \$450,000 as the cost?

A. (By Mr. McLaughlin.) In arriving at the cost of this work, where it is so involved and so much alteration in connection with it, it is a matter of judgment rather than precise quantities and costs.

Q. You base your estimate on some detail?

A. Well, in general, on first-class type of construction—as I have stated.

Q. You see what I am trying to get at is how you arrived at a certain definite figure—\$450,000?

A. I think I answered that question by stating that that was a matter of judgment in determining what these alterations should cost. That was our best opinion on what the cost would be.

A substantial portion of the cost of the plan is due to extensive flooring of the basement and first floor. The commission had been informed that the material of the floor was to be terrazzo. This material is used extensively in schools in Boston and the cost is between fifty and sixty cents per foot as compared with a cost of twelve cents per foot for concrete. Mr. McLaughlin denied that he then contemplated terrazzo except in the center aisle of the first floor, but admitted that there was sufficient money in the requested authorization for terrazzo floors in the following testimony:

Q. (By the Chairman.) What's bothering Mr. Cuniff is whether the allowance for the floors in the stalls is of such a measure of money that if it's terrazzo rather than concrete, there will be enough money to take care of it.

A. (By Mr. McLaughlin.) I think so.

On repetition of the question, Mr. McLaughlin answered "Yes."

In order to obtain a definite characterization of his intention, Mr. McLaughlin was asked:

Q. Has the basic idea in your work been to completely re-make the inside of the building or to put in first-class condition the portions that are not in first-class condition?

A. (By Mr. McLaughlin.) My purpose is to restore the entire inside of the building because it is not at present in safe or proper condition.

To the commission's request for detail figures of the project, Mr. McLaughlin replied:

(By Mr. McLaughlin.) Mr. Hall has the figures here and a copy of the application submitted to the Works Project Board.

(By Mr. Hall, producing some papers.) This does not mean a thing, gentlemen. When I go down and get these plans finished and the job is let out to bids, we have got something concrete then. Today we are only in the infancy of this whole project.

Q. (By the Chairman.) The architect has not given you detailed plans?

A. (By Mr. Hall.) Certainly not yet.

Regarding the work the architect was doing, Mr. Hall stated:

(By Mr. Hall.) He is working now on a plan according to his ideas, but he is to consult with me. He told me today that he is coming in tomorrow with some of these engineers to go over the question whether we are going to have terrazzo floors in any part of it and whether we are going to have steel girders on the second floor, which I am not going to approve of, because I am doing an emergency job on the second floor and it isn't going to be ripped out and done over again after I have spent that money. There are some things that I may say "No" to, as I unquestionably will.

Mr. McLaughlin informed the commission that he intended to make the building of first-class construction, to which Mr. Hall stated:

(By Mr. Hall.) You say it will be first-class construction. How can it be? Then you would have to take all the wood out of the building?

(By Mr. McLaughlin.) All the wood.

Regarding Mr. Hall's intention in starting the project, Mr. Hall was asked:

Q. Did you initiate the project?

A. (By Mr. Hall.) In our department, yes.

Q. Did you have in mind a first-class building then?

A. I had in mind fireproofing the first floor where the stalls are, and the basement.

As promised in the report of October 23 the Finance Commission held another conference on Wednesday of this past week with Superintendent of Public Buildings Hall, Mr. James E. McLaughlin, a member of the firm of architects employed to work out plans for the project, and Mr. W. D. Woodbury, technical engineering adviser.

At this conference Mr. Hall informed the Finance Commission that he had caused the original plans for this renovation to be changed materially; that several items of very expensive work, which the Finance Commission informed your Honorable Body it had reason to believe the Superintendent of Public Buildings considered unnecessary had been eliminated from the plans and that items have been substituted which are considered by him of absolute necessity and must be attended to immediately, regardless of whether the entire reconstruction plan now proposed is authorized.

The testimony on the change of plans is as follows:

Q. The plan has been changed somewhat, hasn't it?

A. (By Mr. McLaughlin.) Yes, very much.

(By Mr. Hall.) We are not putting in tile that they had in there. They are not doing a lot of things that were contemplated originally because I thought it was very much more important to do more necessary things like plumbing, because that plumbing is a tremendous cost of maintenance to the City of Boston.

Items eliminated from the original plan by Mr. Hall and Mr. McLaughlin include:

1. New steel roof girders with planking and slate covering throughout the building which would cost in the neighborhood of \$100,000.

2. Terrazzo floors in basement and first floor, except in center aisle of first floor, which make a difference in the cost of the work of approximately \$18,360.

3. New maple floor throughout the second floor which makes a difference in the cost of approximately \$7,000.

4. Glazed tile on interior walls for which hard plaster is to be substituted. It is impossible to estimate the difference in cost of this item without knowing the area of walls and the type of glazed tile that might have been used, but it has been estimated that the wall work now planned will not cost more than two thirds the cost of the work as originally planned.

The commission is in agreement with Superintendent Hall that had the original plan been carried out, it is unlikely that the \$460,000 authorization would have been sufficient to pay for it; and had the original plan been authorized and the work started, the city would very likely have been compelled to appropriate a substantial sum in addition to the \$460,000 in order to finish it.

The commission is also in agreement with Mr. Hall that the original plan made no provision for many items of imperative necessity for which the city would otherwise be required to appropriate money in addition to the \$460,000 called for.

The total cost to the city of the renovation, therefore, would have been in excess of half a million dollars, had the plan first submitted been adopted. The Federal Government grant would be in addition to that figure.

The Public Buildings Department officials have estimated that the cost of the work as now outlined will be approximately \$416,000, and that the architects' fees and other necessary expenses will bring the total needed to \$460,000. They stated to the Finance Commission that they are inclined to believe that this sum is the minimum requirement. Though there is still some question as to whether all of the smaller jobs contemplated are strictly necessary, the commission is inclined to

believe that it is proper for your Honorable Body now to approve an authorization for \$460,000. The commission is satisfied that Mr. Hall has now established reasonable grounds for asking for at least that authorization. There is, however, so much doubt in the minds of the officials themselves that the \$460,000 will be sufficient that the Finance Commission hesitates to say that any further possible changes would bring the actual need materially below that figure.

It is the intention of the Finance Commission to send copies of this report, which is officially addressed to your Honorable Body, to the Superintendent of Public Buildings and to the State Emergency Finance Board. Because of this, the Finance Commission offers for consideration the following suggestions for further change in the plans:

1. At the present time there are lavatories in the basement and on the second floor. Under the new plan these lavatories are to be enlarged and in addition, it is proposed to install a lavatory on the first floor. Both the enlargements in the basement and on the second floor, and the new installation on the first floor will reduce the rental space of the building. The commission believes, therefore, that it is important that due consideration be given to the advisability of giving over some of the rental space on the first floor to this purpose.

2. The Codman Hill Construction Company is now strengthening the bearings of the second floor timbers under a contract in which is the stipulation that the cost of the work must not exceed \$20,000. The \$20,000 figure has now been reached and much expensive work of the same kind still remains to be done. This remainder necessitates considerable work around and about the refrigerators installed by the tenants at their own expense. It is suggested that it should be considered whether it is advisable to do that part of the work now or to await the major renovation, since all the refrigerators must be removed and replaced at city expense later.

3. The Codman Hill Construction Company under its contract is also now lengthening out the floor timbers carrying the second floor on the center aisle. The new plan calls for new steel beams on the center aisle. It should be considered now whether it is advisable to continue the lengthening out by the Codman Hill Construction Company of these floor timbers on the center aisle or to await the new work and have the intended steel beams so designed as to carry the floor timbers as they now exist.

The Finance Commission is satisfied that if the renovation is made as it is now planned, the Quincy Market Building will again be placed in first-class condition and will contain many more conveniences than were originally incorporated in it when it was built 110 years ago. As justification for the contemplated outlay, the commission would like to point out these facts:

1. The building earns approximately \$80,000 per year for the City of Boston. It is, therefore, one of the best building investments in the city.

2. It has paid for itself (original cost and subsequent expenditure) many times over.

3. The importance of maintaining this market in its present location and in first-class condition cannot be over-estimated. If it should be allowed to continue to deteriorate, it will lose more tenants (it has several vacant stalls now) which will vitally affect real estate on all sides of it. The city's market building is the mecca for a large marketing trade that extends into adjacent streets on all sides of this building. The business carried on within that area is closely related to the business carried on in the city market and since this building is five hundred feet long, the area affected is considerable.

Respectfully submitted,
E. MARK SULLIVAN, Chairman,
ALEXANDER WHEELER,
W. ARTHUR REILLY,
PHILIP A. CHAPMAN,
WILLIAM W. SAXE,
The Finance Commission.

Placed on file.

TRANSIENT VENDOR LICENSE.

An application for transient vendor's license was received from Joseph Teebagay of Natick for sale of linens and small wares at 226 Boylston street, together with the usual bond of \$500.

Placed on file.

APPROVAL OF PUBLIC WELFARE LOAN.

Notice was received of the approval on November 7, 1935, by the Emergency Finance Board, of the borrowing of \$1,000,000 for Public Welfare purposes.

Placed on file.

APPOINTMENT OF HENRY T. HARTMERE.

Notice was received of the appointment by the Mayor of Henry T. Hartmere of 99 Roslindale

avenue, Roslindale, to be deputy assessor, said appointment to begin November 8, 1935.
Placed on file.

EMERGENCY FINANCE BOARD APPROVAL.

Notices were received from the Emergency Finance Board of approval of following Public Works Projects:

Chelsea Bridge Construction, \$850,000.
Public Welfare Building, East Boston, \$58,807.
Welfare Building, Dorchester, \$58,807.
Severally placed on file.

MAYOR'S ABSENCE FROM CITY.

Notice was received from the Mayor that he would be absent from the city for the period from November 8 to November 22, 1935.
Placed on file.

SOLDIERS' RELIEF.

Coun. KERRIGAN, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of November, 1935.

Report accepted; order passed under suspension of the rule.

REPORT OF COMMITTEE ON CLAIMS.

Coun. BRACKMAN, for the Committee on Claims, submitted the following:

Report on petition of Charles F. Sefton (referred October 21) to be reimbursed for amount of judgment issued against him on account of his acts as operator of motor vehicle belonging to Department of School Buildings—recommending passage of accompanying order, viz.:

Ordered, That the sum of fifty-two dollars and sixty-three cents be allowed and paid to Charles F. Sefton, in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Department of School Buildings, said sum to be charged to the Reserve Fund.

Report accepted; order passed.

ADDITIONAL HOLIDAY GRANT FOR WELFARE RECIPIENTS.

Coun. MURRAY offered the following:

Ordered, That the Overseers of the Public Welfare Department be requested, through his Honor the Mayor, to allow each family receiving welfare aid \$5 additional at Thanksgiving and Christmas for a dinner.

Passed under suspension of the rule.

EMPLOYMENT OF MEN TO CLEAN STREETS.

Coun. MURRAY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to employ five hundred men for the purpose of cleaning the streets of Boston.

Passed under suspension of the rule.

TAX TITLE PROPERTY.

Coun. WILSON offered the following:

Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to furnish the City Council at once with a complete list of all properties formerly assessed to private owners the titles of which, because of tax sales following the nonpayment of taxes, are now vested in the City of Boston, and give in each case:

- Street and number.
- Whether the parcel is vacant land.
- The assessed value placed on the property by the Board of Assessors for the year immediately preceding the tax sale.
- The 1935 assessed valuation.
- The amount actually owed to the city as of the date of the tax sale.
- The date on which the property was sold or bought in by the city for unpaid taxes.

Ordered, That a special committee of five members of the City Council be appointed by the President to investigate the present situation with reference to outstanding tax titles held by the City of Boston.

Coun. WILSON—Mr. President, I urge that these two orders, involving a very important matter in the financial situation of the City of Boston, be passed today. If my figures are correct, in 1935, as of May 1, there were outstanding as unpaid taxes of the City of Boston \$18,503,513, an increase of upwards of a million over last year. According to the figures of May 1 this year the tax titles outstanding in the City

of Boston amounted to \$4,915,000-odd as against \$1,664,000-odd a year ago. We had a long session here Monday afternoon not long ago incident to the desire, apparently in the Mayor's office, to sell the property occupied by the Ames Post in one of the wards of this city. A very disproportionate amount of time was spent on that subject, the impression almost being drawn by the average member of the Council, I believe, that the city would nearly go bankrupt if that particular city-owned parcel was not sold. And yet, from information which I believe to be reliable, I understand that there are hundreds of parcels of real estate formerly owned by private owners, that have now come into the possession of the city because of unpaid taxes, the necessary two years period having run, and the title now being definitely fixed without any power of redemption by the former owner, the Land Court title now being in the city as shown by the records in the Suffolk County Courthouse. The cases of which I am about to speak especially involve 1931 taxes. I realize that there came through to the Council on May 20 a proposed form of ordinance from the Mayor and the Corporation Counsel transferring certain power, such as the power of maintaining real estate, etc., and the holding of the deed, from either the City Collector or the City Treasurer, whoever it might have been, to the Public Buildings Commissioner, and I am well aware of the fact that the matter was with the Committee on Ordinances for a substantial length of time. But the records show that it was passed by the Council and sent to the Mayor's desk as long ago as October 7, which is five weeks ago yesterday. I had assumed that the Mayor and his department heads, in their desire to get in all possible available money for the city without delay, had been making a detailed survey of these hundreds of parcels of real estate, the title of which is now vested in the city with a total loss of power of redemption. I had assumed that they did that before October 7, but, whether or not they did it before October 7, I assumed that the Superintendent of Public Buildings could spare enough time from political interference in his ward for the last five weeks to do the job that the city ordinances place in his hands, namely, to take charge of these various properties. Now, Mr. Chairman, I think you can generalize from isolated cases. Of course, I have not made any individual or independent effort to cover these hundreds of parcels of real estate, but I did take the time yesterday to cover some of them, and I took the time this morning to verify in the Land Court of Suffolk County, at the Court House, the present state of title, so as to be reasonably sure that we would not do any wrong to anybody. It is amazing to find, in the case of homes and property sold this past year for nonpayment of taxes, with the desire to get this property on which the taxes are not paid in the hands of the city as rapidly as possible, in the case of property on which taxes were not paid as long ago as 1931 and as to which the City of Boston has had a Land Court title since last year, no effort has been made to either maintain the properties, to collect the rents, or to exercise any supervision whatever. So I am going to run over a few of these properties which I have taken occasion to examine. I will take first property at 28 and 30 Pitts street, in Ward 3, containing 1,080 square feet, with no buildings, assessed in 1931 for \$3,300 and in 1932 for the same figure. The city apparently exercised some supervision, because it appears that the assessment was dropped in 1933 to \$2,200 and that the assessed value in 1934 was the same, \$2,200. Yesterday I visited this city-owned land, which I find this morning—and I believe the information must be correct—is owned by the city, Land Court title No. 34244, following a petition to foreclose, the former owner having been Josephine B. Campbell. I find that the decree was as long ago as October 24, 1934, and yet yesterday there were seven cars parked down there in this space, on the land of the City of Boston, and I have the numbers of three of the cars if anybody cares to question my statement. Then, passing down to 8 and 10 Pitts street, there is a piece of land containing 3,006 square feet, without a building, fenced and with a gate, assessed in 1931 for \$18,000, as it was in 1932. In 1933 the Board of Assessors' representative went in there, showing that they were apparently in close touch with this property on Pitts street, property that the owner had lost because of nonpayment of taxes, and reduced the valuation that year from \$18,000 to \$15,000, which was also the figure for 1934. This land down there at 8 and 10 Pitts street, in Ward 3, had seven cars parked on it. Presumably it was a parking space, because a large sign there reads "Parking all day 20 cents; per week \$1. Open." I suppose except to city investigators—"from 7 a. m. to 5 p. m." And, in case anybody questions my statement, I have the numbers of the seven cars parked on this vacant piece of land at 8 and 10 Pitts street in Ward 3. This land was sold for 1934 taxes, the Land Court number being 4200, and the final title to the property in the city being dated as of June 13, 1934, the former owner having been one Kate A. Bloomberg. There is apparently a tenant in charge there. Now, I assume that there are not any open-air parking spaces in Boston that the Board of Street Commissioners do not know about, and I assume that they have permitted down there to turn that as a parking street, and that the owner lost through nonpayment of taxes as far back as a year ago last month and

that the city now owns. Then I went up to 354 Tremont street, in Ward 5, with 761 square feet of land, no building, and an open fence at the front. The lot was assessed in 1931 for \$9,500, and the same in 1932. Apparently our able assessors were in close touch with the situation, because in 1933 the assessed valuation dropped to \$8,500, and in 1934 to \$6,800. The land in question contains an open-air parking space marked "Boston Auto Park Stand No. 5," and there is the legend, "Parking 15 cents all day." So I dropped in yesterday, a pleasant afternoon, especially to see how many cars were on the city land, because the city land is immediately adjacent to the land of the Boston Auto Park Stand No. 5. There were eighteen cars parked there, and I have the eighteen numbers, and the gentleman in charge of the stand ordered me off the premises. I said to him, "This is city land, isn't it, brother?" He said "Yes, perhaps it is, but you have no business on it." This is land that was sold for nonpayment of 1931 taxes, as to which the City of Boston got a Land Court decree as long ago as October 19, 1934, the Land Court number being 3667. It was formerly the property of one Sabor J. Diab. One would naturally assume that the average citizen had as much right as the person who was running this outdoor garage on land belonging to the City of Boston and charging a fee for the parking of cars upon it. I took the trouble to look at one of the tags, which read "Central Auto Park 336-352 Tremont street, near Broadway. Tag number 4,745." Then I went over to a beautiful spot at the corner of Beacon street and Hereford street, Ward 5, and found there a lot of land only, containing 4,725 feet. Across the alley from this lot is the delightful Fox and Hounds Club, at 448 Beacon street, and immediately adjacent is 426 Beacon street. There is a delightful open lot at the rear, looking out on the Charles river. It was assessed back in 1931 for \$42,700, with the same assessment in 1932. The assessment dropped in 1933—showing that some attention was being paid to the property—to \$37,800 and in 1934, the year when the city got its Land Court title, it was reduced to \$32,100. If my arithmetic is anywhere near correct—and it sometimes is not—that shows a value of \$7 a foot. It is a delightful spot, looking out on the Charles river. There is no sign showing that it is a parking space. So there is this ideal parcel of land, assessed at \$7 a foot, looking out on the Charles river, on which the City of Boston obtained a Land Court title, No. 4190, as long ago as September 19, 1934. The former owner was Charles C. Moore, and I think it may be assumed that with any life shown by the Superintendent of Public Buildings a customer could have been obtained if any serious attempt had been made to do so,—unless there is somebody there who wants to use it. Then I wandered over to another delightful spot, 86 and 88 Fenway, Ward 4. There was just the land there, also 3,641 square feet. There were five posts in front of it to prevent parking except from Hemenway street. I have the numbers of two cars that were parked there. The land was formerly the property of Charles H. Holloway, who lost it because of nonpayment of taxes, and the land became the property of the City of Boston after decree of the Land Court, assuming that the court records are correct,—and I assume that they are,—on March 21, 1934, No. 4733. Now, those are all vacant pieces of land, belonging to the City of Boston, and every one of them officially or unofficially used for parking. I did not have a chance to go around among many buildings, but I did have occasion to go over to Ward 10 and visit a building on Ellingwood street, Roxbury. There was land and a building, a three-family frame dwelling, with hot and cold water, electricity and stove heat. That was assessed in 1931 for \$5,000, and was also assessed for that amount in 1932 and 1933. The assessment dropped in 1934 to \$4,000. The Land Court title of the City of Boston to that piece of property, which was formerly in the name of one Michael Goodman, is, under decree of December 14, 1934, No. 1846. If the Land Court title is anywhere near correct, the City of Boston has owned that piece of property, without any possible right of redemption, since December 14 of last year. But there are nine living on all three floors, and in the basement the family on the first floor had come to the parade and had not got back. The family on the second floor up to two weeks ago had never paid rent, but were on the Welfare roll, and they were quite disappointed, perhaps, when they learned that the because they were on a Welfare list, they had noticed that there was a little over a hundred men in there, and that the Welfare roll had to be stamped by somebody, and the family entry had to be made. Of course, the family was not out, and there was no parking there, but at least a Welfare roll was being made each week on rent, and the family entry had to be made. I think it is a very interesting thing to see the City of Boston, and the property on the City of Boston, and the family on the third floor, and the family on the second floor, and the family on the first floor, and the family on the basement, and the family on the roof, and the family on the attic, and the family on the cellar, and the family on the porch, and the family on the balcony, and the family on the terrace, and the family on the garden, and the family on the lawn, and the family on the driveway, and the family on the walk, and the family on the path, and the family on the road, and the family on the street, and the family on the highway, and the family on the bridge, and the family on the tunnel, and the family on the viaduct, and the family on the overpass, and the family on the underpass, and the family on the culvert, and the family on the siphon, and the family on the aqueduct, and the family on the dam, and the family on the levee, and the family on the dike, and the family on the dyke, and the family on the embankment, and the family on the fill, and the family on the cut, and the family on the excavation, and the family on the foundation, and the family on the structure, and the family on the building, and the family on the house, and the family on the apartment, and the family on the hotel, and the family on the office, and the family on the store, and the family on the factory, and the family on the warehouse, and the family on the garage, and the family on the barn, and the family on the stable, and the family on the pen, and the family on the paddock, and the family on the field, and the family on the meadow, and the family on the pasture, and the family on the orchard, and the family on the vineyard, and the family on the garden, and the family on the lawn, and the family on the driveway, and the family on the walk, and the family on the path, and the family on the road, and the family on the highway, and the family on the bridge, and the family on the tunnel, and the family on the viaduct, and the family on the overpass, and the family on the underpass, and the family on the culvert, and the family on the siphon, and the family on the aqueduct, and the family on the dam, and the family on the levee, and the family on the dike, and the family on the dyke, and the family on the embankment, and the family on the fill, and the family on the cut, and the family on the excavation, and the family on the foundation, and the family on the structure, and the family on the building, and the family on the house, and the family on the apartment, and the family on the hotel, and the family on the office, and the family on the store, and the family on the factory, and the family on the warehouse, and the family on the garage, and the family on the barn, and the family on the stable, and the family on the pen, and the family on the paddock, and the family on the field, and the family on the meadow, and the family on the pasture, and the family on the orchard, and the family on the vineyard, and the family on the garden, and the family on the lawn, and the family on the driveway, and the family on the walk, and the family on the path, and the family on the road, and the family on the highway, and the family on the bridge, and the family on the tunnel, and the family on the viaduct, and the family on the overpass, and the family on the underpass, and the family on the culvert, and the family on the siphon, and the family on the aqueduct, and the family on the dam, and the family on the levee, and the family on the dike, and the family on the dyke, and the family on the embankment, and the family on the fill, and the family on the cut, and the family on the excavation, and the family on the foundation, and the family on the structure, and the family on the building, and the family on the house, and the family on the apartment, and the family on the hotel, and the family on the office, and the family on the store, and the family on the factory, and the family on the warehouse, and the family on the garage, and the family on the barn, and the family on the stable, and the family on the pen, and the family on the paddock, and the family on the field, and the family on the meadow, and the family on the pasture, and the family on the orchard, and the family on the vineyard, and the family on the garden, and the family on the lawn, and the family on the driveway, and the family on the walk, and the family on the path, and the family on the road, and the family on the highway, and the family on the bridge, and the family on the tunnel, and the family on the viaduct, and the family on the overpass, and the family on the underpass, and the family on the culvert, and the family on the siphon, and the family on the aqueduct, and the family on the dam, and the family on the levee, and the family on the dike, and the family on the dyke, and the family on the embankment, and the family on the fill, and the family on the cut, and the family on the excavation, and the family on the foundation, and the family on the structure, and the family on the building, and the family on the house, and the family on the apartment, and the family on the hotel, and the family on the office, and the family on the store, and the family on the factory, and the family on the warehouse, and the family on the garage, and the family on the barn, and the family on the stable, and the family on the pen, and the family on the paddock, and the family on the field, and the family on the meadow, and the family on the pasture, and the family on the orchard, and the family on the vineyard, and the family on the garden, and the family on the lawn, and the family on the driveway, and the family on the walk, and the family on the path, and the family on the road, and the family on the highway, and the family on the bridge, and the family on the tunnel, and the family on the viaduct, and the family on the overpass, and the family on the underpass, and the family on the culvert, and the family on the siphon, and the family on the aqueduct, and the family on the dam, and the family on the levee, and the family on the dike, and the family on the dyke, and the family on the embankment, and the family on the fill, and the family on the cut, and the family on the excavation, and the family on the foundation, and the family on the structure, and the family on the building, and the family on the house, and the family on the apartment, and the family on the hotel, and the family on the office, and the family on the store, and the family on the factory, and the family on the warehouse, and the family on the garage, and the family on the barn, and the family on the stable, and the family on the pen, and the family on the paddock, and the family on the field, and the family on the meadow, and the family on the pasture, and the family on the orchard, and the family on the and the family on the meadow, and the family on the pasture, and the family on the orchard, and the family on the vine

formerly owned by a private owner and now owned by the City of Boston, under a Land Court title. But here is property belonging to the City of Boston and nobody seems to care what is happening to it or whether there is any income from it, so far as the city is concerned. I have simply taken these six parcels at random, and I make the charge that there are hundreds of such parcels in this city. But, just taking these six parcels, the assessed value is \$67,600, upon which the yearly taxes would be \$2,479, and those taxes are not being collected and no supervision is apparently being exercised, so far as the City of Boston is concerned in its interest over its own property. It is certainly surprising that these outdoor parking spaces have escaped the attention of the Board of Street Commissioners, especially with such a sign as I have referred to, stating that there would be a charge of so much a day and so much a week for parking. The lot on Tremont street which I have referred to had eighteen cars parked there yesterday and was just as full this morning. So you have these parking stands and apparently nobody is interested sufficiently to go there and find out whether some private owner owns the lot or whether it is city-owned land; and there is that Tremont street lot assessed for \$6,800 as recently as last year. I understand that these parking spaces charge a certain rate according to the particular space where the parking is done. Roughly, a parking space holding some twenty-five or fifty cars will charge for a car, we will say, \$25 a year, but here they are using city land for parking space and charging people for that parking, getting an income from the land in that way. The thought occurs to me, what department or departments are responsible for this sort of thing? And here you have this Ward 10, Roxbury, property I have referred to, with these tenants, in property owned by the city and paying no rent, with nobody to pay rent to. So I certainly trust that we will have a report on these properties owned by the City of Boston, and a businesslike report. We should have such a report on the outstanding tax titles now held by the City of Boston in detail, because if the Public Buildings Commissioner does not want to interest himself in the matter and correct this state of affairs somebody should take it up. We should at least appoint a committee of the Council who can go over this whole matter, get at the facts and find out what is becoming of income, or an opportunity to obtain income from this city property, that I assume somebody had a right to receive. And so I urge, based on the facts I have set forth, and particularly in these times, when I assume we are almost ready to sell tax titles for another year, something should be done. It would certainly seem that these buildings and this property should be sold, that the city should cash in on this property that has come into its hands through uncollected taxes, and certainly that something should be done so that the city will at least receive the revenue to which it is entitled from such property. To my mind the whole situation indicates absolutely gross mismanagement or worse on the part of some department of the City of Boston.

Coun. DOHERTY—Mr. President, I would like to ask the councilor a question. Does he believe in encouraging the people of this city to have homes in tents to live, or would he rather have them live in tents?

Coun. WILSON—Mr. President, I am glad that the councilor has raised that point. I do not begrudge any unfortunate on Welfare obtaining what help he can. I am glad to see this property being used by somebody, and I am not criticizing these people who are getting their rent free. They are not to blame in this matter. Perhaps that might be one excellent use of old wooden houses that the city now owns, if it were put on a frank, open and honest basis. But that does not seem to be the situation here. Here is property that has come into the possession and ownership of the city, through Land Court decrees, property from which an income might be obtained in times like these, so that the city could be reimbursed, and apparently there is no supervision or control of this property by any city department. The thing is simply drifting along as I have indicated, in some peculiar way, and nothing is being done about it. It is also unjust to other poor people in this city, who have no such opportunity as is given to these people and who are thus being discriminated against. If we cannot sell the houses, perhaps, under supervision by the proper city departments, this might be one way of reducing our Welfare expenses, putting people into these houses and allowing them to occupy the houses rent-free. But it is the haphazard way that the thing is going along in city-owned property without any supervision, care or control that I object to. As far as the tenants who are getting rent free there are concerned, good luck to them!

The orders were passed under suspension of the rule.

PUBLIC WELFARE DISTRICT HEADQUARTERS.

On motion of Coun. TOBIN, the Council took No. 4 on the calendar from the table, viz.:

4. Ordered, That under the provisions of chapter 366 of the Acts of 1933, and acts in amendment thereof or in addition thereto, the sum of \$60,000 be, and hereby is, appropriated, to be expended

under the direction of the Overseers of Public Welfare, for New District Headquarters Buildings, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount. Question on rejection of the order.

Coun. TOBIN—Mr. President, I move that this order be rejected. It has been supplemented by the order for the expenditure of \$180,000, and this order is of no value. Unless we reject it today, however, it will be in effect. I move, therefore, that it be rejected.

The order was rejected.

CHARLES R. HOGAN SQUARE.

Coun. FISH offered the following:

Whereas, the City Council on September 24, 1920, named the space at the junction of Redfield and Walnut streets and Neponset avenue Charles R. Hogan square, in honor of said Hogan of the 39th Infantry, who was killed in France in the late World War; and

Whereas, The space so named is now being partially or wholly absorbed in the construction of a traffic circle:

Ordered, That the traffic circle at the junction of Gallivan Boulevard, Old Colony Parkway and Neponset avenue be named and hereafter known as Charles R. Hogan Circle, and that the same be suitably marked with signs.

Coun. WILSON—Mr. President, does this refer to the new traffic circle at Neponset Bridge?

President FITZGERALD—Yes.

Coun. WILSON—That is not in my ward, but it does seem to me that this is a proper subject for a hearing. There is nothing personal in my rising at this time, because I did not even hear the name when the order was read, and I am not opposing the order. But I think this is a matter that is a proper subject for a public hearing.

Coun. FISH—The present square is now named Charles R. Hogan square, and it is desired to retain the same name for the circle.

Coun. WILSON—I am in favor of naming such locations after World War heroes, and it was for that reason that I had the Dunbar Avenue Playground named after the first Dorchester boy who fell in the World War. But I have received letters with reference to the preservation of the name "Neponset." I am taking no sides one way or the other and, as I say, this is not in my ward. But I do question whether the right lies in the City Council to name anything other than a square—whether that right is probably not in some such board as the Street Commissioners. I would personally think that the public sentiment should be sounded, and, until there is something of that sort, I would hesitate to vote for or against this measure. I ask, therefore, that it be sent to Executive, without any hostility to the young man on my left or anybody else.

The order was referred to the Executive Committee.

SAVIN HILL BEACH BATH HOUSE.

Coun. McGRATH offered the following:

Ordered, That the Park Commissioner, through his Honor the Mayor, arrange at this time for an appropriation to construct a bath house at Savin Hill Beach to take the place of the one recently destroyed by fire.

Passed under suspension of the rule.

WARD 13 STREETS.

Coun. McGRATH offered the following:

Ordered, That the Public Works Department, through his Honor the Mayor, lay out and construct with permanent macadam surface and granolithic sidewalks the following streets in Ward 13, Dorchester: Auckland, Saxton, Tuttle, Belfort and Romsey streets.

Passed under suspension of the rule.

SIGNS ON SAVIN HILL AVENUE SQUARES.

Coun. McGRATH offered the following:

Ordered, That the Public Works Commissioner, through his Honor the Mayor, take action in placing signs on Jennings and Anderson squares in Savin Hill avenue, Dorchester, as requested in recent orders passed by this City Council.

Passed under suspension of the rule.

RECESS.

The Council voted at 3 p. m., on motion of Coun. GREEN, to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President FITZGERALD at 3.48 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLACHER, for the Executive Committee, submitted the following:

1. Report on petition (referred today) for children under sixteen years of age to appear at places of public amusement—that leave be granted under usual conditions.

Report accepted; leave granted under usual conditions.

2. Report on message of Mayor and orders (referred today) for transfers within departmental appropriations—recommending that same ought to pass.

Report accepted; orders passed, yeas 21, nays 0.

3. Report on message of Mayor and order (referred today) for transfer of \$20,000 from income of George F. Parkman Fund to maintenance and improvement of Common and Parks in existence January 12, 1887—that same ought to pass.

Report accepted; said order passed, yeas 21, nays 0.

4. Report on order (referred today) that traffic circle at junction of Gallivan Boulevard, Old Colony Parkway and Neponset avenue be named as Charles R. Hogan Circle—that same ought to pass.

Report accepted; said order passed.

REPORT OF COMMITTEE ON JITNEY LICENSES.

Coun. MURRAY, for the Committee on Nitney Licenses, submitted the following:

Report on petition of Boston Elevated Railway (referred July 15) to operate motor vehicles from Washington and Kneeland streets to Broadway and Harrison avenue—that permit be granted.

Report accepted; permit granted on usual conditions.

BIDS FOR SNOW-REMOVAL EQUIPMENT.

Coun. McGRATH offered the following:

Ordered, That the Superintendent of Supplies and the Public Works Commissioner, through his Honor the Mayor, furnish the City Council with the results of the bids for snow equipment which were opened last Friday.

Coun. McGRATH—Mr. President, I was a little bit disappointed when I arrived here today to find that there was no report from either the Purchasing Agent or the Public Works Commissioner relative to the bids that were opened last Friday for the purchase of snow-removal equipment. It has been, and still is, my opinion, in connection with this proposed purchase of snow-removal equipment, that before the order was passed by the Council it was the duty of those in charge of these departments to furnish to every member of the Council all the detailed information that they had received. I ask, therefore, that this order be passed, and that the Council wait for these departments to give to us the information before we take further action on the matter.

The order was passed under suspension of the rule.

PREFERENCE TO FORMER CITY EMPLOYEES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of giving preference in reemployment to old city employees let go during the first part of his administration.

Passed under suspension of the rule.

RELIEF FROM FEDERAL GOVERNMENT.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider plans for obtaining a larger amount of money for general relief from the Federal Government.

Passed under suspension of the rule.

RELIEF STATISTICS.

Coun. NORTON—Mr. President, I am submitting, if there is no objections, a table of relief expenditures for the large cities which I would like to have printed in the minutes.

There being no objection the table was ordered included in the minutes, as follows:

FEDERAL EMERGENCY RELIEF ADMINISTRATION.

Washington, October 30, 1935.

Mr. Clement A. Norton, Boston City Council, Council Chamber, City Hall.

Dear Mr. Norton, In reply to your letter of October 17, 1935, we are attaching a table showing the amount of direct relief extended and work program earnings of relief persons in the thirteen leading American cities for the period January through August, 1935.

Sincerely yours,

CORRINGTON GILL,
Assistant Administrator.
By Thos. B. Rhodes.

TOTAL AMOUNT OF RELIEF EXTENDED UNDER THE GENERAL RELIEF PROGRAM IN THE 13 LEADING AMERICAN CITIES DURING THE PERIOD JANUARY THROUGH AUGUST, 1935.

CITY.	Total Amount of Direct Relief Extended.	Total Work Program Earnings of Relief Cases.
New York.....	\$72,475,873	\$43,783,793
Chicago*.....	34,539,797	11,437,023

Buffalo.....	6,836,039	5,362,436

* Figure covers entire county in which the city is located.

THE MAYOR'S HOUSING COMMITTEE APPOINTMENTS.

Coun. BRACKMAN—Mr. President, I move that the question of confirmation of the Housing Committee appointed by the Mayor be now taken from the Executive Committee and voted upon.

Coun. BRACKMAN's motion was declared carried, and the question came on the confirmation of the names submitted by the Mayor.

Coun. WILSON—Mr. President, as I remember it, I believe it was your ruling and also that of the Law Department that the Council had equal rights with the Mayor in naming this very powerful Board, and I am also under the impression that the two councilors from South Boston expressed themselves in favor of a man who is very familiar with the location—and the only one in the City of Boston that, so far, I believe, the Federal Government proposes to take for such a purpose and which will be exempt from local taxation. Do I understand that the Council is seriously abrogating all its rights to name any one of the five whom we are voting to confirm, in spite of the fact that one of those already appointed by the Mayor is connected with the state, with the result that the state will have two of the five, although it was intended that it should have only one. I understand also that the Council is supposed to have a joint right in this matter with his Honor the Mayor.

President FITZGERALD—In Cambridge the Mayor's appointments have been confirmed.

Coun. WILSON—I don't see what that has to do with our action, Mr. President. As I read the ruling of the Corporation Counsel, it is not merely that we are supposed to confirm nominations by the Mayor, but that the Mayor and the City Council jointly have something to say in the appointment of this very powerful Board. I have already referred to the fact, also, that, while under the law the state was supposed to have but one representative on the Board, it will really, with one of these appointments by the Mayor, have two representatives. But there seems to be no question in my mind, at any rate, in view of the ruling of the Corporation Counsel, that the Council has equal rights with the Mayor in these appointments, that they are joint appointments.

President FITZGERALD—I understand that the Corporation Counsel since that time has ruled otherwise, that our only power is that of confirmation.

Coun. WILSON—Well, I certainly did not so understand the ruling of the Corporation Counsel.

Coun. KERRIGAN—Mr. President—
Coun. WILSON—Mr. President, I will suspend while the honorable gentleman from South Boston is given an opportunity to address the Council.

Coun. KERRIGAN—Mr. President, I do not believe that at this time we ought to take any action of this matter. I introduced an order, with my colleague from South Boston (Coun. Donovan), to ask the Mayor to consider the appointment to this Board of Leo D. Walsh. I think if I am to vote to confirm any member of this Board it would be Leo D. Walsh. I move, therefore, that his name be added to this list, for confirmation.

Coun. WILSON—Mr. President, my memory may be failing, but my memory is that the Executive Committee voted to lay the matter on the table until all the nominees to this powerful Board might come before us so that we would at least have an opportunity to look them over and see whether they were, in our opinion, men whom we would have confidence could wield properly the vast power that this Board will wield. I do not know personally any reason why we should not abide by our earlier unanimous vote that the persons nominated to this powerful Board should at least come before the Executive Committee.

Coun. McGRATH—Mr. President, I feel as does the Council from Ward 17 (Coun. Wilson), that when the Legislature passed this act its status was the same as that of similar acts, and that when they said "the Mayor and City Council," they meant the Mayor and City Council. I know,

further, that under our charter the City Council is stripped of many powers and that we cannot conflict with the law when it becomes clear just what the law is. I do feel, sir, however, that there is no real interest in this Council or in the minds of a majority of the members of the Council so far as these four candidates are concerned. There is a good deal of interest behind Mr. Greene, because a member of this Council knows this man and feels sure that he is qualified for the position. So we do have that assurance, in taking a vote on one of the men, that the gentleman from Ward 12 (Coun. Brackman) vouches for Mr. Greene. So we might feel some assurance in voting for Mr. Greene. I do feel, however, generally speaking, with regard to the other candidates here, that we should maintain our original position and that we should have an opportunity to look them over and form some judgment about them. This is an extremely powerful Board. It will have the right to come in and take property by right of eminent domain. This Board will comprise the most powerful body of real estate men in the Commonwealth of Massachusetts. It is a Board that should have upon it a competent engineer, a competent attorney, a competent real estate man, and a competent representative of the financial interests. It is a Board that can seize your home, or my home, and that should not be made up on a political basis. I think, as far as the Legislature is concerned, that they wanted you, Mr. President, and every member of the Council to have the same power and the same privilege in this matter that is given to other Councils in the state. We should have the personal assurance that these are proper and qualified men. It may be that under the charter you and I are more or less powerless in certain matters, but it does seem that under the law as passed by the Legislature, we are given in this matter certain rights and certain authority, and until we can see these four men or have some proper assurance in regard to each one of them, I, for one, with the responsibility which I feel rests upon me as it does upon each member of this Council, do not feel that I can vote for their confirmation.

Coun. SHATTUCK—Mr. President, I object to confirmation at this time on two grounds. In the first place, I object to any housing project that exempts from taxation a certain particular class of persons who are not subjects of charity. It would seem that under this Federal South Boston housing project the City of Boston is to furnish police protection, fire protection, schooling and water. It seems questionable whether the city can charge for the water furnished to these buildings and these persons, and I understand that those who are to occupy the buildings are not subjects of charity. These buildings are not in the nature of old men's or old women's homes or of charity buildings. They are buildings where certain people pay a lower rent than other persons in the neighborhood, because of the fact that they do not either directly or indirectly pay any taxes, whereas their neighbors have to pay taxes. Therefore, I object to this on that ground, until the question of taxes has been settled. In the second place, I object to voting to confirm four persons of whom we know little or nothing. I have heard but one of the four names mentioned of whom apparently one or more of our members know and of whom they think well. But in general we know nothing of these men. I doubt if half a dozen of the members who are now suggesting confirmation could name those whom it is proposed to confirm. Therefore, I must object to confirmation of these names at this time.

Coun. GALLAGHER—Mr. President, I move that this matter be referred back to the Executive Committee.

Coun. Gallagher's motion was declared carried. Coun. GOLDMAN doubted the vote, a rising vote was taken, and the Council, by a rising vote of 13 to 7, voted to refer the matter back to the Executive Committee.

BIDS ON SNOW-REMOVAL EQUIPMENT.

Coun. NORTON offered the following:
Ordered, That the Mayor of Boston be requested to consider the advisability of holding up on bids for snow-removal equipment machinery until statements made by responsible authorities have been checked.

Coun. NORTON—Mr. President, the New England manager of the General Motors Corporation has submitted to me reasons why the specifications submitted by the Public Works Department were unfair, and did not allow, from their very essence, widespread bidding. I have sent to the Mayor the objections. They are written, and when the General Motors Company, being a reliable company, makes this statement, it should be looked into with dispatch.

Coun. WILSON—Mr. President, with reference to this snow-removal equipment, I don't think the Council is subject to criticism. I wonder if we might not obtain the attendance today, even if we take another recess for a short while, of the gentleman to whom Councilor Norton makes reference, and also the Public Works Commissioner and the Purchasing Agent to ascertain this information if it can be obtained today.

Coun. GLEASON—Mr. President, let us hear the names of these persons.

President FITZGERALD—No names have been presented.

Coun. GLEASON—Well, they are supposed to give us four or five names.

Coun. NORTON—Mr. President, that is impossible.

Coun. GLEASON—We want to know them.

Coun. NORTON—I have submitted to the Mayor the statement of the representatives of the General Motors Corporation with regard to the specifications, showing wherein they consider them unfair as the basis for any all-around bidding. It seems to me that before anything further is done we should have an opportunity to decide whether the statements are fair or unfair.

Coun. McGRATH—Mr. President, I don't think the City Council ought to assume the responsibility in this matter. Two weeks ago we had certain heads of departments in our executive session, and they made this proposition to you, sir, and to every member of the Council. They said, "Time is of the essence, and we have gone forward for the first time in the history of the city and, without the authority of the Council, have advertised for bids."

Coun. GLEASON—Mr. President, if the gentleman will yield?

Coun. McGRATH—I will.

Coun. GLEASON—We are elected here to office. You will admit that?

Coun. McGRATH—I will admit it.

Coun. GLEASON—Listen, Joe. Don't you think, as running the city, we have the right to tell who is going to buy or not buy trucks? And I want to know who is going to sell the trucks, too? Are the Finance Commission or the City Council to be considered in the matter? I am sick of people coming here and telling us what to do. We are the ones who are running the city. Am I right or wrong, Joe?

Coun. McGRATH—You are right. Two weeks ago certain members of the Council, and I was one of them, said that up to now the only people who were forced to work in the dark in this matter were the elected members of the City Council. The newspapers of Boston were saying that we were reaching the season of the year when the City Council would be forced to appropriate money for the removal of snow, and we voted for the first reading of the order for the purchase of snow-removal equipment with this stipulated understanding, that in the interim between our first and final votes they would send to this Council through you, sir, every bit of information in the possession of the Public Works Commissioner, the Purchasing Agent of the city, and the body appointed by his Honor the Mayor to make the final study and selection. With that understanding we gave the order its first vote. Now, not only have the two weeks passed with a failure on our part to obtain this vital information, but in the meantime they have opened bids for the purchase of the equipment. Information has been turned over to the Public Works Department, and to a body comprising a representative from the Park Commission, the Fire Commissioner, the Boston Elevated Railway, the Eastern Massachusetts Railway, and a couple of other unidentified men, and none of this information has been given to us. Men who cannot be held responsible to this administration except through the Mayor's office have received all this information, but the members of the City Council have been ignored. There is vital information which should properly be given to us, the elected members of the City Council, officials of the City of Boston, who will be criticized whether we vote "yes" or "no." We are asking now that these outside individuals give to us as the elected officials and representatives of the citizens of Boston the same information that seems to be so freely given to others. That is nothing but fairness to you, sir, and fairness to every other member of this City Council. Why are these things done in the dark? Let them be brought out into the light of day. I say, until this information is forthcoming, I cannot vote for the final passage of this order.

Coun. GLEASON—Mr. President, just a minute, just a word. Who is running this city? You and other members, as elected members of the City Council, or somebody else. I want an answer to that question. We are going to find out who is going to buy these trucks. I am going to find out.

Coun. McGRATH—Let me say this, Mr. President, that every member of the Council knows that the City of Boston needs snow-removal equipment. Every member of the Council knows that we have to buy snow-removal equipment. But what the Council does not know is the information in the hands of some person who are not responsible to the members of the City of Boston. Therefore, in all fairness, let me say that in making this report, we are not holding the thing up. We are simply allowing to a vote being moved before we have had an opportunity to get the information we have a right to receive. (Coun. Wilson rose and said one more word, and then sat down.) The Public Works Commissioner and the Purchasing Agent, and one of those other gentlemen who have been mentioned that we should know the names of, are members of the City Council with the same information that they have, and the information that is furnished to representatives of the City Council, the Eastern Massachusetts Railway, and some other unidentified men, and none of this information has been given to us, the elected members of the City Council, officials of the City of Boston, who will be criticized whether we vote "yes" or "no." We are asking now that these outside individuals give to us as the elected officials and representatives of the citizens of Boston the same information that seems to be so freely given to others. That is nothing but fairness to you, sir, and fairness to every other member of this City Council. Why are these things done in the dark? Let them be brought out into the light of day. I say, until this information is forthcoming, I cannot vote for the final passage of this order.

Coun. WILSON—Mr. President, I don't think the Council is subject to criticism. I wonder if we might not obtain the attendance today, even if we take another recess for a short while, of the gentleman to whom Councilor Norton makes reference, and also the Public Works Commissioner and the Purchasing Agent to ascertain this information if it can be obtained today.

Works Department and the Purchasing Department, and others having information we should have, to furnish us with the information we desire.

Coun. Wilson's motion, that when the Council adjourn it be to meet on Friday, November 13, at 2 p. m., was carried.

The order was passed under suspension of the rule.

ENSIGN J. J. O'CONNELL SQUARE.

Coun. FISH offered the following:

Ordered, That the open space at the junction of Dorchester avenue and Gibson street be named and hereafter known as Ensign J. J. O'Connell square, and that said space be suitably marked with signs.

Passed under suspension of the rule.

DUMPING OF SILT, CALUMET STREET.

Coun. DOHERTY offered the following:

Ordered, That the Health Commissioner be requested, through his Honor the Mayor, to take immediate steps to prevent further dumping of silt on the property known as Coleman's ledge, Calumet street, Roxbury, on account of the offensive odor and for the general health of the community.

Passed under suspension of the rule.

OPINION OF CORPORATION COUNSEL.

Coun. WILSON offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to advise the City Council forthwith:

1. The final decision reached by the Law Department as to the legal right of the city to collect a real estate tax assessed on real estate included in the Federal Housing project in South Boston.

2. Whether, in the opinion of the Corporation Counsel, the City of Boston can legally collect an annual poll tax from male residents in the Federal Housing area in South Boston.

3. May personal property taxes assessed on such items as automobiles, radios, jewelry and Frigidaire machines as against residents in the South Boston housing area be legally collected?

4. Will the Police Department of Boston have the legal right to make an annual police list of adult residents in the above area?

5. May the Police Department, or any other agent of the city, legally serve warrants on residents in buildings in the Federal Housing area in South Boston?

6. May the City of Boston collect for water furnished in such area?

Passed under suspension of the rule.

STATUS OF SOUTH BOSTON HOUSING AREA.

Coun. WILSON offered the following:

Ordered, That his Honor the Mayor be requested to advise the City Council forthwith:

a. Exactly what steps, if any, are being promptly taken to determine the taxable status of the South Boston housing area and residents in such area, both with reference to real estate taxes and also personal property and poll taxes.

b. Whether or not the Board of Assessors have been definitely instructed to assess taxes in the area affected.

Passed under suspension of the rule.

APPROPRIATION FOR QUINCY MARKET.

On motion of Coun. GALLAGHER, the Council voted to take up, under unfinished business, No. 2 on the calendar, viz.:

2. Ordered, That under the provisions of chapter 366 of the Acts of 1933, and acts in amendment thereof or in addition thereto, the sum of \$460,000 be, and hereby is, appropriated, to be expended under the direction of the Superintendent of Public Buildings, for Quincy Market Building, foundation, improvements, etc., and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On October 3, 1935, the foregoing order was read once and passed, yeas 15, nays 4.

The question came on the second and final reading and passage of the order, and the President directed the clerk to call the roll. The clerk started to do so.

Coun. GLEASON—Mr. President, I would like to have that referred to Executive Committee, and I want a roll call on it, too.

President FITZGERALD—The roll has been started, and it is now too late.

The order was given its second and final reading and passage, yeas 15, nays 7.

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Fitzgerald, Gallagher, Green, Kerrigan, Murray, Selvitella, Tobin—15.

Nays—Coun. Gleason, Goldman, McGrath, Norton, Roberts, Shattuck, Wilson—7.

Later in the session Coun. WILSON said:

Mr. President, I move a reconsideration of our action on No. 2.

The motion to reconsider was declared lost.

Coun. GLEASON doubted the vote.

A rising vote was taken, and the motion to reconsider was declared lost, 8 to 11.

Coun. GLEASON further doubted the vote and asked for the yeas and nays.

Reconsideration was lost upon the roll call, yeas 10, nays 12.

Yeas—Coun. Agnew, Dowd, Englert, Gleason, Goldman, McGrath, Norton, Roberts, Shattuck, Wilson—10.

Nays—Coun. Brackman, Doherty, Donovan, Finley, Fish, Fitzgerald, Gallagher, Green, Kerrigan, Murray, Selvitella, Tobin—12.

ANTI-NOISE HEARING.

Coun. NORTON offered the following:

Ordered, That the Council request the Ordinance Committee to consider the advisability of holding a meeting relative to the anti-noise order at the earliest possible date.

Coun. NORTON—Mr. President, the Mayor of Boston sent in an anti-noise ordinance, but nothing has been done in regard to it, although the matter has been referred to the Committee on Ordinances. The chairman of the committee informs me that a meeting will be held a week from Wednesday. I would like to know for purposes of the record if that is actually the date for the hearing, whether the hearing has been set for that day?

Coun. FISH—Mr. President, as chairman of the Committee on Ordinances, let me say that I will let the councilor know in due time.

Coun. NORTON—Well, Mr. President, that is not enough. Here is an order that has been in the Council since September 30. I do not want to raise the temperature here or do anything here that will antagonize any member of the Council. But I think we should have something definite in regard to the matter in our records. We have had an ordinance placed before this body providing for certain action tending to reduce unnecessary noise in this city, particularly so far as hotels and hospitals are concerned within certain hours. It has been referred to the proper committee, and it does seem as though some definite action should be taken.

Coun. ROBERTS—Mr. President, in regard to Councilor Norton's order, let me say that gentlemen running hotels in this city, citizens of Boston, and those conducting public hospitals, many of which are in my district and in Councilor Shattuck's district, have asked that they be shown the courtesy of a hearing in this matter. They realize that recently we have been campaigning and have not had time to give to it up to date, but I think the chairman of the committee should now set down a hearing upon this within a reasonable time.

Coun. SHATTUCK—Mr. President, I have discussed this with the chairman of the committee, and understood that the hearing was to be held the week after election. It seems to me it should be advertised and held this week, in order that the matter may then be taken up for action at our regular meeting.

Coun. FISH—Mr. President, I intend to call a meeting on the matter either this or next week.

The order was passed under suspension of the rule.

Adjourned, on motion of Coun. GREEN, at 4.30 p. m., to meet on Friday, November 15, 1935, at 2 p. m.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

CITY HOSPITAL.

Upon November 16 the Mayor approved a contract with S. & T. Construction Company for furnishing and installing new drain line from Pavilion 3, Boston City Hospital, to Albany street interceptor. Bids, opened Wednesday, November 13, were as follows:

T. J. O'Connell Company, \$2,900; Sebastian Giampapa, \$2,600; Carilli Construction Company, \$2,522; Keystone Engineering and Contracting Company, \$2,489; Lamont Brothers Company, Incorporated, \$2,140; S. & T. Construction Company, \$2,000.

PROCEEDINGS OF CITY COUNCIL.

Friday, November 15, 1935.

Adjourned regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair. Absent, Coun. Dowd and Goldman.

ADDITIONAL TEMPORARY LOAN.

The following was received:

City of Boston,
Office of the Mayor, November 15, 1935.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the City Auditor in which he recommends that an order be submitted to the City Council authorizing additional temporary borrowings during 1935 by the city in the amount of \$10,000,000. In accordance with this recommendation, I submit the accompanying order for consideration by the Council.

Respectfully,

JOHN I. FITZGERALD, Acting Mayor.

City of Boston,
Auditing Department, November 14, 1935.
Hon. John I. Fitzgerald,
Acting Mayor of Boston.

Dear Sir,—On Monday of next week the total amount of temporary loans issued during 1935 by the city will have reached \$39,500,000, or within a half million dollars of the total authorization voted by the City Council in January of this year. The loan to be issued next Monday will provide funds to meet the obligations of the city for the balance of this month, but it will undoubtedly be necessary to issue further temporary loans during the month of December. In order that proper and sufficient authorization for such issues may be available, I respectfully recommend that an order providing for an additional authorization of \$10,000,000 be submitted to the Council for consideration at tomorrow's meeting. This order will require two readings; consequently, I feel its submission to the Council may properly be considered as a matter "not admitting of delay." Needless to say, this supplementary authorization will only be used as required.

Respectfully,

CHARLES J. FOX, City Auditor.

Ordered, That to provide temporarily money to meet the appropriations for the financial year 1935, the City Treasurer issue and sell, at such time and in such amounts as he may deem best, notes or certificates of indebtedness of the City of Boston not exceeding \$10,000,000 in the total, in anticipation of the taxes of the current municipal year; that all such notes or certificates of indebtedness be dated the day the money for the same is received, be made payable with the interest thereon within one year of their date and bear interest from their date until the same are made payable at such rate as the City Auditor, the City Treasurer and the Mayor may determine.

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Executive.

Petition of Hannah Cahill for retirement from labor service, Health Department.

RECESS.

The Council voted, on motion of Coun. ROBERTS, at 2.24 p. m. to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President FITZGERALD at 4.07 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on petition of Catherine E. Parkes (referred September 9) to be paid an annuity on account of death of her husband, Frank J. Parkes, late member of Boston Fire Department—recommending passage of accompanying order, viz.:

Ordered, That under the provisions of chapter 340 of the Acts of 1933 an annuity of eighteen hundred dollars be allowed and paid to Catherine E. Parkes, widow of Frank J. Parkes, a member of the Fire Department, who died on August 21, 1935, on account of injuries received in the performance of his duties; said annuity being made up of allowances as follows:

For the widow, Catherine E. Parkes, so long as she remains unmarried, \$1,000 per annum.

For each of the following-named children, during such time as she is under the age of eighteen or over said age and physically or mentally incapacitated from earning, \$200 per annum:

Mary T. Parkes, born September 8, 1928;
Barbara A. Parkes, born February 19, 1932;

Catherine E. Parkes, born May 9, 1933;
Clare Parkes, born August 12, 1934;
the payments to date from August 22, 1935, and
to be charged to the appropriation for Fire Department, Pensions and Annuities.

Report accepted; order passed.

2. Report on petition of Hannah Cahill (referred today) for retirement from the labor service, City of Boston, Health Department—recommending the passage of accompanying order, viz.:

Ordered, That the Retirement Board for Laborers be hereby authorized and requested to retire, under the provisions of chapter 765 of the Acts of 1914, as amended by chapter 63 of the Special Acts of 1915, Hannah Cahill, employed in the labor service of the City of Boston in the Health Department.

Report accepted; order passed.

3. Report on message of Mayor and order (referred today) for additional temporary borrowings of \$10,000,000—that same ought to pass.

Report accepted; order given its first reading and passage, yeas 20, nays 0.

Coun. GALLAGHER in the chair.

ANTI-NOISE ORDINANCE.

Coun. FISH, for the Committee on Ordinances, submitted the following:

Report on message of Mayor and ordinance (referred September 30) for abatement of certain noises—that the ordinance ought not to pass, without prejudice.

Coun. FISH—Mr. President, I polled the committee and we decided that an ordinance should be drawn up including sound trucks, laundry wagons, fruit wagons, the blowing of whistles, and, if necessary, the jingling of cow bells, and so on. We will, therefore, call in Corporation Counsel Foley next week with a view to drawing up such an ordinance.

Report accepted; ordinance rejected.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. DONOVAN, for the Committee on Public Lands, submitted the following:

Report on message of Mayor and order (referred October 21) in regard to sale of parcel of land on Chestnut Hill avenue, Brighton—that same ought to pass.

Report accepted; order passed, yeas 19, nays 0.

APPROPRIATION FOR ELECTRIC LIGHT INVESTIGATION.

Coun. SHATTUCK, for the Committee on Appropriations, submitted the following:

Report on message of Mayor and order (referred May 20), appropriating \$15,000 from Reserve Fund for electric light investigation—that the order ought to pass, Coun. SHATTUCK dissenting.

Coun. SHATTUCK—Mr. President, this report of the Committee on Appropriations was unanimously adopted, with the exception of dissent on my part. I have dissented from the report of the committee for the reason that I have been informed by Corporation Counsel Foley that he is now engaged in the litigation of the gas rates and that he cannot undertake both investigations or litigations at once, that he could not spend the money if he had it. Under those circumstances, in view of the fact that the city has a large operating deficit which it is required to meet by borrowed money, it seems to me inadvisable to appropriate this money until it is needed. Therefore, I have dissented from the report.

The report was accepted, and the question came on the passage of the order.

Coun. NORTON—Mr. President, speaking to the passage of the order, for a number of months I have requested the Council to make an appropriation to study into the present rate structure of the Edison Company. I am inclined to feel that the Corporation Counsel of the city does not handle all these individual cases. Very likely he may have the gas case in his hands, and he may assign this to some other attorney.

Coun. ROBERTS—Mr. President, I also feel, with Councilor Norton, that if the Corporation Counsel himself does not consider that he has the time or is able to undertake this investigation, the matter is certainly important enough to the city and its taxpayers for him to have somebody in his department take on the work or to hire somebody outside who is able to do it.

Coun. NORTON—Mr. President, I do wish to put into the record this statement. I suggest that possibly the Corporation Counsel might ask for the cooperation of such people as David Lilienthal of the T. V. A., or of Frank Walsh, chairman of the New York Power Authority, outstanding men on the question of rates for electricity throughout America. I understand that these people are willing to give their time. This is one of the great questions of the age, public utility rates, and certainly we should seek the cooperation of able and public-spirited men who have made a deep study of the question.

Coun. McGRATH—Mr. President, I think it is well to seek competent and disinterested advice in this matter, and have been committed to the idea of obtaining the most available competent advice. But I now understand that there is a gentleman by the name of Block, of New York City, who has made a kind of racket of this public utility investigation matter, and who it is claimed has been promised this \$15,000 job. If he is the man who is going to get the job, the thought occurs to me that, with Harvard College and the Massachusetts Institute of Technology nearby and available, and with all the available brains of this country that could easily be at our command, we should not turn the thing over to the hands of this New York rube. If we are going to have an honest investigation of a local public utility company, as one who voted for this order, I think we ought to leave it in the hands of those who understand our local interests and problems. I suggest that neither Block nor other outside men who may be anxious to be appointed to do this work should be engaged. This is a Boston investigation, an investigation of a Boston company, and I think qualified Boston experts should receive the benefit of this appointment and of the money to be paid out for this investigation. We should select somebody who has the interests of Boston at heart rather than a man of New York or other affiliations. In saying this, I am saying nothing against the last speaker. I know that he is sincere in this fight, and I know that the other members of the committee are sincere in their desire that the people of this city shall receive lower rates. I do not believe, however, that in passing such an order we should have in mind the benefit of Mr. Block, but should be placed in a position where we may employ the finest available minds in the country, as well as men who have the interest of our city at heart. I trust that a local expert will be employed to conduct this investigation.

The order was passed, yeas 19, Nays—Coun. Shattuck—1.

REPORT OF COMMITTEE ON CLAIMS.

Coun. BRACKMAN, for the Committee on Claims, submitted the following:

Report on petition of Andrew F. Beahn (referred November 12) to be reimbursed for amount of judgment issued against him on account of his acts as operator of motor truck belonging to the Sanitary Division, Public Works Department, recommending passage of accompanying order, viz.:

Ordered, That the sum of two hundred and fifty dollars be allowed and paid to Andrew F. Beahn in reimbursement for the amount of judgment issued against him on account of his acts as operator of a motor truck belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Reserve Fund.

Report accepted; order passed.

President FITZGERALD in the chair.

COMPENSATION FOR ELECTION SUPERVISORS.

President FITZGERALD offered the following:

Ordered, That under the provisions of section 23, chapter 54 of the General Laws, the compensation for supervisors appointed to act in the recent city election, of November 5, 1935, in the various wards of the city be fixed at the rate of \$9 per day. Passed under suspension of the rule.

EMPLOYMENT OF SPECIAL ASSISTANT CORPORATION COUNSEL.

Coun. SELVITELLA offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Corporation Counsel to show cause why it is necessary to employ the services of a special assistant corporation counsel, at the extraordinary salary of \$200 weekly, to conduct an investigation into the activities of former City Treasurer Edmund L. Dolan, in view of the fact that the Law Department has ten high-salaried attorneys in its employ.

Coun. SELVITELLA—Mr. President, several months ago a gentleman by the name of George R. Farnum was employed by the city at a salary of \$200 a week to conduct the investigation into the so-called Dolan matter. Having in mind the fact that only yesterday our attention was called to the fact that the Public Welfare Department is cutting off widows from the use of fuel, it is apparent that we have one department endeavoring to economize at the expense of the poor while another department of the city does not hesitate to spend the taxpayers' money freely. This Dolan matter has been heard so often and it is so well understood by the citizens of Boston that it would certainly seem that any continued expenditure of this kind is entirely unnecessary. That is a fact-finding inquiry, and there is no limitation as to how long this man's services are to be required. If the Council takes no action, he can be employed indefinitely at \$200 a week, and at the end of a year will have received over \$10,000. I think we ought to voice our objection to further retention of such counsel, a man well paid by the

city up to date on this and other similar matters. I think it is about time that we called a halt to needless expenditure of the taxpayers' money where it is not going to do anybody any good.

The order was passed under suspension of the rule.

DISCONTINUANCE OF FUEL AND MEDICAL SUPPLIES.

Coun. WILSON offered the following:

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, not to discontinue fuel and medical supplies for Mothers' Aid cases.

Coun. WILSON—Mr. President, the members of the Council who desired, I believe almost unanimously, the presence of Mr. Dowling this afternoon before the Executive Committee so that he could explain to the Council the proposed discontinuance of fuel and medical supplies for mothers' aid cases, were very much disappointed. I think it should be stated that at least three efforts were made to reach Mr. Dowling at headquarters, but he was not present. No doubt he was absent on city business. I think, therefore, so that our attitude may be placed on record at an early date, we should now instruct our City Messenger to ask Mr. Dowling to appear before our Executive Committee at the next meeting of the Council, thus sending out the notification sufficiently in advance to secure his attendance. I feel that we should have Mr. Dowling notified, because I believe it is the unanimous feeling of the Council that the shutting off of such necessities as fuel and medical supplies from many of the poor who are now mothers' aid cases is certainly a questionable procedure at this particular period of the year. While I may not be expressing the unanimous opinion of the Council, I am certainly voicing my own sentiments when I say it seems rather strange that we are apparently able to find \$180,000 to build three nice local welfare buildings for the handling of welfare cases, when we are not able to find the money that was appropriated in the budget that was passed for these specific mothers' aid purposes.

Coun. NORTON—Mr. President, I would ask that Mr. McMurry also be included in the invitation to appear before us. I understand that all the directors were not present at the particular meeting where this matter was acted upon. I may say also that I believe his Honor the Mayor of Boston, when he hears about the action that was taken, will order a rescission of that vote.

President FITZGERALD—The messenger will take notice and will act accordingly.

The order was passed under suspension of the rule.

THE NEXT MEETING.

Coun. AGNEW—Mr. President, I move that when we adjourn it be to meet one week from next Monday.

Coun. WILSON—Mr. President, I don't want to interfere with any member who is placing a motion before the Council, but I would like to ask if anybody knows when we can expect the chief executive of the city back?

President FITZGERALD—The 24th of November. I understand that he is expected to return on the 24th.

Coun. WILSON—That is a week from Sunday? President FITZGERALD—If that is the 24th.

Coun. WILSON—While I personally don't want to see the Council subjected to unjust criticism for delay in action upon the snow-removal equipment loan, I do feel that the position in which the Council has been placed in that matter by the public press is most unfair. We were told in today's executive meeting by the new Purchasing Agent that he had only been in office since the first of the month and that he had had no time to do more than casually look over the specifications for the biggest purchase of snow-removal equipment in the history of the City of Boston by his department and that if we gave a second reading and passage to the snow removal equipment order today, he figured that it would take him at least a month to decide upon the proper contracts to which to award the various contracts, under the bids. I think this should be made a matter of record in the Council minutes, namely, that if the snow-removal equipment order were given its second reading and passage today, it would still take approximately a month or even longer, according to the statement of the Purchasing Agent, for him, in conjunction with the Park and Public Works Departments, to make the awards under the bids. Having in mind that information that was given us in today's meeting, I certainly would not object to Councilor Agnew's motion that our next meeting should be a week from Monday.

Coun. McGRATH—Mr. President, might I add just a word? In accordance with the action of the council from Ward 21, Councilor Agnew, I believe we should adjourn a week from Monday, as the Mayor of the City of Boston is absent, and in his absence there ought to be someone who would make a decision on this snow-removal purchase who would not be so responsive to the people of Boston as the Mayor of Boston. You witnessed today, Mr. President, perhaps one of the most unusual spectacles in connection with the conduct of city affairs that has ever been witnessed by you or any other member of this

Council. I took the floor of this Council on Tuesday of this week and made the suggestion that we hold the matter open until such time as we had received the information in the possession of the special committee, feeling that the vital information they had should be in the hands of this City Council elected by the voters of the City of Boston. I made that statement because I was convinced at that moment that what had appeared in the papers was true, that when the final purchase was made it would be in accordance with the specific selection by this committee of eight whose names have been given a lot of publicity and that, subject to such supervision, all the mechanics of the specifications looking to the actual purchase had been carefully carried out by the man who has been for a short time our city Purchasing Agent. But you heard the questions I directed to the members of that committee in executive session, members whose names when printed in the public press instilled confidence into every taxpayer of this city. When we saw that on that committee were Col. Tom Sullivan, Fire Commissioner Edward F. McLaughlin, Park Commissioner William P. Long, Eliot Wadsworth representing the Chamber of Commerce, Mr. Steward of the Boston Elevated and a representative of the Eastern Massachusetts road, all qualified and competent men, representing every element in our community, and when we were given to understand that they were to be the ones who were to do the purchasing, I had confidence, as did the editors of certain papers in this city which have commented on the character and caliber of the eight men who would make the final decision on behalf of the taxpayers in this matter. But when today in our executive meeting Joshua Atwood said, "I have already requested that this committee disband," and when today I turned to Eliot Wadsworth and said, "Your name has given in large measure confidence to the people whom I represent here," and he said he wanted to get off and see the committee disband and would in no way take further responsibility for the selection of the equipment, and when the only man there who said he would take the responsibility was the Purchasing Agent, and he said later that it would take him perhaps thirty days or possibly sixty days from the middle of November to arrive at the final decision, not promising it before Christmas, we could see just how little real assumption of responsibility there was behind this whole thing. But the Purchasing Agent did set himself up as a qualified man, willing to assume immediate responsibility, until the gentleman from Ward 18 (Coun. Norton) produced a letter from the General Motors Company, who were willing to place themselves on the spot in the interest of justice in these specifications, and he then retracted and wanted a month. And the only name mentioned was the name mentioned here awhile ago, that of the man who has been for two years Election Commissioner, chief assessor, Corporation Counsel and hospital director, David B. Shaw, the man who is running the City of Boston under cover, the man who has a secret room down in the Election Department where the lights are on after eight o'clock at night, who sends out letters on Assessing Department paper, on Law Department paper, on City Hospital paper, from that department, and who has Corporation Counsel Foley, a splendid young man, on very thin ice, because he does not know what is happening in his department, under him. Your Hospital Department is being disrupted, and your Assessing Department is in difficulties with one man, a splendid fellow, Mike Brophy, desperately sick, another sick, and with Mr. Murphy going to Shaw for decisions. And so I say today that if my vote places in the hands of David B. Shaw the expenditure of \$650,000, I would be breaking my trust to the people who elected me here. If we are not careful, there will be a scandal in connection with this appropriation. We owe a duty to the people. In the eyes of the public the names of this public-spirited committee have in large measure contributed to the presumed sanctity that surrounds this appropriation, but we heard today in executive committee how they repudiated all responsibility. Under the circumstances, if there is one man at the present moment—in the absence of any man on that committee who will accept the responsibility, as was evidently the case in our executive room today—if there is one man to whom we have a right to look, that man is the Mayor of Boston. And let me say to you, sir, that I am not criticizing the Mayor of Boston from the standpoint of honesty, that I am not suggesting anything irregular about the appropriation if it is handled in the Mayor's Office. But he is the one man who should assume the responsibility for the expenditure of this appropriation. His splendid committee of eight men have asked to be relieved from further service. His Purchasing Agent, who has been in office for two weeks and can hardly be expected yet to be fully qualified to understand and perform in a responsible way all the duties of the office, is the one man who has come forward and assumed responsibility, from the mechanical standpoint. I say, Mr. President, that it is not your fault, nor is it the fault of any of the members of the Council, that the Mayor is absent. But remember this. These bids have been advertised, I understand, for three weeks. We have given the order its first reading, and if we now give it its second reading and passage, the bids having been advertised, they can let this contract within twenty-four hours. If we act upon this at our

next meeting, a week from Monday, before the first of December this Council can have passed the appropriation, the Mayor of Boston will be home, and the Mayor, with the bids having been advertised and opened, can immediately call in this committee of eight men, men of high standing in every walk of life, and act. And let me say, in fairness to the new Purchasing Agent, whom I do not criticize because he has not had time to study this matter, that he should not be expected to assume responsibility at this time. This is a matter for which the responsibility should lie not with the Purchasing Agent, but directly with the Mayor. There should be only one Mayor in Boston at the present time. Mr. Mansfield and not Mr. Shaw is the Mayor of this city, elected by the voters of this city, and Mayor Mansfield is the man who eventually will be held responsible. Let us not have anybody pass the buck, regardless of how long the Mayor's vacation is extended. This is a matter that should be taken up by the Mayor upon his return, in the interest of the citizens of this city, who should be protected in expenditures of this character.

Coun. SHATTUCK—Mr. President, I do not believe any time will be lost by the proposed adjournment. The Purchasing Agent said in our executive session that he had given only a cursory examination to the bids and specifications for the purchase of this equipment. He said he had never seen the criticisms made by the General Motors Company or considered their validity; that he had not considered the cost of the equipment, as determined by the bids received and had not determined what was actually needed for this purpose, and he said he would check up on it probably within about thirty days. Let him be doing it now, and when the Mayor has returned the decision can be made. No time will be lost.

Coun. Agnew's motion, that when the Council adjourn it be to meet on Monday, November 25, at 2 p. m., was carried.

BIDS FOR SNOW-REMOVAL EQUIPMENT.

Coun. SHATTUCK offered the following: Ordered, That the Superintendent of Supplies be requested, through his Honor the Mayor, to consider the bids for snow-removal equipment, and the objections which have been raised thereon to the form of the specification, and the probable sum which will be needed as indicated by the bids, and to report thereon to the City Council.

Coun. SHATTUCK—Mr. President, that order simply asks the Superintendent of Supplies to give to us the information we asked for this afternoon and which he said he could not give us because he had made only a cursory examination of the specifications and bids and had not even seen the criticisms that had been made of the form of specifications. By the passage of this order, I think we will be aided in coming to our final conclusion.

The order was passed under suspension of the rule.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President FITZGERALD called up, under unfinished business, No. 1 on the calendar, viz.: 1. Action on appointments submitted by the Mayor October 28, 1935, of Charles Nason and John E. Halligan, Jr., to be Weighers of Goods.

The question came on confirmation. Committee, Coun. Agnew and Selvittella. Whole number of ballots 14; yeas 12, nays 2, and the appointments were confirmed.

MANAGEMENT OF TAX TITLE PROPERTY.

Coun. WILSON—Mr. President, while Councilor Norton is completing an important order, I would like to make a statement, with unanimous consent. I read last night in some of the evening papers a response by Mr. Hall, Public Buildings Commissioner, with reference to my charge of gross mismanagement, or something worse, in the matter of the city's handling of tax title properties. I understand Mr. Hall's alibi to be that there was delay by the City Council in passing the proposed ordinance concerning the handling of city real estate. I wish, first of all, to make clear that my purpose primarily is not to direct any attack against the poorer families who have been fortunate enough, through the negligence of city department heads, to have been living rent free. But I do charge that in scores of cases individuals have successfully and fraudulently appropriated rentals collected from city-owned properties because of laxness and inefficiency on the part of the city. I certainly trust that any such racket is wholly the result of laxness, and not of collusion. Title to many of these properties has been in the city for months. The taxpayers have a right to assume that some responsible city department head, under instructions from the Mayor's office—whether it be the City Treasurer, the Corporation Counsel, or the Public Buildings Commissioner—long since has prepared some report on these various

properties. Mr. Hall says that he has already received the first group of some 600 locations from the Law Department. As a matter of fact, he has had a substantial list of the properties in his possession since the middle of last summer, and he knows it. He says that he has asked for further information regarding each of the 600 parcels, from both the Law and the Assessing Departments. Information from neither of those sources will disclose which parcels of valuable vacant land have been this year used for outdoor parking spaces and are even now being used for that purpose by poachers. Nor will it disclose from which buildings rentals have been illegally and fraudulently collected, although title to the properties has been for months vested in the city. Almost six weeks have passed since the new ordinance in the form requested by the Mayor was passed by the Council. It took me only a few hours last Monday to ascertain the physical facts concerning seven of the properties. A complete survey by two or three competent men may well take a matter of a few weeks, so far as valuations are concerned. But the past six weeks have certainly afforded more than an ample opportunity to weed out the unused vacant spaces and definitely spot the locations where money properly belonging to the city has been and is being unlawfully collected by persons without any right or authority whatever. It should not take any approving smile from the President of the United States, or the creation of any W. P. A. pay roll, to effectually accomplish that. The delay and confusion and money loss are entirely the result of laxness and inefficiency and cold molasses lack of movement on the part of the Public Buildings Commissioner and others, and Mr. Hall knows it, and has known it since as long ago as last March. What does Mr. Hall propose to do in case the management of the properties is not accepted as a W. P. A. project? What steps have been taken even during the past six weeks, or are being now taken, to check up on the unauthorized use of valuable parcels of city-owned land since the land became the property of the city months ago, and in some cases over a year ago? I do not urge any unseemly rush in any eviction of families who have been paying no rent to anyone. But what motive is behind this continued indifference to the scalping of rents from city-owned tenements by persons unlawfully entitled to the money? The next rent day is December 1st. That will be almost two months following the passage of the ordinance. I believe the taxpayers of Boston are entitled to something more than an alibi and something more than a weak attempt to seek the old refuge of blaming the City Council for everything except the Dionne quintuplets. Now, Mr. President, I hope before the meeting is over, you will appoint the requested committee of the City Council. I am afraid in view of last night's weak alibi and in view of what has happened during the past six or eight months, that neither the Council nor the taxpayers of Boston will get to first base until we take the initiative, have a Council committee and call Mr. Hall down here to show the list of properties that I know he has got, and if he does not bring the list with him, then I think I know where I can get a duplicate for him. I think this is an urgent matter. Thousands of dollars are being lost to the city and we are expected today to smile at a saving of \$35,000 through the ceasing of a supply of medicine and to the poorest families in the City of Boston. Within forty-eight hours, Mr. President, there are certain of those valuable properties that can be sold for double the amount of the taxes that they were sold for and raise the \$35,000 needed for coal and medicine before the Mayor gets back from Texas.

Coun. NORTON—I rise to a point of information. I would like to ask the councilor why in his opinion the Council held that order up, giving the Superintendent of Buildings this power he asked for, from May to the 15th of October?

Coun. WILSON—I hesitate naturally, with due modesty, to tell another member of the Council why he as one of twenty-two members was so dilatory in passing the particular ordinance. The ordinance that came in May had not been passed in July. I am not a member of the Committee on Ordinances, and I assume they were probably considering the question. Whatever may have been the reason for the delay, the City of Boston did commence an investigation of these properties. Certain officials of the City of Boston have known for over six months some of the very facts I disclosed earlier in the week, and whether or not there was a delay, now a month has passed since the passage of that necessary order. I assume that long before the delayed ordinance was passed the Public Buildings Commissioner or the City Treasurer, or both, gathered together a detailed list of these various properties forwarded from the Law Department, and if they have any ability whatever, and if the departments over which they preside are properly protecting the taxpayers of the City of Boston, we could call them down here today at five minutes past five, of a Friday afternoon, and get some idea of how the thing stands. I would assume that either Mr. Hall or Mr. Dorsey has not a complete list of a substantial part of these 600 properties, giving the area, whether there is a building on the property, assessed value for the past four or five years, and what the properties were sold for, and whether or not any persons are now occupying them, and

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

CITY OF BOSTON.

OVERSEERS OF THE PUBLIC WELFARE.

P. W. A. PROJECT NUMBER MASS. 1279.

Sealed proposals for the erection and completion of a building for the Overseers of the Public Welfare at 170 Hancock street, Dorchester, in the City of Boston, Mass., prepared in accordance with instructions contained in the contract documents, will be received at the office of the Overseers of the Public Welfare at 43 Hawkins street, Boston, Mass., until 2 p. m., Eastern Standard Time, November 27, 1935, and at that time and place publicly opened and read.

Plans, specifications and other contract documents may be secured at the office of Joseph G. McGann, architect, at 129 Newbury street, Boston, upon the deposit payment of \$300. Said deposit shall be included in all proposals and will be refunded to all except the successful bidder when such documents are returned in good condition to Joseph G. McGann, architect, 129 Newbury street, Boston.

Each proposal must be accompanied by a certified check for the sum of \$2,000 made payable to the City of Boston.

All checks, except that of the bidder to whom the contract is awarded, will be returned immediately after the awarding of the contract.

The project is to be financed and constructed under the terms of the Emergency Relief Appropriation Act of 1935 and chapter 366, Massachusetts Acts of 1933, as amended, and attention is called to the "Construction Regulations" prescribed by the P. W. A.

Attention is called to the fact that minimum wage rates are established for the project and are set forth in the contract documents.

The office of the United States Employment Bureau designated by the Government for this project is Massachusetts State Employment Service, 100 Nashua street, Boston.

The right is reserved by the City of Boston, Mass., acting through its Overseers of the Public Welfare, to reject any or all bids, or to accept any bid which it deems most advantageous, subject to the approval of the State Director P. W. A.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

A surety bond by a company satisfactory to the State Director, P. W. A., and in an amount equal to one hundred (100) per cent of the contract price will be required from the successful bidder.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Overseers of Public Welfare, 43 Hawkins street, and at the office of Joseph G. McGann, architect, 129 Newbury street, Boston, Mass.

JAMES A. McMURRY.

Chairman of the Board of Public Welfare.
(Nov. 16-23.)

1934 PAVING BRICK SHIPMENTS DOUBLE 1933.

According to reports received in December by the National Paving Brick Association, Washington, D. C., the total shipments of paving brick used in 1934 were expected to attain a total of 125,000,000, at least double the quantity used in brick pavements in 1933. O. W. Renkert, of Canton, Ohio, president of the association, accounts for this 100 per cent increase over the previous year by citing several factors responsible for expanding the use of vitrified brick as a street and highway surfacing material. The construction of widened arteries of traffic in and through municipalities has been favorable to the heavy-duty type of pavement, such as brick. Relief to traffic is provided where there is the most congestion, and employment is afforded in populated districts where distress is the greatest.

CITY OF BOSTON.

OVERSEERS OF THE PUBLIC WELFARE.

P. W. A. PROJECT NUMBER MASS. 1314.

Sealed proposals for the erection and completion of a building for the Overseers of the Public Welfare at Maverick and Bremen streets, East Boston, in the City of Boston, Mass., prepared in accordance with instructions contained in the contract documents, will be received at the office of the Overseers of the Public Welfare, 43 Hawkins street in Boston, Mass., until 2 p. m. Eastern Standard Time, November 27, 1935, and at that time and place publicly opened and read.

Plans, specifications and other contract documents may be secured at the office of Joseph G. McGann, architect, at 129 Newbury street, Boston, upon the deposit payment of \$300. Said deposit shall be included in all proposals and will be refunded to all except the successful bidder when such documents are returned in good condition to Joseph G. McGann, architect, 129 Newbury street, Boston.

Each proposal must be accompanied by a certified check for the sum of \$2,000 made payable to the City of Boston.

All checks, except that of the bidder to whom the contract is awarded, will be returned immediately after the awarding of the contract.

The project is to be financed and constructed under the terms of the Emergency Relief Appropriation Act of 1935 and chapter 366, Massachusetts Acts of 1933, as amended, and attention is called to the "Construction Regulations" prescribed by the P. W. A.

Attention is called to the fact that minimum wage rates are established for the project and are set forth in the contract documents.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

NATIONAL INDUSTRIAL RECOVERY PROJECT P. W. A. DOCKET NO. MASS. 1086.

NOTICE TO CONTRACTORS.

Sealed proposals addressed to the Commissioner of Public Works and indorsed "Proposal for Rebuilding the Chelsea Street Bridge over Chelsea Creek," will be received at Room 508, City Hall Annex, until 12 m. (E. S. T.) of Wednesday, the fourth day of December, 1935, and at that time and place will be publicly opened and read. Specification and contract forms may be obtained at Room 508, City Hall Annex, upon payment of the sum of fifteen (15) dollars (non-returnable). Each proposal must be accompanied by a properly certified check in the sum of twenty-five thousand (25,000) dollars payable to the City of Boston. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. Checks will be returned after the awarding of the contract upon demand. The project is to be financed and constructed under the terms of the National Industrial Recovery Act, Emergency Relief Appropriation Act of 1935, and chapter 366 of the Acts of 1933, as amended, of the Commonwealth of Massachusetts, and attention is called to the construction regulations prescribed by the P. W. A.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor, at Room 508, City Hall Annex.

The employment agency designated by the Government is the State Public Employment Office, 100 Nashua Street, Boston. The award of this contract is conditioned upon funds being made available for this work and the City of Boston reserves the right to hold the bids for a period of sixty (60) days from the date of the opening thereof. A surety bond by an approved surety company will be required from the successful bidder in an amount not less than the full amount of the contract. The right is reserved to reject any or all proposals, or to accept any proposal deemed best for the interest of the City of Boston, and no award can be made without the approval of the Acting State Director.

C. J. CARVEN,
Commissioner of Public Works.

(Nov. 16-23.)

SUPPLY DEPARTMENT.

PROPOSALS FOR CAST-IRON WATER PIPE AND SPECIAL CASTINGS.

The Supply Department of the City of Boston invites proposals for furnishing to the Water Service:

- 500 tons 16-inch B. & S. pipe;
- 500 tons 20-inch B. & S. pipe;
- 850 tons 24-inch B. & S. pipe;
- 17 tons special castings;

according to specifications which must be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. There will be a charge of twenty-five cents (\$.25) for each proposal taken out. The bid, with a certified check for \$500, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before Tuesday, December 3, 1935, at 12 m., at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
Superintendent of Supplies.
(Nov. 23.)

36,000 TRAFFIC DEATHS IN 1934.

The automobile casualty toll for 1934 was 36,000 persons killed in 882,000 personal-injury collisions on streets and highways, according to the Travelers Insurance Company. Pedestrians accounted for 44 per cent of the fatalities.

The death gain was 16 per cent against an increase of only 6 per cent in registrations and gasoline consumption. Fast driving is given as the dominant factor. Alcohol is known to have figured with 3.16 per cent of the drivers and 4.46 per cent of the pedestrians, compared with 2.43 and 2.99 per cent respectively in 1933.

Despite figures indicating that nine out of ten cars involved in accidents were in good condition, three out of every four cars inspected were found to be defective, says the report. Defects were as follows: Brakes bad on 29 per cent of the cars; tires fair to poor on 56 per cent; lamps needed adjustment or replacement on 63 per cent.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

P. W. A. PROJECT NUMBER MASS. 1090.

1 Sealed 1 Separate Sealed proposals for the following Item:

(A) Construct and complete an Intermediate School, including all trades, in the Phillips Brooks District, in the City of Boston, Mass., prepared in accordance with instructions contained in the contract documents, will be received at the office of the Department of School Buildings at 11 Beacon street in Boston, Mass., until 2 o'clock p. m., Eastern Standard Time, December 5, 1935, and at that time and place publicly opened and read. The additional copy of the proposal form shall be removed from the book of specifications and after filling out shall be sealed in an envelope and delivered to the Auditor of the City of Boston, at the City Hall, School street, Boston, Mass., before the time for the opening of the proposals.

Plans, specifications and other contract documents may be secured at office of Superintendent of Construction at the above address, 11 Beacon street, upon the deposit payment of \$100 certified check for proposal A.

Said deposit will be refunded when such documents are returned in complete and good condition.

Each proposal must be accompanied by a certified check for the sum of \$10,000 for Proposal A, made payable to the City of Boston.

All checks, except that of the bidder to whom the contract is awarded, will be returned within seventy-two hours after the awarding of the contract and receipt must be given therefor.

The project is to be financed and constructed under the terms of the Emergency Relief Appropriation Act of 1935 and chapter 366 Massachusetts Acts of 1933, as amended, and attention is called to the "Construction Regulations" prescribed by the P. W. A.

Attention is called to the fact that minimum wage rates are established for the project and are set forth in the contract documents.

The office of the United States Employment Bureau designated by the Government for this project is E. L. Hanna, 100 Nashua street, Boston, Mass.

The right is reserved by the City of Boston, Mass., acting through its Superintendent of Construction, to reject any or all bids, or to accept any bid which it deems most advantageous, subject to the approval of the State Director, P. W. A.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

A surety bond by a company satisfactory to the State Director, P. W. A., and in an amount equal to one hundred (100) per cent of the contract price, will be required from the successful bidder.

No award can be made without the approval of the State Director, P. W. A.

WM. W. DRUMMEY,
Superintendent of Construction.

(Nov. 23-30.)

GOVERNMENT REPORTS ON ELECTRIC RATES.

Two government bodies reported on electric rates in February. Indeed, the joint legislative committee of New York included gas as well as power and light rates, finding them all unfavorable to the consumer. This was on February 15, and twelve days prior to this the Electric Rate Survey of the Federal Power Commission made public a set of comparative tables showing the widely differing rates effective on January 1, 1935, in the 191 cities of 50,000 or more, constituting 49 per cent of the residential customers in the United States. All communities of 1,000 or more will eventually be covered by June 30 next.

This latter survey, under the direction of William E. Mosher, shows that cities owning their own plants charge less than do the commercial utilities. In cities of 100,000 or more having the lowest rates, this was invariably the case. In these cities where rates were highest, Jacksonville was the only municipally served city.

RELIEF-ROLL EMPLOYEES FOR SNOW REMOVAL.

It was good news to cities throughout the country when the Federal Emergency Relief Administration notified State Emergency Relief Administrations that men on relief rolls might be used for snow-removal projects in all communities where there was need for such labor. This action gave work to thousands of men who were in urgent need of help, and at the same time it aided materially in keeping streets and sidewalks open for traffic in many communities where street cleaning departments were financially unable to cope with the storm.

CITY OF BOSTON.

PUBLIC BUILDINGS DEPARTMENT.

P. W. A. PROJECT NUMBER MASS. 1280.

Sealed proposals for the general contract for alterations to Quincy Market, situated on Commercial, North and South Market streets and Merchants row, in the City of Boston, Mass., prepared in accordance with instructions contained in the contract documents, will be received at the office of Superintendent of Public Buildings, at 1005 City Hall Annex, Boston, Mass., until two (2) p. m., Eastern Standard Time, December 6, 1935, and at that time and place publicly opened and read. Proposals must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, before the time of opening the bids. Plans, specifications and other contract documents may be secured at office of McLaughlin & Burr, John M. Gray Company, Associated Architects, at 88 Tremont street, Boston, Mass., upon the deposit payment of \$600. Said deposit shall be included in all proposals and will be refunded to all except the successful bidder when such documents are returned in good condition to the Associated Architects at 88 Tremont street, Boston, Mass. Each proposal must be accompanied by a certified check for the sum of \$5,000, payable to the City of Boston. All checks except that of the bidder to whom the contract is awarded will be returned within three days after the awarding of the contract. The project is to be financed and constructed under the terms of the Emergency Relief Appropriation Act of 1935 and chapter 366, Massachusetts Acts of 1933, as amended, and attention is called to the "Construction Regulations" prescribed by the P. A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

HISTORICAL DATA ABOUT WARDS.

The term "ward" first appears in a fire-protection order, approved by the Town on August 29, 1679, dividing the Town into 4 quarters with 2 wards each. The 8 wards had previously been military districts.

On August 11, 1713, the Selectmen "agreed upon a distribution of the Town into distinct Wards or Precincts."

On February 1, 1715, it was "voted to make a new division of the Town into eight distinct Wards."

On March 9, 1735, it was voted to divide the Town into 12 wards to facilitate the work of the Overseers of the Poor.

On March 13, 1822, the Selectmen divided the Town into 12 wards on the basis of the U. S. Census of 1820.

By an ordinance which took effect on the second Monday of December, 1838, there was a revision of the wards.

On April 29, 1850, the City Council accepted Chap. 167 of the Acts of 1850, which altered the wards on the basis of legal voters rather than on the number of inhabitants.

By ordinance taking effect on November 15, 1865 new ward lines were established.

In the annexation period, 1865-1875, the number of wards was increased from twelve to twenty-one.

By Chap. 243, Acts 1875, the City Council was ordered to cause a new division of the City into twenty-four wards in the year 1875 in such manner as to include an equal number of voters in each ward. This division was made, taking effect on December 13, 1875. On May 27, 1876, the City Council, in accordance with Chap. 242, Acts of 1876, divided one of the wards in two, making a total of 25 wards for the City.

By ordinance passed April 20, 1895, under authority of Chap. 437, Acts of 1888, and Section 96 of Chap. 417, Acts of 1893, ward lines were established on the basis of the number of voters registered at the City election of 1894, there still being 25 wards.

The annexation of Hyde Park, effective January 1, 1912, made an additional ward.

By enactment of December 28, 1914, under authority of Chap. 630, Acts of 1914, the City Council redivided the City into 26 wards.

The latest redivision, established December 30, 1924, under authority of Chap. 410, Acts of 1924, consists of 22 wards.

OWNED AND RENTED HOMES IN UNITED STATES, NEW ENGLAND AND MASSACHUSETTS, 1930—ALSO BOSTON.

Total homes in UNITED STATES, 29,904,663, of which 14,002,074 or 46.8 per cent were owned, 15,319,817 or 51.2 per cent were rented, and 582,772 were of unknown tenure. Native white families, 20,968,803; foreign-born white families (the head of the family being a foreign-born white person), 5,736,491; Negro families, 2,803,756; other races, 395,613.

The native white families owned 10,255,682 homes and rented 10,314,500 homes; the foreign-born white families owned 2,968,707 homes and rented 2,690,300 homes; the Negro families owned 669,645 homes and rented 2,050,217 homes; the other races owned 108,040 homes and rented 264,800 homes.

Total homes in NEW ENGLAND, 1,981,499, of which 915,441 or 46.2 per cent were owned, 1,042,521 or 52.6 per cent were rented, and 23,537 were of unknown tenure. Native white families, 1,203,304; foreign-born white families, 753,231; Negro families, 22,864; other races, 2,100.

Total homes in MASSACHUSETTS, 1,021,160, of which 439,238 or 43.0 per cent were owned, 569,645 or 55.8 per cent were rented, and 12,277 were of unknown tenure. Native white families, 579,751 (306,978 or 30.06 per cent were native white of native parentage and 272,773 or 26.71 per cent were native white of foreign or mixed parentage); foreign-born white families, 427,385 or 41.85 per cent; Negro families, 12,637 or 1.24 per cent; other races, 1,387 or 0.14 per cent.

Total homes in BOSTON, 179,200, of which 45,986 or 25.66 per cent were owned, 130,140 or 72.62 per cent were rented and 3,074 were of tenure unknown. Divided by color and nativity of head of owner-families, 7,741 were native white of native parentage; 11,137 were native white of foreign or mixed parentage; 26,366 were foreign-born white; 726 were Negro and 16 were of other races.

Of the renter-families, 27,267 were native white of native parentage; 36,428 were native white of foreign or mixed parentage; 61,505 were foreign-born white; 4,431 were Negro, and 509 were of other races.

POPULATION OF UNITED STATES, NEW ENGLAND AND MASSACHUSETTS.

Continental United States (i. e., 48 states and the District of Columbia) in 1930, 122,775,046; outlying possessions, 14,233,389; total, 137,008,435; New England, 8,166,341; Massachusetts, 4,249,614 or 52.04 per cent of New England and ranking eighth in the Union. In density of population Massachusetts ranks second, i. e., 528 per square mile of land, Rhode Island ranking first, with 644 per square mile of land.

Population of the other New England States in 1930, ranking from the highest total: Connecticut, 1,606,903; Maine, 797,423; Rhode Island, 687,497; New Hampshire, 465,293; Vermont, 359,611. Density for New England, 132 per sq. m.; for U. S. 48 states and the District of Columbia) 41 per sq. m.

The population of the United States increased 16.1 per cent since 1920, that of New England 10.3 per cent and that of Massachusetts 10.3 per cent.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, NOVEMBER 30, 1935.

No. 48

MAYOR MANSFIELD MAKES ANNOUNCEMENT OF PLANS FOR ADDITIONAL FOOD FOR PUBLIC WELFARE RECIPIENTS—TELLS OF PLANS FOR TWO CANNING PROJECTS THAT WILL SUPPLY FISH CHOWDER AND VEGETABLES, IN RADIO ADDRESS BROADCAST FROM CITY HALL STATION—PROJECTS BEING CARRIED ON AT BOSTON FISH PIER EMPLOYING 112 PERSONS AND ANOTHER ON DIGHTON STREET, BRIGHTON, EMPLOYING 171 PERSONS FOR PREPARING VEGETABLES.

The following is the radio address of Mayor Frederick W. Mansfield over Station WNAC, Tuesday, November 26, on the subject "Additional Food for Public Welfare Recipients":

It is appropriate that the largest fish chowder project known in this part of the country should originate in Boston. Not only is fish chowder as indigenous to Boston as are baked beans and brown bread, but Boston is the largest fish market in America.

By December 1st, House 39 of the Boston Fish Pier, owned by O'Hara Brothers Company, Incorporated, and lent by them to the city, will open its doors to give work to approximately 112 persons now on relief rolls—90 of them women—and will turn out about 4,000 quarts of canned fish chowder each day to be distributed to the needy on the rolls of the Public Welfare Department and other relief agencies within the city.

In addition to this, a vegetable canning project will be ready for the employment of 171 persons, 134 of whom will be women, at the Bennett School Annex, Dighton street, Brighton, with a daily output of 3,350 quarts of canned vegetables.

The two projects have been put on under the direction of the District Director of Women's Activities, who announces that within a few days supervisors of both plants will be given a brief period of intensive training. These supervisors have been chosen from those on relief rolls who have adaptability and experience in food preparation and handling. As soon as they have been familiarized with the requirements of their jobs, the projects will be set in motion, and 224 women and 59 men will be set to work turning out approximately 7,350 quarts of canned goods daily, equivalent to 14,700 pounds of wholesome food, to be distributed to needy families.

While the primary object of both government enterprises is to put people to work and give them a chance to get off relief rolls, all those responsible for these projects are insistent that only the best products shall be turned out. The formulas have been established and will be supervised by Prof. William R. Cole of Massachusetts State College at Amherst, in charge of food projects in the state. Modern, scientific food-preserving methods are being used. Up-to-date machinery and equipment have been installed; proper sanitary and health precautions are being taken; and plans and specifications call for nourishing and hygienically-prepared fish chowder and canned vegetables.

A recent trip to the Bennett School Annex at Brighton and to the Fish Pier showed both these enterprises in a state of readiness; all remodeling and renovations are completed, and the plants will be in readiness for the workers by the end of the month.

Vegetables by Car Load.

Five rooms of the Bennett School Annex, an unused public school building of eight rooms on Dighton street, in Brighton, have been transformed by the city into a canned vegetable production center, which will soon hum with activity.

The basement of the old school annex has been provided with a chute, which will deposit in the reception bins car loads of carrots, beets, apples, onions, potatoes, and other vegetables, which will be bought by the Government in the open market.

Classrooms have been changed into pleasant workrooms. Desks and rostrums have given place to washing and blanching tanks, steam exhaust boxes, retorts, and preparing and filling tables.

A formidable-looking sealing machine holds the center of the room. A portable electric hoist lifts the cans from the retorts and deposits them in wire baskets and thence into the cooling tank where men and women in clean white uniforms will supplant teachers and students of former days.

First, the vegetables will be deposited in washing tanks and scrubbed with wire brushes. They will then be piled into wire baskets and placed in the blanching tanks, which are heated by steam coils, and there brought to the boiling point. The outer skin is loosened by this process; and after the baskets have been lifted into a bath of cold water the vegetables will be ready for the preparing table. Here the women, equipped with paring knives and necessary implements, will prepare them, remove the skin, and dice or cut them into proper shape for the tins.

At the filling table, the diced, sliced, or quartered vegetables will be put into tins holding approximately one quart, known to the initiated as "2½ tins." Water and salt will be added in correct proportion; then the open tins will be put into trays and slid into the "exhaust," a long wooden compartment heated with live steam at a pressure of about fifteen pounds. They will remain in here about three or four minutes until the temperature of the can is approximately 180 degrees, in order to dispel all air from the cans.

(Continued on page 448.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending November 23, 1935:
Population as of July, 1935, Massachusetts State Census, 817,713; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 185; nonresidents, 43; total, 228.

Death rate per 1,000 of population:
All deaths, 14.85; nonresidents deducted, 12.05.

Death rate per 1,000 of population:

Last week, 12.70; corresponding week last year, 13.93.

Deaths by age periods, sex, etc.: Under one year, 16; one year to four years, inclusive, 4; sixty years and over, 114. Total deaths: Male, 128; female, 100; deaths in hospitals and institutions, 138; deaths of colored, 9.

BROADCAST BY MAYOR.

(Continued from page 1441.)

They will be taken out of the other end of the compartment, placed on rolling tables, and carried to the sealing machine. Each tin is there automatically and hermetically sealed. The hot cans will then be lifted into great round wire baskets or containers which are pushed about the floor with the ease of roller coasters.

When once these baskets are filled with their quota of sealed tins, they are lifted by the electric hoist and deposited in one of the big shining retorts, which have a steam pressure of about twelve pounds. The period of immersion in the retort varies from twenty to forty minutes, according to the product. The retorts are equipped with thermometer, steam gauge, and safety valves for checking and keeping accurate control of temperature.

Once the canning process is completed in the retort, the baskets of cans are hoisted again to the rollers, carried to the cooling tank and immersed in the cold water, which flows continuously. The cooling process is completed by laying the cans on their sides in the storeroom, where they are later stamped with rubber stamps, giving the name of the product, and bearing the warning "Not to be sold."

The tins are then packed in cartons and shipped to Public Welfare Commodity Stations for distribution to the needy and unemployed; and the vegetables will add many of the required vitamins and minerals to the menu of public welfare recipients this winter.

Fish chowder, of course, is made in a different environment, and in a somewhat different manner, because the chowder is heated before it is sealed in the cans, and the preparation of the concoction requires skilled men butchers to fillet

the fish and to do the heavy and laborious work in connection with canning.

At the Fish Pier, on the lower floor, preparation has been made for the six sturdy fish butchers who will fillet the cod, haddock, hake, pollack, and other fish which is to form the chief ingredient of the chowder. To the men to be employed in this work will fall the job of preparing the fish, making ready the parts used for the broth, and doing the heavy labor and cleaning up the cannery. The women will prepare, peel, and dice the potatoes and onions, mix the chowder, ladle the hot liquid into the tins, and stamp and pack the product. Each worker will turn out about six cans per hour, a total output of 4,000 cans a day, with 90 women doing the actual canning.

The upper floor of House 39 is fitted with long tables at which the women will work. On one side are ranged the shining steam-jacketed copper kettles. On the other is the big caldron for the broth. The sealing machine and the electric hoist hold prominent positions, and there are glistening knives, ladles and all sorts of implements of the trade in evidence.

The fish is first cut into sections by experienced butchers; the bones and other portions used for broth are put into a caldron; and to this later is added the fillets cut into proper sizes, the potatoes diced with precision, onions shaved to a nicety, and salt and pepper in scientific proportions. The whole mixture is thoroughly heated in the steam-jacketed kettles, and then ladled into the cans, holding approximately one quart.

The cans are sealed by the automatic machine sealer, placed in retorts of pressure cookers in big steel baskets, and brought up to a temperature of 240 degrees. They remain in the retort for 120 minutes under ten pounds of steam pressure. They are then taken out, cooled by the usual method in the tanks,

set aside to cool further, and then stamped and packed in cartons, ready for distribution to the families in need of this additional sustenance.

RECIPE WORKED OUT.

The fish chowder recipe has been carefully worked out by Professor Cole and other nutrition experts in order to insure a nourishing, and at the same time inexpensive, product—one easily handled by amateurs in this line of work. It is distinctly not to be made in competition with commercial brands, and is not for sale.

The chowder will be made in quantities comprising the following ingredients:

- 8 pounds of fish fillets.
- 13 quarts of fish broth.
- 22 pounds of diced potatoes.
- 2 pounds of diced onions.
- 12 ounces of salt.
- 1½ ounces of pepper.

The total daily output calls for 2,505 pounds of filleted fish.

The W. P. A. workers on the Fish Pier will wear white uniforms, and every precaution has been taken to ensure a perfect product, made under sanitary conditions.

The personal comfort of the employees has been considered, and, as far as possible, the city authorities, under the direction of the Public Welfare Department, and Federal authorities, under the auspices of Arthur G. Rotch, Federal Emergency Relief Administrator, have united to make a worth-while enterprise out of this effort to provide food and work for the unemployed.

These projects have been designed so as not to interfere with or hamper similar business enterprises. It is understood that the food will be given to those who would not otherwise be able to get it, and that the employed will be from relief rolls, thus cutting down the number on public welfare.

In setting up these canning projects, Boston Federal and city authorities consulted leaders in the fish and canned food industries, and secured their cooperation and sanction for the method of procedure. Modern equipment has been provided and materials for both projects will be bought in the open market. In addition to this, many skilled workers and laborers have been employed in installing equipment for these two projects, including painters, carpenters, gas fitters, and electricians.

O'Hara Brothers have been so much interested that they have donated the use of their house on the Fish Pier, with a frontage on the harbor, access to the open market, and all facilities for handling and operating the project. Others who have been consulted in the preliminary plans for these projects include the following: American Can Company; Mr. Rufus H. Stone, Executive Director of the Fishermen's Relief Corporation, Portland, Maine; Mr. William P. Desmond of the Bureau of Marine Fisheries, Boston; Mr. Clarence Birdseye of the Birdseye Electric Company, Incorporated, Gloucester; Mr. C. J. Halligan, Jr., of O'Hara Brothers Company, Incorporated, Mr. F. A. Harding of William Underwood Company, Watertown; Mr. Fullham, President of the Boston Fish Market Corporation; and Captain Paul W. George of the Boston Quartermaster's Depot, Army Base.

The vegetable canning project follows the general plan of those under Massachusetts cities, including Wrentham, Haverhill, Lawrence, Brockton, Reading, and Springfield, but the chowder project is so far unique to the City of Boston.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertises for proposals for constructing and completing the Special Class Center School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$5,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, December 3, at 2 p. m.

Advertises for proposals for constructing and completing an intermediate school, including all trades, in the Phillips Brooks District. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$10,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, December 5, at 2 p. m.

Advertises for proposals for constructing and completing an addition and alterations to the South Boston High School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$10,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, December 11, at 2 p. m.

Advertises for proposals for erecting and completing an intermediate school in the Dudley District. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$10,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, December 13, at 2 p. m.

LIBRARY DEPARTMENT.

Advertises for proposals for the transportation of books and other material between the Central Library and branches. Surety bond will be required in a sum satisfactory to the trustees. Doctors Milton H. Clifford and Robert T. Phillips to be assistant visiting physicians, to take the places of Doctors Earle B. Wheeler and James C. Healy, resigned.

The following changes have been made in the personnel:

Long Island Hospital.

Appointments: James A. Waldron, institution employee, watchman, temporary, \$600 a year; Elsie M. Maloney, institution employee, waitress, temporary, \$316 a year; Ervin H. Rankin, institu-

tion employee, porter, \$526 a year, to succeed James F. Foran; Anna Manley, institution employee, waitress, temporary, \$316 a year; Michael J. Craffy, institution employee, helper in carpenter shop, \$600 a year, to succeed Timothy Reilly; Joseph J. E. Cosby, James Maloney, institution employees, attendants, \$600 a year; John A. Douglas, William J. Gorrell, institution employees, porters, \$526 a year.

Employment Terminated: Estridge W. You, M. D., interne, \$600 a year, internship completed.

Resignations: Eleanor Carroll, institution employee, waitress, temporary, \$316 a year, voluntary; Leo F. Russell, institution employee, helper in engine room, \$600 a year, voluntary; Timothy J. Reilly, institution employee, carpenter, helper, \$700 a year, voluntary; William W. Flander, institution employee, attendant, \$600 a year, voluntary; Helen Dalton, Nellie J. Cole, institution employees, waitresses, \$316 a year, voluntary.

Transfers: James F. Foran, institution employee, porter, \$700 a year, to Public Works Department; Ervin H. Rankin, John A. Douglas, institution employees, attendants, \$600 a year, from porters at \$526 a year.

Course Completed: Amy K. Proctor, Dorothy A. T. Monahan, student nurses, \$600 a year.

Discharge: William Morley, institution employee, cook, \$600 a year, unsatisfactory.

Steamers "Hibbard" and "O'Meara."

Appointments: John J. Columbo, deckhand, temporary, \$1,700 a year; Joseph DeSourza, engineer, temporary, \$1,800 a year.

The following changes have been made in the personnel for the week ending Thursday, November 21:

Long Island Hospital.

Appointments: Cecelia A. Flanders, institution employee, waitress, \$316 a year; Marjorie A. Sullivan, institution employee, waitress, \$316 a year, to succeed Helen Dalton; Helen C. Stewart, institution employee, waitress, \$316 a year; Henry C. McCarthy, institution employee, helper in engine room, \$600 a year, to succeed Leo F. Russell; James A. Clancy, institution employee, carpenter's helper, \$600 a year, to succeed William Fleming; John J. Driscoll, institution employee, cook, \$600 a year, temporary.

Resignations: Catherine Lannon, institution employee, attendant, \$600 a year, voluntary; Missie J. Needham, institution employee, laundress, \$600 a year, voluntary.

Transfers: Margaret Conley, institution employee, attendant, \$600 a year, from wardmaid at \$526 a year; Ada A. Soper, institution employee, wardmaid, \$526 a year, from waitress at \$316 a year; Winfield S. Small, institution employee, carpenter's helper, \$600 a year, from carpenter at \$1,200 a year; Helen Rowe, institution employee, attendant, \$600 a year, from wardmaid at \$526 a year; Anne DeSavache, institution employee, wardmaid, \$526 a year, from waitress at \$316 a year; William J. Gorrell, John J. Cunningham, institution employees, attendants, \$600 a year, from porters at \$526 a year.

Employment Terminated: Margaret D. Weeks, staff nurse, temporary, \$960 a year.

LAW DEPARTMENT.

Joseph C. McLaughlin has been appointed special assistant investigator at \$22 a week, for the period of three weeks commencing November 12.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the following step-rate increases and changes in designation:

Esther H. Angel, social worker, from \$1,300 to \$1,400 a year; Margaret R. Anglin, stenographer, from \$1,000 to \$1,100 a year; Pearl B. Aronson, Marion E. Barry, Agnes G. Batts, social workers, from \$1,300 to \$1,400 a year; John J. Benesh, bookkeeper's assistant, from \$1,000 to \$1,100 a year; Eleanor Blackmur, social worker, from \$1,500 to \$1,600 a year; Henry Boodman, Harry L. Boogman, Melville Borison, Edward F. Bown, bookkeeper's assistants, from \$1,000 to \$1,100 a year; Mary E. Bown, stenographer, from \$1,100 to \$1,200 a year; Cynthia Bradford, social worker, from \$1,300 to \$1,400 a year; Thomas Bresnahan, from clerk-laborer to custodian, from \$1,700 to \$1,800 a year; Charles F. Brown, clerk, from \$1,000 to \$1,100 a year; Emma J. Brown, social worker, from \$1,300 to \$1,400 a year; Samuel Brown, social worker, from \$1,700 to \$1,800 a year; Ren H. Buckman, clerk, from \$1,100 to \$1,200 a year; Harold Burwood, stenographer, from \$1,100 to \$1,200 a year; Margaret M. Butler, clerk, from \$1,000 to \$1,100 a year; Gertrude E. Byrne, clerk, from \$1,100 to \$1,200 a year; Agnes G. Cadigan, clerk, from \$1,400 to \$1,500 a year; Helen F. Cadigan, John F. Cahill, social workers, from \$1,300 to \$1,400 a year; Charles L. Callahan, clerk, from \$1,100 to \$1,200 a year; John J. Callahan, bookkeeper's assistant, from \$1,000 to \$1,100 a year; Josie A. Callahan, social worker, from \$1,300 to \$1,400 a year; Abby M. Carey, clerk, from \$1,000 to \$1,100 a year; Alice M. Carey, social worker, from \$1,300 to \$1,400 a year; Rita T. Casey, stenographer, from \$1,000 to \$1,100 a year; William E. Casey, from clerk to chief of addressograph section, from \$1,300 to \$1,400 a year; Jeanne C. Caust, social worker, from \$1,500 to \$1,600 a year; Mabel P. Cavanaugh, Philip Charam, bookkeeper's assistants, from \$1,000 to \$1,100 a year; Lucy M. Church, social worker, from \$1,300 to \$1,400 a year; Sadie Cohen, clerk, from \$1,000 to \$1,100 a year; Wolf B. Cohen, bookkeeper's assistant, from \$1,000 to \$1,100 a year; Dorothy E. Collins, stenographer, from \$1,100 to \$1,200 a year; Lawrence Collins, from visitor to consultant on insurance, from \$1,500 to \$1,600 a year; Thomas Collins, George W. Condon, Claire Conley, James P. Connolly, social workers, from \$1,300 to \$1,400 a year; Cecelia A. Conway, from clerk to chief of billing clerks, from \$1,400 to \$1,500 a year; Helen Conwell, clerk, from \$1,100 to \$1,200 a year; Peter A. Conner, social worker, from \$1,500 to \$1,600 a year; Evelyn F. Conillo, bookkeeper's assistant, from \$1,000 to \$1,100 a year; Rose M. Conliffe (Jr.), social worker, from \$1,700 to \$1,800 a year; Anna G. Coughlin, clerk, from \$1,200 to \$1,300 a year; Catherine M. Coughlin, stenographer, from \$1,100 to \$1,200 a year; Ralph L. Crutcher, from clerk to assistant from \$1,100 to \$1,200 a year; John J. Cullen, clerk, from \$1,100 to \$1,200 a year; John J. Davis, bookkeeper's assistant, from \$1,000 to \$1,100 a year; Don L. Davis,

social worker, from \$1,300 to \$1,400 a year; Margaret F. Doherty, stenographer, from \$1,100 to \$1,200 a year; Frances E. Donahue, Louise A. Donahue, social workers, from \$1,300 to \$1,400 a year; Margaret M. Donohue, stenographer, from \$1,000 to \$1,100 a year; Catherine Donohue, bookkeeper's assistant, from \$1,000 to \$1,100 a year; Margaret C. Donovan, social worker, from \$1,300 to \$1,400 a year; Regina Donovan, bookkeeper's assistant, from \$1,000 to \$1,100 a year; Arthur G. Downey, social worker, from \$1,300 to \$1,400 a year; Gerald T. Driscoll, aid and settlement agent, from \$1,300 to \$1,400 a year; Nellie V. Driscoll, assistant paymaster, from \$1,600 to \$1,700 a year; David A. Duff, social worker, from \$1,300 to \$1,400 a year; Mary F. Duff, from clerk to secretary to executive director, from \$1,600 to \$1,800 a year; Thomas J. Dwyer, bookkeeper, from \$1,800 to \$1,900 a year; William C. Ellis, clerk-typist, from \$1,100 to \$1,200 a year; Johanna C. Emerson, social worker, from \$1,300 to \$1,400 a year; Belle Epstein, clerk, from \$1,500 to \$1,600 a year; Helen E. Epstein, stenographer, from \$1,000 to \$1,100 a year; Evelyn J. Epstein, stenographer, from \$1,300 to \$1,400 a year; Edmund J. Farrell, social worker, from \$1,500 to \$1,600 a year; Anna L. Fennessey, social worker, from \$1,300 to \$1,400 a year; Marion E. Fernald, stenographer, from \$1,000 to \$1,100 a year; Catherine E. Flaherty, bookkeeper's assistant, from \$1,100 to \$1,200 a year; Mary Ida Flanagan, stenographer, from \$1,000 to \$1,100 a year; Augusta Franklin, social worker, from \$1,300 to \$1,400 a year; Joseph M. Foley, social worker, from \$1,700 to \$1,800 a year; Benjamin Fritz, aid and settlement agent, from \$1,300 to \$1,400 a year; Morris Furman, bookkeeper's assistant, from \$1,000 to \$1,100 a year; Jennie Futransky, social worker, from \$1,300 to \$1,400 a year; Edith M. Galvin, aid and settlement agent, from \$1,300 to \$1,400 a year; Jeremiah F. Galvin, stenographer, from \$1,100 to \$1,200 a year; Samuel Gelewitz, clerk, from \$1,100 to \$1,200 a year; Louise Gemelli, Lillian M. Gideon, social workers, from \$1,300 to \$1,400 a year; Anita Ginsburg, bookkeeper's assistant, from \$1,100 to \$1,200 a year; Anna F. Glynn, cleaner, from \$15 to \$16 a week; Edward H. Grant, Joel Greenwald, Ruth A. Griffin, social workers, from \$1,300 to \$1,400 a year; Dorothy E. Haberstroh, bookkeeper's assistant, from \$1,000 to \$1,100 a year; Josephine L. Hackett, stenographer, from \$1,000 to \$1,100 a year; Joseph E. Haines, Margaret G. Haley, social workers, from \$1,300 to \$1,400 a year; John F. Hannon, aid and settlement agent, from \$1,300 to \$1,400 a year; Milford L. Harnden, clerk, from \$1,100 to \$1,200 a year; Hyman J. Harris, social worker, from \$1,300 to \$1,400 a year; Anna C. Hartnett, stenographer, from \$1,400 to \$1,500 a year; Irene C. Harty, bookkeeper's assistant, from \$1,000 to \$1,100 a year; Euphemia Hastings, social worker, from \$1,300 to \$1,400 a year; Lillian Haynes, stenographer, from \$1,000 to \$1,100 a year; Catherine F. Healey, bookkeeper's assistant, from \$1,000 to \$1,100 a year; Edna Hennessey, from clerk to chief of pay order clerks, from \$1,100 to \$1,200 a year; Margaret L. Hennessey, social worker, from \$2,000 to \$2,100 a year; Jeremiah Herlihy, bookkeeper's assistant, from \$1,000 to \$1,100 a year; Charles A. Hoar, clerk, from \$1,100 to \$1,200 a year; Margaret

M. Hogan, stenographer, from \$1,100 to \$1,200 a year; Helen B. Holbrow, from clerk to chief of record room, from \$1,400 to \$1,500 a year; Bernice E. Howard, Margaret M. Huban, social workers, from \$1,300 to \$1,400 a year; Matilda Ianetta, stenographer, from \$1,500 to \$1,600 a year; John P. Ivers, stenographer, from \$1,100 to \$1,200 a year; Jeanette Jacobson, social worker, from \$1,300 to \$1,400 a year; Mary Kagan, bookkeeper's assistant, from \$1,100 to \$1,200 a year; Anne Kaplan, bookkeeper's assistant, from \$1,000 to \$1,100 a year; Alice C. SOLDIERS' RELIEF DEPARTMENT.

Guy Joyce has been appointed statistical clerk, for a period of three months, beginning November 10, at \$1,000 a year.

LAYING RAILWAY TRACKS IN HIGHWAY.

The Mayor has approved the following order of the Board of Street Commissioners:

Ordered, That permission be granted to the Union Freight Railroad Company to lay down, maintain and use for the transportation of freight by steam power tracks at grade upon and across Commercial street, at or near Smith place, substantially as shown on plan entitled "Union Freight Railroad Company Proposed Track at Smith Place, for the Trustees of the Boston Real Estate Trust, Boston, Mass., September 10, 1935, Revised September 27, 1935," filed in the office of the Commissioner of Public Works.

The right to lay down the tracks located in this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Commissioner of Public Works and shall be approved by him.

Also upon condition that the said Union Freight Railroad Company shall file acceptance with the Board of Street Commissioners in accordance with statute law; otherwise it shall be null and void.

"Also upon condition that this permit is revocable at any time upon thirty days' notice from the Mayor and the Board of Street Commissioners."

The crossing of said tracks over the tracks of the street railway located on Commercial street is to be constructed and maintained by the Union Freight Railroad Company at its own expense and in a manner satisfactory to the Boston Elevated Railway Company, or if parties do not agree, in such manner as the Board of Street Commissioners shall prescribe.

The whole work to be done under the provisions of this order shall be completed within six months from the date of the passage of this order, October 31, 1935.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

* Contract awarded.

COLONEL SULLIVAN, W. P. A. PROJECTS DIRECTOR FOR BOSTON, REPLIES TO CRITICISMS.

Col. Thomas F. Sullivan, Director, W. P. A. Projects, issued the following statement:

At the close of business October 31, 1935, there were 18,960 persons employed on the E. R. A. in the Boston district.

Up to the close of business last night, November 25, there had been assigned to the W. P. A. 13,031 persons, with 8,984 persons still employed on E. R. A., making a total of 22,015 employed yesterday.

We are utilizing the services of the administrative force in two shifts from 8.30 a. m. to 1 a. m. in making assignments as fast as the W. P. A. projects are officially authorized, and will reach our quota of 26,771 employees within a few days.

There has been considerable delay in the approval of "white-collar" projects, such as the Library with 3,840 employees, the Assessing Department with 600, and a number of similar ones. Acting under instructions from Washington, we have

resubmitted all the projects that were originally rejected and several of these are now coming through.

On the other hand, we have received approval of a number of large construction projects, particularly in downtown streets, which cannot be undertaken at this season of the year.

There has been no complaint or criticism of any kind by the W. P. A. authorities about the efficiency and cooperation of city officials.

POLICE DEPARTMENT ORDERS.

General Order No. 112.

My attention has been drawn to an outstanding and courageous demonstration of police duty performed by Patrolman John A. Leach of Division 16 on the occasion of a serious fire which occurred in a dwelling on Huntington avenue, Boston, in the early morning of November 9, 1935, wherein several persons were in imminent danger of losing their lives.

Patrolman John A. Leach, without regard for his personal safety, entered the burning building, arousing the occupants and removed several of them to a place of safety, including a woman who had collapsed on the fifth floor, and assisting others through the building to a place of safety.

The commissioner is pleased to recognize and commend the bravery and fortitude shown by Patrolman Leach which was performed at great hazard to himself, and this order will serve as a commendation. In addition, it is hereby ordered that the punishment duty imposed on Patrolman Leach, under General Order 104, remaining to be performed, be, and hereby is, remitted.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Fred Buxton, 42 Mercer street, South Boston, in the sum of \$25, as compensation for damage to automobile caused by the caving in of street in front of 314 Savin Hill avenue, Dorchester, January 7, 1935.

Harry V. Byrne, M. D., 371 Commonwealth avenue, Boston, in the sum of \$18, as compensation for damage to automobile caused by collision with car owned by the City of Boston Water Service at the corner of East Concord street and Harrison avenue, September 7, 1935.

John O. Brennan, 31 Turner street, Brighton, in the sum of \$7.80, as compensation for damage to automobile caused by defect in highway on Sparhawk street, near Elko street, March 8, 1935.

Rachel L. Ciccarella, of 121 St. Andrew road, East Boston, in the sum of \$50, as compensation for damage to automobile caused by hole in highway opposite 1065 Bennington street, East Boston, June 9, 1935.

Ann Bortolin, 29 Cypress road, Arlington, in the sum of \$50, as compensation for personal injuries caused by defect in highway opposite 149 Massachusetts avenue, October 20, 1934.

Trucks 10 to 15 tons.....	4	\$1.00 fare.....			4 00
					\$19,501 60

The budget appropriation for the Tunnel Maintenance, Debt Requirements and Series B Debt Requirements for 1935 amounts to \$1,160,655.55. To have the tunnel self-supporting, a daily revenue of \$3,188.57, or a weekly revenue of \$22,320, must be collected.

The deficit of tunnel operation over tunnel revenue from June 30, 1934, to March 31, 1935, was included in the tax levy. From April 1, 1935, to November 24, 1935, the actual receipts amounted to \$747,328.50. The collections to balance expenditures should have been \$758,880, indicating a deficit to date of \$11,551.50.

The total receipts for the previous week ending November 17, 1935, were \$19,326.60.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted August 20, 1935, and was effective August 28, 1935, for a trial period of three (3) months, is hereby extended for a further trial period of thirty (30) days from November 28, 1935:

Parking of vehicles is prohibited in the following street:

Essex Street.

North side, from Chauncy street to Atlantic avenue.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted May 17, 1935, and was effective May 27, 1935, for a trial period of ninety (90) days, and which was extended for ninety (90) days from August 27, 1935, is hereby extended for a further trial period of thirty (30) days from November 27, 1935:

Parking of vehicles is prohibited in the following street:

Charles Street.

Both sides of both roadways, from a point one hundred and ten (110) feet south of Allen street to a point one hundred and ten (110) feet north of Allen street.

Voted, That as urgently required by considerations of public safety and convenience, the following rules, which were adopted December 21, 1934, and January 2, 1935, and were effective December 26, 1934, and January 2, 1935, respectively, for trial periods, and were extended for

ninety (90) days from February 26, 1935, and were extended for ninety (90) days from May 26, 1935, and were extended for ninety (90) days from August 26, 1935, are hereby extended for a further trial period of thirty (30) days from November 26, 1935:

Washington street is a two-way street from Broadway to Kneeland street.

Parking of vehicles is prohibited in Washington street, east side, from Kneeland street to a point eighty (80) feet south of Kneeland street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules, which were adopted August 26, 1935, and were effective August 28, 1935, for a trial period of three (3) months, are hereby extended for a further trial period of thirty (30) days from November 28, 1935:

Parking of vehicles is prohibited in the following streets:

Dover Street.

South side, for a distance of forty-five (45) feet starting at street line of Tremont street, and extending easterly.

North side, for a distance of forty-five (45) feet, starting at the street line of Tremont street, and extending easterly.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was effective January 23, 1935, for a trial period of thirty (30) days, and was extended for ninety (90) days from February 23, 1935, and was extended for ninety (90) days from May 23, 1935, and was extended for ninety (90) days from August 23, 1935, is hereby extended for a further trial period of thirty (30) days from November 23, 1935:

The following street is one way in the direction indicated:

North Market Street.

From Commercial street to Merchants row.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from Frederika street, Dorchester, from Gallivan Boulevard to Minot street, effective November 21, 1935.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted May 17, 1935, and was effective May 22, 1935, for a trial period of ninety (90) days, and which was extended for ninety (90) days from August 22, 1935, is hereby extended for a further trial period of thirty (30) days from November 22, 1935:

The following street is one-way in the direction indicated:

Carlton Street.

From West Newton street to Brad-dock Park.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of thirty (30) days, parking of vehicles is prohibited in Northern avenue, both sides, from Atlantic avenue to Sleeper street, effective November 27, 1935.

STREET CONSTRUCTION.

The Mayor has approved the following work by the Public Works Department:

Boston, November 12, 1935

To the Mayor of Boston.

In accordance with the provisions of section 4 of chapter 393 of the Acts of 1906, I hereby certify that public necessity requires that the construction of the following streets, which have been laid out and ordered constructed under the authority of said act, be carried on after November 15, 1935, and respectfully request your approval thereof.

Hayden street, Roxbury, from Heath street to Lynn street.

Weld street, West Roxbury, from Codman avenue and Morey road to West Roxbury Parkway.

Yours respectfully,

C. J. CARVEN
Commissioner of Public Works

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Savannah avenue, Dorchester district, as a highway, from Cummins Highway northeasterly, bounded and described as follows:

A highway named Savannah avenue is hereby laid out, from Cummins Highway northeasterly to a point approximately one hundred and fifty feet southwest of Messinger street, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

For the making of the aforesaid improvement, an easement for street purposes is hereby taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto.

A parcel of land situated on the southeasterly side of Savannah avenue, supposed to belong to Alice M. Krimm and Harry T. Krimm, bounded:

Northwesterly by Savannah avenue, forty-six and 25-100 feet; northeasterly by the northeasterly line of Savannah avenue as established under this order, three and 84-100 feet; southeasterly by the southeasterly line of Savannah avenue, as established under this order, forty-six and 30-100 feet and southwesterly by Savannah avenue, three and 7-100 feet, containing one hundred and sixty square feet, more or less. The aforesaid taking is a part of a parcel of land registered in the Land Court, Registered Title Certificate Number 22635, Book 109, page 35.

The land, owners unknown, being the private way known as Savannah avenue, from Cummins Highway northeasterly to a point approximately one hundred and fifty feet southwest of Messinger street.

Said Savannah avenue as hereby laid out is bounded:

Southwesterly by Cummins Highway, fifty and 66-100 feet; northwesterly by the northwesterly line of said Savannah avenue as hereby laid out, by three measurements, one hundred forty-two and 43-100 feet, four hundred thirty-four and 94-100 feet on a curve of seventeen hundred and fifty-five feet radius and five hundred fifty-five and 3-100 feet; northeasterly by the northeasterly line of said Savannah avenue as hereby laid out, fifty and 4-100 feet; and southeasterly by the southeasterly line of said Savannah avenue as hereby laid out, by three measurements, five hundred fifty-seven and 13-100 feet, four hundred twenty-two and 55-100 feet on a curve of seventeen hundred and five feet radius and one hundred thirty-four and 25-100 feet.

Voted, That the undermentioned persons sustain damages in their estate by the making of the public improvement consisting of the laying out and construction of Savannah avenue, Dorchester district, as a highway, from Cummins Highway northeasterly to a point approximately one hundred and fifty feet southwest of Messinger street, under the order of the Board of November 6, 1935, in the amount hereinafter mentioned and awards said amount therefor:

Alice M. Krimm and Harry T. Krimm, 160 square feet, \$1.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for a public improvement, consisting of the laying out and construction of Walbridge street, Brighton district, as a highway, from Commonwealth avenue to boundary line between Boston and Brookline, bounded and described as follows:

A highway named Walbridge street is hereby laid out, from Commonwealth avenue to boundary line between the City of Boston and the Town of Brookline, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Part between Commonwealth avenue and Brainerd road: Northerly by Commonwealth avenue, sixty-seven and 58-100 feet on a curve of six hundred sixty-three and 82-100 feet radius; easterly by the easterly line of said Walbridge street as hereby laid out, twenty-three and 46-100 feet on a curve of eleven and 22-100 feet radius; northeasterly by the northeasterly line of said Walbridge street as hereby laid out, four hundred thirty-eight and 67-100 feet; southeasterly by Brainerd road, forty feet, and southwesterly by the southwesterly line of said Walbridge street as hereby laid out, four hundred eighty-four and 96-100 feet.

Part between Brainerd road and the boundary line between the City of Boston and the Town of Brookline: Northwest-erly by Brainerd road, forty feet; north-easterly by the northeasterly line of said Walbridge street as hereby laid out, one hundred twenty-six and 97-100 feet on a curve of four hundred fourteen and 82-100 feet radius; southeasterly by boundary line between the City of Boston and the Town of Brookline, forty-one and 77-100 feet, and southwesterly by the southwesterly line of said Walbridge street as hereby laid out, one hundred twenty-six and 30-100 feet on a curve of four hundred fifty-four and 82-100 feet radius.

Included in the above described land (taken hereunder) are parts of certain parcels of land registered in the Land Court, said parts being shown on the plan hereinbefore referred to, and said parts being the portions of said registered parcels which lie between the side lines of said Walbridge street and the middle line thereof; the owners of said portions, the number of the certificate of title and the book and page where the same is registered are as follows:

Apartments, Incorporated, Cert. No. 33150, Book 161, page 150.

Julius Kalman, Trustee of the Walbridge Realty Trust, Cert. No. 32867, Book 160, page 67.

Julius Kalman, Trustee of the Walbridge Realty Trust, Cert. No. 32868, Book 160, page 68.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Walbridge street, Brighton district, as a highway, from Commonwealth avenue to Brookline boundary line, under the order of the Board of November 22, 1935, and awards no damages therefor.

EXCHANGE ANIMALS FOR ZOO.

The Mayor has approved the following request of the Park Commissioner:

BOSTON, November 20, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—I respectfully request permission to exchange with the Springfield, Massachusetts, Park Department, Forest Park Zoo, one four-year-old llama for two young, adult, female aoudads (commonly called wild sheep).

This department has six male llamas, three having been born last summer. It is very difficult to sell or trade llamas, especially males, as the various zoological gardens are well supplied with them.

The Franklin Park Zoo at the present time has a male aoudad, but has been without females for some years. The value of the aoudads, if purchased from a dealer, is twice the valuation of the llamas.

Very respectfully yours,

WILLIAM P. LONG, *Chairman.*

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examinations, 1935.

Examinations will be held at the following points and on the following dates:

Boston, Monday, December 2.
New Bedford, Wednesday, December 4.
New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in

the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,

PAYSON SMITH,

STEPHEN C. GARRITY,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 413A, State House, Boston, Mass.

POLICE DEPARTMENT ORDERS.

General Order No. 109.

A trial board consisting of Captains Fallon, Kavanagh and Mulrey, having heard by reference a complaint made by Mathew Killen, captain, Division 15, against Joseph F. Normile, patrolman, Division 15, for alleged violation of the rules and regulations of the Police Department, to wit, intoxication, has submitted its finding and recommendation to the commissioner.

The commissioner accepts the plea of guilty made before the Trial Board, but does not adopt the recommendation of punishment to be imposed.

The commissioner desires that it be thoroughly understood he does not condone the serious violation of the rules and regulations committed by Patrolman Normile, but believes that the officer, fully realizing the nature of his misconduct and being deeply penitent therefor, will retrieve himself by exemplary conduct in the future.

The commissioner in no wise wishes his action to be construed as a reflection upon the recommendation of the Trial Board who heard the evidence in this case, but in view of all the circumstances, and recommendations for clemency from Superintendent Martin H. King and Captain Mathew Killen, his division commander, the commissioner feels that the extreme penalty of dismissal ought not to be exacted in this case and that by imposing severe punishment the best interests of the department will be served.

Therefore, it is hereby ordered that the said Patrolman Joseph F. Normile be suspended from duty for a period of sixty days, effective as of October 14, 1935, at 5.45 o'clock, p. m., and that at the expiration of the said period of suspension the said Patrolman Joseph F. Normile perform 420 hours of punishment duty.

Civil Service Rule 23, Section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

Section 3. With the consent of the Commissioner, upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 110.

Authority having been given by the Commissioner of Civil Service for the reinstatement of Peter P. Cloherty as a patrolman in the Boston Police Department under Civil Service Rule 23, Section 3, he is hereby reinstated as a patrolman.

Patrolman Peter P. Cloherty is assigned to Division 14.

This order will take effect at 5.45 o'clock, p. m., Monday, November 25, 1935.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 111.

On November 18, 1935, in accordance with the provisions of General Order No. 218, dated June 8, 1933, and General Order No. 287, dated September 22, 1933, a trial board consisting of Captains McKinnon, Dickinson and Lewis reconvened for the purpose of making final disposition in the matter of the complaint made by John McGrath, captain, Division 14, against George F. Brassil, patrolman, Division 14.

At the hearing on November 18, 1935, Captain McGrath informed the Board that all terms and conditions of General

Orders 218 and 287 had been complied with by Patrolman Brassil, and the Board recommended to the commissioner that the complaint against Patrolman Brassil be placed on file.

The commissioner accepts the recommendation of the Trial Board and hereby orders that the complaint against the said Patrolman George F. Brassil be placed on file.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 52.

I. BOSTON AUTOMATIC FIRE ALARM COMPANY.

The following additions are to be made to the assignment cards of the Boston Automatic Fire Alarm Company:

Signal 312, 480 Hanover street. Apparatus to respond, Engine 8, Ladder 1 and District 4. Nearest city box is No. 1235.

Signal 313, 490 Hanover street. Apparatus to respond, Engine 8, Ladder 1 and District 4. Nearest city box is No. 1235.

II. ELECTION OF OFFICERS, CHARITABLE ASSOCIATION.

The attention of the members of the department is called to Article 5 of the constitution and by-laws of the Charitable Association of the Boston Fire Department concerning the nomination of trustees for this organization.

The Board of Chiefs and each district of the fire-fighting force of the Boston Fire Department, including District 16 (so called) and the Boston Protective Department, shall submit the name of any candidate or candidates for the office of trustee of the association to the secretary on or before the first Monday in December of each year.

Attention of the district chiefs is called to the fact that it does not mean a man from each house, unless member desires to be a candidate.

Nominations should be sent to the secretary, George F. Frazier, Ladder Company 3.

From the list of nominations received, there shall be elected on the third Monday in December, one trustee to represent the Board of Chiefs, two trustees in each

district to represent the fire-fighting force, and one trustee to represent the Boston Protective Department.

III. COMMENDATIONS.

On June 27, 1935, while bathing at Tenean Beach, Dorchester, Hoseman David E. Coyle of Rescue Company 1 brought two boys from the water in Dorchester bay. Both boys were floundering in the water and were in need of assistance. After bringing the boys ashore Hoseman Coyle applied the prone pressure method of resuscitation to one of them who had become unconscious. This act was investigated by the Humane Society of Massachusetts and the commissioner presented Hoseman Coyle on Friday, November 22, 1935, with a certificate of the Humane Society of the Commonwealth of Massachusetts for bravery. The commissioner is pleased to add his commendation to that of the Humane Society and Hoseman Coyle is granted one extra week's vacation.

The Fire Commissioner has investigated the rescues performed by the department at Box 1563, 136 Huntington avenue, November 10, 1935. He desires to commend the members of the department for the efficient service and excellent judgment shown by them on this occasion.

Hoseman James H. Moran of the Maintenance Division is hereby commended for responding to and working at fire, Box 7415, two alarms, November 16, 1935, while off duty.

Hoseman William J. Fowler of Engine Company 50 is hereby commended for responding to and working at fire, Box 5295, November 20, 1935, while off duty.

By order of Fire Commissioner Edward F. McLaughlin.

HENRY A. FOX,
Chief of Department.

General Order No. 53.

I. FIRE COLLEGE OF THE BOSTON FIRE DEPARTMENT.

The Fire College will reopen on Monday, December 2, 1935, at the quarters of Engine Company 26, Broadway, where all classes will be conducted, except as otherwise noted herein.

The college this year will be conducted for privates and will be under the direction of the Chief of Department, with Capt. John J. Crehan, drill master, having immediate supervision of the classes.

Classes will be held from 9.30 a. m. to 12 noon, excepting on Sundays and holidays.

The men shall be apportioned as follows: Sixteen members from Division One, ten members from Division Two, and fourteen men from Division Three. The selection of members to attend the classes shall be left to the discretion of the deputy chiefs in their respective divisions, and the members so selected shall be divided equally between the On-and-Off Platoon.

Deputy chiefs of the several divisions will forward to Department Headquarters on or before Friday, November 29, 1935, the names of those who are to attend the first class of the college.

All privates of the department shall attend this college when and as directed, whether on or off duty.

Only those members assigned to the class shall be in attendance during the instruction period.

After completing the course, members attending will be required to take a written examination and those attaining a mark of 70 per cent (passing mark) will receive a fire college diploma.

The schedule of lectures and the subjects to be covered, along with the names of those selected as instructors, are as follows:

Lecture 1 (December 2).

Administration and Object of Fire College.
Chief of Department, Henry A. Fox.

Lecture 2 (December 3).

Electrical Life and Fire Hazards. Thomas H. Haines, Superintendent, Distribution Department, and Robert E. Dillon, Superintendent, Generating Department, Edison Electric Illuminating Company.

Instructions in the proper method of handling electrical life and fire hazards in power plants, etc., and method of operation at fires in same.

Lecture 3 (December 4).

Building Construction. Edward W. Roemer, Building Commissioner.

Instructions in the various methods used in building construction relative to fire retarding qualities, slow burning, etc. Zoning laws, heights, etc. Notes on materials of construction with reference to fire.

Lecture 4 (December 5).

Oil Fires. A. I. Brown, Director of Laboratories, Common and Special Hazards.

Instructions in the methods used in oil burning equipment and fires resulting from the use of same. This lecture to be held on the premises of the American Factory Mutual Insurance Companies, 184 High street, Boston.

Lecture 5 (December 6).

Private Fire Protection. J. N. MacInnes, Engineer and Inspector, and H. P. Stewart, Laboratory Engineer.

Instructions and demonstrations in the operation of sprinklers, check valves, dry pipe valves, standpipes, safety devices and private fire protection in general. This lecture to be held on the premises of the Associated Factory Mutual Fire Insurance Companies, 184 High street, Boston.

Lecture 6 (December 7).

Elevator Accidents. Captain Brown, Ladder 8.

First Aid Demonstrations. Capt. Jack Wallace, American Red Cross.

Proper method of operation at freight and passenger elevator accidents. First aid and resuscitation methods.

Lecture 7 (December 9).

Fire Hazards. Deputy Chief Stickel.

Demonstration in the method of detecting common and special hazards, celluloid products, motion picture films. Also includes airports and hangars.

Lecture 8 (December 10).

Operation at Fires. Deputy Chief Downey.

Cellar fires, one-story fires, warehouse fires, chimney fires.

Lecture 9 (December 11).

Official Papers. Deputy Chief Kenney.

Instructions in the proper method of communicating and handling of departmental papers.

Lecture 10 (December 12).

Fire Equipment in Buildings. Deputy Chief Quigley.

Laws and regulations governing private fire protection devices. Operation of the department on response to buildings equipped with private fire protection equipment; methods to be employed to gain an entrance to buildings, etc. This also to include private fire brigades and fire drills, but not alarm systems.

Lecture 11 (December 13).

Elementary Fire Fighting. District Chief Donovan (District 3).

Dangers to be avoided at fires, ladder duty, ventilation duty, and overhauling at fires.

Lecture 12 (December 14).

Incendiarism, Arson, etc. Deputy Chief Pope.

Instructions in the various causes of fire, incendiarism, arson, etc. Instructions in the method of detecting causes of fire, preserving of evidence, etc.; including moral hazards.

Lecture 13 (December 16).

Water Supply for Fire Purposes. Engineer Daniel M. Sullivan, Public Works Department.

Instructions and demonstrations. Water system, source of supply, mains, hydrants, gates, etc. Pressure at different elevations, reservoirs, storage, etc.

Lecture 14 (December 17).

Fire Prevention—Building Inspection. District Chief Coughlin.

Instructions in the modern method of inspection for the purpose of fire prevention; laws and ordinances, rules and regulations governing same, as it affects the City of Boston. Building inspection in general for the purpose of obtaining

knowledge of buildings in the event of fires occurring in same.

Lecture 15 (December 18).

Rescue Demonstrations. District Chief Sheehan.

Instructions in the use of rescue tools, appliances and equipment. This lecture to be given at the Bowdoin Square Fire Station.

Lecture 16 (December 19).

Economy of Upkeep—Care of Hose. District Chief Martell.

Instructions in economy of upkeep of company quarters, apparatus, appliances, etc. Instructions in the care of hose, hose couplings, in quarters and at fires. Purpose of testing hose, etc. Lost equipment and forcible entry.

Lecture 17 (December 20).

Laws and Ordinances. Edward W. Lee, Assistant Corporation Counsel.

Instructions in laws and ordinances relating to fires and fire matters. Rules and regulations relative to garages and other hazardous occupancies, volatile liquids, highly inflammable solids, etc. Chapter 148 of the General Laws.

Lecture 18 (December 21).

Responding To and From Fires. Deputy Chief Sweeney.

Instructions with reference to routes to fires, traffic congestion, driving of apparatus, accidents, etc. Methods of operation at pier fires.

Lecture 19 (December 27).

Subway and Tunnel Fires. District Chief McDonough.

Instructions in the methods of combating fires in subways and tunnels. This also includes fires in elevated structures and bridges; also lumber yards.

Lecture 20 (December 28).

Practical Fire Department Hydraulics. District Chief Montgomery.

Demonstrations with working model in classroom.

Lecture 21 (December 30).

Oil Regulations, Oil Fires. District Chief Chamberlain.

Laws, ordinances, rules and regulations governing the installation of oil burners, increased fire hazard of same, methods of fighting fires where found. Methods and proper operation at all oil fires, including transportation of oil and oil on the water.

Lecture 22 (December 31).

Fire Alarm System. Superintendent Fickett.

Instructions and demonstration in the technique of the Fire Alarm System. To be given at Fire Alarm Office.

Lecture 23 (January 2, 1936).

Marine Fires. Lieutenant Nugent, Engine 44.

Instructions with reference to the use of fireboats, method of operation at ship and dock fires. Coal pockets on the water front and island fires.

Lecture 24 (January 3).

Fire Fighting. District Chief Coughlin.

Instructions in the proper and efficient use of apparatus and operations at fires in industrial, mercantile and manufacturing buildings. Fire fighting in high value district. Preliminary operations at fires.

Lecture 25 (January 4).

Mechanical Refrigeration. Walter Nelson, Service and Installation Manager, Metropolitan Boston, Frigidaire Company.

Instructions in mechanical refrigeration, etc. This lecture to be given on the premises of the Frigidaire Sales Corporation of New England, 25 Blandford street, Boston.

Lecture 26 (January 6).

Fire Fighting. District Chief McCarthy.

Instructions in the proper method of operation in the handling of fires involving life and property in hotels, apartment houses, theaters, hospitals, public buildings. Tenements and dwellings.

Lecture 27 (January 7).

Motor Apparatus. Superintendent Williamson.

Instruction in the care and operation of motor apparatus, knowledge of parts, lubrication and operation, etc.

Lecture 28 (January 8).

Common and Special Electrical Hazards. Superintendent Dolan.

Instructions in common and special electrical hazards. Causes of electrical fires, etc.

Examination, January 9, 1936.

At 9.30 a. m., at quarters of Engine Company 26, Broadway.

The dates of the lectures are subject to change to meet conditions and emergencies.

Inasmuch as the lecturers are so generously giving of their time and service, it is expected that all members attending this college shall conduct themselves in a manner that will reflect credit on the department. Smoking during class shall be absolutely prohibited, and the dignity of the classroom shall be preserved at all times.

II. MEAL PERIOD.

Members of the department who are performing a twenty-four hour tour of duty on Thanksgiving Day and Christmas Day will be granted one meal period of two and one-half hours. Company commanders will arrange these meal periods as conveniently as far in advance of these holidays as is possible for the men, and the strength and efficiency of the companies must be maintained.

Members who are on duty on the above days from 8 a. m. to 6 p. m., may be granted meal periods on condition that members working opposite them on the 6 p. m. to 8 a. m. tour of duty substitute for them while they are absent.

III. A. D. T. ASSIGNMENT.

The following addition is to be made to the assignment cards of the American District Telegraph Company:

Signal 519, James J. Sullivan, 50 and 52 Midway street, South Boston. Apparatus to respond: Engine 15, Ladder 18 and Chief of District 3. Nearest city box is No. 7133.

IV. COMMENDATION.

Capt. William A. J. Drinan of Engine Company 20 is hereby commended for extinguishing a fire in an Essex sedan, in front of 76 Neponset avenue, at about 10.15 a. m., November 22, 1935, prior to the arrival of department apparatus. Captain Drinan was off duty at the time.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Haven avenue, bounded:

Easterly by easement taken by the City of Boston for sewerage purposes January 25, 1934, six and 3-100 feet; southerly by another part of Haven avenue, by two measurements, twenty-four and 74-100 feet and fifty-four and 15-100 feet; westerly by the same, six and 1-100 feet; and northerly by the same, by two measurements, fifty-five feet and twenty-four and 70-100 feet, containing four hundred and seventy-six square feet, more or less.

The sewerage works to be constructed are as follows: Eighty linear feet of 10-inch pipe sanitary sewer and 80 linear feet of 10-inch pipe surface drain.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northerly side of Haven avenue and the abutting lots of land on the southerly side of Haven avenue, designated as lots 1, 2, 3 and 4 on the plan hereinafter referred to, will receive benefit or advantage, beyond the general advantage to all real estate in said city, each in the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1148, Sewerage Works, Haven Avenue, Dorchester, November 8, 1935, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

	\$545.60

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Ashmont Circle, Dorchester district, as a highway, from

Gallivan Boulevard, northerly, westerly, northerly again, then easterly and then southerly, with the name of Huron Circle or some other distinctive name; bounded and described as follows:

A highway named Huron Circle is hereby laid out, from Gallivan Boulevard, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Gallivan Boulevard, fifty and 85-100 feet; westerly by the westerly line of said Huron Circle as hereby laid out, by two measurements, sixteen and 44-100 feet on a curve of ten feet radius and one hundred thirty-five and 36-100 feet; southerly by the southerly line of said Huron Circle as hereby laid out, by three measurements, fourteen and 98-100 feet on a curve of ten feet radius, sixty-six and 84-100 feet and ninety and 24-100 feet on a curve of sixty feet radius; westerly by the westerly line of said Huron Circle as hereby laid out, one hundred twenty and 13-100 feet; southerly by the southerly line of said Huron Circle as hereby laid out, fifteen and 4-100 feet on a curve of ten feet radius; southerly by another part of said Huron Circle and by the southerly line of said Huron Circle as hereby laid out, by three measurements, fifty-five and 12-100 feet, one hundred seventy-one and 4-100 feet and fourteen and 8-100 feet on a curve of ten feet radius; westerly by the westerly line of said Huron Circle as hereby laid out, by two measurements, one hundred thirty and 53-100 feet and sixteen and 44-100 feet on a curve of ten feet radius; northerly by the northerly line of said Huron Circle as hereby laid out, by two measurements, one hundred fifty-seven and 78-100 feet and thirty-seven and 60-100 feet on a curve of twenty-five feet radius; easterly by the easterly line of said Huron Circle as hereby laid out, by two measurements, one hundred sixteen and 44-100 feet and sixteen and 38-100 feet on a curve of ten feet radius; southerly by another part of said Huron Circle and by the southerly line of said Huron Circle as hereby laid out, by two measurements, fifty-five and 12-100 feet and seventy-five and 84-100 feet; westerly by the westerly line of said Huron Circle as hereby laid out, thirty-five and 8-100 feet; northerly by the northerly line of said Huron Circle as hereby laid out three hundred sixty-two and 78-100 feet; easterly by the easterly line of said Huron Circle as hereby laid out, by two measurements, sixty-four and 17-100 feet and one hundred fifty-seven and 59 100 feet; southerly by the southerly line of said Huron Circle as hereby laid out, seventy-nine and 24-100 feet; and easterly by the easterly line of said Huron Circle as hereby laid out, by two measurements, sixteen and 44-100 feet on a curve of ten feet radius and one hundred forty-four and 65 100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Huron Circle (formerly Ashmont Circle) Dorchester district, as a highway, from Gallivan Boulevard, under the order of the Board of October 25, 1935, and awards no damages therefor.

EXTRA WORK UNDER CONTRACT.

C. & R. Construction Company has been directed to perform the following extra work under the contract for furnishing, laying and relaying water pipes in Brookline avenue, P. W. A. Docket No. 4314. Items ordered: Relaying 3-inch, 4-inch and 12-inch water pipes in Brookline avenue, in the way of 48-inch steel pipe. Estimated cost of extra work, \$500.

C. & R. Construction Company has been directed to perform the following extra work under the contract for furnishing, laying and relaying water pipe in Brookline avenue, P. W. A. Docket No. 4314. Items ordered: Repairing and relocating catch-basin drains and sewer pipes in Brookline avenue, in way of 48-inch steel pipe. Estimated cost of extra work, \$300.

John Williams has been directed to perform the following extra work under the contract for building sewerage works for Maywoods Brook in Circuit street, private land, Cathedral court, Ray street, and Regent street, from Washington street to Dale street, Roxbury. Items ordered: Furnish all labor and materials (exclusive of iron pipe) to relay 6-inch to 12-inch water pipe where interfered with by sewer structures, including all incidental work (except excavation and refill), in accordance with standard specifications of the Water Division. Work to be paid for at net cost to contractor in accordance with Article 3 of the contract. Although this is in addition to the work contemplated in the original contract it is incidental thereto. Estimated cost of extra work, \$700.

CITY OF BOSTON.**PUBLIC WORKS DEPARTMENT.**

PROPOSALS FOR FURNISHING LABOR TO ASSEMBLE 100 6-INCH GATES, 60 8-INCH GATES, 35 12-INCH GATES AND 15 TAPPING GATES.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing labor to assemble 100 6-inch gates, 60 8-inch gates, 35 12-inch gates and 15 tapping gates, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Bid for Furnishing Labor to Assemble 100 6-Inch Gates, 60 8-Inch Gates, 35 12-Inch Gates and 15 Tapping Gates," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Friday, December 6, 1935, with a certified check for three hundred (\$300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The undersigned reserves the right to reject any and all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

C. J. CURVEN,
(Nov. 30.) Commissioner of Public Works

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

W. H. Ellis & Son Company have been granted an extension of the time of completion of the contract for reconstructing and improving ferry piers, from November 30, 1935, to December 28, 1935. This extension is requested for the reason that it was necessary for him to confine his work to one pier at a time in order to keep the ferries operating.

J. J. Callahan has been granted an extension of the time of completion of the contract for constructing artificial stone steps in Hayden street, Ward 10, from Heath street to Lawn street (contract dated September 5, 1935), from November 15, 1935, to December 15, 1935. This extension is requested for the reason that the contractor was delayed by a large amount of rock which had to be carefully removed on account of the proximity of many residences.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

P. W. A. PROJECT NUMBER MASS. 1039.

1 Sealed 1 Separate Sealed proposals for the following Item:

(A) Construct and complete the Special Class Center School, including all trades, in the City of Boston, Mass., prepared in accordance with instructions contained in the contract documents, will be received at the office of the Department of School Buildings at 11 Beacon street in Boston, Mass., until 2 o'clock p. m., Eastern Standard Time, December 3, 1935, and at that time and place publicly opened and read. The additional copy of the proposal form shall be removed from the book of specifications and after filling out shall be sealed in an envelope and delivered to the Auditor of the City of Boston, at the City Hall, School street, Boston, Mass., before the time for the opening of the proposals.

Plans, specifications and other contract documents may be secured at office of the Superintendent of Construction at the above address, 11 Beacon street, upon the deposit payment of \$100 certified check for Proposal A.

Said deposit will be refunded when such documents are returned in complete and good condition.

Each proposal must be accompanied by a certified check for the sum of \$5,000 for Proposal A, made payable to the City of Boston.

All checks except that of the bidder to whom the contract is awarded will be returned within 72 hours after the awarding of the contract and receipt must be given therefor.

The project is to be financed and constructed under the terms of the Emergency Relief Appropriation Act of 1935 and chapter 366 Massachusetts Acts of 1933, as amended, and attention is called to the "Construction Regulations" prescribed by the P. W. A.

Attention is called to the fact that minimum wage rates are established for the project and are set forth in the contract documents.

The office of the United States Employment Bureau designated by the Government for this project is E. L. Hanna, 100 Nashua Street, Boston, Mass.

The right is reserved by the City of Boston, Mass., acting through its Superintendent of Construction, to reject any or all bids, or to accept any bid which it deems most advantageous, subject to the approval of the State Director P. W. A.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

A surety bond by a company satisfactory to the State Director P. W. A., and in an amount equal to one hundred (100) per cent of the contract price, will be required from the successful bidder.

No award can be made without the approval of the State Director, P. W. A.

WM. W. DRUMMEY,

Superintendent of Construction.
(Nov. 23-30.)

THANKSGIVING FOR THE HOMELESS IN CITY TEMPORARY HOME AND WAYFARERS' LODGE.

The Thanksgiving menu at the two city institutions for the homeless—Wayfarers' Lodge for Men, at 30 Hawkins street, and the Temporary Home for Women, at 41 Chardon street—consisted of turkey and "fixin's." Homeless men and women sat down to the city's board and partook of turkey and cranberry sauce, mashed turnip, mashed potato, mince pie, coffee or tea.

At the Temporary Home for Women, Mrs. Agnes E. Styles, Superintendent, provided a special entertainment as well as a feast for the women and children who are entrusted to her care by various charitable societies and by the police, and for those who come voluntarily seeking a bit of holiday cheer.

WM. W. DRUMMEY,

Superintendent of Construction.
(Nov. 23-30.)

A special Thanksgiving program was arranged and an entertainment given by a group of performers under the direction of T. D. Senna of the W. P. A. vaudeville project for the state.

A reception was planned at the Chardon Street Home by John C. L. Dowling, Executive Director, for Mayor Mansfield and members of the Board of Overseers of the Public Welfare. The city's Park Department, of which William P. Long is Commissioner, supplied ferns, palms and flowery plants, and the Home was in festive holiday dress.

Following the reception, the guests were invited to visit the newly-decorated children's playroom, and to see the babies' nursery, which has been recently done over under Mrs. Styles' direction.

At the Wayfarers' Lodge, John H. Ratigan, Superintendent, gave Thanksgiving cheer to homeless men otherwise forgotten, as well as taking care of his staff of helpers.

RELIEF-ROLL EMPLOYEES FOR SNOW REMOVAL.

It was good news to cities throughout the country when the Federal Emergency Relief Administration notified State Emergency Relief Administrations that men on relief rolls might be used for snow-removal projects in all communities where there was need for such labor. This action gave work to thousands of men who were in urgent need of help, and at the same time it aided materially in keeping streets and sidewalks open for traffic in many communities where street cleaning departments were financially unable to cope with the storm.

CITY OF BOSTON.

PUBLIC BUILDINGS DEPARTMENT.

P. W. A. PROJECT NUMBER MASS. 1280.

Sealed proposals for the general contract for alterations to Quincy Market, situated on Commercial, North and South Market streets and Merchants row, in the City of Boston, Mass., prepared in accordance with instructions contained in the contract documents, will be received at the office of Superintendent of Public Buildings, at 1005 City Hall Annex, Boston, Mass., until two (2) p. m., Eastern Standard Time, December 6, 1935, and at that time and place publicly opened and read. Proposals must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, before the time of opening the bids. Plans, specifications and other contract documents may be secured at office of McLaughlin & Burr, John M. Gray Company, Associated Architects, at 88 Tremont street, Boston, Mass., upon the deposit payment of \$600. Said deposit shall be included in all proposals and will be refunded to all except the successful bidder when such documents are returned in good condition to the Associated Architects at 88 Tremont street, Boston, Mass. Each proposal must be accompanied by a certified check for the sum of \$5,000, payable to the City of Boston. All checks except that of the bidder to whom the contract is awarded will be returned within three days after the awarding of the contract. The project is to be financed and constructed under the terms of the Emergency Relief Appropriation Act of 1935 and chapter 366, Massachusetts Acts of 1933, as amended, and attention is called to the "Construction Regulations" prescribed by the P. W. A. Attention is called to the fact that minimum wage rates are established for the project and are set forth in the contract documents. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost, upon application therefor at Room 1005, City Hall Annex. The office of the United States Employment Bureau designated by the Government for this project is Massachusetts State Employment Service, 100 Nashua Street, Boston, Massachusetts. The right is reserved by the City of Boston, Mass., acting through its Superintendent of Public Buildings, to reject any or all bids, or to accept any bid which it deems most advantageous, subject to the approval of the State Director, P. W. A. The award of this contract is conditional upon funds being made available for this work and the City of Boston reserves the right to hold the bids for a period of sixty (60) days from the date of opening thereof. Provided, however, if funds are made available within a period of thirty (30) days, the City of Boston reserves the right to hold the bids for a period of thirty (30) days from the date of the opening thereof. A surety bond by a company satisfactory to the State Director, P. W. A., and in an amount equal to one hundred (100) per cent of the contract price, will be required from the successful bidder.

CITY OF BOSTON,

Superintendent of Public Buildings.

(Nov. 23-30.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING X-RAY APPARATUS.

The Supply Department of the City of Boston invites proposals for furnishing to the Boston City Hospital, X-Ray Apparatus, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each blank proposal taken out. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, December 13, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,

(Nov. 30.) Superintendent of Supplies.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

A surety bond by a company satisfactory to the State Director, P. W. A., and in an amount equal to one hundred (100) per cent of the contract price, will be required from the successful bidder.

WM. W. DRUMMEN,

(Nov. 30.) Superintendent of Construction.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR COLLECTING AND REMOVING GARBAGE AND REFUSE IN EAST BOSTON, BRIGHTON, WEST ROXBURY, DORCHESTER AND HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for collecting and removing garbage and refuse, between January 1, 1936, and December 31, 1936, including the removal of all household refuse during the spring cleaning period between April 1, 1936, and May 15, 1936, and shall also remove grass, garden refuse and leaves during the entire term of the contract, in the following districts: East Boston, Brighton, West Roxbury, Dorchester and Hyde Park, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. In each proposal the bidder will list the location and ownership of the dumps he proposes to use, and furnish satisfactory proof to the Commissioner as to his legal right to use them. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Collecting and Removing Refuse and Garbage," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Wednesday, December 11, 1935, with a certified check for 5 per cent of the total amount bid for each district, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. There will be a minimum charge of two dollars (\$2) for each set of specifications taken out. If the price bid on any district appears to the Commissioner to be abnormally high or low it may lead to the rejection of the proposal for said district. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

C. J. CARVEN,

Commissioner of Public Works.

(Nov. 30-Dec. 7.)

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REMOVING SNOW AND ICE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for removing snow and ice in the following snow districts: Nos. 1, 2, 3, and 4, and giving bond therefor of a surety company approved by the Commissioner in the sum of ten thousand (\$10,000) dollars for each area to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Removing Snow and Ice," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Monday, December 2, 1935, with a certified check for five hundred (\$500) dollars for each area, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a minimum charge of two dollars (\$2) for each set of specifications taken out. If the price bid on any district appears to the Commissioner to be abnormally high or low it may lead to the rejection of the proposal for said district. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

C. J. CARVEN,

Commissioner of Public Works.

(Nov. 23-30.)

ADDITIONS TO CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Federal Contracting Company, Incorporated, has been allowed to deduct as per attached note for change in the contract for the William Wirt Warren School: Omitting frame vestibules into room as shown on plan, \$25; outside ramps in front of exit doors omitted, \$24; iron pipe railings on outside ramps omitted, \$30; this amount, \$79, will be deducted therefor, making the account as follows: Contract price, \$9,463; total additions, \$82; total deductions, \$79; amount of contract, \$9,466.

R. J. Connolly, Incorporated, has been allowed to add as per attached note to the contract for the Wait School: Change in gauge of iron under ramp from 12 gauge as specified to 10 gauge, due to ruling of the Boston Building Department, in the amount of \$81 additional to contract, and the amount of \$81 will be added therefor, making the account as follows: Contract price, \$9,800; total additions, \$580; amount of contract, \$10,380.

D'Amore Construction Company has been allowed to deduct from the contract for the addition to East Boston High School for the amount of labor on temporary heat not consumed per architect's letter of September 23, 1935, and the amount of \$2,111.20 will be deducted therefor, making the account as follows: Contract price, \$128,740; total additions, \$1,752.60; total deductions, \$3,111.20; amount of contract, \$127,381.40.

Wright & Ditson Division (Spalding Sales Corporation) has been ordered to deduct as follows and as per contract for the Shurtleff Intermediate School: Item 20 calls for 2 pairs basket ball back stops and official goals braced out 5 feet, omit bracing, and from the contract deduct \$66, and the amount of \$66 will be deducted therefor, making the account as follows: Contract price, \$1,435.30; total deductions, \$66; amount of contract, \$1,369.30.

HOSPITAL DEPARTMENT.

Matthew Cummings Company, contractor for Surgical Operating and Ward Building, has been instructed to add to the contract the sum of \$478.18 to adjust contract price on account of the removal of obstructions: 226.59 lineal feet of old piles cut off, contract price of \$2 per lineal foot, \$453.18; 5 cubic yards of old foundation removed, contract price of \$6 per cubic yard, \$30; less credit of 5 cubic yards earth excavation not done at contract price of \$1 per cubic yard, \$5, in accordance with bill of September 20, 1935. Original contract, \$1,182,458.08; corrected contract, as per order No. A-1834, \$1,194,373.73; now added, \$478.18; corrected contract, \$1,194,851.91; total added, \$18,714.83; total deducted, \$6,321.

Matthew Cummings Company, contractor for Surgical Operating and Ward Building, has been instructed to add to the contract the sum of \$1,902.99 for adjusting the contract price for sewer work in Albany street and Massachusetts avenue authorized by change order No. 15, dated June 4, 1935: Total cost of work \$3,427.99; allowance in contract, \$1,525; net change addition to contract price of Matthew Cummings Company, \$1,902.99, in accordance with letter of May 27, 1935. Original contract, \$1,182,458.08; corrected contract, as per order No. A-1836, \$1,194,851.91; now

added, \$1,902.99; corrected contract, \$1,196,754.90; total added, \$20,617.82; total deducted, \$6,321.

Matthew Cummings Company, contractor for Surgical Operating and Ward Building, has been instructed to add to the contract the sum of \$90.57 for cutting hole for access space through wall back of junction box located in main tunnel that passes under Albany street to the power plant: Front cover of junction box to be made into sections held in place with butterfly nuts in accordance with letter of October 18, 1935. Original contract, \$1,182,458.08; corrected contract, as per order No. A-1838, \$1,196,754.90; now added, \$90.57; corrected contract, \$1,196,845.47; total added, \$20,708.39; total deducted, \$6,321.

Matthew Cummings Company, contractor for Surgical Operating and Ward Building, has been instructed to make no change in contract price for changing adjustable suspension operating lighting fixture units to rigid suspension type in accordance with letter of October 3, 1935, and your letter of October 31, 1935, with enclosures. Original contract, \$1,182,458.08; corrected contract, as per order No. A-1839, \$1,196,845.47; corrected contract, \$1,196,845.47; total added, \$20,708.39; total deducted, \$6,321.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 6 Church place, Ward 9.

The building at 11 Darling street, rear, Ward 10.

The building at 29 Oneida street, Ward 3, the stairs from first floor to basement are leaning away from party wall and are broken. Plaster of basement ceiling bulged and broken off in several places. Basement partition settled. Rear wall bulged and settled. Unsafe and dangerous. Mr. David B. Chaletzky, trustee, of 294 Washington street, Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 599 East Sixth street, Ward 7, is in an unsafe and dangerous condition, dilapidated and a fire hazard. The owner, Daniel V. Ring Estate, John F. Ring, administrator, of 599 East Sixth street, South Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports, after investigation, that the owner is financially unable to pay for the razing of the building.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Ruskin road, Hyde Park district, as a highway, from Blake street to Wood avenue, with the name of Ruskindale road or some other distinctive name, bounded and described as follows:

A highway named Ruskindale road is hereby laid out, from Blake street to Wood avenue, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Blake street, by two measurements, thirty-two and 56-100 feet on a curve of nine hundred seventy-four and 28-100 feet radius and nine and 21-100 feet on a curve of nine hundred thirty-five and 37-100 feet radius; southwesterly by the southwesterly line of said Ruskindale road as hereby laid out, by two measurements, three hundred seventy-four and 83-100 feet and ten hundred seventy-nine and 39-100 feet; northwesterly by Wood avenue, forty-one and 6-100 feet; and northeasterly by the northeasterly line of said Ruskindale road as hereby laid out, by two measurements, ten hundred eighty-eight and 54-100 feet and three hundred sixty-two and 71-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Ruskindale road (formerly Ruskin road), Hyde Park district, as a highway, from Blake street to Wood avenue, under the order of the Board of November 22, 1935, and awards no damages therefor.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 12-inch pipe and a surface drain of 10-inch and 12-inch pipe, W. P. A. Project 61-8, in Washington street (east side), between Grove street and Edgemere road, in the West Roxbury district, at an estimated cost of \$30,000.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

POPULATION OF CITIES OF OVER 300,000, 1930.

New York, 6,930,446, an increase of 1,310,398 or 23.3 per cent over 1920, divided thus: Brooklyn Borough, 2,560,401; Manhattan, 1,867,312; Bronx, 1,265,258; Queens, 1,079,129; Richmond, 1,588,346. Other cities, with increase over 1920: Chicago, 3,376,438 (increase 674,733 or 25.0 per cent); Philadelphia, 1,950,961 (increase 127,182 or 7.0 per cent); Detroit, 1,568,662 (inc. 574,984 or 57.9 per cent); Los Angeles, 1,238,048 (inc. 661,375 or 114.7 per cent); Cleveland, 900,429 (inc. 103,588 or 13.0 per cent); St. Louis, 821,960 (inc. 49,063 or 6.3 per cent); Baltimore, 804,874 (inc. 71,048 or 9.7 per cent); Boston, 781,188 (inc. 33,128 or 4.4 per cent); Pittsburgh, 669,817 (inc. 81,474 or 13.8 per cent); San Francisco, 634,394 (inc. 127,718 or 25.2 per cent); Milwaukee, 578,249 (inc. 121,102 or 26.5 per cent); Buffalo, 573,076 (inc. 66,301 or 13.1 per cent); Washington, 486,869 (inc. 49,298 or 11.3 per cent); Minneapolis, 464,356 (inc. 83,774 or 22.0 per cent); New Orleans, 458,762 (inc. 71,543 or 18.5 per cent); Cincinnati, 451,160 (inc. 49,913 or 12.4 per cent); Newark, 442,337 (inc. 27,813 or 6.7 per cent); Kansas City, Mo., 399,746 (inc. 75,336 or 23.2 per cent); Seattle, 365,583 (inc. 50,271 or 15.9 per cent); Indianapolis, 364,161 (inc. 49,967 or 15.9 per cent); Rochester, N. Y., 328,132 (inc. 32,382 or 10.9 per cent); Jersey City, 316,715 (inc. 18,612 or 6.2 per cent); Louisville, 307,745 (inc. 72,854 or 31.0 per cent); Portland, Oregon, 301,815 (inc. 43,527 or 16.9 per cent).

Bids close Tuesday, December 24, at 12 m.

MAYOR DECLINES TO GIVE COUNCIL SNOW-REMOVAL EQUIPMENT INFORMATION.

Upon December 2 the Mayor issued the following statement:

The Mayor regrets that he must decline to give to the City Council the information as to bids submitted for snow-removal equipment requested by its committee. He feels that no useful purpose could be served by giving this information and that the Council must be satisfied to rely on the integrity of the Superintendent of Supplies and the Mayor.

A report of a committee of experts is before your Honorable Body and contemplates the expenditure of \$673,000 and upon this report the request for an appropriation of \$675,000 was based. The Mayor feels that all the information that is necessary for the Council to have is contained in this report of the experts. The Mayor further suggests that it has always been customary for appropriations to be made by the Council before bids have been asked for, and so far as he knows the Council has never asked in advance for information as to bids before making an appropriation.

BOSTON NOTES SOLD READILY.

Bids were received for \$2,500,000 City of Boston notes, dated December 2, 1935, and due November 2, 1936, and were awarded to a syndicate headed by Halsey, Stuart & Co. at .82 per cent plus a premium of \$35. The syndicate was composed of Bancamerica-Blair Corporation, Hemphill, Noyes & Co., Incorporated, Stranahan, Harris & Co., Incorporated, and G. M. P. Murphy & Co.

A bid was also received from Leavitt & Co. (New York), who bid .85 per cent plus a premium of \$21.

A syndicate headed by Edward B. Smith & Co. also bid. This syndicate was composed of Lazard, Freres & Co., Incorporated, R. W. Pressprich & Co., Goldman Sachs & Co., and Washburn & Co. Their bid was .91 per cent plus a premium of \$33.

Salaman Brothers & Hutzler bid .91 per cent plus a premium of \$13.

A syndicate headed by Kidder, Peabody & Co., and composed of Brown, Harriman & Co., Incorporated, First Boston Corporation and Stone & Webster and Blodgett, Incorporated, bid 1.12 per cent, plus a premium of \$32.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following rule, which was adopted September 6, 1934, and was effective September 7, 1934, for a trial period of three (3) months, and was extended for three (3) months from December 7, 1934, and was extended for three (3) months from March 7, 1935, and was extended for three (3) months from June 7, 1935, and was extended for three (3) months from September 7, 1935, is hereby extended for a further trial period of thirty (30) days from December 7, 1935:

Vehicles shall be placed at an angle of forty-five (45) degrees to the curb, with right rear wheel to the curb, in Blue Hill avenue, both sides, from Babson street to Mattapan square.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules, which were adopted February 20, 1935, and were effective March 4, 1935, for a trial period of three (3) months, and were extended for three (3) months from June 4, 1935, and were extended for three (3) months from September 4, 1935, are hereby extended for a further trial period of thirty (30) days from December 4, 1935:

Parking of vehicles is prohibited in the following street:

Faulkner Street, Dorchester.

South side, from Dorchester avenue to the Boston Elevated Railway private roadway.

The following is a two-way street:

Ash Street.

From Oak street to Bennet street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be sixty (60) days, the following temporary rules are effective November 29, 1935:

Vehicles are excluded from the following streets:

Harwich Street.

From Dartmouth street to Yarmouth street.

Truro Street.

From Harwich street to Yarmouth street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of the Horse Show at the State Armory, parking of vehicles is prohibited in Gaffney street, both sides, from Commonwealth avenue to the Boston & Albany Railroad, effective from December 5, 1935, to December 8, 1935, inclusive.

Voted, That as urgently required by considerations of public safety and convenience, during the period of Christmas shopping in the retail stores district, the following rules are effective from December 6, 1935, to December 31, 1935, inclusive:

The operator of a vehicle shall not make a left turn from Washington street into Winter street, westerly.

The operator of a vehicle shall not stop, stand or park a vehicle in Washington street, either side, from Avery street to Franklin street, between the hours of 10 a. m. and 4.30 p. m., except when necessary to avoid conflict with other traffic or in compliance with the direction of a police officer, traffic sign or traffic signal.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street resurfacing, estimated to be three (3) days, Brookline avenue is a one-way street, from Newbury street to Boylston street, between the hours of 8 a. m. and 4.30 p. m., effective December 5, 1935.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Larch street, Brighton district, as a highway, from Kenrick street to South Crescent Circuit, bounded and described as follows:

A highway named Larch street is hereby laid out, from Kenrick street to South Crescent Circuit, and ordered constructed; the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following-described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Boston Cenacle Society, bounded:

Southerly by Kenrick street, by two measurements, eighteen and 65-100 feet and two and 92-100 feet; southwesterly by Larch street, twenty and 30-100 feet; and northeasterly by the northeasterly line of Larch street as established under this order, forty-one and 32-100 feet on a curve of one hundred feet radius, containing thirty square feet, more or less.

The land, owners unknown, being the private way known as Larch street, from Kenrick street to South Crescent Circuit.

Said Larch street as hereby laid out is bounded:

Southerly by Kenrick street, by two measurements, eighteen and 65-100 feet and one hundred twenty-nine and 15-100 feet; southwesterly by the southwesterly line of said Larch street as hereby laid out, by four measurements, six hundred fifty-six and 63-100 feet, two hundred sixty-four and 77-100 feet on a curve of five hundred thirty-one and 89-100 feet radius, one hundred seventy-five and 46-100 feet and thirty-eight and 91-100 feet on a curve of sixty-eight and 9-100 feet radius; northerly by South Crescent Circuit, one hundred forty-three and 96-100 feet; easterly by the easterly line of said Larch street as hereby laid out, thirty-seven and 75-100 feet on a curve of fourteen and 69-100 feet radius, and northeasterly by the northeasterly line of said Larch street as hereby laid out, by four measurements, eighty-three and 24-100 feet, two hundred forty-four and 86-100 feet on a curve of four hundred ninety-one and 89-100 feet radius, seven hundred fifty-six and 5-100 feet, and forty-one and 32-100 feet on a curve of one hundred feet radius.

Voted, That this Board determines that the undermentioned estate sustains damages by the making of the public improvement, consisting of the laying out and construction of Larch street, Brighton district, as a highway, from Kenrick street to South Crescent Circuit, under the order of the Board of December 2, 1935, in the amount hereinafter mentioned, and awards said amount thereto:

Boston Cenacle Society, 30 square feet, \$1.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Lyne road, Brighton district, as a highway, from Union street southwesterly, bounded and described as follows:

A highway named Lyne road is hereby laid out, southwesterly from Union street for a distance of approximately two hundred and seventy feet, and ordered constructed; the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northeasterly by Union street, thirty-two and 8-100 feet; southeasterly by the southeasterly line of said Lyne road as hereby laid out, two hundred seventy-one and 80-100 feet; southwesterly by the southwesterly line of said Lyne road as hereby laid out, thirty-two and 7-100 feet; and northwesterly by the northwesterly line of said Lyne road as hereby laid out, two hundred seventy-one and 63-100 feet.

Included in the above-described land (taken hereunder) are parts of certain parcels of land registered in the Land Court, said parcels being shown on the plan hereinbefore referred to, and said parts being the portions of said registered parcels which lie between the northwesterly line of said Lyne road and the middle line thereof; the owners of said portions, the number of the certificate of title and the book and page where the same is registered are as follows:

Michael Keefe *et al.*, Cert. No. 26202, Book 127, page 2.

Andrew J. Walsh *et al.*, Cert. No. 31255, Book 152, page 55.

Mary M. Cox, Cert. No. 27497, Book 133, page 97.

Michael Keefe *et al.*, Cert. No. 26203, Book 127, page 3.

John J. Igoe, Cert. No. 27092, Book 131, page 92.

Patrick J. Griffin *et al.*, Cert. No. 26884, Book 130, page 84.

Voted,—That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Lyne road, Brighton district, as a highway, southwesterly from Union street for two hundred and seventy feet, under the order of the Board of even date herewith, and awards no damages therefor.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

William A. Tighe, in care of The Boston Globe, Boston, in the sum of \$150, as compensation for personal injuries caused by defect in sidewalk in front of 250 Washington street, Boston, October 2, 1935.

Mary A. Foley, 45 Pierce avenue, Dorchester, in the sum of \$75, as damages to property by change of grade in street, caused by digging below the original grade in front of the above address.

MAYOR NAMES COMMISSIONER OF SCHOOL BUILDINGS.

Upon November 29 the Mayor issued the following statement:

James J. Egan, of 843 South street, Roslindale, this day appointed to the Board of Commissioners of School Buildings, is president of the Consolidated Construction Company, Incorporated, engaged in general construction business of every description. He was formerly employed by the New England Telephone and Telegraph Company for a period of twelve years as test man, maintenance repair man, senior test man and wire chief, from which position he resigned to enter the employ of the City of Boston, in the Schoolhouse Department, as supervisor of low-voltage equipment, including fire-alarm systems. He served there for three years and then became New England Sales Manager of the DuPont Corporation. Following this he was in the builders' wholesale and retail hardware business, until he formed the Consolidated Construction Company.

He was active in the telephone employees' union, Local No. 142, and served as president and chairman of the executive board. He was elected to represent the local union at four international conventions and was a delegate to the Boston Central Labor Union. Although his union activities ceased several years ago he is still a member in good standing of the International Telephone Men's Union.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

PLAYGROUND WORKERS, SUPERVISORS, AND ASSISTANT SUPERVISORS, DECEMBER 28, 1935.

Last date for filing applications, Saturday, December 14, 1935, at 12 noon.

The examination is open to both males and females.

This examination will be for the service of all the cities and towns in the State where these positions are under civil service.

The playgrounds ordinarily are open from April to November. During the school year sessions are usually held after school hours and on Saturdays, and on all days except Sundays during the summer. In the summer, the usual salary is from \$15 to \$25 a week.

The general duties of playground workers require a knowledge of the interests of children, ability to organize and conduct playground activities and adult recreation. It is desirable that applicants have education, training or experience in physical culture, playground work, and physical training of juveniles.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

There will also be a supplementary paper for those wishing to qualify as swimming instructors in playgrounds having a pool.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Applicants who wish to be certified to positions as playground supervisors must have at least two seasons' actual experience in playground work.

Physical fitness to be determined by physical examination.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of August 29, 1935, determining damages caused by the making of the public improvement consisting of the laying out of Weld street, West Roxbury district, be, and the same hereby is, amended, by striking from said order the amount \$6,000 awarded to Jeremiah D. Sullivan in said order and inserting in place thereof the amount \$6,350; that the amount \$6,350 be, and the same hereby is, awarded to Jeremiah D. Sullivan for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of March 6, 1935, determining damages caused by the making of the public improvement consisting of the taking of 3,792 square feet, 3,947 square feet and building, and 1,786 square feet on Hawthorne street, for school purposes, be, and the same hereby is, amended, by striking from said order the amounts \$125; \$1,725; \$200 awarded to Joseph F. Burke in said order and inserting in place thereof the amount \$4,400; that the amount \$4,400 be, and the same hereby is, awarded to Joseph F. Burke for the damages so sustained.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe in Pershing road, between 100 feet west of Centre street and 350 feet westerly, in the West Roxbury district, at an estimated cost of \$3,300.

A surface drain of 12-inch pipe and one catch-basin in St. Botolph street, between Follen street and 32 feet northerly, in the City Proper district, at an estimated cost of \$930.

A surface drain of 12-inch pipe in Follen street, between Alley 454 and St. Botolph street, in the City Proper district, at an estimated cost of \$964.

A sanitary sewer of 1-foot 8-inch by 1-foot 8-inch concrete, W. P. A. Project 65-14-4965, in Front street, between 750 feet west of Warren avenue and 340 feet westerly, in the Charlestown district, at an estimated cost of \$17,000.

A surface drain of 12-inch pipe (W. P. A. Project 65-14-3348) in King street, between Adams street and Neponset avenue, in the Dorchester district, at an estimated cost of \$17,520.

A surface drain of 12-inch pipe and one catch-basin (W. P. A. Project 65-14-3348) in Fuller street, between Washington street and 265 feet northeasterly, in the Dorchester district, at an estimated cost of \$3,000.

FORMER GUARD AT DEER ISLAND DENIED REINSTATEMENT.

Judge Frank S. Deland of the West Roxbury Court has denied the petition of Martin J. Lynch to be reinstated as a guard at Deer Island, from which position he was removed by Penal Institutions Commissioner John J. Douglass. The judge decided that the removal was not without proper cause and that there was no evidence that the respondents acted in bad faith.

* Contract awarded.

Upon November 30 the Mayor approved a contract with the Signal Service Corporation for furnishing traffic signal equipment for the Boston Traffic Commission. Bids, opened October 24, were as follows:

Traffic Signal Equipment for the Intersections of Beacon Street and Berkeley Street; Beacon Street and Clarendon Street; Beacon Street and Dartmouth Street.

6 *Traffic Signal Posts, No. 1, Each.*—Municipal Signal and Supply Company, \$31.50; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$31.50; Graybar Electric Company, \$31.50; Tokheim Oil Tank and Pump Company, \$31.50; Eagle Signal Corporation, \$31.50; George H. Wahn Company, \$31.50; Crouse-Hinds Company, \$31.50; Signal Service Corporation of Massachusetts, \$31.50*.

3 *Traffic Signal Posts, No. 2, Each.*—Municipal Signal and Supply Company, \$36.45; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$36.45; Graybar Electric Company, \$36.45; Tokheim Oil Tank and Pump Company, \$36.45; Eagle Signal Corporation, \$36.45; George H. Wahn Company, \$36.45; Crouse-Hinds Company, \$36.45; Signal Service Corporation of Massachusetts, \$36.45*.

4 *One-Way Traffic Signal Housings, Each with Three Lenses, Each.*—Municipal Signal and Supply Company, \$34.93; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$34.93; Graybar Electric Company, \$34.93; Tokheim Oil Tank and Pump Company, \$34.93; Eagle Signal Corporation, \$34.93; George H. Wahn Company, \$34.93; Crouse-Hinds Company, \$34.93; Signal Service Corporation of Massachusetts, \$34.93*.

1 *One-Way Traffic Signal Housing with Four Lenses, the Bottom Lens to be a Green Arrow Lens.*—Municipal Signal and Supply Company, \$44.28; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$44.28; Graybar Electric Company, \$44.28; Tokheim Oil Tank and Pump Company, \$44.28; Eagle Signal Corporation, \$44.28; George H. Wahn Company, \$44.28; Crouse-Hinds Company, \$44.28; Signal Service Corporation of Massachusetts, \$44.28*.

2 *Two-One-Way Traffic Signal Housings, Each Face of Each with Three Lenses, Each.*—Municipal Signal and Supply Company, \$78.20; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$78.20; Graybar Electric Com-

pany, \$78.20; Tokheim Oil Tank and Pump Company, \$78.20; Eagle Signal Corporation, \$78.20; George H. Wahn Company, \$78.20; Crouse-Hinds Company, \$78.20; Signal Service Corporation of Massachusetts, \$78.20*.

1 *Two-One-Way Traffic Signal Housing, One Face with Three Lenses and One Face with Four Lenses, the Bottom Lens of the Latter to be a Green Arrow Lens.*—Municipal Signal and Supply Company, \$88.40; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$88.40; Graybar Electric Company, \$88.40; Tokheim Oil Tank and Pump Company, \$88.40; Eagle Signal Corporation, \$88.40; George H. Wahn Company, \$88.40; Crouse-Hinds Company, \$88.40; Signal Service Corporation of Massachusetts, \$88.40*.

1 *Three-One-Way Traffic Signal Housing, Each Face with Three Lenses.*—Municipal Signal and Supply Company, \$117.30; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$117.30; Graybar Electric Company, \$117.30; Tokheim Oil Tank and Pump Company, \$117.30; Eagle Signal Corporation, \$117.30; George H. Wahn Company, \$117.30; Crouse-Hinds Company, \$117.30; Signal Service Corporation of Massachusetts, \$117.30*.

6 *Burke Electric Company No. 6012 Terminal Blocks and Covers, 12 Double Stud, Complete with Accessories for Mounting on Five-Eighths Inch Diameter Rods, Each.*—Municipal Signal and Supply Company, \$4.50; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$4.50; Graybar Electric Company, \$4.50; Tokheim Oil Tank and Pump Company, \$4.50; Eagle Signal Corporation, \$4.50; George H. Wahn Company, \$4.50; Crouse-Hinds Company, \$4.50; Signal Service Corporation of Massachusetts, \$4.50*.

2 *Standard Boston Traffic Commission Local Controller Boxes, to be of Virgin Ingot Cast Aluminum Alloy No. 212, Each Controller Box Complete with Ten Relays, Terminal Strips and Two-Period with Pedestrian-Period Tokheim Timer, or Equivalent, to Fit No. 2 Posts, Each.*—Municipal Signal and Supply Company, \$454.75; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$454.75; Graybar Electric Company, \$454.75; Tokheim Oil Tank and Pump Company, \$454.75; Eagle Signal Corporation, \$454.75; George H. Wahn Company, \$454.75; Crouse-Hinds Company, \$454.75; Signal Service Corporation of Massachusetts, \$454.75*.

1 *Standard Boston Traffic Commission Local Controller Box, to be of Virgin Ingot Cast Aluminum Alloy No. 212, to Fit No. 2 Post, Complete with Relays, Terminal Strips and Two Two-Period with Pedestrian-Period Tokheim Timers, or Equivalent, Wired to Give Three Vehicular Periods and a Pedestrian Period.*—Municipal Signal and Supply Company, \$640; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$640; Graybar Electric Company, \$640; Tokheim Oil Tank and Pump Company, \$640; Eagle Signal Corporation, \$640; George H. Wahn Company, \$640; Crouse-Hinds Company, \$640; Signal Service Corporation of Massachusetts, \$640*.

Total.—Municipal Signal and Supply Company, \$2,420.95; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$2,420.95; Graybar Electric Company, \$2,420.95; Tokheim Oil Tank and Pump Company, \$2,420.95; Eagle Signal Corporation, \$2,420.95; George H. Wahn Company, \$2,420.95; Crouse-Hinds

Company, \$2,420.95; Signal Service Corporation of Massachusetts, \$2,420.95.

Traffic Signal Equipment for the Intersections of Allston Street and Commonwealth Avenue; and Commonwealth Avenue and Warren Street.

9 *Traffic Signal Posts, No. 1, Each.*—Municipal Signal and Supply Company, \$31.50; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$31.50; Graybar Electric Company, \$31.50; Tokheim Oil Tank and Pump Company, \$31.50; Eagle Signal Corporation, \$31.50; George H. Wahn Company, \$31.50; Crouse-Hinds Company, \$31.50; Signal Service Corporation of Massachusetts, \$31.50.*

2 *Traffic Signal Posts, No. 2, Each.*—Municipal Signal and Supply Company, \$36.45; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$36.45; Graybar Electric Company, \$36.45; Tokheim Oil Tank and Pump Company, \$36.45; Eagle Signal Corporation, \$36.45; George H. Wahn Company, \$36.45; Crouse-Hinds Company, \$36.45; Signal Service Corporation of Massachusetts, \$36.45.*

3 *One-Way Traffic Signal Housings, Each with Three Lenses, Each.*—Municipal Signal and Supply Company, \$34.93; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$34.93; Graybar Electric Company, \$34.93; Tokheim Oil Tank and Pump Company, \$34.93; Eagle Signal Corporation, \$34.93; George H. Wahn Company, \$34.93; Crouse-Hinds Company, \$34.93; Signal Service Corporation of Massachusetts, \$34.93.*

7 *Two-One-Way Traffic Signal Housings, Each Face of Each with Three Lenses, Each.*—Municipal Signal and Supply Company, \$78.20; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$78.20; Graybar Electric Company, \$78.20; Tokheim Oil Tank and Pump Company, \$78.20; Eagle Signal Corporation, \$78.20; George H. Wahn Company, \$78.20; Crouse-Hinds Company, \$78.20; Signal Service Corporation of Massachusetts, \$78.20.*

1 *Three-One-Way Traffic Signal Housing, Each Face with Three Lenses.*—Municipal Signal and Supply Company, \$117.30; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$117.30; Graybar Electric Company, \$117.30; Tokheim Oil Tank and Pump Company, \$117.30; Eagle Signal Corporation, \$117.30; George H. Wahn Company, \$117.30; Crouse-Hinds Company, \$117.30; Signal Service Corporation of Massachusetts, \$117.30.*

9 *Burke Electric Company No. 6012 Terminal Blocks and Covers, 12 Double-Stud, Complete with Accessories for Mounting on Five-Eighths Inch Diameter Rods, Each.*—Municipal Signal and Supply Company, \$4.50; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$4.50; Graybar Electric Company, \$4.50; Tokheim Oil Tank and Pump Company, \$4.50; Eagle Signal Corporation, \$4.50; George H. Wahn Company, \$4.50; Crouse-Hinds Company, \$4.50; Signal Service Corporation of Massachusetts, \$4.50.*

2 *Standard Boston Traffic Commission Control Boxes, to be of Virgin Ingot Cast Aluminum Alloy No. 212; Each Control Box is to be Equipped with the Following: 1 Synchronous-Motor Timing Mechanism to Accomplish Two Vehicular Periods and One Pedestrian Period; 1 Flasher Assembly to Give Forty Flashes Per Minute on Signal Indications, with Suitable Devices to Eliminate Radio Interference; 1 Three-*

Pole, Double-Throw, Electrically-Wound, Type TMU, Sangamo Time Switch; 1 Plug-Fuse Cutout, Three-Pole, Main Line with Solid Neutral, 3-30 Amperes, 115 Volts; 1 Twelve-Terminal Strip of Bakelite with Cartridge Type Fuses; 1 Standard Boston Traffic Commission Key Switch to Accomplish Shut-Down of Signal, Each.—Municipal Signal and Supply Company, \$300; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$300; Graybar Electric Company, \$300; Tokheim Oil Tank and Pump Company, \$300; Eagle Signal Corporation, \$300; George H. Wahn Company, \$300; Crouse-Hinds Company, \$300; Signal Service Corporation of Massachusetts, \$300.*

Total.—Municipal Signal and Supply Company, \$1,766.39; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$1,766.39; Graybar Electric Company, \$1,766.39; Tokheim Oil Tank and Pump Company, \$1,766.39; Eagle Signal Corporation, \$1,766.39; George H. Wahn Company, \$1,766.39; Crouse-Hinds Company, \$1,766.39; Signal Service Corporation of Massachusetts, \$1,766.39.

Grand Total for the Two Sections.—Municipal Signal and Supply Company, \$4,187.34; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$4,187.34; Graybar Electric Company, \$4,187.34; Tokheim Oil Tank and Pump Company, \$4,187.34; Eagle Signal Corporation, \$4,187.34; George H. Wahn Company, \$4,187.34; Crouse-Hinds Company, \$4,187.34; Signal Service Corporation of Massachusetts, \$4,187.34.

* Contract awarded.

Upon November 30 the Mayor approved contracts with the Eastern Salt Company and the Atlantic Salt Company for furnishing approximately 3,331 bags coarse fine Retsof salt for the Fire Department and Water Division. Bids, opened November 12, were as follows:

1,656 bags delivered north of Massachusetts avenue, 1,675 bags delivered south of Massachusetts avenue.

Approximately 3,331 Bags Coarse Fine Retsof Salt, Per 140-Pound Bag.—Eastern Salt Company, \$1.17; Atlantic Salt Company, \$1.17.

Additional Charge Per Bag for Deliveries South of Massachusetts Avenue.—Eastern Salt Company, 5 cents; Atlantic Salt Company, 5 cents.

Total.—Eastern Salt Company, \$3,981.02; Atlantic Salt Company, \$3,981.02.

Cash Discount, Ten Days.—Eastern Salt Company, 1 per cent; Atlantic Salt Company, 1 per cent.

Upon December 2 the Mayor approved a contract with the Green & Swett Company for furnishing Weed chains, etc., for the various city departments. Privilege of purchasing on same terms and conditions extended to March 31, 1936. Bids, opened October 15, were as follows:

Approximate Amounts on All Items.

609 *Pairs Anti-Skid Chains, Weed, or Equal, Discount from Standard List.*—Green & Swett Company, 60 per cent, St. Pierre Super Grip passenger car; 50 per cent, St. Pierre or McKay truck; Maier Brothers, Incorporated, 50 and 5 per cent, St. Pierre; Goodrich Tire Service Company, Acting for Pyrene Manufacturing Company, 50 and 5 and 5 per cent, Pyrene; American Chain Company, Incorporated, 50 per cent, Weed, 2 per cent additional discount if excise tax exemption certificate is furnished; Little-

field-Greene Corporation, 40 and 10 per cent, Weed, from Boston*; Boston Ring and Gasket Company, 50 per cent, Columbus-McKinnon Dreadnaught; Butts & Ordway Company, 40 and 10 per cent, from Boston stock.*

38,900 *Cross-Chains, Discount from Standard List.*—Green & Swett Company, 50 and 5 per cent, St. Pierre passenger car; 50 per cent, St. Pierre truck; 50 per cent, McKay passenger or truck; Maier Brothers, Incorporated, 50 and 5 per cent, St. Pierre; Goodrich Tire Service Company, Acting for Pyrene Manufacturing Company, 50 and 5 and 5 per cent, Pyrene; American Chain Company, Incorporated, 50 per cent, Weed, 2 per cent additional discount if excise tax exemption certificate is furnished; Littlefield-Greene Corporation, 40 and 10 per cent, Weed, from Boston*; Boston Ring and Gasket Company, 50 per cent, Columbus-McKinnon Dreadnaught; Butts & Ordway Company, 40 and 10 per cent, from Boston stock.*

309 *Pairs Chain Adjusters, Weed, or Equal, Discount from Standard List.*—Green & Swett Company, 50 per cent, McKay; Maier Brothers, Incorporated, 50 and 5 per cent, St. Pierre; Goodrich Tire Service Company, Acting for Pyrene Manufacturing Company, 50 and 5 and 5 per cent, Pyrene; American Chain Company, Incorporated, 50 per cent, Weed, 2 per cent additional discount if excise tax exemption certificate is furnished; Littlefield-Greene Corporation, 40 and 10 per cent, Weed, from Boston*; Boston Ring and Gasket Company, 40 and 10 per cent, Columbus-McKinnon Dreadnaught; Butts & Ordway Company, 40 and 10 per cent, from Boston stock.*

112 *Pairs Rubber Chain Adjusters, Per Pair.*—Green & Swett Company, 28 cents, C. O. T. endless rubber, no seams; Maier Brothers, Incorporated, 18 cents; American Chain Company, Incorporated, 50 cents, 50 per cent, 2 per cent additional discount if excise tax exemption certificate is furnished; Littlefield-Greene Corporation, 23 cents; Boston Ring and Gasket Company, 27 cents; Butts & Ordway Company, 23 cents.

2,400 *No. 1 Self-Closing Repair Lenses, Per C.*—Green & Swett Company, \$1.04; Maier Brothers, Incorporated, 94 cents; Goodrich Tire Service Company, Acting for Pyrene Manufacturing Company, 60 per cent, list; Littlefield-Greene Corporation, \$1, bulk, Monkey; Boston Ring and Gasket Company, \$1.05; Butts & Ordway Company, \$1, Monkey.

500 *No. 2 Self-Closing Repair Lenses, Per C.*—Green & Swett Company, \$2.08; Maier Brothers, Incorporated, \$1.91; Goodrich Tire Service Company, Acting for Pyrene Manufacturing Company, 60 per cent, list; Littlefield-Greene Corporation, \$2, bulk, Monkey; Boston Ring and Gasket Company, \$2.10; Butts & Ordway Company, \$2, Monkey.

* Amount of discount on 33,900 cross-chains, 309 pairs chain adjusters, 112 pairs rubber chain adjusters, 2,400 No. 1 self-closing repair lenses, and 500 No. 2 self-closing repair lenses, on standard list, \$1,766.39; total, \$1,766.39.

1,000 *No. 3 Self-Closing Repair Lenses, Per C.*—Green & Swett Company, \$3.125; Maier Brothers, Incorporated, \$2.78; Goodrich Tire Service Company, Acting for Pyrene Manufacturing Company, 60 per cent, list; Littlefield-Greene Corporation, \$3, bulk, Monkey; Boston Ring and Gasket Company, \$3.15; Butts & Ordway Company, \$3, Monkey.

50 *No. 4 Self-Closing Repair Lenses, Per C.*—Green & Swett Company, \$1.04; Maier Brothers, Incorporated, \$1.91; Goodrich Tire Service Company, Acting for Pyrene Manufacturing Company, 60 per cent, list; Littlefield-Greene Corporation, \$2, bulk, Monkey; Boston Ring and Gasket Company, \$2.10; Butts & Ordway Company, \$2, Monkey.

Swett Company, \$15, special link; Maier Brothers, Incorporated, \$3.66; Littlefield-Greene Corporation, \$20 or \$4 No. 4 Monkey links, $\frac{3}{8}$ -inch bulk; Boston Ring and Gasket Company, \$4.16; Butts & Ordway Company, No. 2530, 20 cents each or No. 4 Monkey links $\frac{3}{8}$ -inch \$4 per C.

1 Pair St. Pierre Grant Chain Pliers No. 4, Per Pair.—Green & Swett Company, \$2.75; Maier Brothers, Incorporated, \$4.40 and 10 per cent, \$2.16; American Chain Company, Incorporated, \$3.50 per cent, Weed sturdy pliers; Littlefield-Greene Corporation, \$2.16; Boston Ring and Gasket Company, \$2.40 Butts & Ordway Company, \$4.40 and 10 per cent.

2,000 Feet Two Inch by One Quarter Inch Trace Chain, Per C. Feet.—Green & Swett Company, \$5.70; Maier Brothers, Incorporated, \$4.55; American Chain Company, Incorporated, \$4.40, 15-64-inch side chain; Littlefield-Greene Corporation, \$3.84; Boston Ring and Gasket Company, \$5.50; Butts & Ordway Company, \$3.84.

2,000 Feet No. 5 Galvanized Side Chain, Per C. Feet.—Green & Swett Company, \$4.50; Maier Brothers, Incorporated, \$4.05; Goodrich Tire Service Company, Acting for Pyrene Manufacturing Company, \$7.25, 30 per cent, No. 5; American Chain Company, Incorporated, \$5.50, No. 5 S. R. P. lock link chain; Littlefield-Greene Corporation \$5.50; Boston Ring and Gasket Company, \$5.80; Butts & Ordway Company, \$5.50, S. R. P. lock link chain.

10,000 Feet No. 12 H. D. Anti-Skid Chain, Per C. Feet.—Green & Swett Company, \$18.90; Maier Brothers, Incorporated, \$24.70; Goodrich Tire Service Company, Acting for Pyrene Manufacturing Company, \$38, 50 per cent, No. 12; American Chain Company, Incorporated, \$24.03, No. 12 Elwell truck chain; Littlefield-Greene Corporation, \$19.45; Boston Ring and Gasket Company, \$30.40; Butts & Ordway Company, \$19.45.

1,000 Feet No. 6 Elwell Twist Link Chains, Per C. Feet.—Green & Swett Company, \$7.95; Maier Brothers, Incorporated, \$10.40; American Chain Company, Incorporated, \$10.03, No. 6 Elwell truck chain; Littlefield-Greene Corporation, \$8.22; Boston Ring and Gasket Company, \$12.80; Butts & Ordway Company, \$8.22.

2,500 Feet No. 9 Elwell Twist Link Chains, Per C. Feet.—Green & Swett Company, \$12.90; Maier Brothers, Incorporated, \$16.90; American Chain Company, Incorporated, \$16.35, No. 9 Elwell Truck chain; Littlefield-Greene Corporation, \$13.32; Boston Ring and Gasket Company, \$20.80; Butts & Ordway Company, \$13.32.

Cash Discount, Ten Days.—Green & Swett Company, 2 per cent; Maier Brothers, Incorporated, 2 per cent; Goodrich Tire Service Company, acting for Pyrene Manufacturing Company, 2 per cent; American Chain Company, Incorporated, 2 per cent; Littlefield-Greene Corporation, 2 per cent 10th proximo; Boston Ring and Gasket Company, 2 per cent; Butts & Ordway Company, 2 per cent 10th proximo.

Upon December 2 the Mayor approved a contract with the Graybar Electric Company, Incorporated, for furnishing relay panels and parts for the Sumner Traffic Tunnel, (Public Works Department. Bids, opened October 18, were as follows:

6 Relay Panels Mounted in Cabinets for Sidewalk Toll Indicators, Sumner Tunnel Drawing ST-13-S. This Equipment Consists of:

4 Two-Lane Panels, Each.—The Clark Controller Company, \$480; Graybar Electric Company, Incorporated, \$460.*
2 Single-Lane Panels, Each.—The Clark Controller Company, \$303; Graybar Electric Company, Incorporated, \$290.*

Totals.—The Clark Controller Company, \$2,526; Graybar Electric Company, Incorporated, \$2,420.

Cash Discount, Ten Days.—Graybar Electric Company, Incorporated, 2 per cent.

3-Pole Relays.

10 Coils Double-Wound, 60 Volts, D. C., Each.—The Clark Controller Company, \$4.50; Graybar Electric Company, Incorporated, \$1.50.*

5 Insulating Arms, Each.—The Clark Controller Company, \$1.50; Graybar Electric Company, Incorporated, five sets moving contacts with springs and insulating arms, complete, each, net, \$1.50.*

10 Moving Contacts with Springs, Each.—The Clark Controller Company, \$2; Graybar Electric Company, Incorporated, five sets moving contacts with springs and insulating arms, complete, each, net, \$1.50.*

10 Stationary Contacts, Each.—The Clark Controller Company, \$1; Graybar Electric Company, Incorporated, five sets stationary contacts complete, each net, 75 cents.*

1-Pole Relay.

5 Coils Single-Wound, 60 Volts, D. C., Each.—The Clark Controller Company, \$4.50; Graybar Electric Company, Incorporated, second group, Type B relays,* five coils, 60 volts, D. C., each net, \$1.50; five sets moving contacts with springs and insulating arms complete, each, net, \$1.50; five sets stationary contacts complete, each, net, 75 cents.

2 Insulating Arms, Each.—The Clark Controller Company, \$1; Graybar Electric Company, Incorporated, second group, Type B relays,* five coils, 60 volts, D. C., each, net, \$1.50; five sets moving contacts with springs and insulating arms complete, each, net, \$1.50; five sets stationary contacts complete, each, net, 75 cents.

Timing Relay.

1 Core Assembled.—The Clark Controller Company, \$14; Graybar Electric Company, Incorporated, third group, timing relays, Type C,* two timing relays complete, with glass covers, each, net, \$8.

10 Coils 60-Volts, D. C., Each.—The Clark Controller Company, \$6; Graybar Electric Company, Incorporated, third group, timing relays, Type C,* two timing relays complete, with glass covers, each, net, \$8.

2 Stationary Contacts, Closed, Each.—The Clark Controller Company, 40 cents; Graybar Electric Company, Incorporated, third group, timing relays, Type C,* two timing relays complete, with glass covers, each, net, \$8.

2 Moving Contacts, Each.—The Clark Controller Company, 50 cents; Graybar Electric Company, Incorporated, third group, timing relays, Type C,* two timing relays complete, with glass covers, each, net, \$8.

2 Moving Contact Springs, Each.—The Clark Controller Company, 10 cents; Graybar Electric Company, Incorporated, third group, timing relays, Type C,* two timing relays complete, with glass covers, each, net, \$8.

Totals.—The Clark Controller Company, \$183; trade discount, 16 per cent net total, \$153.72; Graybar Electric Company, Incorporated, net total, \$61.

Cash Discount, Ten Days.—Graybar Electric Company, Incorporated, 2 per cent.

Grand Totals.—The Clark Controller Company, \$2,679.72; Graybar Electric Company, Incorporated, \$2,481.

Time Required for Delivery.—The Clark Controller Company, complete shipment will be made within four weeks after approval of drawings.

Upon December 4 the Mayor approved a contract with the Lincoln Oil Company and the Socony-Vacuum Oil Company, Incorporated, for furnishing automobile motor oil for the various city departments. Awards were as follows:

To the Lincoln Oil Company, the lowest bidder, Pennsylvania Base Oil, 70 drums medium motor at 25 cents per gallon; 40 drums heavy motor at 24 cents per gallon. Approximate amount of contract, \$1,490.50.

To the Socony-Vacuum Oil Company, Incorporated, a low bidder, Mid-Continent Base Oil, 99 drums medium motor at 21 cents per gallon; 68 drums heavy medium motor at 21 cents per gallon. Approximate amount of contract, \$1,928.85.

Privilege of purchasing on same terms and conditions extended to March 31, 1936.

Bids, opened October 14, were as follows:

Approximate Amounts on All Items.

Pennsylvania Base Oil.

70 Drums Medium Motor Oil, Per Gallon.—Atlas Petroleum Company, Incorporated, 33 cents, plus 4 cents per gallon; American Oil Company, 33.25 cents, exclusive of tax; Pennsylvania Oil Company, 26.5 cents, Federal tax not included; Socony-Vacuum Oil Company, Incorporated, 26 cents, City of Boston No. 1; Lincoln Oil Company, 25 cents,* exclusive of Federal tax of 4 cents per gallon; Shell Eastern Petroleum Products, Incorporated, 30 cents; Sinclair Refining Company, 31 cents; Colonial-Beacon Oil Company, Incorporated, 33.8 cents, exclusive of tax.

* Contract awarded.

Upon December 4 the Mayor approved contracts with Maier Brothers, Incorporated, and Littlefield Greene Corporation, lowest bidders, for furnishing denatured alcohol, etc., for the various city departments. The approximate totals of awards were as follows:

Maier Brothers, Incorporated, \$1,755.05; Littlefield Greene Corporation, \$200. Total, \$1,955.05.

Privilege of purchasing on same terms and conditions extended to March 31, 1936.

Bids, opened October 14, were as follows:

Approximate Amounts on All Items.

63 Drums Denatured Alcohol, Per Gallon.—Atlas Petroleum Company, Incorporated, 49 cents; McKesson & Robbins, Incorporated, 49 cents, Quaker Brand rust proof; Gilman Brothers, Incorporated, 49 cents; Green & Swett Company, 49 cents; Rogers & McClellan, 49 cents, Protectol Brand Anti-freeze; New England Alcohol Company, 49 cents, completely denatured, formula No. 10; Maier Brothers, Incorporated, 40 cents, Solvent 192, in auditor's copy only; 49 cents, Nealeo*; Littlefield Greene Corporation, 49 cents.

75 One-Gallon Cans Prestone, or Equal, Anti-Freeze Solution, Per Gallon.—Littlefield Greene Corporation, six 1-gallon cans to case, \$1.80*, case lot quantities; \$2.11*, less than case lots.

40 One Half Gallon Cans Prestone, or Equal, Anti-Freeze Solution, Per Half Gallon.—Maier Brothers, Incorporated, 92.5 cents, bidder withdrew price; Little-

field Greene Corporation, twelve one-half gallons to case, 91.5 cents*, case lot quantities; \$1.075*, less than case lots.

2 Drums Super Pyro Anti-Freeze, or Equal, Per Gallon.—Atlas Petroleum Company, Incorporated, 55 cents; Green & Swett Company, 55 cents; Rogers & McClellan, 54 cents in auditor's copy; 49 cents, Winter Flo; Maier Brothers, Incorporated, 52 cents*; Littlefield Greene Corporation, 55 cents.

Cash Discount, Ten Days.—McKesson & Robbins, Incorporated, 1 per cent; Gilman Brothers, Incorporated, 1 per cent; Green & Swett Company, 1 per cent; Rogers & McClellan, 1 per cent; New England Alcohol Company, 1 per cent; no bid at auditor's; Maier Brothers, Incorporated, 1 per cent 20th of month; Littlefield Greene Corporation, 2 per cent December 10, Prestone denatured alcohol; 1 per cent, 10th proximo, Super Pyro.

* Contract awarded.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon December 4 the Mayor approved a contract with Carrilli Construction Company for additions and alterations to the Robert Gould Shaw Intermediate School, Mt. Vernon street and Chapin avenue, West Roxbury district, P. W. A. Project, Docket No. 4217 W. R. Bids, opened September 3, were as follows:

Carilli Construction Company, \$394,195; alternate No. 1, deduct \$98,000; M. S. Kelliher Company, \$386,200; alternate No. 1, deduct \$296,864; Rugo Construction Company, \$387,000; alternate No. 1, deduct \$90,000; George A. Fuller Company, \$391,267; alternate No. 1, deduct \$91,874; P. J. Cantwell & Son, \$396,600; alternate No. 1, deduct \$89,400; alternate No. 2, deduct \$8,500; The Tredennick-Billings Company, \$424,000; alternate No. 1, deduct \$324,000; Matthew Cummings Company, Incorporated, \$410,000; alternate No. 1, deduct \$85,000; Daniel Cunningham Construction Company, Incorporated, \$419,000; alternate No. 1, deduct \$90,000.

Alternate No. 1, deduct \$98,000 for omitting extension for new Assembly Hall, etc., as described in Addenda No. 3.

Alternate No. 2, if gypsum roof is used in place of concrete.

WITHOUT ADVERTISING.

Upon varying dates, as indicated, the Mayor approved contracts with firms and contractors for labor and supplies for the several departments interested. Communications from the heads of the several departments were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, November 18, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—I respectfully request that a contract which your Honor approved on March 30, 1935, to the Hoyt Company, 1246 Dorchester avenue, Boston, Mass., for furnishing and installing panic bolts in various schools throughout the city for the year ending December 31, 1935, be extended to include the year ending December 31, 1936. The prices as accepted on the contract to remain the same for the year 1936.

The Hoyt Company, a very reliable concern, have installed these panic bolts in the South Boston and Charlestown districts and have partly installed in East Boston, Roxbury and Dorchester

districts. It is our intention to complete the last three districts this coming year. I desire to keep these panic bolts uniform in quality and workmanship throughout, as those that have been installed by the Hoyt Company have proven very satisfactory. I am satisfied that the prices of 1935 are lower than those which we would receive if we advertised for 1936 and that the city will benefit by an extension of the above contract.

Respectfully yours,

WM. W. DRUMMEY,
Superintendent of Construction.

HEALTH DEPARTMENT.

BOSTON, November 14, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—On November 6, 1935, you approved, upon my request, a contract between me, as Health Commissioner, and the Colonial Scale Company, covering the maintenance of weighing machines in the ten convenience stations of this department for one year from November 1, 1935, for the sum of \$455.

I beg to call to your attention the inclosed letter which I have this day received from the Colonial Scale Company, showing their receipts and expenses under their 1935 contract, indicating a loss to the Scale Company of \$15.65.

I am therefore submitting a request for your approval for a similar contract for 1936, for the sum of \$360, which I believe is more equitable, and also request the cancellation of your approval of my letter of November 6, 1935, above referred to.

Yours respectfully,

F. X. MAHONEY, M. D.,
Health Commissioner.

BOSTON, November 14, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested of a contract between the Health Commissioner of the City of Boston and the Colonial Scale Company, covering the maintenance of weighing machines, ten in number, in the convenience stations of this department, for one year from November 1, 1935, for the sum of \$360, payable in advance, as follows: One fourth of said sum to be payable on the 15th day of January, February, March, and April, 1936.

The Colonial Scale Company has been performing this service in a highly satisfactory manner since 1932.

Yours respectfully,

F. X. MAHONEY, M. D.,
Health Commissioner.

COLONIAL SCALE COMPANY.

100 PURCHASE STREET.

BOSTON, November 12, 1935.

DR. F. X. MAHONEY,
Boston Health Department.

DEAR DR. MAHONEY,—You will probably be interested to hear the result of the scale business in your convenience stations for the last twelve months, hence, we are sending you the following summary of the same.

Ten scales installed:

Total earnings November 1,	
1934, to November 1, 1935	\$486 85
City's share	455 00
Balance	\$31 85

Expenses:

Sealer of Weights and Measures,	\$5 00
Collection of carfares, 50 cents per month.....	6 00
Paid for collecting, three hours per month, 75 cents.....	27 00
Ten repairs, carfares, 20 cents each.....	2 00
Time, about one hour each, at 75 cents.....	7 50
	\$47 50
Less.....	31 85
Loss.....	\$15 65

At the beginning of the year you were kind enough to say that the division of the returns should at least permit us to make enough so that we would not lose on the proposition.

Our purpose in writing is not to offer any complaint but, in view of the falling scale receipts, we would like to call on you and submit for your approval some more equitable way of dividing scale earnings. With the figures before you, you can see just how matters stand. You will note that no provision has been made for depreciation or other similar charges.

Thanking you for your many courtesies, we are,

Yours very truly,

COLONIAL SCALE COMPANY,
by A. L. OLSEN.

HOSPITAL DEPARTMENT.

Boston, November 27, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—We have had a stoppage of the sewer in the Third Pavilion, which we advertised under date of November 13, 1935. The bidders were as follows:

S. & T. Construction Company, \$2,000; Lamont Brothers, \$2,140; Keystone Engineering and Contracting Company, \$2,489; Pasquale Carilli Company, \$2,522; Sebastian Giampapa, \$2,800; T. J. O'Connell Company, \$2,900.

We received permission from the Acting Mayor to award the contract to the S. & T. Construction Company, the lowest bidder, in the sum of \$2,000, on November 16, 1935.

The Law Department now informs us that this contract is not legal, because the schedule of the minimum rate of wages required by section 20 of chapter 149 of the General Laws, as recently amended, was not inserted in the contract.

Inasmuch as the insertion of this schedule would in effect amount to an additional burden upon the contractor, and in my opinion readvertising would not result in a more favorable price, I respectfully request your approval to an award without advertising to the S. & T. Construction Company, in the sum of \$2,000.

Also, there is an emergency nature to this work. The sewer is entirely stopped up, and the delay which would be necessitated by readvertising would bring about a very serious condition at the Hospital.

Respectfully yours,

JAMES W. MANARY, M. D.,
Superintendent.

INSTITUTIONS DEPARTMENT.

Boston, November 25, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

MY DEAR MR. MAYOR,—I have the honor to request authority to apply to the War Department, through the Com-

manding Officer, Fort Strong, and the Commanding General, First Corps Area, for the use by the Long Island Hospital of Barracks Building No. 11 at Fort Strong, Long Island, Boston Harbor. This department has a revocable lease for the use of Barracks No. 10, which is a duplicate building to the one now requested.

Long Island Hospital now has the largest population in its history and is becoming crowded. The peak of the load for the year is usually reached in February or March. This department did have the lease of Building No. 35, which it gave up a year ago. This building was not suitable for our purposes, whereas Building No. 11 will take 120 beds and will be a great advantage to us. We have inspected the building and it is in good shape. It will require very little in the way of repairs. The roof is tight; the heating and plumbing and electric wiring seem to be in fair condition.

If we could lease it for a sum equal to that which we now pay for Barracks No. 10, and with the same understanding with the Federal Government, it would be very helpful. The city is now paying \$60 a year. Payment of a similar amount for Barracks No. 11 would seem to be an excellent bargain.

Yours very sincerely,

FREDERIC A. WASHBURN, M. D.,
Commissioner.

PUBLIC WORKS DEPARTMENT.

Boston, November 1, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—On June 10, 1935, the City Council disapproved two proposed contracts submitted to it for consideration between the City and the Boston Consolidated Gas Company, one for furnishing illuminating gas for street lighting and the other for equipment and the lighting and extinguishing of gas lamps for street lighting in the city, each being for a term of five years beginning January 1, 1935.

At the present time the Boston Consolidated Gas Company is the only company that can furnish gas for the street lamps covered by said disapproved contracts, and to make any change in the lamps would require the lapse of a considerable length of time. In order that there may be no interruption in the service of lighting the city streets and in order that I may have ample opportunity to negotiate with the Edison Electric Illuminating Company of Boston and the Boston Consolidated Gas Company with regard to new proposed contracts or rates and to study more completely the entire situation with regard to street lighting, I respectfully request your authority to award the following contracts without inviting proposals therefor by advertisement:

1. Contract for furnishing illuminating gas for street lighting to the Boston Consolidated Gas Company for a term of two months, beginning November 1, 1935, at the present rate of \$8.42 per lamp per year for single-burner, sixty candle power lamps.

2. Contract for equipment and the lighting and extinguishing of gas lamps for the City of Boston to the Boston Consolidated Gas Company for a term of two months, beginning November 1, 1935, at the present rate of \$14.70 per lamp per year.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

SUPPLY DEPARTMENT E. R. A.

Boston, November 26, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Requisition No. A1061, dated October 24, 1935, for twenty tons of reinforcing steel, awarded to Avery & Saul at a base price of \$1,024, has been approved, on November 12, 1935, by the Mayor's Office.

I, respectfully, again bring this to your attention, after consulting with Mr. Fox. The contract was awarded without reference being made to the bending.

The standard price on this would be 30 cents per hundredweight on light bending and 80 cents per hundredweight on heavy. I am not able to get the quantity on the bending, or the size of the reinforcing, as this could only be determined after shop plans had been made and fabrication started. This is usual.

I believe an increase over the base price of 15 per cent would be a fair estimate and recommend that you approve this amendment.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

SUPPLY DEPARTMENT.

Boston, November 29, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to The White Motor Company to deliver to the Boston City Hospital the following:

One New Model 703 White, six-cylinder chassis with 136-inch wheelbase, to be equipped with 7-20 balloon tires, single front and single rear, special ambulance springs, automatic winter-front, and Bender ambulance body, as per blueprint No. 22597. Ambulance body as per specifications. The price of this unit, equipped as above, painted and mounted, and delivered is \$2,500.

As The White Motor Company are the manufacturers, nothing would be gained by publicly advertising.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

Boston, December 2, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—I respectfully request your permission to secure, as soon as possible, under a W. P. A. project, the services of four typist-clerks (female), to assist in bringing up to date Supply Department records regarding written quotations received on commodities by this department.

I estimate that this work will require approximately three months of 112 hours a month for each employee, or a total of 336 hours for a three-month period, at \$65 a month for each employee; estimated total cost, \$780.

The rental of four typewriters at \$3 each per month and the rental of three typewriter desks, for the time required, would also be included in this project.

The Works Progress Administration will bear the cost of labor and rental of equipment.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

PROCEEDINGS OF CITY COUNCIL.

Monday, November 25, 1935.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair. Absent, Coun. Murray.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.: Weighers of Goods: Frank L. Hopkins, 39 River Ridge, Wellesley Hills, Mass.; Frederick Bell, 8 Hyde avenue, Woburn, Mass.

Severally laid over a week under the law.

REMOVAL OF CONSTABLES.

The following was received:

City of Boston,
Office of the Mayor, November 23, 1935.
To the City Council.

Gentlemen,—You are hereby notified that I have this day removed from office the following-named constables for failure to file the bonds required by law:

Sherman H. Calderwood, 106 Houghton street, Dorchester; Samuel Coulter, 738 Washington street, Dorchester; Anthony DiSisto, 46 Porter street, East Boston; Patrick J. Quinn, 18 Stadium place, Brighton; Abraham Rosenberg, 58 Brunswick street, Roxbury; Ulysses T. Sullivan, 19 Myrtle street, Boston; John F. Welch, 116 Huntington avenue, Boston.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.
Placed on file.

PROPOSED INSTALLATION OF TRAFFIC LIGHTS.

The following was received:

City of Boston,
Office of the Mayor, November 12, 1935.
To the City Council.

Gentlemen,—I herewith transmit letters from the Traffic Commissioner relative to your orders of October 28, 1935, concerning proposed installation of traffic lights at intersections in Wards 8, 11 and 19.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Boston Traffic Commission,
November 12, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.
Dear Sir,—I have the honor to acknowledge receipt of Council order, dated October 28, 1935, which reads as follows:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install traffic lights at the junction of Centre, May street and the Arborway, Ward 19.

There is a traffic circle at this intersection which in the opinion of the engineers of this commission is admirably controlling traffic. It is their opinion that no traffic signal should be installed at this intersection.

Respectfully yours,
WILLIAM P. HICKEY,
Commissioner.

Boston Traffic Commission,
November 12, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order, dated October 28, 1935, which reads as follows:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install traffic lights at the junction of Eliot, Centre and South streets, Ward 19.

I regret to state that there are no funds available at present for the installation of an automatic traffic signal at this intersection.

Respectfully yours,
WILLIAM P. HICKEY,
Commissioner.

Boston Traffic Commission,
November 12, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order, dated October 28, 1935, which reads as follows:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install traffic lights at the junction of Amory and Boylston streets, Ward 11.

There are no funds available at present for the installation of an automatic traffic signal at this intersection. This intersection is on a list of locations where it is proposed to erect traffic signals when funds are available.

Respectfully yours,
WILLIAM P. HICKEY,
Commissioner.

Boston Traffic Commission,
November 12, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order, dated October 28, 1935, which reads as follows:

Ordered, That the Traffic Commissioner be requested through his Honor the Mayor, to install traffic lights at the Arborway and South street, Ward 11.

There are no funds available at this time for this installation. This intersection is on a list of locations where it is proposed to erect traffic signals when funds are available.

Respectfully yours,
WILLIAM P. HICKEY,
Commissioner.

Boston Traffic Commission,
November 12, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order, dated October 28, 1935, which reads as follows:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals on Harrison avenue at the corner of Northampton street.

There are no funds available at present for this installation. This intersection is on a list of locations where it is proposed to erect traffic signals when funds are available.

Respectfully yours,
WILLIAM P. HICKEY,
Commissioner.

Placed on file.

RESURFACING OF VALENTINE STREET.

The following was received:

City of Boston,
Office of the Mayor, November 20, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Commissioner of Public Works, relative to your order of October 21, 1935, concerning the resurfacing with smooth paving of Valentine street, Ward 11.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department, November 20, 1935.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your letter of October 25 with attached order of City Council dated October 21, and reading as follows:

"Ordered, That the Commissioner of the Public Works Department be requested, through his Honor the Mayor, to resurface with smooth paving, Valentine street, Ward 11."

and to state that Valentine street from Washington street to Fulda street has a length of 505 linear feet and a width of 30 feet. The present surface is of macadam and in fair condition. To construct a smooth pavement on concrete base with necessary regulating will cost approximately \$5,100. At the present time there are no funds available for this work.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

Placed on file.

NEW BUS LINE, WEST ROXBURY.

The following was received:

City of Boston,
Office of the Mayor, November 19, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Trustees of the Boston Elevated Railway, relative to your order of October 28, 1935, concerning the establishing of a bus line for the benefit of residents of the Weld street section of West Roxbury.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Boston Elevated Railway, Public Trustees,
Boston, November 16, 1935.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—The trustees gave consideration at their last meeting to the request of the Council and in view of the fact that they are about to operate a trial line through from Boylston street, Braintree, to Grassmere road, do not believe that an additional line could be operated without increasing the Elevated deficit.

It may be that the operation of this trial line would pave the way for later adjustment in this territory between the Centre street line and the Boylston street line.

Yours very truly,
EDWARD DYNA,
Executive Vice-President and General Manager
Placed on file.

RESURFACING CERTAIN STREETS.

The following was received:

City of Boston,
Office of the Mayor, November 19, 1935.
To the City Council.

Gentlemen,—I herewith transmit six letters from the Commissioner of Public Works, relative to your orders of October 28, 1935, concerning the resurfacing with smooth paving of the following streets:

Bourne street, Ward 19; Danforth, Dresden and Hubbard streets, Ward 19; Paul Gore street, Ward 19; Catherine street, Ward 19; Lochstead avenue, Ward 19; and also relative to your order of October 28, 1935, concerning the resurfacing of the following streets: Blanche street, Mill street, Everdeen street and Everett street, Ward 16.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department, November 16, 1935.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge your note of November 2 with attached City Council order dated October 28, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving, Bourne street, Ward 19."

and to state that Bourne street, Ward 19, has a length of 2,700 feet, and its present surface is water-bound macadam. To install a permanent pavement with a six-inch concrete base and an asphalt surface would cost approximately \$31,000.

There are no funds available at the present time for this work.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

City of Boston,
Public Works Department, November 16, 1935.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of November 2 with attached City Council order dated October 28, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving, Danforth, Dresden and Hubbard streets, Ward 19."

and to state that Danforth street, Ward 19, has a length of 915 feet and its present surface is water-bound macadam. To install a permanent pavement consisting of a six-inch concrete base and an asphalt surface would cost \$8,100. Dresden street has a length of 393 feet and its present surface is a water-bound macadam. To install permanent pavement, six-inch concrete base and asphalt surface would cost \$2,400. Hubbard street has a length of 449 feet and also has a water-bound macadam surface. To install a permanent pavement, six-inch concrete base and asphalt surface would cost \$2,700.

There are no funds available for the above work at the present time.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

City of Boston,
Public Works Department, November 16, 1935.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of November 2 with attached City Council order dated October 28, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving, Paul Gore street, Ward 19."

and to state that Paul Gore street from Iumartine to Centre street has a length of 1,924 feet. Its present surface is water-bound macadam. To install a permanent pavement on a six-inch concrete base with asphalt surface would cost approximately \$18,000. There are no funds available at the present time for this work.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

City of Boston,
Public Works Department, November 19, 1935.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of November 2 with attached City Council order dated October 28, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving, Catherine street, Ward 19."

and to state that Catherine street, Ward 19, has a length of 895 feet, and its present surface is water-bound macadam. To install a permanent pavement with a six-inch concrete base and an asphalt surface would cost approximately \$18,000. There are no funds available at the present time for this work.

surface would cost approximately \$10,900. There are no funds available at the present time for this work.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

City of Boston,
Public Works Department, November 16, 1935.
Mr. John F. Gilmore, Jr.,

Assistant Secretary, Mayor's Office.
Dear Sir,—I beg leave to acknowledge receipt of your note of November 2 with attached City Council order dated October 28, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving, Lochstead avenue, Ward 19,"

and to state that Lochstead avenue has a length of 963 feet. Its present surface is water-bound macadam. To install a permanent pavement on a six-inch concrete base with an asphalt surface would cost approximately \$13,000. There are no funds available at the present time for this work.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

City of Boston,
Public Works Department, November 16, 1935.
Mr. John F. Gilmore, Jr.,

Assistant Secretary, Mayor's Office.
Dear Sir,—I beg leave to acknowledge receipt of your note of November 2 with attached City Council order dated October 28 and reading as follows:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface the following streets: Blanche street, Mill street, Everdean street, Everett street, Ward 16,"

and to state that Blanche street has a length of 723 feet. Its present surface is water-bound macadam. To install a permanent pavement on a six-inch concrete base with an asphalt surface would cost approximately \$9,000. Mill street has a length of 1,653 feet and its present surface is water-bound macadam. To install a permanent pavement on a six-inch concrete base and an asphalt surface would cost \$17,900. Everdean street has a length of 830 feet. Its present surface is water-bound macadam. To install a permanent pavement on a six-inch concrete base and an asphalt surface would cost \$9,700. Everett street, Ward 16, has a length of 618 feet. Its present surface is also water-bound macadam. To install a permanent pavement on a six-inch concrete base with an asphalt surface would cost \$8,000. There are no funds available at the present time for this work.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

Placed on file.

AMENDATORY AGREEMENT RE HOSPITAL BUILDINGS.

The following was received:

City of Boston,
Office of the Mayor, November 25, 1935.
To the Honorable City Council.

Gentlemen,—On November 15, 1935, I received forms of an amendatory agreement, amending the grant agreement dated as of April 14, 1934, between the City of Boston and the United States of America, relating to the construction of a Surgical Operating and Ward Building at the Boston City Hospital and providing for an increase in the scope of the work of the project without an increase in the original estimated cost of the entire project, by the addition of the following new work and furniture and equipment:

1. Furniture and equipment for the Surgical Operating and Ward Building at an estimated cost of approximately \$70,000.
2. Additions and alterations to the existing central steam and electric plant at an estimated cost of approximately \$100,000.

The first item of furniture and equipment is necessary in order to have said building furnished with proper furniture and equipment. The second item is necessary in order to meet the additional load of the existing central steam and electric plant due to the construction and use of the new Surgical Operating and Ward Building.

This increase in the scope of the work has been approved by the Emergency Finance Board of the Commonwealth, by vote of June 18, 1935, and by the Governor; and has also had the approval of the proper P. W. A. authorities.

I recommend prompt consideration and passage by your Honorable Body of the accompanying order approving said amendatory agreement and authorizing me to execute and deliver to the United States of America for and in behalf of the City of Boston three counterparts of the same.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That the Mayor be, and he hereby is, authorized to execute and deliver to the United States of America for and in behalf of the City of Boston three counterparts of the amendatory agreement, amending the grant agreement dated

as of April 14, 1934, between the City of Boston and the United States of America, relating to the public works project of constructing and equipping a surgical building and constructing additions and alterations to the existing central steam and electric plant at the Boston City Hospital, P. W. A. Docket No. 4207, and providing for certain modifications in the scope of the project set forth in the original application, one copy of which agreement has been submitted to this meeting and is made a part of the minutes hereof, and that said agreement be, and the same hereby is, approved.
Referred to Executive Committee.

FEDERAL GRANTS FOR SCHOOL PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, November 25, 1935.
To the Honorable City Council.

Gentlemen,—Your Honorable Body has approved and has passed a loan order which has been approved by me for each of the following P. W. A. projects:

1. New Intermediate School, Eliot square, Roxbury (P. W. A. Docket No. Mass. 1088).
2. New Lucy Stone School in John Marshall District, Dorchester (P. W. A. Docket No. Mass. 1089).
3. New Intermediate School, Phillips Brooks District, Dorchester (P. W. A. Docket No. Mass. 1090).
4. Addition to South Boston High School (P. W. A. Docket No. Mass. 1091).

These projects have been approved by the Emergency Finance Board and the Governor. The city has received offers by the United States of America to aid in financing the construction of each of the above projects by making grants to the City of Boston in the amount of 45 per cent of the cost of each of such projects, but not to exceed, in any event, the following respective amounts:

1. New Intermediate School, Eliot square, Roxbury..... \$323,100
2. New Lucy Stone School in John Marshall District, Dorchester... \$76,815
3. New Intermediate School, Phillips Brooks District, Dorchester..... \$352,800
4. Addition to South Boston High School..... \$239,400

I am transmitting herewith to your Honorable Body the following:

1. Copy of offer by the United States of America;
2. Copy of rules and regulations (P. W. A. Form No. 179); and
3. Form of order of acceptance of said offer relating to each of the above projects.

Because the acceptances of these offers do not permit of delay, because prompt action is necessary to obtain the initial payment on account of the grant by the United States of America and in order to meet the schedule set by the President of the United States of America, requiring all P. W. A. contracts to be awarded on or before December 15, 1935, I urgently recommend prompt consideration and passage by you of the accompanying order.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Ordered, That the offer of the United States of America to the City of Boston to aid by way of grant in financing the construction of school in Roxbury district, a copy of which offer reads as follows:

"Federal Emergency Administration of Public Works,
Washington, D. C., October 7, 1935.
State File No. Mass. 1088.

City of Boston,
Boston, Suffolk County, Massachusetts.

Subject to the Rules and Regulations (P. W. A. Form No. 179, July 22, 1935, as amended to date) which are made a part hereof, the United States of America hereby offers to aid in financing the construction of a school in Roxbury District (herein called the Project) by making a grant to City of Boston in the amount of 45 per cent of the cost of the Project upon completion, as determined by the Federal Emergency Administrator of Public Works, but not to exceed, in any event, the sum of \$323,100.

UNITED STATES OF AMERICA,
FEDERAL EMERGENCY ADMINISTRATOR
OF PUBLIC WORKS,
by HORATIO B. HACKETT,
Assistant Administrator."

be and the same is hereby in all respects accepted.

And Further Ordered, That said City of Boston agrees to abide by all the rules and regulations relating to such grant, a copy of which rules and regulations were annexed to the Government's offer and made a part thereof.

Ordered, That the offer of the United States of America to the City of Boston to aid by way of grant in financing the construction of a public school building in John Marshall District, Dorchester, a copy of which offer reads as follows:

"Federal Emergency Administration of Public Works,
Washington, D. C., October 16, 1935.
State File No. Mass. 1089.

City of Boston,
Boston, Suffolk County, Massachusetts.

Subject to the Rules and Regulations (P. W. A. Form No. 179, July 22, 1935, as amended to date) which are made a part hereof, the United States of America hereby offers to aid in financing the construction of a public school building in John Marshall District, Dorchester (herein called the Project), by making a grant to the City of Boston in the amount of 45 per cent of the cost of the Project upon completion, as determined by the Federal Emergency Administrator of Public Works, but not to exceed, in any event, the sum of \$76,815.

UNITED STATES OF AMERICA,
FEDERAL EMERGENCY ADMINISTRATOR
OF PUBLIC WORKS,
by HORATIO B. HACKETT,
Assistant Administrator."

be and the same is hereby in all respects accepted.

And Further Ordered, That said City of Boston agrees to abide by all the rules and regulations relating to such grant, a copy of which rules and regulations were annexed to the Government's offer and made a part thereof.

Ordered, That the offer of the United States of America to the City of Boston to aid by way of grant in financing the construction of a school building in Phillips Brooks District, Dorchester, a copy of which offer reads as follows:

"Federal Emergency Administration of Public Works,
Washington, D. C., October 9, 1935.
State File No. Mass. 1090.

City of Boston,
Boston, Suffolk County, Massachusetts.

Subject to the Rules and Regulations (P. W. A. Form No. 179, July 22, 1935, as amended to date) which are made a part hereof, the United States of America hereby offers to aid in financing the construction of a school building in Phillips Brooks District, Dorchester (herein called the Project), by making a grant to the City of Boston in the amount of 45 per cent of the cost of the Project upon completion, as determined by the Federal Emergency Administrator of Public Works, but not to exceed, in any event, the sum of \$352,800.

UNITED STATES OF AMERICA,
FEDERAL EMERGENCY ADMINISTRATOR
OF PUBLIC WORKS,
by HORATIO B. HACKETT,
Assistant Administrator."

be and the same is hereby in all respects accepted.

And Further Ordered, That said City of Boston agrees to abide by all the rules and regulations relating to such grant, a copy of which rules and regulations were annexed to the Government's offer and made a part thereof.

Ordered, That the offer of the United States of America to the City of Boston to aid by way of grant in financing the construction of an addition and alterations to South Boston High School, a copy of which offer reads as follows:

"Federal Emergency Administration of Public Works,
Washington, D. C., October 9, 1935.
State File No. Mass. 1091.

City of Boston,
Boston, Suffolk County, Massachusetts.

Subject to the Rules and Regulations (P. W. A. Form No. 179, July 22, 1935, as amended to date) which are made a part hereof, the United States of America hereby offers to aid in financing the construction of an addition and alterations to South Boston High School (herein called the Project) by making a grant to the City of Boston in the amount of 45 per cent of the cost of the Project upon completion, as determined by the Federal Emergency Administrator of Public Works, but not to exceed, in any event, the sum of \$239,400.

UNITED STATES OF AMERICA,
FEDERAL EMERGENCY ADMINISTRATOR
OF PUBLIC WORKS,
by HORATIO B. HACKETT,
Assistant Administrator."

be and the same is hereby in all respects accepted.

And Further Ordered, That said City of Boston agrees to abide by all the rules and regulations relating to such grant, a copy of which rules and regulations were annexed to the Government's offer and made a part thereof.

Coun. McGRATH moved the suspension of the rule and the passage of the orders.

The orders were passed, yeas 16; nays, Coun. Norton, Roberts, Shattuck, Wilson—4.

PETITIONS RECEIVED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Blue Bird Beverage Company, for refund on non-alcoholic beverage license.

Francesca H. Braxten, for compensation for injuries caused by an alleged defect in Walnut avenue, Roxbury.

James T. Brennan, for compensation for injuries caused by an alleged defect in Woodlawn street, Crescent Star Beverage Company, for refund on non-alcoholic beverage license.

Cullen Transportation Company, for compensation for damage to barge caused by Granite Avenue Bridge lift.

Esther Friedman, for compensation for injuries caused by an alleged defect at Arlington street and Columbus avenue.

Morris Grodzin, for compensation for injuries caused by an alleged defect at 141-145 Atlantic avenue.

Mary Hiatt, for compensation for injuries caused by an alleged defect in Hyde Park avenue.

Adeline Lincoln, for compensation for injuries caused by an alleged defect in Victory road.

Jessie Martin, for compensation for injuries caused by an alleged defect at 86 Walnut street, Neponset.

John J. McCarthy, for compensation for bursting of water boiler at 55 Leicester street, Brighton, caused by water being shut off.

Martin J. McDonough, to be reimbursed for execution issued against him on account of his acts as operator of car of Paving Division.

Patricia McNabb, for compensation for injuries caused by an alleged defect in Hillcrest street.

Meliorpe Fruit Company, for compensation for damage to property at 268 State street, caused by defective sewer pipe.

Minnie Nicholsen, for compensation for injuries caused by an alleged defect at 48 Dedham street.

Daniel Ross, for compensation for damage to car by car of Fire Department.

Dora Sambedale, for compensation for damage to property at 35 Devon street, caused by falling tree.

E. P. Schmidt, for compensation for damage to car by city cart.

M. Stone, for compensation for damage to car by city truck.

George Edward Thomas, for compensation for injuries received on ferry boat.

Morris Weinstein, for compensation for damage to car in Summer Tunnel.

Alexander Witkowsky, for compensation for damage to property at 361 Walnut avenue, Roxbury, caused by water from street.

Executive.

Petition of Michael J. Patts for children under fifteen years of age to appear at Tileston School Hall, December 6.

APPOINTMENT OF THOMAS H. SEXTON.

Notice was received from the Commissioner of Public Works of appointment of Thomas H. Sexton as division engineer of the Bridge and Ferry Division.

Placed on file.

APPOINTMENT OF SINKING FUNDS COMMISSIONER.

Notice was received from the Mayor of appointment of Guy W. Cox, 400 Commonwealth avenue, Boston, as Commissioner of Sinking Funds for the City of Boston, for the term ending April 30, 1937.

Placed on file.

MINORS' LICENSES.

Applications were received for licenses for nineteen newsboys and one bootblack. Licenses granted under the usual conditions.

FINANCE COMMITTEE REPORT ON BOSTON FINANCES.

The following was received:

Boston, November 20, 1935.

Hon. Joseph C. White, Chairman, Special Commission on Municipal Finance, Room 431, State House, Boston, Mass.

Honorable Sir,—Your commission is now engaged in an investigation of the statutes regulating the finances of the City of Boston. The Finance Commission of the City of Boston, in the hope of assisting your commission to a better understanding of these statutes and the operations under them, respectfully submits this memorandum of its observations of the actual operation of these laws and such recommendations for amendments thereof as appear to it to be desirable.

The accumulated experiences of this commission, whose duty it has been to observe constantly the financial operations of the City of Boston over a long period of years, in the opinion of its present members, justify it in making the following recommendations:

1. Continued legislative control of the spending power of the city through appropriation limits, one for the city, exclusive of schools, and one for the schools.

2. Adoption of a statute expanding the duties and responsibilities of the City Auditor so as to give to that office the power, in effect, of a City Comptroller, and thus to become an independent check upon the executive and administrative officers of the city; and to provide for the election of this officer by the voters of Boston.

3. Application of so much of the Municipal Finance Act (chapter 44 of the General Laws) to the City of Boston as relate to the power to incur bonded debt.

1. An Appropriation Limit.

The Finance Commission has long held that the City of Boston is unlike almost any other large city in the country. It is unlike our neighboring cities in these respects: Its population is very measurably greater; it is a metropolitan city and the seat of the State Government; it is the principal business center, not alone of the metropolitan area, but of a great part of New England; its problems of health and property protection are in many respects unlike those of the smaller cities of this state. It is unlike the larger cities of the country in the following respects: Confined to its own municipal limits, it is great neither in population nor in area as are the other major cities of the country, but it is the very heart of a large area of suburban territory made up of forty separately governed municipalities which, to a great extent, are dependent on the business and commerce of Boston and, in turn, contribute to it; the scope of its municipal administration is greater in Boston than in almost any other major city, because Boston finances and administers for itself many branches of public service which in most of the large cities of the country are financed and administered by the county. For all effective purposes of county financing and administration, Boston is the County of Suffolk.

Comparisons such as are frequently made of Boston with other cities are often inconclusive, because no common basis for comparisons is available. Nor does it always follow that a statute or a practice that works well for other cities of our own state will work well for Boston. In this matter of determining the City of Boston's right to spend, it must be remembered that a statute or a policy that may work well in the smaller cities may not be the best for Boston. It is well to remember also that the Massachusetts legislation which authorizes each municipality of the state, except Boston, to determine its own tax or spending limit is not matched in the legislation of many other states. The leading cities of the country, except in Massachusetts, have a state-imposed limit to the authority of each to tax the people or to spend the people's money.

There are many factors peculiar to Boston that justify granting to the City of Boston a more limited measure of self-government than that given to other cities of the Commonwealth. Boston has a population of 781,188. The metropolitan area, of which it is the heart, has a population of 1,914,000. (This includes municipalities within fifteen miles of Boston Common.) Boston is, therefore, in population, 40 per cent of the area of which it is the chief industrial and social center. In valuation, Boston property is assessed at \$1,683,500,000. The assessed valuation of the metropolitan area is \$3,600,000,000. Boston in property valuation is, therefore, 47 per cent of the valuation of the area which it serves. Notwithstanding this domination of the Metropolitan area by Boston in population and valuation, Boston comprises only 11 per cent of this metropolitan area.

Boston is, in common parlance, the "downtown section" of this large district. It is to this metropolitan area what Manhattan Island is to New York City. It is the business center of the larger area and its commerce, its schools and its theaters draw thousands of people of the larger area daily to its narrow confines. It has been stated in a report of a survey by a responsible agency that 75 per cent of those of wage-earning age in the metropolitan area come to Boston daily for business employment or education.

The business center of a large, populous area in this modern age requires the utmost of public service. Traffic conditions everywhere require increasing attention; but in the matter of traffic Boston stands almost in a class by itself because of the volume of its traffic, the peculiar layout of its ancient streets, its topography, its congestion, and its crowded high value property section. For the same reasons Boston's police needs are greater, and its fire needs are greater. Boston, being one of the oldest cities in the country, has a larger percentage of the older types of construction than the newer cities. The density of its population and buildings requires a larger measure of sanitary regulation, health protection, building inspection and supervision, and in fact of all kinds of public service. It is both a manufacturing city and a seaport. An important consideration is that Boston has long boasted of having led the way for the country in library service, hospital service, public schools, health education and disease prevention, park and playground development, and in many types of public service which an old city inhabited by a people with a bent for culture, convenience and civic progress has gradually imposed upon itself. It has proven advantageous to the city to have led the country in these many lines, but it has required the outlay of much money to become the leader and it will continue to cost Boston much to retain its lead.

While the cost of this municipal service is borne directly by the taxpayers of Boston, its advantages are enjoyed in very large measure by the people of the metropolitan district; its many types of public service benefit the whole suburban area quite as much as the area known as Boston. These services are needed for the countless visitors who annually come to Boston to visit its historical

and cultural shrines. Thousands of students who attend the schools and colleges of the metropolitan area frequently take advantage of the many types of service which Boston provides nominally for itself, but actually for all who seek them.

Directly, as above stated, the people of Boston pay for it, but indirectly our neighbors in the suburban municipalities contribute their share. The taxes that Boston merchants, manufacturers, industrialists and home owners pay would not be forthcoming if the hordes of residents of Boston's suburban area and the large number drawn to it from a much wider territory did not contribute to the making of Boston and its wealth. The great commerce and business carried on in Boston are dependent in great measure on the car fares and meal money spent, the entertainment purchased, the service bought, the merchandise purchased in Boston by the hundreds of thousands who daily are in this metropolitan city, but who have residences outside of it. It is important to remember not only that many who live outside Boston own property in Boston, but that the effort and industry of thousands who live outside Boston make up Boston industrial life from which its tax money must come.

The metropolitan area, therefore, has a proprietary interest in Boston. Its own economic life depends to a great extent on what its citizens can earn in Boston, on the security of their investments in Boston, and on their part in helping to shape the destiny of Boston. Their contribution to Boston's wealth is considerable, and must continue to be, in one form or another.

The rights and interests of these outsiders in Boston's expenditure, therefore, should be consulted and protected. It was on this belief, quite as much as it was from a desire to halt the steadily mounting burden of taxation, that the state is assumed to have undertaken to impose a limit during the past fifty years. The theory of it has always been sound, and is sound today.

The fact that there has been a kind of limit imposed by the Legislature has accomplished incalculable good for the finances of the city.

Voice has been given to the interest of the people of the metropolitan or wider area in Boston's expenditure only through retention by the state of the power to determine how much Boston could tax its people. With the continued expansion of Boston's business area into sections previously residential, more and more of those who help to make Boston what it is, business men and wage earners, must live outside the city's limits, thereby surrendering their voting franchise in the political affairs of Boston. The one way by which their influence can still be felt is by this legislative determination of the amount of money that this creature of the Legislature, the City of Boston, can spend.

For reasons such as these the Finance Commission, since its creation, has always advocated direct legislative control of Boston's municipal expenditures.

Arguments for abolition of the practice of legislative determination of Boston's appropriation limit have been based chiefly on one fact, namely, that the limit when fixed did not limit. Those who now favor abolition of a legislative limit can promise no improvement thereby beyond the hope that it will end the confusion in the public mind as to where lies the actual responsibility for the growth of Boston's fast mounting public expenditure. It is true that no form of limitation yet adopted has strictly limited public expenditures in Boston. The explanation is that no limit yet imposed was really intended to fix the limit beyond which the city could not spend. Boston has never had a bona fide appropriation limit. Each time a limit act for Boston was passed, the language of the statute permitted evasion of the purpose of the act.

Whenever a legislative act limited the amount that could be assessed "on each \$1,000 of the average valuation of the three preceding years," it failed to provide that money derived from many other sources could not be spent. Thus the yield from the taxation limit was always supplemented by an estimate of revenue other than taxes, and by free cash when there was any, and frequently by borrowings. In 1933, when the Legislature imposed an appropriation limit of \$36,750,000, it was later provided that the city could extend this right to spend by borrowing on its tax titles. Accordingly \$4,100,000 was borrowed and used in that year for purposes ordinarily provided for from within the tax limit.

Neither the tax limits adopted since the first such limitation in 1885, nor the appropriation limit in operation in 1933, proved to be strict limitations. It cannot, therefore, be said that strictly limiting Boston's right to spend has proven a failure. Boston's right to spend has never been actually and effectively limited.

The other aspect of the argument for abolition of all limits, that it will end confusion in the public mind, is equally unsound. It will be remembered that it was soundly argued when in 1935 the Legislature was asked to limit the Boston tax rate at \$47.10. The action proposed, it was argued, would effectively limit city expenditures and disolve all confusion, and so the Boston tax rate was fixed even before the state amendments to be levied upon the city were actually known, before even local valuations had yet been established, and before ways and means other than taxes could be accurately estimated. But there still remained in force a statute which permitted the city to borrow for maintenance, and

by borrowing enough for maintenance it was possible for the city administration to meet all existing requirements, and even to increase them by substantial pay roll additions, and still keep within the maximum taxation rate established by the Legislature. Many Boston people are, as a result, more confused than ever when they try to explain the result. The answer is that limiting the power to raise money by taxation is not to limit the city's power to spend.

Because this latest effort ostensibly to limit city spending and to end confusion proved ineffective, it does not necessarily follow that effective limits cannot be legislated and in a manner capable of being generally understood by the citizens of the city. On the contrary, it is a simple matter to accomplish that desirable objective—enact a law that will state plainly "The City of Boston may appropriate for maintenance expenses an amount not in excess of \$40,000,000, exclusive of debt requirements, state tax, metropolitan assessments and county tax." It does not require the services of an expert accountant to understand what that means. There is no secret formula that need be applied to it. It means exactly what it states—" \$40,000,000 is all the city can spend for maintenance purposes of the city." If, in some following year, the administration wants this limit increased to \$41,000,000, everyone can easily understand that the administration wants to spend a million more for maintenance than it had the right to spend in the preceding year.

Some people will claim that the Legislature tried this device in 1933 and that it failed. Of course it failed, because while the Legislature was limiting the power of appropriating from current taxation, it was opening wider the doors to a policy of borrowing for maintenance.

There is and always has been a public demand for limitation of Boston's right to spend. The present Finance Commission believes and all previous Finance Commissions believed the reasons advanced for it to be sound. The statutes limiting the city's spending power have been circumvented by other legislative authority in the very years that the Legislature had ostensibly limited this power. An actual limit can be accomplished only by a definite appropriating power expressed in dollars and cents.

Administrative authority in Boston is centralized in the Mayor. The Council can reduce appropriations recommended by him, but it never does. Pressure is put on every mayor to repair the neglect of his predecessors, and to expand facilities and services in countless ways. Each of these by itself is at small cost. But the aggregate of them means a heavy burden to the taxpayer. Mayors are human and many of these excessive demands are bound to obtain approval, unless a mayor can find an escape in some legal limitation to the appropriating power of the city. Often the administrators themselves doubt the necessity or the desirability of these demands, but the influence of well organized minorities which request them is too powerful to be lightly brushed aside by one who has come to his office by popular election.

City administrators, therefore, need the protection that only a real spending limit can provide. The lack of such protection has brought Boston's taxation cost to the present alarming figures.

The taxpayers have already reached the limit of their ability to pay. Removing now even the existing semblances of a limitation to the city's right to spend is untimely and would doubtless lead to still greater spending that would eventually mean bankruptcy for the city.

Limitation of the right to spend should apply to the School Committee as well as to departments under the control of the Mayor. The Finance Commission in 1933 recommended that one appropriation limit for the schools be substituted for nine distinct tax limits. The nine taxation limits were supplemented by all book balances of unexpended appropriations and estimates of revenue to be earned. An appropriation limit should constitute the School Committee's only right to spend.

There is greater necessity in the School Department for simplifying its appropriating power than there is in the other city departments, and there is the same necessity for fixing for it a definite spending limit. The school authorities got their several classified taxation limits by successive legislative grants, one at a time. At the time each was authorized the initial cost was small and by successive drives these small but plausible expenditures were authorized over a term of years by the Legislature; but as they grew in number the volume became great and the School Department's right of expenditure became a hopeless confusion to all save the school administrators themselves. For the sake of simplicity and for the same reasons that apply to limiting the right of the Mayor and City Council to appropriate and spend, there should be one limit for school appropriations.

The Finance Commission can see no gain to the taxpayer in giving to the Mayor, or to the Mayor and Council, more authority over School Committee appropriations than that already accorded them. The Mayor now has a right of veto over school appropriations but only four votes in the School Committee are required to pass an appropriation over any such veto.

To give the Mayor final authority over school appropriations would mean giving the Mayor

control of the School Committee and of school administration. Though the Finance Commission does not believe wholeheartedly in the oft-repeated statement that keeping control of the school out of the hands of the Mayor or City Council actually "keeps the schools out of politics," the commission does believe that experience has demonstrated that the schools can best be administered as a department separate and distinct from the other city departments. A mayor has all he can do administering the other affairs of the city. The problems of these other departments are, in many respects, very much alike. The problems of the School Department are distinctively different from those arising in other departments. Certainly the bulk of public opinion in Boston and elsewhere is that the school administration should be independent of the Mayor and the City Council.

Legislative determination of a spending right in dollars and cents for the schools will accomplish the reform most desired in school spending and administration.

2. Popular Election of City Auditor.

The Finance Commission is heartily in accord with the principle of the Charter Amendments of 1909 which centralized administrative authority in the Mayor of the city.

The commission believes, however, that it would not be a sacrifice of any part of this principle if the Legislature now adopted a statute which would give to the office of City Auditor greater authority and independence, and would require that the person to hold such office be elected by the people. This statute should make him independent of all other city officers, give him supervision over the collection and the payment of city money, the final power of approval of bills and pay rolls, and general supervision over the finances of the city.

Believing that part of the duty of your commission is to recommend a financial procedure for the City of Boston, the Finance Commission is of the opinion that a proper set-up of the financial departments is first necessary.

As was stated by the Finance Commission in a memorandum to the Recess Committee on Charter Amendments in 1933, many of the other large cities in the country, and many of the smaller cities also have an officer known by the title of, Comptroller, or by some similar title, who is independent of the Mayor, City Council, and School Committee. That officer provides the inside check on city expenditures. The establishment of such an officer for Boston would not interfere with the proper exercise by the Mayor of his authority to spend the city's funds. An independent officer responsible only to the people would approve proper expenditures and stop improper expenditures, and serve to keep expenditures within the limits fixed by a segregated budget and the statutes.

The wisdom of having an officer independent of the spending officers to check unwise, illegal, or extravagant payments has long been recognized in all business organizations. The old form of New England town government, recognized by students of public administration as the ideal in government, always had an auditor directly authorized by and answerable to the voters. The same idea has been maintained in the well-governed cities of the country.

The following list of large cities shows the extent to which this idea, taken from the town form of government, has been preserved:

CITY.	City Comptroller or Auditor.
New York City.....	Elected
Philadelphia.....	Elected
Los Angeles.....	Elected
Baltimore.....	Elected
St. Louis.....	Elected
Pittsburgh.....	Elected
San Francisco.....	Elected
Milwaukee.....	Elected
Buffalo.....	Elected
Minneapolis.....	Elected
Seattle.....	Elected
Indianapolis.....	Elected
Portland, Oregon.....	Elected
St. Paul, Minnesota.....	Elected
Providence, Rhode Island.....	Elected
Salt Lake City.....	Elected

In the above cities these officers are entirely independent of the spending power. They are elected directly by the people and are answerable only to the people. They have power to stop a city payment if it is excessive, illegal, or improper for any cause.

In Boston the auditor is now on the same level with all other department heads. He is responsive to the Mayor. Though the Charter Amendments give him the right to ask the Finance Commission to investigate a doubtful bill or pay roll, or any charge that he deems excessive or improper, this right has almost never been exercised. If an auditor made use of this authority without the Mayor's assent, he naturally would do so only at the expense of incurring the Mayor's resentment and perhaps his own dismissal from office.

An auditor or comptroller independent of the Mayor, and therefore not on the same plane with the other department heads, would exercise his authority without hesitation and as occasion demanded.

In most cities the comptroller or auditor has the right to appoint his subordinate heads. In New York, for instance, the City Treasurer or Chamberlain is appointed by the Mayor, but his work after appointment is under the control and supervision of the comptroller.

An officer such as the Finance Commission suggests should be the director of finance for the city. It should be his duty to direct its financial procedure, to determine within the statutory limitations where the city's income and taxes go, to prescribe accounting methods, and in general to supervise city administrators in handling, providing and accounting for the money they are authorized to assess, collect or spend.

If this officer were elected by the people, it would be well to have his term for four years as is that of the Mayor. In some cities the comptroller or auditor is appointed by the Mayor, or some other public authority, but once in office he is protected from political interference and duress by provision that he may hold office during good behavior, or by provision that he can be removed only by some authority other than that of the officials whose acts he is intended to check.

A sound financial policy will be difficult to maintain if it can be changed at will to suit the political convenience of a mayor or a city council. It seems to the Finance Commission that a sound financial policy calls for an independent check on the city spending by an official elected by the people or appointed by some authority independent of the city administration.

3. The Application of the Municipal Finance Act to Boston (Chapter 44, G. L.).

If Boston were limited in its issuance of debt as are the other cities of Massachusetts by chapter 44 of the General Laws, many debt restrictions would be imposed that are now not applicable to Boston. Because Boston's problems are so dissimilar to the problems of those other municipalities, it might not be feasible to impose all these restrictions on Boston.

Boston's funded debt has not yet reached the alarming proportions that the debt of most of the major cities of the country has reached, particularly when viewed from the standpoint of what Boston has to show for its debt. Boston bonds are still sound investments and are so regarded by the bond market and the investing public, and the bond market plays no favorites. It is a question, however, how long Boston can remain in this condition, if it continues its present trend, particularly if it maintains the practices that were more or less forced upon it by the depression and were born of a desire to counteract the effects of the depression.

Enterprise debt in Boston, *e. g.*, traffic tunnels and subways, is much greater than in most other cities. The earnings of the enterprises are now lagging. The carrying charges of the traffic tunnel debt have not yet been fully met by the earnings above maintenance costs of the traffic tunnel. The deficiencies in carrying charges of transit debt are in growing measure falling back upon the taxpayers and not upon the traveling public. If carrying charges of the enterprise debt cannot be earned by these enterprises, then Boston must eventually lose its enviable financial status.

The statutory debt limit of the city is a thing more and more respected in the breach than in the observance. The bar against debt issuance in excess of a certain percentage of the taxable valuation of the city is being so frequently lifted by legislative acts and to such an extent that the debt limit has become much like the tax limit,—elastic and expansive.

It has already been pointed out to your commission by the Boston Municipal Research Bureau that two-thirds of Boston's net outstanding debt has been incurred outside the debt limit. Whenever a substantial capital investment by the city is contemplated, the financing of it is too frequently treated by the Legislature as an emergency which, no rules, practices, or limits may restrict. The policy of the older generations to go outside the debt limit only for some great emergency has changed and the practice now is to seek legislative authority for issuance of debt outside the limit any time the city can make out a plausible case for another outlay.

The debt limit like the tax limit, therefore, has long been abused. If the City of Boston were by legislation made amenable to certain restrictions of the Municipal Finance Act, while that of itself would not entirely cure the situation, it would be an earnest of the Legislature's own resolve no further to indulge the city in this easy practice; but the sincerity of such a resolve would be very doubtful if the Legislature thereafter resumed its liberality in authorizing Boston to incur debt beyond the limitations of the act.

Holding the city strictly to the debt limitations of the Municipal Finance Act would accomplish two things: It would restrain the incurrence of funded debt, since it limits the purpose for which funded debt may be incurred and fixes terms for city bonds that are wiser than those now imposed by the city; it would tend to keep down annual maintenance costs because bonded debt is usually incurred for some expansion of municipal activities that ultimately require an increase in the annual costs. The crowding achievement that would come from the application of this act to Boston would be from the provision which requires that a percentage of the debt to be incurred shall be provided out of current taxes. Every such addition to the regular maintenance charges would make it

more difficult for a mayor to incur such debt without an obvious increase in the tax rate. Issuing debt that later administrators must worry about is one thing, but debt to be paid for in part by an immediate appropriation from current taxes is something that the administrators issuing the debt must themselves worry about and explain to the people.

Putting Boston under the Municipal Finance Act at this time would be desirable if it only accomplished one thing—held down the city debt until the taxpayers can more easily meet the tax bills that must contain the serial payments and interest for existing bonded debts and all the other public requirements.

Respectfully submitted,

E. MARK SULLIVAN, Chairman,
ALEXANDER WHEELER,
W. ARTHUR REILLY,
PHILIP A. CHAPMAN,
ROBERT ROBINSON,
THE FINANCE COMMISSION.

Placed on file.

APPROVAL OF PROJECTS BY EMERGENCY FINANCE BOARD.

Notices were received from the Emergency Finance Board approving projects for the City of Boston as follows:

Construction of addition to present South Boston High School at cost not to exceed \$535,000, approving application of city for Federal grant of not more than \$347,750.

Construction of Intermediate School in Phillips Brooks District at cost not to exceed \$850,000, approving application for Federal grant of not more than \$552,000.

Construction of Lucy Stone Special Class School in John Marshall District at cost not to exceed \$185,000, approving application for Federal grant of not more than \$120,000.

Construction of Intermediate School in Eliot square, Roxbury, at cost not to exceed \$780,000, approving application for Federal grant not to exceed \$507,000.

Severally placed on file.

SOLDIERS' RELIEF.

Coun. KERRIGAN, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of November, 1935.

Report accepted; said order passed.

REPORT OF COMMITTEE ON CLAIMS.

Coun. GOLDMAN, for the Committee on Claims, submitted the following:

1. Report on petition of William E. Kenealy (referred November 12) to be reimbursed for amount of judgment issued against him on account of his acts as operator of motor vehicle belonging to City of Boston, Fire Department, respectfully recommending passage of accompanying order, viz.:

Ordered, That the sum of fifty dollars be allowed and paid to William E. Kenealy in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the City of Boston, Fire Department, said sum to be charged to the Reserve Fund.

Report accepted; said order passed.

RECESS.

The Council voted at 2.26 p. m. on motion of Coun. GALLAGHER to take a recess subject to the call of the chair. The members reassembled in the Council Chamber and were called to order by President FITZGERALD at 4 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following reports, viz.:

1. Report on opinion of Corporation Counsel in re licenses for rendering plants (referred October 28)—recommending that same be placed on file.

Report accepted; said report placed on file.

2. Report on petition of Michael J. Patts (referred today) for children under fifteen years of age to appear at Tileston School Hall, December 6—recommending that leave be granted, under usual conditions.

Report accepted; leave granted on usual conditions.

3. Report on message of Mayor and order (referred today) that Mayor be authorized to execute amendatory agreement, amending grant agreement of April 14, 1934, relating to Public Works Project of constructing and equipping surgical building and constructing additions and alterations to existing central steam and electric plant at Boston City Hospital—that same ought to pass.

Report accepted; said order passed, yeas 18; nay—Coun. Wilson 1.

4. Report on message of Mayor and order (referred October 28) for loan of \$60,000 for plans, etc., for new City Hall—that same ought to pass.

Report accepted, said order passed, yeas 17, nays—Coun. Roberts, Wilson—2.

LOAN IN ANTICIPATION OF TAXES.

President FITZGERALD called up, under unfinished business, No. 2 on the calendar, viz.:

2. Ordered, That to provide temporarily money to meet the appropriations for the financial year 1935, the City Treasurer issue and sell, at such time and in such amounts as he may deem best, notes or certificates of indebtedness of the City of Boston not exceeding ten million dollars in the total, in anticipation of the taxes of the current municipal year; that all such notes or certificates of indebtedness be dated the day the money for the same is received, be made payable with the interest thereon within one year of their date, and bear interest from their date until the same are made payable at such rate as the City Auditor, the City Treasurer and the Mayor may determine.

On November 15, 1935, the foregoing order was read once and passed, yeas 20, nays 0.

The order was given its second and final reading and passage, yeas 19, nays 0.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President FITZGERALD called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor November 12, 1935, of Robert C. Baughman and Joseph Adler, to be Weighers of Coal; and Martin A. Callinan, to be a Weigher of Goods.

The question came on confirmation of the appointments. Committee, Coun. Finley and Fish, Whole number of ballots 16, yeas 15, nays 1, and the appointments were confirmed.

LOSS OF VOTING RIGHTS.

President FITZGERALD offered the following: Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to furnish the City Council with an opinion as to whether or not native born or naturalized citizens of this country who were residing at the Hawkins Street Lodge on December 31, 1934, have lost their rights of voting.

Passed under suspension of the rule.

NUMBER OF CASES HANDLED BY WELFARE VISITORS.

President FITZGERALD offered the following: Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to make whatever arrangements may be necessary in order that no visitor of said department will be obliged to handle more than 150 welfare cases.

Passed under suspension of the rule.

LEGAL ACTION AGAINST RENDERING ESTABLISHMENTS.

Coun. ROBERTS and DONOVAN offered the following:

Ordered, That his Honor the Mayor direct that the Corporation Counsel forthwith bring legal proceedings against Chamberlain & Co., Incorporated, Handschumacher & Co., and the Dehydrating Process Company of Boston, it appearing from evidence presented to the Council by the Health Commissioner, his associates and others, that those companies are conducting rendering establishments within the meaning of chapter 111, section 151, of the General Laws, without having first obtained a license to conduct such business from the Mayor and the City Council in accordance with the provisions of said act and, in conformity with the opinion of the Corporation Counsel in regard to the violation of said act, it is further ordered that his Honor the Mayor direct the Health Commissioner to order said rendering establishments to immediately cease operations until they are licensed.

Coun. ROBERTS—Mr. President, I would simply like to say that the reason for that order is the opinion of the Corporation Counsel filed today with this body, that all these organizations referred to have been doing business and are today doing business without being licensed in accordance with the law. There seems to be some question about this being incidental to their main business, which is a question that could be easily settled by legal proceedings. The duty of the Corporation Counsel and the Health Commissioner, therefore, is obvious. The order was passed under suspension of the rule.

RECALL OF HOUSING ORDER.

Coun. GREEN—Mr. President, I move that the housing order be recalled from the Executive Committee.

Coun. WILSON—Mr. President, may I ask why that was not brought up in executive session?

The motion to recall the housing order from the Executive Committee was carried.

AID ALLOWED BY PUBLIC WELFARE.

Coun. WILSON offered the following:

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, in the proposed 1936 budget, to provide for minimum aid, including food allowances, more substantially in line with generally accepted Community Health Association minimum allowance figures.

Coun. WILSON—Mr. President, I would say in reference to that order that I know the members of the Council unanimously appreciate the frank manner in which Mr. Dowling answered all inquiries at the meeting of the Executive Committee today. We were gratified to have him state that the plan which we earlier understood was to go into effect, looking to a reduction in the fuel and medical supplies for mothers' aid cases, was not now, as far as he knew, going through. I know that all members of the Council appreciated Mr. Dowling's agreement that families of eight, nine, ten and more children could not possibly live on \$15 a week. The questions, which were directed to Mr. Dowling in view of the understanding that the amount supplied in many of these cases was 25 per cent under the minimum requirements of the families, according to the figures of the Community Health Association, were also sympathetically answered by Mr. Dowling. Bearing in mind that we are spending a large proportion of our Public Welfare money as a result of loan orders on a long-term basis, and in view of Mr. Dowling's very frank admission that the city in the long run, in tubercular and other cases, would be obliged ultimately to pay the freight, making up if possible the difference in case of any niggardly allowances at the present time, I urge the adoption of this order in order that his Honor the Mayor in taking up the budget for next year may bring the welfare figures for food orders and necessities of life more nearly in line with the reported minimum figures in other cities of the United States. The order was passed under suspension of the rule.

ADDITIONAL \$250,000 FOR WELFARE RECIPIENTS.

Coun. McGRATH offered the following:

Ordered, That his Honor the Mayor be requested to make available from the Reserve Fund the sum of \$250,000, to be spent under the direction of the Overseers of Public Welfare for food, clothing, etc., for deserving welfare recipients during the Christmas season.

Passed under suspension of the rule.

RAILROAD PROPERTIES IN BOSTON.

Coun. McGRATH offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to take up with the officials of the various railroads operating in the City of Boston the matter of demolishing all abandoned depots along their routes in Boston, to repair and construct suitable fences wherever needed, and to clean up all rubbish and litter now cluttering up their properties located in Boston.

FENCES ON COLUMBIA STATION BRIDGE.

Coun. KERRIGAN and McGRATH offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to construct strong, suitable fences on either side of the Columbia Station bridge between Old Colony avenue and the railroad tracks.

Coun. McGRATH—Mr. President, those last two orders are about the same, except that the last order is a specific one. It is a fact that the various railroad beds in the City of Boston are the same as the areas of tracks for automobiles. I traveled on the other day across the Roxbury branch of the Boston and Albany road, when the corners of Boston, as it were, and stations that had been abandoned during the last few years, that are boarded up and are now present an untidy appearance to the traveling public. Then I saw our Old Colony bridge over Pope's Hill Station and saw the same thing. They have been abandoned and boarded up and are surely not adding anything to the beauty of the city where they are located. I think that it is through the Mayor and the Commissioner that they have allowed them to get so cluttered up with old boards and old cars and abandoned automobiles. It should have been abandoned at once and the property should have been taken care of by the city, so that they are not a disgrace to the city.

spirit seems to have passed away. Referring to the specific order which relates to fences adjacent to the Columbia Station, located in Wards 7 and 13, there is a space on either side of the bridge, perhaps for 100 feet, where the railroad bed and the road are perhaps on the same level, and it occurs to me that a person might drive an automobile through in the nighttime onto the railroad tracks. That is a very important highway there, going out on the Columbia Circle, and as a matter of safety, to protect automobilists going along the highway, I think it would be well to erect fences there.

The orders were passed under suspension of the rule.

AUTOMATIC TRAFFIC SIGNALS.

Coun. BRACKMAN offered the following:
Ordered, That the Traffic Department, through his Honor the Mayor, be requested to install automatic traffic signals at the junction of Warren, St. James and Moreland streets.

Passed under suspension of the rule.

REEMPLOYMENT TO FORMER EMPLOYEES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of giving preference in reemployment to worthy city employees let go during the first part of his administration, especially those who served the city faithfully for twenty or thirty years and more, and who were within a short period of a pension and have now reached an age, after giving the best part of their life to the city, where it is impossible to obtain private employment.

Passed under suspension of the rule.

SUBMISSION OF TENTATIVE BUDGET.

Coun. NORTON offered the following:

Ordered, That the Budget Commissioner, through his Honor the Mayor, be and hereby is, requested to submit to the City Council prior to January 1, 1936, a tentative budget of appropriations for purposes within the usual tax limit.

Ordered, That the Budget Commissioner, through his Honor the Mayor, be requested to submit to the City Council prior to January 1, 1936, budget estimates for all departments and purposes, excepting those coming under the regular tax limit.

Severally passed under suspension of the rule.

MONTHLY LIST OF CITY PUBLICATIONS.

Coun. NORTON offered the following:

Ordered, That the City Messenger submit monthly to the City Council and cause to be printed in the City Record, a list of all publications by the City of Boston and departments and divisions thereof.

Passed under suspension of the rule.

AMOUNT DUE ON NONRESIDENT WELFARE CASES.

Coun. NORTON offered the following:

Ordered, That the Trustees of Public Welfare be requested, through his Honor the Mayor, to furnish the Council with the approximate amounts of money owed to the City of Boston on cases aided by the City of Boston, where the recipient had no legal settlement in Boston, and what towns and cities owe this money in the opinion of the trustees.

Coun. NORTON—Mr. President, awhile ago I made the statement that the City of Boston Welfare Department as a result of not complying with the rule with regard to notifying the state within thirty days in regard to cases from outside cities and towns that were being aided here, had lost millions of dollars. The Mayor of Boston took exception to that statement. My information was from an authentic source, and only last week Commissioner Conant made a similar statement at the State House.

The order was passed under suspension of the rule.

NUMBER WORKING ON P. W. A. PROJECTS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of informing the Council as to the reasons why only 10,000-odd men are working on P. W. A. projects in Boston today while the Federal Government has approved the employment of 27,000 or more men for some time past.

Coun. NORTON—Mr. President, every city in Massachusetts, I believe, with the exception of Boston, has spent its quota in this matter. That is the case with Lawrence, Lowell, Ware, Springfield, and other cities and towns. They have all met their P. W. A. quota. Only two weeks ago Uncle Sam said to Boston that it was ready to pay 27,000 odd men, and today there are but 10,000 working. That, I find, was the situation this morning. It does seem in view of that situation,

with the government standing ready to pay the wage, that something must be wrong. Boston is certainly the only large city in the Commonwealth that has not come up to its quota today, and that is particularly unfortunate with winter coming on. Out on Blue Hill, one of the highest hills in the vicinity of Boston, they have put in a great deal of work, spending in January and February of last year a good deal of money, putting in and fixing up on the periphery of the hill splendid concrete asphalt roads. There is no reason now why every street in Boston should not be fixed up.

The order was passed under suspension of the rule.

"INSURANCE CASES" IN WELFARE DEPARTMENT.

Coun. NORTON offered the following:

Ordered, That the Trustees of Public Welfare, through his Honor the Mayor, be requested to inform the Council regarding the status of the so-called "insurance cases" in their department.

Coun. NORTON—Mr. President, some time ago the Welfare Department of the City of Boston called public attention to cases where recipients of aid were hardly able to get enough to keep body and soul together, and also to the fact that in some cases of poor families there were perhaps three or four weekly payment insurance policies being carried by the family, with great resulting pressure on the families to keep up the policies.

The Council should be advised by the Welfare Department regarding the status of welfare recipients and the payment of insurance by them where the department alleges there has been waste such as where one poor family will have a half a dozen or more policies to keep up. I desire to see officials of the Massachusetts Savings Bank Insurance, from the State House, consulted, such as Mr. Judd Dewey. Residents of Boston pay in yearly around \$9,000,000 for weekly premium insurance. 80 to 90 per cent of these policies lapse: not one cent is obtained back. At least one out of every four obtains nothing back. These are poor people. They must wait five years or more before obtaining any cash surrender value, if insured with private insurance companies. If insured with Savings Bank Insurance, at the end of six months, there is a cash surrender value. If there is a "reserve" of \$2, there is a cash surrender value at any time. Twenty-three Massachusetts banks with one hundred branches carry on this business. The "Boston Five Cent Savings Bank," etc. Half of the \$9,000,000 paid out yearly by Bostonians for weekly insurance could be saved if the people were informed of the cheapness of Savings Bank Insurance. A State House employee, with four children, had each child insured for \$400. He paid a private insurance company \$1.65 a week in premiums. He was shocked when informed by the officials of the Massachusetts Savings Bank Life Insurance Department at the State House that each of those four children could be insured for \$500, a 25 per cent greater coverage, for a total of 50 cents a week; \$100 more coverage for each child at a saving of \$1.15 a week in premium payments. Massachusetts Savings Bank Life Insurance is the "child" of the Hon. Louis D. Brandeis. Over 100,000 people now carry 120,000 or more policies in this system, with a total insurance in force of \$109,600,000. It means a 10 per cent or more increase in salary to many now paying premiums to private companies. There must be thousands of city employees who would benefit if they knew about this. I shall ask the Mayor to take steps to make these facts known. Surely, our Welfare Department, now dealing with poor, welfare recipients who are trying to "hang on" and pay big premiums, should take an active interest in bringing to the attention of all, the above facts. I mean to speak on this important matter, every few weeks. Only by repeating and repeating, by constant repetition, can we drive home these important facts. For those who would enquire further into this matter I respectfully recommend that they obtain a copy of the report made to the Department of Labor at Washington by Doctor Berman, Professor of Economics at the University of Illinois, regarding Massachusetts Savings Bank Life Insurance. Also a book by Mr. Maurice Taylor entitled, "Social Cost of Industrial Life Insurance."

I believe that the Massachusetts Savings Bank Insurance should be more largely availed of, particularly in the interest of poor people.

The order was passed under suspension of the rule.

REPAIR OF BOSTON STREETS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of arranging to fix every non-major street in Boston at this time when the Federal Government, through W. P. A., will pay the salaries of the men.

Passed under suspension of the rule.

STUDY OF TRAFFIC PROBLEMS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of requesting

the services of the two hundred or more traffic engineers, under Colonel Moorehead, now working on W. P. A. projects, and paid for by the Federal Government, to study traffic problems in Boston so as to give the city a full, comprehensive and up-to-the-minute report on the same and perhaps make recommendations that will eliminate, in part, at least, traffic jams that have tied up the traffic of this city at various points during the past week or two.

Coun. NORTON—Mr. President, traffic congestion is a very important problem. If we are not going to make it possible for automobiles to get in and out of town readily and conveniently, our business establishments are going to lose custom and that will result in laying off clerks and other employees in the stores. We are getting more taxes from these three downtown wards than from all the other wards of the city put together, the business wards of Boston. Traffic is an important thing. There has been some complaint about congestion in our streets the last few years. Now, here are traffic engineers available, paid by the government, trained engineers, who are prepared to look into this matter today. At present nobody knows anything about the proper way to handle traffic in Boston, with machines going hither and thither, with no plan or study as a basis for handling the traffic, nobody knowing how many machines are coming in or going out, where they are going, what they are coming for, and what time they come and leave. These are things we should find out in order to properly handle the problem. There is, as I say, this available group of trained engineers under Colonel Moorehead, paid by the government, ready to do the work. Let us put them at work on our problem, having them make a complete survey of Boston traffic with a view to eliminating, if possible, such traffic jams as we have seen recently.

The order was passed under suspension of the rule.

CITY'S FINANCIAL SET-UP.

Coun. NORTON offered the following:

Ordered, That the City Council of Boston, in executive session assembled, be requested to consider the advisability of making recommendations regarding the present financial set-up of the City of Boston to the special legislative committee now investigating this subject.

Coun. NORTON—Mr. President, there is a special legislative committee, headed by Senator Joseph White, investigating the financial set-up of the City of Boston. The Finance Commission has issued a report on city finances, and we also have reports from the Municipal Research Bureau and the Chamber of Commerce, particularly dealing with the real estate problem. It does seem, therefore, under the circumstances, that it would be well for the City Council in executive session, sitting as directors of the City of Boston, a corporation that is spending \$100,000,000 a year, to give a little cognizance to the facts in the situation and to present to that legislative body now investigating the subject, as a result of our study and experience, certain possible recommendations. First, for example, do we want the \$9 tax limit continued in the City of Boston? Second, do we want to continue the peculiar situation we are faced with at the present time, in which the Legislature says to the Mayor of Boston, "You shall have so much money and no more?" Last year the Legislature said to Mayor Mansfield that he could impose a tax rate of \$37.20, the first time that the Legislature had ever done that. Third, we might consider this question, is it proper to give the Mayor authority to spend all the money he wants, provided it comes within the tax rate, he to be responsible for that tax rate? These questions are up now, are being considered by this special legislative committee. A report is to be made to the Legislature at the incoming session. Don't you think that we as the directors of the city should at least, after due thought and as the result of our experience make some suggestion as to the way in which our finances should be run?

The order was passed under suspension of the rule.

ARC LIGHT, WARD 6.

Coun. DONOVAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to replace the gas lamp at the corner of E and Silver streets, Ward 6, with a modern arc light.

Passed under suspension of the rule.

WARD 7 SIDEWALKS.

Coun. KERRIGAN offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Winfield street, both sides, Ward 7, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of granolithic, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Sanger street, both sides, Ward 7, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of granolithic, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

LICENSES FOR FRUIT DEALERS.

Coun. ROBERTS offered the following:

Ordered, That the Corporation Counsel, through his Honor the Mayor, draw up an ordinance regulating the licensing of all dealers engaged in the wholesale fruit and vegetable business, doing business within the city, either as agents or brokers, and those selling on commission, stipulating that such persons should pay a fee of \$1, and should not be licensed unless they have a usual place of business located within the city. Said license to be issued by and under the jurisdiction of the Superintendent of Markets.

Passed under suspension of the rule.

SNOW-REMOVAL EQUIPMENT.

Coun. NORTON—Mr. President, I would like to ask a question about the proposed snow-removal equipment contract, under which it is proposed to spend \$675,000. It now looks like snow, outside—

President FITZGERALD—The gentleman is out of order, unless he makes a motion.

Coun. NORTON—Mr. President, I ask unanimous consent to make a statement. (No objections were made.) I presented objections from a reputable concern relative to the specifications as drawn up by the City of Boston under which it is proposed to expend some \$675,000 for snow-removal equipment. As yet I have not heard from his Honor the Mayor or from the department heads concerned with reference to the specific objections. However, acting on my own initiative, I have been in touch with various people with regard to those objections, and it does not now seem to me that the objections as stressed would vitally affect the specifications, even though they were changed so as to meet each objection specified. That being so, I am not now inclined to put any obstacle in the way of the city obtaining this snow-removal equipment. Snow will be here in February at the latest. The Purchasing Agent of the city said that he might require a month to look the thing over. I have been unable thus far to find that if we vote this money it will be wasted. I am interested to find out why today it is not possible to vote upon this matter.

Coun. GALLAGHER—Mr. President, I move, sir, that we take up under unfinished business No. 3 on the calendar.

The Council voted to take up under unfinished business No. 3 on the calendar, viz.:

3. Ordered, That the sum of \$675,000 be, and hereby is, appropriated, to be expended under the direction of the Superintendent of Supplies, for Departmental Equipment in the Park and Public Works Departments, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On October 28, 1935, the foregoing order was read once and passed, yeas 20, nays 2.

The question came on giving No. 3 on the calendar a second and final reading and passage.

Coun. McGRATH—Mr. President, now that we have reached the final vote on the \$675,000 for snow-removal equipment, I think, before the final vote is taken, a few remarks should go into our record. Last year there was agitation for the purchase of additional snow-removal equipment, and there were many of us in the Council who believed that, during the heat of the summer, it would be better to take up the question of the large necessary appropriation to purchase such snow-removal equipment rather than waiting for the so-called emergency stress that would face us later in the year. An order was, therefore, introduced into the City Council early in the year for an appropriation of \$800,000 to purchase a certain amount of snow-removal equipment, equipment that would be ample to properly care for the entire twenty-two wards of the City of Boston. As a result of the alertness of the City Council in the matter, however, it subsequently appeared that that same amount of snow-removal equipment could be purchased for \$675,000, instead of \$800,000. That information was obtained as a result of the Council refusing to be rushed into the purchase on the ground of emergency. We refused to be stampeded, and at the suggestion of the councilor from Ward 18 (Coun. Norton) it was discovered that a certain 20 per cent could be saved to the city in the purchase. The Council alone, therefore, are responsible for the saving of at least \$125,000 in the purchase of the snow-removal equipment, obtaining the same equipment as would have been obtained if the purchase price of \$800,000 had stood. Then some further strange things happened. Before action on this appropriation, a special committee was appointed by his Honor the Mayor to assume the responsibility for the selecting of the equipment and, if I read

the newspapers aright, that committee was to have the final decision in selecting just what equipment should be purchased. It was a splendid committee, Mr. Mayor. There were on your committee the chairman of the Park Department, the chairman of the Transit Department, the former Public Works Commissioner, the present Public Works Commissioner, the Fire Commissioner, representatives of the Eastern Massachusetts Street Railway Company and of the Boston Elevated, men familiar with the removal of snow from those roads, and a very outstanding member of the Chamber of Commerce, Mr. Eliot Wadsworth. The citizens of Boston had every right to feel confident that a board made up of men of such caliber, representing so many phases of our business and social life, would protect this purchase. We were informed by that committee last week, sir, and I believe they acted wisely, that they had requested the Mayor, now that their work was over, to be allowed to disband, having the purchase of this equipment placed in the hands of the Purchasing Agent of the City of Boston. But a very peculiar thing happened, sir. We found that no one would assume the responsibility for the writing of these specifications other than Mr. Loomis, who was the Purchasing Agent of the City of Boston at the time when these specifications were written. We found later that a certain Mr. David B. Shaw—Election Commissioner, Assessor, Corporation Counsel, and running the Boston City Hospital—had decided that the time had come when he would walk in and tell Mr. Loomis what equipment he would purchase, and Mr. Loomis being a cautious man, when forced to decide whether he would listen to the dictates of Mr. Shaw or to the Mayor, decided to resign. Then the Mayor went on a vacation to another coast, and we found that Mr. Shaw was appointed Purchasing Agent for a period of one month. Rather than wait, as had always been done, until the time when the Council was supposed to give the order its second reading and passage, Mr. Shaw immediately started to advertise and open bids, several weeks ago, and previous to the time when the appropriation in any event would be made available. Once again, sir, the Council were on their job and delayed the appropriation until Mr. Shaw had gotten out of one of the offices he was holding—namely, that of Purchasing Agent of the City of Boston. You heard him tell you how well he was equipped as an engineer and purchasing agent and how anxious he was to purchase this \$675,000 worth of snow-removal equipment. But, Mr. President, you have been a long time in the political game, and so have I and some others. We did not seem to take his word, as Purchasing Agent. And then that splendid old gentleman named Doherty, who had been in the office of Purchasing Agent but a very short time, not sufficiently long to really become acquainted with the duties of the office, came before us and told us that he might require two months and at least one month to look into the matter before making these purchases, before he felt that he would be qualified to make the purchases. I am at present inclined to vote for this appropriation, sir, because the man who was elected Mayor of Boston has now returned to Boston. But I do want the situation distinctly understood. We had that camouflaged committee who have now refused to serve further. I congratulate them on their wisdom. But the situation is now different from what it was when the Mayor was away. Mr. Shaw is not Mayor of Boston and is not even the legitimate Purchasing Agent at the moment, and the one man in Boston who was elected to full responsibility to the voters in the purchase of this equipment, the Honorable Frederick W. Mansfield, Mayor of Boston, is now in the city. So let it be distinctly understood, sir, that we are going to hold him responsible. The fact is that this equipment is now in Boston and the very salesman who will sell it knows what equipment will be sold, the thing being arranged entirely through the Mayor's office. I don't care who the Mayor appoints or delegates, he and he alone is responsible to the voters of the city for the purchase of \$675,000 worth of snow-removal equipment, which is the same equipment that he would have paid \$800,000 for if the Council was not alert. I say that it is not Doherty's job, because he has been in the office of Purchasing Agent for only three weeks and admitted that he knew nothing about this specification. I say that the committee that has now disbanded should not assume the responsibility for the actual purchase, their work having ended when they made the recommendation; and I say again that when the appropriation of \$675,000 is spent for this purpose, Mayor Mansfield must and will assume the whole responsibility. We have heard him referred to as an honest man, and I believe that he is, but I want to know if he is a competent man. I want to know if he is going to assume the responsibility for the conduct of the business affairs of a city that he, and he alone, was elected to serve as Mayor. I will not accept David B. Shaw as the Mayor of this city so far as the people of Ward 18, whom I was elected to represent, are concerned. David B. Shaw has no right to dictate the policy of this city. That is what Mayor Mansfield was elected to do. I repeat that the Council has cut \$125,000 from this appropriation, obtaining therefor what the city would otherwise have paid \$800,000 for, and in casting my vote for this order I shall make the demand, on my part at least, that the Mayor assume the full responsibility for the purchase of this equipment.

Coun. SHATTUCK—Mr. President, the equipment that it is proposed to buy at this time is to replace equipment which was bought six to eight years ago. If we had run the city properly we should have replaced that equipment from year to year, as needed, and should have done it out of the tax levy as an operating expense of the City of Boston. But we have failed to do that. We have allowed a deficit to accumulate. That deficit now amounts to \$675,000, and we are asked to borrow the entire amount. Now, because we have been wrong in the last six to eight years in failing from year to year to make replacements as needed is no reason why we should be wrong this year. When this order came before us at the last meeting, I hoped to cut down the appropriation by 20 per cent by providing one fifth of the cost this year. That motion was defeated. If these bonds are authorized, I understand that they will be five-year bonds. The equipment is assumed to have a life of about five years. We should at least provide, on a pay-as-you-go system, a fifth of the cost this year. I am unwilling to load debt on debt, as we have been doing for the last two years. I am unwilling to add to the debt incurred through operating deficits, debt incurred for schools, City Hall, courthouse and every other thing included in this P. W. A. and other programs. I shall, therefore, vote against this order in its entirety as a protest against the policy of running the city into debt, to be paid next year and in the years to come, and failing to face in an honest way the needs of the city by paying as we go for the things we need from year to year.

Coun. BRACKMAN—Mr. President, I agree in part with my colleague as to the bookkeeping of expenses of the City of Boston, but we face a situation where we cannot undo what has been done in the past. This equipment is needed, and needed very badly. We shall undoubtedly have severe snowstorms this winter, and I don't know what will happen in the City of Boston if we do not obtain this equipment. We have been delaying in this matter long enough, and I think we now ought to pass the order. This is a very important matter and should be dealt with at this time.

Coun. WILSON—Mr. President, as a member of this Council, I, personally, feel no responsibility for the delay in this matter. Certainly we cannot be charged with responsibility for the seven months' delay, from early in the year right through the hot months, when we endeavored to have some preliminary action taken in this matter, with a knowledge of the situation that would have to be met this winter; and I have in mind also that, as a result of the position we took, the original \$800,000 expenditure which was proposed has now been reduced \$125,000. Personally, I am convinced that, although the City of Boston certainly needs new snow-removal equipment, as nine years have elapsed since I voted for \$400,000 for snow-removal equipment, under former Mayor Nichols, the way in which this particular matter has been handled by the Mayor's office, if I may put it that way, smells very badly, from the beginning of the year right through until this afternoon. I naturally cannot forget the objections brought in here by the councilor from Hyde Park (Coun. Norton) when he quoted one of the largest, if not the largest, motor truck concern in America as being prepared to deduct 20 per cent on any sale to the City of Boston. Neither can I forget that that same concern which made that offer to the City of Boston, which meant a saving of 20 per cent, were to all intents and purposes prevented by the specifications, if their claim is correct, from bidding under them. Nor can I forget the fact that we were given to understand that the special committee that was named, we were told, to consider this whole question, an outstanding committee, who were certainly thought to have more knowledge on the subject than any member of the Council could possibly have, were supposed to look into the whole subject with great care and to decide what equipment was necessary and what the fair cost should be. And so when that committee almost unanimously appeared before our Executive Committee, a week ago, I, that Wadsworth and others, I was amazed to hear them tell us, these members of that outstanding committee, despite what we had been told by the Mayor's office, that all they did was to decide offhand how many vehicles we needed and of what capacity. And then I have in mind Councilor Shattuck's order of November 15, if I am correct, since the Mayor's recent trip to Texas and other outlying points, requesting information as to the specifications for the snow-removal equipment and the probable sum that would be needed. Even the Purchasing Agent I named a week ago, stated that he had just given a cursory glance to the specifications that the temporary purchasing agent drew up. We have not seen the specifications today, and we asked Mr. Doherty a week ago to look them over, and I have the feeling, regard for this new man, and in view of the Council the hardest average bid for the snow-removal vehicles, as well as the lowest average bid, so that we could determine whether the proper amount to be appropriated was \$675,000, or more, or less. We asked him to take the time to find out each machine and give us the make, and the price, low bid, with the name, so that we could vote intelligently on the question of whether the amount appropriated should be \$675,000 or perhaps something less than that. I only assume, during the debate here on this question, that we get in touch with the Purchasing Agent of the

City of Boston, to see if he could send over to us whatever information he has, but he could not give us the information because the Mayor has not yet told him that he could give it to us. And so I say that the whole history of this snow-removal proposition has smelled very badly from the outset down to today. And I say that if we are asked today to vote for this order, without the information requested in Councilor Shattuck's order, without hearing anything in regard to the specifications, without knowing the average amounts involved in the high bids or the low bids, it simply means that we are requested to vote with our eyes shut. Personally, I protest against voting today on this measure, a measure of such magnitude as is involved in this loan order, without more information than we have received.

Coun. NORTON—Mr. President, I have come in today prepared to vote for this snow-removal equipment order. Some time ago I called the attention of the Council to the fact that the original \$800,000 order proposed neglected to take off the customary trade discount of 20 per cent. I have gone very exhaustively into this matter. I have had one of the truck companies send one of their experts from the West. I have devoted hours of research to the matter. I find that we are faced with this situation, that what snow-removal equipment we have is out-moded and that we may have at any time another million dollar snowstorm in Boston. I have gone extensively enough into the specifications to realize, first, that in any event there would not be enough money saved to the city to warrant us at this time in holding up the whole business of snow removal. Secondly, I cannot find, if this money, \$675,000, is voted today, from any research I have done, that there is any evidence that it is to be wasted. I want to be fair with the Mayor, with the Purchasing Agent and with Mr. Shaw. While I disagree with Election Commissioner Shaw on some things, I believe he is a reputable city official. I do not question his integrity. Of course, I suppose some allowance has to be made for politics, which is a modified form of war. But I do not want anybody to consider that, because I am against the Mayor on an issue, I am questioning his integrity or that of any of his officials. I have been looking into the pay-as-you-go question also, and I cannot find that snow-removal machinery in the past has been bought under that ægis. Now, if we do not act promptly we will probably have to spend another million dollars on a snowstorm within the next two or three months. The people of Boston are demanding that the conditions of last year be not repeated. The Mayor has asked for this money. I have been unable to find any evidence of probable laxity in the spending of it. I find no good reason why we should hold up action under the specifications, although I objected to immediate action originally. But upon examination I find no evidence that the city would save any money if the contract was to be re-specified, in so far as the requirements of this equipment which is to be purchased by the Purchasing Department are concerned. Therefore, I am going to vote for this order for these reasons, because I believe in the interests of the citizens of Boston prompt action should be taken; because I believe there is no saving that will be made by further delay; and because I believe the city officials handling this snow-removal problem should be furnished with this machinery.

Coun. WILSON—Mr. President, I don't want to seem to be a conscientious objector, and I frankly admit now that I would vote for this \$675,000 loan order, reduced to that amount from \$800,000, if the Mayor of Boston would be fair enough with the City Council to request the Purchasing Department to give us the average high figures and the average low figures, so that we might know whether the prices which the city will be required to pay under the bids are substantially under or over the figure for which we are now asked to vote. At this time, Mr. President, can I ask for a recess to allow you, with your entrée to the Mayor's office, to take this matter up with the Mayor so that we may at least have the information furnished through you, and vote with our eyes open? I would make that motion, Mr. President.

The Council voted at 5 p. m. to take a recess of fifteen minutes, and the Council was called to order by President Fitzgerald at 5.18 p. m.

Coun. WILSON—Mr. President, I realize that the motion that I am now about to make will cause a great deal of very unkind comment. However, I am only answerable to my own conscience on this particular order. I asked at our meeting over a week ago the present Purchasing Agent to give us some light on whether this loan order should be cut down or whether the amount possibly should be increased, in view of the bids received under the different specifications, giving us the, average low figures and the average high figures, so that we might know whether this figure of \$675,000, which was not reached as a result of anything that this outstanding committee did, is a fair figure, in this loan order. I asked Mr. Green to get that information from the Purchasing Agent, who, of course, is under orders of the Mayor, and he quite properly said that he could not give the information to us without an order from the Mayor. I now understand that the Mayor of Boston refuses that important information to the Council today. I have never voted on any order, important or not, with my eyes shut, if I knew it. Having in mind the situation I have outlined, I

now move that this matter lie over to the next meeting, and if we ask for the presence of the Purchasing Agent at that time, he may then come over and show us the exact figure is \$675,000. There may be some computation done between now and the next meeting. But the mere fact that the Mayor refuses the Board of Directors of the City of Boston information upon which we could vote intelligently on this matter today, so far as I am concerned, blocks me from voting "yes" on the second reading. I move, therefore, that this lie over to the next meeting.

Coun. McGRATH—Mr. President, we recessed with a view to having you talk with the Mayor for the purpose of getting certain information and relaying it to us, as one having contact with the Mayor and who is also president of this body. I rise to a point of information. Have you any report to make to us, Mr. President?

President FITZGERALD—The Purchasing Agent is not in his office, and the Mayor said he had no information to submit to the Council, that the information is in the Purchasing Agent's office.

Coun. McGRATH—I think, Mr. President, we are now called upon as twenty-two men, members of this body and directors of the City of Boston, to show whether we are quitters or whether we have red blood in our veins. I say it is about time, Mr. President, that there was a show-down. I am not coming back here as a member of the Council for the next two years, but if you, sir, and the majority of the Council, elected to represent your constituents, vote against this motion of the councilor from Ward 17 (Coun. Wilson) to lay on the table for one week pending the receipt of this vital information that is in the possession of the Mayor, the City Council might just as well throw up its hands and go out of business.

President FITZGERALD—You are in error. The councilor moved to postpone action for one week.

Coun. McGRATH—Well, Mr. President, to postpone action for one week. I think, if you now surrender, you might just as well abandon any meetings for the years 1936 and 1937, except meetings to pass upon the budget of the City of Boston, so that the city may function. I told you, Mr. President, a month ago, when his Honor the Mayor left this city, that the subject matter of this order was placed in the hands of David B. Shaw, who was employed temporarily as Purchasing Agent. As a practical matter, David B. Shaw is the most dangerous man that any Mayor of Boston for a long time has had or could have to represent him. He has referred to us—to you, Mr. President, and the other members of the Council—as a lot of nitwits, and he said, if it came to allowing the Mayor of Boston to deal with us or give us vital information, as a Board of Directors, he had rather resign his position in the City of Boston. He holds you, sir, and the other members of this body very cheaply, and we are now called upon to show to the people of Boston whether Mr. Shaw is right, whether you, sir, and the other members of the body are nitwits, and whether we are going to allow what has been proposed by the temporary purchasing agent of the city and is now in the hands of the new Purchasing Agent, Mr. Doherty, to go through, without having put into our hands vital information. That, sir, is the proposition that now confronts you and the other members of this body. It is merely a question of delaying action upon this matter for one week—a question of whether this man Shaw, who has walked into the Election Department, the Assessing Department of the city and other departments, is going to compel us to bow our heads or bend the knee to David B. Shaw or he will know the reason why. Has it got to a point where we, duly elected members of the City Council and directors of the City of Boston, in order to get valuable information that will enable us to act intelligently and information to which we are entitled, must bow our heads and bend the knee to him? Neither he nor any other person connected with any department in the City of Boston should be allowed to walk in here and take possession of this chamber. We were elected here, sir, as a board of directors of the city, having in that capacity just as much standing as the Mayor has in his office as the elected executive of the City of Boston. We, to consider ourselves bigger than Shaw! Think of that! Bigger than David B. Shaw! Why, we little fellows are not going to be furnished information that could be given us in five minutes time! I say it is about time that we asserted ourselves as a coordinate governing branch of this city government. Certainly one week's delay will not interfere with the final outcome in this matter, because the new Purchasing Agent, Mr. Doherty, has already said that he himself cannot obtain the necessary information that would enable him to act intelligently in less than one month. You are now going to cast a vote that means, if you are to give up the exercise of your legitimate prerogatives, that this Council for the next two years cannot expect any consideration when it desires information upon matters upon which it is expected to act on behalf of the citizens of Boston, that you must simply take orders. I said awhile ago that I would vote for this. But there is another week coming in which we can vote for it if we see fit; and I am going to say now that unless the Mayor in that week submits to the twenty-two elected officials in this body the information in his hands and in the hands of the eight men of his committee, four or whom are not even employed by the City of Boston, although men for whom I

have a high regard, information which it is vital for us to have in acting intelligently upon this matter, information obtained from the leading truck concerns in and about Boston, and information which their engineers and salesmen have, which the Mayor of Boston also has and has told you that he could not give to you because unfortunately it was just five o'clock and the man who is Purchasing Agent of this city had conveniently left the Hall,—it will certainly affect my final vote upon this matter. I say that this is one of the most vital votes that this Council has passed during my experience here—a vote deciding whether you will abandon your sworn duties as elected officials, turning whatever prerogatives you have over to other hands, or whether you will vote for a week's delay so that these men will have an opportunity to let us know what it is all about.

Coun. SHATTUCK—Mr. President, I desire to ask for information,—whether it is proposed to meet on Monday next?

President FITZGERALD—Yes.

Coun. SHATTUCK—Mr. President, following out what the last speaker said, I want to recall to your mind the fact that at the last meeting of the Council the following order was passed:

Ordered, That the Superintendent of Supplies be requested, through his Honor the Mayor, to consider the bids for snow-removal equipment, and the objections which have been raised thereon to the form of the specification, and the probable sum which will be needed as indicated by the bids, and to report thereon to the City Council.

I believe we have not had one word of information in response to that order. We have not had one word to indicate whether the \$675,000 is necessary, or whether perhaps a considerably smaller sum might be sufficient, based on the bids which have been received and which are now in the hands of the Purchasing Agent. I believe, sir, therefore, that we should have that information. I believe, as directors of the city and as persons who are responsible for the amount of borrowing done by the city and the appropriations that are made, we are entitled to know what amount it is necessary to appropriate. That information has not been given to us.

Coun. Wilson's motion to postpone action for one week was carried.

INFORMATION IN RE SNOW-REMOVAL EQUIPMENT BIDS.

Coun. WILSON offered the following:

Ordered, That the Purchasing Agent, through his Honor the Mayor, be requested to furnish to the City Council not later than December 2 the information requested by the Executive Committee of the City Council on November 15, 1935.

Further Ordered, That the Mayor be requested to furnish, not later than December 2, the information requested by Councilor Shattuck's order of November 15, 1935, passed by the Council.

Passed under suspension of the rule.

Adjourned at 5.35 p. m., on motion of Coun. SELVITELLA, to meet on Monday, December 2, 1935, at 2 p. m.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

LABORATORY TECHNICIAN, NORTH READING STATE SANATORIUM, DEPARTMENT OF PUBLIC HEALTH, DECEMBER 28,

Last date for filing applications, Saturday, December 14, 1935, at 12 noon.

(Requisition is for a male, but the examination is open to both males and females.)

The minimum salary, with maintenance, is \$840 a year, the maximum salary, with maintenance, is \$1,140 a year. The minimum salary, without maintenance, is \$1,200 a year; the maximum salary, without maintenance, is \$1,500 a year.

At the present time, there is also a vacancy at the Westfield State Sanatorium.

Duties: To do blood counts, and all laboratory analysis. To take and develop X-ray films. Under supervision to do other duties that may be required.

Subjects and Weights: Training and experience, 4; practical questions on laboratory work, 3; practical questions on X-ray work, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

POLICE DEPARTMENT ORDERS.

General Order No. 113.

Patrolmen Charles E. White and Henry T. Doherty, both attached to Division 11, while cruising on the early morning of November 21, 1935, observed an automobile being operated in a section which is generally deserted at night time. The officers stopped the operator and investigation disclosed that the car had been stolen in Haverhill about an hour previous, and before the car had been reported stolen by the Haverhill authorities. Further investigation developed that this person was wanted by the Haverhill police for larceny of an automobile and breaking and entering.

The commissioner is pleased to recognize and commend the efficiency, alertness and attention to duty shown by these officers, which resulted in the apprehension of a person wanted by the police of another city.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 114.

Capt. Harry N. Dickinson of Division 11, having arrived at the age of sixty and one-twelfth years, having performed faithful service in the Police Department for twenty-eight and four-twelfths years, and having made application to be retired from active service, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Capt. Harry N. Dickinson be retired from active service and that his name be placed upon the Department Pension Roll with pay at the rate of two thousand (2,000) dollars per annum (payable monthly), said sum being one-half of the amount of compensation received by him in the office from which he is retired; to take effect at 7.45 o'clock, a. m., Saturday, November 30, 1935.

Captain Dickinson was appointed a reserveman in this department, July 22, 1907, and advanced to the grade of patrolman, September 17, 1908.

His subsequent promotions were as follows: Sergeant, December 2, 1915; lieutenant, November 26, 1926; captain November 14, 1930.

Throughout his career as a police officer, Captain Dickinson has performed his duties in an honest and conscientious manner, thereby bringing credit to himself and his brother officers.

By his gentlemanly and tactful manner in dealing with all, he has lightened the burdens of others.

The captain may be proud of the good name for honor and integrity he is leaving with us, after his life's work. No act of his has brought discredit to himself or the Police Department.

Now, that the captain desires to lay aside the cares and duties of his office, the commissioner, in behalf of the Police Department for the City of Boston, extends to him a wish for good health and happiness for many years to come.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 115.

A trial board consisting of Captains Fallon, Flaherty and Mulrey, having heard by reference a complaint made by Thomas S. J. Kavanagh, captain, Division 9, against William F. McCarthy,

patrolman, Division 9, for alleged violation of the rules and regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer.

Specification: In that on the fifteenth day of October, 1935, at about 1.45 a. m., Patrolman William F. McCarthy, while on duty and assigned to the signal desk, was under the influence of intoxicating liquor to such an extent that he was unable to properly perform the duties of a police officer,—

has submitted the following finding and recommendation:

The Board, having heard and carefully considered all the evidence, accepts the plea of guilty and respectfully recommends that the said Patrolman William F. McCarthy be suspended from duty for a period of forty-five days, effective as of October 15, 1935, at 7.45 o'clock a. m., and that at the expiration of the said period of suspension he be ordered to perform 70 hours of punishment duty.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman William F. McCarthy be suspended from duty for a period of forty-five days, effective as of October 15, 1935, at 7.45 o'clock a. m., and that at the expiration of the said period of suspension the said Patrolman William F. McCarthy perform 70 hours of punishment duty.

Civil Service Rule 23, section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

Section 3. With the consent of the Commissioner upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided however, that the Commissioner shall not allow reinstatement of a person discharged for cause.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 116.

Lieut. Edward J. Keating of B. C. I. is commended and granted two days' additional vacation, and Patrolmen John M. Kelly and William J. Crehan, both of Division 4, are each granted three days' additional vacation for efficient police duty performed on October 1, 1935, in connection with the arrest of two persons operating a stolen car, who were wanted for two armed hold-ups committed in Roxbury and Mattapan and who were also wanted by the Quincy and Salem police.

The commissioner is pleased to recognize and commend Lieutenant Keating for his interest and devotion to duty in participating in these important arrests while on a day of relief; also Patrolmen John M. Kelly and William J. Crehan for their keen observation and attention to duty in accomplishing these important arrests.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 117.

The commissioner desires to express his deep appreciation for the outstanding demonstration of modern police efficiency shown this morning by officers of the

Boston Police Department when an emergency call from State Prison was received reporting a jail break by dangerous criminals. Five desperate convicts broke loose from the prison at 9.30 o'clock this morning. At 11 o'clock all of the prisoners were captured. The superintendent, three deputy superintendents, two captains, four lieutenants, nine sergeants, and 144 patrolmen arrived at the prison within approximately seven minutes of the time of the outbreak. Thirty-six radio patrol cars, some of which were equipped with the modern two-way radio system, and containing riot guns, arrived at the same time, thereby enabling radio telephone communication to be established immediately with police departments of surrounding cities and towns.

Tear-gas grenades, an important part of the department emergency equipment, were used effectively in forcing, without the use of guns, the surrender of two of these desperate characters.

The commissioner takes great pleasure in commending every officer who participated in this splendid demonstration of efficient police work.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 118.

Patrolmen Abraham Morse, Philip P. Whaland and Patrick J. Mulvey, all of Division 7, are commended, and Patrolman Morse is granted three days' additional vacation for meritorious police duty performed in connection with the arrest on November 11, 1935, of a person wanted for the commission of a series of armed holdups.

The commissioner is pleased to recognize and commend the diligence and perseverance shown by Patrolman Morse in continuing his efforts to apprehend the person wanted, after his tour of duty had expired, and which resulted in the capture of this dangerous criminal.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 119.

A trial board consisting of Captains Fallon, Flaherty and Mulvey, having

heard by reference a complaint made by Harry N. Dickinson, captain, Division 11, against Richard J. Butler, patrolman, Division 11, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer.

Specification: In that on the twenty-second day of November, 1935, the said Patrolman Richard J. Butler, while on duty and in uniform, was under the influence of intoxicating liquor to such an extent that he was unfit to perform the duties of a police officer,—

has submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, accepts the plea of guilty and respectfully recommends that the said Patrolman Richard J. Butler be suspended from duty for a period of fifteen days, effective as of November 22, 1935, at 7.45 o'clock a. m., and that at the expiration of the said period of suspension the said Patrolman Richard J. Butler be ordered to perform 210 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Richard J. Butler be suspended from duty for a period of fifteen days, effective as of November 22, 1935, at 7.45 o'clock a. m., and that at the expiration of the said period of suspension the said Patrolman Richard J. Butler perform 210 hours of punishment duty.

Civil Service Rule 23, section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

"Section 3. With the consent of the Commissioner upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause."

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 120.

A trial board consisting of Captains Fallon, Flaherty and Mulvey, having

heard by reference a complaint made by Harry N. Dickinson, captain, Division 11, against Timothy Cahill, patrolman, Division 11, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer.

Specification: In that on the twenty-first day of November, 1935, the said Patrolman Timothy Cahill, while on duty and in uniform, was under the influence of intoxicating liquor to such an extent that he was unfit to perform the duties of a police officer,—

has submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, accepts the plea of guilty and respectfully recommends that the said Patrolman Timothy Cahill be suspended from duty for a period of fifteen days, effective as of November 22, 1935, at 7.45 o'clock a. m., and that at the expiration of the said period of suspension the said Patrolman Timothy Cahill be ordered to perform 210 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Timothy Cahill be suspended from duty for a period of fifteen days, effective as of November 22, 1935, at 7.45 o'clock a. m., and that at the expiration of the said period of suspension the said Patrolman Timothy Cahill perform 210 hours of punishment duty.

Civil Service Rule 23, section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

"Section 3. With the consent of the Commissioner upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause."

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

TECHNICIAN, BOSTON CITY HOSPITAL,
DECEMBER 21, 1935.

Last date for filing applications, Saturday, December 7, 1935, at 12 noon.

Requisition is for a female, but the examination is open to both males and females.

Salary: \$18 per week.

Duties: The duties include blood counting, including reticulocyte counting; hematology; microscopic examination of stained and unstained blood preparations; the microscopic examination of the blood, including sedimentation rate, icterus index, and the determination and calculation of the corpuscular volume and hemoglobin indices; determination of the osmotic resistance of red cells in hypotonic salt solution; and the counting of reticulocytes in the sediment.

The Boston City Hospital Department requests that applicants be college graduates with a Bachelor of Science degree; to have had two years of chemistry; three years of biology, including physiology and comparative anatomy; that candidates have at least two years' experience in the training of technicians and that they be able to read scientific French.

Credit will be given in the examination for these qualifications.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Civil Service Rule 9, Section 4: Any person possessing the required qualifications who has taken an examination may make new application for the same service at any time, and his status shall be determined by the result of the last examination taken. If any person fails to fulfill all the requirements, his examination shall be treated as a failure.

TRAFFIC RULES AND REGULATIONS.

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION,
BOSTON, MASS., November 6, 1935.

The following traffic rules and regulations are adopted under the authority granted by chapter 263 of the Acts of the Massachusetts Legislature of 1929. These rules and regulations shall not affect any act done, any right accrued, any penalty incurred, any suit, prosecution or proceeding pending under the provisions of previous rules.

These rules and regulations shall be effective on and after December 16, 1935, and all previous rules and regulations of this Commission, other than temporary rules and regulations, are repealed as of said date, subject, however, to the foregoing limitations.

ARTICLE I.

Section 1. Definitions.

Whenever in these rules and regulations the following words or phrases are used, they shall have the meanings respectively ascribed to them in this section.

(a) **Street or Highway.** The entire width between property lines of every way used for vehicular and pedestrian travel which has become public by authority of law.

(b) **Roadway.** That portion of a street or highway between regularly established curb lines or that part devoted to vehicular traffic.

(c) **Lane.** A longitudinal division of a roadway into a strip of sufficient width to accommodate the passage of a single line of vehicles.

(d) **Vehicle.** Every device in, upon or by which any person or property is or may be transported or drawn upon a street or highway, except devices used exclusively upon stationary rails or tracks.

(e) **Authorized Emergency Vehicles.** Boston Traffic Commission, Park, Police, Fire, Protective Department and United States mail vehicles, repair and emergency vehicles of municipal, state and public service corporations and ambulances.

All vehicles owned, used or controlled by the Mayor of Boston.

All vehicles used by the Corporation Counsel and employees of the Law Department of the City of Boston in connection with work of said department, and properly identified by a plate or other form of marking satisfactory to the Boston Traffic Commission.

All vehicles used by the City Treasurer and employees of the Treasury Department of the City of Boston in connection with delivery of payrolls and collection of money, and properly identified by a plate or other form of marking satisfactory to the Boston Traffic Commission.

(f) **Parking.** The stopping or standing of a vehicle, on a roadway, whether occupied or not, otherwise than temporarily for the purpose of and while actually engaged in loading or unloading, or in obedience to a police officer or traffic signs or signals, or while making emergency repairs or, if disabled, while arrangements are being made to move such vehicle.

(g) **Live Parking.** The stopping or standing of a vehicle, while the same is in direct charge of a driver, on a roadway otherwise than temporarily in obedience to traffic rules, regulations, signs or signals.

(h) **Pedestrian.** Any person afoot or riding on a conveyance moved by human power, except bicycles or tricycles.

(i) **Sidewalk.** That portion of a street or highway, other than a crosswalk, set aside for pedestrian travel.

(j) **Crosswalk.** That portion of a roadway ordinarily included within the prolongation or connection of curb lines and property lines at intersections, or at any portion of a roadway indicated for pedestrian crossing by lines on the road surface or by other markings or signs.

(k) **Traffic Island.** Any area or space set aside within a roadway, which is not intended for use by vehicular traffic and which conforms to the standards prescribed by the Department of Public Works, Commonwealth of Massachusetts.

(l) **Safety Zone.** Any area or space set aside within a roadway for the exclusive use of pedestrians and which has been indicated by signs, lines or markings, having the written approval of the Department of Public Works, Commonwealth of Massachusetts.

(m) **Traffic.** Vehicles, street cars or other conveyances, either single or together, while using any street or highway for the purpose of travel.

(n) **Official Traffic Signs.** All signs, markings and devices, other than signals, which conform to the standards prescribed by the Department of Public Works, Commonwealth of Massachusetts, and placed or erected by authority of the Boston Traffic Commission, for the purpose of guiding, directing, warning or regulating traffic.

(o) **Official Traffic Signals.** All signals, conforming to the standards prescribed by the Department of Public Works, Commonwealth of Massachusetts, and placed or erected by authority of the Boston Traffic Commission, for the purpose of directing or warning traffic.

(p) **Traffic Control Signal.** Any device using colored lights which conforms to the standards prescribed by the Department of Public Works, Commonwealth of Massachusetts, whether manually, electrically or mechanically operated, by which traffic may be alternately directed to stop and to proceed.

(q) **Official Curb Marking.** That portion of a curbing, the painting of which has been authorized by the Boston Traffic Commission and which has the written approval of the Department of Public Works, Commonwealth of Massachusetts.

(r) **Official Street Marking.** Any painted line, legend, marking or marker of any description painted or placed upon any way which purports to direct or regulate traffic and which has been authorized by the Boston Traffic Commission and which has the written approval of the Department of Public Works, Commonwealth of Massachusetts.

(s) **Bus Stop.** An area in the roadway reserved for the berthing and parking of buses.

(t) **Loading Zone.** That portion of a roadway adjacent to a curb reserved for the exclusive use of vehicles during the loading or unloading of passengers or materials, indicated by yellow paint applied to the adjacent curb, marking the limits of the reserved area, as authorized by the Boston Traffic Commission.

(u) **Downtown Boston.** The district bounded by the southwesterly line of Massachusetts avenue, the Roxbury Canal, South Bay, Fort Point Channel, Boston Harbor, Charles River and Charles River Basin.

(v) **Commercial Vehicle.** Any vehicle being lawfully used in the transportation of goods, wares or merchandise for commercial purposes.

(w) **Passenger Vehicle.** Any vehicle designed and being used for the transportation of persons.

(x) **Parkway.** Any avenue, roadway, street or way under the care, custody or control of the City of Boston Board of Park Commissioners, used for vehicular and/or pedestrian travel.

ARTICLE II.

OBEDIENCE TO POLICE.

Section 2. Driver's Obedience to Police Officers.

Drivers of vehicles shall comply with any lawful order, signal or direction of a police officer.

ARTICLE III.

TRAFFIC SIGNS, SIGNALS, MARKINGS AND ZONES.

Section 3. Display of Unauthorized Signs, Signals and Markings Prohibited.

No person shall place, maintain or display, upon or in view of any street, any unofficial sign, signal, marking or device which

purports to be or is an imitation of or resembles an official traffic sign, signal, marking or device or which attempts to direct the movement of traffic or which hides from view any official sign or signal.

Section 4. Interference with Signs, Signals, Markings and Devices Prohibited.

No person shall wilfully deface, injure, move, obstruct or interfere with, any official traffic sign, signal, marking or device.

Section 5. Obedience to Traffic Signs and Signals.

No driver of any vehicle or of any street car shall disobey the instructions of any official traffic control signal, sign, marking, marker or legend, unless otherwise directed by a police officer.

Section 6. Traffic Signs.

(1) Sections 8, 9, 13, 14, 16, 17, 18, 20, 21 and 22 relating to parking and section 35 concerning turning, shall be effective only during such time as official signs are erected and maintained in each block designating the provisions of such sections.

(2) Section 24 relating to one-way streets shall be effective only during such time as official signs are erected and maintained on such streets.

ARTICLE IV.

STOPPING, STANDING AND PARKING.

Section 7. General Prohibitions.

No driver shall stop, stand or park a vehicle in any of the following places, except when necessary to avoid conflict with other traffic, or with pedestrians, or in compliance with the direction of a police officer or traffic sign or signal:

- (1) Within an intersection.
- (2) Upon any sidewalk.
- (3) Upon any crosswalk.
- (4) Upon any street or highway within twenty (20) feet of an intersecting way, except alleys.
- (5) The space in front of, or within fifteen (15) feet of either wall of a fire station, on both sides of the street.
- (6) Upon a street or highway within ten (10) feet of a fire hydrant.
- (7) In front of a private driveway.
- (8) On a bridge or viaduct.
- (9) Upon the roadway where parking is permitted unless both wheels on the side of the vehicle adjacent to the curb are within one (1) foot of the curb or edge of the roadway and headed in the direction of traffic except where angle parking is permitted or commercial vehicles are backed to the curb.
- (10) Upon any roadway where the parking of a vehicle will not leave a clear and unobstructed lane at least ten (10) feet wide for passing traffic.
- (11) On the roadway side of any vehicle stopped or parked at the edge or curb of a roadway.
- (12) Upon any roadway in such a manner as to obstruct the movement of any street car.
- (13) At any place where official traffic signs have been placed or erected prohibiting standing and parking.

Section 8. Parking Prohibited in Certain Places, Except for Loading and Unloading, Etc.

(1) No driver shall stop, stand or park any vehicle, except that passenger vehicles may stop for not more than five (5) minutes continuously for the receiving or discharging of passengers at any curb adjacent to the reservation side of a parkway, the entrances of a school, church, theatre, hotel, hospital, railroad station, railway station, public building or any place of public assemblage, provided that this regulation shall not apply to the service entrances to any such building.

(2) No driver shall stop, stand or park any passenger vehicle for more than five (5) minutes continuously, nor any commercial

vehicle for more than twenty (20) minutes continuously in the following streets or parts thereof, during the hours indicated:

Section 10. Night Parking.

Subject to the provisions of sections 7, 8, 16, 17 and 18 park-
ing between the hours of 6 p. m. and 1 a. m. is allowed in all
streets or highways without time limit.

Section 11. Parking Time Limited.

Except as otherwise provided, no driver shall park any
vehicle between the hours of 7 a. m. and 6 p. m. of any day,
except Sundays and public holidays, on any street or highway
for a period of time longer than one (1) hour.

Section 12. All-Night Parking Prohibited.

No driver shall park any vehicle on a street or highway for a
period of time longer than one (1) hour between the hours of
1 a. m. and 7 a. m. of any day.

Section 13. Unrestricted Parking in Specified Places.

(1) Subject to sections 7, 8 and 16, and between the hours
of 10 a. m. and 1 a. m., vehicles may be parked without time limit
in the following places and in the manner specified, provided
that between the hours of 1 a. m. and 10 a. m. no driver shall
stand a vehicle in any such place except that passenger vehicles
may be placed for not more than five (5) minutes continuously
for the receiving or discharging of passengers and commercial
vehicles may be placed for not more than twenty (20) minutes
continuously for the loading or unloading of materials:

Charles street:

Both sides, from Boylston street to Beacon street; vehicles
shall be placed with both right wheels to the curb or
edge of the roadway.

State street:

In the centre, from the subway structure in a westerly
direction, within the lines indicated.

(2) Subject to sections 7 and 8, and between the hours of
7 a. m. and 1 a. m., vehicles may be parked without time limit
in the following place and in the manner specified:

Northern avenue, South Boston

Northeast side, from Sleeper street to a point fifteen
hundred (1,500) feet southeast of Sleeper street;
vehicles shall be placed at an angle of forty-five (45)
degrees to the curb or edge of the roadway, with right
rear wheel to the curb or edge of the roadway.

Section 14. Live Parking.

Subject to sections 7 and 8 and between the hours of 7 a. m.
and 6 p. m. of any day, except Sundays and public holidays, no
vehicle shall be parked in the following street unless the same
is in direct charge of a driver:

Tremont street:

West side, from a point two hundred (200) feet north of
Boylston street to Park street.

Section 15. Commercial Vehicles May Back to Curb or Edge of Roadway.

Subject to the provisions of sections 7, 8, 16, 17 and 19,
commercial vehicles may be parked with both rear wheels to
the curb or edge of the roadway while loading or unloading
materials, provided such parking leaves a clear and unobstructed
lane at least ten (10) feet wide for the passage of traffic.

Section 16. Bus Stops.

No driver shall stop, stand or park a vehicle, other than a
bus operated by the Public Service Corporation to which the
bus stop permit has been issued in front of a Boston Elevated
Railway or Eastern Massachusetts Street Railway Company

Bus Stop, when such stop is designated by yellow paint applied to adjacent curb or street and by signs bearing the legend "No Stopping, Bus Stop, Boston Traffic Commission."

Section 17. Safety Zones.

No driver shall stop, stand or park a vehicle between an established safety zone and the adjacent curb, or within twenty (20) feet of a point on the curb immediately opposite the end of a safety zone.

Section 18. Loading Zones.

No driver shall stop, stand or park any vehicle in any loading zone or in front of any loading platform, except that passenger vehicles may stand for not more than five (5) minutes continuously for the receiving or discharging of passengers, and commercial vehicles may stand for not more than twenty (20) minutes continuously for the loading or unloading of materials.

Section 19. Restricted Use of Certain Streets.

Between the hours of 9 a. m. and 5.30 p. m. in the following streets or parts of streets there shall be no delivery or collection of coal, fuel, oil, ice, barrels, kegs, empty cases or boxes; nor the collection of garbage, refuse or waste materials; nor any collection or delivery of goods or materials of any kind which requires a vehicle being backed to the curb, except in an emergency, and then only as authorized by the Boston Traffic Commission, covering one day's delivery or collection:

(2) **On Northern avenue.** Vehicles other than motor vehicles crossing the bridge shall use the southerly span going east and the northerly span going west, keeping to the right thereof.

ARTICLE VI.

OPERATION OF VEHICLES.

Section 25. Drive Within Marked Lanes.

When any roadway has been divided into lanes, a driver of a vehicle shall drive so as to be entirely within a single lane and shall not move from the lane in which he is driving until he has first ascertained if such movement can be made with safety.

Section 26. Drive on Right Side of Street.

Except on one-way streets, or where signs have been erected to the contrary, or when overtaking and passing another vehicle, the driver of a vehicle shall drive the same on the right half of the roadway and shall drive a slow moving vehicle as closely as possible to the right hand edge or curb of the roadway unless it is impracticable to travel on such side of street.

Section 27. Keep to the Right of Roadway Division.

On a roadway divided by a parkway, grass plot, reserved space for street railway cars, viaduct, walk, sunken way, safety zone, subway or other structure, vehicles shall keep to the right of such division.

Section 28. Overtaking Other Vehicles.

The driver of a vehicle shall not overtake and pass any other vehicle proceeding in the same direction at any intersection of streets, except that this provision shall not apply at intersections where traffic is controlled by official traffic control signals, or by police officers.

Section 29. Overtake Only When There is a Space Ahead.

The driver of a vehicle shall not overtake and pass a vehicle proceeding in the same direction unless there is sufficient clear space ahead on the right side of the roadway, except that on a one-way street drivers shall not be restricted to the use of the right half of the roadway, but may have access to the entire width thereof, to permit the overtaking to be completed without impeding the safe operation of any vehicle ahead, or without causing the driver of any vehicle to change his speed or alter his course except as provided in the following section.

Section 30. Driver to Give Way to Overtaking Vehicle.

The driver of a vehicle when about to be overtaken and passed by another vehicle approaching from the rear shall give way to the right when practicable in favor of the overtaking vehicle and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle.

Section 31. Obstructing Traffic.

(1) No person shall drive in such a manner as to obstruct unnecessarily the normal movement of traffic on any street or highway.

(2) No driver shall enter an intersection or a marked crosswalk unless there is sufficient space beyond the intersection or crosswalk and on the right half of the roadway to accommodate the vehicle he is operating without obstructing the passage of other vehicles or pedestrians notwithstanding any traffic control signal indication to proceed, except that on a one-way street drivers shall not be restricted to the use of the right half of the roadway, but may have access to the entire width thereof, beyond the intersection or crosswalk, if such is available.

Section 32. Care in Starting, Stopping, Turning or Backing.

The driver of any vehicle before starting, stopping, turning from a direct line or backing shall first see that such movement can be made with safety. If such movement cannot be made in safety or if it interferes unduly with the normal movement of other traffic, said driver shall wait for a more favorable opportunity to make such movement.

Section 33. Mid-Block Turns Regulated.

No driver shall turn a vehicle so as to proceed in the opposite direction unless such turn can be made without backing, and without causing any approaching driver to slacken speed or change his course.

Section 34. Backing Around Corners or into Intersections Prohibited.

No driver of any vehicle shall back such vehicle around a corner at an intersection, or into an intersection of streets.

Section 35. Left Turns Prohibited.

The driver of a vehicle shall not make the following left turns:

Arlington street:

Into Beacon street, westerly.

Beacon street:

Into Deerfield street, northerly.

Boylston street:

Into Park square, southerly.

Broadway:

Into Dorchester avenue, southerly.

Brookline avenue:

Into Beacon street, westerly.

Into Commonwealth avenue, westerly.

Into Deerfield street, northerly.

Centre street, West Roxbury:

Into Veterans of Foreign Wars parkway, westerly.

Commonwealth avenue:

Into Deerfield street, northerly.

Into Essex street, southerly.

Congress street:

Into State street, westerly.

Into Adams square, westerly.

Cross street:

Into Hanover street, southwesterly.

Deerfield street:

Into Commonwealth avenue, easterly.

Devonshire street:

Into State street, easterly.

Embankment road:

Into Beacon street, northeasterly.

Fenwood road, Roxbury:

Into Brookline avenue, southwesterly.

Hanover street:

Into Scollay square, southerly.

Massachusetts avenue:

Into Beacon street, easterly.

Maverick square, East Boston:

Into Maverick street, westerly.

Meridian street, East Boston:

Into Maverick street, easterly.

Morton street, West Roxbury:

Into American Legion highway, southwesterly.

Into Canterbury street, easterly.

Tremont street:

Into Park street, northwesterly.

Washington street:

Into Stuart street, westerly.

Section 36. Right Turns Regulated.

(1) The driver of a vehicle shall not enter Embankment road at the intersection of Cambridge street, Charles street and Embankment road, except from Longfellow Bridge.

(2) The driver of a vehicle proceeding in a southerly direction on Deerfield street, upon reaching its intersection with Commonwealth avenue, shall make a right turn only, into Commonwealth avenue westerly.

(3) The driver of a vehicle proceeding in a northerly direction on Congress street shall make a right turn only, from Congress street into Dock square.

Section 37. Obedience to Traffic Control Signals.

Colors and arrow indications in traffic control signals shall have the commands ascribed to them in this section, and no other meanings, and every driver of a vehicle, subway car or other conveyance shall comply therewith, except when otherwise directed by a police officer or by a lawful traffic regulating sign, signal or device.

In no case shall a driver enter or proceed through an intersection without due regard to the safety of other persons within the intersection regardless of what indications may be given by traffic control signals.

(1) GREEN. When the green light is illuminated, drivers facing the signal may proceed through the intersection, but shall yield the right of way to pedestrians and vehicles lawfully within a crosswalk in the intersection at the time such

signal was exhibited. Drivers of vehicles making a right or left turn shall yield the right of way to pedestrians crossing with the flow of traffic.

(2) **RIGHT, LEFT AND VERTICAL GREEN ARROWS.** When a right green arrow is illuminated, drivers facing said signal may turn right. When a left green arrow is illuminated, drivers facing said signal may turn left. When a vertical green arrow is illuminated, drivers facing said signal may go straight ahead. When a green arrow is exhibited together with a red or a yellow lens, drivers may enter the intersection to make the movement permitted by the arrow, but shall yield the right of way to vehicles and pedestrians proceeding from another direction on a green indication.

(3) **YELLOW.** While the yellow lens is illuminated, waiting drivers shall not proceed and any driver approaching the intersection or a marked stop line, shall stop at such point unless so close to the intersection that a stop cannot be made in safety, provided, however, that if a green arrow is illuminated at the same time, drivers may enter the intersection to make the movement permitted by such arrow.

(4) **RED.** While the red lens is illuminated, drivers facing the signal shall stop outside of the intersection, or at such point as may be clearly marked by a sign or line, provided, however, that if a green arrow is illuminated at the same time, drivers may enter the intersection to make the movement permitted by such arrow.

(5) **RED AND YELLOW.** While the red and yellow lenses are illuminated together, drivers shall not enter the intersection and during such time the intersection shall be reserved for the exclusive use of pedestrians.

(6) **FLASHING RED.** A flashing red lens shall indicate those intersections at which a driver is required by law to stop before entering.

(7) **FLASHING YELLOW.** A flashing yellow lens shall indicate the presence of a hazard and drivers may proceed only with caution.

(8) **FLASHING GREEN.** A flashing green lens shall indicate an intersection or pedestrian crosswalk in use or subject to use by entering or crossing traffic. Drivers may proceed only with caution and shall be prepared to comply with a change in the signal to a red and/or yellow indication.

Section 38. Obedience to Through Way Stop Signs.

Every driver of a vehicle, railway car or other conveyance approaching an intersection of a way with a lawful through way where there exists facing him an official sign bearing the words "THROUGH TRAFFIC STOP," said sign having apart from these rules and regulations, the written approval of the Department of Public Works, Commonwealth of Massachusetts, and such approval being in effect, shall, before proceeding through the intersection, bring such vehicle, railway car or other conveyance to a complete stop at such point as may be marked by a sign or line, or if a point is not so marked, then at a place between the said stop sign and the nearer line of the street intersection. In the case of a line of two or more vehicles approaching such "STOP" sign the drivers of the second and third vehicles in line in any group shall not be required to stop more than once before proceeding through the intersection. This section shall not apply when the traffic is otherwise directed by an officer or by a lawful traffic regulating sign, signal or device.

Section 39. Through Ways.

The following street is hereby declared to constitute a through way:

Blue Hill avenue:

From Dudley street to Boston-Milton line.

Section 40. Obedience to Isolated Stop Signs.

Every driver of a vehicle, railway car or other conveyance approaching an intersection of ways where there exists facing him an official sign bearing the word "STOP" and authorized by

this section, said sign having apart from these rules and regulations, the written approval of the Department of Public Works, Commonwealth of Massachusetts, and such approval being in effect, shall, before proceeding through the intersection, bring such vehicle, railway car or other conveyance to a complete stop at such point as may be marked by a sign or line, or if a point is not so marked, then at a place between the said "STOP" sign and the nearer line of the street intersection. In the case of a line of two or more vehicles approaching such "STOP" sign, the drivers of the second and third vehicles in line in any group shall not be required to stop more than once before proceeding through the intersection. This section shall not apply when the traffic is otherwise directed by an officer or by a lawful traffic regulating sign, signal or device.

Section 41. Isolated Stop Streets.

The following streets are hereby declared to constitute isolated "STOP" streets:

Arborway, east drive, West Roxbury:

At Centre street.

Glen road, West Roxbury:

At Forest Hills street.

Townsend street, Roxbury:

At Harold street.

Section 42. Driving on Sidewalks Prohibited.

The driver of a vehicle shall not drive upon any sidewalk except at a permanent or temporary driveway.

Section 43. Passing Street Cars.

The driver of a vehicle shall not overtake and pass upon the left of any street car proceeding in the same direction, whether actually in motion or temporarily at rest. This provision shall not apply to one-way streets, nor to streets where the roadway to the right of the street car is obstructed other than by vehicles temporarily halted in traffic.

Section 44. Driving on Street Car Tracks.

No driver of any vehicle proceeding on any street car tracks in front of a street car on a street shall fail to remove such vehicle from the tracks as soon as practicable after signal from the driver of said street car.

Section 45. Driving Through Safety Zones Prohibited.

No driver of a vehicle shall drive the same over or through a safety zone, except on signal from a police officer.

ARTICLE VII.

EXCLUSION OF VEHICLES.

Section 46. Advertising Vehicles Regulated.

No person shall drive or park any vehicle designed or used primarily for the purposes of advertising on any street in Downtown Boston.

Section 47. Operation of Commercial Vehicles Restricted.

No commercial vehicle shall be operated on the following streets or parts of streets, provided that the restriction shall not apply to authorized emergency vehicles, to vehicles using streets for the making of deliveries or collections or for the purpose of reaching a regular storage place located on said streets or parts of streets, to street repair vehicles of the City of Boston, nor to any commercial vehicle equipped with pneumatic tires, with a load capacity not over two and one-half (2½) tons, and without a trailer:

Auckland street, Dorchester:

From Belfort street to Bay street.

Bay State road:

From Beacon street to University road.

Beacon street:

From Raleigh street to Charles street.

Becket street, Dorchester:

From Dorchester avenue to Gallivan boulevard.

From Arlington street to Massachusetts avenue.

Montebello road, West Roxbury:

From Washington street to Brookside avenue.

Monument square, east side, Charlestown:

From Tremont street to Winthrop street.

Newbury street:

From Arlington street to Hereford street.

Pleasant street, Dorchester:

From East Cottage street to Stoughton street.

St. Stephen street, Roxbury:

From Massachusetts avenue to Forsyth street.

South street, Brighton:

From Chestnut Hill avenue to Commonwealth avenue.

South street, West Roxbury:

From Robert street to Centre street.

From Washington street to Bussey street.

West Cedar street:

From Chestnut street to Phillips street.

Winthrop street, Charlestown:

From Monument square to Warren street.

Section 48. Market District Regulations.

(1) On Saturdays and the day immediately preceding a public holiday, vehicles are excluded from the following street, between the hours of 2 p. m. and 11 p. m.

Blackstone street:

From North street to Haymarket square.

(2) On Saturdays and the day immediately preceding a public holiday, parking of vehicles is prohibited in the following streets or parts of streets during the hours indicated:

Faneuil Hall square:

North side, southerly arm, 5 p. m. to 12 p. m.

South side, northerly arm, 5 p. m. to 12 p. m.

North street:

South side, from Cross street to Dock square, 2 p. m. to 12 p. m.

North Market street:

South side, from Commercial street to Merchants row, 5 p. m. to 12 p. m.

Section 49. Exclusion of Vehicles from Parkways.

(1) Commercial vehicles and passenger vehicles with a seating capacity for more than eight (8) passengers are excluded from all parkways except the following roads or parts of roads, unless commercial vehicles are to deliver or receive merchandise on a parkway, when they must be driven by the shortest route from and to the nearest public way:

Columbia road, Dorchester and South Boston:

From Blue Hill avenue around Kosciuszko circle to the cross road entering Old Colony avenue at Hyde street.

Glen lane, Franklin Park:

From Glen road to Blue Hill avenue.

Morton lane underpass, Franklin Park:

From Forest Hills street to Morton street.

Commercial vehicles and passenger vehicles with a seating capacity for more than eight (8) passengers may cross all parkways at intersecting public streets except in the Back Bay Fens.

(2) All motor vehicles are excluded from the Arnold Arboretum.

(3) All motor vehicles are excluded from Franklin Park except from the following roads or parts of roads:

Forest Hills Entrance road:

From Forest Hills street to its intersection with Circuit drive.

Circuit drive, westerly and northerly arms:

From its intersection with Forest Hills Entrance road to its intersection with Columbia Entrance road.

Columbia Entrance road:

From its intersection with Circuit drive to Blue Hill avenue.

Glen lane:

From Glen road to Blue Hill avenue.

Morton lane underpass:

From Forest Hills street to Morton street.

(4) No person shall drive or park any vehicle designed or used primarily for the purpose of advertising in any parkway.

ARTICLE VIII.**SUMNER VEHICULAR TUNNEL.****Section 50. Traffic Regulations Relating to the Use of the Sumner Vehicular Tunnel.****PART I.—OPERATION OF VEHICLES.**

(1) Anything herein contained to the contrary notwithstanding, traffic must at all times comply with any lawful order, signal or direction, by voice or hand, of any member of the Toll Guard or Police Officer. When traffic is controlled by signs or mechanical or electrical signals, such signs and signals shall be obeyed unless a Toll Guard or Police Officer directs otherwise.

(2) Whistle signals used by the Toll Guards or Police Officers shall have the following meaning:

ONE BLAST. All moving traffic shall stop.

TWO BLASTS. Traffic shall move.

THREE OR MORE BLASTS. Emergency signal. All moving traffic shall stop immediately.

(3) Signal lights used in the tunnel shall have the following meaning:

GREEN LIGHT. All vehicles shall proceed.

RED LIGHT. All vehicles shall stop.

YELLOW LIGHT. All vehicles shall proceed only as directed by Toll Guard or Police Officer.

"STOP ENGINE" LIGHT. All motors shall be stopped at once and not started until the green light is displayed.

(4) Drivers of vehicles shall at all times keep the same to the right of the center line, unless otherwise directed by the Toll Guard or Police Officer.

(5) The driver of a vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard to the speed of such vehicle, and the traffic upon the way. In tunnel, an interval not less than fifty (50) feet shall be maintained between vehicles.

(6) The driver of a vehicle shall not stop, stand or park the same in the tunnel except:

(a) When necessary to avoid injury or damage to persons or property.

(b) In compliance with the direction of a traffic signal.

(c) In compliance with the direction of a Toll Guard or Police Officer.

(7) Tire changes and repairs shall not be made in the tunnel.

(8) Before entering the tunnel all headlights shall be extinguished.

(9) No driver of any vehicle shall use any cut-out or other apparatus or device which shall allow the exhaust gas to escape into the atmosphere without passing through a muffler or silencer.

PART II.—REGULATIONS TO APPLY TO TUNNEL ONLY.

The foregoing regulations of this section 50 shall apply only to the use of the Sumner Vehicular Tunnel and no other provisions of these rules and regulations, except the provisions of section 53, hereof, and except so far as herein otherwise provided, shall apply to the use of said tunnel.

ARTICLE IX.

EXPERIMENTAL REGULATIONS.

Section 51. Authority to Make Temporary Rules.

For purposes of trial, the Traffic Commission of the City of Boston may make temporary rules regulating traffic, or test under actual conditions, traffic signs, signals, markings or other

devices. No such emergency or experimental rule regulating traffic shall remain in effect for a period of time longer than sixty (60) days.

ARTICLE X.

LIABILITY AND PENALTIES.

Section 52. Owner of Vehicle Liable for Violations of Parking Rules and Regulations.

No person shall allow, permit or suffer any vehicle registered in his name to stand or park in any street, way, highway, road or parkway under the control of the city in violation of any of the rules and regulations of the Traffic Commission of the City of Boston.

Section 53. Penalties.

Whoever violates any of the provisions of the foregoing rules and regulations, or whoever violates any temporary or experimental rules and regulations made under authority of section 51, shall be punished by a fine not exceeding fifty (50) dollars for each offence, except as otherwise provided by statute.

Approved by the Department of Public Works, Commonwealth of Massachusetts, November 12, 1935.

TAX COLLECTIONS FOR MUNICIPALITIES IMPROVE.

The results of a nation-wide survey of tax collections covering reports from 106 cities throughout the United States, just completed by Frank H. Morse of Lehman Brothers, New York, show that there has been a definite improvement in tax collections in 1934 over 1933.

Questionnaires were sent to the finance offices of the principal cities in each section of the country and 106 replies were received from city officials throughout the country. Of the 106 cities which reported, 82, or 77.3 per cent, showed an improvement in 1934 collections over those of 1933, as against 24 cities, or 22.7 per cent, which reported a decrease in 1934 collections. (*From the American City Magazine.*)

RELIEF-ROLL EMPLOYEES FOR SNOW REMOVAL.

It was good news to cities throughout the country when the Federal Emergency Relief Administration notified State Emergency Relief Administrations that men on relief rolls might be used for snow-removal projects in all communities where there was need for such labor. This action gave work to thousands of men who were in urgent need of help, and at the same time it aided materially in keeping streets and sidewalks open for traffic in many communities where street cleaning departments were financially unable to cope with the storm.

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

BOSTON'S POPULATION ON APRIL 1, 1930, BY WARDS.

Ward 1, 61,454; Ward 2, 31,663; Ward 3, 66,219; Ward 4, 31,010; Ward 5, 30,771; Ward 6, 34,689; Ward 7, 32,482; Ward 8, 31,943; Ward 9, 30,362; Ward 10, 29,694; Ward 11, 30,034; Ward 12, 36,123; Ward 13, 29,019; Ward 14, 55,914; Ward 15, 27,729; Ward 16, 31,329; Ward 17, 30,099; Ward 18, 41,152; Ward 19, 27,423; Ward 20, 31,540; Ward 21, 29,752; Ward 22, 30,987.

Total population by U. S. Census, 781,188.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over \$200,000,000.

PROCEEDINGS OF SCHOOL COMMITTEE.

Nov. 12, 1935.

A deferred regular meeting of the School Committee was held in the Administration Building, 15 Beacon Street, at 8:45 o'clock P. M., the Chairman presiding.

Present: Dr. Lyons, Dr. Mackey, Messrs. Sullivan and Tobin.

AMENDMENT AND APPROVAL OF MINUTES

On motion, the minutes of previous meetings were amended as follows:

Oct. 7, 1935, on page 125, to provide that the appointment of J. Stanley Curran as temporary assistant, manual training, intermediate, Department of Manual Arts, to take effect Oct. 1, 1935, shall read, temporary shop instructor.

Oct. 28, 1935, to provide that the appointment of Dr. Charles Korb as school physician, Department of School Hygiene, shall read to take effect Nov. 12, 1935.

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed, as amended.

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of teachers, as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved.

DEATHS

The Superintendent reported the death of the following-named teachers who had been retired on pension:

Abraham Lincoln District—Etta D. Morse, Nov. 2, 1935.

John Marshall District—Ellen A. Brown, Sept. 27, 1935.

Roger Wolcott District—Florence Driscoll, Oct. 28, 1935.

Placed on file.

RESIGNATIONS

The following resignations, reported by the Superintendent to take effect on the dates stated, were presented:

Elihu Greenwood District—Margaret R. Callahan, assistant, elementary, Oct. 31, 1935.

Hancock District—Catherine F. Malone, assistant, elementary, Oct. 25, 1935.

Samuel Adams District—Rose Smith, assistant, special class, Oct. 4, 1935.

Warren District—Catherine C. Roche, assistant, elementary, Nov. 8, 1935.

Accepted.

APPOINTMENTS

The following appointments by the Superintendent, certified by the Superintendent as being in accordance with the rules and regulations, to take effect on the dates stated, were presented.

(FROM THE ELIGIBLE LIST)

(To fill vacancy caused by retirement on pension)

Department of Music—M. F. Martina McDonald, assistant in music, (from assistant, intermediate, Washington Irving Intermediate District), Oct. 16, 1935.

The rules were suspended by unanimous vote and the appointment approved.

Approved.

A communication was received from the Superintendent, under date of Nov. 12, 1935, reporting that subject to the approval of the School Committee, he has appointed the following-named persons for service in the evening schools for the term 1935-1936:

Boston Trade School (Evening Classes)—William B. Gould, George H. Rogers, assistants, Oct. 29, 1935.

Approved.

A communication was received from the Superintendent, under date of Nov. 12, 1935, reporting that subject to the approval of the School Committee, he has appointed the following-named clerical assistants for the evening school term 1935-1936:

Charlestown Evening Commercial High School—Mary E. McHugh, Nov. 4, 1935.

Dorchester Evening Commercial High School—Eleanor J. Holland, (temporary), Oct. 28, 1935, (one evening).

West Roxbury Evening Commercial High School—Ethel H. Lyon, Nov. 5 and Nov. 7, 1935 (two evenings).

Approved.

PLAYGROUNDS
(Season of 1935)

(To take effect October 1, 1935)

First Assistant—Dorothy H. Clarke.

Assistants—M. Claire Dukeshire, Rachel Kudish.

Sand garden assistants—Elizabeth M. Flynn, Dorothy Gouzoule, Ethel H. Heffron, Rebecca M. Mahoney, M. Evelyn Russell.

Approved.

TRANSFERS

A communication was received from the Superintendent, under date of Nov. 12, 1935, reporting that subject to the approval of the School Committee, he has made the following transfers of teachers:

Mary G. Bellamy, master's assistant, Rice District to the same position in the Hugh O'Brien District, Dec. 2, 1935.

Esther L. A. Moscatelli, assistant, intermediate, Washington Intermediate District, to the same position in the William Howard Taft Intermediate District, Nov. 18, 1935.

Catherine E. Reardon, assistant, special class, William E. Russell District, to the same position in the Phillips Brooks District, Nov. 18, 1935.

Approved.

LEAVES OF ABSENCE

On the report of the Superintendent, leave of absence was granted each of the following-named teachers for the term specified:

Roxbury Memorial High School (Boys)—William J. Bond, junior master, Oct. 24, 1935, one day, court summons; Edward J. Golden, junior master, Oct. 24, 1935, one day, court summons.

Harvard District—Alice F. Connell, assistant, elementary, Oct. 24 and 25, 1935, two days, court summons.

John Marshall District—Mary M. Facey, assistant, elementary, Oct. 24 and 25, 1935, two days, court summons; Rose S. Havey, assistant, elementary, Oct. 24 and 25, 1935, two days, court summons.

Placed on file

DISCONTINUANCE OF ASSIGNMENT

A communication was received from the Superintendent, under date of Nov. 12, 1935, reporting that subject to the approval of the School Committee, he has discontinued the assignment of Edith M. Bishop, assistant, Roger Wolcott

District, to speech improvement classes, as of Nov. 15, 1935

Approved

TERMINATION OF SERVICE IN TWO-SESSION KINDERGARTEN

A communication was received from the Superintendent, under date of Nov. 12, 1935, reporting that subject to the approval of the School Committee, he has terminated the service of the following-named teacher in the afternoon sessions of the kindergarten indicated, to take effect on the date stated:

Samuel Adams District—Grace E. Parlon, assistant, kindergarten, Nov. 8, 1935.

Placed on file and the termination of service approved

HOME INSTRUCTION OF PHYSICALLY HANDICAPPED CHILDREN

A communication was received from the Superintendent, under date of Nov. 12, 1935, reporting that subject to the approval of the School Committee, he has assigned the following-named temporary teachers for home instruction of physically handicapped children, to take effect Nov. 13, 1935:

Katherine M. Lavin, Helen F. Mason, Ethel H. Mogan
Approved.

HONORARY TITLE

The Superintendent offered the following:

ORDERED, That the rank of Assistant Superintendent Emeritus is hereby conferred upon William E. Snow, said title being in consideration of his years of faithful and efficient service in the Boston public schools.

Passed, the four members voting in the affirmative.

EMPLOYMENT OF TEACHER ON PART-TIME

On motion of the Superintendent, it was

ORDERED, That during the school year ending Aug. 31, 1936, Delia E. Donahue, assistant, manual training, intermediate, Department of Manual Arts, be placed on four-fifths time and that she be paid four-fifths of her regular salary, to take effect Nov. 1, 1935.

ESTABLISHMENT OF CLASS FOR CONSERVATION OF EYESIGHT

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized to establish a class for the conservation of eyesight in the Roger Wolcott District.

CONTINUANCE OF CLASSES UNDER GRANT OF FEDERAL FUNDS.

On motion of the Superintendent, it was

ORDERED, That for the current school year, the Superintendent is

hereby authorized to arrange for the continuance of the Pre-School Centers and the Afternoon Opportunity School for Adults, under the grant of Federal funds for the purpose.

TRANSFER OF SPECIAL CLASS

A communication was received from the Superintendent, under date of Nov. 12, 1935, reporting that he has transferred the special class in the Roger Clap School, William E. Russell District, to the Quincy E. Dickerman School, Phillips Brooks District.

Placed on file.

COMPENSATION OF TEMPORARY INSTRUCTORS OF PHYSICAL EDUCATION

On motion of the Superintendent, it was

ORDERED, That the compensation of the temporary instructors of physical education, Department of Physical Education, is hereby established at the rate of seven dollars (\$7) per day of actual service.

CLERICAL ASSISTANTS

A communication was received from the Superintendent, under date of Nov. 12, 1935, reporting the resignation of Catherine M. Downey, clerical assistant, Clarence R. Edwards Intermediate District, to accept appointment to the Division of Metropolitan Planning, Commonwealth of Massachusetts, said appointment to take effect Nov. 12, 1935.

Placed on file and the resignation accepted, to take effect on the date stated.

A communication was received from the Superintendent, under date of Nov. 12, 1935, reporting that subject to the approval of the School Committee, he has made the following transfers of clerical assistants, to take effect on the date indicated:

Eleanor M. Killion, clerical assistant, Washington Intermediate District, to clerical assistant, Clarence R. Edwards Intermediate District, Nov. 18, 1935.

Mary E. Croke, clerical assistant, Prince and William E. Endicott Districts, to clerical assistant, Washington Intermediate District Nov. 18, 1935.

Approved.

A communication was received from the Superintendent, under date of Nov. 12, 1935, reporting that subject to the approval of the School Committee and with the approval of the Commissioner of Civil Service and the Superintendent of the Boston City Hospital, he has appointed Mary C. Broder as clerical assistant in the Thomas Gardner and Washington Allston School Districts, by transfer from the Boston City Hospital, to take effect Nov. 4, 1935.

Placed on file and the appointment approved, to take effect on the date stated.

ELIGIBLE LIST

A communication was received from the Board of Superintendents, under date of Nov. 12, 1935, reporting that in the current Eligible List, the names of holders of old Certificate XXXI.A. were omitted since that certificate had been discontinued by action of the School Committee of Aug. 11, 1934.

It now appears that the policy for some years past has been first to go to the XXXI.B. list, then XXXI.A. list, in making appointments to the lower industrial ranks which are covered by Certificate XXX., before making selection from the Certificate XXX. list. Under this policy several men might suffer because of the omission of the old XXXI.A. list, in case an appointment were to be made.

The Board of Superintendents, with the approval of the School Committee, would therefore insert in the current eligible list the names of holders of old Certificate XXXI.A. as they appeared in the 1934 Eligible List—School Document No. 5, 1934.

Placed on file and the insertion allowed.

APPROPRIATIONS AND EXPENDITURES TO NOV. 1, 1935.

A communication was received from the Business Manager, under date of Oct. 31, 1935, submitting a statement showing the appropriations, expenditures and balances for the maintenance of the public schools for the first ten drafts of the current financial year, the expenditures for the first ten drafts of the financial year 1934, and the increases and decreases in the several items.

Placed on file.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Nov. 12, 1935, recommending that the following-named custodians be granted leave of absence on one-half net compensation for the periods specified because of personal illness:

Robert W. Green, custodian, Martha A. Baker Schoolhouse, Nov. 1 to 9, 1935, inclusive.

Jeremiah Murphy, custodian, Mather Schoolhouse, Oct. 21 to 24, 1935, inclusive.

Francis L. Butler, custodian, Frank V. Thompson Schoolhouse, Oct. 27 to Nov. 2, 1935, inclusive.

Placed on file and leave of absence on one-half net compensation granted for the periods specified.

REPORTS ON AUDITS OF BOOKS AND ACCOUNTS

A communication was received from Charles E. Di Pesa and Company, under date of Nov. 7, 1935, submitting report on the audit of books and accounts of various principals and coordinators for the quarters ended June 30, 1935, and Sept. 30, 1935.

Placed on file.

TRIBUTE TO MEMORY OF DR. DENMAN W. ROSS

On motion of the Superintendent, the following statement was ordered spread upon the records:

Dr. Denman W. Ross, for many years a member of the Advisory Committee on Art Education in the Boston public schools, died in London during the past summer.

Dr. Ross rendered a unique and enduring service to education by his many years of cooperation with the Art Department of the Boston Public Schools. Boston's recognized leadership in matters of art education is in no small measure due to his teaching and in turn it serves to extend his influence beyond the limits of city and state.

His scholarly understanding of the basic principles of pure design has saved the schools many years of experimentation. He gave to the directors, supervisors, and art teachers of greater Boston a leadership which was sound and inspiring. His summer courses at Harvard University, his books and professional advice, are constantly quoted in the art syllabus and in daily school work.

AGE FOR ADMISSION TO KINDERGARTENS

At the request of the Chair, the Superintendent announced that the School Committee this evening agreed to a further modification of the kindergarten age requirement. Children who were four years of age on September 1 of this year now may be admitted to the kindergartens upon passing the tests which will be administered under the direction of the Board of Superintendents. Arrangements for the testing will be announced at a very early date.

UNFINISHED BUSINESS

The order laid over at the meeting of Oct. 28, 1935, amending Sections 320 and 337 of the regulations establishing a basis for deduction from salaries of nutrition class and assistant nutrition class attendants on account of absence, was taken up and passed.

The Committee adjourned.

Attest:

ELLEN M. CRONIN
Secretary.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 599 East Sixth street, Ward 7.

The building at 29 Oneida street, Ward 3.

FIREMEN SUBSCRIBE TO RED CROSS FUND.

Fire Commissioner McLaughlin reports that up to date the members of the Fire Department have subscribed \$1,176.50 to the annual Red Cross roll call. This is about \$200 in excess of the record of a year ago.

PROCEEDINGS OF SCHOOL COMMITTEE.

Nov. 18, 1935

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 8:30 o'clock, the Chairman presiding.

Present: Dr. Lyons, Dr. Mackey, Messrs. Sullivan and Tobin.

APPROVAL AND AMENDMENT OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed

On motion, the minutes of the meeting of June 26, 1935, were amended on page 97 to provide that the appointment from the eligible list of Edward W. Dixon as trade instructor, Boston Trade School, to take effect Sept. 1, 1935, shall read "third year."

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of teachers, as reported by the Superintendent and laid over at the previous meeting. The appointments were approved.

APPOINTMENTS

The following appointments by the Superintendent, certified by him as being in accordance with the rules and regulations to take effect on the dates stated, were presented:

(FROM THE ELIGIBLE LIST)

(To fill vacancies caused by increase in numbers.)

Public Latin School—Arthur Klein, junior master, Dec. 2, 1935.

Dorchester High School for Girls—John S. Dooley, junior master, Oct. 1, 1935.

Jeremiah E. Burke High School for Girls—Mary C. O'Connor, assistant, (from assistant, intermediate, Everett District), Dec. 2, 1935.

Boston Trade School—Howard W. Lloyd, shop instructor, Dec. 2, 1935.

Robert Gould Shaw District—Eugene G. McCarthy, assistant, intermediate, seventh year, Oct. 1, 1935; Sally A. Quinn, assistant, intermediate, Oct. 1, 1935.

Laid over.

(To fill vacancies caused by deaths or resignations)

Public Latin School—Frank M. C. Keady, junior master, Dec. 2, 1935.

Chapman District—Ruth C. Waggett, assistant, special class, Dec. 2, 1935.

Dillaway District—Florence Skalsky, assistant, intermediate, Dec. 2, 1935.

Joseph H. Barnes Intermediate District—Louise M. Pillsbury, assistant, intermediate, third year, Dec. 9, 1935.

Samuel Adams District—Anna A. Moore, assistant, special class, Dec. 2, 1935.

William Barton Rogers Intermediate District—N. Josephine Ma-

honey, Mary N. Prohaska, assistants, intermediate, Oct. 1, 1935.

Laid over.

(To fill vacancies caused by promotions)

Brighton High School—Anna F. Glennon, assistant instructor, manual arts (from assistant, elementary, Roger Wolcott District), Dec. 2, 1935.

Everett District—Helen L. Noone, assistant, intermediate, Dec. 2, 1935.

Robert Gould Shaw District—John F. Barrett, assistant, intermediate, Oct. 1, 1935.

Washington Irving Intermediate District—Helen M. McCormick, assistant, intermediate, Dec. 3, 1935; Elizabeth A. O'Brien, assistant, intermediate (from assistant, elementary, Wm. Lloyd Garrison District), Dec. 2, 1935.

Helpers—Mary A. Doyle, Hannah M. Dunn, Nora Galvin, Nov. 1, 1935.

Attendants—Josephine Murphy, John J. Van Wart, Nov. 1, 1935. Approved.

LEAVE OF ABSENCE

On report of the Superintendent, leave of absence under a suspension of the regulations was granted the following-named teacher for the term specified:

Boston Clerical School—Marion L. McCarthy, senior assistant, Sept. 1, 1935 to Nov. 12, 1935, without pay.

TRANSFERS

A communication was received from the Superintendent, under date of Nov. 18, 1935, reporting that subject to the approval of the School Committee, he has made the following transfers of teachers:

Jennie A. Gorman, first assistant, kindergarten, one session, Bennett District, to the same position in the Thomas N. Hart District, Dec. 2, 1935.

Margaret B. Keefe, assistant, elementary, Washington Allston District, to the same position in the Mather District, Dec. 2, 1935.

Mary G. McDermott, assistant, elementary, Bigelow District, to the same position in the Washington Allston District, Dec. 2, 1935.

Victor L. McDonald, assistant, intermediate, Washington Intermediate District, to the same position in the Clarence R. Edwards Intermediate District, Dec. 2, 1935.

Bertha C. McGinty, assistant, elementary, Robert Treat Paine District, to the same position in the Washington Allston District, Dec. 2, 1935.

Isabel E. Olney, first assistant, kindergarten, Charles Sumner District, to the same position in the Bennett District, Dec. 2, 1935.

Approved.

DESIGNATIONS

A communication was received from the Superintendent, under date of Nov. 18, 1935, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1936:

Hyde Park High School—Maurice G. Murphy, junior master, as acting master, head of department (vice Thomas E. Winston, absent on leave), Oct. 15, 1935.

Eliot District—Marion A. Cotter, assistant, elementary, as acting master's assistant (vice Mary E. Hartnett, absence on leave), Oct. 23, 1935.

Gilbert Stuart District—John A. Murphy, sub-master, as acting master (vice Olivia C. Penell, absent on leave), Oct. 25, 1935.

Rice District—Ruth B. Higbee, assistant, kindergarten, one session, as acting first assistant, kindergarten, one session, Oct. 1, 1935.

Placed on file.

A communication was received from the Superintendent, under date of Nov. 18, 1935, reporting that he has made the following designation of a school physician to serve in the position indicated until such time as it shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1936:

Department of School Hygiene—Morris A. Silberg, M. D., school physician, as acting supervising school physician (vice Martin J. English, M. D., absent on leave), Oct. 1, 1935.

Placed on file.

ASSIGNMENTS

A communication was received from the Superintendent, under date of Nov. 18, 1935, reporting that subject to the approval of the School Committee, he has assigned the following-named teachers to classes attended exclusively by boys in grades above the third in the district herein stated:

Bigelow District—Editha L. Hurley, Marguerite A. Wiles, assistants, elementary, Dec. 6, 1933.

Placed on file and the assignments approved, to take effect on the date stated.

NEWSBOYS TRIAL BOARD

A communication was received from the Superintendent, under date of Nov. 18, 1935, reporting that the following-named newsboys have been elected members of the Newsboys Trial Board, to take effect Nov. 14, 1935:

John Tevnan, judge, English High School; Charles McKenzie, judge, Mechanic Arts High School; Vincenzo DiNosea, judge, Michelangelo School.

Placed on file.

A communication was received from the Superintendent, under date of Nov. 18, 1935, reporting that Joseph Cammarata, English High School, has been appointed clerk of the Newsboys Trial Board for the year 1935-36, to take effect Nov. 14, 1935.

Placed on file.

APPOINTMENT OF CLERICAL ASSISTANT

A communication was received from the Superintendent, under date of Nov. 18, 1935, reporting

that subject to the approval of the School Committee and with the approval of the Commissioner of Civil Service, he has appointed Mary C. Foley as clerical assistant in the Prince and William E. Endicott Districts, by transfer from the Division of Civil Service, Commonwealth of Massachusetts, to take effect Dec. 2, 1935.

Placed on file and the appointment approved, to take effect on the date stated.

AUTHORIZED LIST OF TEXT BOOKS

The Superintendent offered the following:

ORDERED, That the revised edition of the following-named text book is hereby authorized for use in Grade VI and the Boston Trade School to take the place of the old edition of the same:

DICTIONARY

Webster, Noah. Webster's Elementary Dictionary. American Book Company. Cpt. 1935 net \$9.00
f. o. b. N. J.

Laid over.

APPOINTMENT OF SCHOOL PHYSICIAN

A communication was received from the Secretary, under date of Nov. 18, 1935, reporting that the Division of Civil Service has certified the following-named persons as eligible for appointment as school physician:

Hyman Saphirstein, Morris N. Davidow, and John J. Dunphy, Jr.; Marion D. Wilkinson, Elinor R. Martin, and Helena M. Murphy.

Placed on file.

The Chairman stated the question was on the appointment of a school physician to fill the vacancy and the Secretary was directed to call the roll.

The members as their names were called respectively stated that they voted as follows:

For Dr. Hyman Saphirstein—Messrs. Mackey, Sullivan, and Tobin—3

For Dr. Marion D. Wilkinson—Dr. Lyons—1.

The Chair declared Dr. Hyman Saphirstein duly elected school physician, to take effect Dec. 2, 1935.

PUBLIC SCHOOL MEMBERSHIP. OCT. 31, 1935

A communication was received from the Superintendent, under date of Nov. 18, 1935, submitting a statement of the number of pupils belonging to the Boston public day schools, exclusive of the Continuation School, on October 31, 1935, together with a comparative statement of the number belonging on September 30, 1934, as follows:

The total number belonging in the Boston public day schools on October 31, 1935, was 134,563 which is 522 less pupils than were enrolled in the schools on September 30, 1934. The Teacher College of the City of Boston shows an increase of 24 pupils; high and Latin, an increase

of 281 pupils; in the ninth grade intermediate, there is a decrease of 2 pupils; in grades I to VIII there is a decrease of 2,125 pupils; in the kindergartens there is an increase of 1,352 pupils; and in the special schools a decrease of 52 pupils. Were the figures of the ninth grade intermediate included in the membership of the day high schools, the high schools would show an increase of 279 pupils.

In the Continuation School the membership on October 31, 1935 was 198 more than on Sept. 30, 1934. On October 31, 1935, it was 448 as against 250 on Sept. 30, 1934.

In the Training School for Teachers of Mechanic Arts there was a membership of 25 pupils on October 31, 1935.

A distribution of the increases and decreases in membership for 1934 and 1935 is shown by the following table:

LEAVE OF ABSENCE TO CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Nov. 18, 1935, recommending that Vincent Gilligan, custodian, Mozart School-house, be granted leave of absence on one-half net compensation for the period Oct. 30 to Dec. 31, 1935, because of personal illness.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

ADDITIONAL SCHOOL ACCOMMODATIONS, FEDERAL FUNDS

The following communication was presented:

City of Boston—Department of School Buildings

November 18, 1935

School Committee,
City of Boston,
15 Beacon Street,
Boston, Mass.

Gentlemen:

Under date of November 15, 1935, the School Committee forwarded to the Board of Commissioners of School Buildings the following proposed order:

ORDERED, That out of the sums hereinafter set forth, appropriated by the City Council of the City of Boston, by order passed on October 3, 1935, and October 28, 1935, and approved by the Mayor on October 29, 1935, to be expended under the direction of the School Committee, the following sums be and hereby are appropriated for the following new school buildings and additions to existing school buildings, and the districts hereinafter set forth for each of said new school buildings and additions to existing school buildings be and the same hereby are designated as the school districts within which said new school buildings and additions to existing school buildings shall be erected:

School	School District	P.W.A. Docket Number	Amount
Addition to Joseph H. Barnes Intermediate School, East Boston	Joseph H. Barnes Intermediate District	Mass. 1087	\$100,000.
New Intermediate School, Eliot Square, Roxbury	Dudley District	Mass. 1088	 780,000.
New Lucy Stone School, Dorchester	John Marshall District	Mass. 1089	 185,000.
New Intermediate School, Dorchester	Phillips Brooks District	Mass. 1090	 850,000.
Addition to South Boston High School	Thomas N. Hart District	Mass. 1091	 535,000.
Alterations for New Cafeteria, English High School	Rice District	Mass. 1092	 110,000.
Alterations and Addition to High School of Practical Arts	Dearborn District	Mass. 1093	 130,000.
Addition to Boston Trade School, Roxbury	Sherwin District	Mass. 1094	 90,000.
Addition to William Howard Taft Intermediate School, Brighton	William Howard Taft Intermediate District	Mass. 1095	 340,000.
Alterations and Addition to Donald McKay Intermediate School, East Boston	Donald McKay Intermediate District	Mass. 1096	 450,000.

The Board of Commissioners of School Buildings begs to report on the foregoing order that in its opinion the work should be done for the sums allocated for the several projects. We have not yet received official notice as to which of these projects the State Emergency Finance Board will approve, although from information contained in the newspapers of the City we are led to believe that this Board will not approve some of them. The project for lunchroom facilities in the English High School while approved by the State Emergency Finance Board, as we understand it, had prior thereto been disapproved by the P. W. A. authorities at Washington. The uncertainties with which all these projects are surrounded is resulting in much confusion and embarrassment to this department.

Believing that the projects approved by the Mayor of the City of Boston, the City Council of the City and the P. W. A. authorities at Washington was to be effective, this department has devoted all its energies to have the projects ready for public bidding in the extremely limited time allowed by the P. W. A. authorities and has succeeded in doing so.

Now if some of these projects are to be disapproved by the State Emergency Finance Board we sympathize greatly with the architects who expended their time and money in their efforts to have said projects ready within the limited time allowed by the P. W. A. authorities. It is clear that if we do not report on the accompanying order for all ten projects that because of the limited time remaining under the requirements of the P. W. A. it might happen, if further changes of approved projects be made that we would find ourselves cut off from participat-

ing in the P. W. A. allotment. The accompanying order is necessary in order that this department may have authority to award contracts to the successful bidders. Our report is now made for the above reasons and made only on condition that they are projects within P. W. A. authorization.

Our experience with P. W. A. has convinced us that the City of Boston in the future will do better to finance the building of its own schools on the pay-as-you-go money out of current taxation and thus avoid the costly delays incidental to P. W. A. participation and we are firmly of the opinion that the buildings can be erected by this department at a greatly reduced cost if financed exclusively by the City without any P. W. A. allotment.

Respectfully yours,
Board of Commissioners of School Buildings,
By Richard J. Lane
Chairman
Placed on file.

The following was offered:
ORDERED: That out of the sums hereinafter set forth, appropriated by the City Council of the City of Boston, by order passed on October 3, 1935 and October 28, 1935 and approved by the Mayor on October 29, 1935, to be expended under the direction of the School Committee, the following sums be and hereby are appropriated for the following new school buildings and additions to existing school buildings, and the districts herein-after set forth for each of said new school buildings and additions to existing school buildings be and the same hereby are designated as the school districts within which said new school buildings and additions to existing school buildings shall be erected:

School	School District	P.W.A. Docket Number	Amount
Addition to Joseph H. Barnes Intermediate School, East Boston	Joseph H. Barnes Intermediate District	Mass. 1087	\$100,000.
New Intermediate School, Eliot Square, Roxbury	Dudley District	Mass. 1088	 780,000.
New Lucy Stone School, Dorchester	John Marshall District	Mass. 1089	 185,000.
New Intermediate School, Dorchester	Phillips Brooks District	Mass. 1090	 850,000.
Addition to South Boston High School	Thomas N. Hart District	Mass. 1091	 535,000.
Alterations for New Cafeteria, English High School	Rice District	Mass. 1092	 110,000.
Alterations and addition to High School of Practical Arts	Dearborn District	Mass. 1093	 130,000.
Addition to Boston Trade School, Roxbury	Sherwin District	Mass. 1094	 90,000.
Addition to William Howard Taft Intermediate School, Brighton.	William Howard Taft Intermediate District	Mass. 1095	 340,000.
Alterations and Addition to Donald McKay Intermediate School, East Boston	Donald McKay Intermediate District	Mass. 1096	 450,000.

Passed by the following vote:

Educational test (4). Physical test (1). Total (5).

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Brunswick street, Dorchester district, as a highway, from Columbia road northwesterly, bounded and described as follows:

A highway named Brunswick street is hereby laid out, from Columbia road northwesterly for a distance of approximately three hundred and fifty-seven feet, and ordered constructed; the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Columbia road, forty feet; southwesterly by the southwesterly line of said Brunswick street as hereby laid out, three hundred fifty-six and 76-100 feet; northwesterly by the northwesterly line of said Brunswick street as hereby laid out, forty feet; and northeasterly by the northeasterly line of said Brunswick street as hereby laid out, three hundred fifty-six and 33-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Brunswick street, Dorchester district, as a highway, from Columbia road northwesterly for a distance of approximately three hundred and fifty-seven feet, under the order of the Board of even date herewith, and awards no damages therefor.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

TELEPHONE OPERATOR, JANUARY 11, 1936.

Last date for filing applications, Saturday, December 28, 1935, at 12 noon.

The minimum salary, with maintenance, for State service is \$480 a year; the maximum salary, with maintenance, for State service is \$900 a year. The minimum salary, without maintenance, for State service is \$340 a year; the maximum salary, without maintenance, for State service is \$1,260 a year. The salaries in the various cities and towns range from \$12 to \$18 per week.

Subjects and Weights: Training and experience (10); memory tests (3); practical questions (7); total (20).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CITY PURCHASING UNDER THE CODES.

Caught between two fires, American cities are feeling the influence of the National Industrial Recovery Act codes in their purchasing in a way they had not foreseen. On one side taxpayers ask for economy in budget-making. On the other, application of codes, which has resulted in collective price-fixing, has increased prices of supplies for city use to an almost prohibitive point.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ONE ONE AND ONE-HALF TON CHASSIS.

The Supply Department of the City of Boston invites proposals for furnishing to the Public Works Department, Water Division, one one and one-half ton chassis as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, December 20, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Dec. 7.) *Superintendent of Supplies.*

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR COLLECTING AND REMOVING GARBAGE AND REFUSE IN EAST BOSTON, BRIGHTON, WEST ROXBURY, DORCHESTER AND HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for collecting and removing garbage and refuse, between January 1, 1936, and December 31, 1936, including the removal of all household refuse during the spring cleaning period between April 1, 1936, and May 15, 1936, and shall also remove grass, garden refuse and leaves during the entire term of the contract, in the following districts: East Boston, Brighton, West Roxbury, Dorchester and Hyde Park, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. In each proposal the bidder will list the location and ownership of the dumps he proposes to use, and furnish satisfactory proof to the Commissioner as to his legal right to use them. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Collecting and Removing Refuse and Garbage," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Wednesday, December 11, 1935, with a certified check for 5 per cent of the total amount bid for each district, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. *There will be a minimum charge of two dollars (\$2) for each set of specifications taken out.* If the price bid on any district appears to the Commissioner to be abnormally high or low it may lead to the rejection of the proposal for said district. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

C. J. CARVEN,
(Nov. 30-Dec. 7.) *Commissioner of Public Works.*

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

P. W. A. PROJECT NUMBER MASS. 1091.

1 Sealed 1 Separate Sealed proposals for the following item:

(A) Construct and complete an addition and alterations to the South Boston High School, Thomas park and G street, South Boston district, in the City of Boston, Mass., prepared in accordance with instructions contained in the contract documents, will be received at the office of the Department of School Buildings at 11 Beacon street in Boston, Mass., until 2 o'clock p. m., Eastern Standard Time, December 11, 1935, and at that time and place publicly opened and read. The additional copy of the proposal form shall be removed from the book of specifications and after filling out shall be sealed in an envelope and delivered to the Auditor of the City of Boston, at the City Hall, School street, Boston, Mass., before the time for the opening of the proposals.

Plans, specifications and other contract documents may be secured at office of Superintendent of Construction at the above address, 11 Beacon street, upon the deposit payment of \$100 certified check for Proposal A, payable to the City of Boston.

Said deposit will be refunded when such documents are returned in complete and good condition.

Each proposal must be accompanied by a certified check for the sum of \$10,000 for Proposal A, made payable to the City of Boston.

All checks, except that of the bidder to whom the contract is awarded, will be returned within seventy-two hours after the awarding of the contract and receipt must be given therefor.

The project is to be financed and constructed under the terms of the Emergency Relief Appropriation Act of 1935 and chapter 366, Massachusetts Acts of 1933, as amended, and attention is called to the "Construction Regulations" prescribed by the P. W. A.

Attention is called to the fact that minimum wage rates are established for the project and are set forth in the contract documents.

The office of the United States Employment Bureau designated by the Government for this project is E. L. Hanna, 100 Nashua Street, Boston, Mass.

The right is reserved by the City of Boston, Mass., acting through its Superintendent of Construction to reject any or all bids, or to accept any bid which it deems most advantageous, subject to the approval of the State Director, P. W. A.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

A surety bond by a company satisfactory to the State Director, P. W. A., and in an amount equal to one hundred (100) per cent of the contract price, will be required from the successful bidder.

WM. W. DRUMMEY,
(Nov. 30-Dec. 7.) *Superintendent of Construction.*

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

PROPOSALS FOR EXTERMINATION OF VERMIN.

The Trustees of the Boston City Hospital invite sealed proposals for the extermination of all vermin, excepting rats and mice, in the entire Main Department, South Department, Haymarket Square and East Boston Relief Stations, Boston City Hospital, for one year beginning January 1, 1936, and ending December 31, 1936, and giving bond of a surety company therefor in the sum of \$1,000. In their proposals bidders must quote the rate per month. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, signed by the bidder and left before 12 o'clock noon of Wednesday, December 18, 1935, at the office of the Superintendent of the Boston City Hospital, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, before 12 o'clock noon on the date given above for receiving proposals. The Trustees reserve the right to reject any and all proposals.

JAMES W. MANARY, M. D.,
(Dec. 7.) *Superintendent.*

CITY OF BOSTON.
SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TURKEYS.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, turkeys, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Wednesday, December 18, 1935, at 12 m. at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Dec. 7.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING CEMENT-LINED,
BLACK STEEL PIPE.

The Supply Department of the City of Boston invites proposals for furnishing the Public Works Department, Water Division, cement-lined, black steel pipe, to be delivered as required. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* Bids, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out at the above office, must be left at the office of the Supply Department, Room 801, City Hall Annex, before 12 m., Tuesday, December 17, 1935, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Dec. 7.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TIRES AND TUBES.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, tires and tubes, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Monday, December 23, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Dec. 7.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ONE ONE AND
ONE-HALF TO TWO TON EMERGENCY TRUCK.

The Supply Department of the City of Boston invites proposals for furnishing to the Public Works Department, Water Division, one one and one-half to two ton emergency truck, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, December 20, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Dec. 7.) Superintendent of Supplies.

CITY OF BOSTON.
HOSPITAL DEPARTMENT.

PROPOSALS FOR THE PURCHASE OF TRIMMINGS,
BONES AND GREASE.

The Trustees of the Boston City Hospital invite sealed proposals for the purchase of the following materials from the Hospital Proper, South Department, and Haymarket Square Relief Station, for one year beginning January 1, 1936, and ending December 31, 1936:

Trimmings, 3,000 pounds per month, more or less.
Bones, 2,000 pounds per month, more or less.
Grease from kitchen, 1,500 pounds per month, more or less.
Suits, 500 pounds per month, more or less.
Cods, 100 pounds per month, more or less.
Grease from traps, 500 pounds per year, more or less.

The price offered is to be the price per pound on each of the above items, which is to include removal of grease from traps. The purchaser is to provide proper receptacles and remove these materials from the kitchen daily, except Sunday, before 11 o'clock a. m., and the grease from the grease traps whenever notified by the Hospital so to do. Payments for materials taken to be made monthly. A bond will be required for the faithful performance of the contract. Proposals to be addressed "The Boston City Hospital, Proposal for Trimmings, Bones and Grease," and left at the Hospital, 818 Harrison avenue, not later than Wednesday, December 18, 1935, at 12 o'clock noon, at which time and place said proposals will be publicly opened and read. The Trustees reserve the right to reject any and all proposals.

JAMES W. MANARY, M. D.,

CITY OF BOSTON.
SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING THREE RADIO
TRANSMITTERS TO THE FIRE DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing three radio transmitters to the Fire Department. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract. The bid, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before Tuesday, December 24, 1935, at 12 m., at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Dec. 7.) Superintendent of Supplies.

CITY OF BOSTON.
PUBLIC WORKS DEPARTMENT.

PUBLIC AUCTION.

By order of the City Council, and approved by his Honor the Mayor, I will sell at public auction, on the premises, Thursday, December 12, 1935, at 11 a. m., of an area of about \$260, the land located at Chestnut Hill Avenue, Brighton, being part of the Public Works Department Yard, containing 920 square feet, more or less. Terms: Cash or certified check at time of sale. Further information from the auctioneer.

G. WALTER WHELAN,
Master of Auction,
20 State Street, Boston,
DEC. 7, 1935.

(Dec. 7.)

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

No. 50

An inheritance of two millstones of the character just described has naturally contributed in a materially unfavorable degree to the present financial condition of the city.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, December 16, 1935, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

CITY OF BOSTON CREDIT UNION REPORT FOR YEAR AS SUBMITTED TO MAYOR MANSFIELD SHOWS SUCCESS IN AIDING EMPLOYEES DURING DEPRESSION. 2,929 EMPLOYEES OBTAINED LOANS, WHILE RECEIPTS FROM SHARES AMOUNTED TO \$42,942.24, WITH LOANS GRANTED TO THE AMOUNT OF \$488,988.64 — RECEIPTS FROM ALL SOURCES AMOUNTED TO \$602,753.31 — UNION HAS LOANED \$3,707,653.23 SINCE FORMATION.

At the annual meeting of the City of Boston Credit Union the value of the organization was never better shown than in the report which the committees presented and which in turn have been presented to Mayor Mansfield. For the year the receipts from shares purchased have been \$42,942.24, with deposits of \$29,419.86. Loans were made to the extent of \$488,988.93. The total receipts for the year from all sources amounted to \$602,753.31. The gross income for the year amounted to \$28,557.60 and there are funds for dividends to the extent of \$12,530.40. The number of shares in force at the end of October was 22,585 and the number of employees who had availed themselves of the chance to secure use of funds advantageously was 2,929. The total amount loaned since the organization of the Union has been \$3,707,653.23.

Recommendations of the Board of Directors.

1. That the maximum number of shares which may be purchased and held by a member during the ensuing year be fixed at one hundred.
 2. That the maximum amount of savings which a member may deposit in any one month be fixed at \$25 and the maximum amount which a member may have on deposit at any time be limited to \$1,000 exclusive of accrued interest.
 3. That the maximum amount of credit which a member may have at any one time during the ensuing year be fixed at \$250.
 4. That a dividend at the rate of 6 per cent and 2 per cent be declared payable on or after December 1, 1935.
- The full report for the year is as follows:

MAYOR MANSFIELD RENEWS DEMAND THAT FINANCE COMMISSION CHAIRMAN PRODUCE PROOF OF ALLEGED ASSERTION OF GRAFT OFFER IN CONNECTION WITH PROPOSED PURCHASE OF FIRE APPARATUS.

Upon December 9 the following communication was made public by Mayor Mansfield:

E. MARK SULLIVAN,
Chairman, Boston Finance Commission.

DEAR SIR,—I have just received your letter dated December 9. I did not challenge you personally to name the man who stated to you that several of the manufacturers were ready and willing to pay a sum of money to any one who might obtain contracts for them, as you state in your letter. But I did demand that you produce proof of the assertion alleged by you to be made with authority that graft was offered. I reiterate that demand and insist that you name the persons to whom and by whom graft was offered in connection with the proposed purchase of fire apparatus.

I also demand proof that David B. Shaw had anything whatever to do with suggesting the type of fire apparatus to be bought. You do not supply this proof and you do not meet the issue in your letter. I now insist that you either produce the proof demanded or retract your statements.

Yours truly,

FREDERICK W. MANSFIELD, *Mayor.*

It seems to be impossible for Mr. Sullivan to refrain from unfair attack and abuse of city officials. I have ceased to expect any other treatment and I do not choose to waste much of my time in bandying words with him. But what he is reported as saying today requires either proof or retraction. I

demand that he produce proof of his assertion alleged to be made "with authority" that graft was offered by fire apparatus manufacturers for the purpose of obtaining contracts with the city. I demand to know to whom and by whom graft was offered.

I also demand proof that David B. Shaw had anything whatever to do with suggesting the type of fire apparatus to be bought or that he did anything more than to receive the requisition from the Fire Commissioner while Mr. Shaw was Acting Purchaser of Supplies.

Mr. Sullivan's intimation that we are simply exchanging a monopoly of one company for that of another is answered by the fact that there are three separate manufacturers from whom it is proposed to purchase the new apparatus. They are the Ahrens-Fox Company, the Seagrave Company and the Mack Company; Each of these companies is to supply a pumper and, in addition to this, the Seagrave Company is to supply a ladder truck.

I said in my letter to the Finance Commission that apparatus amounting to \$183,499 had been purchased without advertising when Mr. Sullivan was Corporation Counsel, and to the extent of \$258,656.31, by Philip A. Chapman, now a member of the Finance Commission, when he was Superintendent of Supplies. It should also be known that in 1931 such purchases from the company which formerly held the monopoly were criticized and advised against by the Finance Commission in a report to the then Mayor Curley dated October 9, 1930, referred to again in its annual report to the Legislature dated January 24, 1931, and again in a report to former Mayor Curley dated September 1, 1931, and referred to in the annual report of the Finance Commission to the Legislature dated January 30, 1932. The report and recommendations of the Finance Commission were ignored in both cases.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Rose Madow, care of Ralph Harris, 141 Milk street, Boston, in the sum of \$55.40 as compensation for damage to automobile caused by truck belonging to the Water Service, Public Works Department, July 24, 1935.

Frederick S. Rankins, 24 Franklin street, Lynn, in the sum of \$35 as compensation for damage to automobile caused by truck belonging to the Water Division, Public Works Department, January 3, 1934.

Mrs. J. Ironside, 234 Fuller street, Dorchester, in the sum of \$15 as compensation for damage to clothing caused when the sleeve of her coat caught on a wire projecting from tree on sidewalk in front of 94 Milton avenue, Dorchester, May 21, 1935.

Rose Tangherlini, 53 Joy street, Boston, in the sum of \$100 as compensation for personal injuries caused by defective sidewalk in front of 85 Mount Vernon street, Boston, March 23, 1935.

Ruth M. McShane, 469A Broadway, South Boston, in the sum of \$15.35 as compensation for damage to automobile caused by defect in highway in front of 263 Gold street, South Boston, November 30, 1934.

Margaret E. Kelly, 72 Kingsdale street, Dorchester, in the sum of \$50 as compensation for personal injuries caused by defect in sidewalk in front of No. 21 Kingsdale street, near Warner street, Dorchester, April 7, 1935.

Morris Leventhal, 732 Morton street, Dorchester, in the sum of \$33 as refund on license for curb pump at 311 Bennington street, East Boston, which was issued for one year from January 20, 1935, and which was automatically surrendered on July 20, 1935, owing to a foreclosure on the property.

Philip F. Cunniff, 334 Amory street, Jamaica Plain, in the sum of \$9.60 as compensation for damage to automobile caused by defect in highway in front of 165 Green street, Jamaica Plain, August 21, 1935.

THE RELATIONSHIP EXISTING BETWEEN THE NEW YORK, NEW HAVEN & HARTFORD RAILROAD AND BOSTON AND ITS PORT SET FORTH IN LETTER TO MAYOR MANSFIELD BY JOHN L. HALL, ESQUIRE—COMMUNICATION, INTENDED AS COMPANION PIECE TO LETTER FROM MAYOR TO MR. HALL, INADVERTENTLY GIVEN NO PUBLICITY AT TIME CHIEF EXECUTIVE'S LETTER WAS PRESENTED.

In the following communication addressed to Mayor Mansfield the case of the New York, New Haven & Hartford Railroad and its relation with the City of Boston and the port over a period of years has been presented by John L. Hall, Esquire. This letter should have been published in the issue of the *City Record* of November 2 as the companion piece to the Mayor's letter to Mr. Hall. Mr. Hall's letter was unintentionally and inadvertently left out at that time and is published herewith in order that both sides might have the same presentation before the public.

Boston, July 31, 1935.

HON. FREDERICK W. MANSFIELD,
City Hall, Boston, Mass.

MY DEAR MAYOR MANSFIELD:

I have already acknowledged your letter of June 19th and have endeavored to give some consideration to the points which I think may properly be grouped under the following heads:

1. History of the New Haven's pier facilities at Boston.
2. Comparative through land and water rates between the Middle West and Europe via Boston and other ports.
3. Port charges at Boston compared with New York.
4. Use of the Oswego route.
5. So-called Manhattan differential rates.
6. Fruit and vegetable rates from the South.
7. Imported wood pulp rates.
8. Trans-Atlantic passenger traffic.

PIER FACILITIES.

I have not been able to go into the matter fully with the traffic officials of the New Haven, but I am somewhat familiar with the subjects that you mention and would like to give you the benefit—if it is a benefit—of my own views.

(1) As to the New Haven pier facilities, I have already written you as to the expenditures made by our company in developing their terminal facilities.

(2) As to the comparative through charges to and from Europe by the way of Boston, it should be borne in mind that parity or advantage for the Boston route probably should be secured either by holding down the rail rates to and from Boston to those to and from the other ports, or else if the rail rates are higher then the water rates must be reduced sufficiently to make up the difference.

The rail haul between Boston and points in the Middle West is necessarily greater and the rail transportation costs are necessarily greater than to Philadelphia or Baltimore. As a matter of rate-making theory it is therefore illogical to expect Boston rail rates to be lower than or even on a parity with rates to the other ports. This would be true whether the New England roads were independent or were parts of the Trunk Line system. The existing rates are actually in most instances more favorable to Boston than mileage or transportation costs could theoretically justify, a situation which has been created and maintained through the very vigorous efforts of the New England railroads extending over a long period and which, incidentally, is made more possible by the existence of the so-called Canadian differential rates. The very fact that the New Haven has always insisted upon the maintenance of the existing port relationships and the

Canadian differential rates is a clear indication that it is acting for the benefit of the Boston port.

"The same reasoning which makes it illogical for Boston rail rates to be lower than or even equal to New York rail rates would seem to require that the ocean rates between Boston and Europe should be less than those between New York or Philadelphia or Baltimore and Europe." The sailing time from Boston is nearly a day less. Mileage is less directly reflected in transportation costs on the water than on land, but nevertheless the saving of time and distance in the water haul undoubtedly means some saving in expense and it would appear logical that the Boston water rates should be less than those to the other ports. The New England railroads have joined with other New England interests in attempting to get the water lines to establish a differential in favor of Boston. The Shipping Board has never permitted this and the North Atlantic Conference has stood out against it. You may recall that on one occasion the Shipping Board turned down a proposal for a Boston differential rate by the narrow margin of one vote. This is the nearest that New England has ever come to obtaining such a differential.

It seems to me that this is the proper course which should be pursued by the Port of Boston if it wants to cultivate import and export traffic through Boston to and from the Middle West. I feel very confident that the New Haven and the other New England roads would be only too glad if such a result could be accomplished. If the combined through charges were the same, it would seem to me that shippers would use the Boston route in many instances where transportation time was important, because a few additional rail miles over the Boston route would not take as long as the additional water miles over the New York route.

NEW YORK PORT CHARGES.

(3) I realize that the matter of port charges in New York, including lighterage, storage in transit, pier service and other handling charges, is a serious problem but not one which can be blamed upon the New Haven Railroad. The railroads in New York perform a large amount of free service because competitive conditions have made them think it necessary to do so in the past. The competition is largely between the Trunk Lines serving New York from the West. In Boston, on the other hand, the port suffers because of the additional charges imposed for services at the port.

You are doubtless aware that this whole matter has recently been investigated by the Interstate Commerce Commission, which handed down a decision condemning the free service which the roads perform at New York. For some reason or other no change appears yet to have been made in the New York situation. I think that the Port of Boston is alive to this subject and has shown by its activities that it realizes that correction of the discrepancy should come through strict enforcement of the Interstate Commerce Commission decision as to New York.

(4) As to the use of the Oswego route, I regret that I have not sufficient information as yet to come to any conclusion as to whether there is any obstacle in the way of the use of the Oswego route. I hope, however, to be able to write you something on this subject.

(5) The so-called Manhattan differential basis between New York and the Middle West through Canada is a traditional feature in the rate structure, but it is in no way due to any attitude taken by the New Haven. It is due to the fact that the Canadian National controls the Central Vermont, which has its terminus at New London, Connecticut, and must make all the way to New York City. The New

Haven necessarily meets this competition in publishing rates from New York over the Canadian routes. These rates have to be related to rates between New York and the same destinations over shorter standard routes and those rates are naturally lower than the rates between Boston and the same points. Therefore, it is hardly fair to take the rates from New York to the mid-west via Canada and compare them with the rates from Boston to the mid-west via Canada without taking into consideration the fact that the New York rates must necessarily meet competition of New York rates over shorter routes. The situation is a troublesome one, but cannot be laid on the New Haven doorstep.

(6) As to fruit and vegetable rates from the South. Does it not seem unreasonable to suggest that the New Haven should encourage fruit and vegetable traffic from the South to New England to move through the Port of Boston, thus depriving itself of any share in that business? Plainly, if it comes through the Boston Port it would probably receive no rail haul in New England. It is true that it might increase the business of the Port of Boston, but it certainly would not help the New Haven in its present need for more business.

As a matter of fact, there is not enough of this traffic for New England points to warrant sending it by shipload to Boston or any other New England port. New York and the territory tributary to it, I am told, can consume a shipload at one time; Boston could not.

PASSENGER BUSINESS.

(7) As to the rate on imported wood pulp. This was a special situation produced through error of a rate clerk. It created an unfortunate stir at one time, but the error if perpetuated would have resulted in all the Trunk Lines refusing to participate with the New England roads in the lower rate from Boston. Consequently, nothing would have been gained by the New Haven or any other road insisting upon maintaining the erroneous rate.

(8) Lastly as to the Trans-Atlantic passenger business. I have little doubt that people in a hurry to get to Europe would be willing to ride a few hours longer on a train in order to save a day or half a day on the water. (As you know the New Haven has reduced its running time between Boston and New York on nearly all of its trains.) This could readily be arranged under present schedules and fares if fast ocean liners would put in at Boston. It is hard to see how our railroads could do much about it unless the Boston authorities can persuade fast liners to stop here. The New England railroads cannot make passenger fares to and from the West lower than their connections are willing to agree to and they certainly could not make them so much lower than the fares to and from New York as to create a demand for a steamship service in Boston in advance of supplying such service by the steamship companies.

It seems to me that there should be an effort made by all interested in endeavoring to obtain fast ocean liners using the Boston Port.

If at any time I can be of any assistance to you or to the members of the Port Authority I hope you will let me know. I certainly want to cooperate in every possible way.

Very sincerely yours,

JOHN L. HALL.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertises for proposals for furnishing and delivering various parts of pupils' furniture. Surety bond will be required in a sum equivalent to \$1,000. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, December 27, at 2 p. m.

Advertises for proposals for making and delivering blueprints for the year 1936. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, December 27, at 2 p. m.

Advertises for proposals for installing a master key lock system in the various schools. Surety bond will be required in the sum of \$1,000. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, December 27, at 2 p. m.

FIRE DEPARTMENT.

Advertises for proposals for laundering the linen of the Fire Department. Surety bond will be required in a sum equivalent to 40 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Fire Commissioner, Bristol street, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, December 20, at 12 m.

HOSPITAL DEPARTMENT.

Advertises for proposals for the extermination of all vermin, excepting rats and mice. Surety bond will be required in a sum equivalent to \$1,000. Blank forms for proposals may be obtained at the office of the Superintendent, 818 Harrison avenue, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, December 18, at 12 m.

OVERSEERS OF PUBLIC WELFARE.

Advertises for proposals for furnishing trucks for cartage. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Board of Overseers, 43 Hawkins street, Boston. Bids, accompanied by certified check in the sum of

\$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, December 26, at 12 m.

PUBLIC WORKS DEPARTMENT (Paving Service).

Readvertises for proposals for removing snow and ice in the several districts indicated in advertisement. Surety bond will be required in a sum of \$10,000 for each area. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$500 for each district, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, December 20, at 12 m.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

Readvertises for proposals for collecting and removing garbage and refuse in East Boston, Brighton, West Roxbury, Dorchester and Hyde Park. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of 5 per cent of the total amount bid for each district, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, December 17, at 12 m.

Advertises for proposals for removing manure from the stables in the various divisions of the Public Works Department. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, December 20, at 12 m.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Advertises for proposals for sewerage works for B and Seventh streets overflow in land of the New Haven Railroad about 1,600 feet south of and parallel to Dover street, South Boston. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$1,200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, December 27, at 12 m.

PUBLIC WORKS DEPARTMENT (Street Lighting Service).

Advertises for proposals for furnishing illuminating gas for street lighting for the City of Boston, excluding Hyde Park, for the term of five or three years. Surety bond will be required in a sum equivalent to \$5,000. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$1,000, to be

filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, December 26, at 12 m.

Advertises for proposals for equipment and the lighting and extinguishing of gas lamps for the City of Boston, excluding Hyde Park, for the term of five or three years. Surety bond will be required in a sum equivalent to \$50,000. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$10,000 to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, December 26, at 12 m.

SCHOOL COMMITTEE.

Advertises for proposals for furnishing groundwood-sulphite writing paper in packages and blocks for the public schools. Surety bond will be required in a sum equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Business Manager, School Committee, 15 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, December 23, at 12 m.

SUPPLY DEPARTMENT.

Advertises for proposals for furnishing cement-lined black steel pipe to the Public Works Department, Water Division. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, December 17, at 12 m.

Advertises for proposals for furnishing turkeys to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, December 18, at 12 m.

Advertises for proposals for furnishing laboratory equipment to the City Hospital. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, December 19, at 12 m.

Advertises for proposals for furnishing one one and one-half to two ton emergency truck to the Water Division, Public Works Department. Surety bond will be required in a sum equivalent to 25 per

cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, December 20, at 12 m.

Advertises for proposals for furnishing to the Water Division, Public Works Department, one one and one-half-ton chassis. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, December 20, at 12 m.

Advertises for proposals for furnishing hay, grain and straw to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, December 20, at 12 m.

Advertises for proposals for furnishing tea to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, December 23, at 12 m.

Advertises for proposals for furnishing butter, eggs, etc., to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, December 23, at 12 m.

Advertises for proposals for furnishing tires and tubes to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, December 23, at 12 m.

Advertises for proposals for furnishing three radio transmitters to the Fire Department. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to

be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, December 24, at 12 m.

Advertises for proposals for furnishing meats to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, December 24, at 12 m.

Advertises for proposals for furnishing fruits and vegetables to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, December 26, at 12 m.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, December 12:

ASSESSING DEPARTMENT.

Albert Soosman, second-assistant assessor, has been promoted to first-assistant assessor, to fill a vacancy, *vice* Henry T. Hartmere, at \$1,700 a year.

BUILDING DEPARTMENT.

Leave of absence without pay has been granted to Francis A. McAdams, building inspector, to begin December 11.

FIRE DEPARTMENT.

The name of Catherine E. Parkes, widow of Frank J. Parkes, a member of the Fire Department, who died on August 21, 1935, as a result of injuries received in the performance of his duty, has been placed on the pension roll at \$1,800 a year, made up of the following allowances:

For the widow, Catherine E. Parkes, so long as she remains unmarried, \$1,000 a year.

For each of the following-named children, during such time as she is under the age of eighteen or over said age and physically or mentally incapacitated from earning \$200 a year:

Mary T. Parkes, Barbara A. Parkes, Catherine E. Parkes, Clare Parkes.

HEALTH DEPARTMENT.

Approval has been given for the permanent appointment of Timothy T. O'Leary as Superintendent of Prisons at \$2,500 a year, effective December 6.

HOSPITAL DEPARTMENT.

Permission has been given for the temporary employment of John J. Fitzgerald and William F. Samson as bakers, for three months, at \$17.50 a week.

Permission has been given for the temporary employment of Edward A. Cass and Louis Davis as kitchen cleaners, for three months, at \$17.50 a week.

The following persons have been employed at the Boston City Hospital for the week ending Thursday, December 5:

To Fill Vacancies.

Permanent.—Anna LaPuck, stenographer, \$12 a week.

Temporary.—John White, orderly, \$16.50 a week; Charles Toye, supervisor, \$32 a week; Edward Cass, Louis Davis, kitchenmen, \$17.50 a week; William Samson, John Fitzgerald, baker's assistants, \$17.50 a week; Mildred Hartman, clerk, \$16 a week; Helen Mullen, cleaner, \$15 a week; Edmond Marks, kitchenman, \$17.50 a week.

The following changes have occurred: Mary McDonough, floor nurse at \$1,500 to \$1,560 a year; Bertha Teplitz, stenographer at \$12 a week to \$1,000 a year; Ruth Brown, tablegirl at \$15 to kitchenwoman at \$16 a week; Sophia Sullivan, floor nurse at South Department to floor nurse at Main; Margaret Barteaux, clerk at \$1,600 a year to supervisor at \$32 a week; Marylouise Hesse, cleaner at \$15 to ward maid at \$15 a week; Elizabeth Conley, ward maid at \$15 to cleaner at \$15 a week; Gertrude Cotter, floor nurse at \$1,500 to \$1,560 a year; Gladys Drake, Lena Garber, Anna Ferraira, special nurses, \$4.50 a day; Thomas McGagh, orderly, \$16.50 a week.

East Boston Relief Station.

Dr. Sydney Ellis, temporary assistant resident surgeon, \$2,000 a year.

Probationers, no pay to \$10 a Month: Elinor Bailey, Anna Baltis, Ruth Barry, Margaret Broodi, Frances Brousseau, Barbara Connolly, Katherine Connors, Auriel Dele, Anna Doherty, Loretta DeBois, Adelaide Duncan, Marjory Ellis, Mildred Feeney, Isabel Gilroy, Margaret Huse, Margaret Lawrence, Malvina Gagee, Elinor Mahn, Sally Makie, Barbara Moore, Lucille Morin, Margaret Morrison, Frances Robinson, Mary Sonther, Emily Sylvia, Agnes Whelan, Alice Prout, Ruth Anderson, Ruth Larkin, Margaret McCarthy, Veronica McLaughlin, Katherine O'Donnell, Rosemary O'Connor, Doris Price, Margaret R. Sullivan, Carmella Colosi, Margaret McDonald, Pearl Gorman, Anna Langley, Marjorie Lanagan, Mary Revnoff, Bessie Shopneck, Mary Welch, Anne McPhillips.

Monthly Nurses, \$12.50 to \$16.67: Jennie Babel, Mae Barden, Mildred Bazin, Virginia Belmore, Christine Byrnes, Catherine DeBourke, Laura Govoni, Florence Hebard, Helen Lavin, Alice Levcowich, Edith Levine, Ethel Sobacz, Eleanor McCarthy, Eleanor O'Donnell, Mildred Perkins, Margaret C. Smith, Alice Travers, Agnes Wall, Katherine Freidlander.

Anna Shea, nurse at \$10 to \$12.50 a month.

South Department.

Geraldine Gardner, Thelma Thayer, nurses (affiliate), \$10 a month; Sarah Bower, floor nurse, temporary, \$1,200 a year; Kenneth Sheldon, William Maguire, kitchenmen, \$17.50 a week; Grace Veacock, head nurse at \$20.71 to \$23.01 a week.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, December 5:

Albert W. Stackpole, assistant engineer (temporary), \$45 a week; Robert Fitzgerald, fireman (temporary), \$41.50

a week; George E. Heels, M. D., interne, \$1,200 a year; John W. Horrigan, laundryman, \$25 a week; Anthony Buresh, choreman, \$17.50 a week; Charles McGinnis, elevator operator (temporary), \$2.50 a day; Clara Williams, James Coveney, maids (patients) (temporary), \$240 a year; Daniel O'Donnell, male nurse (patient) (temporary), \$480 a year.

The following persons have ceased to be employed:

F. W. Rutherford, M. D., interne, \$1,200 a year; William Ryan, elevator operator, \$15 a week; Joseph Mercante, male nurse (patient) (temporary), \$480 a year; John Daly, Michael Connors, maids (patients) (temporary), \$240 a year.

Approval has been given to an increase in the present quota of nurses at the Sanatorium Division from sixty-five general duty nurses at \$1,020 a year to seventy general duty nurses at this same salary.

INSTITUTIONS DEPARTMENT.

The appointment as assistant visiting physicians of Doctors Karl J. Thompson and George W. Lynch, no salary, has been approved.

The following changes were made in the personnel for the week ending Thursday, December 5:

Long Island Hospital.

Appointments: Edward T. L. Wollmann, institution employee, porter, \$526 a year; Julia A. Dolan, institution employee, attendant, \$600 a year; James A. Waldron, institution employee, watchman, \$600 a year, temporary; John McLellan, institution employee, carpenter, \$1,100 a year, on account of transfer of Winfield S. Small; Frank W. Payne, institution employee, helper in laundry, \$526 a year, to succeed Matthew Delaney.

Resignation: Harry G. Jameson, institution employee, attendant, \$600 a year.

Employment Terminated: Christine L. Bishop, staff nurse, temporary, \$960 a year.

Retired: Marie D. Woodward, stenographer, \$1,200 a year, seventy years.

Transfer: Michael J. Craffy, institution employee, porter, \$526 a year, from carpenter's helper at \$600 a year.

Discharges: Alice G. Tuohy, institution employee, waitress, \$316 a year; Margaret H. Pendergast, institution employee, laundress, \$720 a year.

Child Welfare Division.

Appointment: Sadye E. Feingold, clerk and stenographer, \$1,200 a year, temporary, in place of Miss McPeake who is absent, without pay.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the continued provisional temporary employment of the following persons as assistants to social workers, up to and including December 31, at \$1,000 a year; Mary R. Shea, Lillian R. Zilg.

Approval has been given for an extension of the appointment of Mrs. Agnes E. Styles as matron in the Temporary Home for Women.

PUBLIC WORKS DEPARTMENT (Paving Service).

Approval has been given to change the rating of Thomas J. Hannon, from clerk to clerk and street numbering inspector

without change in salary, to take effect December 6, 1935. In conjunction with his duties as clerk of street numbering he is required to make outside inspections regarding the assignments of street numbers to proposed and existing buildings and structures and to investigate complaints of property owners of changes in street numbering. The duties involve considerable detail and are of a clerical and part time inspectional nature requiring him to devote his entire time to the work.

Approval has been given to continue the temporary employment of the following as steam-roller engineers at \$41.50 a week, for thirty days from November 22: Frank P. Kelly, John A. Walsh, William J. Kennedy.

Approval has been given to reinstate Wallace P. Crawford as laborer at \$5 a day in the Hyde Park district, to take effect on December 6.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Approval has been given to transfer James J. Culhane from the Boston City Hospital Department as laborer at \$5 a day to fill a vacancy and to take effect on December 13, 1935.

Approval has been given to continue the temporary employment of John J. Bardon as fireman at \$41.50 a week, for two months: from December 13, to fill a vacancy at the Calf Pasture Pumping Station.

MAYOR MANSFIELD BANS BEANO RACKETEERS.

Upon December 6 the Mayor issued the following statement:

Rumors have reached me that several professional beano promoters are planning to hire halls in various parts of the city, to equip them elaborately with beano paraphernalia, such as loud speakers, electric score boards, and then to let the quarters and the equipment to six different organizations each week. Of course no percentage of the money those promoters receive would go to charity. They would put it all in their own pockets making exorbitant charges for expenses. All religious, charitable, fraternal and veteran organizations are warned that no licenses will be given to conduct beano parties in halls thus hired and equipped. If these promoters care to take chances and go to great expense to fit up such halls that is their lookout, but no license will be granted to them, to the hall itself, or to any organization which may want to hire such a hall from these racketeers.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of April 18, 1935, determining damages caused by the making of the public improvement, consisting of the taking of 1,035 square feet and 2,600 square feet of land for school purposes on Pleasant avenue, be, and the same hereby is, amended, by striking from said order the amounts \$1 and \$1 awarded to Henry J. Maloney and Mary E. Maloney in said order and inserting in place thereof the amount \$600; that the amount \$600 be, and the same hereby is, awarded to Henry J. Maloney and Mary E. Maloney for the damages so sustained.

BOARD OF ASSESSORS DENY CHARGE OF FAVORITISM IN MAKING ABATEMENT DECISIONS— ALL WORK HARD TO EQUALIZE VALUES WITH JUSTICE TO ALL.

The following is a copy of a letter received by the Mayor from the Chairman of the Board of Assessors in Boston:

Boston, December 6, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Regarding complaint that certain taxpayers are getting sizable abatements and others, not so aggressive, not getting any, would say that the assessors have attempted to equalize values—both in the original assessment and also when petitions are filed for abatements, and proportionate reduction on all properties has been their effort.

Reductions in valuations made by the Board of Assessors show a loss between 1929 and 1935 in excess of \$300,000,000.

The charge of favoritism may be dismissed with the comment that the assessors are doing their utmost to arrive at values that are fair and equitable and allow the reductions that, in their opinion, have been justified as the result of decisions by the Board of Tax Appeal, and also considering the experts' reports, the income and other elements that determine value.

If a general level of reductions in real estate should be made, the decrease in valuation automatically results in an increased tax rate and does not mean a reduction in the amount of the tax bill, because decreased valuations mean increased tax rates.

Earnest effort has been made by assessors to make such reductions in value as appear to be justified without reaching the distress sale figures that have prevailed during the period of depression.

Low sale prices have been considered but as each sale carefully analyzed may disclose an unwilling seller forced to accept the best that could obtain in the present distressed market it scarcely represents fair market value.

Vacant properties, some for years, have been a problem for the assessors, and they must estimate, in this type of property, fair rental values. The rentals must of necessity be approximated. It may be that discrepancy occurs in this class of property.

How to value it is not easy.

Very truly yours,

EDWARD T. KELLY,
Chairman.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT (Bridge Service).

Upon December 12 the Mayor approved a contract with T. Stuart and Son Company for rebuilding the Chelsea Street Bridge over Chelsea Creek, P. W. A. Docket No. Mass. 1086.

The following bids were received December 4:

T. Stuart and Son Company, \$629,446.50; V. Bartletta Company, Incorporated, \$684,487; Coleman Brothers Corporation, \$735,523.50; J. F. Fitzgerald Construction Company, \$762,567.10.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon December 12 the Mayor approved a contract with the Roslindale Contracting Company, Incorporated, for sewerage works in Pershing road, West Roxbury.

The following bids were received November 25:

Roslindale Contracting Company, Incorporated, \$2,698.07; Standard Contracting Company, \$2,857.77; National Engineering and Contracting Company, \$3,027.50; Charles Capone, \$3,072.76; The Prompt Contractors, Incorporated, \$3,164; M. DeSisto Company, \$3,203.50; N. Cibotti & Co., \$3,615.08; Roxbury Concrete Construction Company, \$3,749.76; Charles Struzziery, \$4,292.66; T. J. O'Connell Company, \$4,369; Keystone Engineering and Contracting Company, \$4,616; Louis Balboni, Incorporated, \$4,748.

PUBLIC WORKS DEPARTMENT (Water Service).

Upon December 9 the Mayor approved a contract with the Chapman Valve Manufacturing Company for furnishing labor to assemble gates for the Water Service. The following bids were received December 6:

The Chapman Valve Manufacturing Company, \$2,956; McCulloch Manufacturing Company, \$3,295.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing semi-bituminous nut and slack coal for Boston public schools, opened Monday, October 7. Bids were received from the following concerns: City Fuel Company, Metropolitan Coal Company, White Fuel Corporation.

Contract was awarded to White Fuel Corporation, the lowest bidder under date of November 6, 1935, as follows: Dorchester, \$5.58 a ton; Charlestown, \$5.69 a ton; Brighton, \$5.74 a ton. B. t. u. guarantee was 14550. Tabulation follows:

District 5. City Fuel Company,† \$6.52 per ton; B. t. u., 14500; ash, dry coal, 5.5; Metropolitan Coal Company, \$6.52 per ton; B. t. u., 14550; ash, dry coal, 5.15; White Fuel Corporation,*† \$5.58 per ton; B. t. u., 14550; ash, dry coal, 5.61.

District 6. City Fuel Company,† \$6.12 per ton; B. t. u., 14500; ash, dry coal, 5.5; Metropolitan Coal Company, \$6.39 per ton; B. t. u., 14550; ash, dry coal, 5.15; White Fuel Corporation,*† \$5.69 per ton; B. t. u., 14550; ash, dry coal, 5.61.

District 7. City Fuel Company,† \$6.47 per ton; B. t. u., 14500; ash, dry coal, 5.5; Metropolitan Coal Company, \$6.55 per ton; B. t. u., 14550; ash, dry coal,

5.15; White Fuel Corporation,*† \$5.74 per ton; B. t. u., 14550; ash, dry coal, 5.64.

Entire Requirements. Metropolitan Coal Company, \$6.49 per ton; B. t. u., 14550; ash, dry coal, 5.15.

District 5, Dorchester. District 6, Charlestown. District 7, Brighton.

* Contract awarded.

† The prices named in the schedules are subject to any increase or decrease due to (1) any code or regulation approved by Federal Government authority or (2) any change in railroad freight rates or (3) any Federal or State sales tax, if it is found that such taxes apply to purchases of the School Committee.

‡ Above quotation is subject to any regulations of any Government authority, either State or Federal, affecting either labor costs, freight rate, or any other Government regulation, including any effect thereof on prices to be charged by or to us.

The School Committee has approved proposals for furnishing transportation of pupils to dental infirmaries. Bids opened Monday, September 30, were received from the following: C. Bernard Brennan, James J. Davis, Gray Line, Incorporated, James H. Hiscox. Contract was awarded to James H. Hiscox, the lowest bidder, under date of November 21, 1935. Tabulation follows:

Furnishing Transportation of Pupils to Dental Infirmaries.—C. Bernard Brennan, \$20 per bus; James J. Davis, \$18 per bus; Gray Line, Incorporated, \$17 per bus; James H. Hiscox, \$16 per bus.

The School Committee has approved proposals for furnishing upright pianos for Boston Public Schools. Bids, opened Tuesday, October 29, 1935, were received from the following concerns: Chickering & Sons Corporation, C. C. Harvey Company, A. M. Hume Piano Company, Ivers & Pond Piano Company, M. Steinert and Sons.

Contracts were awarded as follows: Chickering & Sons Corporation, \$1,570; M. Steinert & Sons, \$826. Tabulation follows:

Eleven Midget Upright Pianos.

Chickering & Sons Corporation, No. 122561,* Marshall & Wendell, new, \$225; No. 122750, Marshall & Wendell, new, \$225; No. 122751,* Marshall & Wendell, new, \$225; No. 122974, Marshall & Wendell, new, \$225; No. 122975, Marshall & Wendell, new, \$225; No. 122976, Marshall & Wendell, new, \$225; No. 122977,* Marshall & Wendell, new, \$225; No. 122978,* Marshall & Wendell, new, \$225; No. 122979, Marshall & Wendell, new, \$225; No. 155306,* Chickering, new, \$335; No. 155004,* Chickering, new, \$335; discount, 2 per cent, ten days.

C. C. Harvey Company, No. 186823, C. C. Harvey Company, new, \$195; No. 186727, C. C. Harvey Company, new, \$195; No. 186936, C. C. Harvey Company, new, \$195; No. 186938, C. C. Harvey Company, new, \$195; No. 186992, C. C. Harvey Company, new, \$195; No. 186995, C. C. Harvey Company, new, \$195; No. 187000, C. C. Harvey Company, new, \$195; No. 187001, C. C. Harvey Company, new, \$195; No. 187002, C. C. Harvey Company, new, \$195; No. 187003, C. C. Harvey Company, new, \$195; No. 187004, C. C. Harvey Company, new, \$195; discount, 2 per cent, thirty days.

A. M. Hume Piano Company, No. 115923, Huntington, new, \$220; No. 115925, Huntington, new, \$220. Ivers & Pond Piano Company, No. 76237, Poole upright, mahogany, \$205; No. 76402, Poole upright, mahogany, \$205; No. 76405, Poole upright, mahogany, \$205; No. 76408, Poole upright,

mahogany, \$205; discount, 3 per cent, ten days. Above pianos are new, 3 feet 9 inches high.

M. Steinert & Sons, No. 57786,* Jewett, new, \$206.50; No. 57787,* Jewett, new, \$206.50; No. 57788, Jewett, new, \$206.50; No. 57793, Jewett, new, \$206.50; No. 57794, Jewett, new, \$206.50; No. 57795, Jewett, new, \$206.50; No. 57777,* Jewett, new, \$206.50; No. 57779,* Jewett, new, \$206.50; discount, 1 per cent, ten days.

* Contract awarded.
† Purchase order.

SUPPLY DEPARTMENT.

Upon December 7 the Mayor approved a contract with the Trimount Bituminous Products Company for approximately 75 tons asphalt emulsion (quick-setting type) for the Paving Division.

The approximate amount of the contract was \$1,460.25.

Bids, opened October 22, were as follows:

For Surface Treatment and Penetration, to be Delivered and Spread by the Contractor, as Required.

*Approximately 75 Tons Asphalt Emulsion (Quick-Setting Type).—*American Oil Products Company, \$23 per net ton f. o. b. Boston; \$23 per net ton f. o. b. any paving yard; approximate totals f. o. b. any paving yard, \$1,725; Shell Eastern Petroleum Products, Incorporated, \$19.47 per net ton f. o. b. Boston; \$19.47 per net ton f. o. b. any paving yard; approximate totals f. o. b. any paving yard, \$1,460.25; E. S. Sirine, \$29.375 per net ton f. o. b. Boston; \$29.375 per net ton f. o. b. any paving yard; approximate totals f. o. b. any paving yard, \$2,203.13; New England Asphalt and Tar Company, \$19.75 per net ton f. o. b. Boston; \$19.75 per net ton f. o. b. any paving yard; approximate totals f. o. b. any paving yard, \$1,481.25; Trimount Bituminous Products Company, \$19.47 per net ton f. o. b. any paving yard; approximate totals f. o. b. any paving yard, \$1,460.25; American Bitumuls Company, \$24.67 per net ton f. o. b. Boston.

Cash Discount, Ten Days.—American Oil Products Company, 2 per cent; Shell Eastern Petroleum Products, Incorporated, 2 per cent; E. S. Sirine, 2 per cent; New England Asphalt and Tar Company, 2 per cent; Trimount Bituminous Products Company, 2 per cent; American Bitumuls Company, 2 per cent.

Upon December 9 the Mayor approved a contract with the Warren Foundry and Pipe Corporation for cast-iron water pipes and special castings for the Water Service. Bids, opened December 3, were as follows:

Per Ton of 2,000 Pounds.

500 Tons 16-Inch Pipe.—United States Pipe and Foundry Company, \$47.50; Warren Foundry and Pipe Corporation, \$47.10.

500 Tons 20-Inch Pipe.—United States Pipe and Foundry Company, \$47.50; Warren Foundry and Pipe Corporation, \$47.05.

850 Tons 24-Inch Pipe.—United States Pipe and Foundry Company, \$47.50; Warren Foundry and Pipe Corporation, \$47.

17 Tons Special Castings.—United States Pipe and Foundry Company, \$105; Warren Foundry and Pipe Corporation, \$104.

Total.—United States Pipe and Foundry Company, \$89,660; Warren Foundry and Pipe Corporation, \$88,793.

Location of Foundry Where Castings Will Be Made.—United States Pipe and Foundry Company, Burlington, N. J.; Warren Foundry and Pipe Corporation, Phillipsburg, N. J.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with several firms and contractors for supplies, labor, etc. Communications from the heads of the several departments concerned were as follows:

FIRE DEPARTMENT.

BOSTON, December 3, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—One of the boilers in Fireboat Engine 47, "The John P. Dowd," developed a bad leak in the lower section of the back head. Before repairs could be made on this boat, it was necessary to have it inspected by the United States Steamboat Inspectors. This inspection was made on November 25, 1935, and I have been notified by the Steamboat Inspectors that the following work must be done before the inspectors will issue a certificate to allow the boat to go back into full duty:

1. Renew the lower section of the back head up to the fifth row of stays.
2. Renew all stay bolts in this area and also renew defective stays in wrapper sheet.
3. When the section of head is cut out, a more extensive examination is to be made of interior parts for which this office is to be notified.
4. These requirements must be complied with before steam is raised on the boiler.

As this is work of an emergency character and will not permit of delay I immediately obtained prices from two reputable concerns who are qualified to make the necessary repairs, and I submit below the prices received from them.

The Hodge Boiler Works, Sumner street, East Boston, \$2,300 plus an additional charge of \$20 each to replace defective stay bolts.

Bethlehem Shipbuilding Corporation, East Boston, Mass., \$2,375, plus an additional charge of \$20 each to renew defective stay bolts.

The number of stay bolts to be renewed cannot be determined until further examination is made, after the head is cut out.

The prices quoted by each of the above concerns includes all work of removing and replacing gratings, rails, stairs, cabinets, discharge pipes, valves, bed pieces and sister keelsons.

The boiler was originally built by the Hodge Boiler Works in 1909.

I respectfully request your Honor's permission to award this contract, without advertising, to the Hodge Boiler Works, Sumner street, East Boston, for the sum of \$2,300 plus \$20 for each stay bolt to be replaced.

I desire to make this contract without advertising, because in my opinion this work will not permit of any delay. The winter weather will soon be upon us and the boats should be returned to service at the earliest possible moment. The two firms which have submitted figures are two of the most reputable concerns in Boston, and the Hodge Boiler Works are the original builders of the boiler. I feel that nothing will be gained by publicly advertising for bids, and, in my

opinion, the exigency of the service requires immediate action.

Yours very truly,

EDWARD F. McLAUGHLIN,
Fire Commissioner.

HOSPITAL DEPARTMENT.

BOSTON, December 6, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—On November 26, 1935, your Honor approved the award of a contract for alterations and additions to the Power Plant, Boston City Hospital, P. W. A. No. 4207, to the Daniel Cunningham Construction Company, the lowest bidder, in the sum of \$14,680, after public advertising.

The trustees have been advised by the Law Department that this contract should contain a schedule of minimum rate of wages as determined by the Commissioner of Labor and Industries of the Commonwealth, in accordance with the provisions of chapter 461 of the Acts of 1935.

The invitation for bids for the work to be performed under this contract was advertised on October 25, 1935, prior to the effective date of the above act, and did not contain a provision that the contractor comply with the above schedule of minimum rate of wages.

Since the insertion of such a schedule of minimum rate of wages places an additional burden upon the contractor, since the Daniel Cunningham Construction Company was the lowest bidder under the advertisement and in our opinion there is no advantage in further advertising, and since the work under this contract should proceed without further delay in order to complete the P. W. A. project of which this work is a part, it is respectfully requested by the trustees that the contract for this work be awarded to the Daniel Cunningham Construction Company without further advertising.

Yours sincerely,

CARL DREYFUS,
Acting President, Board of Trustees.

BOSTON, December 6, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—On December 3, 1935, your Honor approved the award of a contract for boiler, piping and auxiliary equipment in the Power House, Boston City Hospital, P. W. A. No. 4207, to the J. W. Praught Company, the lowest bidder, in the sum of \$39,700, after public advertising.

The trustees have been advised by the Law Department that this contract should contain a schedule of minimum rate of wages as determined by the Commissioner of Labor and Industries of the Commonwealth, in accordance with the provisions of chapter 461 of the Acts of 1935.

The invitation for bids for the work to be performed under this contract was advertised on October 25, 1935, prior to the effective date of the above act and did not contain a provision that the contractor comply with the above schedule of minimum rate of wages.

Since the insertion of such a schedule of minimum rate of wages places an additional burden upon the contractor, since the J. W. Praught Company was the lowest bidder under the advertisement and in our opinion there is no advantage in further advertising, and since work under this contract should proceed

without further delay in order to complete the P. W. A. project of which this work is part, it is respectfully requested by the trustees that the contract for this work be awarded to the J. W. Praught Company without further advertising.

Yours sincerely,

CARL DREYFUS,
Acting President, Board of Trustees.

BOSTON, December 6, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—On November 26, 1935, your Honor approved the award of a contract for electric generator unit in the Power House, Boston City Hospital, P. W. A. No. 4207, to the M. B. Foster Company, the lowest bidder, in the sum of \$32,318, after public advertising.

The trustees have been advised by the Law Department that this contract should contain a schedule of minimum rate of wages as determined by the Commissioner of Labor and Industries of the Commonwealth, in accordance with the provisions of chapter 461 of the Acts of 1935.

The invitation for bids for the work to be performed under this contract was advertised on October 25, 1935, prior to the effective date of the above act and did not contain a provision that the contractor comply with the above schedule of minimum rate of wages.

Since the insertion of such a schedule of minimum rate of wages places an additional burden upon the contractor, since the M. B. Foster Company was the lowest bidder under the advertisement and in our opinion there is no advantage in further advertising, and since work under this contract should proceed without further delay in order to complete the P. W. A. project of which this work is part, it is respectfully requested by the trustees that the contract for this work be awarded to the M. B. Foster Company without further advertising.

Yours sincerely,

CARL DREYFUS,
Acting President, Board of Trustees.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, November 4, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Referring to my letter to your Honor under date of October 31, regarding the emergency existing at the Quincy Market resulting from the decay and sagging of supporting members on the first floor, I respectfully inform you that on Saturday, November 2d, I ordered the Codman Hill Construction Company to proceed with the temporary shoring of the first floor.

It is impossible at the present time to arrive at an accurate estimate of the cost for doing this work, but I am having a careful check-up made as to quantities of material and labor required to do the work and will shortly be able to supply an outside figure. Owing to the extreme danger, I did not deem it advisable to delay the work and ordered the contractor to proceed immediately to prevent the possibility of a catastrophe occurring in the market.

In consideration of these facts, I respectfully request permission to have the necessary shoring work installed in the first floor of the market by the Cod-

man Hill Construction Company, whose equipment and men are now located in the building.

Respectfully yours,

ROSWELL G. HALL,
Superintendent of Public Buildings.

BOSTON, November 13, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Supplementing my letter of November 4, requesting permission to proceed with the emergency shoring work at the Quincy Market and a copy of which is attached, I respectfully advise you as follows:

At the time of writing the full scope of the work could not be determined, but owing to the extreme emergency existing, I ordered the contractor, the Codman Hill Construction Company, to proceed at a figure to be determined at a later date. Now, after a careful check-up, I am able to write a definite specification for all the necessary work and after consulting with the contractor, a price of \$14,300 has been agreed upon. I therefore respectfully request permission to award a contract to the Codman Hill Construction Company to do the shoring of the first floor framing of the Quincy Market in the sum of \$14,300 without the usual form of advertising.

In connection with this contract, I have to advise you that at the present time there is not sufficient money available in the B-39, General Plant, item of the Public Buildings Department, and I therefore respectfully request that the sum of \$14,300 be transferred from available sources.

Respectfully yours,

ROSWELL G. HALL,
Superintendent of Public Buildings.

BOSTON, December 12, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Your Honor, when informed by me December 6 of the results obtained from bids received for alterations to Quincy Market, approved my recommendation awarding the contract to the low bidder, Daniel Cunningham Construction Company, for \$392,400. This amount is within the construction cost of \$410,000 as approved by the P. W. A. for Federal grant.

A recommendation to this effect was submitted to the P. W. A. and they notified me of their approval in awarding contract to the bidder named, suggesting, however, the advisability of including a deduction of \$17,000 for the canopy on North Market street as stated in Item No. 2 of Proposal, thereby making the net amount of contract \$375,400.

The purpose they had in mind is to set up a larger reserve balance until the reconstruction work progresses sufficiently to show whether any unforeseen difficulties in doing the work may be encountered.

The P. W. A. approved having the city secure an option from the bidder to build this canopy for the additional sum named if notified to do so on or before May 1, 1936. By agreement with the bidder, the date has been advanced to August 1, 1936, which will be to the advantage of the city.

On advice of the City of Boston Law Department, and subject to your approval, this option will be incorporated in the contract documents.

Concurring with the W. P. A.'s suggestion, I respectfully request approval by

your Honor to award the contract for the work mentioned to the low bidder in the sum of \$375,400.

Respectfully yours,

ROSWELL G. HALL,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT (Ferry Service).

BOSTON, December 4, 1935.

To the Mayor of Boston.

The residue of the soft coal used in operating the ferryboats of the Ferry Service consisting of ashes, clinkers, etc., has been removed and carted away daily from the fire room of the boats and disposed of at a dump.

For the past six years the work of removal, etc., has been done by Miss Delia L. Carter, 443 Lubec street, East Boston, under a contract awarded to her without public advertising. The Ferry Service owns two 2-wheeled tip-carts and Miss Carter furnishes two horses, harnesses and two drivers who daily assist in hoisting the ashes, etc., from the fire room while the boats are at dock at the slip depositing said ashes in the tip-carts and then disposing of same. The rate of pay has been \$9 per working day. The work has been done by Miss Carter in a very satisfactory manner and I doubt if a lesser price could be obtained by advertising for the furnishing of two horses, two drivers, etc., daily, and I respectfully request permission be given to award a contract for the year 1936 to Miss Delia L. Carter at \$9 per working day. Miss Carter furnishes all equipment, labor, etc., outside of the two tip-carts, the property of the City of Boston.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

E. R. A. SUPPLY DEPARTMENT.

BOSTON, October 10, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In order that W. P. A. projects may be carried on with as little delay as possible I believe that the purchasing and renting of materials and equipment for these projects should be handled on an emergency basis.

Requisition No. 1, dated October 10, 1935, has been received from the W. P. A. Sewing Department, covering the rental of 445 electric and treadle sewing machines for use on their projects, from October 11, 1935, to December 31, 1935.

Permission is also requested to contract on a rental basis for 205 more machines in addition, in anticipation of future needs, making a total of 650 machines, at a rental price of \$2 a month for each machine.

The rental contract is held by F. C. Henderson Company, the low bidders, and has had several extensions. Inasmuch as the rental price is low and the equipment has proven satisfactory, and 445 machines are now in place, I respectfully request that you approve the award, without public advertising of bids, of a contract of approximately \$3,400.

Respectfully yours,

D. FRANK DODDIER,
Superintendent of Supplies.

BOSTON, December 10, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In order that W. P. A. and E. R. A. projects may be expedited

as much as possible I believe that the purchasing of materials and equipment for these projects should be handled on an emergency basis.

I therefore respectfully request that you approve an award without publicly advertising for bids to the New England Metal Culvert Company for \$1,057.45.

This bid is for a patented proposition to span an arch on Baker street, West Roxbury, Massachusetts. It is made solely by the New England Metal Culvert Company and we were unable to obtain other bids.

George Dakin, Division Engineer of the Sewer Department, was contacted and he stated that a permanent arch would necessitate an expenditure of \$9,000 and that conditions on Baker street did not warrant this expenditure.

I respectfully request that you approve the award.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

BOSTON, December 10, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In order that W. P. A. and F. E. R. A. projects may be carried on with as little delay as possible I believe that the purchasing of material and equipment for these projects should be handled on an emergency basis.

I therefore respectfully request that you approve an award, without publicly advertising for bids, to the Quincy Sand and Gravel Company for two hundred tons of crushed stone or gravel and two hundred and fifteen tons of washed sand on Project No. 196-65-14-3053, and one hundred tons of crushed stone and gravel and seventy-five tons of washed sand on Project No. 261-65-14-4317. The total price is \$1,449.60 less 2 per cent, and the quantities will be approximate. The price for all crushed stone or gravel must include lighterage to Long Island, unloading of same at Back Wharf and delivery of same to each particular site on the island. The firms having contracts for delivery of sand and gravel for the City of Boston are not in a position to supply this material under their contract or outside of their contract. The following bids were received:

Quincy Sand and Gravel Company, \$1,449.60 less 2 per cent; Boston Sand and Gravel Company, \$1,536.50 less 2 per cent.

Inasmuch as these two concerns are the only firms doing this type of work they are in consequence the only bidders.

Bids were opened publicly on December 7, 1935, both concerns being represented at the opening. Quincy Sand and Gravel Company was the low bidder.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

MAYOR MANSFIELD TURNS ASIDE REQUEST TO BE CANDIDATE FOR GOVERNOR OR SENATOR — WANTS TO CONCENTRATE ENGERIES ON SERVING CITY OF BOSTON AS MAYOR SO THAT JOB MAY BE WELL DONE — DUTIES OF OFFICE TOO EXACTING TO PERMIT DIVERSION OF ENERGIES.

Upon December 6 the following communication was made public by the Mayor:

BOSTON, December 6, 1935.

HENRY J. DIXON, *President, Franklin D. Roosevelt Club of Massachusetts*, 45 Milk Street, Boston.

DEAR SIR,—I have your letter of November 30 in which you urge me to be a candidate for Governor or Senator in order to oppose the candidacy of Governor Curley for either of these positions. I appreciate the honor you have done me in suggesting my candidacy for either of these high offices but, at the moment, I am not greatly attracted by your suggestions.

I have a job now. I want to do that job well and to that end must concentrate all my thoughts and energies on it, which I could not do if I were a candidate for some other public office. And the job requires constant vigilance and effort.

It must have been easy to be Mayor of Boston a generation ago. Comparing the duties of the position with what they are today, it must have been, comparatively, merely child's play to be Mayor of the City then. The city debt was \$40,693,352.72 in 1896 compared to \$130,842,267.34 in 1935. Borrowings were conservative, and life was easy for everybody. But in more recent years apparently the brakes were released and the city, during a period of reckless expansion, has been coasting with ever-increasing speed with disastrous results. What used to be, and ought to be now, a comparatively simple task has become most difficult and arduous. The tax rate is doubted—bad enough when times are good but a heavy burden during times of depression.

Some of my predecessors in office sowed the wind and we are now reaping the whirlwind. And most of the burden and the difficulties that confront me as Mayor have been inherited from former administrations—especially from the last administration of former Mayor Curley. In order to pay off interest and principal on all former borrowings, the taxpayer is today paying about \$6.75 and it represents that much in the present tax rate

of \$37. And of that \$6.75 approximately \$3.25 was incurred during former Mayor Curley's last administration—almost 50 per cent. When he became Mayor in 1930 the city debt was \$102,176,784.81, and there was a cash surplus in the treasury of \$884,635.88. Four years later, when I took office, the city debt was \$135,815,273.14, an increase of \$33,638,000, or about 33½ per cent, and there was a cash deficit of \$13,617,240.77. In 1930 the total amount spent for welfare was \$3,811,023.68. Four years later, at the beginning of my administration, it was \$13,348,157.12, and now amounts to about \$12,000,000. Many of the persons on the welfare were former taxpayers who, through the depression and high taxes, the result of reckless spending, lost their homes.

Business at the present time is getting better but our welfare problem is no easier of solution and the difficulty of finding money to defray municipal expenses is greater than ever.

I could cite many other burdens and perplexing problems that confront me as Mayor of the City of Boston, but these few will suffice to show the condition in which my predecessor left the city and the struggles which we are now having to bring about better conditions. We shall succeed, but it will be a slow and gradual progress. We are borrowing now at a lower rate than the city ever enjoyed before—a circumstance which gives me great encouragement. I am striving to keep the taxes down and at the same time provide enough revenue to run the city properly. I think the people want me to continue on that job at least until conditions have improved and city affairs are established upon a sounder basis.

Until that result shall have been accomplished I shall not allow my attention to be diverted by political ambitions to fill any other office.

Conditions and circumstances may change and my mind may change, but at the moment I beg to assure you that I am not a candidate for any political office.

Yours truly,

FREDERICK W. MANSFIELD, *Mayor.*

ADDITIONS TO CONTRACTS.

Matthew Cummings Company, contractor for Surgical Operating and Ward Building, has been instructed to add to the contract the sum of \$5,363.62 for constructing parking area as indicated on drawing No. 89. Work involves excavation and backfilling, new drains and catch-basins, and the construction of reinforced concrete pavement with concrete curbs. Original contract, \$1,182,458.08; corrected contract, as per order No. A-1841, \$1,196,845.47; now added, \$5,363.62; corrected contract, \$1,202,209;

total added, \$26,072.01; total deducted, \$6,321.

Matthew Cummings Company, contractor for Surgical Operating and Ward Building, has been instructed to make no change in contract price for removing metal plaster bead installed on walls of rooms where glass dadoes occur and extend plaster walls down to top of glass dado. Substitute Portland cement plastering to height of lead lining on walls of X-Ray rooms instead of barium plaster as specified. Original contract, \$1,182,458.08; corrected contract, as per order No. A-1840, \$1,196,845.47; total added, \$20,708.39; total deducted, \$6,321.

APPEAL MADE BY AUDITOR FOX TO HEADS OF DEPARTMENTS TO COOPERATE WITH AUDITING DEPARTMENT IN SPEEDING CLOSING OF ACCOUNTS AND APPROPRIATIONS FOR YEAR — INSTRUCTIONS ISSUED AS A MEANS TO FACILITATE WORK.

The Mayor has approved issuance of the following by the Auditing Department.

BOSTON, December 11, 1935.

To Department Officials and Employees.

The following instructions relating to the closing of the financial records for 1935 are submitted for your consideration and information. It is requested that these instructions be brought to the attention of all employees assigned to budget and appropriation work.

CLOSING 1935 ACCOUNTS.

In order to assure a prompt closing of the accounts of the current fiscal year, this office will stop, at the close of business on December 24, certifying orders as proper charges against 1935. This rule will be rigidly enforced, except where it is plainly evident orders cover extreme emergencies. This means that in the next ten days departments must anticipate their requirements for the balance of 1935, and, in the case of purchases through the Supply Department, arrange to send their requisitions to this latter department on or before December 21. All orders issued subsequent to December 24 should be charged to the 1936 budget.

INCOMPLETE ORDERS.

Any orders on which deliveries or services have not been completed on December 31 must be canceled and new orders issued against 1936 to cover the unfilled portion. The new orders should be plainly marked on their face to indicate that they cover unfilled portions of 1935 orders. These orders should be issued on or before January 1, 1936, wherever possible. This rule will apply to regular as well as special appropriations. Cancellation notice to the Auditing Department may be made by returning the Receiving Notice copy with a notation thereon as to the portion of the order to be canceled.

FINAL PAY ROLLS.

The pay roll week ending January 2, 1936, will be a split or divided week, in that for *salaried employees* five days will be charged to the December 31, 1935, supplementary draft, and two days against the January 31, 1936, draft, and for *weekly or per diem employees*, four days will be charged to the December 31, 1935, supplementary draft, and two days will be charged to the January 31, 1936, draft. This split or division must be indicated on the pay roll and budget sub-division sheets, and two separate sets of pay roll requisitions must be submitted to the Auditing Department covering each period.

DECEMBER 31ST SUPPLEMENTARY DRAFT.

The "dead line" for submitting invoices or pay rolls to be paid on the December 31, 1935, supplementary draft has been fixed as January 11, 1936. Positively no bills or pay rolls chargeable against 1935 will be received after that date to be included in the final draft of the year.

To facilitate the handling of the final draft, the larger departments of the city

are requested to submit, from time to time, between the sixteenth of December and the eleventh of next January, any substantial number of invoices that represent proper charges against the fiscal year 1935. Each batch of invoices submitted should, of course, be accompanied by the usual requisitions and sub-division sheets.

Under the new disbursement system when the December 31st supplementary draft is closed, every order issued during 1935 and applicable to the accounts of the current year should be closed out. This may be accomplished in one of two ways, by submitting for payment invoices resulting from the issuance of orders, or by cancellation of those orders on which deliveries were not made. The cancellation of inactive orders has been discussed in a previous paragraph. In so far as invoices are concerned, it is suggested that where vendors are tardy or remiss in submitting invoices that immediate contact be made with such vendors and the contacts repeated until any missing invoices are actually in possession.

MISCELLANEOUS.

1. Receiving notices when returned to the Auditing Department should bear complete and detailed information concerning the delivery or service involved. In the absence of proper detail, payment of the invoice is very likely to be held up. Much valuable time may be saved to all concerned if the receiving notices are prepared in proper fashion.

2. When a notice is received from the Auditing Department to the effect a budget item is overdrawn or over-encumbered, immediate steps should be taken either to cancel the order involved or provide a transfer to remedy the condition. Delay at this point merely results in the order being held in suspense in the Auditing Department files.

3. Departments should endeavor to anticipate in advance of December 31 their transfer needs. Any transfer requests made after this date and applicable to 1935 should bear the date December 31, 1935.

4. Departments issuing Service Orders chargeable to 1936 should start a new series of numbers, viz., the first order for 1936 should be numbered 1, and so on.

5. Departments should secure at once from the Printing Department a supply of the new Weekly Rate Table for Leap Years. This table will apply to all pay rolls submitted during 1936 where compensation of annual salaried employees who elect to receive their pay in weekly installments is involved. This table must be used in figuring the two days in 1936 which will appear on the "split" pay roll for the week ending January 2, 1936.

6. The fact it may be evident now that departments are going to have unexpended balances at the close of the year in certain appropriations does not warrant attempts to utilize these balances, through

transfer, to purchase new equipment or supplies. Any equipment bought at this late date will have little, if any, use in 1935, and, therefore, does not represent a proper and legitimate charge against this year. Because of heavy W. P. A. demands it will be necessary to conserve unexpended balances for use in meeting the cost of materials and supplies required on projects of this character.

7. Invoices covering telephone, gas and electricity charges, where the monthly period for rendering of bills varies, should be submitted to the Auditing Department with the closing date nearest to December 31, in order to assure their being placed on the supplementary draft. Bills received from public service corporations after January 10, 1936, and covering charges for a portion of December, 1935, should be included on the January 31, 1936, draft.

8. At the present time this office is clearing all orders which it receives and for which sufficient appropriations are available within forty-eight hours. In no sense can the new disbursement system be charged with any undue delay which may attend the issuance of orders.

9. Any invoices submitted for payment in the December 31st draft and representing charges of a recurring nature should be supported by a recurring charge notice. In other words, two recurring charge notices may be required in December, one covering bills submitted on the regular draft, and one on the supplementary draft.

Very truly yours,

CHARLES J. FOX,
City Auditor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Welton road, West Roxbury district, as a highway, from La Grange street southwesterly, bounded and described as follows:

A highway named Welton road is hereby laid out, from La Grange street southwesterly for a distance of approximately two hundred and fifty feet, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northeasterly by La Grange street, forty-one and 61 100 feet, southeasterly by the southeasterly line of said Welton road, as hereby laid out, two hundred forty-six and 70 100 feet; southwesterly by the southwesterly line of said Welton road as hereby laid out, forty feet; northwesterly by the northwesterly line of said Welton road as hereby laid out, two hundred fifty-eight and 45 100 feet.

Vote. That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Welton road, West Roxbury district, as a highway, from La Grange street southwesterly for 250 feet, under the order of the Board of December 4, 1935, and awards no damages therefor.

BUILDING PERMITS ISSUED DECEMBER 5 TO DECEMBER 11.

POLICE DEPARTMENT ORDERS.

General Order No. 121.

A trial board consisting of Captains Fallon, Kavanagh and Mulrey, having heard by reference a complaint made by Thomas M. Towle, captain, Division 2, against Edward W. Crickard, patrolman, Division 2 for alleged violation of Rule 41 of the Rules and Regulations of the Police Department, to wit:

Charge: Violation of the auto law, to wit—Operating a motor vehicle negligently so that the lives and safety of the public might be endangered.

Specification: In that on March 30, 1935, Patrolman Edward W. Crickard, while not on duty and not in uniform, was operating an automobile in Burlington, Mass., that was involved in an accident with an automobile owned and operated by Leon W. Richardson of 30 Hawthorne road, Lowell, Mass. Patrolman Crickard was tried and found guilty before a jury in the East Cambridge Middlesex Superior Court on October 31, 1935, and sentenced to pay a fine of \$50, Judge Richard Walsh presiding,—

has submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, finds the said Patrolman Edward W. Crickard guilty as charged and respectfully recommends that the complaint against the said Patrolman Edward W. Crickard be placed on file."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the complaint against the said Patrolman Edward W. Crickard be placed on file.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 122.

It gives the commissioner great pleasure to publish the following letter for the information of the department:

THE COMMONWEALTH OF MASSACHUSETTS.

DEPARTMENT OF CORRECTION,
STATE PRISON, CHARLESTOWN,
December 3, 1935.

MR. EUGENE McSWEENEY,
Police Commissioner.

MY DEAR COMMISSIONER,—I just want to take this opportunity to thank you for the quick action of your officers in responding to the emergency call we sent you. It shows the efficiency of your department at a time when it is needed most.

Your superintendent, Martin H. King, Deputies Anderson, Livingston and Clafin, Captain Killen and Captain Mullen, Lieutenant-Inspector John F. McCarthy, and others of your officers rendered me a very valuable service; and the efficient manner in which Lieutenant Tiernan, Sergeant Tiernan and Sergeant Miller, and other officers whose names I do not recall, conducted the investigation of our break, deserve the commendation of my office.

May I again thank you sincerely and heartily for this very great service rendered me by your department.

Very truly yours,
FRANCIS J. W. LANAGAN,
Warden.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 123.

It gives the commissioner great pleasure to publish the following letter for the information of the department:

THE COMMONWEALTH OF MASSACHUSETTS,
DEPARTMENT OF PUBLIC SAFETY,
COMMONWEALTH PIER,
BOSTON, December 3, 1935.

HON. EUGENE M. McSWEENEY,
Police Commissioner.

MY DEAR COMMISSIONER,—Please permit me to add my congratulations to the many which you must already have received for the splendid work which the officers of the Police Department of the City of Boston did in apprehending the escaped inmates from the State Prison at Charlestown.

It certainly was an exhibition of swift, coordinated police effort.

With kindest regards and best wishes,

Sincerely yours,

PAUL G. KIRK,
Commissioner.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 124.

A trial board consisting of Captains Campbell, Killen and Towle, having heard by reference a complaint made by Thomas F. Gleavy, captain, Division 17, against Thomas J. Manning, patrolman, Division 17, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer. Specification: Intoxication while on duty. In that about 10.45 p. m., Thursday, November 28, 1935, while on street duty and in uniform, the said Patrolman Thomas J. Manning was under the influence of intoxicating liquor to such an extent as to render him unfit for police duty,—has submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, accepts the plea of guilty. In view of the fact that this is the first appearance of Patrolman Manning before a trial board during his sixteen years of service in the department, the recommendation of his commanding officer, and Patrolman Manning's promise to the Board that he will refrain from the use of liquor in the future, the Board respectfully recommends that Patrolman Manning be suspended from duty for a period of ten days effective as of November 29, 1935, at 5.45 o'clock p. m., and that at the expiration of the said period of suspension the said Patrolman Manning be ordered to perform 105 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Thomas J. Manning be suspended from duty for a period of ten days effective as of November 29, 1935, at 5.45 o'clock p. m., and that at the expiration of the said period of suspension the said Patrolman Thomas J. Manning perform 105 hours of punishment duty.

Civil Service Rule 23, section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

Section 3. With the consent of the Commissioner upon good cause shown, an appointing officer may reinstate in the same position or in a position in the

same class and grade, any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause."

The Superintendent of Police will promulgate this order

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 125.

Patrolman David F. Caswell of Division 4, having performed faithful service in the Police Department for sixteen years, and it appearing to the Police Commissioner that the said Patrolman Caswell is permanently disabled, and that his disability is not due to injuries received in the performance of his duty as a police officer; it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Patrolman Caswell be retired from active service under the provisions of chapter 178, Acts of the year 1887, and that his name be placed upon the department pension roll with pay at the rate of seven hundred (700) dollars per annum, being one third of the amount of compensation received by him in the office from which he is retired; to take effect at 7.45 o'clock, a. m., Monday, December 9, 1935.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

CIVIL SERVICE EXAMINATIONS.
(STATE.)

FISH AND GAME WARDEN, DEPARTMENT OF CONSERVATION, JANUARY 11, 1936.

Last date for filing applications, Saturday, December 28, 1935, at 12 noon.

The minimum salary is \$1,440 a year and uniform; the maximum salary is \$2,040 a year and uniform.

Duties: Under direction, to patrol the forests, streams and coast borders of an assigned area and prevent violations of the fish and game laws; to keep watch for forest and field fires; report such fires and endeavor to extinguish them, and to perform related work as required.

Applicants must be not less than twenty-five nor over thirty-five years of age at the time of filing application, not less than 5 feet 7 inches in height, and weigh not less than 135 pounds without clothing. A certificate of date of birth must be filed with the application when one has been filed with a previous application.

Subjects and Weights: Training and experience (2); practical questions (2); identification of game birds and fish (1); total (5).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical Tests to be determined by physical examination and strength test. Educational test (4); Physical test (1); total (5).

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

TELEPHONE OPERATOR, JANUARY 11, 1936.

Last date for filing applications, Saturday, December 28, 1935, at 12 noon.

This examination is open to both males and females.

This examination is to establish a list for telephone operators for State service, as well as for cities and towns under Civil Service. The minimum salary, with maintenance, for State service is \$480 a year; the maximum salary, with maintenance, for State service is \$900 a year.

The minimum salary, without maintenance, for State service is \$840 a year; the maximum salary, without maintenance, for State service is \$1,260 a year. The salaries in the various cities and towns range from \$12 to \$18 per week.

Subjects and Weights: Training and experience (10); memory tests (3); practical questions (7); total (20).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

FIRE DEPARTMENT ORDERS.

General Order No. 54.

I. CHARITABLE ASSOCIATION OF THE BOSTON FIRE DEPARTMENT.

The attention of the members of the Charitable Association of the Boston Fire Department is called to the fact that the election of trustees will be held on Monday, December 16, 1935. Ballots have been distributed and should be returned to the secretary, George F. Frazier, Ladder Company 3, before 1 p. m., Monday, December 16, 1935.

II. BOSTON AUTOMATIC FIRE ALARM.

A new assignment card for the Boston Automatic Fire Alarm Book, page 12, is being issued to the department today. The new card is dated December 7, 1935, and is to replace the card dated April 2, 1935. Company commanders will return the old cards in the envelopes provided, on or before Monday, December 16, 1935.

The following correction is to be made on the assignment cards of the Boston Automatic Fire Alarm:

Signal No. 622—Nearest city box should read 13-1443 instead of Box 1463.

Signal No. 243—Nearest city box should read 1463 instead of Box 1461.

III. AMERICAN DISTRICT TELEGRAPH ASSIGNMENT CARDS.

The following correction is to be made on the assignment cards of the American District Telegraph Company:

Signals Nos. 45-58-59-69—Nearest city box should read 13-1443 instead of Box 1463.

IV. COMMENDATIONS.

Hoseman William P. McMorrow of Engine Company 50 is hereby commended for responding to and working at fire, Box 6164, December 5, 1935, while off duty. Hoseman McMorrow discovered this fire and assisted in holding it in check until the arrival of the apparatus.

Aide to Chief of Department Thomas F. Kilduff and Hoseman Harold B. Goff of Engine Company 12 are hereby commended for responding to and working at fire, Box 2522, December 4, 1935, while off duty.

Hoseman James F. Mahoney of Engine Company 8 is hereby commended for responding to and working at fire, Box 6134, two alarms, December 6, 1935, while off duty.

Apparatus Operator John F. H. Fox of Engine Company 19 is hereby commended for responding to and working at fire, Box 3582, December 6, 1935, while off duty.

Ladderman Walter L. Sullivan of Ladder Company 8 is hereby commended for responding to and working at fire, Box 2375, December 7, 1935, while off duty.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

EXTENSION OF CONTRACT.

PUBLIC WORKS DEPARTMENT (Paving Service).

A. R. Doyle, Incorporated, has been granted an extension of the time of completion of the contract for sheet asphalt pavement in Beaver place, from Embankment road to Beaver street, city proper, dated November 14, 1935, from November 15, 1935, to December 7, 1935, twenty-two days.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 2, 1935.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair. Absent, Coun. Murray.

JURORS DRAWN.

Jurors were drawn, Coun. ROBERTS presiding at the box in the absence of the Mayor, and Coun. GALLAGHER in the chair, as follows:

Twenty-two grand jurors, Superior Criminal Court, to appear January 6, 1936:

Thomas M. Fitzpatrick, Ward 1; Christ E. Johnsen, Ward 1; Louis J. Mitchell, Ward 1; Alfred Dotoli, Ward 3; James D. Alexander, Jr., Ward 4; Chester P. Henley, Ward 5; Michael J. Kelley, Ward 5; Russell C. Grant, Ward 7; John J. Donahue, Ward 8; George F. Quinton, Ward 8; Isaac M. Weil, Ward 11; David H. Nichols, Ward 12; Everett C. White, Ward 12; George C. MacLeod, Ward 16; John J. O'Neil, Ward 17; Joseph F. Wolff, Ward 17; Donald J. Ferguson, Ward 19; John H. Watson, Ward 19; Damon W. Cameron, Ward 20; James H. Holland, Ward 20; John G. Roberts, Ward 20; Charles H. Windhorn, Ward 20.

Seventy-one traverse jurors, Superior Criminal Court, to appear January 6, 1936:

George D. Alioto, Ward 1; Joseph Dell Orfano, Ward 1; John E. Vargus, Ward 1; Edward F. Callahan, Ward 2; Matthew J. Dunleavy, Ward 2; Harold F. Lee, Ward 2; James A. McCaig, Ward 2; Frank B. McGowan, Ward 2; James J. Murray, Ward 2; Joseph P. Graham, Ward 3; Daniel Tironi, Ward 3; George A. Edwards, Ward 4; Oscar S. Bauer, Ward 5; Harry S. Bradman, Ward 5; George M. Flaherty, Ward 6; Fred Morse, Ward 6; John F. Troy, Ward 6; Mortimer Bromberg, Ward 7; William F. Mahoney, Ward 7; Edwin H. Rae, Ward 7; Hugh J. C. Burns, Ward 8; Edward J. Donovan, Ward 8; George A. Hull, Ward 8; John W. Pyne, Ward 8; Robert Neil Revens, Ward 8; Charles H. Sanderson, Ward 8; William Campbell, Ward 9; John J. Cronin, Ward 9; William H. Sullivan, Ward 9; Phileas O. Clement, Ward 10; Cornelius F. Donovan, Ward 10; Anthony E. Treano, Ward 10; Thomas J. Donohue, Ward 11; Harry U. Mulholland, Ward 11; Carl P. Stone, Ward 11; William J. Doherty, Ward 12; Charles A. Ceppi, Ward 13; James J. Kelley, Ward 13; Frank L. Tucker, Ward 13; John F. Boland, Ward 14; Edward D. Wilson, Ward 14; Arthur Henry, Ward 15; Harold F. Hill, Ward 15; John R. McLean, Ward 15; Guy S. Day, Ward 16; Henry John Fogel, Ward 16; Stephen F. Maloney, Ward 16; William C. McDermott, Ward 16; Daniel T. O'Connor, Ward 16; Paul S. Brickman, Ward 17; Edward A. Clough, Ward 17; Henry L. Nye, Ward 17; James Anderson, Ward 18; Ambrose J. Claus, Ward 18; Ralph J. Mulliken, Ward 18; Harold T. B. Svendsen, Ward 18; Charles W. Cummings, Ward 19; William D. Foley, Ward 19; Andrew R. Jordan, Ward 19; Michael Skelly, Ward 19; Clarence H. Gilman, Ward 20; Philip W. Livingston, Ward 20; George W. Pottle, Ward 20; James E. Watson, Ward 20; Llewellyn S. Bolton, Ward 21; John H. Booth, Ward 21; Frederick Westing, Ward 21; Lester E. Ballou, Ward 22; Edward L. Butler, Ward 22; Henry L. Martin, Ward 22; John F. Wagner, Ward 22.

Eighty-two traverse jurors, Superior Civil Court, to appear January 6, 1936:

Walter A. Bacigalupo, Ward 1; James A. Dunphy, Ward 1; Joseph E. Lang, Ward 1; William F. Murphy, Ward 1; Joseph C. O'Donnell, Ward 1; Joseph Palladino, Ward 1; John E. Pomeroy, Ward 1; Carmen Selvella, Ward 1; John A. Toomey, Ward 1; Cornelius F. Daley, Ward 2; Dennis H. McGonagle, Ward 2; Daniel F. McKenna, Ward 2; William P. Shea, Ward 2; Jasper Stone, Ward 2; Joseph A. Greene, Ward 3; Raffaele Latorella, Ward 3; Abraham Miller, Ward 3; John Roche, Ward 3; Henry J. Gaughran, Ward 4; James S. Hapgood, Ward 4; John H. Riley, Ward 4; Alfred K. Drury, Ward 5; Harry L. Hind, Ward 5; Edwin M. Winslow, Ward 5; Joseph Dearden, Ward 6; James Donovan, Ward 6; Cornelius J. Keeley, Ward 6; Thomas F. Smallcomb, Ward 6; John H. Dineen, Ward 7; John L. Dwyer, Ward 7; John J. Keenan, Ward 7; Robert E. Adler, Ward 8; James C. Connor, Ward 8; John F. Cunningham, Ward 8; George L. Irv, Ward 8; Irving Herbert, Ward 9; Henry L. Lender, Ward 10; Laurence F. Normile, Ward 10; Maurice F. O'Brien, Ward 10; Carroll W. Williams, Ward 10; John O. Clark, Ward 11; William E. McMann, Ward 11; Benjamin Ludwig, Ward 12; Francis C. McCarthy, Ward 12; Oscar F. Whitney, Ward 12; Michael Burke, Ward 13; Lawrence B. Holler, Ward 13; George W. Lee, Ward 13; James V. Lomasney, Ward 13; William D. O'Neil, Ward 13; John F. Sexton, Ward 13; Joseph J. Ellis, Ward 14; Benjamin Eyges, Ward 14; Edward D. French, Ward 14; Morris Abraham Gottler, Ward 14; Joseph Jacobs, Ward 14; Harry Klein, Ward 14; Hyman Lewis, Ward 14; Jeremiah J. Long, Jr., Ward 14; Arthur W. Meeken, Ward 14; William P. Stanton, Ward 15; William R. Kee, Ward 16; Thomas Joseph Walsh, Ward 16; Charles W. Barth, Ward 17; William C. Burdick, Ward 17;

William J. Davis, Ward 17; Ernest L. Felch, Ward 17; Campbell C. Preble, Ward 17; Ernest A. Seeley, Ward 17; Arthur Stanley Wright, Ward 17; Horace N. Case, Ward 18; Jacob Dubb, Ward 18; Homer H. Hanscom, Ward 18; Milton Steinert, Ward 18; Roderick H. Eldridge, Ward 19; Henry F. Bindbeutel, Ward 20; John S. Martin, Ward 20; William H. Shumway, Ward 20; Henry T. Smith, Ward 20; Leonard M. Sprague, Ward 20; Warner D. Whittemore, Ward 20; Clarence A. Knights, Ward 20.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.:

Constables, to serve civil process upon filing bond: John M. McCushing, 19 Myrtle street, Boston; Leo Justin Morrissey, 111 Magnolia street, Boston; Almerindo Sarno, 1 Cedar square, Boston; Robert Lynch, 86 Bowdoin street, Boston.

Weighers of Coal: Jay R. Condon, 10 School street, Dorchester; Frederick B. Greer, 12 Arundel street, Boston; Allan W. Smith, 483 Newport avenue, Wollaston.

Severally laid over a week under the law.

DUMPING AT COLEMAN'S LEDGE.

The following was received:

City of Boston,
Office of the Mayor, December 2, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Health Commissioner and a report of Dr. Victor Safford, Deputy Commissioner, relative to your order of November 12, 1935, concerning the dumping of silt on the property known as Coleman's ledge, Calumet street, Roxbury.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Health Department, November 30, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—Your memorandum, dated November 25, inquiring order of the City Council, dated November 12, 1935, regarding "dumping of silt on the property known as Coleman's ledge," has been received.

I herewith submit a copy of report from Dr. M. Victor Safford, Deputy Commissioner of the Sanitary Division, stating that there is no cause for action by the Health Department, under statutes, ordinances or regulations.

Yours respectfully,

F. X. MAHONEY, M. D.,
Health Commissioner.

Boston, November 20, 1935.
To: Health Commissioner.
From: Dr. M. Victor Safford, Deputy Commissioner, Sanitary Division.
Subject: Vacant Land Adjoining Tremont and St. Alphonsus Streets.

During the past three months threatening demands have been made on the Health Department that it "do something" about the vacant land adjoining Tremont and St. Alphonsus streets in Roxbury. These demands have necessitated reports from us to his Honor the Mayor.

The reasons why the Health Department has been expected to "do something" may be summed up in the words of a complainant who described the vacant land as "unsightly."

This word "unsightly" may be justifiably applied to this vacant land. It was once a high ledge, now largely cut away to provide stone for construction work, and the land shows evidence of its former industrial use, although the stone crushers and all other buildings have been removed. A general appearance of untidiness is accentuated by the use of the property by its owners for the storage of loam and other clean material, rubble, etc., and stone, which have been deposited in heaps here and there. Considerable scrap iron is also to be seen scattered about. The land is used as a playground for children and, like every other vacant lot in the city, open to trespassers. Litter of various sorts is deposited or is blown there and calls for removal from time to time.

There is not and never has been any condition on this vacant land of the remotest interest from point of view of public health nor has there ever been any condition on the land which has given rise to offensive smells or to any nuisance except in so far as "unsightliness" is to be regarded as a nuisance.

Both before and since the agitation about the "unsightliness" of this tract of vacant land averted, we have from time to time taken measures to have litter cleaned up. We have even gone further and entirely beyond our official function, and by persuasion have succeeded in having the land made somewhat less untidy in appearance, but we have not gone so far as to attempt to interfere with the right of the owners to keep heaps of marketable clean filling or stone on their property or scrap iron worth currently \$15 a ton, or more than an adequate coal.

During the past week we have begun to receive complaints of an entirely new character about the vacant land, demanding that we stop the dumping

there of material taken from the locality where an overpass is being constructed over the Muddy river at Huntington avenue.

In a complaint to his Honor the Mayor, and referred by him to the Commissioner of Public Works, the following specific allegations are made:

1. River silt in a semi-liquid state is being hauled in trucks from the Muddy river along Huntington avenue and Tremont street, up St. Alphonsus street, and then about 300 feet to the westward along the southern boundary of this vacant land where it is dumped over the edge of the cliff down about 50 feet into a crater-like depression in the general level of the land below. In making this journey, the trucks leave an objectionable trail of mud along the streets.

2. That the semi-liquid silt being dumped over the cliff contains a mixture of various sorts of offensive material.

3. That the material being dumped has an offensive odor, which makes it a nuisance to the neighborhood.

4. That this material has brought rats into the vacant land.

5. That the material being dumped is offensive to the sight.

6. That the transportation of this river silt and its dumping on this vacant land constitute a danger to public health.

I, personally, as well as Supervisor Michael T. Harrington, have made repeated visits to this locality and have made a careful investigation of conditions during the past week.

From my own investigation, I will make the following answers to the above-specified allegations:

1. The transportation of this semi-liquid river silt does leave a muddy trail along the streets, but it is not material for the transportation of which a permit from the Health Department is required under section 31A of chapter 111 of General Laws or chapter 28 of the Revised Ordinances. The matter of transportation, therefore, does not come within the jurisdiction of the Health Department.

Neither the material nor its muddy trail is of any interest from point of view of public health.

The material being dumped is pure river silt. A careful examination of the material which has been dumped shows no admixture of anything else whatever which could possibly serve as a reason or an excuse for requiring the owners of the property to obtain a "dump permit," under sections 10, 11 or 14 of chapter 39 of the Revised Ordinances.

The material being dumped has no odor whatever. I was unable to detect the slightest odor either upon the edge of the cliff or down below where the material is dumped and I walked all about and on the material for this purpose, putting my nose down within two feet of the fresh semi-liquid silt and the dried-out firm material as well. Although dumped in a semi-liquid state, the water rapidly evaporates or settles down so that within a few days the material becomes firm enough to walk on. In my opinion no better kind of "clean fill" could be found for filling in this depression which has collected standing water in the spring and probably has served as a breeding place for mosquitoes and other insects.

This material contains no food for rats. A rat could not find enough food for a meal on this whole tract of vacant land, and there is no inducement for rats to live there when they could find adequate shelter much nearer the abundant food supply furnished by the garbage cans of the neighborhood.

If the material being dumped were offensive to the sight it is offensive only to trespassers. Neither while being dumped nor after it is dumped can it be seen from any premises or houses in the neighborhood.

The dumping of this river silt, the material which has been thus far dumped in this locality, does not either directly or indirectly involve the slightest danger to the public health, nor does it constitute a nuisance, nor, so far as I am able to discover, does it offer any other cause for action by the Health Department under statutes, ordinances or regulations.

Respectfully,

M. VICTOR SAFFORD,
Deputy Commissioner.

Placed on file.

ADDITIONAL APPROPRIATION, SUMNER TUNNEL.

The following was received:

City of Boston,
Office of the Mayor, December 2, 1935.
To the City Council.

Gentlemen, I am in receipt of the annual appropriation from the City of Boston for the Sumner Tunnel, advising that the amount appropriated in the budget of the Summer 1935. I have to cover the cost of constructing and lighting the tunnel and appraisals will be assigned, and to meet those requirements for the balance of the year an additional appropriation of \$10,000 will be required. I submit, therefore, for your consideration the appropriation of this amount from the income of the Summer 1935. Tunnel and respectfully recommend the appropriation to your Honorable Body.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department,
November 29, 1935.

To the Mayor of Boston.

For the proper operation and maintenance of the Summer Tunnel for the remainder of this year it will be necessary to make a transfer from the income of the Traffic Tunnel, Public Works Department, to cover the following item in the present budget, and I respectfully request that this transfer be made:

Item B-8, Light, Heat and Power, \$10,000.
When the 1935 budget was submitted the cost of power was estimated at about \$2,200 a month. Beginning with the racing season more power was needed to properly ventilate and light the tunnel and approaches and the bills have steadily mounted, until in September they reached the figure of \$4,400. They now average about \$4,000 a month.
Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1935, an additional sum of \$10,000 be, and the same hereby is, appropriated from the income of the Traffic Tunnel for the following purpose:
B-8, Light, Heat and Power,..... \$10,000
Referred to Executive Committee.

TRANSFER FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, December 2, 1935.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the transfer of the sum of \$20,000 from the income of the George F. Parkman Fund to the maintenance and improvement of the Common and Parks in existence on January 12, 1887.

I submit herewith an appropriation order and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, November 30, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$20,000, which is now available from the income for the year 1935, to be expended under the direction of the Board of Park Commissioners as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of..... \$20,000

When the budget estimates were made up for the year 1935, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1935, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$20,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended, under the direction of the Park Commissioners, for the maintenance and improvement of the Common and Parks in existence on January 12, 1887, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of..... \$20,000

Referred to Executive Committee.

AMENDMENT OF ORDINANCE RE HAWKERS' LICENSES.

The following was received:

City of Boston,
Office of the Mayor, November 30, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Health Commissioner, with reference to a proposed amendment of section 19, chapter 39, of the Revised Ordinances of the City of Boston, whereby provisions are made requiring hawkers and peddlers of fruits, vegetables and certain other articles in addition to present requirements, to present to the Health Commissioner a passport size photograph to be attached to each license.

Also herewith I submit an ordinance providing for an amendment to section 19, chapter 39, of the Revised Ordinances of 1925, in accordance with the foregoing paragraph. I respectfully recommend adoption of the accompanying ordinance.
Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Health Department, November 26, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I respectfully request if you approve to forward to the City Council for action the following proposed amendment to the City Ordinances regarding licenses to hawkers and peddlers, with a request that it become effective on January 1, 1936:

R. O. 1925, Chap. 39, Sec. 19, paragraph 1, sixth line, insert after word "residence" the following: "and until a recent photograph of said applicant shall be presented to the health commissioner, to be attached to his license (said photograph to be a passport size,—viz. 2 inch by 2 inch) making said section 19, paragraph 1, read as follows:

"No person shall hawk or peddle any fruits or vegetables or any of the articles enumerated in section 17 of chapter 101 of the General Laws and acts in amendment thereof or in addition thereto, until he has been assigned a number by the health commissioner, and until he has recorded with said commissioner his name and residence, and until a recent photograph of said applicant shall be presented to the health commissioner, to be attached to his license (said photograph to be a passport size,—viz. 2 inch by 2 inch), and, if he hawks or peddles articles which are sold by weight or measure, a certificate from the sealer of weights and measures that all weights, measures and balances to be used by him have been properly inspected and sealed. The presence of unsealed weights or measures on the team, cart or person of such hawk or peddler shall terminate permission to hawk or peddle under such registration."

My reason for this request is because of the fact that I have received numerous complaints of violations of law by peddlers, in that, without authority, they have transferred their licenses to others, to be used in violation of the law.

There are from four hundred to five hundred peddlers in the market district on Saturdays. Under our present system, we have no means of properly identifying the holder of a license to peddle. At present, the law requires that first citizenship papers be taken out before an applicant may receive a peddler's license, and we require a signature. The applicants may obtain their first papers without writing their signature. Furthermore, under the present system of the law, even though they cannot read or write, they are entitled to obtain a license upon presentation of first papers signifying intention to become a citizen of the United States.

Most of these peddlers are persons who, through no fault of their own, are unable to write and can sign only by a cross, which makes it easy to sell a license for the day to persons who are not entitled to such license. Our greatest trouble is centered around Blackstone and North Market streets. Capt. John Mullen and Sergt. John Walkins, in charge of peddlers in the market district, on Saturday, have been conferred with and heartily approve of the above plan.

I have also received a communication from the Fruit and Vegetable Association, Inc., all duly authorized peddlers, who at a recent meeting unanimously went on record as favoring such an amendment as above outlined.

Yours respectfully,
F. X. MAHONEY,
Health Commissioner.

An Ordinance Concerning Photographs on Hawkers' and Peddlers' Licenses.

Be it ordained by the City Council of Boston, as follows:

Chapter thirty-nine of the Revised Ordinances of 1925 is hereby amended in section nineteen by inserting after the word "residence" in the first paragraph the following: "and until a recent photograph of said applicant shall be presented to the health commissioner, to be attached to his license (said photograph to be a passport size,—viz. 2 inch by 2 inch),"—so as to read as follows:

No person shall hawk or peddle any fruits or vegetables or any of the articles enumerated in section 17 of chapter 101 of the General Laws and acts in amendment thereof or in addition thereto, until he has been assigned a number by the health commissioner, and until he has recorded with said commissioner his name and residence, and until a recent photograph of said applicant shall be presented to the health commissioner, to be attached to his license (said photograph to be a passport size,—viz. 2 inch by 2 inch) and, if he hawks or peddles articles which are sold by weight or measure, a certificate from the sealer of weights and measures that all weights, measures and balances to be used by him have been properly inspected and sealed. The presence of unsealed weights or measures on the team, cart or person of such hawk or peddler shall terminate permission to hawk or peddle under such registration.
Referred to Committee on Ordinances.

APPROPRIATION FOR EMPLOYMENT BUREAU.

The following was received:

City of Boston,
Office of the Mayor, December 2, 1935.
To the City Council.

Gentlemen,—I am advised by the Director of the Municipal Employment Bureau that an additional appropriation of \$2,000 will be necessary to

carry on the activities of the Bureau for the balance of the year. I, therefore, submit herewith an order providing for the appropriation of the above amount, and respectfully recommend its adoption by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That the sum of \$2,000 be, and hereby is, appropriated, to be expended by the Municipal Employment Bureau, under the direction of the Mayor, in the prosecution of its duties, said sum to be charged to the Reserve Fund.

Referred to Executive Committee.

\$3,000,000 TAX TITLE LOAN.

The following was received:

City of Boston,
Office of the Mayor, December 2, 1935.
To the City Council.

Gentlemen,—I submit herewith a communication from the City Auditor in which he recommends that steps be taken to borrow for revenue purposes \$3,000,000 from the Commonwealth on outstanding tax titles as provided in chapter 221 of the Acts of 1935. The reasons for such borrowing are set forth in the auditor's communication, and I feel they are sufficient to warrant the proposed action. I submit herewith an order for consideration by your Honorable Body and respectfully recommend its immediate consideration and adoption.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Auditing Department, November 29, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—As a result of a survey of the receipts of the first eleven months of the current financial year, I am of the opinion that it will be necessary in the last few days of December to issue revenue anticipation notes in the amount of \$3,000,000. Ordinarily these notes would be offered under the provisions of the Council order authorizing the issuance of temporary loans and would be sold to investment syndicates after public advertising. I recommend that in the present instance a departure be made from the ordinary procedure and that the city take advantage of the provisions of chapter 221 of the Acts of 1935 which authorizes municipalities to borrow for revenue purposes from the Commonwealth on outstanding tax titles. Since tax titles represent equities secured by the city solely because of failure of the original owners to pay taxes and, further, since the necessity for issuing the temporary loan in question is due largely to inadequate tax collections I feel the city is warranted in matching tax titles against its revenue needs.

I believe such a policy will react more favorably to the city than the policy previously followed of matching tax titles against departmental maintenance requirements. The latter use, while it permits a temporary reduction in the tax rate, is apt to divert attention from the necessity for keeping maintenance expenditures within the limits of the city's ordinary income. The proposed use serves to bridge the gap which naturally exists in times like the present between revenue requirements and actual receipts, and thus reduces the amount of ordinary temporary loans which otherwise would be issued. In short, it provides for the application of all uncollected taxes which have been reduced to tax titles in the same manner as these taxes would have been applied if collected within two years after the date of assessment.

In the event you approve of my recommendation I suggest that a message and order be sent immediately to the City Council for consideration. Prompt action is necessary since the order will require two readings of the Council, after which it must be referred to the Emergency Finance Board of the Commonwealth for its approval. At least three weeks will elapse before the order is fully effective, and since only four weeks of the current fiscal year remain, the necessity for immediate action must be evident.

Respectfully,
CHARLES J. FOX,
City Auditor.

Ordered, That under the provisions of section 1, chapter 221, of the Acts of 1935, the City Treasurer be authorized to secure the approval of the Emergency Finance Board to the issuance of \$3,000,000 in bonds or certificates of indebtedness of the city, said bonds or certificates to be sold at their face value to the Commonwealth and the proceeds to be used as provided in said chapter 221 for revenue purposes.

Referred to Executive Committee.

TAXING OF REAL ESTATE IN FEDERAL HOUSING PROJECT.

The following was received:

City of Boston,
Office of the Mayor, December 2, 1935.
To the City Council.

Gentlemen,—I submit herewith the opinion of Corporation Counsel Henry E. Foley upon the questions submitted by your Honorable Body

on November 12, 1935, relative to the right of the city to tax real estate included in the Federal Housing Project in South Boston and other kindred questions.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Law Department, December 2, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—I have received from your office a copy of the following order passed by the City Council on November 12, 1935:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to advise the City Council forthwith:

1. The final decision reached by the Law Department as to the legal right of the city to collect a real estate tax assessed on real estate included in the Federal Housing Project in South Boston.

2. Whether, in the opinion of the Corporation Counsel, the City of Boston can legally collect an annual poll tax from male residents in the Federal Housing Area in South Boston?

3. May personal property taxes assessed on such items as automobiles, radios, jewelry and frigidaire machines as against residents in the South Boston housing area be legally collected?

4. Will the Police Department of Boston have the legal right to make an annual police list of adult residents in the above area?

5. May the Police Department, or any other agent of the city, legally serve warrants on residents in buildings in the Federal Housing Area in South Boston?

6. May the City of Boston collect for water furnished in such area?

It is my opinion that the real estate in South Boston which has been acquired by the United States of America for a housing project in South Boston is exempt from taxation by the City of Boston in view of the provisions of section 5 of chapter 59 of the General Laws, to the effect that: "The following property and polls shall be exempt from taxation:

"First: Property of the United States . . ."
Enclosed is an additional copy of my opinion addressed to you under date of November 4, 1935, discussing this matter more fully.

It is my opinion, however, that, under existing law, acquisition and holding by the Federal Government of title to said real estate (1) will not operate to prevent the levy of poll taxes upon, or the levy of personal property taxes against the property of, persons who may reside on said real estate, (2) will not operate to prevent the annual listing by the Listing Board of persons who may reside on said real estate, (3) will not operate to prevent the service of warrants upon persons who may reside on said real estate and (4) will not operate to prevent the city making a charge for water supplied to persons residing on said real estate.

There has been no cession to the United States by legislation, absolute or conditional, of said real estate (cf. section 7 of chapter 1 of the General Laws) and no statutory or constitutional provision exempts persons who may reside on said real estate from poll taxes, personal property taxes or payment for water supplied, or forbids listing of or service upon persons residing on said real estate.

Very truly yours,

HENRY E. FOLEY,
Corporation Counsel.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz:

Claims.

Joseph R. Aldorisio, for compensation for damage to car by tipcart.

Joseph Cohen, for compensation for damage to property at 650 Morton street, caused by P. W. A. men.

Michael J. Dowling, for compensation for damage to property at 11 Atlantic street, South Boston, caused by defective sewer pipe.

William J. Gatulis, for compensation for damage to car while going through Sumner Tunnel.

Harriet C. Knowlton, for compensation for damage to car caused by an alleged defect in Pierce square.

Hugh F. Larson, for compensation for damage to car by ash collector.

Peter J. Maguire, to be reimbursed for overcharge of taxes on certain property.

Elizabeth M. McKay, to be reimbursed for overcharge of water bills at 12 Notre Dame street, Roxbury.

Mrs. James M. McKenna, for compensation for injuries caused by an alleged defect in Regis road, Mattapan.

Dominick B. Moriarty, for compensation for damage to car by city truck.

Melvin T. Rogers, to be indemnified for execution issued against him on account of his acts as operator of car of Sanitary Division.

Grace S. and Annie J. Stinson, for compensation for damage to property at 105 Dent street, caused by broken sewer.

Mary F. Tuohy, for compensation for injuries caused by city truck.

Committee on Jitney Licenses.

Petition of Boston Elevated Railway for license to operate motor vehicles between Ashmont Station and junction of Norfolk street and Morton street, over Dorchester avenue, Peabody square, Talbot avenue, Codman square, Norfolk street, Corbet street, and Morton street; return over Norfolk street, Codman square, Talbot avenue, Peabody square and Dorchester avenue.

Executive.

Petition of the Country Club for license for target shooting on land in West Roxbury.

Petition for children under fifteen years of age to appear at places of public amusement, viz.: Colmar Club, Inc., Auxiliary, East Boston High School, December 13.

TRACK LOCATION FOR UNION FREIGHT RAILROAD.

Notice was received from the Board of Street Commissioners of track location granted to Union Freight Railroad on Commercial street, at or near Smith place.

Placed on file.

APPOINTMENT OF JOHN O'NEIL.

Notice was received from the Health Commissioner of appointment of John O'Neil, 46 Francis street, Roxbury, as sanitary inspector in Health Department.

Placed on file.

APPOINTMENT OF JAMES J. EGAN.

Notice was received from the Mayor of the appointment of James J. Egan of 843 South street, Rosindale, as member of Board of Commissioners of School Buildings, for term of three years from December 1, 1935.

Placed on file.

PURCHASE OF LONG ISLAND UNIFORMS.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor request the Commissioner of Long Island to rescind his order compelling attendants and wardmaids to purchase regulation uniforms from any one concern.

Coun. DOWD.—Mr. President, I am in receipt of a communication from the Long Island Hospital attendants and wardmaids, as a result of which I respectfully present that order. The communication reads as follows:

Dear Mr. Councilor,—We, the attendants and wardmaids of the Long Island Hospital, are asking you to assist us in the following matter. We have been ordered by the hospital to purchase regulation uniforms from R. H. White Company. The cost of these uniforms is as follows:

Four uniforms at \$3.....	\$12 00
Six aprons at \$1.25.....	7 50
Six collars at 35 cents.....	2 10

Total cost..... \$21 60

As the salary of the attendants is \$10.73 weekly and the wardmaids \$9.37, we feel that this is asking too much of us, especially since most of us have people at home who are dependent on the money that we earn.

We hope that you will give this your earnest consideration.

Thanking you in advance, we are,

Respectfully yours,

LONG ISLAND HOSPITAL ATTENDANTS
AND WARDMAIDS.

Mr. President, may I say to the hard-boiled men in charge there, Doctor Washburn and Doctor Clay from Newton, that it is about time that they ceased the hard-fisted methods that they have been employing since they have been in charge at the Long Island Hospital. Waitresses, for example, have been compelled to work for \$6 a week, and those in charge have absolutely refused to give them what has been given them by every other administration, \$12 a week. It seems now, as set forth in this letter, that the attendants and maids are obliged to go to one store and pay \$21.60 for their uniforms. I never expected here in Boston to live to see the day when men of the type of Washburn and Clay would be operating at Long Island in such a hard-fisted and hard-boiled manner, riding roughshod over every individual with whom they deal, and earning naught for the poor people, simply looking out for their own selfish interests. Only a short time ago there were brought down from the Massachusetts General Hospital some coats that looked as if they were a hundred years old, which were shipped down to the Long Island Hospital to be used there. I say that the demand of these men is just and that the Mayor of Boston should stop men of the type of Washburn, with his ventriloquist Clay, from imposing on the underpaid and overworked employees at Long Island.

The order was passed under suspension of the rule.

STATEMENTS AS TO PEOPLE AT WORK

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor request the United States Government check to stop

issuing false statements to the effect that thousands and thousands of men and women are going to work, when as a matter of fact at the present time they are being laid off.

Coun. DOWD.—Mr. President, I don't believe in adding, in times like these, to the discouragement of the average man and woman with a family depending on them by holding forth promises such as we see in the paper every day that the United States Government is going to put thousands and thousands of men at work, when there seems to be no chance that those promises will be fulfilled. But these people read that everybody out of employment is going to be put to work by our Government, and our constituents are continually coming to us and appealing, accordingly, that something be done for them when we know it will not be done, that their case is hopeless. It is about time that the President of the United States, with these socialites that he has around him, stopped kidding the people of America. Two years ago in this city there were 33,000 on the welfare; today there are 28,000, a drop of only 5,000. And yet they told us a short while ago that by a certain date every individual was to be put at work, although everybody familiar with public life in Boston today knows well that there are less people now working on E. R. A. and the rest of the alphabet than there were several months ago. There is nothing more discouraging to the average man or woman than to go to the State House or to City Hall, visiting their representatives, and finding out that we are absolutely powerless, that we can do nothing whatsoever. They tell them that if they were not on the welfare previous to May 30 they were not at work. Now we find that men who had a job until a month ago, men with five, six or ten children, are left on the streets to starve, because the socialites who are running things at the present time say, "You have to be on the Public Welfare." It is an abominable law, an unfair ruling, but the worst part of it is that the average person thinks all he has to do is to go down to 100 Nashua street or 14 Oliver street and get a job. As a matter of fact, people are being laid off, and the Government is simply kidding the people along, through the press of America, telling them that it will only be a short time before they will all be at work. The figures of the W. P. A. today show, for Boston alone, thousands less working than were on the E. R. A. two months ago. Why are they not fair with the people? Why don't they tell them the truth, that there will be no jobs, instead of holding out these false hopes and having them stand in line waiting at the State House or at City Hall, thinking that they are going to get work? There is not a man here, if he had the power, who would not like to see every individual approaching him for a job put at work. Every evening I see three hundred to four hundred heart-broken people, all trying to get employment and all are being met with the same tale. They are told that they are going to put thousands at work on this project or that project, but it never materializes. It is not the truth. The Government is not giving the facts to the people of America, and it is about time that the Hopkinses, the Ickeses and Rotches were dismissed from their positions and someone who understands the heart of the people put in their place. My main purpose in introducing this order is to ask the Mayor of Boston to request the President of the United States and the public officials representing the Federal government to stop kidding the public, to tell them the truth. There are not going to be any more jobs under the W. P. A., P. W. A., A. A. A., or the rest of the alphabet, and they know it. They are simply issuing these statements hoping that they will carry them through the election next November. For the sake of an election they will allow men, women and children to starve. It would be better if some of those leading men were fired, men in charge in different government projects and activities, who do not need the work, and men who do need it put in jobs. So I simply want to ask the Mayor of Boston to make just this one request, that the Government stop kidding the people. They have kidded them long enough.

Coun. ROBERTS.—Mr. President, I, too, would like to add my word to what the gentleman from Roxbury has said about the administration of the E. R. A., P. W. A., and the rest of the alphabet, in this matter of jobs. For the last two or three years we have had these decisions come out of the administration, a part of the propaganda that has been sent out which says that there have been taking in this city a certain number of leading members of the party here in Boston who is at the same political as the time.

I think the gentleman from Roxbury has made a very interesting statement. I think with regard to the order of the Mayor which was passed under suspension of the rule, which was passed under suspension of the rule.

SPECIFICATIONS FOR ASH REMOVAL CONTRACTS

Coun. WILSON and TIMINAY offered the following:

Ordered, That the Commissioner of Public Works be requested through his Honor the Mayor, to provide for the removal of the ash

ash-removal contracts that failure to comply with a requirement that ashes and rubbish contained in receptacles placed in easily accessible spots shall be carried to the street by the contractor's men and thereafter promptly returned, shall constitute a breach of contract.

Coun. WILSON—Mr. President, my purpose in introducing that order at this time, with the councilor from West Roxbury (Coun. Finley), is with the hope that this annual racket under which contracting firms in Boston who bid on these prize plums are not, after they obtain the contract, obliged to comply with its requirements, shall this year be stopped. During all my years of service here there has been a constant fight to eliminate this provision from the contracts, so that everybody would bid on the level, or else, if this provision for carrying out to the street and back again the receptacles is to be in the contract, that it shall be observed. The councilor from West Roxbury (Coun. Finley) and myself, representing Dorchester, are anxious to see that these contracts shall be on the level in that respect. I urge this seriously at this time, understanding that the specifications will shortly be issued and bids received and contracts let. The specifications, for example, provide that in the Dorchester and West Roxbury districts the contractor's man shall remove the receptacle from an easily accessible place in the yard, take it to the truck and dump it, and then put it back again; and the average contractor, if he is on the level, bids with the understanding that he will do that and that he will need so many employees to do so many hours of work. But the fellow who is on the inside and is sure he will get the contract, anyway, goes on and bids, in spite of that specification, realizing that he will be allowed to continue his racket having got the contract on a low bid and that he will not be obliged to carry out this provision of the contract. Therefore, he makes no effort to take the barrels out and return them, and to that extent the people of the West Roxbury and Dorchester districts suffer. I am aware of the fight that the councilor from West Roxbury has made, as well as myself, because these contracts have not been carried out. We all know what happened this past winter, that if any person insisted on the contractor keeping up to that provision of his contract, placing the barrel out in his yard and expecting it to be taken by the contractor's men and put back again, after two or three trips, he could kiss good-bye to the barrel. That was what happened when the citizen expected the contractor to stand by the terms of the contract, feeling that he had a right to insist that the contractor should do what he had agreed to do. But certainly I feel that we have a right, with a reform Mayor of the City of Boston, to expect that such contracts will be carried out and that the people of this city will be given a square deal. So, if possible, let us take steps looking to the observance of this specification of these contracts in the future. Let us have these contracts square and aboveboard, so that all contractors can bid upon them knowing exactly what they mean and knowing that the provisions are to be carried out, having the cards on the table and not held down where nobody can see them.

Coun. FINLEY—Mr. President, I simply want to concur in the remarks of the gentleman from Ward 17 (Coun. Wilson), and I certainly appreciate his splendid assistance in an effort to have the ash-removal contract in the various districts of the city lived up to. I am vitally interested to see this coming year that whoever receives the contract in West Roxbury and Jamaica Plain shall live up to it in every detail. We have started this agitation to have the people receive what they are paying for, and, as a representative of West Roxbury and Roslindale, I am going to insist at every possible opportunity—and I know I will receive the assistance of every member of the Council in this fight—that the contractors live up to their contract.

The order was passed under suspension of the rule.

AIR PURIFICATION, CITY HOSPITAL.

Coun. AGNEW offered the following:

Ordered, That the trustees of the Boston City Hospital, through his Honor the Mayor, be requested to consider the advisability of installing a system of air purification in the large wards of the hospital.

Coun. AGNEW—Mr. President, in certain of the large wards of the City Hospital it is obvious on entering from the outside that the air is nothing short of abominable. Many patients are crowded into one room, and we know that the windows cannot be opened; so the patients who are there inhale and exhale dead air hour after hour. Those who are connected with the particular ward become acclimated to that air and do not notice it, but the average individual going from the outside into the hospital is almost knocked down in some of the wards because of the air conditions. We are spending plenty of money for the City Hospital and it is not going to do any harm to spend a little more, if necessary, for the health and benefit of those confined there. I ask the trustees to make a study of this particular matter so that the patients there may be helped.

The order was passed under suspension of the rule.

MILK FOR NEEDY CHILDREN.

Coun. AGNEW offered the following:

Ordered, That his Honor the Mayor consider the advisability of appointing a Special Committee for the purpose of raising funds to provide milk for the needy and undernourished children of Boston.

Coun. AGNEW—Mr. President, starting information has come to the members of the City Council within the past week. A week ago today, in executive session, Mr. Dowling, Director of the Welfare Department, appeared. Interrogated on various points regarding the Welfare Department, Mr. Dowling made the statement that to conduct his department in a better and more efficient manner he would require at least a million dollars more. Since that time there has appeared in the public press of Boston a startling statement, coming from medical men and women interested in child welfare in Boston, that at least 1,400 children of school age are suffering for the want of milk. The City Council has graciously approved what every Welfare Department of Boston has asked for the care of its needy and poor, but evidently we are not spending enough, particularly in behalf of the children. While the city, no doubt, is carrying about as heavy a load as possible on behalf of its welfare recipients, when we listen to statements such as are contained in this article in the Boston *Traveler* of November 25, we are shocked. It says, for instance, that

"Boston was rated far below any city of its size in the country, as well as far below New York, in the sums given for relief per case."

The same article goes on further to say:

"However, when Doctor Keenan recently called upon the Boston Council of Social Agencies," he means the campaign, of course, because the Council has no money to distribute, "for money to be turned over to the city for the purchase of milk for school children, it was physically impossible to meet the request, although the need was never questioned."

It seems that the various social agencies of Boston have helped and supplemented the Welfare Department of Boston in so far as giving milk to poor children of our city is concerned. However, we have reached a stage where those who have at heart the interest of the children attending the schools say that the time has arrived when the city must either spend money for this particular purpose or at a later date spend out money in hospitalization. This article goes on to say:

"The warning that 'if the community doesn't pay in relief now, they'll pay in hospitals five years from now,' was delivered by Dr. Maurice Taylor, head of the Jewish Family Welfare Association. Doctor Taylor is disturbed by an increase in malnutrition among children and has marked an increase also in tuberculosis in Boston."

Mr. President, it is my opinion that this is not the time to curtail expenses or to save money on children who are in need of nutrition. I know that Mr. Dowling of the Welfare Department, if it were within his means, would gladly distribute this money to the children of Boston. Various members of the City Council have heard from outside agencies how the City of Boston should spend money in various and different ways. However, here is one test that can be put to those outside agencies. Ask Mayor Mansfield to call upon them to assist him as a committee in raising funds for this much needed purpose. It seems to me that is something that anybody would feel glad to do. I, for one, would feel privileged to serve upon such a committee, and I am sure that every member of the City Council would feel likewise. So I ask that this order pass under suspension of the rule so that this committee may be arranged for by the Mayor of Boston, a movement whereby funds may be raised to obtain milk for the children. There is no reason why such a thing could not be established and be a yearly affair in Boston, looking to the raising of a fund for milk for children.

The order was passed under suspension of the rule.

(In connection with the above, Coun. AGNEW submitted the following article by Sara White, appearing in the Boston *Traveler* of November 25, 1935:

1,400 BOSTON PUPILS SUFFERING FOR MILK.

Welfare Director John C. L. Dowling told the City Council in executive session this afternoon, that there are undoubtedly "plenty of undernourished children and adults" on public relief and he predicted that "the city will pay for it in sickness, in tuberculosis, in hospitals" later if the city doesn't pay now in adequate relief. He opposed the arbitrary limit of \$15 per family on relief.

Fourteen hundred children in the Boston schools are desperately in need of the free milk which is no longer distributed there, it was declared today by Dr. James A. Keenan, head of the school physicians. Of the 1,400, about 700 are from families receiving public relief.

Need is Urgent.

Dr. Keenan said: "Last spring the overseers gave us money for milk for 700 children until the close of school and some of them gained as much as 25 pounds. Now this fall they won't give us any. The Council of Social Agencies gives money to Girl Scouts and Boy Scouts, but they won't give us any money for milk for these children. There is an immediate necessity there and something must be done.

Doctor Keenan's report came as comment on the revelation in the *Traveler* today that one-seventh of Boston's population are victims of undernourishment and are threatened with disease as a consequence of the failure of the city fathers to match the rise in food costs with an increase in food allowances to the relief population. Leading nutritionists and welfare workers made the protest today.

It was disclosed that the Overseers of the Poor still allot \$7.37 weekly for food for a family of five, although the Community Health Association has established that \$9.51 is the minimum consistent with health.

One private agency reported it spent over 50 per cent of its money last year supplementing the dole given public relief families.

Boston was rated far below any city of its size in the country, as well as far below New York, in the sums given for relief per case.

Alarmed by health conditions among relief families, a group of nutritionists of Community Federation and public agencies are now organizing, and propose to publish minimum diets with minimum costs.

Among them are Frances Stern, chief of the Boston Dispensary's famous food clinic, Miss Ruth White of the Forsyth Dental Clinic, Miss Mary Spaulding, head nutritionist of the State Department of Public Health, and Miss Blanche J. Dimond, nutritionist supervisor of the Community Health Association.

The protestants maintain that the allotments can be increased without expense to the taxpayers of Boston by obvious economies in other departments of city administration.

They applaud the performance of John C. L. Dowling as Director of the Department of Public Welfare, working as he has under severe financial handicaps.

Impossible, says Cushman.

Roy M. Cushman, executive secretary of the Boston Council of Social Agencies, replied to Doctor Keenan that that campaign raised insufficient funds to provide milk for children during school hours. He said: "Because of the failure of the emergency campaign of 1935 to reach its goal, Boston's social agencies have been struggling against great odds, in the face of an ever-increasing burden. By drawing almost to a danger point from capital funds, the agencies have kept their service up to very high standards." However, when Doctor Keenan recently called upon the Boston Council of Social Agencies (he means the campaign, of course, because the council has no money to distribute) for money to be turned over to the city for the purchase of milk for school children, it was physically impossible to meet the request, although the need was never questioned.

"Doctor Keenan has criticized expenditure of money on the development of youth. For the spending of money in improving the lot of growing boys and girls and developing future citizenship even in hard times like these no apology need be offered. Does not the Federal Government itself maintain the N. Y. A. alongside its relief and works programs? Considerable sums from the campaign fund have been spent, through relief agencies, on milk and other necessities for children."

The warning that "if the community doesn't pay in relief now, they'll pay in hospitals five years from now" was delivered by Dr. Maurice Taylor, head of the Jewish Family Welfare Association. Doctor Taylor is disturbed by an increase in malnutrition among children, and has remarked an increase also in tuberculosis in Boston.

Will Pay Penalty.

"People have been living on their physical reserve, and that is about used up. The results of inadequate nutrition don't show immediately. I look forward to an increase in sickness some years from now. We won't be able to escape the penalty for what the youngsters are going through. When they reach adolescence the community will pay the penalty. If not in relief, in hospitals," he said.

"We are giving less relief money per family than New York. The general average of relief for March of this year, the latest figures available, show that Boston gave \$26.47 per case, while Detroit gave \$37.02, Cleveland \$32.44, Baltimore \$32.89, Denver \$29, St. Paul \$43.01 and Cook County, Ill., which is chiefly Chicago, \$43.74. "New York State is on a much higher level than Massachusetts in the extent and in the treatment of relief problems. Over 50 per cent of our own relief money last year supplemented public relief because of public relief inadequacies."

A survey of the Housing Committee of the Boston Council of Social Agencies, of which Doctor Taylor was chairman, shows that although the Boston Welfare Department permitted \$12 to \$17 as rental allowances, only 11.2 per cent of families of five, 21.1 per cent of families of six, 19.3 per cent of families of seven and 28.4 per cent of families of eight or more, were actually paying within the limit allowed. The living quarters were nevertheless described by the committee as "less than a minimum standard of health and decency demands."

Rent Coming from Food.

Rent money was coming from the food allowance, it was concluded.

So were soap, toothbrushes, essential household equipment, reducing the low food allowance to even less money.

"Even the minimum cost diets prepared by the nutritionists," says Miss Frances Stern, "must be followed strictly in accordance with the specifications of the experts who plan it."

"In fact," she continues, "the diet of minimum cost requires able management and it takes a person of initiative and ability to carry it out successfully."

"One might call it a border line diet, with little margin of safety."

"There is an accurate knowledge today of how much of the food constituents are needed for the human body and you cannot go below those scientific estimates, as relief families have had to, and still remain healthy. Those children are constantly threatened with lack of growth and development. Adults and children alike fail to receive what we call a 'protective diet,' that is, one that will give them the strength to combat the common illnesses."

Minimum Budget.

On the strength of prices gathered in eighteen Boston districts by community health workers, Miss Dimond has decided that "our figure of \$9.51, and, of course, proportionate figures for smaller and larger families, represents the minimum adequate food budget to maintain health."

"People have to be taught to spread that amount scientifically even so, with consideration for varying prices. The diet which we submit stresses the protective foods. It is possible to eat on less, but it is not possible to maintain health over any extended period on less. Smaller budgets, called 'emergency diets' are suitable only for very short periods, not for five and six years."

These experts point out that the Boston minimum is higher than the figure of \$8.75 for a family of five, but they maintain that Boston prices are higher than the average of the rest of the country. The Government figure, however, is still \$1.38 higher than the Welfare Department allotment.

Miss Stern estimated that an \$8 food allowance will buy for a week in health foods only 4½ pounds of meat and fish, and 2½ pounds of butter and fat, 4 pounds of tomatoes or citrus fruit, 1½ pounds of dried fruit, 7½ pounds of leafy, green and yellow vegetables, 2 pounds of dried beans, peas, peanut butter and nuts, 6½ pounds of vegetables and fruits, 12 pounds of flour, bread and cereal, 11 pounds of potatoes and 2½ pounds of sugars and jellies.

Estimating the adequate minimum living standard of an American family of five, not necessarily on a relief basis, Miss Dimond submits that food should be the minimum \$9.51, clothing \$4.70, rent \$5.80, fuel and light \$2.36, carfare \$1.20, household supplies and equipment \$0.05, health \$0.05, church \$0.25, newspaper \$0.22, recreation \$0.60, insurance \$0.65 and tobacco \$0.60, making a total minimum weekly expenditure of \$29.89.

Dowling Needs Million.

John C. L. Dowling, Executive Director of Boston's Welfare Department, today said:

"I would need, at a rough figure, \$1,000,000 more to take care of the difference in food allowance caused by the rise in food prices. The Boston taxpayer is already overburdened. I do not know that this money could come from economies in other departments. Massachusetts is one of the two or three states in the entire Union that is not getting any direct relief from the Federal Government."

"We asked for money during the last gubernatorial administration and we were refused. We were penalized for being self-respecting. We have had no direct help from Federal or State Government. New Orleans, for example, has had its entire relief burden taken care of by the Federal Government. But Massachusetts has had no such help."

FILLING OF WELFARE RECIPIENTS' PRESCRIPTIONS.

Coun. FITZGERALD offered the following:

Ordered, That the Overseers of Public Welfare be directed, through his Honor the Mayor, to allow welfare recipients to have their prescriptions filled at any drug store where there is a registered pharmacist in attendance.

Passed under suspension of the rule.

SALARIES OF CHOREMEN, BOSTON SANATORIUM.

Coun. FITZGERALD offered the following:

Ordered, That the Trustees of the Boston City Hospital be instructed, through his Honor the Mayor, to place the choremen at the Boston Sanatorium on the same salary basis as those employed in the City Hospital.

Passed under suspension of the rule.

ASHES AND GARBAGE REMOVAL BY CITY.

Coun. FISH offered the following:

Ordered, That his Honor the Mayor be requested to consider at this time the proposal that

all contract districts for removal of ashes and garbage be discontinued, and that hereafter all such work be done by the city's own forces.

Coun. FISH—Mr. President, I would suggest that the Mayor of Boston take those contract districts and turn them over to city forces. It would mean putting several hundred men at work and they would receive a full week's work.

The order was passed under suspension of the rule.

SAFE DRIVING SIGNS, WEST ROXBURY AND ROSLINDALE.

Coun. FINLEY offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to co-operate with the "Parkway Transcript," the Roslindale Board of Trade, and other civic organizations, in their safety campaign, by placing suitable markings on the surfaces of the streets at the entrances to West Roxbury and Roslindale as a warning to motorists to drive slowly and look out for children.

Passed under suspension of the rule.

LAYING OUT OF GRAMPIAN WAY.

Coun. McGRATH offered the following:

Ordered, That the Public Works Commissioner, through his Honor the Mayor, be requested to lay out the main thoroughfare known as Grampian way with sidewalks and a permanent top, as the street was accepted by the city in 1869 but has not yet been properly constructed.

Passed under suspension of the rule.

SNOW-REMOVAL EQUIPMENT.

Coun. WILSON called up, under unfinished business, No. 2 on the calendar, viz:

2. Ordered, That the sum of \$675,000 be, and hereby is, appropriated, to be expended under the direction of the Superintendent of Supplies, for departmental equipment in the Park and Public Works Departments, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On October 28, 1935, the foregoing order was read once and passed, yeas 20, nays 2.

On motion of Coun. WILSON the order was referred to the Executive Committee.

RECESS.

The Council voted on motion of Coun. DOWD at 3.14 p. m., to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber at 4.47 p. m., and were called to order by President FITZGERALD.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred today) that City Treasurer be authorized to secure approval of Emergency Finance Board to issuance of \$3,000,000 in bonds or certificates of indebtedness of city to be sold at face value to Commonwealth and proceeds used as provided in chapter 221 for revenue purposes—recommending that order be passed.

The report was accepted, and the order was given its first reading and passage, yeas 20, nays 0.

2. Report on message of Mayor and order (referred today) appropriating \$2,000 to be expended by Municipal Employment Bureau—that same ought to pass.

Report accepted, and said order passed, yeas 18, nays 0.

3. Report on message of Mayor and order (referred today) appropriating additional sum of \$10,000 from income of Traffic Tunnel, for B-8, Light, Heat and Power recommending that order ought to pass.

Report accepted, said order passed, yeas 18 nays Coun. Wilson 1.

4. Report on message of Mayor and order (referred today) transferring \$20,000 from income of Parkman Fund to maintenance and improvement of Common and parks in existence on January 12, 1887—recommending that order ought to pass.

Report accepted, said order passed, yeas 20, nays 0.

5. Report on petition for children under fifteen years of age to appear at Colmar Club, Inc. Auxiliary, East Boston High School, December 13, recommending that leave be granted under usual conditions.

Report accepted; leave granted under usual conditions.

6. Report on petition (referred today) of the Country Club for license for target shooting on land in West Roxbury—recommending that leave be granted.

Report accepted; license granted under usual conditions.

7. Report on message of Mayor and order (referred today) for loan of \$675,000 for purchase of snow removal equipment—recommending action.

Coun. WILSON—Mr. President, may I ask that the communication from the Mayor that was read to us in Executive Committee, as a result of the conference between a committee of the Council and the Mayor, be read at this time?

The communication was read, as follows:

Mayor's Office, December 2, 1935.

The Mayor regrets that he must decline to give to the City Council the information as to bids submitted for snow-removal equipment requested by its committee. He feels that no useful purpose could be served by giving this information and that the Council must be satisfied to rely on the integrity of the Superintendent of Supplies and the Mayor.

A report of the committee of experts before your Honorable Body contemplates the expenditures of \$675,000 and upon this report the request for an appropriation of \$675,000 was based. The Mayor feels that all the information that is necessary for the Council to have is contained in this report of the experts. The Mayor further suggests that it has always been customary for appropriations to be made by the Council before bids have been asked for, and so far as he knows, the Council has never before asked in advance for information as to bids before making an appropriation.

The report of the committee was accepted, and the question came on the passage of the loan order.

Coun. WILSON—Mr. President, I am not going to weary the Council, who are all familiar with the harrowing details of this long-delayed order, with any summary of what has gone before, except to say that this is an important vote, especially for a member of the City Council like myself, who voted for the \$400,000 snow-removal equipment order when votes were needed for its passage, back in 1926, and especially for a member of the Council like myself who believes that the City of Boston requires some more and some new snow-removal equipment. And yet, as the matter lies, I think there is something to remember here which will certainly govern my vote primarily. As far as I am personally concerned, I refuse to be jockeyed into any position that, I feel, is contrary to the charter provisions of this city. It lies in my mind that this city is explicitly governed by the Mayor and by a Board of Directors, a City Council, comprising twenty-two members, who, in performing their sworn duty, are equally responsible with the Mayor, each having to vote, of course, as his conscience dictates. This letter that we received from the Mayor in executive took some hour or two hours to draw up, perhaps including the additional time that was necessary to obtain one or two votes for the passage of the order. The Mayor says he declines to furnish to the Council the requisite information with reference to bids. As it will appear later very definitely what the issue today is, I certainly, personally, wish to have it appear very clearly on the records of this Council that, as far as I am concerned, I believe the members of the Council are not interested for one moment in how many truck concerns bid, as to what the names of the truck concerns who bid were, or as to what types of trucks are possibly included in the various bids. I frankly admit that that is none of our business, what firms bid. But the information which we desired and for which we asked the Purchasing Agent, in Councilor Shattuck's order of November 15, was the probable sum which will be needed as indicated by the bids. The Mayor said that he feels that no useful purpose will be served by giving to the Board of Directors of the City of Boston this information before we vote for this \$675,000. I differ with him on that. I agree with him that it has been a peculiar thing to see the Purchasing Department of the City of Boston draw up specifications that nobody can seem to find anything about, and ask for bids before the loan order is actually passed. That is an unusual situation; and it does seem as though the Board of Directors of the City of Boston who are expected to pass this particular loan order, should be in a position to know, before they vote upon it, how much money the bids call for. To that extent, it does seem that the requested information is important. Certainly the bids should be laid on the table in that respect before we vote for the loan order. We are not supposed to vote on a blanket appropriation of \$675,000 or a million, and rely on guesswork. It is not a question of having the details of the thirty-three bids, with the names of the bidders, the power and the types of trucks. But we should know something about the money amount for which we are expected to vote on the loan order, and for such equipment in the history of the City of Boston. The Mayor refers to this committee of experts behind whom he bids, once we have two hundred seven trucks, but some million has been started in this matter, and he expects that the committee of experts, who are asked an extra \$675,000. When he says that, Mr. President, he gloriously opens a new chapter. I would hope that there will be enough of the Mayor's own equipment, totaling \$675,000, which is supposed to be the end of the matter of snow-removal equipment. Then we had the committee of that committee some time ago. I am not a committee two weeks ago. I am not a committee

spokesman, and the committee themselves let the nigger out of the woodpile. For the membership of that committee I have the highest regard, including, as it did, the Public Works Commissioner, the Fire Commissioner, the Park Commissioner, the head of the Transit Department, and other practical and honorable men, along with Mr. Eliot Wadsworth, the president of the Chamber of Commerce. But that committee did not pass for a moment on the type of trucks that were needed and not once did they consider the total price. That is what they told the Executive Committee of the City Council. So the Mayor cannot hide behind this committee of experts. I claim that that committee, for whom I have the highest regard, were created simply as window dressing, to shove this through the Council. So we have that nigger out of the woodpile. The bids were opened as long ago as the 8th of November, almost a month ago, and this matter, they told us, was an emergency matter, and I agreed that it was an emergency matter. The new Purchasing Agent, for whom I have the highest regard so far as his personal integrity is concerned, quite properly suggested that he is a new man and is more or less "in the middle." It is very unfortunate and perhaps peculiar, that the Purchasing Agent who drew the specifications and advertised the bid resigned at about that time, and then came a temporary Purchasing Agent. Then the specifications went out, bids were asked for, and a third man was called in as Purchasing Agent who had nothing to do with the specifications and who told us that he had just read them over. He told us, and told us honestly, that he really knew nothing about them. Nobody questions the honesty of Frank Doherty, but he has not yet had a chance to finally pass upon the specifications and bids that were opened on the 8th of November. So neither the Purchasing Agent, the Commissioner of Public Works nor apparently even the Mayor has had the sporting instinct to look the bids over and see how nearly they come to the proposed amount of \$675,000. That is too much for me to swallow, Mr. President, as a sporting proposition. I believe that anybody, under the circumstances, whether it was a football game, a stock market movement, or any of the things in which people are ordinarily interested, would naturally have the sporting instinct to at least look into it and find out something about it. Still, we have been going along for the last four weeks and apparently nobody has been sufficiently interested to cast up the correct figures! I just cannot believe that. And so we are advised today that, although the bids are available and the figures could be easily checked up, we cannot get them, and the Mayor of Boston fails to see how the figures would help us at all! I would draw the analogy, perhaps, that we have in the recent proposed purchase by the Boston Elevated of the Chelsea Division of the Eastern Massachusetts Railway for one and one-half million dollars. I cannot conceive of the trustees of the Boston Elevated telling the directors and stockholders that "We think it is a good thing to buy the Chelsea Division of the Eastern Massachusetts Railway for a million and a half. We will, however, be perfectly frank with you directors and stockholders and tell you that we have an appraisal figure, an inventory of what we are buying, but it wouldn't really help you much. So we ask you to please step over without further ado and stoop down and sign on the dotted line for the purchase price of one and one-half million!" There isn't a business corporation in the United States today whose directors would stand for that. Nobody this side of Russia would tolerate that sort of thing as directors of a business concern—the executive telling the board of directors,—in this case the Mayor telling the City Council of the City of Boston—simply, "It is not necessary for you to have any further information on the matter. Simply sign on the dotted line! We have the information showing us what the figure will be, but just what the figure will be is none of your business!" This is another occasion where the Mayor of Boston is saying to the councilor of Ward 17, "The money or your political life!" But he is not going to hold me up. I don't know how far he will get away with it with the other members of the City Council. I realize that if snow flies tomorrow or next week, and the matter has not been acted upon, there will be plenty of editorial comment from the press. But I can think of Mayors of the City of Boston who would be subject to severe criticism if they tried to put this snow-removal equipment order through in the way in which this has been handled; that it would be a subject for action by the Finance Commission, the District Attorney, and that the Boston Transcript and all the other papers would have headlines on the front page. I agree to the need for snow-removal equipment; and I do not criticize the present Purchasing Agent of the City of Boston. He did not draw the specifications, and, although he has the bids in his possession, bids which were opened November 8, there has not been sufficient time for him to look them over and form a definite idea in regard to them. It would take him eight or ten days even if this order was given its second reading and passage today, to even read over and form any intelligent idea of the bids, and it would probably be at least the first of January before the city could get delivery of the snow-removal equipment. I want that to appear here as a matter of record. Bear in mind the fact that

the Mayor of Boston told you a week ago that he would not give you the information today or at any other time. Bear in mind this later statement from the Mayor, that he does not think this information we ask for would serve any useful purpose as far as we are concerned. And so I say, if it is a matter of the money or my political life, I am willing to stand up against it, because, as far as I am concerned, I represent the red-blooded, honest voters of Ward 17, and I cannot believe that those red-blooded, intelligent people would expect their City Councilor, the man whom they have elected to serve them in this body as a director of the City of Boston, simply, without being furnished with information he ought to have, to sign on the dotted line. The lash is to be used, and we are told, "You will vote for it and like it!" Mr. President, there is one member of the Council here who will not be lashed to that extent. There is one member here who will not be coerced in any such way. I have not been since 1926, and I am not going to begin now, in December of 1935.

Coun. McGRATH.—Mr. President, I want to answer that roll call. I have said that I was going to vote for this order. But I will not insult the intelligence of the voters in my ward, under the circumstances by voting for this order today. The gentleman from Ward 17 (Coun. Wilson) has started this thing, and I say it is now for the rest of us to show our intestinal fortitude by standing up here and asserting our manhood, even with the threat of snow coming later. Therefore, I wish to say now that I will stand up here and vote against this order today. Let me tell you one fact. The gentleman from Ward 5 (Coun. Shattuck) and the other members of your committee of three to visit the Mayor's office have rendered a signal service to the Council, because they got first-hand information that Mr. Mansfield is not the Mayor of the City of Boston. Within three minutes of the time your committee left the Mayor's office I had a man stationed there and Dave Shaw came through the door. Mayor Mansfield had a chance to send up to us the information, and Shaw said, "No! I am running the city, Mr. Mansfield, and don't you dare to give the information." Shaw said, "John I. Fitzgerald is a dollar and a half politician, Joe McGrath is not worth a dime, and for the next two years let the members of the Council vote for the budget and then go home. They are a source of annoyance to me." That is, in substance, the notice he serves on you. I say to you that no more significant vote, under threat of duress, can be cast by the members of this Council than the vote you are expected to cast now that you have felt the lash of the whip of Dave Shaw, one of the cruelest men who ever served in the city administration, as witnessed by the fact that when he was Master of Deer Island a man committed suicide, jumping overboard and saying, "No more of Dave Shaw's rotten fish!" That is history, sir. This man walked into the Assessing Department and into the Election Department and said to those men and women who have been working there, some of them for thirty years, "Bow your head and bend your knees to David B. Shaw!" And two years ago he sat in Johnnie Baldwin's room, broke. Well, Christmas is not here for some time. The bells will not ring around the doors of the members of the City Council. We have an honest Mayor—so we have heard recently. But I wonder how the citizens of Boston feel about the pre-election promises that were made by our reform Mayor. I will repeat—because Ned Harnden never heard it—that he promised the elimination of waste, graft and corruption. He said that 65 cents of every dollar spent by the city represented those three elements. Well, here is a real test of the honesty of Mayor Mansfield, and here is the first real test of you, sir, and every other member of the Council, because if you vote for this order today, under these circumstances, the members of the Council of 1936 and 1937 can simply vote for the budget and then take a holiday, go home to the peace and quiet of their families and stop annoying Dave Shaw in his conduct of this honest administration of a reform Mayor.

Coun. BRACKMAN.—Mr. President, I am going to vote for this snow-removal equipment order. I have heard about every official in City Hall brought into this matter. We have had character assassination and everything else brought in here, and they are still attacking this man Shaw. Mr. President, this is an essential order. I think we will all agree on that point. This is the last day that we can vote upon it. I do not feel that Dave Shaw or anybody else who has been mentioned has anything to do with this order. It is simply an essential order, an order that must be passed in the interest of the citizens of our city. There have been bids on the equipment, and our duty is now to pass the order so that the executive department can act. It is an emergency. We have spent too much time wrangling upon the matter, whether certain information should come to the City Council. I cannot see wherein I am being lashed or whipped, in voting for this order. I have a conscience and am presumed to have some intelligence, like every other member of the Council, and I am using it when I vote for this measure. I am not being lashed by anybody or anything except the needs of the City of Boston. What particular harm or good will it do if the information concerning the bids is given to the body? Assuming that the total aggregate of the bids is less than

the amount we appropriate, does that mean that a part of the money we appropriate is going to be wasted? Does that mean that that money is lost to the people of Boston? We have had many orders here where the sums spent have not accorded with the amounts appropriated, where there has been a surplus or where there has been a deficit. Where the amount has been too large we have passed transfer orders, as we are doing continually, disposing of unexpended balances; and where the amount is not sufficient we have passed orders to meet the deficiency. That is true of our budget, of all our appropriations, that where the amount appropriated is somewhat larger than it should have been, transfers are made to other departments or to other needs. I think that some of our members have been unnecessarily excited about possible dishonesty and honesty. I have some faith in my fellow men; I do not consider them all crooked and grafters. Of course, every man is entitled to his opinion. I have every respect for my colleagues in this Council who feel that in this matter they are fighting for a principle. They may be right, but I have a feeling on this particular occasion that they are wrong. I believe it is the duty of every man here to vote for this appropriation because the city needs it. The business men of this city are the ones who suffer, along with the rest of the people of Boston, if some such action is not taken. But I say that no man who votes for the measure should be accused of being lashed into doing something that he does not want to do. I have been as patient as any man in the Council. I have given to everybody an opportunity to get all the information they are entitled to. But it seems to me we have now come to a point where action should be finally taken, and I am voting today in favor of the purchase of this snow-removal equipment.

Coun. DOWD.—Mr. President, I have been waiting for the members who have spoken against the passage of this order to produce a sound, logical reason why the Council should not vote today for the passage of the order to procure snow-removal equipment for the coming year. There has not been a logical reason advanced by one member of the Council to show why we should not vote for this order. The reason why the order was not passed two weeks ago was that we wanted the Mayor of Boston to send certain figures to the Council. Well, if we are to obtain such information, I think we ought to change the City Charter, that the Mayor of Boston is not responsible. That is purely an executive matter, resting entirely in his hands, and while I would like to see the Mayor of Boston comply with our request, he is entirely right when he refuses to send this information to the Council. Never since I have been a member of the Council have we had any such figures on any \$100,000 building, or on groceries, beef, or anything else. We are now asking the Mayor to do something that never has been done before, something that is entirely outside of our province, an executive matter. The only thing we have to decide today is whether the merchants and the people of Boston are entitled to snow removal, in order that the people may leave their homes in case of a storm and go to their places of business or deal with the merchants of Boston. We all know what happened last year, and we can visualize what may happen this year, if action is not taken, and if it does happen the Mayor of Boston will not be blamed. The members of the City Council will be absolutely to blame because of not passing the order. I am not going to question the veracity or the honesty of any department head. I am not interested in Dave Shaw or any other individual connected with this administration. But I will say this: I am firmly convinced that the Mayor of Boston is honest, and if the matter rests in his hands, as it will, proper equipment, at a proper price, will be obtained. I don't know whether there is any Santa Claus among the department heads or not, and I am not interested. We are going to say to the citizens of Boston, "You are entitled to leave and come back to your homes, to go to work and return, in case of any snow storm that may come to this city. You are entitled to have your streets clean." Are you going to say to the merchants of Boston—spending, as they do, hundreds of thousands of dollars in taxes to the city every year—that they are not entitled to have conditions maintained in Boston so that they can properly transact business? Of course not. Therefore, I feel that it is our bounden duty to vote for this order. The Finance Commission, too, which has been very hostile to this administration, has not said a word about the specifications or bids in this matter, and if there was anything wrong the Finance Commission would have let us know about it before now. I say to you, Mr. President, and to the other members of the Council that no member of the Council is being lashed here today, that no member of the Council is bowing the knee to David B. Shaw or anybody else. Mr. Shaw has not had anything to say or anything to do as far as I am concerned, and if he should, I will have something to say to Mr. Shaw. The citizens of Boston, however, are entitled to action in this matter. Are we going to allow personal feelings to creep into matters of this kind, or are we going to say to the people of Boston, "We believe, in your interest, that we should get this \$675,000 of snow-removal equipment?" The bids have been received, and I understand that there were twenty-eight or thirty bidders. We

I doubt if any member of the Council could make these persons or tell anything about them, with the exception of perhaps one. Furthermore, in confirming these men, in a sense we confirm, ratify and approve the spending of millions of money to give people apartments upon which they pay no taxes, in which they even get free water apparently, whereas all their neighbors who have invested in property have to pay taxes on it and are thus discriminated against. I certainly will vote against the confirmation.

Coun. ROBERTS—Mr. President, as regards the men appointed, I know one or two of them and have nothing whatever against them personally, but my vote is simply against the Housing Authority itself and has no reference whatever to the appointees. It will be recalled that this Council never had an opportunity to vote, by roll call, on the acceptance of this act. I, for one, am against it. I want it understood, however, that my vote is no reflection whatever upon the appointees, but simply against the housing proposition itself.

Coun. GALLAGHER moved that the order lie on the table, and his motion was declared carried.

Coun. BRACKMAN doubted the vote, and a roll call was ordered.

Coun. ROBERTS—Mr. President, I rise to a point of order. As I understood it, the matter was on the table and on Councilor Brackman's motion was taken from the table?

President FITZGERALD—No, it is under unfinished business. Councilor Brackman has asked for a roll call on the question of laying the order on the table.

The Council voted to lay the order on the table, yeas 11, nays 9:

Yeas—Coun. Agnew, Donovan, Englert, Fish, Gallagher, Green, Kerrigan, McGrath, Norton, Selvitalla, Shattuck—11.

Nays—Coun. Brackman, Doherty, Dowd, Finley, Fitzgerald, Gleason, Roberts, Tobin, Wilson—9.

W. P. A. WORK ON NON-MAJOR STREETS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of increasing the appropriation for materials so that every non-major street in Boston may be fixed with W. P. A. employees at the present time.

Passed under suspension of the rule.

FUTURE FINANCIAL STRUCTURE.

Coun. NORTON offered the following:

Ordered, That the City Council consider the advisability of making some recommendation to the Special Legislative Committee now studying Boston's financial set-up regarding the manner in which Boston's financial structure should be operated in the future.

Coun. NORTON—Mr. President, I believe that this Council should make a recommendation to the Special Legislative Committee now studying Boston's finances as to the manner in which the Council believes Boston should carry on its financial matters. Committees from the Boston Chamber of Commerce and Real Estate Exchange have recommended that tax and appropriation limits be abolished by the Legislature as regards Boston. Even the schools would come under the Mayor and Council in so far as appropriations were concerned. The Boston Finance Commission recommends that the Legislature retain the tax and appropriation limits not only for the city but for the Boston School Committee. The Boston Municipal Research Bureau recommends that all tax and appropriation limits for Boston be abolished by the Legislature in so far as the city budget is concerned. However, this body recommends that the Legislature set a maximum amount that can be spent by the School Committee yearly. If more is to be spent, then it must come out of the regular city budget and be approved by the Mayor and City Council. Here are some problems that are vital to those who are interested in the financial set-up of Boston. The Boston School Committee has sent a paper to the Legislative Committee which, in effect, protests against placing the schools under the Mayor and Council. The School Committee desires to have the Legislature tell it just how much money can be spent on Boston's schools. At the present time the Legislature has nine separate tax-limits for the Boston School System. One might ask why the School Committee insists upon the legislator from the Berkshires and Cape Cod telling Boston just how much it shall spend for vocational education in our schools, for school nursing, etc., instead of the Mayor and City Council performing this function as per the recommendation of the committees from the Boston Chamber of Commerce and Boston Real Estate Exchange. There has been an opinion expressed that the School Committee desires to keep the nine different tax limits in effect so that they will not have the responsibility of saying just how much shall be spent on vocational education and other fields. Here is an opportunity for the Council to express itself. To request home rule for Boston in its finances. To center responsibility for a high tax rate on the Mayor and Council. To eliminate some of the confusion that now exists. The Chamber of Commerce

and Real Estate Exchange report claims that the tax and appropriation limit does not limit. That it is a mere evasion. That the Legislature will set limits and then allow the Mayor to borrow money under special acts, to borrow outside the debt limit of the city. Hence, do away with these limits. Allow the Mayor and Council to spend all they want to provided no borrowing is allowed unless said borrowing comes within the provisions of chapter 44 of the General Laws. Then the people of Boston will know just how the Mayor and Council are going. Will know who is responsible for the high taxes. The Boston Finance Report differs with the above opinion. It says that while the Legislature limits have never limited Boston's spending, yet there is no reason why the Legislature cannot say to Boston, "You can spend not more than \$40,000,000 for maintenance expenses." Then if the Mayor demands more, the people will know he has exceeded the amount of money originally allotted for expenditure. Never has the "home rule" element in Boston had such backing as at the present time when leading authorities recommend taking off the legislative limits on Boston's spending provided the provisions of chapter 44 are put into effect. Shall Boston take advantage of this opportunity?

The order was passed under suspension of the rule.

SALES OF HOMES FOR UNPAID TAXES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of selling no home for unpaid taxes where the family lives in the home and in good times paid their taxes and, in the opinion of the Board of Assessors, leniency should be shown.

Passed under suspension of the rule.

PREFERENCE TO FORMER EMPLOYEES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of giving preference in re-employment to those old city employees let go during the first part of his administration, some of whom worked twenty years up to thirty-five years and more for the city and whose records are good. In many instances it is impossible for these people who have given the best part of their life to city work to find other employment.

Passed under suspension of the rule.

PREFERENCE TO BOSTON CONCERNS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of approving no job being done by the Department of School Buildings unless it is specifically understood that where a Boston concern is the low bidder on a project, and everything else being equal, it will be given the preference.

Coun. NORTON—Mr. President, the B. F. Sturtevant Company, for forty years taxpayers, were the low bidder on the Washington Irving School. They have been denied that job. Fifty men have been laid off in the Sturtevant Company, which means that 150 men, women and children will perhaps go on welfare.

The order was passed under suspension of the rule.

SERVICES OF MAYOR GEORGE BATES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of requesting the services of Mayor George Bates of Salem, Mass., on W. P. A. matters dealing with the Federal Government, since Mayor Bates seems to have one of the most efficient records for obtaining money from the Federal Government to carry through various projects for the City of Salem.

Referred to the Committee on Rules.

MASSACHUSETTS SAVINGS BANK INSURANCE CASES.

Coun. NORTON offered the following:

Ordered, That the Directors of Public Welfare, through his Honor the Mayor, be requested to consider the advisability of laying stress on Massachusetts Savings Bank Life Insurance in cases where families on welfare are revising their insurance policies.

Passed under suspension of the rule.

DISCRIMINATION AGAINST PORT OF BOSTON.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider ways and means of further assisting

the Boston Port Authority in their attempts to eliminate present discrimination against the Port of Boston.

Passed under suspension of the rule.

RATES TO HOSPITAL TELEPHONE OPERATORS AND AMBULANCE DRIVERS.

Coun. NORTON offered the following:

Ordered, That the Trustees of the City Hospital, through his Honor the Mayor, advise the Council regarding the feasibility of making uniform the rates of pay to telephone operators and ambulance drivers in this department.

Passed under suspension of the rule.

WADING POOLS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of building wading pools, similar to that installed in Hyde Park, in various sections of Boston, on city land, with the Federal Government paying for the labor, with no additional personnel necessary to operate the same, and at a cost to the city of about \$3,500, the cost of the Hyde Park installation.

Passed under suspension of the rule.

CUSTODY OF LAND, DUNBOY STREET AND PERTSHIRE ROAD.

Coun. GALLAGHER offered the following:

Ordered, That the care and custody of the triangular area of land at the junction of Dunboy street and Perthshire road be transferred from the Public Works Department to the Park Department.

Passed under suspension of the rule.

ELECTRIC LIGHTS, WARD 7.

Coun. KERRIGAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to replace all street gas lamps in the Dorchester end of Ward 7 with modern electric lights.

Passed under suspension of the rule.

ARC LIGHT ON LEEDS STREET.

Coun. KERRIGAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install an arc light on Leeds street, in the rear of St. Monica's Church.

Passed under suspension of the rule.

Adjourned at 6.51 p. m., on motion of Coun. KERRIGAN, to meet on Monday, December 9, 1935, at 2 p. m.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

POULTRY INSPECTOR, DEPARTMENT OF AGRICULTURE, JANUARY 11, 1936.

Last date for filing applications, Saturday, December 28, 1935, at 12 noon.

The minimum salary is \$1,920 a year; the maximum salary is \$2,400 a year.

Duties: To inspect poultry flocks. Culling, selecting, mating poultry in connection with State grades. Banding poultry. Inspection and care of breeding records. Regulatory work on R. O. P. grades.

The Department of Agriculture requests that applicants have at least two years' agricultural college education, specializing in poultry.

Credit will be given in the examination for this qualification.

Entrance Requirement: Applicants must have at least two years' experience in a poultry plant.

Subjects and Weights: Training and experience (3); practical questions (4); personality and fitness, as determined by an oral interview (3); total (10).

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

TRAFFIC RULES AND REGULATIONS.

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION,
BOSTON, MASS., November 6, 1935.

The following traffic rules and regulations are adopted under the authority granted by chapter 263 of the Acts of the Massachusetts Legislature of 1929. These rules and regulations shall not affect any act done, any right accrued, any penalty incurred, any suit, prosecution or proceeding pending under the provisions of previous rules.

These rules and regulations shall be effective on and after December 16, 1935, and all previous rules and regulations of this Commission, other than temporary rules and regulations, are repealed as of said date, subject, however, to the foregoing limitations.

ARTICLE I.

Section 1. Definitions.

Whenever in these rules and regulations the following words or phrases are used, they shall have the meanings respectively ascribed to them in this section.

(a) **Street or Highway.** The entire width between property lines of every way used for vehicular and pedestrian travel which has become public by authority of law.

(b) **Roadway.** That portion of a street or highway between regularly established curb lines or that part devoted to vehicular traffic.

(c) **Lane.** A longitudinal division of a roadway into a strip of sufficient width to accommodate the passage of a single line of vehicles.

(d) **Vehicle.** Every device in, upon or by which any person or property is or may be transported or drawn upon a street or highway, except devices used exclusively upon stationary rails or tracks.

(e) **Authorized Emergency Vehicles.** Boston Traffic Commission, Park, Police, Fire, Protective Department and United States mail vehicles, repair and emergency vehicles of municipal, state and public service corporations and ambulances.

All vehicles owned, used or controlled by the Mayor of Boston.

All vehicles used by the Corporation Counsel and employees of the Law Department of the City of Boston in connection with work of said department, and properly identified by a plate or other form of marking satisfactory to the Boston Traffic Commission.

All vehicles used by the City Treasurer and employees of the Treasury Department of the City of Boston in connection with delivery of payrolls and collection of money, and properly identified by a plate or other form of marking satisfactory to the Boston Traffic Commission.

(f) **Parking.** The stopping or standing of a vehicle, on a roadway, whether occupied or not, otherwise than temporarily for the purpose of and while actually engaged in loading or unloading, or in obedience to a police officer or traffic signs or signals, or while making emergency repairs or, if disabled, while arrangements are being made to move such vehicle.

(g) **Live Parking.** The stopping or standing of a vehicle, while the same is in direct charge of a driver, on a roadway otherwise than temporarily in obedience to traffic rules, regulations, signs or signals.

(h) **Pedestrian.** Any person afoot or riding on a conveyance moved by human power, except bicycles or tricycles.

(i) **Sidewalk.** That portion of a street or highway, other than a crosswalk, set aside for pedestrian travel.

(j) **Crosswalk.** That portion of a roadway ordinarily included within the prolongation or connection of curb lines and property lines at intersections, or at any portion of a roadway indicated for pedestrian crossing by lines on the road surface or by other markings or signs.

(k) **Traffic Island.** Any area or space set aside within a roadway, which is not intended for use by vehicular traffic and which conforms to the standards prescribed by the Department of Public Works, Commonwealth of Massachusetts.

(l) **Safety Zone.** Any area or space set aside within a roadway for the exclusive use of pedestrians and which has been indicated by signs, lines or markings, having the written approval of the Department of Public Works, Commonwealth of Massachusetts.

(m) **Traffic.** Vehicles, street cars or other conveyances, either single or together, while using any street or highway for the purpose of travel.

(n) **Official Traffic Signs.** All signs, markings and devices, other than signals, which conform to the standards prescribed by the Department of Public Works, Commonwealth of Massachusetts, and placed or erected by authority of the Boston Traffic Commission, for the purpose of guiding, directing, warning or regulating traffic.

(o) **Official Traffic Signals.** All signals, conforming to the standards prescribed by the Department of Public Works, Commonwealth of Massachusetts, and placed or erected by authority of the Boston Traffic Commission, for the purpose of directing or warning traffic.

(p) **Traffic Control Signal.** Any device using colored lights which conforms to the standards prescribed by the Department of Public Works, Commonwealth of Massachusetts, whether manually, electrically or mechanically operated, by which traffic may be alternately directed to stop and to proceed.

(q) **Official Curb Marking.** That portion of a curbing, the painting of which has been authorized by the Boston Traffic Commission and which has the written approval of the Department of Public Works, Commonwealth of Massachusetts.

(r) **Official Street Marking.** Any painted line, legend, marking or marker of any description painted or placed upon any way which purports to direct or regulate traffic and which has been authorized by the Boston Traffic Commission and which has the written approval of the Department of Public Works, Commonwealth of Massachusetts.

(s) **Bus Stop.** An area in the roadway reserved for the berthing and parking of buses.

(t) **Loading Zone.** That portion of a roadway adjacent to a curb reserved for the exclusive use of vehicles during the loading or unloading of passengers or materials, indicated by yellow paint applied to the adjacent curb, marking the limits of the reserved area, as authorized by the Boston Traffic Commission.

(u) **Downtown Boston.** The district bounded by the southwesterly line of Massachusetts avenue, the Roxbury Canal, South Bay, Fort Point Channel, Boston Harbor, Charles River and Charles River Basin.

(v) **Commercial Vehicle.** Any vehicle being lawfully used in the transportation of goods, wares or merchandise for commercial purposes.

(w) **Passenger Vehicle.** Any vehicle designed and being used for the transportation of persons.

(x) **Parkway.** Any avenue, roadway, street or way under the care, custody or control of the City of Boston Board of Park Commissioners, used for vehicular and/or pedestrian travel.

ARTICLE II.

OBEDIENCE TO POLICE.

Section 2. Driver's Obedience to Police Officers.

Drivers of vehicles shall comply with any lawful order, signal or direction of a police officer.

ARTICLE III.

TRAFFIC SIGNS, SIGNALS, MARKINGS AND ZONES.

Section 3. Display of Unauthorized Signs, Signals and Markings Prohibited.

No person shall place, maintain or display, upon or in view of any street, any unofficial sign, signal, marking or device which

purports to be or is an imitation of or resembles an official traffic sign, signal, marking or device or which attempts to direct the movement of traffic or which hides from view any official sign or signal.

Section 4. Interference with Signs, Signals, Markings and Devices Prohibited.

No person shall wilfully deface, injure, move, obstruct or interfere with, any official traffic sign, signal, marking or device.

Section 5. Obedience to Traffic Signs and Signals.

No driver of any vehicle or of any street car shall disobey the instructions of any official traffic control signal, sign, marking, marker or legend, unless otherwise directed by a police officer.

Section 6. Traffic Signs.

(1) Sections 8, 9, 13, 14, 16, 17, 18, 20, 21 and 22 relating to parking and section 35 concerning turning, shall be effective only during such time as official signs are erected and maintained in each block designating the provisions of such sections.

(2) Section 24 relating to one-way streets shall be effective only during such time as official signs are erected and maintained on such streets.

ARTICLE IV.

STOPPING, STANDING AND PARKING.

Section 7. General Prohibitions.

No driver shall stop, stand or park a vehicle in any of the following places, except when necessary to avoid conflict with other traffic, or with pedestrians, or in compliance with the direction of a police officer or traffic sign or signal:

- (1) Within an intersection.
- (2) Upon any sidewalk.
- (3) Upon any crosswalk.
- (4) Upon any street or highway within twenty (20) feet of an intersecting way, except alleys.
- (5) The space in front of, or within fifteen (15) feet of either wall of a fire station, on both sides of the street.
- (6) Upon a street or highway within ten (10) feet of a fire hydrant.
- (7) In front of a private driveway.
- (8) On a bridge or viaduct.
- (9) Upon the roadway where parking is permitted unless both wheels on the side of the vehicle adjacent to the curb are within one (1) foot of the curb or edge of the roadway and headed in the direction of traffic except where angle parking is permitted or commercial vehicles are backed to the curb.
- (10) Upon any roadway where the parking of a vehicle will not leave a clear and unobstructed lane at least ten (10) feet wide for passing traffic.
- (11) On the roadway side of any vehicle stopped or parked at the edge or curb of a roadway.
- (12) Upon any roadway in such a manner as to obstruct the movement of any street car.
- (13) At any place where official traffic signs have been placed or erected prohibiting standing and parking.

Section 8. Parking Prohibited in Certain Places, Except for Loading and Unloading, Etc.

(1) No driver shall stop, stand or park any vehicle, except that passenger vehicles may stop for not more than five (5) minutes continuously for the receiving or discharging of passengers at any curb adjacent to the reservation side of a parkway, the entrances of a school, church, theatre, hotel, hospital, railroad station, railway station, public building or any place of public assemblage, provided that this regulation shall not apply to the service entrances to any such building.

(2) No driver shall stop, stand or park any passenger vehicle for more than five (5) minutes continuously, nor any commercial

vehicle for more than twenty (20) minutes continuously in the following streets or parts thereof, during the hours indicated:

BOSTON (DOWNTOWN).

Acton street:

Both sides, from Bradford street to Washington street, 24 hours.

Albany street:

East side, from Beach street to Kneeland street, 7 a. m. to 6 p. m.

Both sides, from Kneeland street to Harvard street, 7 a. m. to 6 p. m.

East side, from Harvard street to Broadway, 7 a. m. to 6 p. m.

Allen street:

South side, from Chambers street to Charles street, 7 a. m. to 6 p. m.

Allston street:

North side, from Bowdoin street to Somerset street, 7 a. m. to 6 p. m.

Arlington street:

Both sides, from Providence street to Boylston street, 7 a. m. to 6 p. m.

Northeast side, from Boylston street to Commonwealth avenue, 7 a. m. to 6 p. m.

Ash street:

West side, from Oak street to Bennet street, 24 hours.

East side, from Oak street to Bennet street, 7 a. m. to 6 p. m.

Ashburton place:

North side, from Somerset street to Bowdoin street, 7 a. m. to 6 p. m.

Asylum street:

Both sides, from Harrison avenue to Washington street, 24 hours.

Auburn street:

Northwest side, from Poplar street to Leverett street, 24 hours.

Avery street:

North side, from Tremont street to Washington street, 7 a. m. to 6 p. m.

Avon street:

Northeast side, from Washington street to Chauncy street, 24 hours.

Batterymarch street, short arm:

South side, from Batterymarch street to Broad street, 7 a. m. to 6 p. m.

Beacon street:

Both sides, from Tremont street to Somerset street, 7 a. m. to 6 p. m.

South side, from Somerset street to Bowdoin street, 7 a. m. to 6 p. m.

Both sides, from Bowdoin street to Joy street, 7 a. m. to 6 p. m.

South side, from Joy street to Charles street, 7 a. m. to 6 p. m.

North side, from Hereford street to Massachusetts avenue, 7 a. m. to 6 p. m.

Both sides, from Charlesgate East to Charlesgate West, 24 hours.

Bedford street:

South side, from Lincoln street to Kingston street, 7 a. m. to 6 p. m.

South side, from Kingston street to Washington street, 24 hours.

Belvidere street:

North side, from St. Cecilia street to Massachusetts avenue, 7 a. m. to 6 p. m.

South side, from Massachusetts avenue to West Newton street, 24 hours.

Bennet street:

North side, from Washington street to Harrison avenue, 24 hours.

South side, from Washington street to Harrison avenue, 7 a. m. to 6 p. m.

Berkeley street:

Both sides, from St. James avenue to Newbury street, 7 a. m. to 6 p. m.

Beverly street:

Southwest side, from a point two hundred and twenty-five (225) feet northwest of Causeway street to a point three hundred and fifty (350) feet northwest of Causeway street, 24 hours.

Billerica street:

Northeast side, from Causeway street to Minot street, 24 hours.

Bosworth street:

North side, from Tremont street to Chapman place, 24 hours.

Bowdoin street:

East side, from Cambridge street to Beacon street, 7 a. m. to 6 p. m.

West side, from Derne street to Beacon street, 24 hours.

Boylston street:

South side, from Tremont street to Park square, 7 a. m. to 6 p. m.

North side, from Tremont street to Arlington street, 7 a. m. to 6 p. m.

North side, from Hereford street to Ipswich street, 7 a. m. to 6 p. m.

South side, from Hemenway street to St. Cecilia street, 7 a. m. to 6 p. m.

Branch street:

North side, from Charles street to Spruce street, 24 hours.

Brattle square:

West side, from Brattle street to Elm street, 24 hours.

Brattle street:

South side, from Adams square to Scollay square, 7 a. m. to 6 p. m.

Brighton street:

Southeast side, from Leverett street to Allen street, 24 hours.

Brimmer street:

West side, from Beacon street to Chestnut street, 7 a. m. to 6 p. m.

Bristol street:

Both sides, from Harrison avenue to Albany street, 7 a. m. to 6 p. m.

Broad street:

North side, from Wharf street to Atlantic avenue, 7 a. m. to 6 p. m.

Broadway:

Both sides, from Tremont street to Albany street, 7 a. m. to 6 p. m.

Both sides, from Albany street to Dorchester avenue, 24 hours.

West side, from Eliot street to Park square, 24 hours.

Bromfield street:

Both sides, from Washington street to Tremont street, 24 hours.

Buckingham street:

North side, from Clarendon street to Dartmouth street, 7 a. m. to 6 p. m.

Burlington avenue:

Northeast side, from Brookline avenue to land of the Boston & Albany Railroad, 7 a. m. to 6 p. m.

Woodman street:

Both sides, from St. Joseph street to Jamaica street, 24 hours.

Section 9. Angle Parking.

Subject to the provisions of sections 7, 8, 16 and 18, vehicles shall be placed at an angle of forty-five (45) degrees to the curb or edge of roadway, with right rear wheel to the curb or edge of roadway, in the following streets or parts of streets:

Atlantic avenue:

Northwest side, from a point eighty (80) feet northeast of Essex street to Summer street.

Beacon street, Brighton:

Northwest side, from Ayr road to Chestnut Hill avenue.

Blue Hill avenue, Dorchester:

Both sides, from Babson street to Mattapan square.

Cambridge street, Brighton:

Northwest side, from a point one hundred and fifty-five (155) feet southwest of Hano street to North Beacon street.

Commonwealth avenue, Brighton:

North side of North drive, from Cottage Farm Bridge to Brighton avenue.

Deerfield street:

East side, from Commonwealth avenue to Bay State road.

Hyde Park avenue, Hyde Park:

West side, from River street to Pine street.

Northern avenue, South Boston:

Northeast side, from Sleeper street to a point fifteen hundred (1,500) feet southeast of Sleeper street.

Providence street:

North side, from Park square to a point one hundred and twenty-four (124) feet east of Arlington street.

South side, from opposite the west street line of Church street to a point two hundred and twelve (212) feet west of opposite the west street line of Church street.

Washington Street North:

East side, from Stillman street to Endicott street.

Section 10. Night Parking.

Subject to the provisions of sections 7, 8, 16, 17 and 18 parking between the hours of 6 p. m. and 1 a. m. is allowed in all streets or highways without time limit.

Section 11. Parking Time Limited.

Except as otherwise provided, no driver shall park any vehicle between the hours of 7 a. m. and 6 p. m. of any day, except Sundays and public holidays, on any street or highway for a period of time longer than one (1) hour.

Section 12. All-Night Parking Prohibited.

No driver shall park any vehicle on a street or highway for a period of time longer than one (1) hour between the hours of 1 a. m. and 7 a. m. of any day.

Section 13. Unrestricted Parking in Specified Places.

(1) Subject to sections 7, 8 and 16, and between the hours of 10 a. m. and 1 a. m., vehicles may be parked without time limit in the following places and in the manner specified, provided that between the hours of 1 a. m. and 10 a. m. no driver shall stand a vehicle in any such place except that passenger vehicles may be placed for not more than five (5) minutes continuously for the receiving or discharging of passengers and commercial vehicles may be placed for not more than twenty (20) minutes continuously for the loading or unloading of materials:

Charles street:

Both sides, from Boylston street to Beacon street; vehicles shall be placed with both right wheels to the curb or edge of the roadway.

State street:

In the centre, from the subway structure in a westerly direction, within the lines indicated.

(2) Subject to sections 7 and 8, and between the hours of 7 a. m. and 1 a. m., vehicles may be parked without time limit in the following place and in the manner specified:

Northern avenue, South Boston:

Northeast side, from Sleeper street to a point fifteen hundred (1,500) feet southeast of Sleeper street; vehicles shall be placed at an angle of forty-five (45) degrees to the curb or edge of the roadway, with right rear wheel to the curb or edge of the roadway.

Section 14. Live Parking.

Subject to sections 7 and 8 and between the hours of 7 a. m. and 6 p. m. of any day, except Sundays and public holidays, no vehicle shall be parked in the following street unless the same is in direct charge of a driver:

Tremont street:

West side, from a point two hundred (200) feet north of Boylston street to Park street.

Section 15. Commercial Vehicles May Back to Curb or Edge of Roadway.

Subject to the provisions of sections 7, 8, 16, 17 and 19, commercial vehicles may be parked with both rear wheels to the curb or edge of the roadway while loading or unloading materials, provided such parking leaves a clear and unobstructed lane at least ten (10) feet wide for the passage of traffic.

Section 16. Bus Stops.

No driver shall stop, stand or park a vehicle, other than a bus operated by the Public Service Corporation to which the bus stop permit has been issued, in front of a Boston Elevated Railway or Eastern Massachusetts Street Railway Company

Bus Stop, when such stop is designated by yellow paint applied to adjacent curb or street and by signs bearing the legend "No Stopping, Bus Stop, Boston Traffic Commission."

Section 17. Safety Zones.

No driver shall stop, stand or park a vehicle between an established safety zone and the adjacent curb, or within twenty (20) feet of a point on the curb immediately opposite the end of a safety zone.

Section 18. Loading Zones.

No driver shall stop, stand or park any vehicle in any loading zone or in front of any loading platform, except that passenger vehicles may stand for not more than five (5) minutes continuously for the receiving or discharging of passengers, and commercial vehicles may stand for not more than twenty (20) minutes continuously for the loading or unloading of materials.

Section 19. Restricted Use of Certain Streets.

Between the hours of 9 a. m. and 5.30 p. m. in the following streets or parts of streets there shall be no delivery or collection of coal, fuel, oil, ice, barrels, kegs, empty cases or boxes; nor the collection of garbage, refuse or waste materials; nor any collection or delivery of goods or materials of any kind which requires a vehicle being backed to the curb, except in an emergency, and then only as authorized by the Boston Traffic Commission, covering one day's delivery or collection:

Avon street.

Beacon street:

From Park street to Tremont street.

Boylston street:

From Washington street to Arlington street.

Bromfield street.

Congress street:

From Post Office square to Dock square.

Court street:

From Washington street to Scollay square.

La Grange street.

Mt. Vernon street:

From Hancock street to Charles street.

School street.

Scollay square.

Temple place.

Tremont street:

From Scollay square to Stuart street.

Washington street:

From Stuart street to Haymarket square.

Water street:

From Washington street to Devonshire street.

West street.

Winter street.

Section 20. Parking of Public Vehicles in Court Square.

Vehicles owned by the City of Boston or being used in the city service may be parked in Court square without time limit at the curbs next the City Hall Annex. Vehicles shall be placed with the left rear wheel to the curb, within the lines indicated, in the easterly arm, west side.

Section 21. Parking of United States Government Vehicles.

(1) Vehicles owned by the United States Government may be parked without time limit at the curb next the United States Post Office and Court House Building in the following streets:

Devonshire street:

East side, from Water street to Milk street.

Milk street:

North side, from Devonshire street to Post Office square.

Post Office square:

West side, from Milk street to Water street.

Water street:

South side, from Post Office square to Devonshire street.

(2) Vehicles owned by the United States Government may be parked without time limit at the curb next the United States Custom House in the following streets:

Central street:

North side, from easterly arm of McKinley square to westerly arm of McKinley square.

McKinley square:

East side, westerly arm, from Central street to State street.

West side, easterly arm, from Central street to State street.

State street:

South side, from easterly arm of McKinley square to westerly arm of McKinley square.

Section 22. Parking of Vehicles Near the State House by Members and Officers of the General Court.

The provisions of these rules and regulations prohibiting or restricting the parking and standing of vehicles on public ways shall not, so far as they relate to the following streets, apply to vehicles owned or used by members and officers of the General Court:

Bowdoin street:

West side, from Beacon street to Mt. Vernon street.

Derne street:

South side, from Bowdoin street to Hancock street.

Hancock street:

East side, from Derne street to Mt. Vernon street.

Section 23. Parking and Standing of Authorized Emergency Vehicles.

The provisions of these rules and regulations governing the parking and standing of vehicles shall not apply to authorized emergency vehicles, as herein defined, while the same are being used in the performance of a public duty.

ARTICLE V.

(2) **On Northern avenue.** Vehicles other than motor vehicles crossing the bridge shall use the southerly span going east and the northerly span going west, keeping to the right thereof.

ARTICLE VI.

OPERATION OF VEHICLES.

Section 25. Drive Within Marked Lanes.

When any roadway has been divided into lanes, a driver of a vehicle shall drive so as to be entirely within a single lane and shall not move from the lane in which he is driving until he has first ascertained if such movement can be made with safety.

Section 26. Drive on Right Side of Street.

Except on one-way streets, or where signs have been erected to the contrary, or when overtaking and passing another vehicle, the driver of a vehicle shall drive the same on the right half of the roadway and shall drive a slow moving vehicle as closely as possible to the right hand edge or curb of the roadway unless it is impracticable to travel on such side of street.

Section 27. Keep to the Right of Roadway Division.

On a roadway divided by a parkway, grass plot, reserved space for street railway cars, viaduct, walk, sunken way, safety zone, subway or other structure, vehicles shall keep to the right of such division.

Section 28. Overtaking Other Vehicles.

The driver of a vehicle shall not overtake and pass any other vehicle proceeding in the same direction at any intersection of streets, except that this provision shall not apply at intersections where traffic is controlled by official traffic control signals, or by police officers.

Section 29. Overtake Only When There is a Space Ahead.

The driver of a vehicle shall not overtake and pass a vehicle proceeding in the same direction unless there is sufficient clear space ahead on the right side of the roadway, except that on a one-way street drivers shall not be restricted to the use of the right half of the roadway, but may have access to the entire width thereof, to permit the overtaking to be completed without impeding the safe operation of any vehicle ahead, or without causing the driver of any vehicle to change his speed or alter his course except as provided in the following section.

Section 30. Driver to Give Way to Overtaking Vehicle.

The driver of a vehicle when about to be overtaken and passed by another vehicle approaching from the rear shall give way to the right when practicable in favor of the overtaking vehicle and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle.

Section 31. Obstructing Traffic.

(1) No person shall drive in such a manner as to obstruct unnecessarily the normal movement of traffic on any street or highway.

(2) No driver shall enter an intersection or a marked crosswalk unless there is sufficient space beyond the intersection or crosswalk and on the right half of the roadway to accommodate the vehicle he is operating without obstructing the passage of other vehicles or pedestrians notwithstanding any traffic control signal indication to proceed, except that on a one-way street drivers shall not be restricted to the use of the right half of the roadway, but may have access to the entire width thereof, beyond the intersection or crosswalk, if such is available.

Section 32. Care in Starting, Stopping, Turning or Backing.

The driver of any vehicle before starting, stopping, turning from a direct line or backing shall first see that such movement can be made with safety. If such movement cannot be made in safety or if it interferes unduly with the normal movement of other traffic, said driver shall wait for a more favorable opportunity to make such movement.

Section 33. Mid-Block Turns Regulated.

No driver shall turn a vehicle so as to proceed in the opposite direction unless such turn can be made without backing, and without causing any approaching driver to slacken speed or change his course.

Section 34. Backing Around Corners or into Intersections Prohibited.

No driver of any vehicle shall back such vehicle around a corner at an intersection, or into an intersection of streets.

Section 35. Left Turns Prohibited.

The driver of a vehicle shall not make the following left turns:

Arlington street:

Into Beacon street, westerly.

Beacon street:

Into Deerfield street, northerly.

Boylston street:

Into Park square, southerly.

Broadway:

Into Dorchester avenue, southerly.

Into Maverick street, easterly.

Morton street, West Roxbury:

Into American Legion highway, southwesterly.

Into Canterbury street, easterly.

Tremont street:

Into Park street, northwesterly.

Washington street:

Into Stuart street, westerly.

Section 36. Right Turns Regulated.

(1) The driver of a vehicle shall not enter Embankment road at the intersection of Cambridge street, Charles street and Embankment road, except from Longfellow Bridge.

(2) The driver of a vehicle proceeding in a southerly direction on Deerfield street, upon reaching its intersection with Commonwealth avenue, shall make a right turn only, into Commonwealth avenue westerly.

(3) The driver of a vehicle proceeding in a northerly direction on Congress street shall make a right turn only, from Congress street into Dock square.

Section 37. Obedience to Traffic Control Signals.

Colors and arrow indications in traffic control signals shall have the commands ascribed to them in this section, and no other meanings, and every driver of a vehicle, railway car or other conveyance shall comply therewith, except when otherwise directed by a police officer or by a lawful traffic regulating sign, signal or device.

In no case shall a driver enter or proceed through an intersection without due regard to the safety of other persons within the intersection regardless of what indications may be given by traffic control signals.

(1) GREEN. While the green lens is illuminated, drivers facing the signal may proceed through the intersection, but shall yield the right of way to pedestrians and vehicles lawfully within a crosswalk or the intersection at the time such

signal was exhibited. Drivers of vehicles making a right or left turn shall yield the right of way to pedestrians crossing with the flow of traffic.

(2) **RIGHT, LEFT AND VERTICAL GREEN ARROWS.** When a right green arrow is illuminated, drivers facing said signal may turn right. When a left green arrow is illuminated, drivers facing said signal may turn left. When a vertical green arrow is illuminated, drivers facing said signal may go straight ahead. When a green arrow is exhibited together with a red or a yellow lens, drivers may enter the intersection to make the movement permitted by the arrow, but shall yield the right of way to vehicles and pedestrians proceeding from another direction on a green indication.

(3) **YELLOW.** While the yellow lens is illuminated, waiting drivers shall not proceed and any driver approaching the intersection or a marked stop line, shall stop at such point unless so close to the intersection that a stop cannot be made in safety, provided, however, that if a green arrow is illuminated at the same time, drivers may enter the intersection to make the movement permitted by such arrow.

(4) **RED.** While the red lens is illuminated, drivers facing the signal shall stop outside of the intersection, or at such point as may be clearly marked by a sign or line, provided, however, that if a green arrow is illuminated at the same time, drivers may enter the intersection to make the movement permitted by such arrow.

(5) **RED AND YELLOW.** While the red and yellow lenses are illuminated together, drivers shall not enter the intersection and during such time the intersection shall be reserved for the exclusive use of pedestrians.

(6) **FLASHING RED.** A flashing red lens shall indicate those intersections at which a driver is required by law to stop before entering.

(7) **FLASHING YELLOW.** A flashing yellow lens shall indicate the presence of a hazard and drivers may proceed only with caution.

(8) **FLASHING GREEN.** A flashing green lens shall indicate an intersection or pedestrian crosswalk in use or subject to use by entering or crossing traffic. Drivers may proceed only with caution and shall be prepared to comply with a change in the signal to a red and/or yellow indication.

Section 38. Obedience to Through Way Stop Signs.

Every driver of a vehicle, railway car or other conveyance approaching an intersection of a way with a lawful through way where there exists facing him an official sign bearing the words "THROUGH TRAFFIC STOP," said sign having apart from these rules and regulations, the written approval of the Department of Public Works, Commonwealth of Massachusetts, and such approval being in effect, shall, before proceeding through the intersection, bring such vehicle, railway car or other conveyance to a complete stop at such point as may be marked by a sign or line, or if a point is not so marked, then at a place between the said stop sign and the nearer line of the street intersection. In the case of a line of two or more vehicles approaching such "STOP" sign the drivers of the second and third vehicles in line in any group shall not be required to stop more than once before proceeding through the intersection. This section shall not apply when the traffic is otherwise directed by an officer or by a lawful traffic regulating sign, signal or device.

Section 39. Through Ways.

The following street is hereby declared to constitute a through way:

Blue Hill avenue:

From Dudley street to Boston-Milton line.

Section 40. Obedience to Isolated Stop Signs.

Every driver of a vehicle, railway car or other conveyance approaching an intersection of ways where there exists facing him an official sign bearing the word "STOP" and authorized by

this section, said sign having apart from these rules and regulations, the written approval of the Department of Public Works, Commonwealth of Massachusetts, and such approval being in effect, shall, before proceeding through the intersection, bring such vehicle, railway car or other conveyance to a complete stop at such point as may be marked by a sign or line, or if a point is not so marked, then at a place between the said "STOP" sign and the nearer line of the street intersection. In the case of a line of two or more vehicles approaching such "STOP" sign, the drivers of the second and third vehicles in line in any group shall not be required to stop more than once before proceeding through the intersection. This section shall not apply when the traffic is otherwise directed by an officer or by a lawful traffic regulating sign, signal or device.

Section 41. Isolated Stop Streets.

The following streets are hereby declared to constitute isolated "STOP" streets:

Arborway, east drive, West Roxbury:

At Centre street.

Glen road, West Roxbury:

At Forest Hills street.

Townsend street, Roxbury:

At Harold street.

Section 42. Driving on Sidewalks Prohibited.

The driver of a vehicle shall not drive upon any sidewalk except at a permanent or temporary driveway.

Section 43. Passing Street Cars.

The driver of a vehicle shall not overtake and pass upon the left of any street car proceeding in the same direction, whether actually in motion or temporarily at rest. This provision shall not apply to one-way streets, nor to streets where the roadway to the right of the street car is obstructed other than by vehicles temporarily halted in traffic.

Section 44. Driving on Street Car Tracks.

No driver of any vehicle proceeding on any street car tracks in front of a street car on a street shall fail to remove such vehicle from the tracks as soon as practicable after signal from the driver of said street car.

Section 45. Driving Through Safety Zones Prohibited.

No driver of a vehicle shall drive the same over or through a safety zone, except on signal from a police officer.

ARTICLE VII.

EXCLUSION OF VEHICLES.

Section 46. Advertising Vehicles Regulated.

No person shall drive or park any vehicle designed or used primarily for the purposes of advertising on any street in Downtown Boston.

Section 47. Operation of Commercial Vehicles Restricted.

No commercial vehicle shall be operated on the following streets or parts of streets, provided that the restriction shall not apply to authorized emergency vehicles, to vehicles using streets for the making of deliveries or collections or for the purpose of reaching a regular storage place located on said streets or parts of streets, to street repair vehicles of the City of Boston, nor to any commercial vehicle equipped with pneumatic tires, with a load capacity not over two and one-half (2½) tons, and without a trailer:

Auckland street, Dorchester:

From Belfort street to Bay street.

Bay State road:

From Beacon street to University road.

Beacon street:

From Raleigh street to Charles street.

Becket street, Dorchester:

From Dorchester avenue to Gallivan boulevard.

Brimmer street:

From Pinckney street to Beacon street.

Brookside avenue, West Roxbury:

From Germania street to Green street.

Centre avenue, Dorchester:

From Dorchester avenue to Centre street.

Centre street, Dorchester:

From Dorchester avenue to Washington street.

Dimock street, Roxbury:

From Columbus avenue to Washington street.

Eustis street, Roxbury:

From Adams street to Dearborn street.

Glendale street, Dorchester:

From Columbia road to Hancock street.

Hemenway street, Roxbury:

From Boylston street to Huntington avenue.

Holton street, Brighton:

From Franklin street to Litchfield street.

Lexington street, Charlestown:

From Bunker Hill street to Monument square.

Longwood avenue, Roxbury:

From Huntington avenue to Brookline avenue.

Marlborough street:

From Arlington street to Massachusetts avenue.

Montebello road, West Roxbury:

From Washington street to Brookside avenue.

Monument square, east side, Charlestown:

From Tremont street to Winthrop street.

Newbury street:

From Arlington street to Hereford street.

Pleasant street, Dorchester:

From East Cottage street to Stoughton street.

St. Stephen street, Roxbury:

From Massachusetts avenue to Forsyth street.

South street, Brighton:

From Chestnut Hill avenue to Commonwealth avenue.

South street, West Roxbury:

From Robert street to Centre street.

From Washington street to Bussey street.

West Cedar street:

From Chestnut street to Phillips street.

Winthrop street, Charlestown:

From Monument square to Warren street.

Section 48. Market District Regulations.

(1) On Saturdays and the day immediately preceding a public holiday, vehicles are excluded from the following street, between the hours of 2 p. m. and 11 p. m.

Blackstone street:

From North street to Haymarket square.

(2) On Saturdays and the day immediately preceding a public holiday, parking of vehicles is prohibited in the following streets or parts of streets during the hours indicated:

Faneuil Hall square:

North side, southerly arm, 5 p. m. to 12 p. m.

South side, northerly arm, 5 p. m. to 12 p. m.

North street:

South side, from Cross street to Dock square, 2 p. m. to 12 p. m.

North Market street:

South side, from Commercial street to Merchants row, 5 p. m. to 12 p. m.

Section 49. Exclusion of Vehicles from Parkways.

(1) Commercial vehicles and passenger vehicles with a seating capacity for more than eight (8) passengers are excluded from all parkways except the following roads or parts of roads, unless commercial vehicles are to deliver or receive merchandise on a parkway, when they must be driven by the shortest route from and to the nearest public way:

Columbia road, Dorchester and South Boston:

From Blue Hill avenue around Kosciuszko circle to the cross road entering Old Colony avenue at Hyde street.

Glen lane, Franklin Park:

From Glen road to Blue Hill avenue.

Morton lane underpass, Franklin Park:

From Forest Hills street to Morton street.

Commercial vehicles and passenger vehicles with a seating capacity for more than eight (8) passengers may cross all parkways at intersecting public streets except in the Back Bay Fens.

(2) All motor vehicles are excluded from the Arnold Arboretum.

(3) All motor vehicles are excluded from Franklin Park except from the following roads or parts of roads:

Forest Hills Entrance road:

From Forest Hills street to its intersection with Circuit drive.

Circuit drive, westerly and northerly arms:

From its intersection with Forest Hills Entrance road to its intersection with Columbia Entrance road.

Columbia Entrance road:

From its intersection with Circuit drive to Blue Hill avenue.

Glen lane:

From Glen road to Blue Hill avenue.

Morton lane underpass:

From Forest Hills street to Morton street.

(4) No person shall drive or park any vehicle designed or used primarily for the purpose of advertising in any parkway.

ARTICLE VIII.**SUMNER VEHICULAR TUNNEL.****Section 50. Traffic Regulations Relating to the Use of the Sumner Vehicular Tunnel.****PART I.—OPERATION OF VEHICLES.**

(1) Anything herein contained to the contrary notwithstanding, traffic must at all times comply with any lawful order, signal or direction, by voice or hand, of any member of the Toll Guard or Police Officer. When traffic is controlled by signs or mechanical or electrical signals, such signs and signals shall be obeyed unless a Toll Guard or Police Officer directs otherwise.

(2) Whistle signals used by the Toll Guards or Police Officers shall have the following meaning:

ONE BLAST. All moving traffic shall stop.

TWO BLASTS. Traffic shall move.

THREE OR MORE BLASTS. Emergency signal — All moving traffic shall stop immediately.

(3) Signal lights used in the tunnel shall have the following meaning:

GREEN LIGHT. All vehicles shall proceed.

RED LIGHT. All vehicles shall stop.

YELLOW LIGHT. All vehicles shall proceed only as directed by Toll Guard or Police Officer.

"STOP ENGINE" LIGHT. All motors shall be stopped at once and not started until the green light is displayed.

(4) Drivers of vehicles shall at all times keep the same to the right of the center line, unless otherwise directed by the Toll Guard or Police Officer.

(5) The driver of a vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard to the speed of such vehicle, and the traffic upon the way. In tunnel, an interval not less than fifty (50) feet shall be maintained between vehicles.

(6) The driver of a vehicle shall not stop, stand or park the same in the tunnel except:

(a) When necessary to avoid injury or damage to persons or property.

(b) In compliance with the direction of a traffic signal.

(c) In compliance with the direction of a Toll Guard or Police Officer.

(7) Tire changes and repairs shall not be made in the tunnel.

(8) Before entering the tunnel all headlights shall be extinguished.

(9) No driver of any vehicle shall use any cut-out or other apparatus or device which shall allow the exhaust gas to escape into the atmosphere without passing through a muffler or silencer.

PART II.—REGULATIONS TO APPLY TO TUNNEL ONLY.

The foregoing regulations of this section 50 shall apply only to the use of the Sumner Vehicular Tunnel and no other provisions of these rules and regulations, except the provisions of section 53, hereof, and except so far as herein otherwise provided, shall apply to the use of said tunnel.

ARTICLE IX.

EXPERIMENTAL REGULATIONS.

Section 51. Authority to Make Temporary Rules.

For purposes of trial, the Traffic Commission of the City of Boston may make temporary rules regulating traffic, or test under actual conditions, traffic signs, signals, markings or other

devices. No such emergency or experimental rule regulating traffic shall remain in effect for a period of time longer than sixty (60) days.

ARTICLE X.

LIABILITY AND PENALTIES.

Section 52. Owner of Vehicle Liable for Violations of Parking Rules and Regulations.

No person shall allow, permit or suffer any vehicle registered in his name to stand or park in any street, way, highway, road or parkway under the control of the city in violation of any of the rules and regulations of the Traffic Commission of the City of Boston.

Section 53. Penalties.

Whoever violates any of the provisions of the foregoing rules and regulations, or whoever violates any temporary or experimental rules and regulations made under authority of section 51, shall be punished by a fine not exceeding fifty (50) dollars for each offence, except as otherwise provided by statute.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

SUPERINTENDENT OF TEMPORARY HOME FOR WOMEN, BOSTON PUBLIC WELFARE DEPARTMENT, JANUARY 18, 1936.

Last date for filing applications, Saturday, January 4, 1936, at 12 noon.

This examination is open to females only.

Salary: \$1,020 per year.

Duties: To cooperate with social agencies. To supervise employees and inmates in their work assignments. To be responsible for the smooth running of the entire institution, with special attention to be given food supply, absolute cleanliness and laundry work. To supervise the care given to children, particularly infants.

Entrance Requirements: Applicants must have at least one year's experience in institutional work. Applicants must be not less than thirty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application *unless* one has been filed with a previous application.

Subject and Weights: Training and experience, 4; oral interview, 1; total, 5.

The examination will consist of a state-

ment of the applicant's training and experience in complete and accurate detail.

After applications have been filed, experience sheets will be sent to all applicants. These statements must be filled out and returned to the office of the Civil Service Commission, Rooms 143-152, State House, Boston, not later than Saturday, January 18, 1936, at 12 noon. No papers will be accepted after this date. No amendments or corrections will be allowed.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Civil Service Rule 9, Section 4: Any person possessing the required qualifications who has taken an examination may make new application for the same service at any time, and his status shall be determined by the result of the last examination taken. If any person fails to fulfill all the requirements his examination shall be treated as a failure.

REVISION OF ASSESSMENTS.

The Mayor has approved the following votes of the Board of Street Commissioners of the City of Boston:

In the matter of the applications for revision of assessments levied on account of the construction of sewerage works, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and

deeming it just and proper that such action should be taken on said applications,

Order, That the amounts hereinafter specified, being the annual apportionments of said assessments for the years specified below, be, and the same are hereby, abated:

Charles D. and Jennie F. Desmond, Vermont street, Lot 14, assessed December 26, 1930, Plan 1930-16, 1934 apportionment, \$11.36.

Anna Marie Buoch, Johnson street, Lot 8, assessed July 27, 1934, Plan 1932-40, 1935 apportionment, \$24.85.

In the matter of the applications for revision of assessments levied on account of the construction of sewerage works, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said applications,

Order, That the amounts hereinafter specified, being the annual apportionments of said assessments for the years specified below, be, and the same are hereby, abated:

Agnes T. Conlon, Varick road, West Roxbury, Plan 1927-10, Lot 1, assessed November 16, 1927, 1935 apportionment amount, \$11.80.

Maria M. Flaherty, Roseway street, West Roxbury, Plan 1925-40, Lot D, assessed April 9, 1926, 1933 apportionment amount, \$9.97.

Mabel L. Nelson, Montmorenci avenue, East Boston, Plan 1933-22, Lot 17, assessed January 31, 1934, 1935 apportionment amount, \$7.82.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 9, 1935.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair. Absent, Coun. Green, Murray and Norton.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted the following appointments, viz.:

Weighers of Coal: James Murphy, 27 Sumner street, West Roxbury; John J. Ryan, 371 Huntington avenue, Hyde Park; Hubert F. Marshall, 21 Whitney avenue, Cambridge.

Severally laid over a week under the law.

TRAFFIC SIGNALS, WARREN STREET, ETC.

The following was received:

City of Boston,
Office of the Mayor, December 5, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Traffic Commissioner relative to your order of November 25, 1935, concerning the installation of traffic signals at the junction of Warren, St. James and Moreland streets.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Traffic Commission, December 3, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated November 25, 1935, which reads as follows:

"Ordered, That the Traffic Department, through his Honor the Mayor, be requested to install automatic traffic signals at the junction of Warren, St. James and Moreland streets."

The records in this office show that since January 1, 1931, four motor vehicle accidents involving personal injury have occurred at this intersection, divided by years as follows:

1931, 1; 1932, 1; 1933, 0; 1934, 2; 1935, 0.

Compared with many other intersections in the city where there are no traffic signals, the accident record detailed above is not a particularly bad one. It is the opinion of the engineers of this commission that there are many other intersections which should take precedence in the matter of installing traffic signals.

We estimate that the cost of installing a traffic signal at this intersection would be \$2,500.

There are no funds available for this purpose at present.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

BOSTON COMMON TRICENTENARY.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1935.
To the City Council.

Gentlemen,—I submit herewith an order providing for the appropriation of \$1,250 from the Reserve Fund to meet certain expenses incurred in connection with the observance of the Boston Common Tercentenary. These expenses were incurred by the Tercentenary Committee headed by Hon. Andrew J. Peters, chairman, and represent outstanding obligations after contributions by the Commonwealth and private agencies have been used up. Since the city officially participated in the Tercentenary and because of the historical importance of Boston Common I feel it is proper for the city to defray a portion of the expenses incurred by the committee. I respectfully recommend adoption of the accompanying order by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That the sum of \$1,250 be, and the same hereby is, appropriated, to be expended under the direction of the Mayor, for Boston Common Tercentenary Observance, said sum to be charged to the Reserve Fund.

Referred to Executive Committee.

FENCES, COLUMBIA STATION BRIDGE.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Commissioner of Public Works, and a letter from the chairman of the Park Department, relative to your order of November 25, 1935, concerning the construction of strong suitable fences

on either side of the Columbia Station Bridge, between Old Colony avenue and the railroad tracks.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department, December 3, 1935.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of November 29, with attached order of City Council dated November 25, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to construct strong suitable fences on either side of the Columbia Station Bridge, between Old Colony avenue and the railroad tracks."

and to state that the maintenance and reconstruction of the fence on either side of the Columbia Station Bridge, between Old Colony avenue and the railroad tracks, comes under the jurisdiction of the Park Department and the order should be referred to said department.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

City of Boston,
Park Department, December 6, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of December 5, with inclosure, order from the City Council to construct strong suitable fences on either side of the Columbia Station Bridge, between Old Colony avenue and the railroad tracks.

Please be assured that if the department felt that a stronger fence than the present iron fence was necessary, it would be constructed. Extensive repairs are being made to the bridge and fences by E. R. A. workers at the present time.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

TRANSFER FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1935.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the transfer of the sum of \$2,176.58 from the income of the George F. Parkman Fund to the maintenance and improvement of the Common and Parks in existence on January 12, 1887.

I submit herewith an appropriation order and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, December 7, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$2,176.58, which is the final balance now available from the income for the year 1935, to be expended under the direction of the Board of Park Commissioners as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of..... \$2,176.58

When the budget estimates were made up for the year 1935, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1935, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$2,176.58 be, and hereby is, appropriated, from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of..... \$2,176.58

Referred to Executive Committee.

P. W. A. PROJECT, QUINCY MARKET.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1935.
To the Honorable the City Council.

Gentlemen,—Your Honorable Body has passed a loan order, which has been approved by me, for the following P. W. A. project:

Improvements and Repair to Faneuil Hall Market (P. W. A. Docket No. Mass. 1280).

This project has been approved by the Emergency Finance Board and the Governor.

The city has received an offer by the United States of America to aid in financing the construction of the above project by making a grant to the City of Boston in the amount of 45 per cent of the cost of said project, but not to exceed, in any event, the sum of \$202,950.

I am transmitting herewith to your Honorable Body the following:

1. Copy of offer by the United States of America;
2. Copy of rules and regulations (P. W. A. Form No. 179); and
3. Form of order of acceptance of said offer relating to above project.

Because prompt action is necessary to obtain the initial payment on account of the grant by the United States of America and to meet the schedule set by the President of the United States of America, requiring all P. W. A. contracts to be awarded on or before December 15, 1935, I urgently recommend prompt consideration and passage by you of the accompanying order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That the offer of the United States of America to the City of Boston to aid by way of grant in financing the construction of improvements and repairs to Faneuil Hall Market, a copy of which offer reads as follows:

"Federal Emergency Administration of
Public Works.

Washington, D. C., October 7, 1935.
State File No. Mass. 1280.

City of Boston,
Boston, Suffolk County, Massachusetts.

Subject to the Rules and Regulations (P. W. A. Form No. 179, July 22, 1935, as amended to date) which are made a part hereof, the United States of America hereby offers to aid in financing the construction of improvements and repairs to Faneuil Hall Market (herein called the Project) by making a grant to the City of Boston in the amount of 45 per cent of the cost of the Project upon completion, as determined by the Federal Emergency Administrator of Public Works, but not to exceed, in any event, the sum of \$202,950.

UNITED STATES OF AMERICA,
FEDERAL EMERGENCY ADMINISTRATOR
OF PUBLIC WORKS,
by HORATIO B. HACKETT,
Assistant Administrator."

be and the same is hereby in all respects accepted.

And Further Ordered, That said City of Boston agrees to abide by all the rules and regulations relating to such grant, a copy of which rules and regulations were annexed to the government's offer and made a part thereof.

Referred to Executive Committee.

EXCHANGE OF LAND WITH NEW ENGLAND TELEPHONE COMPANY.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1935.
To the City Council.

Gentlemen,—I submit herewith a letter from the New England Telephone & Telegraph Company suggesting the exchange, when and if the said Chardon street and Pearl street are widened by the City of Boston, of a parcel of land situated between Congress and Pearl streets and known as Perkins street, for two parcels of land belonging to the said company, one of which is situated on Chardon street, in front of the new Telephone Building, and the other is situated on Pearl street, between Franklin and Hick streets.

Perkins street is a public street of the City of Boston of which the City of Boston owns the fee, and which upon its discontinuance will become the property of the City of Boston, and the said public easement. The New England Telephone & Telegraph Company has the right to use the two sides of said Perkins street for telephone building, and own the block of land which is situated on Chardon street, in front of the new Telephone Building, and the other is situated on Pearl street, between Franklin and Hick streets. The parcel of land known as Perkins street is a mortgage in the sum of \$100,000, owned by the President, Franklin D. Roosevelt, of the Town of Boston, and is situated on the block of property. The said parcel of land is also owned by the property situated on Chardon street, in front of the new Telephone Building, and the other is situated on Pearl street, between Franklin and Hick streets. The parcel of land known as Perkins street is a mortgage in the sum of \$100,000, owned by the President, Franklin D. Roosevelt, of the Town of Boston, and is situated on the block of property. The said parcel of land is also owned by the property situated on Chardon street, in front of the new Telephone Building, and the other is situated on Pearl street, between Franklin and Hick streets.

By a vote of the City Council, the City of Boston has agreed to exchange the said parcel of land with the New England Telephone & Telegraph Company, and the said company has agreed to exchange the said parcel of land with the City of Boston. The said exchange is subject to the approval of the City Council, and the said company has agreed to exchange the said parcel of land with the City of Boston. The said exchange is subject to the approval of the City Council, and the said company has agreed to exchange the said parcel of land with the City of Boston.

Perkins street is a public street, approximately seventeen feet wide, running from Pearl street to Congress street. There are no sewers or water mains in Perkins street, and the property on both sides of its length is owned by the New England Telephone & Telegraph Company. The fee of Perkins street is in the City of Boston and if it were discontinued the land within its boundaries would revert to the City of Boston free of any public easement.

I believe that the proposal made in Mr. Pierce's letter is in the interests of the City of Boston and therefore submit an order which will enable the substance of this proposal to be accomplished when and if the discontinuance of Perkins street and the takings on Pearl street and Chardon street are made by the Street Commissioners.

I recommend the passage of the inclosed order.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

New England Telephone and Telegraph Company,
50 Oliver Street,
Boston, November 25, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor.—The City of Boston and the New England Telephone and Telegraph Company are interested in some small pieces of real estate which ought to be exchanged so that loose ends could be cleaned up.

A few years ago this company erected a large new building at the corner of Bowdoin square and Chardon street. The city authorities at that time were contemplating the widening of Chardon street and felt that if we constructed our new building to the street line the result would be fatal to subsequent widening on that side. They therefore asked us to build only the projected line. We met their request, setting our building back with the expectation that there would be a taking, and that the company would be reimbursed for the land required by the city. We also went to considerable expense in designing and building the facade on the Chardon street side so that it would be in keeping with a street widened to the expected proportions. It was thought that this would be helpful to the city because of its effect upon prospective builders on the widened street.

Chardon street has never been widened so that we still own 1,009 square feet of land which is covered by the sidewalk. Eventually there will be a widening, we assume, but we understand that there is no immediate plan for this. In the meanwhile the city ought to acquire the land.

This company also owns a large parcel of land bounded by High, Franklin, Congress and Pearl streets. A narrow street known as Perkins street, approximately 17 feet wide, passes through the lot. There are about 3,646 square feet within its limits. However, it is so narrow and so poorly located that it is of no use to the city. It ought to be eliminated.

Pearl street is now only 50 feet in width and probably ought to be widened. This company owns all of the land on one side of it from High to Franklin streets, excepting that which underlies Perkins street, a distance of about 321 feet. On only a small portion of this land is there any building.

Subject to the right to maintain the existing building on Pearl street for a few years, we are willing to convey to the city the piece of land on Chardon street and a 10-foot strip of land on Pearl street, between High and Franklin streets, in return for the city's conveyance to this company of the land in Perkins street, between Congress and Pearl streets. The conveyances to the city should protect us against possible future betterment assessments when the widenings take place.

We would be conveying about 4,219 square feet to the city and the city would be conveying about 3,646 square feet to us less the 170 square feet of Perkins street which is thrown into the widening.

Yours very truly,

CHARLES S. PIERCE,
Vice-President and General Counsel.

Whereas, Peter C. Brooks, by deed dated October 19, 1847, and recorded with Suffolk Deeds, Book 583, page 139, conveyed to the City of Boston a parcel of land extending from Pearl street to Congress street (formerly known as Atkinson street), which parcel of land was used by the City of Boston to establish Perkins street; and

Whereas, Freeman Allen, and others, by deed dated December 19, 1853, and recorded with said Deeds, Book 656, page 136, conveyed to the City of Boston a certain strip of land for the purpose of widening said Perkins street; and

Whereas, By an order of the Board of Street Commissioners of the City of Boston dated November 29, 1935, the said Board gave notice that it was of the opinion that in said city public improvements should be made consisting of:

The discontinuance of Perkins street, Boston Proper district, as a highway, from Congress street to Pearl street;

The widening and construction of Pearl street, Boston Proper district, as a highway, on the westerly side from Franklin street to High street;

The widening and construction of Chardon street, Boston Proper district, as a highway, from Cambridge street to Chardon Court;

and appointed 11 o'clock a. m. of December 12, 1935, in the office of said Board as the time and place for public hearing in the above-mentioned matters; and

Whereas, New England Telephone and Telegraph Company, a New York corporation, is the owner of the entire block of land in said Boston, bounded: Northeasterly on Pearl street; southeasterly on High street; southwesterly on Congress street, and northwesterly on Franklin street, excepting so much thereof as is included within the bounds of said Perkins street, and is further the owner of a triangular-shaped strip of land situated in said Boston on the southeasterly side of Chardon street, bounded: Northwesterly on said Chardon street, one hundred fifty and 82-100 feet; northeasterly on Chardon court, one and 52-100 feet; southeasterly on other land of said New England Telephone and Telegraph Company, one hundred fifty and 38-100 feet and southwesterly on Bowdoin square, eleven and 89-100 feet, containing about 1,000 square feet of land; and

Whereas, It is proposed that said City of Boston, for the purpose of widening of said Chardon street, shall take said strip of land situated on the southeasterly side of Chardon street, and, for the purpose of widening said Pearl street, shall take a ten-foot strip of land along the southwesterly side thereof from High street to the northerly line of Perkins street as now existing; and

Whereas, Said New England Telephone and Telegraph Company has offered to accept any award for damages for said takings made by the Board of Street Commissioners of said City of Boston and to grant said strips of land to said City of Boston, provided, that said City of Boston, simultaneously with the delivery of such grant, shall grant to said New England Telephone and Telegraph Company all the right, title and interest which said City of Boston may have after the proposed discontinuance in and to the whole extent of said Perkins street from the northeasterly side-line of Congress street to the southwesterly side-line of Pearl street as the same shall exist after the taking of said ten-foot strip, and, provided further, that the aggregate amount of said awards for damages shall at least equal the purchase price fixed by the City Council of said City of Boston for the sale of said Perkins street, and that the said City of Boston shall assume the payment of any betterments which may be assessed on account of said takings or either of them, or on account of the work contemplated thereunder; and

Whereas, The said Perkins street is no longer needed for public purposes; and now, therefore, it is

Ordered, That in the event of the discontinuance of said Perkins street and the taking by said City of Boston of said strip of land on the southeasterly side of Chardon street and of the taking of said ten-foot strip of land along the southwesterly side of Pearl street, the Mayor of the City of Boston be, and he is hereby, authorized, in its name and behalf, to grant to said New England Telephone and Telegraph Company, a New York corporation, by an instrument in writing satisfactory to the Law Department of said City of Boston, all the right, title and interest which said City of Boston may have after such discontinuance in and to the whole extent of said Perkins street from the northeasterly side-line to Congress street to the southwesterly side-line of Pearl street as the same shall exist after the proposed taking of the said ten-foot strip along the southwesterly side of Pearl street, in consideration of the payment to said City of Boston of — dollars and upon the further consideration that the said New England Telephone and Telegraph Company shall by an instrument in writing satisfactory to the Law Department of the City of Boston release the City of Boston from all claims and demands for damages caused by or in any way growing out of said discontinuance and shall agree to hold the City of Boston harmless from all claims for damages caused by or in any way growing out of said discontinuance or growing out of the proposed conveyance by said City to the said New England Telephone and Telegraph Company; and it is hereby further,

Ordered, That the Mayor of the City of Boston be, and he hereby is, authorized to execute and deliver the said instrument which shall be satisfactory in form to the Law Department of the City of Boston upon the payment to it of — dollars.

Referred to the Committee on Public Lands.

COMMITTEE IN RE BOSTON PER CAPITA CHARGES.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1935.
To the City Council.

Gentlemen,—In compliance with your order of October 21, 1935, I hereby appoint the following committee to examine into and report at the earliest opportunity on the often repeated statement that the per capita charges of Boston are higher than in any other city in the country:

City Councilor John F. Dowd, Chairman;
Charles J. Fox, City Auditor; Wilfred J. Doyle, City Clerk.

I would suggest that this committee meet at the call of its chairman.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Elizabeth L. Barrett, for compensation for injuries caused by an alleged defect in Dudley street.

Walter J. Clancy, to be reimbursed for judgment issued against him on account of his acts as operator of car of Paving Division.

Walter J. Clancy, to be reimbursed for judgment issued against him on account of his acts as operator of car of Paving Division.

Mrs. Charles DePasquale, for compensation for damage to property at 65 Clifford street, Roxbury, caused by ash team.

Eugene A. Doherty and Margaret Carney, for compensation for damage to property and injuries caused by ash truck.

Margaret Doherty, for compensation for damage to property at 108 King street, caused by water from street.

Gertrude Dyer, for compensation for injuries caused by an alleged defect in Mead street steps.

Geneva Wine Company, for refund on sign license.

Louis Gretskey, for compensation for damage to property at 1143-1147A Blue Hill avenue, caused by bursting of water main.

Mrs. Patrick Larkin, for compensation for injuries caused by an alleged defect in Washington and Turner streets.

Fred W. Lewis, for compensation for damage to car caused by an alleged defect in Marlborough street.

Rothenberg Pharmacy, for compensation for damage to property at 1143 Blue Hill avenue, caused by bursting of water main.

St. John's Lithuanian M. E. Church, for compensation for damage to property at 475 East Fourth street, caused by falling tree.

F. G. Thayer, for compensation for damage to car caused by an alleged defect in Summer street.

Committee on Itinerary Licenses.

Petition of Boston Elevated Railway to operate motor vehicles between junction of Hyde Park avenue and Pine street, Hyde Park, and the Boston-Dedham line on River street, over Hyde Park avenue and River street.

Petition of Boston Elevated Railway to operate motor vehicles between the Boston-Cambridge line on Cottage Farm Bridge and the Boston-Brookline line at the junction of Commonwealth avenue and Essex street, over Cottage Farm Bridge, Essex street and across Commonwealth avenue, and between the Boston-Brookline line on Mountfort street and Kenmore square, over Mountfort street, Park Drive, Beacon street and Kenmore square, Boston sections of a route between the junction of Pearl and Green streets, Cambridge and Kenmore square, Boston.

Petition of New England Transportation Company for license to operate motor vehicles over State Highway No. 1. (Veterans of Foreign Wars Parkway), from Spring street, paralleling the Charles river, to the Dedham town line, in addition to rights heretofore granted by which it is now licensed to operate on its Boston-Providence route, via Spring street, on Boston side of Charles river.

APPROVAL OF QUINCY MARKET PROJECT.

Notice was received from the Emergency Finance Board of approval of Public Works Project for improvement of Quincy Market at cost not to exceed \$460,000, approving application for grant from Federal Government of sum not to exceed \$300,000.

Placed on file.

SCHOOL BUS BOND.

The bond of James H. Hiscox, for school buses, was received and placed on file.

ASSISTANT ASSESSOR.

Notice was received of the appointment of Albert Soosman to be a first assistant assessor.

Placed on file.

RESULT OF CITY ELECTION.

The following was received:

City of Boston,
Board of Election Commissioners,
December 5, 1935.
Wilfred J. Doyle, Esq.,
City Clerk, Boston.

Dear Sir,—We certify that at the City Election held in the City of Boston on November 5, 1935, for the choice of one member of the City Council from each ward, for the term of two years, that the following were elected from the wards as set forth against their names:

Ward 1, Henry Selvitella, 80 Orient avenue.
Ward 2, James J. Mellen, 18 Tremont street.
Ward 3, John I. Fitzgerald, 7 Allen street.
Ward 4, George W. Roberts, 20 Hemenway street.

Ward 5, Henry L. Shattuck, 15 River street.
 Ward 6, George A. Murray, 223 West Second street.
 Ward 7, John E. Kerrigan, 213 West Eighth street.
 Ward 8, John F. Dowd, 22 Greenville street.
 Ward 9, Richard D. Gleason, 15 Ruggles street.
 Ward 10, John J. Doherty, 67 1/2 Wyman street.
 Ward 11, James J. Kilroy, 1301 Columbus avenue.
 Ward 12, David M. Brackman, 89 Waumbeck street.
 Ward 13, Peter J. Fitzgerald, 39 Belfort street.
 Ward 14, Sidney Rosenberg, 576 Blue Hill avenue.
 Ward 15, Martin H. Tobin, 70 Westville street.
 Ward 16, John J. McGrath, 2 Glenrose road.
 Ward 17, Robert Gardiner Wilson, Jr., 57 Codman Hill avenue.
 Ward 18, Clement A. Norton, 34 Myopia road.
 Ward 19, Peter A. Murray, 7 St. John street.
 Ward 20, James F. Finley, 231 Cornell street.
 Ward 21, James E. Agnew, 92 Wallingford road.
 Ward 22, Edward M. Gallagher, 21 Oak Square avenue.

We further certify that for the choice of three members of the School Committee, for the term of four years, the following were duly elected to said office:

Charles E. Mackey, 520 East Broadway.
 Maurice J. Tobin, 23 Bellvista road.
 Henry J. Smith, 53 Nottinghill road.

Respectfully yours,

DAVID B. SHAW,
 DANIEL H. ROSE,
 FREDERIC E. DOWLING,
 FRANCIS A. MCKINNEY,

Board of Election Commissioners.

Placed on file.

RESOLUTION ON APPOINTMENT OF THOMAS H. GREEN.

Coun. DOWD offered the following:

Resolved, That the members of the Boston City Council in meeting assembled, desire to express and record their sincere congratulations to our fellow member, Thomas H. Green, on his appointment to the Civil Service Commission of this Commonwealth; and to express to his Excellency James M. Curley, Governor of Massachusetts, our gratification in his choice of a man for this most important position who combines the qualities of leadership, intelligence, ability and experience in public life, with the qualities of sympathy and understanding and fairness which are so necessary in a position of this character; and be it further

Resolved, That the Boston City Council, with mingled feelings of pleasure because of his well-merited appointment and sorrow at his departure from our midst, desire to extend to our colleague, Thomas H. Green, the appreciation of the citizens and government of the City of Boston, to whom he has given many years of fruitful, conscientious and inspiring public service; and it is the opinion of the City Council of Boston that though Boston may lose the services of a high-minded, capable and worthy public servant, the Commonwealth of Massachusetts will profit by our loss.

The resolutions were adopted by a unanimous rising vote.

DAY OFF FOR HOSPITAL EMPLOYEES.

Coun. DOWD offered the following:

Ordered, That the Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to arrange to give the employees of said institution one day off, without loss of pay, for Christmas shopping, as in previous years.

Passed under suspension of the rule.

RELEASE OF STATE PROJECTS APPROVED BY WASHINGTON.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to communicate with Mr. Arthur Rotch, Federal Relief Administrator for Massachusetts, and request that he immediately release all state projects which have been approved by Washington.

Coun. DOWD—Mr. President, I hesitate a great deal to trouble our administrator, Mr. Rotch, particularly around the Christmas season, but I have in mind the fact that Christmas will not mean a great deal to thousands and thousands of families in Boston unless what we hear so much about some of this so-called work in the papers is true. The papers last week said that a very modest sum, only \$7,000,000, had been sent to Boston, and that 35,000 men and women were going to work—a very modest allowance by our government officials in Boston! But we find that the truth is, as I said last week, that the administration of the United States is kidding the people of America in so far as jobs are concerned. I reiterate that statement, and the truth of it is shown by the fact that only last week over 2,100 men and women were laid off by the E. R. A. and not picked up by the W. P. A. I would like to place the responsibility where it belongs,

inasmuch as some have been trying to place it on the shoulders of the City Council, who have nothing whatever to do with it. They pay less attention to us than they do to the average individuals who go down there. But they like to issue statements and tell people that they are planning to put men and women at work on this project and that project. I have been informed that there are in Mr. Rotch's office at the present time eight projects, all approved by Washington. All he has to do is just turn them over to Mr. Callahan of the Public Works Department of Massachusetts and it will mean the immediate replacement at work of a large number of people—they say 35,000. I don't take their figures too seriously, because they like to do a little kidding. But it will at least place at work 20,000 men and women before Christmas. Mr. Rotch is a big-hearted, liberal-minded gentleman, who does not know what it is to want a dinner or supper, and to whom an extra \$100,000 or \$200,000 would mean practically nothing; and he has these projects pigeon-holed and will not release them. I don't know whether the Federal administration is trying to embarrass the Governor of the Commonwealth or not, but I do know this, that the Governor has done everything humanly possible to place men and women at work, and if they are being held up the blame should be placed where it belongs, and I am placing it—on the shoulders of the gentleman whom I said six months ago should be fired as the administrator for the state of Massachusetts. That man's name is Rotch, and I am asking the Mayor of Boston to communicate with Mr. Rotch and see whether in the bigness of his heart he will not release these projects and turn them over to Mr. Callahan. There is not a man here who has not had the same trouble in these matters that I have had. Hundreds and hundreds of individuals come to us constantly and want to go to work under the W. P. A. and they think that if they file their applications they are going to work. I will state again that they are not going to work and that the Federal administration knows it as well as I know it. When the W. P. A. came along we were assured that everybody who needed a job or a representative of every family who was in need would be placed at work, and yet we find two weeks before Christmas that conditions are worse in Boston than ever. Let the bankers and industrialists, the big men all through the country, write all the articles they want to the effect that business is improving. They are not telling the truth. They are either misinformed or are trying to kid the people. I repeat that, to my mind, conditions in Boston are worse than they ever were, and that we are going through the most trying winter we have had since 1930. The least that these men who are holding public office, and who are in a position to help, can do is to see that individuals who need work are placed at work. I wonder how many of you gentlemen here have ever gone over to Commonwealth Pier or to any of the places where hundreds and hundreds of men and women are employed on projects, and have seen what is going on. It is amusing to see those people roll up in their Packards, Pierce Arrows and big Buick cars, people filling positions that pay them \$35 to \$50 a week, and then read the Boston papers about gentlemen who are appointed to prominent positions in the W. P. A. at salaries of \$5,000 to \$10,000 a year, and then to see these statements about what it is proposed to do for the poor devils who are out of work. My understanding or interpretation of what was proposed by the Federal Government through W. P. A. was to put men and women who needed work at work, but instead of that we find these individuals selected by the blue-blooded socialite Arthur Rotch placed in these fine positions, placing many at work who do not need it, while thousands and thousands of others are suffering. There is not a man here who could not mention offhand twenty-five families in his district working under W. P. A. who do not need to be working today, and there is not a man here who cannot mention 100 families in his own district who are on the verge of starvation, who need work and cannot get it. Let me repeat again to the President of the United States that it is about time that they stopped kidding the people of America, the people of Boston, and other places in the United States, by telling them that those who need jobs will be put at work. I ask the Mayor to communicate with Mr. Rotch and to ask him to release the projects that have been approved and that are now under his control, so that those who need jobs can get them.

The order was passed under suspension of the rule.

RECESS.

The Council voted at 2:37 p. m., on motion of Coun. SELVITELLA, to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber at 3:43 p. m. and were called to order by President FITZGERALD.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted reports as follows, viz:

1. Report on message of Mayor and order

(referred today) appropriating \$2,176.58 from income of George F. Parkman Fund, to be expended under direction of Park Commissioners, for maintenance of Common and parks in existence on January 12, 1887—recommending that same ought to pass. Report accepted; order passed, yeas 17, nays 0.

2. Report on message of Mayor and order (referred today) accepting grant from Federal Government not to exceed \$202,950 for Public Works Project, Improvement of Faneuil Hall Market—that same ought to pass.

Coun. WILSON—Mr. President, speaking on the question of passage of this order, although I know it is a rather futile gesture, I want to point out the fact that we have a little more information now than we had at first, because it now appears that the tenants, who surely ought to be aware of what is needed in the way of repairs, if any, strongly oppose the proposed expense for repairs, which they think is not necessary. For that reason I am strengthened in my resolution not to vote for the passage of this particular order.

The order was passed, yeas 15, nays 4:

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Fitzgerald, Gallagher, Gleason, Kerrigan, McGrath, Selvitella, Tobin—15.

Nays—Coun. Goldman, Roberts, Shattuck, Wilson—4.

SOLDIERS' RELIEF.

Coun. KERRIGAN, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in City of Boston for month of December, 1935.

Report accepted; order passed under suspension of the rule.

PLANS, ETC., FOR NEW CITY HALL.

Coun. SHATTUCK called up, under unfinished business, No. 3 on the calendar, viz:

3. Ordered, That the sum of sixty thousand (\$60,000) dollars be, and the same is hereby, appropriated, to be expended under the direction of the Superintendent of Public Buildings, for new city hall, plans, drawings, specifications, etc., and that to meet said appropriation the City Treasurer be, and hereby is, authorized to issue, from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On November 25, 1935, the foregoing order was read once and passed, yeas 17, nays 2.

The order was given its second and final reading and passage, yeas 15, nays 4:

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Fitzgerald, Gallagher, Gleason, Kerrigan, McGrath, Selvitella, Tobin—15.

Nays—Coun. Goldman, Roberts, Shattuck, Wilson—4.

CONFIRMATION OF EXECUTIVE APPOINTMENT.

President FITZGERALD called up, under unfinished business, Nos. 1 and 2 on the calendar, viz:

1. Action on appointments submitted by the Mayor December 2, 1935, of John M. McCusling, Leo J. Morrissey, Almerindo Sarno, Robert Lynch, to be Constables with authority to serve civil process.

2. Action on appointments submitted by the Mayor December 2, 1935, of Jay R. Condon, Frederick B. Greer, and Allen W. Smith, to be Weighers of Coal.

The question came on confirmation. Committee, Coun. Agnew and Fish. Whole number of ballots 17, yeas 15, nays 2, and the appointments were confirmed.

FLOODING OF BILLINGS FIELD.

Coun. FINLEY offered the following:
 Ordered, That the Park Commission be requested, through his Honor the Mayor, to flood Billings Field, Ward 20, for skating purposes.

Passed under suspension of the rule.

COMMITTEE TO INVESTIGATE PETITIONS FOR LICENSES.

Coun. ROBERTS offered the following:
 Ordered, That the President of the City Council appoint five members of the Council as a committee for the purpose of investigating and supervising all petitions for license under chapter 141, section 141 of the General Laws, and also for the purpose of ascertaining why such petitions are not granted, and to report upon the result of said investigation, whether they have petitioned for a license or not.

Passed under suspension of the rule.

STATEMENT BY COUNCILOR SELVITELLA.

Coun. SELVITELLA—Mr. President, I desire to make a statement.

President FITZGERALD—If there are no objections, the councilor will proceed.

Coun. GOLDMAN—I object, Mr. President (pausing)—I withdraw my objection. (Laughter.)

Coun. SELVITELLA—Mr. President, yesterday afternoon, upon invitation, I attended a meeting of an organization supposed to represent certain taxpayers of the City of Boston, in Tremont Temple, and addressed the gathering. In a report in the morning papers of what I was supposed to have said, a great injustice, either intentionally or otherwise, has been done me, through publishing certain statements supposed to have been made by me. I was reported as saying, first, that I advocated the abolition of certain playground activities and school centers; second, that I stood for the reduction of salaries of municipal employees and a reduction in the number of city employees; third, that I favored the consolidation of city departments; fourth, that I favored the abolition of the City Council unless it is given further powers; and fifth, by inference or otherwise, that I favored a reduction in the payment to welfare and soldiers' relief recipients. If it were not for the fact that my record speaks for itself I would consider that somebody was probably playing a joke on me. I wish it to go into the records, however, that I am irrevocably opposed to any such inferences or any such statements because I have never favored these theories. My position today is that I do not stand for a reduction in the salaries of city employees or a reduction in the number of employees; that I do not favor the abolition of the City Council; that I do not believe in a reduction in expenditure for welfare and soldiers' relief recipients,—that, in short, I do not favor any of these things that I am represented in the paper this morning as having favored, in an apparent attempt to make it appear that I have become a reform councilor. I want to make it clear that I made no such statement, and I want our records to so indicate.

LIGHTS ON COLBORNE STEPS, WARD 21.

Coun. AGNEW offered the following:

Ordered, That the Public Works Department (Lighting Division), through his Honor the Mayor, be requested to install lights on the Colborne steps, between Nottingham road and Colborne road, Ward 21.

Passed under suspension of the rule.

Adjourned at 3.26 p. m., on motion of Coun. SELVITELLA, to meet on Monday, December 16, 1935, at 2 p. m.

PARK DEPARTMENT FOOTBALL LEAGUE REPORTS SUCCESSFUL SEASON.

The following is a copy of letter from Park Commissioner William P. Long to the Mayor:

BOSTON, December 5, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—I respectfully submit the following report of the Boston Park Department Football League, which has just closed:

The past season was the most successful that the Association of Park Football Leagues has ever enjoyed. The competition in the leagues ran higher and the attendance grew accordingly. A total of 482,000 people witnessed a total of 244 games. The South Boston Stadium attracted over 20,000 to some of the games.

In Sunday football, 56 teams with a total of 1,680 players played in seven leagues. In the top league, which is called the Park League, the championship was won by the Chippewa Club of South Boston, who defeated the Mooney Club of Roxbury to win the Western Division, giving them a chance to play the Mattapan A. A., the winners of the Eastern Division. The game was a classic, the Chippewas finally winning by a score of 14 to 13.

In the Eastern Varsity League the Raymond Club of Allston came through with six wins and a tie to top that league, while in the Western Varsity

the J. J. Club of East Boston coasted through undefeated. In the Western and Southern Conferences the Armstrong A. A. of the West End and the Burney A. C. of Roxbury were also undefeated. In the Eastern Conference the Dorchester Cardinals, Dorchester Club, and the Covington Club finished the season in a three-corner tie. In the play-offs the Cardinals emerged the victors.

Perhaps the closest contest of the season developed in the Northern Conference championship game when the St. Catherine Club topped their Charlestown rivals, the Polk A. A., by a score of 3 to 2. All of these champions will receive individual silver footballs with the seal of the city.

In the Saturday leagues for youngsters conducted in fifteen districts of the city, 260 teams with a total of 6,500 players played before 145,000 fans. Each district winner of these leagues will receive a Championship Certificate.

Respectfully yours,

WILLIAM P. LONG,
Chairman, Park Department.

PERMISSION TO SELL.

The Mayor has approved the following request of the Fire Commissioner:

BOSTON, December 9, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Permission is hereby requested to sell to Raymond E. Henchey, 11 Mystic street, Charlestown, the following old material which is now stored in the Fire Alarm shops:

Approximately 1 ton of scrap iron at \$3.75; approximately 1 ton of aerial cable at \$20; approximately 2 tons of lead-covered cable at \$54.

The approximate total value of the old material to be sold is \$131.75.

Yours very truly,

EDWARD F. McLAUGHLIN,
Fire Commissioner.

CITY OF BOSTON.

BOARD OF OVERSEERS OF THE PUBLIC WELFARE.

PROPOSALS FOR FURNISHING TRUCKS FOR CARTAGE.

The Overseers of the Public Welfare of the City of Boston invite proposals for furnishing trucks according to specifications to be obtained from the office of the Board, first floor, 43 Hawkins street, Boston. There will be a charge of twenty-five cents (\$0.25) for each set of blank proposals taken out. Bidders must use the form of proposal to be obtained at this office and the successful bidder must furnish a bond for one fourth of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids with a certified check for one hundred (100) dollars, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Board, first floor, 43 Hawkins street, before 12 m. Thursday, December 26, 1935, at which time and place they will be publicly opened and read. A duplicate proposal without check must be left with the City Auditor prior to the time stated for opening the bids. The Board of Overseers of the Public Welfare reserves the right to accept or reject any and all bids or any part of the bid and to award the contract in whole or in part. All contracts made subject to appropriations to meet the payments thereunder.

BOARD OF OVERSEERS OF THE PUBLIC WELFARE,

JAMES A. McMURRY,
Chairman.

(Dec. 14-21.)

RELIEF-ROLL EMPLOYEES FOR SNOW REMOVAL.

It was good news to cities throughout the country when the Federal Emergency Relief Administration notified State Emergency Relief Administrations that men on relief rolls might be used for snow-removal projects in all communities where there was need for such labor. This action gave work to thousands of men who were in urgent need of help, and at the same time it aided materially in keeping streets and sidewalks open for traffic in many communities where street cleaning departments were financially unable to cope with the storm.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

HARDWARE DEALERS AND LOCKSMITHS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for installing a master key lock system in the various schools in the City of Boston for the year 1936, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the amount of \$1,000. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Friday, December 27, 1935, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of January 3, 1936, said deposit for specifications shall be forfeited. Mutilation of the plans and specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,

(Dec. 14.) Superintendent of Construction.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO FURNITURE CONTRACTORS AND WOODWORKERS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and delivering various parts of pupils' furniture to the Department of School Buildings storehouse, 838 Summer street, South Boston, of the kind and quality as per specifications and samples on exhibition at the Department of School Buildings storehouse, corner of Summer and East First streets, South Boston, and giving bond of a surety company, satisfactory to the Superintendent of Construction therefor in the sum of \$1,000. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, Boston, Mass., signed by the bidder and left before 2 o'clock p. m. of Friday, December 27, 1935, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of specifications, said sum to be refunded if specifications are returned prior to noon of January 10, 1936. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,

(Dec. 14.) Superintendent of Construction.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING GROUNDWOOD-SULFITE WRITING PAPER IN PACKAGES AND BLOCKS FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at the several school buildings, in accordance with orders, groundwood-sulfite writing paper in packages and blocks. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Groundwood-Sulfite Writing Paper." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$100, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, December 23, 1935. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Dec. 14.)

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FRUITS AND VEGETABLES.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, fruits and vegetables, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. There will be a charge of thirty cents (\$0.30) for each blank proposal taken out. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Thursday, December 26, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
Superintendent of Supplies.
(Dec. 14.)

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING MEATS.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, meats as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Tuesday, December 24, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

NOTICE TO CONTRACTORS.

PROPOSALS FOR EQUIPMENT AND THE LIGHTING AND EXTINGUISHING OF GAS LAMPS FOR THE CITY OF BOSTON, EXCLUDING HYDE PARK, FOR A TERM OF FIVE OR THREE YEARS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for equipment and the lighting and extinguishing of gas lamps for the City of Boston, excluding Hyde Park, as follows: (1) For the term of five years, (2) for the term of three years, (3) for the term of five years with the option and privilege on the part of the City of Boston to reduce the number of gas lamps at any time or times during the said term to the extent of fifty per cent of the total number of lamps equipped at the beginning of the term, and (4) for the term of three years with the option and privilege on the part of the City of Boston to reduce the number of gas lamps at any time or times during the said term to the extent of fifty per cent of the total number of lamps equipped at the beginning of the term. All of the aforementioned terms are to commence on the date of approval of the contract by the Mayor and City Council of the City of Boston. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of fifty thousand (\$50,000) dollars, to secure the due performance of the contract and the full protection of the city. Proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Equipment and the Lighting and Extinguishing of Gas Lamps for the City of Boston, Excluding Hyde Park," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Thursday, December 26, 1935, with a certified check for ten thousand (\$10,000) dollars, payable to and to become the property of the city if the proposal, after acceptance, is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
Commissioner of Public Works.
(Dec. 14-21.)

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO BLUEPRINTERS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals to make and deliver blueprints for year of 1936, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Friday, December 27, 1935, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check for the sum of \$25 will be required in order to procure a complete set of specifications, said sum to be returned to all but the successful bidder. If all stated specifications are not returned prior to noon of December 31, 1935, said deposit for specifications shall be forfeited. Modification of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
Superintendent of Construction.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REMOVING SNOW AND ICE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for removing snow and ice in the following snow districts Nos. 1, 2, 3, and 4, and giving bond therefor of a surety company approved by the Commissioner in the sum of ten thousand (\$10,000) dollars for each area to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Removing Snow and Ice," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Friday, December 20, 1935, with a certified check for five hundred (\$500) dollars, for each area, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any area appears to the Commissioner to be abnormally high or low it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
Commissioner of Public Works.
(Dec. 14.)

CITY OF BOSTON.

FIRE DEPARTMENT.

PROPOSALS FOR LAUNDRY WORK.

The Fire Commissioner of the City of Boston invites proposals for the laundering of the linen of the Boston Fire Department, consisting of sheets, pillow slips, towels, bedspreads, etc., commonly known as "flat work," and red, gray and blue blankets, both single and double, for the year 1936. The linen, blankets, etc., to be called for and delivered one day each week at the various fire stations of the Boston Fire Department. Samples of the linen, etc., may be seen at Fire Department Headquarters, 60 Bristol street, Boston, where a copy of the contract and specifications may also be examined. The amount of work to be done is approximately as follows: Five thousand five hundred and eighty (5,580) sheets per month; five thousand one hundred and forty-five (5,145) pillow slips per month; nineteen hundred and seventy (1,970) towels per month; one hundred and seven (107) bedspreads per month; blankets, gray and blue, one thousand (1,000) annually. Estimates must be submitted on a price per piece basis only. Proposals submitted on any other basis will not be considered. Proposals will be received at the office of the Fire Commissioner, 60 Bristol street, Boston, and 12 m. on December 20, 1935, at which time and place they will be publicly opened and read. Proposals must be inclosed in an envelope, sealed, marked "Proposals for Laundry Work," and must be made in duplicate, one to be deposited with the City Auditor, City Hall, previous to the time named for the opening of the bids; the other containing a certified check for two hundred (200) dollars, made payable to the City of Boston, to be deposited at the office of the Fire Commissioner and check to be left at the office of the City Auditor. A bond of an area and surety company, to be approved by the Commissioner, to secure the faithful performance of the contract, to be submitted with the proposal. The Fire Commissioner reserves the right to reject any or all proposals or to award the contract as he deems best.

THOMAS F. McLAUGHLIN,
Fire Commissioner.
(Dec. 14.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., Friday, December 20, 1935, at which time and place they will be publicly opened and read, for furnishing hay, grain and straw to the various city departments. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must include the cost of delivery. The bidders are requested to bid on United States No. 2 timothy hay. Hay must be no less than 40 per cent green. The grade of hay must comply with the federal hay grades, and No. 2 white oats to test no less than thirty-six pounds to bushel graded under federal standards. The hay and oats must be weighed by sworn weighers and on the scales designated by the Superintendent of Supplies. All articles covered by this contract shall be the growth production of the United States. The bidder must use the form of proposals to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. No reservations or stipulations submitted by the various bidders will be considered by the Superintendent.

D. FRANK DOHERTY,

(Dec. 14.) Superintendent of Supplies.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted March 7, 1935, and was effective March 13, 1935, for a trial period of three (3) months, and was extended for three (3) months from June 13, 1935, and was extended for three (3) months from September 13, 1935, is hereby extended for a further trial period of thirty (30) days from December 13, 1935.

Parking of vehicles is prohibited in the following street:

Camden Street, Roxbury.

Southwest side, from Washington street to Shawmut avenue.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted June 4, 1935, and was effective June 10, 1935, for a trial period of three (3) months, and was extended for three (3) months from September 10, 1935, is hereby extended for a further trial period of thirty (30) days from December 10, 1935:

The following street is one way in the direction indicated:

Emmet Street, South Boston.

From East Third street to East Second street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted March 7, 1935, and was effective March 13, 1935, for a trial period of six (6) months, and was extended for three (3) months from September 13, 1935, is hereby extended

for a further trial period of thirty (30) days from December 13, 1935:

Subject to sections 16 and 17 of the Traffic Regulations, and between the hours of 7 a. m. and 1 a. m., vehicles may be parked without time limit in the following place, and in the manner specified:

Northern Avenue, South Boston.

Northeast side, from Sleeper street to a point fifteen hundred (1,500) feet southeast of Sleeper street; vehicles shall be placed at an angle of forty-five (45) degrees to the curb, with right rear wheel to the curb.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted June 4, 1935, and was effective June 10, 1935, for a trial period of three (3) months, and was extended for three (3) months from September 10, 1935, is hereby extended for a further trial period of thirty (30) days from December 10, 1935:

The following street is one way in the direction indicated:

School Street, Dorchester.

From Washington street to Harvard street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from the following streets, effective December 5, 1935:

Doris Street, Dorchester.

From Anckland street to Dorchester avenue.

Faulkner Street, Dorchester.

From Dorchester avenue to Freeman street.

Juliette Street, Dorchester.

From Fox street to Linden street.

Roach Street, Dorchester.

From Dorchester avenue to Pleasant street.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of St. Brendan road, Dorchester district, as a highway, from Milton street to Gallivan Boulevard, over and including the private way known as Vancouver street, bounded and described as follows:

An extension of the highway named St. Brendan road is hereby laid out from Milton street to Gallivan Boulevard, over and including private land between Milton street and Vancouver road, and over and including the private way known as Vancouver road, and ordered constructed, the cost thereof to be charged to Federal Funds.

For the making of the aforesaid improvement, an easement for street purposes is hereby taken in the following described land, exclusive of trees or structures standing upon or affixed thereto.

A parcel of land, supposed to belong to the Roman Catholic Archbishop of Boston, bounded:

Southerly by Milton street, thirty feet; westerly by the westerly line of St. Brendan road as established under this order, seventy-six and 23-100 feet; northerly by Vancouver road, thirty and 48-100 feet; and easterly by land hereinafter described as taken from Josephson *et al.*, seventy and 93-100 feet, containing twenty-two hundred and seven square feet, more or less.

A parcel of land, supposed to belong to Hilda E. Josephson *et al.*, bounded:

Southerly by Milton street, ten feet; westerly by land hereinbefore described as taken from the Roman Catholic Archbishop of Boston, seventy and 93-100 feet; northerly by Vancouver road, ten and 16-100 feet, and easterly by the easterly line of St. Brendan road as established under this order, sixty-nine and 17-100 feet, containing seven hundred square feet, more or less.

The private way, known as Vancouver road, between the southerly line of Victoria road, and Gallivan Boulevard.

Said extension of said St. Brendan road is bounded:

Southerly by Milton street, forty feet; westerly by the westerly line of said extension of said St. Brendan road, as hereby laid out, seven hundred three and 48-100 feet; northerly by Gallivan Boulevard, forty and 48-100 feet and easterly by the easterly line of said extension of said St. Brendan road as hereby laid out, six hundred ninety-seven and 61-100 feet.

Voted, That this Board determines that the undermentioned estates sustain damages by the making of the public improvement consisting of the laying out and construction of an extension of St. Brendan road, Dorchester district, from Milton street to Gallivan Boulevard, under the order of the Board of December 6, 1935. In the amounts hereinafter respectively set against it and awards said amounts thereon:

Roman Catholic Archbishop of Boston, 2,207 square feet, \$1.

Hilda E. Josephson *et al.*, 700 square feet, \$1.

LAND-TAKING IN CITY PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the discontinuance of a part of Charlesbank road, Boston Proper district, as a highway, from the northerly line of Longfellow Bridge to Embankment road, bounded and described as follows:

A part of the highway named Charlesbank road is hereby discontinued from the northerly line of Longfellow Bridge to Embankment road.

Said part of said highway as hereby discontinued is bounded:

Northeasterly by the southwesterly line of said Charlesbank road as hereby established, thirty-five feet; southeasterly by the southeasterly line of said Charlesbank road as hereby discontinued, by three measurements, one hundred twenty and 36-100 feet, one hundred thirty-seven and 48-100 feet on a curve of three hundred and ten feet radius, and ninety and 9-100 feet; northerly by the northerly line of said Charlesbank road as hereby discontinued, twenty-five and 96-100 feet on a curve of ten feet radius; southeasterly by Embankment road, one hundred three and 25-100 feet; and northwesterly by the northwesterly line of said Charlesbank road as hereby discontinued, by three measurements, one hundred eighty-three and 56-100 feet, one hundred fifty-three feet on a curve of three hundred and forty-five feet radius and one hundred twenty and 31-100 feet, containing fourteen thousand nine hundred and thirty-eight square feet, more or less.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the discontinuance of a part of Charlesbank road, Boston Proper district, as a highway, from the northerly line of Longfellow Bridge to Embankment road, under the order of the Board of December 4, 1935, and awards no damages therefor.

MAYOR COOPERATES TO SECURE NEW STRUCTURE FOR COURT HOUSE.

On December 7 Mayor Mansfield issued the following statement:

I have told a committee interested in a new Court House, consisting of Herbert Parker, George R. Nutter, J. Colby Bassett and William T. A. Fitzgerald, that I approve of the project and would cooperate in every way to the end that it would receive favorable consideration in Washington.

Under the present legislation the Federal Government will contribute 45 per cent of the cost, the State 30 per cent of the remainder and the city 70 per cent of the remainder. If the cost of the building were \$5,000,000 this would mean an expenditure of \$1,925,000 to the City of Boston.

The upkeep of the present Court House is about \$270,000 a year. The upkeep of the new building, of course, would be larger but under the bill 30 per cent of the cost of maintenance is also to be borne by the Commonwealth. Even allowing for the additional cost of maintaining the new building, 30 per cent allowance by the State would reduce the yearly cost which we are now paying for the present Court House.

The indebtedness is to be spread over twenty years and would not be more than about \$160,000 additional burden per year, or less than 6 per cent on the tax bill.

I realize more keenly than any one else possibly can the necessity of refraining from adding to our bonded debt, yet in this emergency I think the expenditure would be justified as it is the first time that Federal money has been available, and never before has the contribution of the Commonwealth been as great as it is under the present bill.

Since we must have a new Court House soon, and the necessity for a new building is extremely great, I have assured the committee of my fullest cooperation.

MAYOR MANSFIELD WILL UNDERTAKE TO PROVIDE FOR BOSTON UNEMPLOYED, UNCARED FOR BY STATE PLAN.

On December 10 the Mayor issued the following statement relative to work for unemployed and lack of provision by State to care for Boston, in reply to Governor Curley's announcement:

Finding work for unemployed in Boston is no new task for me. I have been doing it ever since I have been elected Mayor and shall continue to do so without complaining about it. But if Governor Curley had kept his campaign promises it would not have been necessary for the Mayor of Boston to do anything about unemployment. He was going to have everybody at work immediately. But he has failed lamentably on his Work and Wages program, and I am not surprised that he tries to shift the responsibility to others because he finds it impossible to keep his promises to the people.

He says the job is too much for him and that to hold it much longer would kill him. The trouble with him is that he made promises which he knew he could not fulfill and now that the people are clamoring that he make good he is running out on them and trying to evade the burden by running for United States Senator. But if he is a failure as Governor, how could he be any good as United States Senator?

He need not worry about Boston. Most of our troubles here are traceable directly to him. I will accept my responsibility cheerfully, and the people may be assured that I will do as good a job as I can under the circumstances—and I won't need to have a rub-down five times a week either.

And the Governor should have said during his campaign that his promise to get everybody off the welfare rolls onto the payrolls did not refer to the unemployed in Boston. They will probably be surprised to know that the Governor did not intend to do anything for them and that his campaign promises were intended to exclude Boston.

WORK ON QUINCY MARKET REPAIR WORK TO BEGIN.

Upon December 5 Mayor Mansfield made public the following statement:

P. W. A. Project 1280—Alterations and Repairs to Quincy Market. Bids opened December 6, 1935, and was awarded to Daniel Cunningham Construction Company, Incorporated, 513 Statler Building, at \$392,400. Other bidders were John Bowen Company, 129 Newbury street, \$396,000; M. S. Kelleher Company, 38 Chauncy street, \$426,000; J. Slotnick Company, 38 Newbury street, \$449,000, and Rugo Construction Company, 80 Boylston street, \$468,000.

I am informed by Building Commissioner Hall that this project has been

approved by the State Emergency Board and the approval has been signed by the Governor. As soon as it is forwarded to the Mayor's office it will be approved so that the work can be commenced at the earliest possible moment.

Although the government officials were doubtful that the bids would be within the appropriation, two of the bids were less than the appropriation which was \$410,000.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 1234 Tremont street, Ward 9. The structure is dilapidated and a menace; unsafe and dangerous; should be razed. The owners, University Realty Corporation, B. Bessie Stone, treasurer, 40 Court street, Boston, have been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

To vacate the ell of the building at 21 East Canton street, Ward 8.

The building at 78 Harrison avenue, Ward 3. The front wall is bulged, settled and cracked; unsafe and dangerous. The owners, Edward, George P., Harriet G., and Jane G. C. Hamlin of 53 State street and 61 Mt. Vernon street, have been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

CITIES MAY SHARE VIRGINIA LIQUOR PROFITS.

Virginia cities are likely to have a new source of revenue if the state continues to pile up profits at the present rate. The liquor control act gives them two-thirds of the profits above \$1,675,000 per year after deducting sums for creating a surplus up to \$1,000,000. Profits from the liquor stores, says the *United States Municipal News*, have upset all previous estimates and "have confounded, as well, estimates of the members of the A. B. C. Board themselves who at the outset of the state's experiment said they feared no profits at all would result during the first year of operation."

GOVERNMENT REPORTS ON ELECTRIC RATES.

Two government bodies reported on electric rates in February. Indeed, the joint legislative committee of New York included gas as well as power and light rates, finding them all unfavorable to the consumer. This was on February 15, and twelve days prior to this the Electric Rate Survey of the Federal Power Commission made public a set of comparative tables showing the widely differing rates effective on January 1, 1935, in the 191 cities of 50,000 or more, constituting 49 per cent of the residential customers in the United States. All communities of 1,000 or more will eventually be covered by June 30 next.

This latter survey, under the direction of William E. Mosher, shows that cities owning their own plants charge less than do the commercial utilities. In cities of 100,000 or more having the lowest rates, this was invariably the case. In these cities where rates were highest, Jacksonville was the only municipally served city.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, DECEMBER 21, 1935.

No. 51

MAYOR MANSFIELD PRESENTS TO CITY COUNCIL PROPOSAL FOR CONSOLIDATION OF DEPARTMENTS OF ENGINEERING FUNCTIONS INTO NEW PUBLIC WORKS DEPARTMENT WITH TWO DEPUTY COMMISSIONERS AND AN ADMINISTRATIVE BRANCH TO HAVE CHARGE OF ALL BRANCHES OF SUCH WORK — REPORT IS WORK OF COMMITTEE APPOINTED BY DR. KARL T. COMPTON, PRESIDENT OF MASSACHUSETTS INSTITUTE OF TECHNOLOGY, WHICH AIMS AT EFFICIENCY AND ECONOMY UNDER PLAN OF COORDINATION — NOT AIMED AT LOSS OF JOBS.

Mayor Mansfield has presented to the City Council the recommendations of the committee appointed to consider the reorganization of the city departments having to do with the engineering operations of the municipality. In presenting the report Mayor Mansfield wrote as follows:

BOSTON, December 16, 1935.

To the Honorable the City Council.

GENTLEMEN:

As I stated to your Honorable Body in an address delivered on January 7, 1935, a committee was appointed by President Compton of the Massachusetts Institute of Technology, at my request, headed by Col. Robert C. Eddy, a member of the faculty of that institution, to study the engineering departments of the city with a view to determining the desirability of their reorganization.

Under date of May 15, 1935, that committee submitted to me its report, which is herewith transmitted, recommending a reorganization. I thereupon requested the Law Department to prepare a form of ordinance which would, if enacted, enable the execution of the recommendations.

A form of ordinance was prepared and submitted to the committee for approval. Copies of the letters from the Corporation Counsel to Colonel Eddy and of the latter to the Corporation Counsel are submitted herewith, together with the form of ordinance prepared by the Law Department and approved by Colonel Eddy's committee.

The form of ordinance herewith submitted contemplates, in substance,—

(a) The abolition of the following departments and divisions:

Street Laying-Out Department.
Transit Department.
Park Department.
Building Department.
Public Buildings Department.
Market Department.
Weights and Measures Department.
Wire Division of the Fire Department; and
All Divisions of the present Public Works Department.

(b) The transfer of the powers and duties now exercised by the departments to be abolished and by the Wire Division of the Fire Department to the Public Works Department.

(c) The establishment of a Board of Public Works Commissioners, consisting of the Commissioner of Public Works and two deputies, said board to exercise certain of the powers and to perform certain of the duties now performed by departments to be abolished (see section 8 of the form of ordinance enclosed), and

(d) The vesting of the balance of the powers and duties of the departments and divisions to be abolished in a Commissioner of Public Works to be exercised through two deputy commissioners and an administrative secretary; one deputy to be in charge of Engineering Staff functions and to supervise the work of five new divisions — Survey and Project Division; Design and Construction Division; Building Inspection Division; Division of Standards and Electrical Division; the other deputy to be in charge of Operating Functions and to supervise the work of seven new divisions — Bridge, Tunnel, Ferry and Airport Division; Highway Division; Sanitary Division; Sewer Division; Water Division; Public Buildings Division and Park Division; and the Administrative Secretary to be in charge of an Administrative Division and to supervise, among other things, personnel, permit issuances and water income.

The salaries provided for in the form of ordinance submitted (section 30) are those recommended by Colonel Eddy's committee and are somewhat less in the aggregate than the salaries now paid department and division heads whose positions will be abolished and the number of department and division heads will be reduced somewhat from the present number of department and division heads.

The merits of the reorganization do not, however, lie merely in the reduction of aggregate salaries to be paid department and division heads nor in the reduction of the aggregate number of department and division heads. Rather the merits lie in the coordination of engineering activities, the elimination of unnecessary duplication and the better arrangement of functions. This should enable far more economical administration through the facilities thus afforded for more coordinated planning and activity, the lessening of the necessity for filling vacancies in the event of death or retirement of employees, and improvement in the service rendered to the public.

(Continued on page 1577.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending December 14, 1935:
Population as of July, 1935, Massachusetts State Census, 817,713; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 185; nonresidents, 51; total, 236.

Death rate per 1,000 of population:
All deaths, 15.37; nonresidents deducted, 12.05.

Death rate per 1,000 of population:

Last week, 14.32; corresponding week last year, 13.34.

Deaths by age periods, sex, etc.: Under one year, 15; one year to four years, inclusive, 4; sixty years and over, 112. Total deaths: Male, 145; female, 91; deaths in hospitals and institutions, 144; deaths of colored, 12.

REPORTABLE DISEASES: CASES AND DEATHS.*

BOSTON PORT ACTIVITIES FOR 1935 SHOWN TO HAVE BEEN ON INCREASE OVER OTHER YEARS — MAYOR MANSFIELD, IN REGULAR WEEKLY BROADCAST FROM CITY HALL, POINTS TO IMPROVEMENTS AND DISCUSSES PROBLEMS WHICH FACE PORT IN FUTURE — INDICATES DIFFICULTIES ALREADY AND STILL TO BE OVERCOME — ALSO DISCUSSES PROBABLE EFFECT OF CANADIAN TREATY ON BOSTON'S FUTURE SHIPPING DEVELOPMENT.

The following is the radio address of Mayor Mansfield over Station WNAC Tuesday, December 17, on the subject of "Boston 1935 Port Activities."

I regard the development of the Port of Boston, physically and commercially, as an outstanding community problem of the day. I have lent every assistance and shall continue to lend every assistance at my command to the Board whose direct responsibility this problem is — the Boston Port Authority.

Boston is the chief water gateway of New England. It is, as well, a national port, and an asset to the country as a whole. I want to say emphatically that while the port is confronted with serious artificial handicaps in the shape of discriminatory freight rate structures which favor competing ports, it is by no means a thing of the past and is, on the contrary, living, expanding and of unlimited possibilities.

Let us examine, for a moment or two, some of the significant happenings in the port during 1935. Naturally, one of the chief tasks of the Port Authority is to interest new steamship services to participate in the trade of the port, as well as to try to better existing ones. That their efforts in this respect have met with success is evidenced by the fact that three new services were attracted, while improvements were brought about in five others. The "Roma," of the Italian Line, in sailing regularly from Boston, is the largest ship ever to ply in the trade out of this port. I may say that this line in 1936 will inaugurate a new westbound service from Italy. The French Line next year will put on two sailings to English Channel ports, and the Anchor Line will double its Boston sailings east and west bound to and from Ireland and Scotland. When these encouraging developments are taken into consideration, with the fact that in the past five years prior to 1935 the port has secured twenty new services and improvements in twenty-six others, it must be evident that there is something in the Boston atmosphere other than ancient history and a harking back to the so-called "good old days."

PORT BUSINESS TONNAGE.

As far as these "good old days" are concerned (and the Port of Boston hears a good deal about them), it is of moment to observe that right now the total tonnage of merchandise handled through the port is twice what it was for any year in the entire period back of 1910. The picture is confused in people's minds by the fact that the tonnage of exports has fallen off very materially since the turn of the century, while at the same time it is not universally recognized that the domestic business has steadily increased. At the moment, Boston is doing a total water-borne business of about fourteen and a half million tons annually, which places it in rank as the seventh seaport of the entire United States and as the fourth of the United States North Atlantic range.

The great problem immediately confronting the port is to increase its import and export tonnage. There can be no discussion of the requirements essential to bring this about without my referring very briefly to the rate situation which is almost entirely responsible for its comparatively small foreign trade. The latter amounts to about two million tons annually, of which about 90 per cent is made up of imports and 10 per cent of exports, practically all to and from New England only. Were it not for this New England market our foreign trade would be reduced to a minimum, as the Canadian boundary on the north and the Hudson river on the west are our present frontiers as far as securing cargo for our ships is concerned. We are not able to penetrate that great section of the country lying west of Buffalo and Pittsburgh, north of the Ohio river and east of the Mississippi

river, but the combination of unfair and unfavorable rate structures which prevents our doing so provides us with a basis of attack of which we are not failing to take advantage. Our objective is to have set up fair rate and terminal conditions as between our port and those with which we are competing. If we can once establish such a competitive basis, I have no hesitation in saying that I will risk Boston to get its share of the going trade.

It is the history of all well-balanced, successful ports that they have enjoyed adequate and aggressive railroad support. The present New England railroad set-up, in which our roads are controlled by the very lines whose primary interests are in ports other than our own, gives us little prospect of such support. I feel that the necessity of backing of this kind is often unduly discounted. I believe it to be vital, and in no way secondary to the availability of frequent and dependable steamship services. The tragedy of our whole railroad situation is that with all the railroad building which Boston and New England financed in the Middle and Far West, we did not establish a road of our own to reach the area of the country for which and from which cargo must be secured to build up our greatest port.

RAILROAD SITUATION SERIOUS.

That the Interstate Commerce Commission recognizes the seriousness of the New England railroad situation is well evidenced by the fact that it has embarked upon an investigation of its own into the control which the Pennsylvania Railroad and the Pennroad Corporation exercises over the Boston & Maine and the New Haven systems. Also, it has recently announced its purpose to investigate the affairs of the New Haven itself. Coupled with these investigations, the United

States Senate, through its Wheeler Committee, will also conduct an investigation on its own part of various railroad systems of the country, included in which investigation is the Pennsylvania Railroad. I deem the careful and thorough pursuance of these several investigations of the greatest potential importance to the Port and the City of Boston. I hope for a return to independent status of the Boston & Maine and New Haven systems.

Recently, the Federal Government announced consummation of the Reciprocity Trade Agreement with Canada. It is my expectation that under the terms of this agreement, which becomes effective January 1, 1936, the Port of Boston is bound to benefit. During the preliminary negotiations attendant upon the trade agreement, Boston took position against the Canadian practice of assessing an extra duty on Canadian imports that entered through United States ports. The agreement contains the following clause: "The products of any non-empire countries shipped to Canada through American ports will hereafter receive as favorable treatment by the Canadian Customs as if they had come directly into a Canadian port." This is exactly what we asked for, in so far as goods from non-British countries are concerned. While the agreement does not go the entire distance in lifting the extra duty from goods originating in British territory, it does reduce the extra charge on such goods also. All this is of great significance to the Port of Boston, which formerly enjoyed a huge volume of Canadian in transit business, but which of late years, on account of the barrier now removed, saw this business dwindle almost to nothing. It goes without saying that the port will not fail to take immediate advantage of the opening presented by the new agreement.

GRAIN SITUATION.

Of much interest is the grain situation in the port. For many years Boston was a great grain export center, but of more recent years its position in this respect has been adversely affected by the handling of more Canadian grain through Canadian ports, until grain exports became only a minor factor in the trade of the port. In 1935, a significant development occurred by which Boston became a distributing point for inbound grain, some from foreign countries and some from our own West Coast. This trade was new, and necessitated the installation of grain elevator machinery to handle inbound rather than outbound parcels. Through Boston grain elevators in 1935 have moved corn and oats from the Argentine, oats from Poland and barley and oats from our Pacific Coast. This is all for distribution within New England, and has been made available at a time when, on account of certain domestic conditions, it was extremely beneficial to New England to have the Port of Boston in a position to handle the commodity in its behalf.

It is well known that Boston is the great United States wool market. For some years, however, much of the wool moving here from Australian points came overland, having been handled through ports on our Pacific Coast rather than directly through our own port. In order to stimulate the handling of this commodity through Boston, a series of negotiations, undertaken by the Port Authority, have resulted in arrangements under which not only will more cargo for immediate Boston use be handled over our own piers but also more wool for use in the interior.

In passing, I want to call attention to the fact that during 1935 there have been handled over Boston piers from wool-producing countries in the period from July 1, 1935, to date some thirty million pounds of wool, as against some four million for a similar period last year.

An important piece of work in 1935 was an investigation into the question of whether or not Boston provided possibilities for the setting up of a so-called "Free Port." To insure our having the best advice available, the Port Authority consulted with the Manager of the Free Port of Copenhagen, Denmark, an outstanding expert in this field. His report contains a valuable analysis of the situation at Boston, and his conclusion was that under present circumstances, in which he includes as a chief element the unfavorable rate situation with which Boston is confronted, no Free Port development ought to be carried out here.

The subject of the Port of Boston is one which is worthy of much more time than I can give to it in this address, and it is my hope from time to time to supplement what I have had to say here. In the field of relationships between steamship operators and longshoremen; in maintaining and improving the condition of piers and channels; in checking on terminal rates and practices to improve Boston's competitive position in these respects; in seeking to bring about lower costs in stevedoring operations; in maintaining constant watchfulness to protect and better the Port of Boston in every possible regard, all to the end of more business for the port and its constituent elements—in these and other directions I find the work of the Port Authority deserving of my best support. I cannot too strongly urge upon the citizens of Boston the worth-whileness of similar support.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertises for proposals for furnishing and delivering various parts of pupils' furniture. Surety bond will be required in a sum equivalent to \$1,000. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, December 27, at 2 p. m.

Advertises for proposals for making and delivering blueprints for the year 1936. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, December 27, at 2 p. m.

Advertises for proposals for installing a master key lock system in the various schools. Surety bond will be required in the sum of \$1,000. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, December 27, at 2 p. m.

OVERSEERS OF PUBLIC WELFARE.

Advertises for proposals for furnishing trucks for cartage. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Board of Overseers, 43 Hawkins street, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, December 26, at 12 m.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Advertises for proposals for sewerage works for B and Seventh streets overflow in land of the New Haven Railroad about 1,600 feet south of and parallel to Dover street, South Boston. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$1,200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, December 27, at 12 m.

Advertises for proposals for sewerage works for B and Seventh streets overflow in land of the New Haven Railroad, about 1,600 feet south of and parallel to Dover street, South Boston. Surety bond will be required in a sum equivalent

to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$1,200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, December 27, at 12 m.

PUBLIC WORKS DEPARTMENT (Street Lighting Service).

Advertises for proposals for furnishing illuminating gas for street lighting for the City of Boston, excluding Hyde Park, for the term of five or three years. Surety bond will be required in a sum equivalent to \$5,000. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$1,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, December 26, at 12 m.

Advertises for proposals for equipment and the lighting and extinguishing of gas lamps for the City of Boston, excluding Hyde Park, for the term of five or three years. Surety bond will be required in a sum equivalent to \$50,000. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$10,000 to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, December 26, at 12 m.

SCHOOL COMMITTEE.

Advertises for proposals for furnishing groundwood-sulphite writing paper in packages and blocks for the public schools. Surety bond will be required in a sum equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Business Manager, School Committee, 15 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, December 23, at 12 m.

SUPPLY DEPARTMENT.

Advertises for proposals for furnishing tea to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, December 23, at 12 m.

Advertises for proposals for furnishing butter, eggs, etc., to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, December 23, at 12 m.

(Continued on page 1583.)

MAYOR MANSFIELD SCORES OUT-OF-TOWN CRITICS OF HIS ATTITUDE RELATIVE TO PRESENTATION OF PLAY, "THE CHILDREN'S HOUR," AND HIS STAND AGAINST PRESENTATION IN BOSTON — SHOWS WHEREIN PLAY IS UNSUITABLE FOR STAGE PRESENTATION HERE — SHOWS HE DID NOT BAN SHOW, SINCE THAT IS THE PREROGATIVE OF BOARD OF CENSORS — GAVE HIS OPINION AFTER IT WAS SOUGHT AND OBJECTS TO POSITION TAKEN BY LETTER WRITERS, WHO REFUSE TO GRANT HIM RIGHT TO EXPRESS HIS VIEW WHILE THEY EXERCISE THEIR RIGHT.

The following is a copy of letter to Dramatic Editor of *Boston Transcript* by the Mayor:

BOSTON, December 18, 1935.

DRAMATIC EDITOR, *Boston Transcript*, Boston.

DEAR SIR,— Some of your correspondents in criticizing me about "The Children's Hour" have also referred to an alleged remark of mine about Ibsen's "Ghosts."

I did not refer to Ibsen's "Ghosts" as "filthy." I know that one paper so quoted me, but I do not think I used that term. At any rate I have no recollection of it. "Filthy" seems hardly the word. "Abhorrent" or "revolting" would seem to be nearer to it. Picturing upon the public stage a physical and mental disease which results in the insanity of a son and the killing of that son by his mother in order to terminate his sufferings and his unnatural, morbid and insane passions, seems to me to be hideous and unclean, although it may not be called "filthy" in the ordinary acceptance of that term.

And, yet, I don't suppose that "Ghosts" ought to be banned in Boston. In the first place, there would be little necessity for banning it because its very theme is so gruesome and revolting that I think it could never be a success here — or anywhere else. And it differs very much from "The Children's Hour." "Ghosts," at least, does not dress up a theme to make it morbidly attractive. The subject is treated with such ghastly frankness that it is repulsive in itself. Nazimova was excellent, of course, but she must have had a feeling as that play went on that she ought to be about better business.

Did Not Ban Show.

And now a word about "The Children's Hour." I did not ban this show in Boston. I have no power to do that. Any theater operating under a license in Boston may produce any show that it pleases, subject to the possible suspension or loss of its license if the shows produced do not meet with the approval of the Board of Censors, which consists of the Chief Justice of the Municipal Court, the Police Commissioner and the Mayor. In this case the producer sought my opinion in advance and I told him very frankly what my opinion was. But I was only one of the Board and it may be that the other two members would be of a different opinion.

But I have no hesitation in saying that I think "The Children's Hour" ought to be banned. Under an innocent and alluring title, it treats of the false accusation by a pupil in a school conducted by two women of unnatural and abnormal homosexuality between these two women, which results in the suicide of one of them. It is an altogether revolting theme and tends to pander to the abnormal appetites of those who are attracted by such stuff. I think we can get along without it here — an opinion which I suppose I have the right to entertain without being intemperately condemned by critics, who while contending for freedom of expression for themselves apparently would deny it to me.

I have received letters both condemning and praising me for my attitude towards this play. I received some letters from cities and towns outside of Boston scolding me about it. It is hard for me to see how a citizen of Salem, for example, or Cambridge, can complain about the way we run things in our theaters in Boston. And most of the letters criticizing me are very impatient in their tone. It seems to be a difficult thing for my critics on this subject to treat the matter calmly, or even to concede that it is possible that I might have an opinion which differs from theirs without getting abusive about it.

Yours truly,

FREDERICK W. MANSFIELD, Mayor.

CONSOLIDATION OF DEPARTMENTS.

(Continued from page 1573.)

A more complete summary of the advantages of the plan of reorganization proposed is set forth on pages 1580 to 1581 of the enclosed report.

Even were it not vital to use every reasonable means to secure economical operation of municipal government today the plan embodied in the form of ordinance submitted would still be highly desirable and should be adopted. The city can operate thereunder far more effectively and efficiently than it can at the present time. With the necessity of economical operation facing this city, as it does all units of government at the present time, it is most desirable that advantage be taken of this opportunity.

I therefore strongly recommend and urge upon you the passage of an ordinance in the form submitted.

FREDERICK W. MANSFIELD, Mayor.

The Report is as follows:

ORGANIZATION OF A NEW PUBLIC WORKS DEPARTMENT EMBRACING ALL ENGINEERING FUNCTIONS FOR THE CITY OF BOSTON.

FOREWORD.

The Charter of the City of Boston gives the Mayor extensive powers in order to insure efficient transaction of the business of the city. The Municipal Government is at present so organized, however, that the Mayor must get through forty-six independent executive departments, fourteen of which, however, are only partially under his control.

A review of municipal government in other cities reveals that efficient and economical transaction of the affairs of a city can best be effected when the mayor is empowered to exercise his control through a limited number of major departments. Usually this control is accomplished through the following general departments: Finance, Law, Public Safety, Public Welfare, Public Works.

The value of such a compact organization is especially evident in dealing with problems of budgetary control of expenditures and in the coordination of the functional activities of the city.

This study deals with all the engineering functions included in executive departments under the exclusive jurisdiction of the Mayor and includes the organization of a new (proposed) Public Works Department responsible for all engineering

functions under the Municipal Government of the City of Boston.

The report first presents the conclusions and recommendations in brief summary form. The body of the report considers in detail the existing departments, the consolidation of their engineering functions and the advantages to be expected from the proposed organizations.

GENERAL SUMMARY AND RECOMMENDATIONS.

In a letter dated September 19, 1934, the Honorable Frederick W. Mansfield, Mayor of the City of Boston, requested Dr. Karl T. Compton, President of the Massachusetts Institute of Technology, to designate a committee to consider the present division of engineering functions of various city departments and the wisdom of a reorganization or consolidation thereof.

Complying with this request the committee appointed by Doctor Compton has considered the existing departments and divisions performing engineering functions.

The committee recommends that the following nine existing departments and one division be consolidated into one new department:

1. Street Laying-Out Department.
2. Public Works Department.
3. Traffic Commission.
4. Transit Department.
5. Park Department.
6. Building Department.
7. Public Buildings Department.
8. Market Department.
9. Weights and Measures Department.
- * 10. Wire Division of the Fire Department.

It is further recommended that this new comprehensive department be called the Public Works Department. It is intended that this department shall embrace all the engineering functions of the City Government. These include: (a) Design, construction, inspection and maintenance of streets, sidewalks, bridges, sewers, sewage disposal plants, traffic and transit tunnels, airports and public buildings; (b) construction, operation and maintenance of the water system; (c) street lighting and traffic lights; (d) street name signs, traffic signs, street and curb marking, and house numbering; (e) garbage and refuse collection and disposal; (f) street cleaning; (g) regulatory inspection of buildings and mechanical safety; (h) control by permits of all use or obstruction of streets or highways; (i) furnishing engineering services to any department of the city.

It is recommended that the following divisions of the new Public Works Department be organized to perform these functions:

- I.—Survey and Project Division.
- II.—Design and Construction Division.
- III.—Building Inspection Division.
- IV.—Division of Standards.
- V.—Electrical Division.
- VI.—Bridge, Tunnel, Ferry and Airport Division.
- VII.—Highway Division.
- VIII.—Sanitary Division.
- IX.—Sewer Division.
- X.—Water Division.
- XI.—Park Division.
- XII.—Public Buildings Division.

We recommend that an Administrative Division be organized to be coordinate with the above Engineering Divisions.

XIII.—Administrative Division:

- (a) Administrative Section.
- (b) Permit Section.
- (c) Water Income Section.

It is recommended that this Public Works Department be placed in charge of a Commissioner of Public Works appointed by the Mayor, who shall exercise the powers and perform the duties now or heretofore required by law or ordinance to be exercised and performed by the Building Commissioner, the Wire Commissioner, the Superintendent of Markets, the Park Commissioners, the Superintendent of Public Buildings, the Public Works Commissioner, the Board of Street Commissioners, the Transit Commissioners, the Traffic Commissioners and the Sealer of Weights and Measures.

It is further recommended that the Commissioner be authorized to appoint, with the approval of the Mayor, two Deputy Commissioners and a Secretary who shall exercise such powers and perform such duties in connection with the recommended organization as he may direct.

It is further recommended that each Engineering Division of the department shall be in charge of an engineer of recognized standing in his profession appointed by the Commissioner with the approval of the Mayor. He shall be expert in the duties which devolve upon him, devote his whole time to the work and shall receive such annual salary as may be established by ordinance and no other fees or emoluments.

The Commissioner and Deputy Commissioners shall constitute a Board of Commissioners to exercise the special powers vested by statutes in the Board of Street Commissioners and the regulatory power now vested in the Traffic Commission.

We recommend organization of the proposed divisions of the Public Works Department as shown in the accompanying chart.

EXISTING CITY EXECUTIVE DEPARTMENTS.

Study of the forty-six departments (see Appendix A) of the City Government of Boston which are directly or indirectly under the control of the Mayor reveals that fourteen of these agencies created by statute are not under the exclusive jurisdiction of the Mayor of the City of Boston and are, therefore, not considered

in any proposed reorganization or consolidation of city departments. Of the remaining thirty-two executive departments fifteen perform no engineering functions nor do they require engineering services. (See Appendix A.)

The following departments are charged with certain engineering responsibilities, such as the care and maintenance of buildings:

Library Department; Hospital De-

partment; Institutions Department, Penal Institutions Department.

In view of the fact that these four departments are charged with special duties and responsibilities, it is deemed advisable to continue the present policy of maintaining their own service departments.

However, some engineering department should be charged with furnishing any necessary engineering services to all such city departments.

Certain existent departments should definitely form a part of any combined engineering organization decided upon. These five departments, essentially engineering, are:

Street Laying-Out Department; Public Works Department; Transit Department; Building Department; Public Buildings Department.

There remain to be considered the following eight departments which include some engineering functions:

Assessing Department; Traffic Department; Park Department; Market Department; Weights and Measures Department; Fire Department; City Planning Department; Supply Department.

The Assessing Department requires a property map of the city. This can best be prepared by an engineering department.

The Traffic Department has functions which are partly construction, maintenance and operation; partly research and partly regulatory. The construction, maintenance and operation functions can best be performed by the engineering department charged with building and maintaining streets. The research functions are a part of the general engineering research necessary for municipal planning. A Traffic Commission, constituted as later described in this report, is proposed to handle the regulatory functions.

Supervision of city parks by an engineering department appears logical. Although the Park Department has some special problems, such as the care of trees, shrubs and lawns, a large number of the problems encountered are identical with those met with by the Public Works Department in the construction and maintenance of streets, walks, bridges and buildings. Supervision by an engineering department with the formation in such engineering department of a park division for maintenance and operation is advised. Planning and construction should be carried out under appropriate divisions of an engineering department.

The Market Department is charged with certain responsibilities with regard to determination of fitness of food offered for sale and with the allocation of space for market stalls. The Health Department should be given authority over the determination of fitness of food offered for public consumption. The remaining duties of this department should be transferred to an engineering department.

Duties of the Department of Weights and Measures can best be supervised and administered by a section of the engineering department charged with the inspection and testing of materials.

Duties of the Fire Department now include the inspection of interior and exterior wiring, maintenance of the fire alarm system and maintenance of fire houses and apparatus. Inspection of interior wiring should be under the division that is responsible for all other building inspection. Exterior wiring, either above or below ground, is a part of the street lay-out and should be under the supervision of the division planning and

controlling the streets. Therefore, inspection of interior and exterior wiring should be transferred to an engineering department, while the other functions should continue as functions of the Fire Department.

The City Planning Board requires engineering services which should be furnished to them by a City Engineering Department, but the Board should continue to report directly to the Mayor.

The Superintendent of Supplies should have the services of a Testing Laboratory available for his use, but central purchasing is not the function of an Engineering Department. Therefore, it is recommended that the Superintendent of Supplies be authorized to have any necessary testing of materials performed by the Testing Laboratory of the Public Works Department.

CONSOLIDATION OF ENGINEERING DEPARTMENT AND ORGANIZATION OF NEW PUBLIC WORKS DEPARTMENT.

Consolidation of the following nine executive departments and one division into a single department, to be designated as the Public Works Department, and charged with all the powers and duties now prescribed for all of these commissions and departments would enable a workable, well regulated adjustment of departments charged with engineering tasks:

1. Street Laying-Out Department.
2. Public Works Department.
3. Traffic Commission.
4. Transit Department.
5. Park Department.
6. Building Department.
7. Public Buildings Department.
8. Market Department.
9. Weights and Measures Department.
10. Wire Division of the Fire Department.

The present duties of each of these ten departments together with a statement of the number of employees in each and the annual expenditure for each of these departments is shown in the Appendix. (See Appendix B, Part I.)

The proposed consolidation of these departments is made possible by an "Act Relative to Executive Departments in the City of Boston," chapter 227, approved May 23, 1934. (See Appendix C.)

ORGANIZATION OF NEW (PROPOSED) PUBLIC WORKS DEPARTMENT.

This proposed Public Works Department shall be directed by a competent commissioner who shall be an engineer with broad technical and administrative experience. He shall be appointed by the Mayor. The Commissioner shall exercise and perform the duties now or heretofore required by law or ordinance to be exercised and performed by: (1) the Board of Street Commissioners, (2) the Public Works Commissioner, (3) the Traffic Commission, (4) the Transit Commission, (5) the Park Commission, (6) the Building Commissioner, (7) the Superintendent of Public Buildings, (8) the Superintendent of Markets, (9) the Sealer of Weights and Measures, (10) the Wire Commissioner.

The Commissioner of Public Works shall be authorized to appoint, with the approval of the Mayor, two Deputy Commissioners and an Administrative Secretary. These three appointees will have definite duties and responsibilities.

It shall also be provided that the organization of the new Public Works Department include twelve engineering divisions and an Administrative Division. Of the twelve proposed engineering divisions, five are staff divisions and are to be

grouped under one of the Deputy Commissioners, who shall be a civil engineer and be in charge of the Engineering Staff Functions. The remaining seven divisions perform operating and maintenance duties and are to be grouped under the supervision of the other Deputy Commissioner, a civil engineer, who shall be in charge of operating and maintenance functions. The Secretary shall be in charge of all administrative functions. The twelve engineering divisions recommended are:

Engineering Functions (Staff).

- I.—Survey and Project Division.
- II.—Design and Construction Division.
- III.—Building Inspection Division.
- IV.—Division of Standards.
- V.—Electrical Division.

Operating and Maintenance Functions (Line).

- VI.—Bridge, Tunnel, Ferry, Airport Division.
- VII.—Highway Division.
- VIII.—Sanitary Division.
- IX.—Sewer Division.
- X.—Water Division.
- XI.—Public Buildings Division.
- XII.—Park Division.

Each division of the new Public Works Department shall be in charge of a qualified engineer of recognized standing in his profession and appointed by the Commissioner of Public Works, with the approval of the Mayor. It is essential for the proper conduct and activity of each division that these appointees be expert in the duties required of them and that they devote full time to the work, receiving such annual salary as may be established by ordinance, and no other fees or emoluments.

FUNCTIONS OF ENGINEERING DIVISIONS OF THE PROPOSED PUBLIC WORKS DEPARTMENT.

An analysis and description of the primary functions of each of the twelve divisions of the proposed Public Works Department and the coordination of line and staff function is presented herewith.

I. *Survey and Project Division.*—The Survey and Project Division shall normally consist of two sections. The first section shall perform all the functions now performed by the Engineering Division of the present Street Laying-Out Department and in addition shall prepare and maintain a Property Map for the Assessing Department. A second section, with such subsections as may be necessary, shall study problems and prepare preliminary plans and reports for all public works, including problems of transit, traffic, streets, water supply, sewers, sewage disposal, garbage disposal, buildings and recreational facilities. This section shall schedule projects with due regard to the annual budget and municipal requirements. When requested it, shall furnish data to and prepare plans for the "City Planning Board."

II. *Design and Construction Division.*—The Design and Construction Division shall prepare detailed plans and specifications for all construction authorized by the Commissioner and shall inspect and supervise such construction whether performed by contract or city labor.

The division shall be organized into such sections as the work in hand may require. These sections may include: Transit, Street and Highway, Water, Sewer, Bridge, Building or any other needed section.

III. *Building Inspection Division.*—The Building Inspection Division shall

continue to carry out the duties now required of the present Building Department. In addition, this division shall be charged with the inspection of the interior wiring of buildings.

IV. *Division of Standards.*—The proposed Division of Standards, to be under the control of a qualified testing engineer, shall have two sections: (1) a testing laboratory; (2) Weights and Measures section under the Sealer of Weights and Measures. The testing laboratory shall inspect and test all supplies furnished the Public Works Department and make such tests as are requested by the Superintendent of Supplies or by other city departments. The Weights and Measures section shall perform all the functions of the present department of Weights and Measures.

V. *Electrical Division.*—The proposed Electrical Division shall be organized under the direct supervision of an electrical engineer. It shall supervise exterior wiring, pole lines and conduits, traffic signals, street lighting; and shall furnish electrical engineering advice and services to all other divisions of the department and other city departments.

VI. *Bridge, Tunnel, Ferry and Airport Division.*—This division shall exercise all the duties and perform all the services of the present Bridge, Tunnel and Ferry Divisions. In addition, this proposed division shall be charged with the supervision of the Municipal Airport.

VII. *Highway Division.*—The division shall perform all the duties and services of the present Highway Division of the Public Works Department, except street and highway lighting and the design and construction of streets and highways which shall become duties of the new Design and Construction Division.

VIII. *Sanitary Division.*—This division shall perform all the services now performed by the Sanitary Division of the Public Works Department.

IX. *Sewer Division.*—The Sewer Division shall perform all the functions required of the present Sewer Division of the Public Works Department, except that design and construction shall become duties of the new Design and Construction Division.

X. *Water Division.*—The Water Division shall carry out the duties and perform the services of the present Water Division of the Public Works Department except that design and construction shall become duties of the new Design and Construction Division. Installation and testing of water meters shall become a duty of the Water Division.

XI. *Park Division.*—The Park Division shall perform all the duties of the present Park Department except the design and construction of streets, highways, bridges and buildings, which shall become functions of the new Design and Construction Division. Supervision of the Municipal Airport shall become a duty of the new Division of Bridges, Ferries, Tunnels and Airports.

XII. *Public Buildings Division.*—This division shall perform the duties of the present Public Buildings Department except that the purchasing of furnishings shall be done by the Supply Department. New construction, major alterations and repairs shall become duties of the new Design and Construction Division.

ADMINISTRATIVE DIVISION.

An Administrative Division shall perform all the administrative duties of the Public Works Department. The division

shall be charged with all administrative, financial, personnel and legal duties of the department.

This division shall be under a competent secretary, appointed by the Public Works Commissioner, subject to the approval of the Mayor. This appointee shall be an experienced executive, preferably with legal and financial training and experience.

A Permit Section shall be organized to issue and record all permits granted for any purpose by any division of the Public Works Department, and shall collect and account for all fees stipulated by regulations or ordinances. Applications shall be received by the Permit Section, referred to the proper engineering division or divisions for recommendation and, where necessary, concurrence of other departments obtained. The secretary having determined that the permit is in accordance with the regulations shall collect the required fees or deposits, and then issue the permit in the name of the Commissioner of Public Works.

The present Water Income Division shall become a section of this new Administrative Division. It shall be charged with the responsibilities of obtaining meter readings and rendering of water bills.

BOARD OF COMMISSIONERS, BOARD OF EXAMINERS, BOARD OF APPEAL.

The Commissioner and the two Deputy Commissioners shall constitute a Board of Commissioners to exercise the special powers vested by statutes in the Board of Street Commissioners and the regulatory power now vested in the Traffic Commissioner.

No change is proposed in the powers and duties of the Board of Examiners or the Board of Appeal.

ADVANTAGES OF PROPOSED CONSOLIDATION.

The principal advantages of this proposed consolidation lie in the combining of all engineering activities in one executive department.

Under the proposed consolidation it will be possible for the Commissioner to coordinate all municipal planning so that the expenditures for construction purposes could be distributed over a period of years and at the same time efficiently care for the needs of the city. Municipal plans for caring for requirements of vehicular and foot traffic, for transportation, as well as all plans for extension of recreational facilities, water distribution, sewers and drains, would be completely coordinated.

Such consolidation would also enable the Mayor to deal with one Public Works Commissioner who coordinates all engineering activities rather than requiring the Mayor to coordinate the activities of ten departments which have overlapping functions as at present. This is of particular importance for purposes of budgetary control.

This consolidation would also avoid conflicts of authority and eliminate duplications of personnel and plant that exist when several departments are concerned with identical duties. For example, the Assessing Department; the Street Laying-Out Department; and the Sewer Division, and the Highway Division of the Public Works Department, each require maps for the assessment of taxes and the assessment of betterments on property. While the divisions of the present Public Works Department now

use the Street Laying-Out Department's information, the Assessing Department is preparing an independent property map.

Another example of duplication is found in street and highway construction. The Street Laying-Out Department lays out new streets and highways and may order specific repairs. It also determines the type of pavement in many cases. Both the Public Works Department and the Park Department design and construct streets and highways. This duplication means that each department maintains separate engineering forces for street and highway work, which, if consolidated, would operate more efficiently and result in better streets and highways for the same expenditure of city funds.

Similarly, duplication arises in the design and construction of bridges and buildings used for various purposes.

The engineers of the Project Section of the Survey and Project Division would be charged with the study of the procedure in maintenance and operation of the various line divisions and in consultation with heads of the divisions concerned would prepare policies governing maintenance and operations in each division. Such policies when approved by the Commissioner would insure effective control of expenditures.

In work involving new construction, the Project Section would prepare general plans based on appropriate studies for required engineering work of all descriptions. This general plan would carry a schedule showing the proposed year of starting and estimated costs. Any necessary surveys would be made by the Survey Section of the division. When authorized by the Commissioner, the Design and Construction Division would prepare the detailed plans for the work and when contracts were approved the division would supervise the construction. The Survey Section would furnish the original lines and grades and make such checks as are necessary to insure that the finished work conformed to the plans. If the work should be performed by day labor in any division, the procedure would be the same except for the making of a contract for the work.

Since both the Survey and Project Division and the Design and Construction Division will be under the deputy in charge of Engineering Staff Functions, transfers can be made between the divisions so that adequate personnel will be available where needed and so that engineers making the preliminary study of a project can be later utilized to supervise the preparation of detailed plans and the actual construction of the same project. Either of these two divisions would organize such subsections as necessary for the work on hand. They would not be hampered by the necessity of retaining existing personnel in one section when it was needed in another.

Under the present organization of separate departments when work is slack in one department and heavy in another transfers of engineer personnel are rarely made from one project to another because of civil service restrictions. Under the proposed plan the engineering personnel would be fully employed whether the work authorized involved one type of construction or another.

The construction recommended for inclusion in the budget by the proposed Public Works Department would depend on the needs of the city as a whole and not on the desire of a particular department

to maintain its own prestige by continuing a large volume of construction.

Respectfully submitted,

CHARLES L. NORTON.

CHARLES B. BREED.

ROBERT C. EDDY, *Chairman.*

Massachusetts Institute of Technology,
Cambridge, Massachusetts.
May 16, 1935.

APPENDICES.

APPENDIX A.—PRESENT CITY EXECUTIVE DEPARTMENTS.

Under Full Control of Mayor.

With Engineering Functions.

1. Street Laying-Out Department.
2. Public Works Department.
3. Boston Traffic Commission.
4. Transit Department.
5. Park Department.
6. Building Department.
7. Public Buildings Department.
8. Market Department.
9. Weights and Measures Department.

With Some Engineering Functions.

10. Fire Department.
11. City Planning Department.
12. Hospital Department.
13. Institutions Department.
14. Library Department.
15. Penal Institutions Department.

Without Engineering Functions.

16. Art Department.
17. Auditing Department.
18. Budget Department.
19. City Clerk Department.
20. Collecting Department.
21. Corporation Counsel.
22. Election Department.
23. Health Department.
24. Printing Department.
25. Public Welfare Department.
26. Registry Department.
27. Sinking Funds Department.
28. Soldiers Relief Department.
29. Statistics Department.
30. Treasury Department.
31. Assessing Department.
32. Supply Department.

Under Partial Control of Mayor.

Not Considered in Proposed Reorganization.

33. Department of the School Committee.
34. Board of Commissioners of School Buildings.
35. Police Department.
36. Boston Finance Commission.
37. Licensing Board.
38. Franklin Foundation.
39. George Robert White Fund.
40. Boston Port Authority.
41. Boston and Cambridge Bridges Commission.
42. Boston Metropolitan District.
43. Old South Association in Boston.
44. Chattel Loan Company.
45. Collateral Loan Company.
46. Workingmen's Loan Association.

APPENDIX B.—FUNCTIONS OF EXISTING DEPARTMENTS.

1. Street Laying-Out Department.

This department is under a Board of Street Commissioners, one member of which is appointed each year by the Mayor to serve for three years dating from the first Monday in January.

"The Board has jurisdiction over the laying-out, widening, relocation and discontinuance of highways; the taking of real property for municipal purposes; the levying of assessments for betterments

resulting from the construction of streets or sewers; the plotting of undeveloped areas for streets and the opening of private ways, the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways, the issuance of licenses for the keeping, storage, manufacture and sale of gasoline, oil, and other inflammable substances or explosive compounds; and the use of public ways for any permanent or temporary obstruction or projection, in, under, or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes; signs, marquees, bay windows, coal holes and vaults. Incidental to its powers to take lands and construct streets it has authority to award compensation to land owners for damages resulting from such taking and construction. In certain instances its awards and its grants of licenses or permits must bear the approval of the Mayor."

This commission is also charged with the care and maintenance of all land and buildings belonging to the city and not used for specific purposes.

A total of 103 persons were employed in 1933. The regular appropriation for this same year totalled \$160,700, of which \$155,000 was for personal service and \$5,700 for other expenditures. In addition, \$770,257 was spent in 1933 by this department for construction and improvements.

2. Public Works Department.

"The Public Works Department was established in 1911 consisting of the Street, Water and Engineering Departments combined under a single executive head, the Commissioner of Public Works, the latter authorized to create the necessary divisions of the department according to his judgment. The following divisions have been created, viz., Bridge and Ferry, Highway, Sewer, Sanitary, Water, and Water Income, each in charge of a division engineer.

"The Commissioner of Public Works, who must be a civil engineer of recognized standing in his profession, has control over the construction of all streets and sewers; the care and management of all bridges used as highways; of the ferries owned and operated by the city; of the Sumner Vehicular Tunnel connecting Boston Proper and East Boston; and of the street lamps maintained by the city; the cleaning, repairing and sprinkling of streets and the removal of house offal and refuse; the maintenance and operation of all fixtures and appliances held by the city for purposes of water supply; and over the granting of permits to open, occupy, obstruct and use portions of streets."

The functions of the divisions enumerated above are as follows:

(1) *Bridge, Ferry and Tunnel Division.*—Design, construction and maintenance of highway bridges; care and management of municipal ferries; maintenance and operation of the Sumner Tunnel; elimination of grade crossings; and special engineering work for other city departments.

(2) *Highway Division.*—Construction and maintenance of all public streets; the issuing of permits to open, occupy and obstruct portions of streets; the erecting of all street signs and numbers; the care and upkeep of lighting fixtures in public streets, alleys, public parks and public grounds.

(3) *Sanitary Division.*—The collection and removal of ashes, garbage and refuse; and the cleaning, oiling and flushing of streets.

(4) *Sewer Division.*—Maintenance and construction of all sewage works; the operation of sewage pumping stations.

(5) *Water Division.*—Construction and maintenance of all pipes, fixtures and appliances for the purpose of water supply.

(6) *Water Income Division.*—The installation and maintenance of meters for water service; the determination of water assessments and other charges for water service; and filing of liens for unpaid water bills.

A total of 2,896 persons were employed in 1933. The regular appropriation for this same year totalled \$10,583,212, of which \$4,347,710 was for personal service and \$6,190,502 for other expenditures. In addition, \$1,997,922 was spent in 1933 by this department for construction and improvements.

3. Traffic Commission.

Commissioner appointed by the Mayor to serve four years. Associate commissioners are:

Police Commissioner; Commissioner of Public Works; Chairman of Park Commissioners; Chairman of the Street Commissioners.

"The commission has exclusive authority to adopt, amend, alter and repeal rules and regulations relative to vehicular street traffic, and to the movement, stopping or standing of vehicles on, and their exclusion from, all or any streets, ways, highways, roads and parkways, under the control of the city. The commission has the power to erect, make and maintain, or cause to be erected, made and maintained, traffic signs, signals, markings and other devices for the control of such traffic in the city and for informing and warning the public as to the rules and regulations adopted by the commission."

A total of 61 persons were employed in 1933. The regular appropriation for this same year totalled \$143,628, of which \$101,000 was for personal service and \$42,628 for other expenditures.

In addition, \$28,826 was spent in 1933 by this department for construction and improvements.

4. The Transit Department.

This department is supervised by three commissioners appointed by the Mayor.

The commission carries out all work authorized by the Legislature to be performed by this department. Upon authorization by the Legislature of a particular subway the department makes all necessary surveys, investigations and plans. Subway legislation as a rule defines the limits but does not lay out definite routes or exact locations of terminals, the Board being vested with discretionary power to make such decisions. Final decision on all plans for location and general method of construction is made by the Board and when so determined the department proceeds with the work in accordance with such plans.

The preparation of plans and all work of an engineering and construction nature is assigned by the Board to its chief engineer, records, accounting and bookkeeping are assigned by the Board to its secretary.

All property required to be taken for the purpose of a subway and construction is acquired by the Board, which determines damages therefor, and in the great majority of cases negotiates settlements for such damage.

Alterations and changes in the various tunnels and subways, as requested from time to time by the Boston Elevated Railway Company, are made in the same manner as in the case of new construction.

A complete bookkeeping system is maintained setting forth itemized accounts of all contracts, purchases of supplies and materials and of bond, interest, sinking fund and subway rental transactions.

All subways and tunnels are leased to the Boston Elevated Railway Company under instruments prepared by the Board and extend to July 1, 1962, and thereafter unless and until terminated on July 1, 1962, or the first day of July in any subsequent year as provided in chapter 33 of the Acts of 1931.

A total of 183 persons were employed in 1933. There is no regular appropriation for this department. \$3,787,904 was spent in 1933 for construction and improvements.

5. The Park Department.

"The Board has the care and superintendence of all trees, plants and shrubs belonging to the city; trims all shade trees standing in the street so that they shall not interfere with public travel; carries out all orders of the street commissioners made after public notice and hearing to remove trees standing in the street."

"The Board, with the approval of the city council, establishes, from time to time, regulations for the use and government of parks, parkways, playgrounds, streets, buildings and all premises in its charge."

The Park Department is charged with the care and supervision of 3,367 acres of parked areas, which include 45 miles of roadways, 67 miles of walks, 7 miles of rides and 118 acres of ponds and rivers. Also with maintenance of 20 bridges; the roads, walks, walls, fences and gateways of Arnold Arboretum; and the care of 20,000 street trees.

In addition to the municipal golf links and play-grounds in Franklin Park, the department maintains 75 play-grounds, 11 indoor gymnasias, 13 indoor bath houses, 11 bathing beaches.

The Park Board, with the approval of the Mayor, appoints a superintendent who, under the direction of the Board, has the care, management and supervision of the Municipal Airport.

A total of 821 persons were employed in 1933. The regular appropriation for this same year totalled \$1,308,437, of which \$942,327 was for personal service and \$366,110 for other expenditures.

In addition, \$761,842 was spent in 1933 by this department for construction and improvements.

6. Building Department.

The commissioner is appointed by the Mayor.

"It is the duty of the Building Commissioner to issue permits for and to inspect the erection and alteration of buildings (including schoolhouses) in the city, and the setting of boilers, engines and furnaces; to keep a register of all persons licensed to take charge of constructing, altering, removing or tearing down buildings; to keep a register of the names of all persons carrying on the business of plumbing and gasfitting, and of all persons working at the business of gasfitting, and to issue licenses to master and journeyman gasfitters; to issue permits for and inspect the plumbing and gasfitting in buildings; to inspect elevators in buildings and report upon elevator accidents; to issue licenses for operators of elevators; to inspect at least monthly all theatres and moving

pictures houses, and semi-annually all halls or places for public assembly; to inspect existing tenement houses; to report on all fires in, and accidents in or to, buildings, to approve plans of new buildings and alterations, and to pass upon all questions of zoning."

A total of 107 persons were employed in 1933. The regular appropriation for this same year totalled \$236,132, of which \$228,096 was for personal service and \$8,036 for other expenditures.

7. Public Buildings Department.

The Superintendent of Public Buildings is appointed by the Mayor for a period of four years. He has the supervision of the care, repairs and furnishing of all buildings belonging to or hired by the city, not wholly in charge of one department. This includes buildings for county purposes. He may also with the approval of the Mayor, hire such buildings or rooms as may be required for city purposes.

A total of 190 persons were employed in 1933. The regular appropriation for this same year totalled \$481,620, of which \$266,470 was for personal service and \$215,150 for other expenditures.

In addition, \$141,266 was spent in 1933 by this department for construction and improvements.

8. Market Department.

This department has supervision of the Faneuil Hall Market and Faneuil Hall market limits. The department is under the charge of the Superintendent of Markets. He preserves order therein, makes such changes, and places or allows to be placed in said market such pipes, drains and other appliances as he deems proper. He is required to destroy any article of food kept for sale in the market which, in his opinion, is diseased, unwholesome or tainted. He assigns stands within the market limits. He leases stalls, with the approval of the Mayor, at rents not less than those established by the City Council.

A total of 7 persons were employed in 1933. The regular appropriation for this same year totalled \$15,755, of which \$13,950 was for personal service and \$1,805 for other expenditures.

9. Weights and Measures Department.

The laws of the Commonwealth of Massachusetts require the Mayor to appoint a sealer and one or more deputies. They are charged with enforcement of laws pertaining to weighing and measuring devices. They are also charged with the duty of testing weighing and measuring devices, and shall seal and condemn the same in accordance with the result of their tests.

A total of 20 persons were employed in 1933. The regular appropriation for this same year totalled \$43,350, of which \$39,455 was for personal service and \$3,895 for other expenditures. Fees for sealing scales, etc., were \$14,749.

10. The Wire Division of the Fire Department.

The Wire Department was established in 1894 for the purpose of supervising and inspecting of electrical wires, cables and conductors, and substituting underground for overhead transmission. In 1919 it became the Wire Division of the Fire Department. It is in charge of a superintendent appointed by the Fire Commissioner.

A total of 41 persons was employed in this division of the Fire Department in 1933. The regular appropriation for this same year totalled \$85,795, of which

\$82,000 was for personal service and \$3,795 for other expenditures.

APPENDIX C.—ACTS AND RESOLVES OF COMMONWEALTH OF MASSACHUSETTS 1934.

(CHAP. 227.)

AN ACT RELATIVE TO EXECUTIVE DEPARTMENTS IN THE CITY OF BOSTON.

Be it enacted, etc., as follows:

SECTION 1. Chapter four hundred and eighty-six of the acts of nineteen hundred and nine is hereby amended by striking out section five, as affected by chapter two hundred and twenty-two of the Special Acts of nineteen hundred and nineteen and chapter three hundred and eighty-nine of the acts of nineteen hundred and twenty-eight, and inserting in place thereof the following:—*Section 5.* Except as otherwise provided in this act, the organization, powers and duties of the executive departments of the city shall remain as constituted at the time when this section takes effect; but the mayor and city council at any time may by ordinance reorganize, consolidate or abolish, in whole or in part, departments whether created on or before or subsequent to the first Monday of February in the year nineteen hundred and ten, including the transit department; transfer the duties, powers and appropriations of one department to another in whole or in part; and establish new departments; and may increase, reduce, establish or abolish salaries of heads of departments, or members of boards. Nothing in this act shall authorize the abolition or the taking away of any of the powers or duties as established by law of the school committee, the board of commissioners of school buildings, the department of school buildings, the election department or any department in charge of an official or officials appointed by the governor.

SECTION 2. This act shall take effect upon its passage.

Approved May 23, 1934.

APPENDIX D.—BIBLIOGRAPHY.

Replies to Circular Letter No. 11.

Information regarding the present functions of city departments was requested by the Mayor of Boston in Circular Letter No. 11. Replies from all departments have been examined during the preparation of this report and the names of those controlled by the Mayor with engineering functions are listed for reference:

1. Building Department.
2. Board of Appeal; Board of Examiners; Board of Zoning Adjustment.
3. Fire Department (Wire Division).
4. Market Department.
5. Park Department.
6. Public Buildings Department.
7. Public Works Department.
8. Street Laying-Out Department.
9. Traffic Department.
10. Transit Department.
11. Weights and Measures Department.
12. Planning Board.
13. Penal Institutions Department.

POLICE DEPARTMENT ORDERS.

General Order No. 126.

It gives the commissioner great pleasure to publish the following letter for the information of the department:

THE COMMONWEALTH OF MASSACHUSETTS,
DEPARTMENT OF CORRECTION,
STATE HOUSE, BOSTON,

December 12, 1935.

MR. EUGENE M. MCSWEENEY,
Police Commissioner.

Dear Commissioner McSweeney,—The extraordinary and efficient work of the Boston Police force during the recent break at State Prison deserves the very highest commendation. All of your officers and men did their work so well that I feel it would be almost unfair to single out any for special reference. The public response to their work couldn't have been better.

We in the Department of Correction, and the warden and officers of State Prison, are more than duly grateful.

Sincerely yours,

ARTHUR T. LYMAN,
Commissioner of Correction.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

DAMAGES ASSESSED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted. That in the matter of Michael F. Farrell, petitioner for damages occasioned his estate by the change of grade of Allston street, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of five hundred (\$500) dollars, and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

PROPOSALS ADVERTISED.

(Continued from page 1576.)

Advertisers for proposals for furnishing tires and tubes to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, December 23, at 12 m.

Advertisers for proposals for furnishing three radio transmitters to the Fire Department. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, December 24, at 12 m.

Advertisers for proposals for furnishing meats to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, December 31, at 12 m.

SOUTH BOSTON NOT NEGLECTED BY W. P. A.— DIRECTOR THOMAS F. SULLIVAN, IN LETTER TO MAYOR MANSFIELD, TAKES EXCEPTION TO STATEMENTS PURPORTING TO HAVE COME FROM REPRESENTATIVE GALLAGHER ACCUS- ING ADMINISTRATION OF DISTRICT NO. 3 AS NEGLECTFUL OF DISTRICT — \$1,232,645 SHOWN TO HAVE BEEN EXPENDED WITH 2,350 PERSONS EMPLOYED.

WORKS PROGRESS ADMINISTRATION,
DISTRICT 3,
1 BEACON STREET, BOSTON, MASS.

December 15, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—I have read in the Sunday papers the letter addressed to you by Representative Owen Gallagher of Ward 7, and it is interesting to learn of his belated interest in the President's relief program. While the Congressmen, Senators, Representatives, Councilors, Improvement Associations, and others in South Boston have deluged our offices for months with projects to relieve unemployment, the sole contribution, to date, from Representative Gallagher, outside of his demands for non-relief jobs, in which he had close personal interest, is his recommendation of Saturday to build an additional bridge path and roadway in Back Bay and West Roxbury.

It is true that the Comptroller-General approved this project some time ago, but it was not accepted, as it would have tied up one fourth of the allotment of nine million dollars for one luxury project, and would have required a contribution on the part of the city of one quarter of a million dollars.

We are endeavoring to provide employment for twenty-eight thousand people in the City of Boston, with Federal funds that have been allotted, but if we are to follow Representative Gallagher's basis for figuring (namely, two thousand persons for two million, six hundred thousand dollars) we could employ less than eight thousand for the entire nine million dollars.

His statement, "South Boston has been sadly neglected," is, to say the least, not borne out by facts. On the contrary, South Boston has received generous consideration. Time and space will not permit a description of all the projects for the South Boston district, but I am submitting herewith some of the more important, for which the Mayor has authorized the necessary city funds to make possible these improvements, many of which are actually in progress.

PARK DEPARTMENT.

Sweeney Playground, new Field House, \$25,000; West Third Street, new Field House, \$25,000; Columbus Park and Carson Bathing Beach, reconstruction, repairs to buildings, grading athletic field, etc., \$64,000; Strandway, between K and H streets, new retaining wall, \$88,600; Marine Park and Castle Island, reconstruction, grading and repairs, \$102,900; Independence square, C. F. Lee Playground, general repairs, \$13,348; Columbus Circle, resurfacing pavement, \$22,085; general repairs to Park Department buildings, South Boston, \$16,760; tree

surgery, South Boston, \$10,932; recreational instruction in South Boston buildings, \$10,148.

FIRE DEPARTMENT.

Repairs to buildings, \$31,000.

POLICE DEPARTMENT.

Repairs to buildings, \$20,000.

SCHOOL DEPARTMENT.

Repairs to buildings, \$60,000.

PUBLIC BUILDINGS DEPARTMENT.

Repairs to buildings, \$10,000.

HEALTH DEPARTMENT.

Repairs to buildings, \$2,500.

SEWING PROJECT.

South Boston Municipal Building, \$55,000.

PUBLIC WORKS DEPARTMENT ACTIVITIES.

Paving, Sewer, Water.

Following streets—total cost \$675,000.

Emerson; Bowen; Columbia road; Dorchester ave.; H; G; Seventh; Mt. Vernon; Atlantic; Pacific; Linden; Tudor; Gold; Athens; Old Harbor; Bolton; Jenkins; Winfield; Sanger; Brewster; Springer; Jay; I; West Ninth; Telegraph; Power; Peters; Monks; Carpenter; Grimes; E; F; East Sixth; West Fourth.

Showing a grand total of \$1,232,645 which will employ 2,350 persons.

The veracity of the above statements, including all figures quoted, can be verified in official documents at State Headquarters of the W. P. A.

Respectfully submitted,

T. F. SULLIVAN,
Director District No. 3.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, December 19:

ASSESSING DEPARTMENT.

The Board of Assessors have been allowed to appoint one male second assistant assessor by reinstatement from the list of suspended second assistant assessors, to fill the vacancy caused by the promotion of Albert Soosman, and the reinstatement of James F. Burke has been approved at \$5 a day.

DEPARTMENT OF SCHOOL BUILDINGS.

Edward J. Cummings has been employed for a period of ninety days at \$24 a week as temporary clerk-typist.

HEALTH DEPARTMENT.

Dr. Francis X. Mahoney, Health Commissioner, has been granted a leave of absence, because of illness until such time as he is able to resume duties as Health Commissioner.

HOSPITAL DEPARTMENT.

The following persons have been employed at the Boston City Hospital for the week ending Thursday, December 19:

To Fill Vacancies.

Permanent.—Mildred Thomas, stenographer, \$12 a week; Margaret Gavin, floor nurse, \$1,200 a year.

Temporary.—Samuel Odiorne, male nurse, \$32 a week; Adeline Baker, social worker, \$1,200 a year; Margaret Pate, clerk, \$16 a week.

Mary Bedard, Ruth Bozner, Evelyn Burns, Anna Carroll, Elizabeth Dimond, Mary Doherty, Dorothy Donovan, Mary Gannon, Josephine Kass, Edna Kent, Viola MacAdam, Isabel O'Brien, Frances O'Connor, W. Graves Piper, Catherine Powers, Catherine Silva, Mary Sullivan, Edie Twilley, Anne Wright, special nurses, \$4.50 a day.

The following changes have occurred: Catherine Brothers, ward assistant to wardmaid at \$15 a week; Mary Looney, floor nurse at \$1,200 to head nurse at \$1,375 a year.

Haymarket Square Relief Station.

Albert Lewis, temporary housecleaner, \$16.50 a week.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, December 12:

Charles Hickey, elevator operator, \$15 a week; Henry Guterman, choreman (temporary), \$17.50 a week; Hazel Walsh, nurse (temporary), \$1,020 a year; Daniel Fair, choreman (patient), \$240 a year; Clara Williams, maid (patient), \$240 a year; Frank Moore, Martin Malloy, John Crafts, Joseph Mercante, James Kennedy, male nurses, (patients) (temporary), \$480 a year; Glenn Ladd, Joseph Coveney, Michael Connors, Louis Flavio, Lena DeSolo, maids (patients) (temporary), \$240 a year.

The following persons have ceased to be employed:

Michael Black, Charles Hickey, choremen, \$17.50 a week; Ivan McNeil, choreman (patient), \$240 a year; Mary Dagle, maid (patient), \$240 a year; Charles McGinnis, elevator operator (temporary), \$250 a day.

INSTITUTIONS DEPARTMENT.

The following changes have been made in the personnel for the week ending Thursday, December 19:

Long Island Hospital.

Appointments: Alexander J. MacNeil, institution employee, cook, \$600 a year, temporary; Daniel D. O'Leary, institution employee, helper in butcher shop, \$500 a year, temporary; John M. White, institution employee, helper in serving room, \$526 a year; Christine L. Bishop, staff nurse, \$960 a year, temporary; Walter A. Tower, institution employee, cook, \$600 a year, temporary; Frank D. Myers, institution employee, helper in kitchen, \$526 a year, temporary; Lucille A. Edgren, Edna F. Muda, institution employees, waitresses, \$316 a year, temporary.

Employment Terminated: Marie E. Barry, staff nurse, temporary, \$960 a year; James A. Waldron, institution employee, watchman, temporary, \$600 a year.

Transfers: Joseph B. Fitzsimmons, institution employee, helper in pharmacy, \$600 a year, from porter \$526 a year; Stephen J. Sands, institution employee, helper in pharmacy, \$700 a year, to Public Works Department.

Steamers "Hibbard" and "O'Meara."

Appointment: John J. Colombo, deckhand, \$1,700 a year, temporary, during the absence of Deckhand Johnston.

Employment Terminated: Joseph Desourza, engineer, temporary, \$1,800 a year.

MAYOR'S OFFICE.

C. F. Sharpe, of the staff of the United States Conference of Mayors, has been retained in an advisory capacity for a period of approximately two months to make a survey of the finances of the city and related matters at \$35 a day.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the continued provisional temporary employment of Harry F. Cook as Supervisor of Employment, for a period of three months from November 5, at \$40 a week.

PARK DEPARTMENT.

Approval has been given for the emergency temporary employment, for a period of three months from December 20, of Helen Gleason as matron at \$22 a week.

PENAL INSTITUTIONS DEPARTMENT.

The following appointments have been made:

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon December 12 the Mayor approved a contract with M. S. Kelliher Company on alternate No. 1 item, in the sum of \$167,332, for erecting and completing a Special Class Centre School in the John Marshall District, Regina road and Park street, Dorchester district (P. W. A. Docket No. Mass. 1089). Bids, opened December 3, were as follows:

M. S. Kelliher Company, \$167,622; alternate No. 1, deduct \$290 if iron spot tile is substituted for salt-glazed tile; P. J. Cantwell and Son, \$168,830; Matthew Cummings Company, \$186,463.

Upon December 13 the Mayor approved a contract with the Rugo Construction Company, Incorporated, on the alternate No. 1 item, in the sum of \$681,637, for erecting and completing an Intermediate School in the Phillips Brooks District, Lawrence avenue and Mascoma street, Roxbury district (P. W. A. Docket No. Mass. 1090). Bids, opened December 5, 1935, were as follows:

Rugo Construction Company, Incorporated, \$684,487; alternate No. 1 deduct \$2,800, alternate No. 2 add \$1,250; M. S. Kelliher Company, \$690,872; alternate No. 1 deduct \$3,500; alternate No. 2 add \$1,100; Matthew Cummings Company, \$695,208; no change; alternate No. 2 add \$1,200; John Bowen Company, \$717,000; alternate No. 1 deduct \$2,000

Alternate No. 1, if iron spot tile and buff brick is used in place of the salt-glazed tile specified deduct from the main bid.

Alternate No. 2, heating-vacuum pumps, if duplex pumps are used add to the main bid.

Upon December 13 the Mayor approved a contract with the Rugo Construction Company, Incorporated, for constructing and completing an addition and alterations to the South Boston High School, Thomas park and G street, South Boston district (P. W. A. Docket No. Mass. 1091). Bids, opened December 11, were as follows:

Rugo Construction Company, Incorporated, \$386,221; M. S. Kelliher Company, \$395,700; Matthew Cummings Company, \$406,796; alternate No. 1 deduct \$200; John Bowen Company, \$409,000; Thomas O'Connor & Co., Incorporated, \$416,700; M. Spinelli & Sons Company, Incorporated, \$423,000.

The bid on alternate No. 1 submitted by the contractor was not specified in the specifications.

Upon December 13 the Mayor approved a contract with Thomas O'Connor & Co., Incorporated, for erecting and completing an intermediate school in the Dudley District, Roxbury street and Eliot square, Roxbury district (P. W. A. Docket No. Mass. 1088). Bids, opened December 13, were as follows:

Thomas O'Connor & Co., Incorporated, \$547,800; alternate No. 1 add \$1,800; M. Spinelli Sons Company, Incorporated, \$557,100; alternate No. 1 add \$1,500, alternate No. 2 deduct \$200; Rugo Construction Company, Incorporated, \$560,000; John Bowen Company, \$567,500; P. J. Cantwell & Son, \$577,000; alternate No. 1 add \$200; M. S. Kelliher Company, \$587,252; alternate No. 1 add

\$2,500; Poorvu Heenan Construction Company, \$589,000; Matthew Cummings Company, \$595,900; A. Piotti Company, \$611,900; alternate No. 1 add \$950; alternate No. 2 add \$1,000; alternate No. 3 deduct \$1,000; Aberthaw Company, \$614,483; J. Slotnick Company, \$620,659; alternate No. 1 add \$3,500.

Alternate No. 1, if ceramic tile is used in place of terrazzo where specified.

Alternate No. 3, if dark ceramic trim is omitted on salt-glazed walls.

* Alternate No. 2, for omitting clock.

† Alternate No. 2, if gray granite is substituted for black granite.

SUPPLY DEPARTMENT.

Upon December 17 the Mayor approved a contract with contractors, as indicated, for three catch-basin cleaning machines for the Sewer Division as follows:

To the Dyar Sales and Machinery Company, one slightly used Dance, in first-class operating condition, mounted on Packard truck, immediate delivery, \$2,150. To F. Aue Company, Incorporated, the lowest bidder, two new catch-basin cleaning machines at \$2,400 each, \$4,800.

Bids, opened October 25, were as follows:

3 Catch-Basin Cleaning Machines, as per Specifications, Each.—Dance Company, Incorporated, \$3,128; total, \$9,384; F. Aue Company, Incorporated, \$2,400, award for two machines; total, \$7,200; Patrick H. Crowley, \$3,300; total, \$9,900; New England Truck Company, \$5,210, Netco; total, \$15,630; Dyar Sales and Machinery Company, \$3,148, Dance; total, \$9,444; alternate bid, \$2,150, one slightly used Dance, in first-class operating condition, mounted on Packard truck, immediate delivery; alternate bid, \$3,125, bidder's specifications; total, \$9,375; \$125 reduction if crane obtains its power from the truck transmission through a power take-off, total, \$9,000; Edward P. Healey, \$2,950, total, \$8,850.

Cash Discount, Ten Days.—Dance Company, Incorporated, 2 per cent; F. Aue Company, Incorporated, 2 per cent; time required for completing and to deliver the three machines, ninety working days after detail drawings are O. K'd and notification to proceed with the work; New England Truck Company, 1 per cent; Dyar Sales and Machinery Company, 2 per cent; alternate bid, 2 per cent; alternate bid, 2 per cent; Edward P. Healey, 1 per cent.

Upon December 18 the Mayor approved a contract with the General Electric X-Ray Corporation for X-ray apparatus for the Boston City Hospital. Bids, opened December 13 were as follows:

Item 1, One Shock-Proof Mobile Unit; Item 2, One Control Unit.—Kelley-Koett Manufacturing Company, Incorporated, \$1,147, Items 1 and 2.

Item 1, One Shock-Proof Mobile Unit; Item 2, One Control Unit; Item 3, One Removable Hand Timer.—Westinghouse X-Ray Company, Incorporated, \$1,195, Items 1 to 3; General Electric X-Ray Corporation, \$903.75,* Items 1 to 3.

Item 1, One Shock-Proof Mobile Unit.—Picker X-Ray Corporation, \$717.30.

Item 2, One Control Unit.—Picker X-Ray Corporation, \$315.

Item 3, One Removable Hand Timer.—Kelley-Koett Manufacturing Company, Incorporated, \$48; Picker X-Ray Corporation, \$43.20.

Item 4, One 220-Volt 60-Cycle, Single-Phase X-Ray Transformer.—Campbell X-

Ray Company, \$1,940, no X-ray tube called for nor included in bid; other type rectifier valve tubes to be furnished if Kenotrons not sufficiently available to contractor; Kelley-Koett Manufacturing Company, Incorporated, \$2,450; Westinghouse X-Ray Company, Incorporated, \$2,935; General Electric X-Ray Corporation, \$2,201.25*; Picker X-Ray Corporation, \$2,160.

Item 5, One Set Overhead Parts.—Campbell X-Ray Company, \$85; Kelley-Koett Manufacturing Company, Incorporated, \$150; Westinghouse X-Ray Company, Incorporated, \$85; General Electric X-Ray Corporation, \$10*; Picker X-Ray Corporation, \$117.

Item 6, One All-Wood Deep Therapy Table.—Campbell X-Ray Company, \$300; Kelley-Koett Manufacturing Company, Incorporated, \$500; Westinghouse X-Ray Company, Incorporated, \$485; General Electric X-Ray Corporation, \$225*; Picker X-Ray Corporation, \$401.60.

Item 7, One Single-Tube Kenotron X-Ray Generator.—Campbell X-Ray Company, \$860, other type rectifier valve tube to be furnished if Kenotron not sufficiently available to contractor; Kelley-Koett Manufacturing Company, Incorporated, \$1,058.50; Westinghouse X-Ray Company, Incorporated, \$1,125; General Electric X-Ray Corporation, \$1,044.75*; Picker X-Ray Corporation, \$988.

Item 8, One Synchronous X-Ray Timer.—Campbell X-Ray Company, \$165; Kelley-Koett Manufacturing Company, Incorporated, \$225; Westinghouse X-Ray Company, Incorporated, \$240; General Electric X-Ray Corporation, \$187.50*; Picker X-Ray Corporation, \$230.40.

Grand Total.—Campbell X-Ray Company, \$3,350, Items 4 to 8, inclusive; Kelley-Koett Manufacturing Company, Incorporated, \$5,578.50; Westinghouse X-Ray Company, Incorporated, \$6,065; General Electric X-Ray Corporation, \$4,572.25*; Picker X-Ray Corporation, \$4,972.50.

Cash Discount, Ten Days.—Campbell X-Ray Company, 2 per cent.

Net Total.—Campbell X-Ray Company, \$3,283, Items 4 to 8, inclusive; Kelley-Koett Manufacturing Company, Incorporated, \$5,578.50; Westinghouse X-Ray Company, Incorporated, \$6,065; General Electric X-Ray Corporation, \$4,572.25*; Picker X-Ray Corporation, \$4,972.50.

Remarks.—Kelley-Koett Manufacturing Company, Incorporated, quoting on Keleket items; Westinghouse X-Ray Company, Incorporated, quoting on Westinghouse items.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts for supplies, labor, etc., with various concerns and agencies. Communications from the heads of the several departments interested were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, December 9, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—On the date of December 6, I own a letter of Mr. Charles J. Fox, the City Auditor, regarding an additional payment to Mr. Louis Roe, in the sum of seventy-one dollars and eighty-one cents (\$71.81) for an excess of the premium on the boiler insurance, which matter has already been approved by your Honor except for this addition. It is the opinion

of the City Auditor that in view of the fact that the original award to Mr. Roe was approved without advertising by you, that this sum, which should have been included in the original award, also have your approval, so that it may be paid properly to satisfy the requirements of the Auditor's Office.

In explanation I might say that this does not cover any extra in the sense of an addition to a contract, but is a sum that should have been included in Mr. Roe's original payment but which by clerical inadvertence was left out.

Your pleasure is respectfully requested.

Respectfully yours,

WM. W. DRUMMEY,
Superintendent of Construction.

PUBLIC WORKS DEPARTMENT.

BOSTON, November 21, 1935.

To the Honorable Mayor.

The contract for sewerage works, Maywoods Brook, in Circuit street and Washington street, is nearing completion and the work of replacing the permanent pavement disturbed by said construction at the junction of Washington street and Circuit street should be started before the freezing weather.

Sewerage contracts do not carry, in any item, the replacing of permanent pavements. There will be approximately 282 square yards of granite block pavement on a 6-inch concrete base to be reset at a cost of \$6 per square yard, totaling \$1,692.

Both Washington street and Circuit street is in the regional paving district allotted to E. J. Byrne, 89 State street, and I respectfully request your permission to award a contract, without advertising, for the necessary pavement to E. J. Byrne at a cost not exceeding \$1,692.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

TRAFFIC COMMISSION.

BOSTON, December 14, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—This commission respectfully requests your approval to award a contract, without advertising, to the Edison Electric Illuminating Company of Boston to construct underground conduit and supply cable for service to automatic traffic signals at the intersections of Beacon street and Berkeley street, Beacon street and Clarendon street, and Beacon street and Dartmouth street, at a cost not to exceed seven thousand nine hundred and thirty-six (7,936) dollars.

Since the Edison Electric Illuminating Company of Boston is the only person or corporation having facilities available for supplying electrical energy no benefit would accrue from publicly advertising.

This commission has voted, subject to your approval, to award this contract.

Respectfully yours,

WILLIAM P. HICKEY,
Commissioner.

TREASURY DEPARTMENT.

BOSTON, December 13, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

SIR,—Your permission is respectfully requested for the award of a contract, without advertising, to the Vose-Swain Engraving Company, 530 Atlantic avenue, Boston, for 4,160 steel-engraved coupon

bonds, at 32 cents each, the total cost being \$1,331.20, for the following reason:

The bank note house which the Vose-Swain Engraving Company represents is the owner of the plates now in use and they are naturally in a more favorable position to give a better price to the city than any other concern.

Respectfully yours,

JOHN H. DORSEY,
City Treasurer.

MAYOR MANSFIELD PLEADS CAUSE OF E. R. A. WORKERS WITH PRESIDENT.

The following is a copy of a telegram sent to President Roosevelt by Mayor Mansfield:

December 12, 1935.

HIS EXCELLENCY, FRANKLIN D. ROOSEVELT, *President of the United States*, Washington, D. C.

Have just learned that because no Presidential letter has been forthcoming 2,000 E. R. A. workers, a majority of whom have many dependents, must lose their jobs tonight. Very short notice and great hardship upon these people, especially at Christmas time. Earnestly urge extension be granted, at least until after January first, so that they may not lose their positions. A reply will be greatly appreciated.

FREDERICK W. MANSFIELD,
Mayor of Boston, Mass.

The following is a copy of a telegram received from W. P. A. in Washington in answer to a telegram sent to President Roosevelt by Mayor Mansfield on December 12, 1935:

WASHINGTON, December 12, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

Reference your wire to President Roosevelt, workers on E. R. A. projects being discontinued will be reassigned to fully approved Works Progress Administration projects as rapidly as possible. There need be no hardship on the workers.

R. C. BRANION,
Field Representative, W. P. A.

AIRPORT BAD WEATHER FLYING RULES.

The Mayor has approved the following rules adopted by Commissioner William P. Long of the Park Department:

BOSTON, December 13, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—On account of the increased amount of bad weather flying and flying when conditions are such that planes come down through the overcast, it is necessary for this department to adopt at once the following rules and regulations:

1. Effective December 15, 1935, all landings and take-offs between the hours of sunset and 11 p. m. will be controlled as follows:

(a.) When the illuminated tee is red, no plane will land until the tee is green or until given the green light from the signal traffic-projector. After 11 p. m. the traffic-projector will not be used.

(b.) Between the hours given above, all planes will, before taxiing from the line for take-off, place themselves in position to receive signals from the signal traffic-projector, and will not leave the

line until they receive the green or white light. When in position for take-off, a second green light will be given if all is clear.

(c.) All planes will approach or circle the field so as to receive traffic-projector signals from the easterly side of the control tower.

2. Effective December 15, 1935, the following regulations will be in force:

(a.) No aircraft will take off for the purpose of making local flights in the vicinity of the Boston Airport when the ceiling is less than 800 feet or when the visibility is less than one and one half miles, or when both of the preceding limits are less than above specified, without specific authority from the Superintendent's Office.

(b.) No aircraft, other than airline aircraft operating on schedule, will take off from the Boston Airport when the ceiling is less than 800 feet or when the visibility is less than one and one half miles, or when both of the preceding limits are less than above specified, unless departing for another airport and unless the following flight information is furnished to the Superintendent's Office prior to take-off:

Type of airplane, Department of Commerce number, departure time, cruising speed, altitude to be flown, destination, transmitter frequency, estimated time of arrival, statement that the pilot is familiar with scheduled arrivals and departures in and out of Boston.

Very respectfully yours,

WILLIAM P. LONG,
Chairman.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Humphreys place, Dorchester district, as a highway, from Humphreys street northwesterly, bounded and described as follows:

A highway named Humphreys place is hereby laid out, from Humphreys street northwesterly for a distance of approximately three hundred and fifty feet, and ordered constructed, the cost thereof to be charged to Federal Funds.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Humphreys street, twenty-seven feet; southwesterly by the southwesterly line of said Humphreys place as hereby laid out, three hundred twenty-two and 90-100 feet; westerly, northerly and easterly by the westerly, northerly and easterly lines of said Humphreys place as hereby laid out, eighty-four and 8-100 feet on a curve of eighteen feet radius; and northeasterly by the northeasterly line of said Humphreys place as hereby laid out, three hundred fourteen and 78-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Humphreys place, Dorchester district, as a highway, from Humphreys street northwesterly for a distance of approximately three hundred and fifty feet, under the order of the Board of December 12, 1935, and awards no damages therefor.

CIVIL SERVICE EXAMINATIONS. (STATE.)

FISH AND GAME WARDEN, DEPARTMENT OF CONSERVATION, JANUARY 11, 1936.

Last date for filing applications, Saturday, December 28, 1935, at 12 noon.

The minimum salary is \$1,440 a year and uniform; the maximum salary is \$2,040 a year and uniform.

Duties: Under direction, to patrol the forests, streams and coastal borders of an assigned area and prevent violations of the fish and game laws; to keep watch for forest and field fires; report such fires and endeavor to extinguish them, and to perform related work as required.

Applicants must be not less than twenty-five nor over thirty-five years of age at the time of filing application, not less than 5 feet 7 inches in height, and weigh not less than 135 pounds without clothing. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Subjects and Weights: Training and experience (2); practical questions (2); identification of game birds and fish (1); total (5).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination and strength tests.

Educational test (4); Physical test (1); total (5).

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Mary Kelley, 8 Rocky Nook terrace, Jamaica Plain, in the sum of \$75, as compensation for personal injuries caused by defect in sidewalk at or near 447 Washington street, Boston, September 28, 1935.

Seovilli Manufacturing Company, 80 Federal street, Boston, in the sum of \$6, as compensation for damage to automobile caused by truck belonging to the Water Service, Public Works Department, July 24, 1935.

Myra G. Stead, 55 Monadnock street, Dorchester, in the sum of \$100, as compensation for personal injuries caused by defect in sidewalk in front of 49 Monadnock street, December 11, 1934.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

Coleman Brothers Corporation have been granted an extension of the time of completion of the contract for repairing and strengthening Chelsea Bridge North, from December 1, to December 23. This extension is requested on account of an accident to the draw span caused by a steamer striking said draw span on its way down the river and consequently moving the draw span off its center, thus preventing the completion of the bridge repairs on December 1 as called for. The accident to the bridge took place on Sunday, November 17, 1935. An examination of the damage and the period of time required to repair and place the bridge in service makes it necessary to request the further extension of the time of completion.

CONTRACTS AWARDED.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing large incandescent electric lamps for Boston public schools, opened Wednesday, November 13.

Bids were received from the following concerns:

American Electric Supply Company, G. R. Armstrong Manufacturing Supply, Incorporated, Consolidated Electric Lamp Company, Cutter, Wood & Sanderson Company, Eagle Electric Supply Company, Incorporated, Graybar Electric Company, Hardy Company, Loman Electric Supply Company, Marshall & Co., Massachusetts Gas and Electric Supply Company, Milhender, Incorporated, National Theatre Supply Company, New England Electrical Supply Company, Sager Electrical Supply Company, Simons Brothers Company, George H. Wahn Company, Wetmore Savage Electric Supply Company.

Contract was awarded to Marshall & Co. under date of December 9. Tabulation follows:

All dealers bid the same list price with the exception of G. R. Armstrong Manufacturing Supplies, Incorporated. On 50-watt A. 21 I. F. price quoted was 37 cents each.

Simons Brothers Company quoted on:

750-watt, P. S. 52 Clear, \$4.00 each.

1,000-watt, P. S. 52 Clear, \$5.75 each.

¹ Letter giving period of deliveries November 1, 1935, to October 31, 1936. No letter with auditor's copy.

² Discounts quoted are based on receiving the entire award. If purchases do not reach the contract amount, an undercharge bill will be rendered to adjust the discount. If purchases greater, discount adjusted to higher basis.

³ Based on complete contract only.

⁴ On account of having City of Boston lamp contract, will bill immediately at a discount of 36 per cent in standard packages and 26 per cent in broken packages. Should all purchases reach a total of \$20,000 during the contract period, all departments will receive a rebate of 1 per cent of the list price of all purchases to date. (This applies to all city departments.)

⁵ Discounts named will be contingent on the entire amount of lamps being purchased from us.

⁶ Bid is contingent upon the entire award being made.

⁷ Supplementary letter giving 37 per cent discount on all purchases regardless of whether purchases amount to \$10,000.

⁸ Contract awarded.

PROCEEDINGS OF SCHOOL COMMITTEE.

Dec. 2, 1935.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 9 o'clock P. M.

Present: Dr. Lyons, Messrs. Sullivan and Tobin.

CHAIRMAN PRO TEMPORE

In the absence of the Chairman, the meeting was called to order by Mr. Maurice J. Tobin, who by unanimous agreement served as Chairman pro tempore.

APPROVAL AND AMENDMENT OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

On motion, the minutes of the meeting of Oct. 28, 1935, were amended on page 140 to provide that the appointment from the eligible list of Anthony F. Mayr and Charles R. O'Malley as trade instructors in the Boston Trade School shall read, to take effect Sept. 1, 1935.

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of teachers as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved.

APPROVAL OF STATE-AIDED COURSE

A communication was received from the Director, Division of Vocational Education, Massachusetts Department of Education, under date of Nov. 16, 1935, reporting that the re-establishment of a part-time course in sheet metal work for apprentices in the sheet metal department at the South Boston High School has been approved in accordance with plans set forth and submitted in memoranda on file in the office of the Division of Vocational Education, and stating that if these plans are carried out as submitted, the work of the course will be given approval and the City of Boston recommended for reimbursement under the provisions of Chapter 74 of the General Laws, said reimbursement to date from Oct. 19, 1935, and to be in full for salary of the instructors under the special provisions of Section 22 (1— for salaries of teachers giving types of training selected by the Commissioner as especially needing stimulus).

Placed on file.

DEATHS

Durant, assistant, elementary, Mary Hemenway District, to Classes for Conservation of Eyesight, without change of rank or salary, said assignment to take effect Dec. 9, 1935, and to continue during the school year ending August 31, 1936, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the date stated.

HOME INSTRUCTION OF PHYSICALLY HANDICAPPED CHILDREN

A communication was received from the Superintendent, under date of Dec. 2, 1935, reporting that subject to the approval of the School Committee, he has assigned Michael J. Gilarde, temporary teacher, for home instruction of physically handicapped children, to take effect Nov. 25, 1935.

Approved.

DESIGNATIONS

A communication was received from the Superintendent, under date of Dec. 2, 1935, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1936:

Thomas N. Hart District—Mary F. Monahan, assistant, kindergarten, as acting first assistant, kindergarten (vice Helen L. Arnold, absent on leave), Oct. 8, 1935; Mary M. Powers, assistant, elementary, as acting master's assistant (vice Ida E. Penell, absent on leave), Oct. 25, 1935.

Placed on file.

TERMINATION OF SERVICE IN AFTERNOON KINDERGARTENS

A communication was received from the Superintendent, under date of Dec. 2, 1935, reporting that subject to the approval of the School Committee, he has terminated the service of the following-named

teachers in the afternoon sessions of the kindergartens indicated, to take effect on the date stated:

Bennett District—Mildred E. Rourke, assistant, kindergarten; Beatrice Segall, first assistant, kindergarten; Nov. 29, 1935.

Charles Sumner District—Helen R. Dempsey, first assistant, kindergarten, Nov. 29, 1935.

Edmund P. Tileston District—Irma E. Loewenstein, assistant, kindergarten, Nov. 29, 1935.

Eliot District—Kathleen A. Daly, assistant, kindergarten, Nov. 29, 1935.

Harvard District—Hattie F. Mason, first assistant, kindergarten, Nov. 29, 1935.

Longfellow District—Helen E. Freeman, first assistant, kindergarten, Nov. 29, 1935.

William E. Russell District—Mary F. Cowan, assistant, kindergarten, Nov. 29, 1935.

William Lloyd Garrison District—Miriam F. Cohen, assistant, kindergarten, Nov. 29, 1935.

Placed on file and the termination of service approved.

ANNUAL STATISTICS

The Superintendent presented the Annual Statistics for the Boston Public Schools for the school year 1934-35, being School Document No. 11, 1935.

Placed on file.

TRANSFERS OF APPROPRIATIONS

The following communication was presented:

City of Boston—Department of School Buildings
November 25, 1935

School Committee,
City of Boston,
15 Beacon Street,
Boston, Mass.
Gentlemen:

Under date of November 22nd, 1935, the School Committee forwarded to the Board of Commissioners of School Buildings the following proposed order:

ORDERED, That from the sum of \$800,000 appropriated by the School Committee February 28, 1934, for one new intermediate school in the Shurtleff District, out of the sum of \$2,000,000 appropriated by the City Council of the City of Boston by order passed February 12, 1934 and February 26, 1934, and approved by the Mayor February 27, 1934, the sum of \$40,000 is hereby transferred and added to the appropriation in the sum of \$325,000 for the addition to the Robert Gould Shaw Intermediate School, West Roxbury, which appropriation was made by the School Committee October 15, 1934, out of the sum appropriated by the City Council by order passed on July 6, 1934 and July 23, 1934 and approved by the Mayor July 24, 1934.

This transfer is necessary to meet the price of the lowest bidder after several advertisements. The excess by \$40,000, to the original appropriation by transfer above is approved by the Board of Commissioners of School Build-

ings acting under authority of Chapter 351 of the Acts of 1929.

Very truly yours,

Board of Commissioners of School Buildings,
By Richard J. Lane, Chairman.
Placed on file.

The following was offered:

ORDERED, That from the sum of \$800,000 appropriated by the School Committee February 28, 1934, for one new intermediate school in the Shurtleff District, out of the sum of \$2,000,000 appropriated by the City Council of the City of Boston by order passed February 12, 1934 and February 26, 1934, and approved by the Mayor February 27, 1934, the sum of \$40,000 is hereby transferred and added to the appropriation in the sum of \$325,000 for the addition to the Robert Gould Shaw Intermediate School, West Roxbury, which appropriation was made by the School Committee October 15, 1934, out of the sum appropriated by the City Council by order passed on July 6, 1934 and July 23, 1934 and approved by the Mayor July 24, 1934.

Laid over.

RECERTIFICATION OF AREAS

A communication was received from the Schoolhouse Custodian, under date of Dec. 2, 1935, transmitting a recertification of the areas of the East Boston High Schoolhouse, upon which the compensation for custodian service is based, to take effect Sept. 1, 1935, said recertification being necessary because of the erection of an addition to this building.

Placed on file and the Chairman authorized to approve such recertification, to take effect on the date stated.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Dec. 2, 1935, recommending that Robert W. Green, custodian, Martha A. Baker Schoolhouse, be granted leave of absence on one-half net compensation for the period Nov. 14, 1935, to Jan. 16, 1936, inclusive, because of personal illness.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

A communication was received from the Schoolhouse Custodian, under date of Dec. 2, 1935, recommending that Jeremiah L. Lynch, custodian, Bunker Hill Schoolhouse, be granted leave of absence on one-half net compensation for the period Nov. 22, 1935, to Jan. 23, 1936, inclusive, because of personal illness.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

A communication was received from the Schoolhouse Custodian, under date of Dec. 2, 1935, recommending that the following custodians be granted leave of absence

on one-half net compensation for the periods specified because of personal illness:

William F. Downey, custodian, Gaston Schoolhouse, Nov. 20 to 23, 1935, inclusive.

John J. Carleton, custodian, Joseph Tuckerman Schoolhouse, Nov. 21 and 22, 1935, inclusive.

Placed on file and leave of absence on one-half net compensation granted for the periods specified.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Dec. 2, 1935, recommending that the following-named custodians, who stand at the head of their respective lists, be appointed as indicated, to take effect on the date stated:

Frank J. Christie from the Henry L. Higginson to the Florence Nightingale Schoolhouse, Dec. 8, 1935.

Frederick J. Donlon from the Lucretia Crocker to the Ira Allen Schoolhouse, Dec. 8, 1935.

John J. Downey from the Skinner to the Williams Schoolhouse, Dec. 8, 1935.

Eugene A. Leonard from the John Greenleaf Whittier to the Champlain Schoolhouse, Dec. 8, 1935.

William M. Lynsky from the Thomas N. Hart to the Prince Schoolhouse, Dec. 8, 1935.

Walter R. Mungoven from the Hillside to the Audubon Schoolhouse, Dec. 8, 1935.

Placed on file and the transfers approved, to take effect on the date stated.

ADDITIONAL COMPENSATION TO CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Dec. 2, 1935, reporting that the Committee has acquired a dwelling house at 10 Pleasant Avenue, West Roxbury, adjoining the Robert Gould Shaw School, for school purposes, and recommending that the Schedule of Compensation for Custodians of School Buildings be amended in accordance with an accompanying order to provide compensation for custodian service.

Placed on file.

On motion, it was

ORDERED, That Section 14 of the Schedule of Compensation for Custodians of School Buildings for Regular Day School Service—School Document No. 9, 1930—is hereby amended by adding the following item to such section, to take effect Sept. 20, 1935:

10 Pleasant Avenue, West Roxbury—Seven dollars (\$7) per week to be allowed the custodian of the Robert Gould Shaw School in addition to his regular compensation, for custodian service of the dwelling house.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

SNOW AND ICE REMOVAL. CONTRACT WITHDRAWN.

The Mayor announced, on December 12, that the approval of the award of the snow-removal contract for District No. 2 to Hugh Nawn, Incorporated, was that day withdrawn after Public Works Commissioner Carven had conferred with the Finance Commission and it had been pointed out that technically the Nawn concern had not complied with the specifications requiring the submission of a financial statement. The Nawn bid was irregular and therefore the bid was rejected. The snow removal for District No. 2 will be re-advertised and new bids asked for.

COST OF UNEMPLOYMENT RELIEF.

The annual cost of various types of unemployment relief made by the National Industrial Conference Board, based on 3,500,000 relief cases, have been estimated at from a little less than \$1,000,000,000 for direct relief of the type received by more than half of the persons now on the relief rolls to over \$8,000,000,000 for public works relief, with full-time employment, at the "prevailing wage" rate. According to the report released February 28 the story is:

"The average cost of direct relief per case during the third quarter of the past year was at the rate of slightly over \$280 per year. At this annual rate the total cost for 3,500,000 cases would amount to \$989,000,000. The average cost of work relief has been around 50 per cent greater than the cost of direct relief. The average for the third quarter of 1934 was slightly over \$35 per month, or around \$420 per year. Continuous employment for 3,500,000 persons during a period of twelve months would cost \$1,475,000,000.

LOW FATALITY RATE IN PROVIDENCE.

The fatality rate in Providence in 1934 was the lowest in all the years since modern traffic problems have existed, according to figures compiled by the city's traffic bureau. It is believed that the activity herein described was one of the many which have contributed toward this result. Certainly, if speeds can be consistently held down or reduced, there is small doubt that accidents will be decreased.

Traffic authorities in Providence decided in 1932 that a plan of monthly "sampling" of vehicular speeds by actual measurements be carried out, covering about fifty-four locations, none of which should be in congested traffic. This system was worked out and tested in that year, and has been in full operation during 1933 and 1934.

FIVE PER CENT OF CITY BUDGET PAID FOR REFUSE DISPOSAL.

Nearly one million dollars, or about 5 per cent of the total cost of the general city government of Los Angeles, Cal., is spent every year for the collection and disposal of refuse, under the direction of the Bureau of Engineering of that city. The Refuse Collection Division operates six days a week, and enough men are provided to compensate for a five-day week for all the personnel employed.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the widening and construction of La Grange street, West Roxbury district, as a highway, from Centre street to Linnet street, bounded and described as follows:

The highway named La Grange street is hereby widened on the northeasterly side, between Landseer street and Linnet street, and ordered constructed;

For the making of the aforesaid improvement, an easement for street purposes is hereby taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Alice M. Keenan, bounded:

Southwesterly by La Grange street, eighty-six and 12-100 feet; northeasterly by land supposed to belong to said Keenan, eighty-four and 90-100 feet; and southeasterly by land hereinafter described as taken from Gallagher, nine and 11-100 feet, containing three hundred and eighty-five square feet, more or less.

A parcel of land, supposed to belong to Charlotte D. Gallagher, bounded:

Northwesterly by land hereinbefore described as taken from Keenan, nine and 11-100 feet; northeasterly by land supposed to belong to said Gallagher, by two measurements, nine and 98-100 feet and sixty-nine and 75-100 feet; southeasterly by land hereinafter described as taken from Murray *et al.*, ten and 21-100 feet; and southwesterly by La Grange street, eighty and 2-100 feet, containing seven hundred and ninety-four square feet, more or less.

A parcel of land, supposed to belong to Harry J. Murray and Sadie B. Murray, bounded:

Northwesterly by land hereinbefore described as taken from Gallagher, ten and 21-100 feet; northeasterly by other land supposed to belong to said Murrys, one hundred fifty-eight and 93-100 feet; southeasterly by Linnet street, ten and 23-100 feet; and southwesterly by La Grange street, one hundred fifty-nine and 6-100 feet, containing fifteen hundred and ninety square feet, more or less.

Said La Grange street as hereby widened is bounded:

Southeasterly by Linnet street, ten and 23-100 feet; southwesterly by La Grange street, three hundred sixty-four and 61-100 feet; and northeasterly by the northeasterly line of La Grange street as hereby widened, by two measurements, ninety-four and 88-100 feet and two hundred twenty-eight and 68-100 feet, containing twenty-seven hundred and sixty-nine square feet, more or less.

Voted, That this Board determines that the undermentioned persons sustain damages in their estates by the making of the public improvement, consisting of the widening and construction of La Grange street, West Roxbury district, as a highway, on the northeasterly side, between Landseer street and Linnet street, under the order of the Board of December 13, 1935, in the amounts hereinafter respectively set against them, and awards said amounts therefor:

Alice M. Keenan, 385 square feet, \$500.
Charlotte D. Gallagher, 794 square feet, \$500.

Harry J. Murray and Sadie B. Murray, 1,590 square feet, \$1.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of Christmas shopping, estimated to be thirty (30) days, parking of vehicles is prohibited in the following street, effective December 13, 1935:

Bedford Street.

North side, from Chauncy street to Harrison avenue.

Voted, That as urgently required by considerations of public safety and convenience, during the Christmas period, parking of vehicles is prohibited in the following street, effective December 17, 1935, to December 24, 1935, inclusive:

Nashua Street.

West side, from Causeway street to Cotting street, east side, from a point opposite Cotting street to a point two hundred (200) feet north of Cotting street.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of thirty (30) days, effective December 17, 1935, parking of vehicles is prohibited in the east side of Charlesgate West, from Ipswich street to Commonwealth avenue.

The driver of a vehicle shall not make the following left turn:

Charlesgate West.

Into Newbury street westerly.

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewer construction, estimated to be sixty (60) days, vehicles are excluded from King street, Dorchester district, from Adams street to Train street, effective December 16, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of Christmas postal deliveries, parking of vehicles is prohibited in Myrtle street, West Roxbury district, north side, from Centre street to a point one hundred (100) feet westerly, effective December 17, 1935.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A catch-basin (P. W. A. Project 65-14-4320) in Perrin street, between Moreland street and Waverly street, in the Roxbury district, at an estimated cost of \$380.90.

A surface drain of 12-inch pipe in St. Brendan road, between Gallivan Boulevard and 240 feet southerly, in the Dorchester district, at an estimated cost of \$975.

A surface drain of 12-inch, 15-inch, 18-inch and 20-inch pipe surface drain (W. P. A. Project 65-14-4320) in Magnolia street, between Dudley street and Magnolia square, in the Dorchester district, at an estimated cost of \$26,000.

A surface drain of 7-foot 10-inch by 6-foot 6-inch concrete and one manhole on old overflow, B and Seventh streets overflow, in private land (land of New York, New Haven and Hartford Railroad), between 125 feet west of Dorchester avenue, opposite Old Colony avenue, and 133 feet westerly, in the South Boston district, at an estimated cost of \$22,700.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

TELEPHONE OPERATOR, JANUARY 11, 1936.

Last date for filing applications, Saturday, December 28, 1935, at 12 noon.

This examination is open to both males and females.

This examination is to establish a list for telephone operators for State service, as well as for cities and towns under Civil Service. The minimum salary, with maintenance, for State service is \$480 a year; the maximum salary, with maintenance, for State service is \$900 a year. The minimum salary, without maintenance, for State service is \$840 a year; the maximum salary, without maintenance, for State service is \$1,260 a year. The salaries in the various cities and towns range from \$12 to \$18 per week.

Subjects and Weights: Training and experience (10); memory tests (3); practical questions (7); total (20).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

POULTRY INSPECTOR, DEPARTMENT OF AGRICULTURE, JANUARY 11, 1936.

Last date for filing applications, Saturday, December 28, 1935, at 12 noon.

The minimum salary is \$1,920 a year; the maximum salary is \$2,400 a year.

Duties: To inspect poultry flocks. Culling, selecting, mating poultry in connection with State grades. Banding poultry. Inspection and care of breeding records. Regulatory work on R. O. P. grades.

The Department of Agriculture requests that applicants have at least two years' agricultural college education, specializing in poultry.

Credit will be given in the examination for this qualification.

Entrance Requirement: Applicants must have at least two years' experience in a poultry plant.

Subjects and Weights: Training and experience (3); practical questions (4); personality and fitness, as determined by an oral interview (3); total (10).

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

SUPERINTENDENT OF TEMPORARY HOME FOR WOMEN, BOSTON PUBLIC WELFARE DEPARTMENT, JANUARY 18, 1936.

Last date for filing applications, Saturday, January 4, 1936, at 12 noon.

This examination is open to females only.

Salary: \$1,020 per year.

Duties: To cooperate with social agencies. To supervise employees and inmates in their work assignments. To be responsible for the smooth running of the entire institution, with special attention to be given food supply, absolute cleanliness and laundry work. To supervise the care given to children, particularly infants.

Entrance Requirements: Applicants must have at least one year's experience in institutional work. Applicants must be not less than thirty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Subject and Weights: Training and experience, 4; oral interview, 1; total, 5.

The examination will consist of a statement of the applicant's training and experience in complete and accurate detail.

After applications have been filed, experience sheets will be sent to all applicants. These statements must be filled out and returned to the office of the Civil Service Commission, Rooms 143-152, State House, Boston, not later than Saturday, January 18, 1936, at 12 noon. No papers will be accepted after this date. No amendments or corrections will be allowed.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Civil Service Rule 9, Section 4. Any person possessing the required qualifications who has taken an examination may make two applications for the same service at any time, and his status shall be determined by the result of the last examination taken. If any person fails to fulfill all the requirements his examination shall be treated as a failure.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Grayson street, Dorchester district, as a highway, from Gallivan Boulevard to Milton street, bounded and described as follows:

A highway named Grayson street is hereby laid out, from Gallivan Boulevard to Milton street, and ordered constructed, the cost thereof to be charged to Federal Funds.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Gallivan Boulevard, thirty-five and 39-100 feet; easterly by the easterly line of said Grayson street as hereby laid out, six hundred nine and 53-100 feet; southerly by Milton street, thirty-five and 85-100 feet; and westerly by the westerly line of said Grayson street as hereby laid out,, six hundred twenty-two and 67-100 feet.

Included in the above-described land (taken hereunder) are parts of certain parcels of land registered in the Land Court, said parcels being shown on the plan hereinbefore referred to, and said parts being the portions of said registered parcels which lie between the side lines of said Grayson street and the middle line thereof; the owners of said portions, the number of the certificate of title, and the book and page where the same is registered are as follows:

Alexander H. Rice, Cert. No. 19335, Book 92, page 135.

Julia M. Duffy *et al.*, Cert. No. 24342, Book 117, page 142.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public im-

provement consisting of the laying out and construction of Grayson street, Dorchester district, as a highway, from Gallivan Boulevard to Milton street, under the order of the Board of December 16, 1935, and awards no damages therefor.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

NOTICE TO CONTRACTORS.

PROPOSALS FOR FURNISHING ILLUMINATING GAS FOR STREET LIGHTING FOR THE CITY OF BOSTON, EXCLUDING HYDE PARK, FOR A TERM OF FIVE OR THREE YEARS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing illuminating gas for street lighting for the City of Boston, excluding Hyde Park, as follows: (1) For the term of five years, (2) for the term of three years, (3) for the term of five years with the option and privilege on the part of the City of Boston to reduce the number of gas lamps at any time or times during the said term to the extent of fifty per cent of the total number of lamps supplied at the beginning of the term, and (4) for the term of three years with the option and privilege on the part of the City of Boston to reduce the number of gas lamps at any time or times during the said term to the extent of fifty per cent of the total number of lamps supplied at the beginning of the term. All of the aforementioned terms are to commence on the date of approval of the contract by the Mayor and City Council of the City of Boston. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of five thousand (5,000) dollars, to secure the due performance of the contract and the full protection of the city. Proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Furnishing Illuminating Gas for Street Lighting for the City of Boston, Excluding Hyde Park," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Thursday, December 26, 1935, with a certified check for one thousand (1,000) dollars, payable to and to become the property of the city if the proposal, after acceptance, is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
Commissioner of Public Works.

(Dec. 14-21.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING IRON CASTINGS AND BRONZE FITTINGS.

The Supply Department of the City of Boston invites proposals for furnishing iron castings and bronze fittings to the Sewer Division. Blank proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex. There will be a charge of thirty cents (\$0.30) for each proposal taken out. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Tuesday, December 31, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
Superintendent of Supplies.

CORRECTED ADVERTISEMENT.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS FOR B AND SEVENTH STREETS OVERFLOW IN LAND OF NEW HAVEN RAILROAD, ABOUT 1,600 FEET SOUTH OF AND PARALLEL TO DOVER STREET, SOUTH BOSTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States for sewerage works for B and Seventh streets overflow in land of New Haven Railroad, about 1,600 feet south of and parallel to Dover street, South Boston. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works for B and Seventh Streets Overflow," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, December 27, 1935, with a certified check for twelve hundred (1,200) dollars payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, DECEMBER 28, 1935.

No. 52

MAYOR MANSFIELD SENDS CHRISTMAS GREETING TO ALL BOSTON CITIZENS, WITH MRS. MANSFIELD UNITING IN THE EXPRESSION — ALSO MAKES KNOWN WISH THAT WOULD PLEASE HIM MOST — UNABLE TO BE PRESENT AT OFFICIAL OPENING OF SEASON, THE CHRISTMAS TREE LIGHTING EXERCISES ON COMMON, HE DELEGATED DUTY TO PARK COMMISSIONER LONG, WHO DELIVERED ADDRESS TO THRONG AND PRESSED BUTTON TO SET TREE ABLAZE WITH INCANDESCENT LIGHTS.

MAYOR MANSFIELD'S WISH FOR THE CITIZENS OF BOSTON.

Upon being asked what Christmas gift would please him most the Mayor said —

To be assured that every widow and orphan and homeless man would have food and clothing, warmth and shelter; that every disabled veteran would have adequate help and care; that the afflicted would find comfort, and ease of mind and body; that every employable person would have work; that prosperity would smile again upon our beloved city and that every one was happy and cheerful and contented — that would be the gift that would please me most.

Due to the bereavement in the family of Mayor Mansfield, the official duty of opening of the Christmas festivities, the lighting of the Christmas tree on Boston Common, was delegated to Park Commissioner William P. Long. In performing this duty Commissioner Long delivered the following address:

At this time I wish to announce to this gathering that tonight, for the first time in a great number of years, we are to be deprived of having the Mayor of this large city open and preside at the established exercises of lighting this beautiful Christmas tree. You, no doubt, have all read in the daily press of the recent bereavement by death of his beloved mother-in-law, which accounts for his absence tonight and which accounts for my presence in his stead.

Were he here on this glorious night, I can assure you his first utterance would be: "I send greetings to all the people of this great city. May the full blessings of Christmas be brought into our homes and into our lives and may the message of the Great Redeemer fill you with hope and guide you."

Today the world rejoices and though the memory of the World War is still strong, let the spirit of the happy season reign among you always.

Amidst all our festivities forget not the heroes who sleep beyond. By their sacrifice, peace, calm and serenity prevails over the land. With all the fullness that this day signifies I wish you all the joys and happiness of Christmas.

May the coming morn bring good cheer to you and yours and may the blessing of this holy season shower down upon you throughout the entire year.

A CHRISTMAS WISH TO THE PEOPLE OF BOSTON.

That God may shower every blessing upon you and fill your hearts with the joy of this holy Christmas time.

HELENA E. MANSFIELD.

FREDERICK W. MANSFIELD.

(Continued on page 1599.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, December 30, 1935, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

SEASON'S GREETING.

(Continued from page 1597.)

I beg to say, the Eve of Christmas, upon which in conformity with established custom we assemble, is ever an occasion for introspection to pay homage to the Saviour of mankind. More than nineteen centuries have passed since Mary, the Mother of God, denied shelter, gave birth to the Saviour of mankind in a cave at Bethlehem. With the coming of Christ the Saviour, who died for man's salvation, came the preaching of the Brotherhood of Man and the Fatherhood of God.

Notwithstanding nineteen centuries of the beneficent influence of religion, education and Christian civilization, we find the world animated largely by men and women devoid of that spiritual idealism essential to the well-being and salvation of mankind; blended by the desire for materialistic gain and with seldom a thought for the welfare of their fellowman.

The philosophy of life and living, both so far as it pertains to the present and the hereafter, may be summed up not in ten Commandments, but in two. Could we but observe and live true to these Commandments it would be possible to cast aside not only all others, but the Golden Rule as well. The First: "Thou shalt love the Lord thy God with thy whole heart and thy whole soul"; and the Second: "Thou shalt love thy neighbor as thyself."

It is impossible for any man who loves the Lord his God to violate any of the remaining Commandments, since no man can love his God and do so. The love of one's neighbor would mean an end to envy, greed, hatred and human selfishness. It would mean an end not only to wars, but to inequalities responsible for the ills and evils from which society suffers.

It is most unfortunate that all are prone to forget the ever-present truth—that we come into the world with nothing, and that we leave the world in like manner. The only thing that we take away is that which we give, and that which we give is measured in terms of service, and service to mankind is but another term for service to God.

PANACEA FOR ILLS.

There is a panacea for the ills which afflict the world today, and which we term industrial depression, and it may be found in the Divine Commandments. If the love of God and the love of one's neighbor, so much in evidence during the Christmas season, were in evidence in the same degree every day in the year as at Christmas time, there would be no occasion for charitable appeals to provide for the needs of the unfortunate. Unfortunately, the spirit of the Nazarene, and this, His divine teaching of Brotherhood, passes with the Christmas and is present but one day in the entire 365 days of the year. Christmas is essentially the heritage of childhood, and faith is the animating virtue.

That faith may be ever present it is customary in the extension of Christmas greetings to express the wish for a Merry Christmas and a Happy New Year. The year that is passing, let us pray, will serve as a most valued lesson for the years that are to come, and, animated by the faith of the Divine Nazarene and the spirit of Brotherhood, let us go forward into the year and the years to follow, actuated by a spiritual idealism, pledging ourselves to such a program as will lessen the burden and make easier the lot of all who walk in the shadow of adversity.

In this spirit, and as the representative of his Honor the Mayor, in the name of the people of Boston, I not only bid everyone a Merry Christmas and a Happy New Year, but I sincerely pray that the best day that everyone has seen in the past will be no better than the worst day they may see in the future. Thank you, one and all.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

SUPPLY DEPARTMENT.

Advertises for proposals for furnishing iron castings and bronze fittings to the Sewer Division of the Public Works Department. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, December 31, at 12 m.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, December 26:

AUDITING DEPARTMENT.

Approval has been given to change the rating and compensation of Robert G. West from bookkeeping machine operator at \$1,100 a year to clerk at \$1,300 a year, effective December 27.

FIRE DEPARTMENT.

James F. Mulhern of Engine Company 48 has been placed on the pension roll at \$1,100 a year.

Lieut. McDarragh Flaherty of Ladder Company 6 has been placed on the pension roll at \$1,250 a year.

Ladderman Richard T. Parrell of Ladder Company 2 has been placed on the pension roll at \$1,050 a year.

HOSPITAL DEPARTMENT.

The following persons have been employed at the Boston City Hospital for the week ending Thursday, December 19:

Temporary.—Rita Harrold, clerk, \$16 a week; Frank Previte, John J. Dahill, ambulance drivers, \$34.50 a week; Anna M. Mulvey, clerk, \$16 a week; Margaret Bowen, Elizabeth Doherty, Ann Forman, Gertrude Gleason, Marion Hampshire, Anna Hogan, Lorinda McAuley, Evelyn Mason, Samuel Odiorne, Harry Plenty, Jane Regan, Catharine Tuxbury, special nurses, \$1.50 a day.

The following changes have occurred:

Caroline Hardy, head nurse at \$1,560 to \$1,680 a year; Gertrude Portas, floor nurse at \$1,500 to \$1,560 a year.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, December 19:

Mary A. Cunningham, clerk and assistant bookkeeper, \$1,150 a year; James

Ryan, choreman, \$17.50 a week; Stephen O'Laughlin, choreman (patient), \$240 a year; James Kennedy, John Crafts, Joseph Mercante, Sydney McQueen, male nurses (patients) (temporary), \$480 a year; Michael Connors, Joseph Coveney, Louis Flavio, Lena DeSolo, maids (patients) (temporary), \$240 a year.

The following persons have ceased to be employed:

Bartholomew Conlon, choreman (patient), \$240 a year; Emily Gora, maid (patient), \$360 a year.

INSTITUTIONS DEPARTMENT.

The following changes were made in the personnel for the week ending Thursday, December 26:

Long Island Hospital.

Appointments: Pauline Jurasek, institution employee, waitress, \$316 a year, to succeed Helen Stewart; Rachel A. Pelletier, institution employee, housemaid, \$500 a year, temporary.

Employment Terminated: Edna F. Muda, institution employee, waitress, temporary, \$316 a year; Daniel D. O'Leary, institution employee, helping butcher, temporary, \$500 a year.

Discharge: Helen Stewart, institution employee, waitress, temporary, \$316 a year.

Transfer: James E. Shea, institution employee, helper, wharf, \$800 a year, from helper, wharf, at \$700 a year.

LAW DEPARTMENT.

Approval has been given for the appointment of Robert G. Dodge as temporary special assistant corporation counsel, at a compensation to be later determined, effective December 20.

Approval has been given to appoint Joseph C. McLaughlin as special assistant investigator at \$22 a week, for the period beginning December 19 and ending December 31, 1935.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the following step-rate increases:

William E. Casey, clerk, from \$1,300 to \$1,400 a year; John E. Welch, stenographer, from \$1,100 to \$1,200 a year; Helena B. Holbrow, clerk, from \$1,400 to \$1,500 a year; Geraldine Sheehan, clerk, from \$1,400 to \$1,500 a year; Mary L. O'Hearn, clerk, from \$1,200 to \$1,300 a year; Lawrence J. Collins, visitor, from \$1,500 to \$1,600 a year; Cecelia A. Conroy, clerk, from \$1,400 to \$1,500 a year; Edna Hennessy, clerk, from \$1,100 to \$1,200 a year; Lillian O'Neil, clerk, from \$1,000 to \$1,100 a year.

Approval has been given for the following change of rating and accompanying sliding scale increase: Thomas A. Brennan, from clerk-laborer to custodian, \$1,700 to \$1,800 a year.

The following increases in salary have been approved for employees whose services and responsibilities merit, in the opinion of the Overseers, additional compensation:

Mary F. Duff, clerk, \$1,600 to \$1,800 a year, effective Jan. 1, 1935.

Thomas J. Dwyer, assistant bookkeeper, \$1,800 to \$1,900 a year, effective January 1, 1935.

Josephine Mulhally, assistant physician, \$1,700 to \$1,800 a year, effective January 1, 1935.

Daniel A. Murphy, accountant, \$3,300 to \$3,700 a year, effective June 1, 1935.

Margaret P. Quinn, clerk, \$1,600 to \$1,700 a year, effective January 1, 1935.

Florence E. Sullivan, paymaster, \$2,200 to \$2,500 a year, effective June 1, 1935.

PARK DEPARTMENT.

Approval has been given for the extension of the temporary employment, from December 5 to December 25, of Margaret M. Hall as a matron at \$22 a week.

Approval has been given for the employment for a period of three months, or until such time as the W. P. A. is straightened out, of the following:

William J. Glennon, supervisor, \$40 a week; John O. Kenney, Dennis O'Leary, senior accountants, \$35 a week; Leo J. Magrath, engineer, \$35 a week, effective December 12.

PRINTING DEPARTMENT.

Domenico Pocitto has been appointed as a laborer at \$30 a week, for a temporary period of three months, effective from December 18.

PUBLIC BUILDINGS DEPARTMENT.

Approval has been given to change the rate of compensation of Sadie B. Verry, janitress, from \$18 to \$22 a week, effective Friday, November 8.

PUBLIC WORKS DEPARTMENT (Paving Service).

Approval has been given for the continued employment for from ten to thirty days from December 27 of the following as steamroller engineers at \$41.50 a week: Frank P. Kelly, John A. Walsh, William J. Kennedy, in order to carry on the roadway construction work during the open season, on W. P. A. and State projects.

Approval has been given to change the rating of Harry C. Ferner, of the paving garage service, from auto mechanic and welder at \$6 a day to master welder and auto mechanic without change in wages, effective December 13. The amount of welding work in the department has increased to such an extent that it is necessary to place a man in charge thereof who would direct, supervise and assume the responsibility in addition to assisting in the actual work himself. Mr. Ferner is an expert in this line and is well qualified to be placed in charge.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

Approval has been given to transfer John I. Toland from the Boston Sanatorium Division of the Boston City Hospital Department to the Sanitary Division as laborer at \$5 a day to fill a permanent vacancy, effective December 23, or as soon after as he reports.

PUBLIC WORKS DEPARTMENT (Water Service).

Approval has been given to employ Walter J. Welsh as water meter reader at \$1,700 a year, to fill a vacancy in the Water Income Division, effective December 21, 1935, for a period of three months.

SOLDIERS' RELIEF DEPARTMENT.

Due to an emergency which has arisen because of the suspension of W. P. A.

activities William Duncan, Jr., and Joseph P. Hernan have been appointed as temporary clerks, for a period of ten days, beginning Monday, December 23, at \$4 a day.

The employment of William J. Murphy in the capacity of visitor at an annual salary of \$1,700 a year, for a period of three months, beginning Saturday, December 28, has been approved.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from the following streets, effective December 23, 1935:

Cummington Street;
From Commonwealth avenue to Blandford street.
East Dedham Street.
From Albany street to Harrison avenue.
Lamont Street, Roxbury.
From Linden Park street to Vernon street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of carol singing, vehicles are excluded from the following streets, between the hours of 6 p. m. and 10.30 p. m. on December 24, 1935:

Mt. Vernon Street.
From Charles street to Bowdoin street.
Chestnut Street.
From Charles street to Walnut street.
West Cedar Street.
From Pinckney street to Chestnut street.
Spruce street.
From Chestnut street to Beacon street.
Walnut Street.
From Beacon street to Mt. Vernon street.
Willow Street.
From Chestnut street to Mt. Vernon street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of the Children's Christmas Party at the Boston Benevolent and Protective Order of Elks, 619 Washington street, Boston, parking of vehicles is prohibited in the northwest side of Washington street, from Boylston street to Avery street, between the hours of 1 p. m. and 6 p. m. Sunday, December 22, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from Parkman street, Dorchester district, from Dorchester avenue to Adams street, effective December 21, 1935.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claim:

Charles Goudreau, 171 West Fifth street, South Boston, for compensation for damage to property at above address caused by water entering the premises from a broken water main on April 1, 1935, by payment of the sum of \$200.

ROBERT C. DODGE TO REPRESENT CITY IN EDMUND L. DOLAN SUIT.

Upon December 20 the Mayor issued the following statement:

Robert C. Dodge, Esquire, has, with the approval of the Mayor, been appointed Special Assistant Corporation Counsel and has entered his appearance in the case of City of Boston vs. Edmund L. Dolan *et al.* In the presentation of the case Mr. Dodge will be associated with Mr. Henry E. Foley, Corporation Counsel, and Mr. George R. Farnum. In addition, Mr. Farnum, under the direction of Mr. Foley, will continue his investigation into certain other matters more or less related to this litigation.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

SUPERINTENDENT OF TEMPORARY HOME FOR WOMEN, BOSTON PUBLIC WELFARE DEPARTMENT, JANUARY 18, 1936.

Last date for filing applications, Saturday, January 4, 1936, at 12 noon.

This examination is open to females only.

Salary: \$1,020 per year.

Duties: To cooperate with social agencies. To supervise employees and inmates in their work assignments. To be responsible for the smooth running of the entire institution, with special attention to be given food supply, absolute cleanliness and laundry work. To supervise the care given to children, particularly infants.

Entrance Requirements: Applicants must have at least one year's experience in institutional work. Applicants must be not less than thirty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application *unless* one has been filed with a previous application.

Subject and Weights: Training and experience, 4; oral interview, 1; total, 5.

The examination will consist of a statement of the applicant's training and experience in complete and accurate detail.

After applications have been filed, experience sheets will be sent to all applicants. These statements must be filled out and returned to the office of the Civil Service Commission, Rooms 143-152, State House, Boston, not later than Saturday, January 18, 1936, at 12 noon. No papers will be accepted after this date. No amendments or corrections will be allowed.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Civil Service Rule 9, Section 4: Any person possessing the required qualifications who has taken an examination may make new application for the same service at any time, and his status shall be determined by the result of the last examination taken. If any person fails to fulfill all the requirements his examination shall be treated as a failure.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

Upon December 24 the Mayor approved a contract with Anthony Ryan for collecting and removing garbage and refuse in the Brighton district at \$3,095 a month.

The low bidder is rejected as he failed to file with his bid the location and ownership of the dumps to be used by him, therefore not complying with the provisions of the specifications, end of page 7, which says: "The bidder will list above the location and ownership of the dumps and furnish satisfactory proof to the commissioner as to his legal right to use them."

The following bids were received December 17:

T. H. McVey, \$2,989 a month; Anthony Ryan, \$3,095 a month; T. H. McNamara, Incorporated, \$3,248 a month; Capitol Contracting Company, \$3,600 a month; Marinucci Brothers & Co., \$4,000 a month.

Upon December 24 the Mayor approved a contract with Michael Feinstein for collecting and removing garbage and refuse in the Hyde Park district at \$708 a month.

The following bids were received December 17:

Michael Feinstein, \$708 a month; Rico Brothers, \$713 a month; Arthur B. McGillivray, \$750 a month; Thomas E. Bryan, \$916 a month; James P. Duggan, \$995 a month.

Upon December 24 the Mayor approved a contract with Joseph P. McCabe, Incorporated, for collecting and removing garbage and refuse in the Dorchester district at \$13,440 a month.

The following bids were received December 17:

Joseph P. McCabe, Incorporated, \$13,440 a month; Marinucci Brothers & Co., \$13,700 a month; Coleman Brothers Corporation, \$16,800 a month.

Upon December 24 the Mayor approved a contract with Edward J. McHugh & Son for collecting and removing garbage and refuse in the East Boston district at \$2,499 a month.

The following bids were received December 17:

Edward J. McHugh & Son, \$2,499 a month; Capitol Contracting Company, \$2,850 a month; Eugene Ricciardelli, \$2,984 a month.

Upon December 24 the Mayor approved a contract with John J. Moore Company for collecting and removing garbage and refuse in the West Roxbury district, at \$2,700 a month.

The low bidder in this district, A. J. Contracting Corporation, is rejected for several reasons—this corporation in the main is the same concern which had the contract this year under the name of Alvin J. Pieczkowski. During the progress of his contract he had financial difficulties with both the bonding company which bonded the contract and the men employed by him. In addition, the work was not done in a satisfactory manner as was evidenced by the many complaints registered in this department.

The second bidder, Martino DeMatteo, has never done work of this kind before for us, is inexperienced, and our experience this year with the present contractor warrants us in refusing to again recom-

mend a contract to an inexperienced contractor. We feel that he is not a responsible bidder.

The following bids were received December 17:

A. J. Contracting Corporation, \$2,350 a month; Martino DeMatteo, \$2,525 a month; John J. Moore Company, \$2,700 a month; Marinucci Brothers & Co., \$2,800 a month; M. Doyle & Co., Incorporated, \$2,948 a month.

Upon December 24 the Mayor approved a contract with J. N. Smith & Co. for removing manure from the stables and yards of the Public Works Department at \$9.60 a horse a year, paid to the city.

The following bids were received December 20:

J. N. Smith & Co., \$9.60 a horse a year; Virginio Saccone, \$8.05 a horse a year.

SUPPLY DEPARTMENT.

Upon December 19 the Mayor approved a contract with the Cement Lined Pipe Company for cement-lined, black steel pipe for the Water Division. Bids, opened December 17, were as follows:

5,500 Feet 4-Inch Cement-Lined, Black Steel Pipe With Couplings, "Duroline," or Equal, Per C. Feet.—Cement Lined Pipe Company, \$50.82*; Crane Company, \$53.56, f. o. b. nearest railroad point; Walworth Company, \$53.56; Eureka Pipe Company, Incorporated, \$55.50; New England Pipe and Supply Company, \$55.50.

50, Each Four Inch by Two and One-Half Inch, Malleable Iron Screw Tees, Cement-Lined, Each.—Cement Lined Pipe Company, \$2.65*; Crane Company, \$2.87, f. o. b. 710 Albany street; Walworth Company, \$2.87; Eureka Pipe Company, Incorporated, \$1.65; New England Pipe and Supply Company, \$1.65.

Total.—Cement Lined Pipe Company, \$2,927.60; Crane Company, \$3,089.30; Walworth Company, \$3,089.30; Eureka Pipe Company, Incorporated, \$3,135; New England Pipe and Supply Company, \$3,135.

Cash Discount, Ten Days.—Cement Lined Pipe Company, 2 per cent; Crane Company, 2 per cent 10th proximo; Walworth Company, 2 per cent on mill value; Eureka Pipe Company, Incorporated, 2 per cent; New England Pipe and Supply Company, 2 per cent.

Upon December 19 the Mayor approved a contract with Wattendorf & Co. for turkeys for the various city institutions for Christmas. Bids, opened December 18, were as follows:

Boston City Hospital, 3,500 pounds at 32.87 cents per pound; Sanatorium Division, 2,000 pounds at 32.85 cents per pound; Long Island Hospital, 1,950 pounds at 32.73 cents per pound; Deer Island, 1,000 pounds at 32.63 cents per pound. Approximate amount of contract, \$2,771.99; 1 per cent, ten days, \$2,744.27.

No. 1, Another Bids, 15 to 17 Pounds Each, Young Tom Turkeys Approximate Amount an All Items

Boston City Hospital, 3,500 Pounds, Per Pound, Armour & Co., 31.37 cents, 15 to 17 pounds; 31.37 cents, 20 to 21 pounds; Wattendorf & Co., 32.87 cents*; Batchelder & Snyder Company, Incorporated, 32.70 cents; F. H. Hosmer Company, 32.64 cents; Swift & Co., 33.93 cents; Lewis Meigs Company, 33.2 cents; Sullivan & Hopkins Company, 34.85 cents; Craig, Hagedorn Company, Incorporated, 35.70 cents.

Sanatorium, 2,000 Pounds, Per Pound.—Armour & Co., 34.37 cents, 15 to 17 pounds; 31.37 cents, 20 to 21 pounds; Wattendorf & Co., 32.85 cents*; Batchelder & Snyder Company, Incorporated, 32.70 cents; F. H. Hosmer Company, 32.64 cents; Swift & Co.,† 33.93 cents; Lewis-Mears Company, 33.2 cents; Sullivan & Hopkins Company, 34.35 cents; Craig, Hapgood Company, Incorporated, 33.70 cents.

Long Island Hospital, 1,950 Pounds, Per Pound.—Armour & Co., 34.37 cents, 15 to 17 pounds; 31.37 cents, 20 to 21 pounds; Wattendorf & Co., 32.73 cents*; Batchelder & Snyder Company, Incorporated, 32.70 cents; F. H. Hosmer Company, 32.64 cents; Swift & Co.,† 33.93 cents; Lewis-Mears Company, 33.2 cents; Sullivan & Hopkins Company, 34.35 cents; Craig, Hapgood Company, Incorporated, 33.70 cents.

Deer Island, 1,000 Pounds, Per Pound.—Armour & Co., 34.37 cents, 15 to 17 pounds; 31.37 cents, 20 to 21 pounds; Wattendorf & Co., 32.63 cents*; Batchelder & Snyder Company, Incorporated, 32.70 cents; F. H. Hosmer Company, 32.64 cents; Swift & Co.,† 33.93 cents; Lewis-Mears Company, 33.2 cents; Sullivan & Hopkins Company, 34.35 cents; Craig, Hapgood Company, Incorporated, 33.70 cents.

Total.—Armour & Co., \$2,904.27; \$2,650.77; Wattendorf & Co., \$2,771.99; Batchelder & Snyder Company, Incorporated, \$2,763.15; F. H. Hosmer Company, \$2,758.08; Swift & Co.,† \$2,867.09; Lewis-Mears Company, \$2,805.40; Sullivan & Hopkins Company, \$2,902.58; Craig, Hapgood Company, Incorporated, \$2,847.65.

Cash Discount, Ten Days.—Wattendorf & Co., 1 per cent; Sullivan & Hopkins Company, 1 per cent.

Net Total.—Armour & Co., \$2,904.27, 15 to 17 pounds; \$2,650.77, 20 to 21 pounds; Wattendorf & Co., \$2,744.27; Batchelder & Snyder Company, Incorporated, \$2,763.15; F. H. Hosmer Company, \$2,758.08; Swift & Co.,† \$2,867.09; no deductions on account of taxes. Lewis-Mears Company, \$2,805.40; Sullivan & Hopkins Company, \$2,873.55; Craig, Hapgood Company, Incorporated, \$2,847.65.

* Contract awarded.

† Bid irregular; no copy filed at auditor's office.

WITHOUT ADVERTISING.

Upon varying dates, as indicated, the Mayor approved contracts with several concerns, contractors, etc., for supplies, labor, etc. Communications from the heads of the several departments, were as follows:

OVERSEERS OF THE PUBLIC WELFARE.

BOSTON, December 18, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The Board of Overseers of the Public Welfare respectfully requests your permission to award contracts, without advertising, to William J. Gormley, 2660 Washington street, Roxbury, and to Thomas D. Russell, 1409 Dorchester avenue, Dorchester, for burials of poor persons who have no one to assume the cost of their burials for the term of one year at the following rates:

Thirteen dollars and fifty cents for persons under sixteen years of age and twenty-two dollars for persons over sixteen years of age.

This fee includes an honorarium of one dollar and fifty cents for religious services

for persons under sixteen and two dollars for religious services for persons over sixteen years of age.

The amount of the contract in each case will be approximately four thousand dollars.

Because of the unfavorable comments that have been made by a number of clergymen as to the method of burying those who die without means, the Board of Overseers of the Public Welfare went into the matter very carefully in 1935 and after investigation entered into contracts with William J. Gormley and Thomas D. Russell.

Because of the satisfactory services they have given under these contracts and because the Board feels that due to the nature of the services to be performed it is not advisable to publicly advertise for bids, the Board is of the opinion that these contracts should be awarded as requested.

Very truly yours,

JAMES A. McMURRY, *Chairman.*

SUPPLY DEPARTMENT.

BOSTON, December 17, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to the Noyes-Buick Sales Company, 855 Commonwealth avenue, Boston, to deliver to the Health Department the following:

One (1) Model 90 Buick, 1936 model, seven passenger Sedan, fully equipped and delivered at a price of \$2,191; heater, \$19.15; defroster, \$7—\$2,217.15; less allowance on Buick 1926, seven passenger Sedan, \$40; tax rebate, \$42.70—\$82.70; net amount of contract, \$2,134.45.

As the Noyes-Buick Sales Company are the direct agents of the manufacturers, nothing would be gained by publicly advertising.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

MAYOR MANSFIELD DEFENDS ADMINISTRATOR ROTCH ON HANDLING OF PROJECTS PAY ROLLS.

Upon December 21 the following statement was issued by the Mayor:

I have been informed by Mr. Arthur T. Rotch, Administrator of Federal Projects, that all of those whose names are on the pay rolls ending as of Thursday, December 19, will surely have their pay checks before Christmas. As to those whose pay rolls ended Friday, December 20, every effort is being made so that they also will get their checks before Christmas although it is possible, because of the short time and pressure of work, that some may not be paid until after that time. Mr. Rotch's forces will work all day today and Sunday and continually in an endeavor to see that all are paid before Christmas Day.

In fairness and justice to Mr. Rotch, I wish to add that from my observation of his administration in a very difficult position, he has been most efficient, has striven to do all that he possibly could to see that Boston got fair treatment and an adequate share of Federal funds, and that so far as I officially am concerned as Mayor of the city, I am entirely satisfied and pleased with his work.

PERMISSION TO ADVERTISE FOR BIDS.

PUBLIC WORKS DEPARTMENT.

BOSTON, December 19, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The slip at the Albany street wharf of the Sanitary Division in which the scows of the Coleman Disposal Company enter to be loaded with garbage has in the course of years filled with silt and mud.

Under the ten-year contract with the Coleman Disposal Company, the city is obligated to keep its wharves in proper condition. Soundings taken show that approximately one thousand cubic yards of mud, silt, etc., will have to be dredged in order that the bottom of the slip be approximately Grade minus 10, the proper grade for effective operations of the scow.

The estimated cost of the necessary dredging is \$2,100, and your permission is respectfully requested to advertise for bids for this work.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Bogandale road, West Roxbury district, as a highway, from Centre street easterly, bounded and described as follows:

A highway named Bogandale road is hereby laid out, from Centre street easterly and thence southeasterly for a distance of approximately eight hundred feet, and ordered constructed, the cost thereof to be charged to Federal Funds.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Centre street, forty and 48-100 feet on a curve of three hundred thirty-six and 22-100 feet radius; northerly by the northerly line of said Bogandale road as hereby laid out, by two measurements, one hundred sixty-nine and 68-100 feet and ninety-five and 54-100 feet on a curve of one hundred and forty feet radius; northeasterly by the northeasterly line of said Bogandale road as hereby laid out, five hundred forty-two and 40-100 feet; southeasterly by the southeasterly line of said Bogandale road as hereby laid out, forty and 9-100 feet; southwesterly by the southwesterly line of said Bogandale road as hereby laid out, five hundred forty-five and 5-100 feet; and southerly by the southerly line of said Bogandale road as hereby laid out, sixty-eight and 24-100 feet on a curve of one hundred feet radius and one hundred sixty-three and 63-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Bogandale road, West Roxbury district, as a highway, from Centre street easterly and thence southeasterly for a distance of approximately eight hundred feet, under the order of the Board of December 19, 1935, and awards no damages therefor.

BUILDING PERMITS ISSUED DECEMBER 19 TO DECEMBER 24.

CIVIL SERVICE EXAMINATIONS.
(STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examinations, 1936.

Examinations will be held at the following points and on the following dates:

Boston, Monday, January 6.
 Lowell, Wednesday, January 8.
 Boston, Monday, February 3.
 Worcester, Wednesday, February 5.
 Boston, Monday, March 2.
 Fall River, Wednesday, March 4.
 Fall River, Thursday, March 5.
 Boston, Monday, April 6.
 Springfield, Wednesday, April 8.
 Boston, Monday, May 4.
 Worcester, Wednesday, May 6.
 Boston, Monday, June 8.
 Boston, Monday, September 14.
 Worcester, Wednesday, September 16.
 Springfield, Thursday, October 15.
 Pittsfield, Friday, October 16.
 Boston, Monday, November 2.
 Lowell, Wednesday, November 4.
 Boston, Monday, December 7.
 New Bedford, Wednesday, December 9.
 New Bedford, Thursday, December 10.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be deferred from the examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

FIRE DEPARTMENT ORDERS.

General Order No. 55.

I. RETIREMENTS.

The following retirement is hereby announced to take effect at 8 a. m., Wednesday, December 25, 1935:

Lieut. McDarragh Flaherty of Ladder Company 6.

Lieutenant Flaherty was appointed to the department on February 15, 1893, and was promoted to lieutenant on September 16, 1910.

The following retirements are hereby announced to take effect at 8 a. m., Tuesday, December 31, 1935:

Apparatus Operator James F. Mulhern of Engine Company 48.

Ladderman Richard T. Parrell of Ladder Company 2.

Apparatus Operator Mulhern was appointed to the department on November 5, 1894. Ladderman Parrell was appointed to the department on October 18, 1912.

These men all leave the department with the best wishes of their associates.

II. FIRE ALARM BOX RELOCATED.

Fire alarm box No. 3765 has been moved from opposite 86 Milton avenue to Milton avenue and Highland street. New cards will be furnished for the assignment boxes at a later date.

III. BOSTON AUTOMATIC ASSIGNMENTS.

The following additions are to be made to the assignment cards of the Boston Automatic Fire Alarm Company:

Signal No. 37, 195 Congress street, Signal No. 38, 185 Congress street, apparatus to respond: Engine 25, Ladder 8, District 3. Nearest city box 1421.

IV. INSPECTION OF PRIVATES' UNIFORM SACK COATS.

William J. O'Donnell of the Clothing Section of the Maintenance Division will visit each fire station for the purpose of inspecting the uniform sack coats worn by all privates in the department.

District chiefs will be notified in advance of the time of the inspections in their respective districts and any member of the department who will be absent at the designated time of inspection will arrange to leave his uniform sack coat with the officer in charge for inspection. This inspection is in connection with the contemplated change in the style of uniform sack coats to be worn by members of this department.

V. COMMENDATION.

Ladderman Matthew F. Scanlan of Ladder Company 20 is hereby commended for responding to and working at fire at 230 Boylston street, December 20, 1935, while off duty.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

CIRCULAR LETTER NO. 33.

MAYOR'S OFFICE,

BOSTON, December 19, 1935.

To Heads of Departments.

Unless for special reasons no further transfers between departments, and especially from the Hospital Department and the Institutions Department to the Public Works Department, will be affirmed.

FREDERICK W. MANSFIELD, Mayor.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 16, 1935.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair. Absent, Coun. Murray.

REORGANIZATION OF DEPARTMENTS.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1935.
To the Honorable the City Council, Boston.
Gentlemen,—As I stated to your Honorable Body in an address delivered on January 7, 1935, a committee was appointed by President Compton of the Massachusetts Institute of Technology, at my request, headed by Col. Robert C. Eddy, a member of the faculty of that institution, to study the engineering departments of the city with a view to determining the desirability of their reorganization.

Under date of May 15, 1935, that committee submitted to me its report, which is herewith transmitted, recommending a reorganization. I thereupon requested the Law Department to prepare a form of ordinance which would, if enacted, enable the execution of the recommendations.

A form of ordinance was prepared and submitted to the committee for approval. Copies of the letters from the Corporation Counsel to Colonel Eddy and of the latter to the Corporation Counsel are submitted herewith together with the form of ordinance prepared by the Law Department and approved by Colonel Eddy's committee.

The form of ordinance herewith submitted contemplates, in substance,—

(a) The abolition of the following departments and divisions:

Street Laying-Out Department.
Transit Department.
Park Department.
Building Department.
Public Buildings Department.
Market Department.
Weights and Measures Department.
Wire Division of the Fire Department.
All Divisions of the present Public Works Department.

(b) The transfer of the powers and duties now exercised by the departments to be abolished and by the Wire Division of the Fire Department to the Public Works Department.

(c) The establishment of a Board of Public Works Commissioners, consisting of the Commissioner of Public Works and two deputies, said board to exercise certain of the powers and to perform certain of the duties now performed by departments to be abolished (see Section 8 of the form of ordinance inclosed), and

(d) The vesting of the balance of the powers and duties of the departments and divisions to be abolished in a Commissioner of Public Works to be exercised through two deputy commissioners and an administrative secretary; one deputy to be in charge of Engineering Staff Functions and to supervise the work of five new divisions—Survey and Project Division; Design and Construction Division; Building Inspection Division; Division of Standards and Electrical Division; the other deputy to be in charge of Operating Functions and to supervise the work of seven new divisions—Bridge, Tunnel, Ferry and Airport Division; Highway Division; Sanitary Division; Sewer Division; Water Division; Public Buildings Division and Park Division; and the Administrative Secretary to be in charge of an Administrative Division and to supervise, among other things, personnel, permit issuances and water income.

The salaries provided for in the form of ordinance submitted (section 30) are those recommended by Colonel Eddy's committee and are somewhat less in the aggregate than the salaries now paid department and division heads whose positions will be abolished and the number of department and division heads will be reduced somewhat from the present number of department and division heads.

The merits of the reorganization do not, however, lie merely in the reduction of aggregate salaries to be paid department and division heads nor in the reduction of the aggregate number of department and division heads. Rather the merits lie in the coordination of engineering activities, the elimination of unnecessary duplication and the better arrangement of functions. This should enable far more economical administration through the facilities thus afforded for more coordinated planning and activity, the lessening of the necessity for filling vacancies in the event of death or retirement of employees, and improvement in the service rendered to the public.

A more complete summary of the advantages of the plan of reorganization proposed is set forth on pages 19 to 22 of the inclosed report.

Even were it not vital to use every reasonable means to secure economical operation of municipal government today the plan embodied in the form of ordinance submitted would still be highly desirable and should be adopted. The city can operate thereunder far more effectively and efficiently than it can at the present time. With the necessity of economical operation facing this

city, as it does all units of government at the present time, it is most desirable that advantage be taken of this opportunity.

I therefore strongly recommend and urge upon you the passage of an ordinance in the form submitted.

FREDERICK W. MANSFIELD, Mayor.

AN ORDINANCE REORGANIZING THE DEPARTMENT OF PUBLIC WORKS AND CERTAIN OTHER DEPARTMENTS.

Be it ordained by the City Council of Boston, as follows:

SECTION 1. The department of public works (exclusive of the board of public works commissioners hereinafter established) shall be under the charge of the commissioner of public works, who shall be a recognized expert in such work as may devolve upon him as such commissioner or a person specially fitted by education, training or experience to perform the same.

SECTION 2. There shall be in said department a board of public works commissioners which shall consist of the Commissioner of Public Works and two other members, who shall be appointed by the Mayor. The commissioner shall be chairman of said board.

SECTION 3. There shall also be in said department the following divisions: survey and project division; design and construction division; building inspection division; division of standards; electrical division; bridge, tunnel, ferry and airport division; highway division; sanitary division; sewer division; water division; park division; public buildings division and administrative division.

The head of each of said divisions, except the administrative division, shall be a person to be known as the division superintendent, and the head of the administrative division shall be a person to be known as the administrative superintendent of the department. The following divisions: survey and project division; design and construction division; building inspection division; division of standards and electrical division, shall be under the general supervision and control of a member of the board of public works commissioners to be known as the engineering staff deputy commissioner of public works; and the following divisions: bridge, tunnel, ferry and airport division; highway division; sanitary division; sewer division; water division; park division and public buildings division, shall be under the general supervision and control of another member of said board to be known as the operating deputy commissioner of public works.

SECTION 4. The engineering staff deputy commissioner, the operating deputy commissioner, the administrative superintendent and each of said division superintendents shall be recognized experts in such work as may devolve upon them or persons specially fitted by education, training or experience to perform the same.

SECTION 5. Whenever in this ordinance the expressions "powers and duties" or "power and duty" "conferred or imposed upon" or "exercised by" or "performed by" are used with reference to any department, division, board, officer or head of a division, such expressions shall mean "powers and duties" or "power and duty" "conferred or imposed upon" or "exercised by" or "performed by" such department, division, board, officer or head of division, as the case may be, immediately prior to the taking effect of this ordinance.

SECTION 6. The power and duty conferred or imposed upon or exercised by the public buildings department and the superintendent of public buildings to provide furniture for buildings and parts of buildings belonging to or hired by the city are hereby transferred to the supply department and the superintendent of supplies respectively.

SECTION 7. The power and duty conferred or imposed upon or exercised by the market department and the superintendent of markets to take and destroy any article of food which in his opinion is diseased, unwholesome, or tainted, and is kept for sale within the Faneuil Hall market limits are hereby transferred to the health department and the health commissioner respectively.

SECTION 8. All of the powers and duties conferred or imposed upon or exercised by the street laying-out department and the board of street commissioners, the park department and the board of park commissioners and the transit department and the board of commissioners of the transit department to make any rules or regulations and to prescribe penalties therefor; to lay out, widen, alter, extend, relocate, discontinue or order constructed, streets, highways, public alleys, sidewalks, sewers, parkways, park roads, and other ways and roads or order specific repairs thereon or thereto; to name streets, highways, public alleys and other ways and roads; to take property by purchase or otherwise; to assess; suspend and abate betterments; and to issue, grant and revoke permits and licenses in instances in which by law a public hearing by one of said departments or boards is a condition precedent to such issuance, grant or revocation, are hereby transferred to the board of public works commissioners.

SECTION 9. Except as otherwise provided in sections six, seven and eight hereof, all the powers and duties conferred or imposed upon or exercised by the street laying-out department other than the power to authorize, order or direct the commissioner of public works to issue or grant any permit or license, which power is hereby abolished,

the transit department, the park department, the building department, the public buildings department, the market department, the weights and measures department and the wire division of the fire department are hereby transferred to the department of public works.

SECTION 10. Except as herein otherwise expressly provided in sections six, seven and eight hereof, all the powers and duties conferred or imposed upon or exercised by the board of street commissioners (other than the power to authorize, order or direct the commissioner of public works to issue or grant any permit or license, which power is hereby abolished), the board of commissioners of the transit department, the board of park commissioners, the building commissioner, the superintendent of public buildings, the superintendent of markets, the sealer of weights and measures and the superintendent of the wire division of the fire department, and of the fire commissioner in carrying out the provisions and requirements of law relating to wires and electric appliances and the inspection thereof are hereby transferred to the commissioner of public works.

SECTION 11. The commissioner of public works shall, in addition to the powers and duties hereby transferred to him, exercise and perform all the powers and duties conferred or imposed upon or exercised by him, or which may hereafter be conferred or imposed upon him, by virtue of any statute or ordinance, including chapter twenty-seven of the Revised Ordinances of 1925 as amended by section thirty-three hereof.

SECTION 12. The street laying-out department, the transit department, the park department, the building department, the public buildings department, the market department, the weights and measures department, the wire division of the fire department; the following boards, commissions or offices: the board of street commissioners, the board of commissioners of the transit department, the board of park commissioners, the building commissioner, the superintendent of public buildings, the superintendent of markets and the superintendent of the wire division of the fire department and each of the divisions of the public works department existing immediately prior to the taking effect of this ordinance and the position of engineer in charge of each of such divisions are hereby abolished.

SECTION 13. Each of the divisions hereby established of the department of public works shall exercise and perform, subject to the control of the commissioner, all the powers and duties hereinafter specifically set forth or such other or additional powers and duties (other than the powers and duties conferred or imposed upon the board of public works commissioners by section eight hereof) as said commissioner may from time to time direct.

SECTION 14. The survey and project division shall prepare and maintain a property map for the assessing department; shall study problems concerning and prepare plans for the laying-out, widening, alteration, extension, relocation and discontinuance of all sewers, ways and roads; shall prepare preliminary surveys, plans, sketches and reports for all public works of the city; shall furnish data to and prepare plans for the city planning board, and shall number houses and lots on streets and ways and prescribe the streets from which poles shall be removed and wires buried underground.

SECTION 15. The design and construction division shall design and prepare detailed plans, drawings, specifications and contracts for the construction, reconstruction, alteration and repair of all public works done or made by the department, and supervise and inspect all such construction, reconstruction, alteration and repair, whether done or made by contract or otherwise.

SECTION 16. Except as otherwise provided in this section and in sections seventeen and twenty-six hereof, the building inspection division shall exercise and perform all the powers and duties exercised and performed by the building department, and by the wire division of the fire department relating to interior wires and electrical appliances and the inspection thereof. The board of appeal, the board of examiners and the board of examiners of gas fitters shall each be in the building inspection division and shall exercise and perform (but not subject to the control of the superintendent of the building inspection division, the engineering staff deputy commissioner or the commissioner) the powers and duties respectively conferred or imposed upon or exercised by them.

SECTION 17. The division of standards shall consist of two sections: one, a testing laboratory, and the other, a section of weights and measures. The testing laboratory shall exercise and perform all the powers and duties conferred or imposed upon or exercised by the building department relating to the tests of materials, and shall make, with the approval of the department, such other tests as may be required and by the superintendent of the department or by the board in charge of any other department or division.

The section of weights and measures shall exercise and perform all the powers and duties conferred or imposed upon or exercised by the weights and measures department, and shall be subject to the change of the scale of weights and measures.

SECTION 18. The section of standards shall, except as otherwise provided in sections sixteen, seventeen and twenty-six hereof, exercise and perform all the powers and duties conferred or imposed upon or exercised by the wire division of the fire department.

ment, shall lay or cause to be laid, supervise, inspect and maintain all exterior wiring, poles, pole lines and conduits, shall supervise and maintain or cause to be maintained all lighting of public ways, alleys and parks and shall furnish advice relating to and perform electrical work for all other divisions of the department and, as may be requested, with the approval of the commissioner, for any other municipal department, including the Boston traffic commission.

SECTION 19. The bridge, tunnel, ferry and airport division shall, except as otherwise provided in sections fourteen, fifteen and twenty-six hereof, exercise and perform all the powers and duties exercised and performed by the bridge, tunnel and ferry division hereby abolished and by the park department relating to the municipal airport and to the construction, reconstruction, alteration and repair of park bridges.

SECTION 20. The highway division shall, except as otherwise provided in sections eight, fourteen, fifteen, eighteen and twenty-six hereof, exercise and perform all the powers and duties exercised and performed by the highway division hereby abolished, by the street laying-out department and by the park department relating to the construction, reconstruction, alteration and repair of parkways and park roads.

SECTION 21. The sanitary division shall, except as otherwise provided in sections fourteen and twenty-six hereof, exercise and perform all the powers and duties exercised and performed by the sanitary division hereby abolished.

SECTION 22. The sewer division shall, except as otherwise provided in sections fourteen, fifteen and twenty-six hereof, exercise and perform all the powers and duties exercised and performed by the sewer division hereby abolished.

SECTION 23. The water division shall, except as otherwise provided in sections fourteen and fifteen hereof, exercise and perform all the powers and duties exercised and performed by the water division hereby abolished, and shall install, test and inspect all water meters.

SECTION 24. The park division shall, except as otherwise provided in sections eight, fourteen, fifteen, nineteen, twenty and twenty-six hereof, exercise and perform all the powers and duties exercised and performed by the park department and the powers and duties of the street laying-out department relating to the planting and removal of trees.

SECTION 25. The public buildings division shall, except as otherwise provided in sections six, seven, fourteen, fifteen and twenty-six hereof, exercise and perform all the powers and duties exercised and performed by the public buildings department and the market department.

SECTION 26. The administrative division shall exercise and perform all the powers and duties exercised and performed by the public buildings department and the street laying-out department relating to the leasing, rental and management of real estate owned, leased or rented by the city and to the appraisal of property; and by the market department relating to the leasing of stalls and the assigning of stands, by the water income division hereby abolished, except as otherwise provided in section twenty-three hereof; and all other powers and duties of the department relating to personnel, finance and administration, except as herein otherwise specifically provided.

The administrative division shall receive all applications for permits or licenses which the commissioner, the board of public works commissioners, the board of appeal, the board of examiners and the board of examiners of gas fitters are or may be authorized to issue or grant, shall refer such applications to the proper division or board for recommendation or action, and, upon the approval, grant or vote by said commissioner or board, shall issue said permit or license in the name of said commissioner or board, as the case may be, shall receive and collect all fees and securities or deposits, if any, imposed by statutes, ordinances, rules or regulations for such permits or licenses, and shall account for and pay over the amounts of such fees to the city collector and deliver such securities or deposits to the city treasurer.

SECTION 27. Chapter one of the Revised Ordinances of 1925, as most recently amended, is hereby further amended by inserting after the word "departments", in line two of clause ninth thereof the following: "the following boards, board of zoning adjustment, board of appeal, board of examiners, board of examiners of gas fitters and board of public works commissioners".

SECTION 28. Chapter two of the Revised Ordinances of 1925, as most recently amended, is hereby further amended by striking out in the ninth and tenth lines of section one thereof the words: "for the term of three years, beginning with the first Monday in January, one street commissioner"; in the sixteenth line of said section one the words "one park commissioner"; in the twenty-third line of said section one the words "the building commissioner"; in the twenty-sixth and twenty-seventh lines of said section one the words "the superintendent of markets"; and in the twenty-eighth line of said section one the words "the superintendent of public buildings"; and by inserting after the words: "the commissioner of public works" in the twenty-ninth line of said section one the following: "the engineering staff deputy commissioner of public works; the operating deputy commissioner of public works".

SECTION 29. Chapter three of the Revised Ordinances of 1925 is hereby amended by striking

out in the eleventh line of section three thereof the words: "The park department secretary, three thousand dollars" and in the fourteenth to twenty-third lines of said section three inclusive the following: "The deputy commissioner in charge of the ferry service, and the clerk and assistant clerk of said deputy commissioner, each five thousand dollars; all other persons authorized to sell ferry tickets, or to receive money or tickets at the ferries, or to receive money for removal of refuse, each one thousand dollars; and the supervisor of permits of the public works department, one thousand dollars. The subordinate designated by the commissioner of public works to be the head of the water income division, and the deposit clerk of the water service, each five thousand dollars"; and by inserting at the end of said section, as so amended, the following: "The commissioner of public works, ten thousand dollars; the operating deputy commissioner of public works, five thousand dollars; the superintendent of the bridge, tunnel, ferry and airport division of the department of public works, five thousand dollars; the administrative superintendent of said department, ten thousand dollars; and all persons authorized to receive or collect money or tickets, each one thousand dollars."

SECTION 30. Chapter three of the Revised Ordinances of 1925, as amended, is hereby further amended by striking out in the eighteenth line of section five thereof the words: "the building commissioner, seventy-five hundred dollars"; in the thirty-seventh to the thirty-ninth lines inclusive of said section five the words: "the park commissioners, the chairman, seven thousand dollars, and the deputy commissioner, not more than forty-two hundred dollars"; in the forty-second line of said section five the words: "the engineers in charge of divisions, each six thousand dollars"; in the fifty-fifth and fifty-sixth lines of said section five the words: "the street commissioners, the chairman, seven thousand dollars, and the two other commissioners, each six thousand dollars"; in the fifty-seventh line of said section five the words: "the superintendent of markets, five thousand dollars"; in the fifty-ninth and sixtieth lines of said section five the words: "the superintendent of public buildings, fifty-five hundred dollars"; in the sixty-second, sixty-third and sixty-fourth lines of said section five the words: "the transit commissioners, the chairman, nine thousand dollars, and the two other commissioners, each seventy-five hundred dollars"; and in the forty-first line of said section five the words: "nine thousand dollars"; and by inserting after the words "the commissioner of public works" in said forty-first line of said section five the words: "twelve thousand dollars; the engineering staff deputy commissioner of public works, nine thousand dollars; the operating deputy commissioner of public works, eight thousand dollars; the superintendents of the following divisions of the department of public works: survey and project division, the design and construction division and the building inspection division, and the administrative superintendent of the department of public works, each seven thousand five hundred dollars; the superintendent of the park division of the department of public works, seven thousand dollars; and the superintendent of each of the other divisions of said department, each six thousand dollars"; and further by inserting at the end of said section the following: "Each member of the board of examiners in the building inspection division of the department of public works shall receive ten dollars for every day or part thereof of actual service; the compensation for the chairman of the board of examiners shall, however, not exceed twelve hundred dollars and for each of the other members one thousand dollars in any one year."

SECTION 31. Chapter ten of the Revised Ordinances of 1925 is hereby amended by striking out the title thereof "Building Department" and by inserting in place thereof the title "Board of Examiners"; by inserting after the word "board" in the first line of the first paragraph of section four thereof, the words: "of examiners"; by striking out in the sixth line of said paragraph the words: "building department" and by inserting in place thereof the words: "department of public works"; by striking out in the seventh and eighth lines of the second paragraph of said section four, in the fourth and eleventh lines of section six thereof, in the ninth line of section seven thereof, in the second line of section eight thereof, and in the fourth, fifth, seventh, sixteenth, eighteenth, twenty-fourth and twenty-fifth lines of section nine thereof the words "building commissioner" and by inserting in place thereof in each instance the words: "commissioner of public works".

SECTION 32. Chapter twenty-one of the Revised Ordinances of 1925 is hereby amended by striking out the title thereof, "Market Department", and by inserting in place thereof the title "Market Leases"; by striking out in the first line of section two thereof, the words: "superintendent" and by inserting in place thereof the following: "commissioner of public works"; by striking out in the second and third lines of said section two the words: "a term of ten years from the day of such expiration", and by inserting in place thereof the following: "such a term of years from the day of such expiration as shall be established by vote of the city council therefor"; and by striking out in the fourth and fifth lines of the third sub-paragraph of said section two the words "superintendent of markets, or one of his deputies" and by inserting in place thereof the following: "commissioner of

public works or administrative superintendent of the department of public works"; by striking out in the second line of the fifth sub-paragraph of said section two the word "superintendent"; and by inserting in place thereof, the following: "commissioner of public works"; by striking out in the fifth line of the sixth sub-paragraph of said section two the words "superintendent or either of his deputies" and by inserting in place thereof the following: "commissioner of public works, operating deputy commissioner of public works, superintendent of the public buildings division of the department of public works or the administrative superintendent thereof"; by striking out in the third line of the ninth sub-paragraph thereof the word "superintendent" and by inserting in place thereof the following: "commissioner of public works"; by striking out in the first and second lines of the eleventh sub-paragraph of said section two the word "superintendent" and by inserting in place thereof the following: "commissioner of public works, operating deputy commissioner of public works, superintendent of the public buildings division of the department of public works or administrative superintendent thereof" and by striking out in the sixth line of the thirteenth sub-paragraph of said section two the word "superintendent" and by inserting in place thereof the following: "commissioner of public works."

SECTION 33. Chapter twenty-two of the Revised Ordinances of 1925 is hereby amended by striking out the title thereof, Park Department, and by inserting in place thereof the title, Rules and Regulations Relating to Parks and Restrictions Relating to Cemetery Lots; by inserting after the word "board" in line three of section six thereof the following: "of public works commissioners"; by striking out the first paragraph of section nine thereof and by inserting in place thereof the following: "The commissioner of public works may determine the payments to be made for cemetery lots, or for the perpetual or other care thereof. The commissioner, after payment therefor has been made to the administrative superintendent of the department of public works, may execute and deliver to the person or persons by or for whom the payment has been made, a deed of the city conveying the exclusive right of burial of human dead in, and of placing and maintaining tombs, cenotaphs and monuments, authorized by the commissioner or the administrative superintendent, upon the lot or sub-division described in the deed, and shall cause the deed to be recorded in the office of the department. Every such conveyance shall be subject to the following restrictions, or such other regulations and restrictions relating to said cemetery or the lots therein as shall from time to time be established by the city by ordinances"; and by striking out in the second line of the third sub-paragraph of said section, in the second line of the fourth sub-paragraph of said section, in the third, sixth, seventh and eighth lines of the fifth sub-paragraph of said section and in the fourth line of the sixth sub-paragraph of said section the words: "board or officer" and by inserting in place thereof in each instance the following: "commissioner of public works or administrative superintendent of the department of public works."

SECTION 34. Chapter twenty-seven of the Revised Ordinances of 1925 is hereby amended by striking out at the beginning of section one thereof the words "The department of public works shall be under the charge of the commissioner of public works, who shall be a civil engineer of recognized standing in his profession" and by inserting in place thereof the following: "The commissioner of public works"; and by striking out in the third, fourth and fifth lines of the second paragraph of said section one the words: "one of his division engineers to be deputy commissioner. The deputy commissioner" and by inserting in place thereof the following: "one of the deputy commissioners to be assistant commissioner. The assistant commissioner"; by striking out in the eighth and ninth lines of section two thereof the words: "the clerk to the deputy commissioner in charge of the division" and by inserting in place thereof the following: "administrative superintendent"; by striking out in the eighth line of section ten thereof the words: "an inspector" and by inserting in place thereof the following: "a duly authorized employee"; by striking out in the ninth line of said section ten the words: "the inspector" and by inserting in place thereof the following: "such employee"; by striking out in the twelfth line of said section ten the words: "inspectors" and by inserting in place thereof the following: "employees"; by striking out in the first and second lines of section twelve thereof the words: "shall issue such a permit to any person authorized by the street commissioners" and by inserting in place thereof the following: "may issue such a permit to a responsible person"; by striking out in the first and second lines of section thirteen thereof the words: "shall, when authorized thereto by an order of the street commissioners" and by inserting in place thereof the following: "may"; by striking out in the tenth and eleventh lines of said section thirteen the words: "and accompanied by the written consent of the building commissioner to the placing of the building on the lot proposed"; by striking out in the thirteenth and fourteenth lines of said section thirteen the words: "and report thereon to the street commissioners for their action"; by striking out in the sixteenth and seventeenth lines of said section thirteen the words: "street commissioners" and by inserting in place thereof the following: "board of public

works commissioners"; by striking out in the first and second lines of section fourteen thereof the words: "The commissioners shall, when authorized thereto by an order of the street commissioners", and by inserting in place thereof the following: "The commissioner may"; by striking out in the tenth line of said section fourteen the word: "shall" and by inserting in place thereof the following: "may, with the approval of the mayor"; by striking out in the eleventh, twelfth and thirteenth lines of said section fourteen the words "whenever directed, and not until directed, so to do by an order of the street commissioners approved by the mayor"; by inserting after the word: "not" in the thirteenth line of said section fourteen the following: "except as aforesaid"; by striking out in the first and second lines of section fifteen thereof the words: "shall, when authorized thereto by an order of the street commissioners", and by inserting in place thereof the following: "may"; by striking out in the eighteenth to twenty-first lines inclusive of said section fifteen the words: "street commissioners" wherever they appear, and by inserting in place thereof the following: "commissioner"; by striking out in the fifth line of section twenty thereof the words: "street commissioners have" and by inserting in place thereof the following: "commissioner has."

SECTION 35. Chapter thirty-four of the Revised Ordinances of 1925 is hereby amended by striking out in the fifth line of section one thereof, and in the second line of section two thereof, the words "furniture and".

SECTION 36. Chapter thirty-nine of the Revised Ordinances of 1925 is hereby amended by striking out in the fourth and fifth lines of section thirty-one thereof the words: "the superintendent of markets or his deputy" and by inserting in place thereof the following: "the administrative superintendent of the department of public works"; by striking out in the third line of section thirty-three thereof the words: "the superintendent of markets or his deputy" and by inserting in place thereof the following: "the superintendent of the public buildings division of the department of public works or the administrative superintendent of the department of public works"; by striking out in the second line of section forty-two thereof the words: "the board of street commissioners" and by inserting in place thereof the following: "the commissioner or the administrative superintendent of the department of public works"; by striking out in the second line of section fifty-nine thereof the words: "the park commissioners" and by inserting in place thereof the following: "the board of public works commissioners"; by striking out in the fourth and fifth lines of section sixty thereof the words: "the Boston transit commission" and by inserting in place thereof the following: "the department of public works"; by striking out in the fourth line of section seventy-eight thereof the words: "park commissioners" and by inserting in place thereof the following: "commissioner of public works"; by striking out in the second and third lines of section eighty-four thereof the words: "the superintendent of public buildings" and by inserting in place thereof the following: "the commissioner of public works"; by striking out in the first and second lines of section eighty-five thereof the words: "the superintendent of public buildings" and by inserting in place thereof the following: "the commissioner of public works"; by striking out in the third line of section ninety-eight thereof, in the first and second lines of section ninety-nine thereof, in the fifth line of section one hundred and two thereof, in the third and fourth lines of section one hundred and three thereof and in the fourth line of section one hundred and seven thereof the words: "street commissioners" wherever they appear, and by inserting in place thereof the following: "commissioner of public works"; by striking out in the first line of section one hundred and ten thereof the words: "street commissioners" and by inserting in place thereof the words: "board of public works commissioners"; and by striking out in the ninth line of said section one hundred and ten the words: "street commissioners" and by inserting in place thereof the following: "board."

SECTION 37. Chapter forty of the Revised Ordinances of 1925 is hereby amended by striking out in the twenty-fourth line of section twenty thereof the words: "board of park commissioners" and by inserting in place thereof the words: "commissioner of public works"; and by striking out in the fourth line of section twenty-one thereof the words: "park commissioners" and by inserting in place thereof the words: "commissioner of public works."

SECTION 38. Sections one, two and three of chapter ten, sections ten and eleven of chapter fifteen, section one of chapter twenty-one, chapter twenty-two except sections six and nine thereof, chapter twenty-five, sections twenty-four, thirty-three and thirty-four of chapter twenty-seven, chapter thirty-three, chapter thirty-five, chapter thirty-seven and section ninety-seven of chapter thirty-nine of the Revised Ordinances of 1925, as amended, chapter one of the Ordinances of 1928, as amended by chapter fifteen of the Ordinances of 1929, section three of chapter one of the Ordinances of 1931, and all other ordinances or parts thereof inconsistent herewith, are hereby repealed.

SECTION 39. This ordinance shall take effect ninety days after the passage hereof.

(Appended were the communications referred to.)

Coun. DOWD—Mr. President, I move that the reading be dispensed with and that the communication be referred to the proper committee.

Coun. McGRATH—Mr. President, the report upon which this ordinance abolishing and consolidating some of the most important departments of the city is based, was submitted to the Mayor, according to his communication, on May 15, 1935. It reaches us seven months later, on December 16, 1935, with only one more regular meeting of the present City Council to be held. Section 2 of the City Charter provides that an ordinance recommended by the Mayor shall become effective sixty days after its submission, unless it is previously adopted or rejected by the City Council. The submission of the ordinance at this time makes a somewhat difficult situation arise, as part of the sixty days elapse during the life of the present City Council, and the remainder runs into the next City Council at a time when it is possible that it may not even get around to appointing its committees. In order to avoid any possible question arising on this particular point, I move, therefore, that the ordinance be rejected without prejudice and printed as a City Document. Then the Mayor can submit the ordinance to the new City Council after the committees have been appointed and when they will have at least a reasonable time to consider it.

President FITZGERALD—Councillor McGrath moves the rejection of the ordinance without prejudice and moves to print it as a City Document.

Coun. DOWD—Mr. President, while I quite agree in the main with the councillor from Dorchester, still I think the proper place for this at the present time is in the Committee on Ordinances. Then the new City Council will have forty-two or forty-six days to pass or reject it. I move, therefore, that it be referred to the Committee on Ordinances.

Coun. WILSON—Mr. President, it is perfectly obvious that this ordinance which is proposed should be acted upon prior to the adoption of the budget of 1936, if the City of Boston is to do business under it in 1936. It is also obvious that the Council on such short notice will not care to take action on this important matter, involving so great a change in the structure of the departments of the City of Boston. As the gentleman from Dorchester (Coun. McGrath) says, it would be a matter to be considered by the new membership of the new Council. There might also be reasons why there would be a delay in organization of the body and appointment of a committee, I agree with the councillor from Dorchester that, in order to obviate that danger, it might be well to take the action he suggests, then allowing the Mayor to send in to the new body the ordinance, rather than having it sent at this time to the graveyard. So I think it might be well to turn the ordinance down at this time and then have the Mayor send it in again to the incoming Council.

Coun. McGRATH—Mr. President, might I say this, sir, that for seven months this matter has laid in the Mayor's Office, and that today, Mr. President, neither you nor any other member of this Council knew that it was coming in. Still, here we have sent in to us at this meeting this document, containing sixty closely written typewritten pages, now placed in our hands, upon which we are supposed to pass in five minutes, although it is the most important matter that has come before this Council. If we should refer it to the Committee on Ordinances and there should be a delay in the election of the President of the new Council, sixty days would have elapsed without any member of the new Council having a right to vote for or against it. And so I say to you, sir, that we should at this time reject this proposed ordinance, which comes in to us with about two weeks of our session remaining, and after seven months' consideration by the Mayor. We should not be expected to pass this in the final hours of the body, without an opportunity for proper consideration or action, and knowing that under the charter it may become a law in sixty days even without our action. I am certain that that is not the desire of the gentleman from Ward 8 (Coun. Dowd), because there is no more independent or courageous member of the Council than the gentleman from Ward 8, and I am sure that neither he nor any other member of the Council would stand up here and favor a snap judgment on a document like this, containing sixty typewritten pages. This means the abolishing of important departments and the discharge of hundreds of city employees, the most drastic matter that has come before the Council. Undoubtedly the Mayor's Office has waited for seven months before presenting it to us because there was a reason for it. I think we must all certainly feel that there should be no opportunity for this ordinance to go into effect without a chance for the members of the City Council to vote either for or against it. Therefore, I earnestly hope that my motion will prevail. The ordinance as then submitted to the new City Council by the Mayor, and my successor in office and other members and their successors in the new Council will have plenty of time to study and discuss it. At least, sir, we could postpone the matter until the next meeting, so that we might have an opportunity to read this important document. Perhaps that might be the proper action to take, and I will make that motion.

President FITZGERALD—The councillor moves to postpone to the next meeting.

Coun. AGNEW—Mr. President, I was going to move, sir, that this matter be sent to the Executive Committee.

President FITZGERALD—You move, Councillor McGrath, that the matter be postponed to the next meeting?

Coun. McGRATH—I would like to have it postponed to the next meeting, and ordered printed.

Coun. McGRATH's motion to print the ordinance and to postpone action on the matter until the next meeting of the Council was declared carried.

Coun. AGNEW—Mr. President, cannot this matter be sent to the Executive Committee at this meeting?

Coun. DOWD—The President, I understand, has already made his decision on the matter.

Action upon this matter was postponed until the next meeting of the Council.

PURCHASE OF UNIFORMS, INSTITUTIONS DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, December 10, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Acting Commissioner of the Institutions Department, relative to your order of December 2, 1935, concerning the purchasing of regulation uniforms by attendants and ward maids.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Institutions Department, December 9, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

My dear Mr. Mayor, The order referred to by the City Council appears to be an arrangement made by me to enable the attendants and ward maids to obtain their uniforms (1) all alike, (2) of durable material, (3) at a reasonable expense.

After investigating the facilities of three stores we concluded that R. H. White's was the one which, as it has a Contract Department where it handles such hospital uniforms, and furthermore gave us a quotation which is approximately twenty-five (25) per cent below the regular retail price of the garment.

Regardless of whether your Honor sees fit to make the request recommended by the City Council, I am planning to investigate the possibility of a similar arrangement with some alternate firm and also to have available a description of the uniform so that such employees may make their own arrangements for it wherever they like.

Yours respectfully,

C. H. CLAY, Acting Commissioner.

Placed on file.

COMMITTEE TO RAISE MILK FUND.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1935.
To the City Council.

Gentlemen,—In reference to the order introduced by Councillor James E. Agnew and adopted by your Honorable Body on December 7, 1935, recommending that the Mayor consider the appointment of a Special Committee to raise a Milk Fund for needy and undernourished children in Boston, I beg to state that the order has been heartily approved and supported, and that I have already taken steps to carry out the recommendation.

When the formation of the committee was completed I shall be glad to submit a list of the members of the committee to your Honorable Body.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

VETO OF SIDEWALK ORDERS.

The following was received:

City of Boston,
Office of the Mayor, December 12, 1935.
To the City Council.

Gentlemen,—I have the honor to acknowledge with great interest the communication received from the Honorable City Council on November 27, 1935, relative to the proposed ordinance to amend the ordinance relating to the sidewalk orders in Ward 7.

I am sorry that I am unable to present the ordinance to the City Council at this time, as I have been unable to secure the necessary information regarding the same.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Office of the Mayor, December 12, 1935.
To the City Council.
Gentlemen,—I have the honor to acknowledge with great interest the communication received from the Honorable City Council on November 27, 1935, relative to the proposed ordinance to amend the ordinance relating to the sidewalk orders in Ward 7. I am sorry that I am unable to present the ordinance to the City Council at this time, as I have been unable to secure the necessary information regarding the same.

I am informed by the Commissioner of Public Works that there are no funds available at the present time for this construction. Under the circumstances I am constrained to veto the order.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Severally placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Morris Chasen, for compensation for damage to property at 4 and 4A Baird street, caused by leak in water pipe.

Radcliffe Cafe, for refund on refuse tickets.

Miriam Shapiro, for refund on bottle goods license.

Sarah Stone, for compensation for loss of coat at City Hospital.

Walter L. Wheeler, for compensation for damage to car by city truck.

Ellen T. and John J. White, for compensation for damage to property at 24 Hamilton street, Boston, caused by fire apparatus.

Executive.

Petition for children under fifteen years of age to appear at places of public amusement, viz.:

Ruth M. Taylor, Eliot Hall, December 19.

APPROVAL OF CONSTABLE'S BOND.

The constable's bond of Almerindo Sarno, having been duly approved by the City Treasurer, was received and approved.

SOLDIERS' RELIEF.

Coun. KERRIGAN, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of December, 1935.

Report accepted; said order passed under suspension of the rule.

RECESS.

A recess was taken at 2.42 p. m., subject to the call of the Chair, on motion of Coun. SELVITELLA. The members reassembled in the Council Chamber and were called to order by President FITZGERALD at 3.18 p. m.

EXECUTIVE COMMITTEE REPORT.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on petition (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Ruth M. Taylor, Eliot Hall, December 19—recommending that leave be granted on usual conditions.

Report accepted; leave granted on usual conditions.

2. Report on message of Mayor and order (referred December 9) transferring \$1,250 to Boston Common Tercentenary Observance—that same ought to pass.

Report accepted; said order passed, yeas 18, nays 0.

CONFIRMATION OF EXECUTIVE APPOINTMENT.

President FITZGERALD called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor December 9, 1935, of James Murphy, John J. Ryan and Hubert F. Marshall to be Weighers of Coal.

The question came on confirmation. Committee, Coun. Selvitella and Gallagher. Whole number of votes 18, yeas 18, and the appointments were confirmed, yeas 18, nays 0.

TAX TITLE LOAN.

President FITZGERALD called up, under unfinished business, No. 2 on the calendar, viz.:

2. Ordered, That under the provisions of section 1, chapter 221, of the Acts of 1935, the City Treasurer be authorized to secure the approval of the Emergency Finance Board to the issuance of \$3,000,000 in bonds or certificates of indebtedness of the city, said bonds or certificates to be sold at their face value to the Commonwealth and the proceeds to be used as provided in said chapter 221 for revenue purposes.

On December 2, 1935, the foregoing order was read once and passed, yeas 20, nays 0.

The order was given its second and final reading and passage, yeas 19, nays 0.

BOSTON HOUSING AUTHORITY MEMBERS.

On motion of Coun. GALLAGHER, the Council took from the table No. 3 on the calendar, viz.:

3. Ordered, That the appointment by his Honor the Mayor of Boston of the following four persons to be members of the Boston Housing Authority, established pursuant to the provisions of section 261 of chapter 121 of the General Laws, as amended by chapter 449 of the Acts of 1935, to serve for the terms of one, two, four and five years, respectively, as set forth opposite their respective names, be, and the same hereby is, confirmed and approved:

John Carroll, for the term of one year; George Green, for the term of two years; Harold Field Kellogg, for the term of four years, and Francis J. Murray, for the term of five years; and further

Ordered, That said four persons hereinbefore named be, and they hereby are, appointed to be members of said Boston Housing Authority to serve for the terms of one, two, four and five years, respectively, as set forth opposite their respective names.

Coun. NORTON:—Mr. President, while I would like more information upon this matter, based upon intellectual conviction alone, I feel that I must heartily approve of doing what we can that will make living conditions in Boston a little better. I feel that this is a move in that direction.

The order was passed, yeas 14, nays—Coun. Kerrigan, McGrath, Roberts, Shattuck, Wilson—5.

PRIVATE EMPLOYMENT OF WELFARE RECIPIENTS.

Coun. WILSON offered the following:

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to advise the City Council the number of welfare recipients who have been referred to private employers since January 1, 1935, and who have thereafter not been since carried on the welfare rolls.

Ordered, That the Director of the Municipal Employment Bureau be requested, through his Honor the Mayor, to advise the City Council the number of actual placements made by the Bureau each month, commencing with June, 1935, and not including jobs at the Boston City Hospital, or jobs known to have been for a week or less in duration.

Coun. WILSON:—Mr. President, those two orders are inspired by the radio address of the Mayor as quoted in the *City Record*, sometimes referred to as the "Administration Bugle," of December 7, 1935, in which the Mayor spoke of the manner in which Boston's relief recipients were being shifted from aid to real work and real wages. I might quote a few sentences in which the Mayor pointed out that "All potential workers on welfare rolls are being interviewed and listed, and referred to employers as fast as jobs appear on the horizon. District supervisors recount instance after instance of dauntless determination in the search for work, and willingness to accept anything that offers an opportunity for employment. Earlier this year a request came through the State Emergency Relief Administrator asking for certain facts regarding the working ability and history of every employable member of every family on public welfare to be made available within a brief period. Every branch office became a center of concentrated day and night activity. The prospect of being listed from welfare to work seemed to revivify aid recipients. In doing the colossal piece of work entailed in this enlistment, the Overseers swung the city's clients into line for government employment, as a part of the great effort being made by the President to transfer from relief lists of May, 1935, all employables who can possibly be transferred within the current twelve months. The foregoing account of what might have been a purely mechanical process of tabulation is given because it is significant of the trend towards employment-consciousness in the Welfare Department itself. It revealed an eagerness for enrollment on the part of aid recipients that was dramatic in its intensity. The spectacle of that enrollment was like the scene of a great 'push,' with visitors and clients working together for the ultimate goal of jobs for the unemployed."

When I read that I wished that I had heard it in the Mayor's resonant tones over the radio, instead of seeing it in the cold print of the *City Record*, I naturally pictured the 17,000-odd welfare cases, now many of them at working jobs. Of course, I would have taken it with a little smaller grain of salt even had I not found out that certain of my constituents, on the fifth of December, were among the men who were given five minutes' notice that they were fired from W. P. A. So I merely, in view of that splendid address of the Mayor, wish to ascertain from the Welfare Department, as a result of this splendid "push" that they speak of, how many of the welfare recipients have actually gone to work since the first of January for private employers; and I am asking the Director of the Municipal Employment Bureau, also, through the Mayor, to advise the City Council of the number of actual placements made by the Bureau each month, commencing with June, and not including jobs at the Boston City Hospital, or jobs known to have been

for a week or less in duration. In other words, I want to find out what this "push" referred to by the Mayor, when boiled down, really amounts to.

The orders were passed under suspension of the rules.

REPORT AND LEGAL ACTION ON TAX TITLE PROPERTIES.

Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to promptly complete the report requested in the City Council order of November 12, 1935, with reference to survey of city-owned tax title properties, especially where such properties include buildings as to which sanitary conditions or the possibility of water freezing should require immediate supervision.

Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to refer promptly to the Law Department for appropriate civil or criminal action, or both, full details on all cases where it appears that any person or persons have collected the rentals from, or made unauthorized use of, real estate the title of which has for some months or more been vested in the City of Boston.

Coun. WILSON:—Mr. President, those orders, the passage of which I ask at this time, follow a meeting by the committee on such city-owned land, held last week, at which unfortunately City Treasurer Dorsey found it impossible to be present, as well as Mr. Hall, but at which were present a representative of the Law Department and Mr. Finnegan, an able official in Mr. Hall's Department. It seems that Mr. Hall has requested a W. P. A. project for sixty men, of whom three shall be real estate agents and the balance, I gather, mechanics and laborers. Among other items he pointed out the necessity of having the sidewalks kept clear adjacent to 600-odd pieces of land that the city has taken back under its tax titles. It was naturally agreeable to have the committee receive a report from Mr. Finnegan, who had checked twenty-five of the first one hundred cases, and who in his checking up verified not less than four cases of city-owned property from which rentals have been collected from the former owners or some other persons, in one case, if I remember correctly, \$40 a month. In view of that information, and trusting that the Public Buildings Department will go ahead with its investigation, I would ask the passage of these two orders at this time. Judging from reports that have come to the committee, many of the buildings on what is now city-owned land are a positive health menace to the community. There are families living in some of the buildings in which water has been shut off for a number of months. There are other instances where the building has no tenant known to the city, or no tenant whatsoever, and if there is a danger of city property being destroyed as the result of cold weather and freezing of water pipes, we should not wait for any W. P. A. project to check up on such property of the city.

The orders were passed under suspension of the rules.

DELIVERY OF FUEL OIL AND COAL.

Coun. WILSON offered the following:

Ordered, That in the awarding of further contracts for the delivery of fuel oil or coal to recipients of public welfare, the Superintendent of Supplies be requested, through his Honor the Mayor, to give due consideration to the ability of the chosen fuel dealers to make reasonably prompt deliveries and full weight deliveries of merchantable oil and coal.

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to take such steps as shall be necessary to insure for the poor families of Boston, whose names are carried on the welfare rolls, prompt delivery of fuel orders.

Coun. WILSON:—Mr. President, with reference to those two orders it will remain for the experts themselves to make their own report. I admit that this is no new issue in the City of Boston, this question of delayed fuel deliveries by contractors who have obtained contracts for delivery of fuel to welfare recipients, and the suffering of poor families in Boston as a result of these delays. It is not a new question, because as long ago as December 13, 1934, a similar order was passed by the City Council, and at that time there were definite instances brought out showing where contractors having fuel delivery right in the City of Boston were ten days to two weeks behind in their deliveries. This matter has been brought to my attention very strongly in the past few weeks. I have in mind especially two companies, first of all the Ventola Oil Company, located, or presumably located, at 9 Factory street, Hyde Park. I have in mind the instance of a welfare family near my home, which not long ago received a fuel order for oil, drawn on Alfred E. Ventola, 9 Factory street, Hyde Park. The woman received that order on a Tuesday and she mailed it to Ventola at 9 Factory street. She waited Wednesday, Thursday and Friday, with no action, and finally on Friday some kind-hearted neighbor drove her out to Hyde Park. She left an urgent request at the gas station at the corner of 9 Factory street and Hyde Park avenue. No

one representing the Ventola Company was there; in fact, they could find nobody by the name of Ventola at the place in question. They talked with somebody there and he said he would get it to Ventola. She jotted down the 'phone number, but it was a pay station, apparently having nothing to do with a Ventola Oil Company. So they went home, thinking that if the Lord was good to them they might get their first load of oil from the Welfare Department of the City of Boston soon. But they waited all day Friday and Saturday. She called up twice on Saturday. On Sunday she finally reached Ventola and was informed by the representative of the Ventola Oil Company that if she was really in need of fuel oil he would hop the first airplane and bring it out! On Monday she had not received it, and on Monday night she saw me. Up to Tuesday a. m. she did not have it, a whole week, waiting for fifty gallons of fuel oil from the Ventola Oil Company of Hyde Park. Well, on Tuesday I took a run out there. I have the advantage of the Welfare Department, because I have a street book. I looked up the street book, which told me that Factory street runs from 1341 Hyde Park avenue. So I made the three-mile trip and found an American Oil Company gas station on the first floor of a three-story brick building at 1341 Hyde Park avenue. I bought a quart of oil from the station attendant, and asked if that was not the location of the Ventola Oil Company. The attendant said, "Well, I said, 'there is apparently a Ventola Oil Company, which presumably delivers oil to Mattapan, a part of Dorchester, and where is the store?' Well, there was no such store, but there was such a person who lived on the third floor somewhere. I said, 'How does he get orders?' There was no Alfred Ventola in the book, and the only 'phone on these premises was a pay station listed to the American Oil Company. The attendant said, 'Well, if there are any orders come into the gas station he takes them every two or three days, picking up any orders that are left.' Well, I looked up the telephone book and found that there was no Alfred E. Ventola who even appears in the telephone book, although I had been informed that his place of business was listed as 9 Factory street, Hyde Park. It appears that that is the rear entrance of this three-story brick building, which is at the corner of Factory street and Hyde Park avenue, the ground floor being occupied by the American Oil Company, and I assume that Ventola, if that is his name, lives on the third floor of that building. It appears that Alfred E. Ventola of 9 Factory street, Hyde Park, executed a contract with the city October 1, 1934, to start November 1, 1934, which had been extended to April 30, 1936. He signs the contract as sole owner of the business. The contract provides that the prices must include deliveries which are to be at the rate of fifty-gallon lots. The records of the City Clerk show no Ventola Oil Company, but the best they can do is to show a Marathon Oil Company, on Certificate 5 of January 10, 1934, by Alfred E. Ventola of 9 Factory street, Hyde Park. If you try the telephone books on the name 'Ventola,' the nearest you can come to it is one Anna C. Ventola, and she is listed at 11 Dana avenue, Hyde Park. In introducing these orders I have not only that particular firm or individual in mind, but also another firm that likewise furnishes fuel to some sections of the ward I represent. That is the Babcock Coal Company, another outfit delivering under the present administration fuel to unfortunate welfare families, partly those in the Dorchester district. I got a letter the other day from a woman in Ward 17, under date of December 9, in which she said:

"Because of sickness I have to depend on the City Welfare for aid. It is my first experience and I hope it will be the last. I have six small children. I got an order for one-quarter of a ton of coal the day before Thanksgiving." That was November 27. "I sent my card in that day, called up twice since and have as yet received no coal. I also wrote to the Welfare, but that did not even produce results."

So that this poor woman in Ward 17, with six small children, to whom fuel is supposed to be furnished by the City of Boston, was obliged to go without coal for her little family from the 27th of November until the time when her letter was written, December 9, twelve days, and had not then received the coal. Now, who or what is this Babcock Coal Company? Is it some old established reputable concern, that pretends to carry out the terms of its contract, calling for the deliveries of one-quarter ton orders of coal as and when required by the Welfare Department? It appears from the contract that it was executed by one William A. Cross as president and Margaret M. Morrison as treasurer. The Babcock Coal Company, of 47 Sherwood street, Roxbury, if my information is correct, was incorporated in August, 1934, with a total capital of \$500, paid in for ten shares of no-par-value stocks. The officers who signed the contract with the city were still the original straw directors, employed, I assume, in the Boston law office that formed the corporation. The certificate of condition filed this year setting forth the financial statement as of the close of the year, showed a deficit of \$9,188 on the initial shoe-string investment. The president of the concern lives in West Newton, the treasurer and the clerk in Brookline, and the third director in West Medford. Now, isn't it fair to assume, Mr. President, that if you need a quarter of a ton of coal or fifty

gallons of fuel oil, and call up any reputable concern in Boston, that coal or oil will presumably start coming to your house in forty-eight hours, or certainly within three or four days? But apparently under the present administration, with the City of Boston spending in excess of \$12,000,000 per year for its poor, no serious effort is made to check up on the type of contractors furnishing either oil or coal to the poor of Boston. We heard Mr. Doherty a while ago in executive session, when the question of the purchase of snow-removal equipment was under consideration, quite properly remind the City Council that the city does not always take the low bid through its Purchasing Department or any other department, that it should look carefully to see that it was dealing with a reputable concern that could carry out the terms of its contract. So I say, when you get into a thing like the delivery of fifty gallons of fuel oil or a quarter of a ton of coal to a poor family, composed of a father, mother and six little children, it is an outrage, a shame for such a family to wait ten days or two weeks, while that family is shivering in an apartment, in many cases without rugs on the floor and with the most ordinary furniture, before they can get a little warmth. It is a tough enough job to get the little piece of paper calling for fifty gallons of oil or a quarter of a ton of coal, without, after you get it, having to wait any such length of time before it is received. Presumably, in such cases contractors who are expected to make these deliveries are passed upon by the Purchasing Department of the city or by some city agency, as qualified to carry out the terms of the contract, and to deliver to the poor people of Boston within a reasonable time the fuel that they need to keep their family and themselves comfortable. I am sick and tired of having people such as this Ventola of Hyde Park, or the Babcock Coal Company of Roxbury, falling down as they do in such cases as I have mentioned. The taxpayers of Boston are paying for that fuel, and certainly poor families in the different sections of Boston are entitled to receive the fuel that they need at forty-eight hours' notice. Certainly, blame for this sort of thing must be placed down on the second floor of City Hall, because otherwise concerns giving this type of service in the City of Boston would not be able to get away with it for fourteen months.

Coun. SEATTUCK—Mr. President, I am sorry that the councilor's order is not a little more specific. I am in entire sympathy with the order as far as it goes. But, under the circumstances, it seems to me that we ought to know whether these contractors, Ventola or the Babcock Company, are going to be continued, we ought to know the circumstances under which the contracts were let, and any other facts pertaining to the question of whether we are going to continue to do business with concerns that do not attend to their deliveries, who do not live up to their contracts, and who do not give a fair deal to the poor to whom these orders are given.

Coun. WILSON—Mr. President, with reference to both contracts, they have been in existence since the autumn of 1934. They were both started November 1, 1934, and have been extended to April 30, 1936.

Coun. DOWD—Mr. President, I can heartily agree with everything that the gentleman from Ward 17 (Coun. Wilson) has said in reference particularly to the Ventola Company of Hyde Park. I have in mind two specific cases, the names of which I submitted to Mr. Murphy, the Executive Secretary of the Welfare Department. One of the cases was in my own district, where the oil people came and demanded that the recipient of aid sign a slip for fifty gallons of oil before it was placed in his container. The man did the right thing, refusing to sign before the fifty gallons was delivered to him, and because he would not sign, the oil people went away and left the family without oil until they contacted me. They then practically told me that I didn't have anything to do with it, until I took a little ride and saw the gentleman, when finally, after half an hour's argument, those people were able to get their fuel oil. The man's contention was that they must sign for the oil, even if he had not delivered it; my contention was that no person would be expected to sign for fifty or for ten gallons of oil until it was delivered in the tank. Evidently the Ventola Company, being a low bidder, has decided to gyp welfare recipients of ten gallons of oil each time when they make a delivery. There is another thing that has just been called to my attention the other night. A delivery man drove up with ten gallons, where the recipient was supposed to get fifty gallons, and wanted the family to receipt for the fifty gallons. Then when they went down to get the ten gallons of oil in the hallway that ten-gallon receptacle was empty and the oil wagon had left, leaving no oil there at all. So I took that matter up with Mr. Murphy. You see there is all sorts of trouble of this kind all along the line, and it all means suffering for the poor people of the city. I have also received some complaints in regard to the Babcock Company. I do not want to treat them too harshly, but they must do what they have agreed to do. If you or I dealing with any of the reputable concerns in this city, of course we expect them to carry out their contracts—whether the Metropolitan Coal Company, Batchelder, Whittemore, or any of the others, and these smaller companies that have agreed to make these deliveries should do the same thing, whether it is coal or oil, whether it is in Charlestown, Roxbury, Dorchester, East Boston, or any

other section of the city. If they do not have facilities for delivering the coal or oil they should never have been given the contract. A woman yesterday told me that she had been waiting since November 29 for coke, and I called up the Babcock Company this morning and told them to get it to her just as quickly as they possibly could. Certainly, the poor people and children of this city cannot be allowed to slowly freeze to death.

Coun. KERRIGAN—Mr. President, as this is a very serious matter I would suggest that there is a Committee on Public Welfare of this body and it should be turned over to them for their consideration and disposition. Mr. Dowling of the Welfare Department should be notified at once, and any changes that will result in bringing about prompt deliveries of coal and oil before the real cold weather sets in should be made, for the good of the people of our city.

Coun. NORTON—Mr. President, why not pass an order requesting the Mayor to cancel the contract of the Ventola Company? If what our colleagues here have said is true, the contract should be canceled. I would like to get a kick at Joe Ventola, and I may. I am not surprised that there are not ten times as many complaints as there are. Last night I took an official of the Municipal Research Bureau over with me to a kitchen where there were two candles burning, apparently where there were several children and where they were in need of fuel. Now, in a matter of this sort, why don't we do something? There is no use in referring the matter to a committee and waiting a couple of weeks longer with nothing done. We have the power to do something. We can ask the Mayor to cancel the contract with Big Joe Ventola, and then when it comes to appropriating the money we can hold the money up so that it can be used for something else. We are the directors of this city. We vote the money and have the power along that line. How easy it is to talk about things and get nowhere when we really do have the power to do something. We are the cash register, we are the appropriators of the money. Big Joe has gone along through the year this way and he will go through another year, if something isn't done, because he knows how to operate. Just take a peek at Big Joe out there! Here are these contracts to deliver oil to thousands of our people, where such contracts call for equipment, efficiency, and, above all, a sympathetic attitude. There are families in my ward, there are families all over this city who are suffering because of the way this sort of thing is being done. The conditions are exactly as stated by the colleague from Ward 17 (Coun. Wilson). Reputable oil concerns put in a bid on these oil contracts and were not given consideration. I called up the Superintendent of Supplies, bringing the matter to his attention, not long ago. But what is the use? Why not stand up and hold up some of these appropriations until something is done to remedy the situation? Actions are needed, not words.

Coun. McGRATH—Mr. President, I feel sure that the councilor from Ward 17 (Coun. Wilson) will follow this matter up, concerning, as it does, the actions of people who are so cruel in their dealings with the poor of this city. While on this subject, I suppose I am speaking the truth when I say that last night or tonight at the Union Club the recipients of welfare will gather with their new member, Mayor Mansfield, in the cold of those club rooms, and will discuss, as only leaders of great humanitarian movements in this city can discuss, the conditions confronting the poor and forlorn of the city! I had the pleasure of reading a couple of weeks ago about how our Mayor was one of the first descendants of immigrant Irish parents who had been allowed to cross the threshold of that Union Club, and I learned a few days later about a big sign in that club to this effect: "No conversation within these walls must ever be repeated outside by any member of the Club," and to note that he prides himself today on his association there with two of his closest and most intimate friends, Arthur Prentiss Rugg, of the Supreme Court of Massachusetts and Bishop William K. Sherrill. My memory goes back to Dorchester, when I used to see Fred Mansfield, with his sweater and coat, walking down to the drug store of his great chum Mr. Dorsen, a friend of the people. I have seen him develop through the years, until he has now entered the Mayor's office with the cloak of decency and honesty wrapped around his shoulders. We have been told, "Here is an honest man!" And I have watched him all through the years as he has presided over the business of this Hall, with men like Dave Shaw and his brother Ed surrounding him, proclaimed as an honest man. We have seen Ed Mansfield as agent for the Babcock Coal Company, and his connection with the Babcock Coal Company would give that company special preference in the office of an honest man. I am proud that an honest man, a crusading fellow, is sitting here during the coming year to administer to the welfare of those people of Boston, where he was born, and to the poor people of Dorchester, where he was later brought up, a friend of the poor and homeless, and I am sure that his decisions today will be carried into the meeting package brought to the Union Club and that, getting there, among his friends, and among the friends from across the Bay, Boston, Dorchester, and other sections of the city, the more I see of him the more I realize that that slogan, "A big man for a big job," properly applies to him. Mr. President, as the councilor

from Ward 18 (Coun. Norton) has well said, the way to stop all this unnecessary talk is to vote against appropriations. If the Mayor desires an appropriation to put through a big snow-removal contract, the largest of the kind that was ever voted in this city, just vote "No" until enough information is given us here so that we in our wisdom can properly vote upon it. I know that the Mayor, in placing before us today this vague document relating to a complete change in the set-up of our big departments, has in mind the great David B. Shaw for the \$12,000 job; that Dave Shaw is going to fill that office and be the czar of Boston, if this ordinance is once passed, regardless of anything we may say. And then, after that has been consummated, the Mayor will simply say, "I wash my hands of it; I am an honest man. I am a big man in a big place. I will continue, happy in the thought, sitting with my friends in the Union Club, that we are commiserating with the poor of East Boston and Dorchester." Frederick W. Mansfield, the great, outstanding, honest man and Democratic leader of Boston, can well feel, along with his fellow members in the Union Club, that he has well served the citizens of this city!

The question came on the motion to refer to the Committee on Public Welfare.

Coun. KERRIGAN—Mr. President, if the councillor from Ward 17 (Coun. Wilson) wants to introduce another order, and make it a little more drastic, it is all right with me.

Coun. WILSON—Mr. President, I am introducing the suggested order, although without too much optimism, because this order requests, as has been suggested, the cancellation of the outstanding fuel contracts with Alfred E. Ventola and with the Babcock Coal Company, in view of the unsatisfactory deliveries of fuel orders to welfare recipients. Of course, I have in mind that an order was passed as long ago as the 15th of July requesting the Mayor to cancel any outstanding contracts with the Standard Coal Company. I pointed out the record of Max Kline and of this corporation since 1922, a repeated record of short-weight deliveries. As recently as November 6 of this year the Standard Coal Company, on an appealed case to the Superior Court, was again found guilty of short weight deliveries at the Suffolk Court House building itself, and paid a \$100 fine on November 20,—a fairly recent history! So I am against this sort of thing and would certainly like to see action taken that would stop it and prevent it in the future.

Coun. NORTON—Mr. President, if this Council will take into its own hands the exercise of the power it has, stopping appropriations that make this sort of thing possible, the Ventolas and the Max Klines will go into the limbo of the forgotten. But when we are discussing Max Kline of the Standard Coal Company, Max is not one two with Big Joe Ventola.

Coun. WILSON offered the following:

Ordered, That the Mayor be requested to cancel fuel contracts outstanding with Alfred E. Ventola and also with the Babcock Coal Company in view of the unsatisfactory delivery of fuel orders to welfare recipients.

The several orders were passed under suspension of the rule.

PAYMENT OF W. P. A. WORKERS.

Coun. DOWD offered the following:

Ordered, That the City Council request his Honor the Mayor to memorialize the Governor, our United States Senators and our Congressmen in an effort to have the unfair rule of paying W. P. A. workers twice a month rescinded, and establish a weekly pay roll for W. P. A. workers.

Coun. DOWD—Mr. President, for several weeks I have stood on the floor of the Council trying to hammer into the minds of the public of Boston that they are being constantly kidded by our Federal Government, so far as the promise to furnish jobs to people is concerned. In a recent week, 3,100 were laid off, the next week 2,100, and last week 1,500 were laid off. There are 140,000 applications for jobs at Oliver street, and there will not be one per cent of them who will go to work. We find the sorry spectacle of W. P. A. employees not being paid for three, four or five weeks, and if they do not get paid this week I am fearful of what is going to happen in the City of Boston. The stupidity of E. R. A. officials has cost the City of Boston in the last month \$170,000 for grocery orders. Is there any real, logical reason, with the corps of efficiency managers and highbrows to whom they are paying \$50, \$60 and \$70 a week, why the ordinary workers cannot get paid for four weeks at a time? I say that the Governor of the Commonwealth is absolutely correct. Mr. Rotch stated that if men were put on the sidewalks there would be no Federal funds for the State of Massachusetts. Are we going to be penalized in Massachusetts? There are only six states in the Union that have Federal administrators of the type of Rotch, surrounded by bluebloods who don't know what it is to be hungry or cold. Oh, the President of these United States of America should place at the head of things here in Massachusetts, the same as he has done in forty-odd states, the Governor of the Commonwealth. The Governor and I do not agree in many matters. We have not in the past and we probably do not now. But nobody can deny that there is not a more humane man in the entire state than the man who is now serving as Governor of this state and who is being hampered by the Federal Administration in Massachusetts.

For what reason we don't know. We do know that in over forty states of the Union the head of the E. R. A. and W. P. A. administrations is the Governor. I am now asking that the Mayor memorialize the Governor, our United States Senators and our Congressmen in an effort to have the unfair rule of paying W. P. A. workers twice a month rescinded, establishing a weekly pay roll for them. Something should be done in this matter. What is going to happen in Boston in the next two months if these laborers are paid only every two weeks? Here you have men with five, six and seven children, without sufficient clothes to keep them warm. When their money is gone all they can do is to go down to welfare, and welfare will say to them, "You received \$26 on such and such a date. That is your allotment for two weeks and we will not give you any more; and there will be more undernourished children than we have ever had in this community. Our big men, our industrialists, tell us the same story that they tell us from Washington, that conditions are better today than they ever were. My good friend from Ward 18 (Coun. Norton) said some time ago that, the way things were going, grass would be growing in the streets of Boston. I am beginning to believe the gentleman from Hyde Park. He knows and I know and every member of the Council knows that there are more people out of work today than at any time since the depression hit us. But the Government continues to tell us that conditions are improving, that the number of unemployed is decreasing. They were very modest last week, saying that there were 7,848,641 unemployed, and that 21,800 went to work last week,—when as a matter of fact 1,500 were laid off here. I repeat that W. P. A. workers should be paid once a week. We have had the sorry spectacle of men not being paid for four weeks, the sorry spectacle of the Welfare Department paying out \$170,000, unnecessarily, due to nothing else than the stupidity of the Federal Government. And so I say to the President of the United States, stop the foolish talk that we now hear, stop some of the foolish things that are now being done. Mr. Hopkins wants to go into our people's houses, to dictate to them in regard to children and birth control, what they shall eat and everything pertaining to their living conditions. I say that in Boston and in Massachusetts we are being penalized, and I say to the President of the United States that a day of reckoning is coming unless men of the type of Rotch and Ickes, socialites and bluebloods, are prevented from running the city and the state, that a day of reckoning is surely going to come. I say that the Federal Government should cooperate, should give us the money for sidewalks, for public buildings, in order that men may be taken off the relief rolls and put on pay rolls. The Governor is not to blame, as every one of you knows; neither are the members of the Council to blame. Day after day and night after night we see at our houses two hundred or three hundred people telling us that these projects are going through and that people are going to be put at work. We all know that it is not so. We know that these representatives of the Federal Government will not listen to us, that the only ones who get jobs are bluebloods, socialites, people from the Back Bay and other highbrow men and women. I say it is high time that these rackets were stopped. Therefore, I am calling on the Mayor to memorialize the Governor, our United States Senators and Representatives, to try to do away with this present situation in the City of Boston.

The order was passed under suspension of the rules.

ELECTRIC LIGHTS IN CANTERBURY STREET.

Coun. GOLDMAN offered the following:

Ordered, That the Commissioner of Public Works, through his Honor the Mayor, install electric lights in Canterbury street, Dorchester, Ward 14, in front of building known as Hecht House.

Passed under suspension of the rule.

SIGNAL LIGHTS FOR PEDESTRIANS.

Coun. AGNEW offered the following:

Ordered, That the Traffic Commissioner, through his Honor the Mayor, be requested to make a survey of all signal lights and make necessary changes in the timing of the pedestrian light, whereby pedestrians may have time to cross intersections before the light changes for other traffic.

Passed under suspension of the rule.

CONDITIONS AT HARRIET BALDWIN SCHOOL.

Coun. AGNEW offered the following:

Ordered, That the School Committee, through his Honor the Mayor, be requested to investigate the now existing condition in the Harriet Baldwin School, in Brighton, whereby nearly two hundred children are housed in the basement, and that the School Committee make arrangements for the transfer of these children to proper classrooms.

Coun. AGNEW—Mr. President, for purposes of the record I wish to say just a word. At the present time, while there is a great deal of talk about the expenditures being made by the School Department, there are in this particular Harriet Baldwin School about two hundred children housed in the basement, without proper light or ventilation. Through this order I am asking that the School Department investigate this matter and make arrangements for the transfer of these children to proper environments.

The order was passed under suspension of the rules.

PAYMENT OF W. P. A. WORKERS.

Coun. AGNEW offered the following:

Ordered, That his Honor the Mayor request W. P. A. officials at Washington to pay W. P. A. workmen in Boston weekly, rather than twice a month.

Passed under suspension of the rule.

W. P. A. LOAN FOR SOUTH BOSTON GYMNASIUM.

Coun. KERRIGAN and DONOVAN offered the following:

Ordered, That his Honor the Mayor be requested to arrange, either through the P. W. A. loan, or through loan within the debt limit, for the construction of a municipal gymnasium in the South Boston district.

Passed under suspension of the rule.

TRAFFIC SIGNALS, WARD 7.

Coun. KERRIGAN offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install automatic traffic signals at the following locations in Ward 7:

Dorchester and Eighth streets; L and Eighth streets; Old Colony road and Preble street; Irving square; Edward Everett square.

Passed under suspension of the rule.

SPECIFICATIONS FOR FIRE-FIGHTING APPARATUS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of advising the Council as to why Boston cannot do the same as New York City has done, namely, draw up specifications that will allow each type of fire-fighting apparatus to be furnished on competitive bids.

Passed under suspension of the rule.

PROMOTION FOR BOSTON OFFICERS IN CONNECTION WITH MILLEN CASE.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of conferring with the Police Commissioner relative to the matter of recommending to the incoming Legislature the passage of a law that would make promotion possible for the two Boston police officers who did such splendid police work in the Milken case and then turned their awards of money over to the stricken families.

Passed under suspension of the rule.

SMALL PLAYGROUND AREAS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of taking small parcels of land in each section of Boston, land upon which taxes are owed that more than equals the value of the land, and turning these parcels into small playground areas.

Passed under suspension of the rule.

FIXING OF NON-MAJOR STREETS WITH W. P. A. FUNDS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of fixing every non-major street in Boston with W. P. A. assistance.

Passed under suspension of the rule.

PREFERENCE TO FORMER CITY EMPLOYEES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of giving preference in re-employment to old city employees let go during the first part of his administration.

Passed under suspension of the rule.

MASSACHUSETTS SAVINGS BANK LIFE INSURANCE IN WELFARE CASES.

Coun. NORTON offered the following:

Ordered, That the Directors of Public Welfare, through his Honor the Mayor, be requested to consider the matter of Massachusetts Savings Bank Life Insurance in welfare cases. One person, with four children had each child insured for \$400 in a private company. He paid \$1.85 a week in premiums. He transferred to the Massachusetts Savings Bank Life Insurance and now gets \$500 coverage for each child and the total weekly premium is 50 cents. Many families on welfare can benefit from this form of insurance.

Passed under suspension of the rule.

ADDITIONAL WELFARE APPROPRIATION.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of recommending an appropriation of \$1,000,000 additional to properly take care of large families on welfare since Welfare Department officials admit their inability to properly care for large families with the present appropriation.

Coun. NORTON—Mr. President, the Mayor of Boston recently took exception to the remarks of a judge who preached birth control here in Boston. I would like to call the attention of the Mayor to this fact, that department officials themselves have made the statement that we are unable as a city to feed our large families. I am, therefore, asking for an appropriation of \$1,000,000 more to properly feed large families who are on the welfare rolls or who will be on the welfare rolls of the City of Boston.

The order was passed under suspension of the rules.

REPLACING OF OLD WOODEN SCHOOL BUILDINGS.

Coun. NORTON offered the following:

Ordered, That the Boston School Committee, through his Honor the Mayor, be requested to consider the advisability of replacing old wooden school buildings in Boston, buildings over sixty years of age, such as the Grew, Damon, Greenwood and other buildings in the Hyde Park and other districts of Boston, through the medium of Federal funds.

Passed under suspension of the rule.

AIR-CONDITIONING OF CITY HOSPITAL.

Coun. NORTON offered the following:

Ordered, That his Honor the Mayor be requested to consider the using of Federal funds for the air-conditioning of a section of the Boston City Hospital.

Passed under suspension of the rule.

RECESS.

On motion of Coun. AGNEW the Council voted, at 4.10 p. m., to take a recess subject to the call of the Chair. The members reassembled in the Council chamber at 4.25 p. m., and were called to order by President FITZGERALD.

BOSTON'S FEE AND PERMIT SYSTEM.

Coun. WILSON submitted the following:

The Special City Council Committee on License Fees respectfully submits the following report.

As long ago as December 12, 1927, the Budget Commissioner, in response to an order passed by the City Council on April 25, 1927, and following a survey and study of the fee system in Boston, submitted a report giving a list of the licenses and permits issued by the city, with the fees charged therefor, and recommended a general increase in fees, which, in many cases, were not only obsolete and antiquated, but plainly inadequate even to reimburse the city for the expense of printing the applications and licenses and the expense of the clerical services involved incident to their issuance.

Some 220 items being listed in the report, it was stated that the fees in 127 of them were fixed by statute and could not be changed without a tremendous number of changes in the General Laws which would also affect all other cities and towns in the State.

The report reiterated the necessity for the prompt adoption of such legislation as had been sought by former Mayor Curley in 1922 and other years, authorizing the City Council, with the approval of the Mayor, to establish fees for all such licenses and permits in the City of Boston.

Nothing was accomplished in the Legislature on the subject, however, until 1931, when former Mayor Curley, on again petitioning for the required legislation, was successful in obtaining the enactment of chapter 297 of the Acts of 1931, authorizing the City Council, with the approval of the Mayor, to fix the fees for all licenses and permits, except marriage licenses and theatrical and amusement licenses. Following the passage of this act and the appointment of a commission to

make a survey of the whole field of fees for licenses and permits a very substantial amount of valuable information was collected and a tentative schedule of fees prepared, but no definite action was taken in view of the fact that both the Mayor and the City Council felt the time, in view of general business conditions, was inopportune.

Your special committee, while it recognizes the importance of ultimately augmenting the revenues of the city in every reasonable way possible so as to relieve some of the present unfair burden on real estate, also recognizes that the obtaining from various departments, and the keeping track of the multitude of permits and licenses now required of persons and corporations in business, together with the payment of same and, frequently, annual renewal, is a very considerable burden and source of annoyance.

Until business has reasonably recovered, your committee does not now deem it advisable to recommend adding substantially to that burden except in such an instance as that of the present very inadequate schedule of fees for outdoor parking permits.

Under chapter 399 of the Acts of 1930, subsection 56, which authorized the licensing of open-air parking spaces and the granting of licenses for the same, the fixing of the fees was placed in the hands of the Board of Street Commissioners. This act having become effective on December 1, 1930, the Board of Street Commissioners, early in 1931, established a schedule of fees apparently based on the number of cars which might conveniently be parked in a given area and with 200 square feet estimated as the space unit per car, including room allowance for convenient entrance and exit.

Chapter 297 of the Acts of 1931 provided that the fees established and in effect on the date of the passage of the Act on May 12, 1931, should continue unchanged until the City Council should take action under the provisions of chapter 297. It therefore appears that the Board of Street Commissioners has no independent power to make any changes whatever in the existing fees for open-air parking spaces.

It is the opinion of your committee that the present schedule of fees is not only poorly conceived, but entirely inadequate. Particularly in the district north of Massachusetts avenue, garage owners, with substantial property investments and operating expenses and who pay large sums to the city in annual taxes on their buildings, have more recently been subjected to a fast-growing and almost destructive competition from open-air parking spaces.

Among the 160 or more licensed outdoor parking areas, over forty are apparently now operated by three or four concerns, two of which each appear

to hold licenses for not less than fifteen locations. Yet garage owners have informed your committee that, except in zero weather, most downtown public garage buildings are each day from 30 to 50 per cent vacant.

Covering the viewpoint of the city itself there has also been an alarming demolition of tenable business structures recently in order to make still further vacant land available for outdoor parking areas.

We believe that, especially in this district, the fees should be sufficiently high as no longer to offer the present continued attractive inducement to utilize or create vacant areas of land in the downtown district for open-air parking spaces in lieu of building erection and consequent increased taxable valuations for the city.

We are also inclined to believe that the license fee charged by the city might well be somewhat proportionate to the daily parking charge made by the licensee, and we assume that some such idea was contemplated by the Legislature when it included in section 56 of chapter 399 of the Acts of 1930 the words: "The licensing authority may reasonably classify said license fees."

It is not the intention of this committee either to criticize or embarrass the Board of Street Commissioners as the existing licensing authority. The members of the Board are, of course, in intimate contact with the problems of the department. We accordingly suggest that the Board of Street Commissioners, prior to the New Year, promptly take up the matter of the immediate revision of fees for open-air parking spaces and submit to the City Council for possible adoption a new schedule with due consideration to the following recommendations which the committee would respectfully call to the attention of the Board.

1. That the present apparent unit area basis of 200 square feet per car be somewhat reduced, or that preferably a regulation be provided and rigidly enforced that all parking of cars on licensed outdoor parking spaces be so arranged as to afford practical and convenient entrance and agrees for all stored cars without the moving of other cars.

2. That the annual license fee, if reasonably possible, be in some way proportional to the assessed value of the land.

3. That the new fees may well be made proportional to the parking fee charged to the public, perhaps with twenty-five cents for twelve hours as a basis, and with the provision that any increase in the parking fee established under the terms of the permit shall result in a corresponding proportionate increase in the annual license fee.

4. That short-term rates for such outdoor parking spaces may well be provided for seasonal or temporary permits.

ADDITIONAL OPEN-AIR PARKING SPACES LICENSED SINCE LIST FURNISHED CITY COUNCIL ON JANUARY 7, 1935.

HENRY STAVITELLA.

Special Committee on Fees for Licenses and Permits.

The report was accepted.

Adjourned, on motion of Coun. DONOVAN, at 4.25 p. m., to meet subject to the call of the Chair.

PROCEEDINGS OF CITY COUNCIL.

Saturday, December 21, 1935.

Special meeting of City Council in the Council Chamber, City Hall, at 11.30 a. m., President FITZGERALD presiding. Absent, Coun. Gleason, Goldman, McGrath, Murray, Norton, Roberts, Tobin, Wilson.

The clerk read the call for the meeting as follows:

City of Boston,
Office of the City Clerk, December 19, 1935.

A special meeting of the City Council will be held in its Chamber, City Hall, on Saturday, December 21, 1935, at 11.30 a. m.

By order of the President,
W. J. DOYLE,
City Clerk.

Subject—Such business as may come before the meeting.
Placed on file.

NEW COURT HOUSE.

The following was received:

City of Boston,
Office of the Mayor, December 21, 1935.
To the City Council.

Gentlemen,—I have been unofficially informed that the Federal authorities are ready to allocate to the new Court House Project \$2,151,000, and in order to expedite the formal grant from the Federal Government it is advisable that your Honorable Body accept the terms of the act providing for the additional Court House accommodations, known as chapter 474 of the Acts of 1935.

Accordingly, I am transmitting herewith an order to that effect and respectfully suggest that the same be adopted in order that the Federal grant may be available and its payment accepted.

FREDERICK W. MANSFIELD, Mayor.

Ordered, That chapter 474 of the Acts of 1935, entitled "An Act to Provide Additional Court House Accommodations and Facilities for the Courts and Other Officials in the County of Suffolk by the Use of Federal, State and City of Boston Funds," be and hereby is accepted.
Referred to Executive Committee.

SKATING ON BILLINGS FIELD.

The following was received:

City of Boston,
Office of the Mayor, December 18, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the chairman of the Park Department, relative to your order of December 9, 1935, concerning the flooding of Billings Field, Ward 20, for skating purposes.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, December 17, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of December 13, with inclosure, order from the City Council that the Park Commission be requested to flood Billings Field for skating purposes.

Please be informed this area was flooded over a week ago—it is now waiting for freezing weather.
Very respectfully yours,

WILLIAM P. LONG, Chairman.

Placed on file.

CARE OF LAND IN BRIGHTON—VETO.

The following was received:

City of Boston,
Office of the Mayor, December 18, 1935.
To the City Council.

Gentlemen,—I am returning herewith disapproved, and without my signature, the order adopted by your Honorable Body on December 2, 1935, that the care and custody of the triangular area of land at the junction of Dunboy street and Perthshire road be transferred from the Public Works Department to the Park Department.

It appears from a report submitted to me by the Park Department and dated December 6, 1935, which I also inclose, that the Park Department cannot assume the care and custody of this land. For this reason I am constrained to veto the order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, December 6, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of December 5, with inclosure, order from the City

Council that the care and custody of the triangular area of land at the junction of Dunboy street and Perthshire road be transferred from the Public Works Department to the Park Department.

Part of this area is an unaccepted street.

I regret exceedingly to inform you that this department cannot, with its limited forces, take care of any additional street widenings or squares.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named:

Claims.

Then G. Adams, for compensation for damage to car caused by an alleged defect in Huntington avenue.

Frances Berenstein, for compensation for damage to car caused by an alleged defect in Walnut avenue.

Frances Elliott, for compensation for injuries caused by an alleged defect in Berkeley street.

Clotilda Flammia, for compensation for damage to truck by fire truck.

Catherine Gahen, for compensation for injuries caused by an alleged defect at 1118 Bennington street.

Dorothy C. Kennedy, for compensation for damage to property at 221 Heath street, Roxbury, caused by blasting.

John Lugas, for compensation for damage to property at 112 F street, caused by break in water main.

William N. Maguire, to be paid wages lost on account of injuries received while employed as cook at City Hospital.

A. J. Muth, for compensation for damage to car by police horse.

Charles W. Newell, for compensation for damage to car caused by an alleged defect in Whitten street, Dorchester.

Francis A. Provenzano, for compensation for damage to car caused by an alleged defect in Embankment road.

Executive.

Theresa F. Gilligan, to be paid an annuity on account of death of husband, Michael J. Gilligan, in the Fire Department.

Jitney Licenses.

Boston Elevated Railway Company to operate motor vehicles between the junction of Brooks street and Faneuil street and the junction of Washington street and Matchett street, Brighton, over Faneuil street, Oak square, Champney street, Hunnewell avenue and Matchett street, returning over Washington street, Oak square and Faneuil street.

ALTERATION OF STATE HIGHWAY.

Notice was received from the Department of Public Works of the Commonwealth, under date of December 18, 1935, of the alteration of the location of a section of state highway laid out in Boston in the year 1931, said portion of the highway being in the Hyde Park section of the city. Accompanying the notice was a copy of the order, a description of the alteration, and notice of the awards made to owners.

Placed on file.

ORDINANCES.

Coun. FISH, for the Committee on Ordinances, submitted the following:

1. Report on ordinance (referred December 2) concerning photographs on hawkers' and pedlers' licenses,—that same ought not to pass, without prejudice.

Report accepted; ordinance rejected.

2. Report on ordinance (referred May 27) relative to increases in salaries of the two stenographer-clerks connected with the City Council,—recommending reference to the Executive Committee.

Report accepted; ordinance referred to the Executive Committee.

THE NEXT MEETING.

On motion of Coun. DONOVAN, it was voted that when the Council adjourns it be to meet on Monday, December 30, 1935, at 2 p. m.

Adjourned, on motion of Coun. KERRIGAN, at 11.53 a. m., to meet on Monday, December 30, 1935, at 2 p. m.

POLICE DEPARTMENT ORDERS.

General Order No. 127.

Patrolmen Charles J. Lenhart and Nicholas J. Waters, both of Division 9, are commended for efficient police duty performed on December 12, 1935, in effecting the arrest of a person who had committed a series of assaults and robberies (handbag snatchings).

The commissioner is pleased to recognize and commend Patrolmen Lenhart and Waters for their keen observation and diligence which resulted in the arrest of this felon.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 128.

A Personal Message from the Police Commissioner to Every Individual Member of the Boston Police Department.

Please accept my warmest Christmas Greetings!

I sincerely hope that you will enjoy, with your families, the happiest Christmas that you have ever known.

I cannot begin to tell you how deeply I appreciate the splendid spirit of cooperation and good will shown to me by every member of the department. It has made me very happy. It is also an incentive to me to continue to do everything in my power to help you, and to encourage you to do your share in making the Boston Police Department the finest organization of its kind in the world.

Officers will be permitted to enjoy the Christmas holiday at home in so far as it can be done without impairing the efficiency of the department.

Division commanders will divide their day personnel in half so that day officers will be able to take their morning or afternoon off on Christmas Day, Wednesday, December 25.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of April 13, 1934, determining damages caused by the making of the public improvement consisting of the taking of an easement in 3,012 square feet of land for sewerage purposes in Savin Hill avenue, be, and the same hereby is, amended, by striking from said order the name Vernon H. Robinson, nothing, in said order and inserting in place thereof the amount \$200 and the name Susan E. Robinson; that the amount \$200 be, and the same hereby is, awarded to Susan E. Robinson for the damages so sustained.

CITY PURCHASING UNDER THE CODES.

Caught between two fires, American cities are feeling the influence of the National Industrial Recovery Act codes in their purchasing in a way they had not foreseen. On one side taxpayers ask for economy in budget-making. On the other, application of codes, which has resulted in collective price-fixing, has increased prices of supplies for city use to an almost prohibitive point.
